## **ALATION MASTER SOFTWARE LICENSE AND SERVICES AGREEMENT**

### **1. LICENSE**

1.1 **Overview.** This Agreement is a master agreement under which Customer may license certain licensed software from Alation (“**Alation Software**”) and receive maintenance and professional services requested by Customer in respect of such Alation Software. This Agreement shall be implemented through one or more order forms (each, an “**Order**”) that set forth the Alation Software to be licensed by Customer and the term of such Order (the “**Subscription Term**”), or statements of work (“**SOW**” or “**Statement of Work**”) for professional services. Each Order and SOW shall set forth the Fees for such Alation Software or professional services, and certain other terms applicable to such software and services. Absent the execution of an Order, this Agreement does not, in and of itself, represent a commitment by Customer to order, receive or pay for any products or services of Alation. To become effective, an Order, and any modifications or amendments thereto, must be signed by an authorized representative of each party. This Agreement sets forth the terms and conditions applicable to all such Orders. Any Order executed under this Agreement will be a part of this Agreement as if fully included within its body.

1.2 **License Grant.** Subject to Customer’s compliance with this Agreement, including the timely payment of all applicable Fees, Alation hereby grants to Customer a non-exclusive, non-transferable license (“**License**”) to Use the Alation Software during the Subscription Term described in each Order, together with updates if any made available by Alation to Customer (“**Updates**”) solely for internal business purposes. “**Use**” means that Customer may install on computers owned or controlled by Customer, run, access or otherwise interact with one each of production, backup, test and development instances of the Alation Software in accordance with the documentation, by up to the number of users indicated in each Order (“**Named Users**”) and for which Alation provides license keys. A Named User is a specific individual authorized by Customer to use the Alation Software, regardless of whether such individual is using the Alation Software at any given time. Each such individual shall be assigned a unique Named User identification. Multiple individuals may not share the same Named User identification. In addition to all individual Named Users, all users of a non-human operated device shall be counted as Named Users if such device has access to the Alation Software. Named Users are limited to the number set forth in the respective Order, and access to the Alation Software will be restricted to such number of Named Users through a license management key provided by Alation. If a Named User no longer requires access to the Alation Software, Customer may deactivate that individual and a new individual may be designated as a Named User without incurring additional Fees. Alation Software and documentation will be delivered electronically from Alation’s FTP site.

1.3 **Restrictions.** Customer shall not directly or indirectly: (i) decompile, disassemble, decode, redesign, reverse engineer or attempt to reconstruct or discover any source code, algorithms, architecture, or other elements of; (ii) translate, adapt, or modify; (iii) write or develop any program based upon; (iv) use for benchmarking or ‘service bureau’ purposes; (v) sell,

sublicense, transfer, or otherwise assign or grant to any third party any rights in; (vi) allow access to unauthorized persons to; or (vii) otherwise use except as expressly permitted hereunder, in each case of (i) – (vii), the Alation Software, documentation, and Alation’s Confidential Information, as applicable (collectively, “**Alation Technology**”).

1.4 Ownership. Alation Technology is licensed and not sold. As between Alation and Customer, Alation hereby retains all right, title and interest, including all intellectual property rights, in and to the Alation Technology. As a condition of the License, Customer must retain all proprietary, copyright and other attribution legends on all copies of the Alation Technology. Customer agrees that Alation shall have the right to use in any manner and for any purpose (i) feedback or suggestions which Customer may provide to Alation and (ii) Log Files as defined in **Section 2.1**.

## **2. SUPPORT; PROFESSIONAL SERVICES**

2.1 Support. Subject to Customer’s timely payment of all applicable Fees, during the period set forth on each Order (“**Support Term**”), Alation will furnish to Customer the support services (“**Support**”), if any, set forth on each Order pursuant to the terms set forth at <https://alation.com/tscs/support/> in effect at the time Support is provided. Support will only be provided (i) for the then current version of the Alation Software and (ii) for six months after an Update is made available for the immediately preceding version of the Alation Software. To provide support and otherwise improve the Alation Technology, Alation requires log data from Customer’s implementation of the Alation Software, which may identify Customer’s devices, systems, application software and peripherals (collectively, “**Log Files**”). Customer agrees to provide Alation with continuous access to Log Files *provided* that such Log Files contains no Customer intellectual property or trade secret. Alation will not sell Log Files.

2.2 Professional Services. Subject to Customer’s timely payment of all applicable Fees, Alation will provide to Customer the professional services (“**Professional Services**”) if any identified on one or more SOW. Except as set forth on an Order or in an SOW, Customer is solely responsible for integrating Alation Software with Customer’s and other applicable systems or software. Nothing in this Agreement shall be understood to prevent Alation from developing similar work product for other customers. Customer shall provide Alation with the operating environment, materials, personnel and access (including, if applicable, remote access) to Customer systems and premises as reasonably requested by Alation to provide the Professional Services.

## **3. FEES; PAYMENT**

3.1 Fees. Customer will pay Alation the non-refundable and non-recoupable (except as otherwise provided for herein): (i) fees for the License and Support (“**Subscription Fees**”) set forth in any Order or SOW; (ii) fees for the Professional Services (“**Professional Services Fees**”) set forth in any Order or SOW; and (iii) all other agreed-upon fees (“**Other Fees**”, and together with Subscription Fees and Professional Services Fees, the “**Fees**”).

3.2 Payment Terms. Unless otherwise set forth on an Order, invoices are due and payable in United States dollars within 30 days after the invoice date, without deduction or setoff. Interest

accrues from the due date at the lesser rate of 1.5% per month or the highest rate allowed by law.

3.3 Taxes. Customer must pay all federal, state, local, sales, use, value added, excise, or other taxes, fees, or duties arising out of this Agreement or the transactions contemplated by this Agreement (other than taxes based on Alation's net income), and will indemnify Alation for all expenses incurred as a result of Customer's failure to timely pay thereof.

#### **4. TERM AND TERMINATION**

4.1 Term. This Agreement will start on the Effective Date and will continue until terminated pursuant to Section 4.2 or 6.1(z) below.

4.2 Termination. If all Orders and SOWs under this Agreement have expired or been terminated, either party may terminate this Agreement for convenience by providing 30 days' prior written notice. Either party may terminate this Agreement by written notice if: (i) the other party is in material breach of this Agreement (including non-payment), which is not cured within 30 days after written notice of such breach; or (ii) the other party ceases to operate, files for bankruptcy, makes an assignment for the benefit of its creditors, or takes similar actions.

4.3 Effect of Termination. Upon the effective date of expiration or termination of this Agreement for any reason: (i) all outstanding Orders, SOWs and the corresponding Licenses shall automatically and immediately terminate, Alation may disable access keys, and Customer will have no further rights to the Alation Technology; (ii) all outstanding payment obligations of Customer immediately become due and payable; and (iii) each party must promptly return or certify the destruction of all tangible embodiments of the other party's Confidential Information (including deleting all instances of Alation Technology and certify such deletion from Customer systems). This Section 4.3 shall not require the deletion of Alation Confidential Information from Customer's archive or backup systems, provided that the confidentiality obligations of this Agreement shall apply so long as such Confidential Information remains in Customer's possession. The following provisions will survive the expiration or termination of this Agreement for any reason: Sections 1.3 (Restrictions), 1.4 (Ownership), 3 (Fees; Payment), 4.3 (Effect of Termination), 5 (Confidentiality), 6 (Indemnification), 7 (Warranty Disclaimer), 8 (Exclusion of Certain Damages; Limitation of Liability), and 9 (General).

#### **5. CONFIDENTIALITY**

5.1 Definition. "**Confidential Information**" means: (i) any information disclosed, directly or indirectly, by one party ("**Disclosing Party**") to the other party ("**Receiving Party**") pursuant to this Agreement that is designated as "confidential", or in some other manner to indicate its confidential nature; and (ii) information otherwise reasonably expected to be treated in a confidential manner under the circumstances of disclosure or by the nature of the information itself. Without limiting the foregoing, the Alation Technology and the terms (but not the existence) of this Agreement are the Confidential Information of Alation. However, Confidential Information does not include any information which (a) is or becomes generally known and available to the public through no act or omission of the Receiving Party; (b) was already in the

Receiving Party's possession at the time of disclosure by the Disclosing Party, as shown by the Receiving Party's contemporaneous records; (c) is lawfully obtained by the Receiving Party from a third party who has the express right to make such disclosure; or (d) is independently developed by the Receiving Party without use of, or reference to, the Disclosing Party's Confidential Information.

5.2 Limited Use; Protection. Neither party shall use the Confidential Information of the other party for any purpose except to exercise its rights and perform its obligations under this Agreement. Neither party shall disclose, or permit to be disclosed, either directly or indirectly, any Confidential Information of the other party, except to employees or contractors of the Receiving Party with a need to know, or to its advisors, or prospective investors or purchasers, each subject to an obligation of confidentiality. Each party will take reasonable measures to protect the secrecy of, and avoid disclosure and unauthorized use of, the Confidential Information of the other party, and will take at least those measures that it takes to protect its own most highly confidential information.

5.3 Compelled Disclosure. If a Receiving Party is compelled by law or a court of competent jurisdiction to disclose the Disclosing Party's Confidential Information, the Receiving Party will promptly notify the Disclosing Party in writing and will cooperate with Disclosing Party in seeking a protective order or other appropriate remedy at the Disclosing Party's expense. If disclosure is ultimately required, the Receiving Party will furnish only that portion of Confidential Information that is legally required and will exercise reasonable efforts to obtain assurance that it will receive confidential treatment.

## **6. INDEMNIFICATION**

6.1 IP Indemnification. Alation shall: (i) defend, or at its option settle, any claim brought against Customer by a third party to the extent it alleges that the Alation Technology as delivered to Customer and used as authorized in this Agreement infringes or misappropriates any U.S. patent, copyright or trade secret of any third party; and (ii) pay any damages awarded in a final judgment, or amounts agreed in a monetary settlement, in any such claim defended by Alation; provided that Customer provides Alation: (a) prompt written notice of; (b) sole control over the defense and settlement of; and (c) all information and assistance reasonably requested by Alation in connection with the defense or settlement of, any such claim. If any such claim is brought or, in Alation's judgment may be threatened, Alation may, at its sole option and expense: (w) procure for Customer the right to continue to use the applicable Alation Technology; (x) modify the Alation Technology to make it non-infringing; (y) replace the Alation Technology with non-infringing technology having substantially similar capabilities; or (z) if none of the foregoing is commercially practicable, terminate this Agreement, and refund a pro rata portion of unused and pre-paid Fees for the outstanding balance of the Term.

6.2 Limitations. Notwithstanding Section 6.1, Alation will have no liability to Customer for any claim arising out of or based upon: (i) use of the Alation Technology in combination with software, products or services not provided by Alation; (ii) any modification of the Alation Technology not made or authorized in writing by Alation; (iii) Customer's failure to use the

Alation Technology in accordance with this Agreement or documentation provided by Alation, or otherwise using the Alation Technology for purposes for which it was not designed or intended; or (iv) use of any specified release of the Alation Software after Alation notifies Customer that continued use of such release may subject Customer to a claim of infringement, if Alation provides a replacement release.

6.3 Disclaimer. THE FOREGOING PROVISIONS OF THIS SECTION 6 STATE THE ENTIRE LIABILITY AND OBLIGATIONS OF ALATION, AND THE SOLE AND EXCLUSIVE REMEDY OF CUSTOMER, WITH RESPECT TO ANY ACTUAL OR ALLEGED INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHTS BY THE ALATION TECHNOLOGY OR ANY PART THEREOF.

6.4 Indemnification by Customer. Customer shall: (i) defend, or at its option settle, any claim brought against Alation and its affiliates by a third party relating to (a) any data provided or made available by or on behalf of Customer and (b) Customer's use of the Alation Technology other than pursuant to this Agreement; and (ii) pay any damages awarded in a final judgment, or amounts agreed in a monetary settlement, in any such claim defended by Customer; provided that Alation provides Customer: (x) prompt written notice of; (y) sole control over the defense and settlement of; and (z) all information and assistance reasonably requested by Customer in connection with the defense or settlement of, any such claim.

**7. WARRANTY DISCLAIMER.** EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE ALATION TECHNOLOGY, SUPPORT AND PROFESSIONAL SERVICES ARE PROVIDED "AS-IS" WITHOUT WARRANTY OF ANY KIND, WHETHER EXPRESS, IMPLIED OR STATUTORY. ALATION HEREBY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND ANY WARRANTIES ARISING FROM CONDUCT OR COURSE OF DEALING. ALATION DOES NOT WARRANT THAT THE ALATION TECHNOLOGY WILL BE ERROR-FREE OR WILL WORK WITHOUT INTERRUPTIONS.

**8. EXCLUSION OF CERTAIN DAMAGES; LIMITATION OF LIABILITY.** EXCEPT FOR EACH PARTY'S BREACH OF SECTION 5, OR CUSTOMER'S BREACH OF SECTION 1.2 OR 1.3, IN NO EVENT WILL EITHER PARTY BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, PUNITIVE, TREBLE OR CONSEQUENTIAL DAMAGES (INCLUDING, WITHOUT LIMITATION, LOSS OF BUSINESS, REVENUE, PROFITS, GOODWILL, DATA OR OTHER ECONOMIC ADVANTAGE) ARISING OUT OF OR RELATING TO THIS AGREEMENT, HOWEVER CAUSED AND BASED ON ANY THEORY OF LIABILITY, WHETHER BREACH OF CONTRACT, BREACH OF WARRANTY, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY OR OTHERWISE, EVEN IF THE OTHER PARTY IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. EXCEPT FOR EACH PARTY'S BREACH OF SECTION 5, OR CUSTOMER'S BREACH OF SECTION 1.2 OR 1.3, EACH PARTY'S TOTAL LIABILITY (INCLUDING ATTORNEYS' FEES) ARISING OUT OF OR RELATED TO THIS AGREEMENT WILL NOT EXCEED THE AMOUNT PAID BY CUSTOMER UNDER THIS AGREEMENT DURING THE 12-MONTH PERIOD PRIOR TO THE DATE THE CLAIM AROSE. EXCEPT FOR ANY ACTION BY ALATION FOR NON-PAYMENT, NEITHER PARTY MAY BRING ANY ACTION, REGARDLESS OF FORM, ARISING OUT OF THIS AGREEMENT MORE THAN 12 MONTHS AFTER THE DATE THE CLAIM AROSE. THESE

LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED OR EXCLUSIVE REMEDY.

## **9. GENERAL PROVISIONS**

9.1 Assignment. Neither party may assign this Agreement nor any of its rights or obligations under this Agreement without the prior written consent of the other party, except in the case of an assignment due to corporate reorganization, upon a change of control, consolidation, merger, reincorporation, sale of all or substantially all of its assets related to this Agreement or a similar transaction or series of transactions by either party, which may occur without written consent. Subject to the foregoing, this Agreement will be binding upon and inure to the benefit of the parties and their respective permitted successors and assigns.

9.2 Force Majeure. Except for the obligation to pay money, neither party will be liable for any failure or delay in its performance under this Agreement due to any cause beyond its reasonable control, including without limitation an act of war, terrorism, act of God, earthquake, flood, embargo, riot, sabotage, labor shortage or dispute, governmental act, hacker attack, or failure of the Internet. The delayed party shall give the other party notice of such cause and shall use its reasonable commercial efforts to correct such failure or delay in performance.

9.3 Governing Law. This Agreement shall be governed by and construed under the laws of the State of California without reference to conflict of laws principles. The application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded. All disputes arising out of or related to this Agreement will be subject to the exclusive jurisdiction of the state courts located in San Mateo County and the federal courts located in the City and County of San Francisco, California. If either party breaches or threatens to breach the provisions of Sections 1.2, 1.3, or 5, each party agrees that the non-breaching party will have no adequate remedy at law and is therefore entitled to seek immediate injunctive and other equitable relief, without bond and without the necessity of showing actual money damages.

9.4 Miscellaneous. This Agreement (together with the Exhibits, Orders, SOWs hereto) is the sole agreement of the parties concerning the subject matter hereof, and it supersedes all prior agreements and understandings with respect to said subject matter. The following order of precedence shall apply: this Agreement, Order(s), SOW(s). No terms of any purchase order, acknowledgement or other form provided by Customer will modify this Agreement, regardless of any failure of Alation to object to such terms. Any ambiguity in this Agreement shall be interpreted without regard to which party drafted it. This Agreement may only be amended by a writing signed by the parties. This Agreement may be executed in counterparts. The headings in this Agreement are inserted for convenience and are not intended to affect the interpretation of this Agreement. Any required notice shall be given in writing by customary means with receipt confirmed at the address of each party set forth below, or to such other address as either party may substitute by written notice to the other, with an email copy to the email address below. Notices will be deemed to have been given at the time of actual delivery in person, one day after delivery to an overnight courier service, or three days after deposit in

the U.S. mail. The relationship between the parties shall be that of independent contractors. Waiver of any term of this Agreement or forbearance to enforce any term by either party shall not constitute a waiver as to any subsequent breach or failure of the same term or a waiver of any other term of this Agreement. Any provision found to be unlawful, unenforceable or void shall be severed from the remainder of this Agreement, and the Agreement will continue in full force and effect without said provision. Customer agrees to comply with all applicable export control laws and regulations related to its use of Alation Technology.

## cloudtamer.io Software Subscription Services Agreement

This Software Subscription Services Agreement is made and entered into as of the effective date in the applicable ordering document (an “**Order**”) by and between the GSA Multiple Award Schedule Contractor acting on behalf of Nor Labs, Inc. DBA cloudtamer.io. (“**Provider**”) and the Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document (“**Customer**” or “Ordering Activity”), in consideration of the mutual exchange of promises in the Order and this document. By entering into the Order and using the Subscription Services (as may be amended by an Addendum if Customer is a government agency), Customer is agreeing to comply with the terms of this Agreement. If you as the Customer do not fully agree to all of the terms and conditions of this Agreement, do not enter into the Order and do not use or access the Subscription Services. By entering into the Order and accessing the Subscription Services, Customer agrees to the terms and conditions of this Agreement.

**1.0 Services. Provider agrees to provide the Subscription Services (hereinafter defined) and Professional Services (hereinafter defined) (collectively referred to herein as, the “Services”) as set forth in this Agreement and Order entered into by Provider and Customer.**

**1.1 Use of the Subscription Service.**

- (a) Generally. Customer and its authorized End Users (“End Users”) may access and use the Subscription Service in accordance with this Agreement. Customer will comply with the terms of this Agreement and all laws, rules and regulations applicable to its use of the Subscription Service.
- (b) Customer Account. To access the Services, Customer’s designated representative must register for a Customer Account. Any registration information that Customer’s designated representative provides to us must be accurate, current and complete. Customer must also update its information so that Provider may send notices, statements and other information to Customer by email or through its account.

**1.2 Changes to the Subscription Service.** Provider may change or remove functionality from time to time in Provider’s discretion. Provider will notify Customer of any material change to or discontinuation of the Subscription Service. In the event that Provider changes or removes functionality of the Subscription Service that Ordering Activity has contracted for, Ordering Activity shall be entitled to a pro rata refund for any fees paid not used.

**1.3 Customer Responsibilities.**

- (a) Customer Accounts. Except to the extent caused by Provider’s breach of this Agreement, (a) Customer is responsible for all activities that occur under its account by a user using Customer’s Designated Representative credentials, regardless of whether the activities are authorized by Customer or undertaken by Customer, Customer’s employees or a third party (including Customer’s contractors, agents or End Users), and (b) Provider and its affiliates are not responsible for unauthorized access to Customer’s account.
- (b) Customer’s Cloud Service Provider. Customer understands that in order for the cloudtamer.io or other Subscription Service to work as intended, Customer must (a) have a current subscription to a cloud service provider that is compatible with cloudtamer.io (“Cloud Service Provider”), and (b) maintain service with the Cloud Service Provider during the life of the Order. By entering into the Order and Agreement, Customer agrees that it has discussed compatibility with Provider, and that Customer has examined its Cloud Service Provider solution and has determined it to be compatible with cloudtamer.io. A list of compatible Cloud Service Providers and versions known and tested by Provider is available upon request.
- (c) Customer-Owned Data. Provider is not responsible for Customer-owned data that is hosted by a Cloud Service Provider. Customer remains responsible for the development, content, operation, maintenance, security, protection, backup, and use of Customer-owned data hosted by Customer’s Cloud Service Provider. Any dispute regarding Customer-owned data should be raised with the Cloud Service Provider according to Customer’s agreement with that Cloud Service Provider. Provider assumes no liability for Customer’s content.
- (d) Log-In Credentials and Account Keys. Customer log-in credentials for its designated representative and end users are managed by its designated representative. cloudtamer.io log-in credentials and private keys generated by the Services are for Customer’s internal use only and Customer hereby covenants and agrees that it will not sell, transfer or sublicense them to any other entity or person, except that Customer may disclose its private key to Customer’s agents and subcontractors performing work on Customer’s behalf.
- (e) End Users. Customer will be deemed to have taken any action that it permits, assists or facilitates any person or entity to take related to this Agreement or use of the Subscription Service. Customer is responsible for End Users’ use of the Subscription Service. Customer will ensure that all End Users comply with its obligations under this Agreement. Provider does not provide any support or services to End Users unless Provider has a separate agreement with Customer or an End User obligating Provider to provide such support or services (such as support or help desk services under the “Professional Services” defined below and specified in an Order).

## cloudtamer.io Software Subscription Services Agreement

### 1.4 Subscription Services.

(a) Beginning on the start date set forth in the applicable Order (the “**Start Date**”), Provider agrees to provide Customer with access to the software services set forth in the applicable Order (“**Subscription Services**”), and accordingly Provider hereby grants to Customer and its designated representative and End Users, a non-exclusive, non-transferable, non-sublicensable, worldwide right to access, use, and display the software in connection with the Subscription Services. Customer is responsible for each of its designated representative’s and End User’s acts and omissions and remains liable to Provider for any designated representative or End User’s (including an authorized third party acting as a User on Customer’s behalf) error, omission, or breach of the Agreement.

(b) “**Documentation**” means the manuals, specifications, and other materials describing the functionality, features, and operating characteristics of the Software, available at <https://www.cloudtamer.io>, including any updates thereto. “**Third Party Software**” means software and services authored by a third party, including, Cloud Service Providers.

(c) Customer may add Representatives, or additional Software features (“**Add-Ons**”) to Customer’s Software account via the cloudtamer.io application; provided that, to the extent Customer has changed the requirements of the applicable Order, Customer may be responsible for associated Fees to Provider for such Add-Ons. Such Fees will be calculated based upon the previously agreed upon pricing set forth in the applicable Order in accordance with the GSA Schedule Pricelist and the remainder of months in the Subscription Term beginning on the first day of the calendar month in which such Add-On is added. If Customer’s Order renews for additional periods by both parties executing an agreement in writing, Customer will remain responsible for associated Fees for future Subscription Terms until such Add-Ons are removed by Customer.

(d) Over the course of the Agreement Term, Provider may introduce new features, functionality, software, or user types, that are only available under a different pricing model or on a version of Software other than the version Customer currently accesses (“**New Features**”). In the event Customer desires to access and use New Features Provider reserves the right, in its sole discretion, to update Customer’s Software account, version, or pricing model to facilitate Provider’s provision of such New Features. Provider otherwise reserves the right to update Customer’s Software so that it remains current with the then current version available to Provider’s customers generally.

**1.5 Professional Services.** As set forth in the applicable Order, Provider will provide professional services such as onboarding, trainings, integrations with existing Customer systems and other professional services (“**Professional Services**”). To the extent any such Professional Services are performed at Customer’s facilities (“**Onsite Services**”) the following terms shall apply:

(a) The Onsite Services will be scheduled following Provider’s receipt of a fully executed Order. To the extent Customer requires a purchase order, Customer shall insert any associated reference number in the Billing Contact Section of the Order. Upon receipt of a fully executed Order and purchase order, the parties will determine and finalize scheduling for the Onsite Services. Scheduling will be based upon the Customer’s schedule, preferences, requirements, and the availability of Provider’s resources.

(b) Subject to the parties’ mutually agreed upon start date for Onsite Services, Provider has the sole discretion to set the travel schedule of its personnel, on a reasonable basis (e.g., avoiding weekend or after hours travel). Portions of the Onsite Services may be performed remotely. Provider shall not be liable for delays that arise out of Customer’s negligent acts or omissions, or by Customer’s breach of the Agreement.

(c) Customer agrees to reasonably cooperate with Provider until the Onsite Services are successfully completed. Customer provides Provider with a single point of contact who will receive all communications regarding the Onsite Services; failure to provide a single point of contact may result in an increase or change to the onsite services scope, quote, and/or length. The contact must have the authority to act for Customer in all aspects of the onsite services, including but not limited to bringing issues to the attention of the appropriate persons within Customer’s organization and resolving conflicting requirements. Additionally, the contact will (a) ensure that any communications between Provider and Customer, including scope related questions or requests, are made through the appropriate Provider personnel, (b) provide timely access to technical and business points of contact, and required data/information for matters related to the scope of the onsite services; ensure attendance by key Customer contacts at Customer meetings and presentations, (c) obtain and provide project requirements, information, data, decisions, and approvals within one (1) working day of Provider’s request, unless both parties agree to a different response time, and (d) ensure that Provider personnel have reasonable and safe access to the Onsite Services site, internet connectivity, a safe working environment, adequate office space, and appropriate conference room facilities (including projector and whiteboard access). Customer must inform Provider of all access issues, required security measures, and provide access to all necessary facilities at least fifteen (15) days prior to the date upon which Provider must secure any such clearances. Customer will back up its files and Data prior to Provider’s commencement of the Onsite Services.

## cloudtamer.io Software Subscription Services Agreement

(d) Customer will be invoiced for the Onsite Services as set forth in the Order in accordance with the GSA Schedule Pricelist. Fees associated with the Onsite Services shall be paid as set forth in the Order and in accordance with the terms and conditions of the Agreement. For the avoidance of doubt, any expenses related to the Onsite Services, to include travel costs, are not included in the relevant Hourly Rate. Ordering Activity agrees to pay any travel expenses in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Ordering Activity shall only be liable for such travel expenses as approved by Ordering Activity and funded under the applicable ordering document. Provider shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

(e) The parties acknowledge that each party retains sole ownership in its intellectual property, and that any deliverables or transfer of ownership in intellectual property shall be specifically addressed in the relevant Order, which shall be executed by representatives of each party who have the necessary authority to bind their respective party.

(f) The "Change Control Process" is the process that governs changes to the scope of the Onsite Services. A written Change Order will be the vehicle for communicating any desired changes to the Onsite Services. The "Change Order" will describe any proposed changes to the Onsite Services' scope, pricing, resources, and tasks; the reason for the change(s); related assumptions and Customer responsibilities; and the schedule and price impacts of the change. Provider will draft the Change Order based on discussions with Customer. Only changes included in a Change Order signed by both Customer and Provider referencing the Agreement and the applicable Order will be implemented. In some cases, a Change Order will authorize Provider to study the impacts that a proposed change will have in terms of required changes to the Onsite Services' scope, schedule, and price. If, upon completion of the study, Customer agrees to proceed with an identified scope change, Provider will draft a separate Change Order to detail the specifics associated with that change.

### 2.0 Support; Analytics.

**2.1 Support.** As a part of the Subscription Services, Provider shall provide Customer with support as set forth in the applicable Order.

**2.2 Analytics:** To work as intended, cloudtamer.io and the Subscription Services are designed to exchange usage data through an interface with Customer's Cloud Service Provider and such analytics are included in the provision and delivery of the Subscription Services. Provider and Customer's Cloud Service Provider may collect, record, and store raw information related to the Customer's subscription account activity (e.g., API audit logs, usage and billing data, host and network logs, etc.) in the course of providing the Subscription Services, but Provider may only use such raw and directly attributable information to provide and improve the Subscription Service and/or to fulfill its rights and obligations under the Agreement. The Provider may store, record, and use summarized information which aggregates data collected from multiple Customer entities and has been appropriately sanitized to prevent attribution to any specific Customer entity. Any use of such information is subject to the terms of Section 5. In addition, the Provider may share summarized and sanitized information with third parties to improve their use of Cloud Service Provider services, and Customer agrees to such sharing so long as the information is appropriately summarized and sanitized.

**3.0 Fees; Payment.** Customer shall pay Provider the fees associated with the Services ("**Fees**") as set forth below and in accordance with the GSA Schedule Pricelist.

**3.1 Invoicing.** Customer shall (subject to anything contrary in the applicable Order) pay all Fees for Subscription Services no later than thirty (30) days from receipt of invoice. In the event Provider is providing Professional or Onsite Services, Customer shall make payment as set forth in the applicable Order or statement of work.

**3.2 Taxes.** Provider shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**3.3 Fee Increases.** Unless otherwise specified in an Order, Provider may increase Fees for Subscription Services in accordance with the GSA Schedule Contract and GSA Schedule Pricelist. Once the parties have entered into an Order for Professional Services, Provider may not increase such underlying Fees (unless otherwise expressly agreed), provided that, after completion of the agreed upon Professional Services Provider may increase the Fees associated with such offerings in its sole discretion and in accordance with the GSA Schedule Pricelist.

### 4.0 Term; Termination.

**4.1 Agreement & Subscription Term; Effect of Termination.** The Agreement begins on the effective date of the Order as set forth in the preamble above, or the date on the first Order between the parties hereto, whichever is earlier, and shall continue until all Orders associated with the Agreement have expired or have otherwise been terminated (the "**Agreement Term**"). Unless otherwise specified in an Order, Subscription Services will begin on the Start Date in the applicable Order and remain in effect

## cloudtamer.io Software Subscription Services Agreement

for the period specified therein (the "**Subscription Term**"). Upon any expiration or termination of the Agreement, Provider will cease providing Subscription Services and Customer and its Representatives shall cease any and all use of the Subscription Services.

**4.2 Survival.** Neither expiration nor termination of the Agreement will terminate those obligations and rights of the parties pursuant to provisions of the Agreement which by their express terms are intended to survive and such provisions will survive the expiration or termination of the Agreement. Without limiting the foregoing, Sections 4.2, 5, 6, 8, 10, and 11 shall survive any expiration or termination of the Agreement.

### **5.0 Confidentiality.**

**5.1 Confidential Information.** In connection with the Agreement, each of the parties may disclose to the other party information that relates to the disclosing party's or disclosing party's Customer's business operations, financial condition, customers, products, services, or technical knowledge ("**Confidential Information**"). Except as otherwise specifically agreed in writing, each party agrees that: (a) all information communicated to it by the other in connection with the Agreement and identified as confidential, (b) any information exchanged between the parties in connection with Customer's purchase of Services, and (c) all information communicated to it that reasonably should have been understood by the receiving party, because of confidentiality, descriptions or similar legends, the circumstances of disclosure or the nature of the information itself, to be confidential to the disclosing party, will be Confidential Information and will be deemed to have been received in confidence and will be used only for purposes of the Agreement. Provider Confidential Information includes the Software, Services, Fees (excluding GSA Schedule prices), development plans, and any security specifications, reports or assessments related to the Software, Provider or its Cloud Hosting Providers. Customer Confidential Information includes the Data.

**5.2 Standard of Care; Third Parties.** Each party will use at least the same degree of care to safeguard and to prevent disclosing to third parties the Confidential Information of the other as it employs to avoid unauthorized disclosure or publication of its own information of a similar nature, and in any event, no less than reasonable care. Each party may disclose relevant aspects of the other party's Confidential Information to its employees to the extent such disclosure is reasonably necessary for the performance of its obligations, or the enforcement of its rights, under the Agreement; provided, however, that such party will use reasonable efforts to ensure that all such persons comply with these confidentiality provisions. Each party may disclose the other party's Confidential Information to third parties provided that such third parties are subject to written confidentiality obligations at least as restrictive as those set forth in this Agreement. Third parties are restricted to using the Confidential Information for the sole purpose of providing the contracted services to the party, with the exception of data provided to third parties consistent with the provisions of Section 2.2 that has been summarized and sanitized to the extent that it no longer constitutes Confidential Information. Each party will be responsible for any improper disclosure of Confidential Information by such party's employees, agents, or contractors.

**5.3 Preclusions on Use.** Neither party will use, or make any copies of, the Confidential Information of the other party except to fulfill its rights and obligations under the Agreement. Neither party may withhold the Confidential Information of the other party or refuse for any reason (including due to the other party's actual or alleged breach of the Agreement) to promptly return or destroy, as the other party may direct, to the other party its Confidential Information (including copies thereof) if requested to do so. Subject to the foregoing confidentiality obligations, either party may retain copies of the Confidential Information of the other party to the extent required to document its performance or for compliance with applicable laws or regulations.

**5.4 Exclusions; Permitted Use.** This Section 5 will not apply to any particular information that either party can demonstrate (a) was, at the time of disclosure to it, in the public domain, (b) after disclosure to it, is published or otherwise becomes part of the public domain through no fault of the receiving party, (c) was in the possession of the receiving party at the time of disclosure to it and was not the subject of a pre-existing confidentiality obligation, (d) was received after disclosure to it from a third party who had a lawful right to disclose such information (without corresponding confidentiality obligations) to it, or (e) was independently developed by or for the receiving party without use of the Confidential Information of the disclosing party. In addition, a party will not be considered to have breached its obligations under this Section 5 for disclosing Confidential Information of the other party to the extent required to satisfy any legal requirement of a competent governmental or regulatory authority, provided that promptly upon receiving any such request, and to the extent it is legally permissible, such party advises the other party prior to making such disclosure and provides a reasonable opportunity to the other party to object to such disclosure, take action to ensure confidential treatment of the Confidential Information, or (subject to applicable law) take such other action as it considers appropriate to protect the Confidential Information. Provider recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

### **6.0 Ownership; Usage Restrictions.**

**6.1 Provider Ownership.** Provider retains all ownership of and title to, and all intellectual property rights in, the Software, Services, and all software, equipment, processes, facilities, and materials utilized by or on behalf of Provider to provide the same, including all patents, trademarks, copyrights, trade secrets, and other property or intellectual property rights. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost Customer shall acquire no rights therein other than those limited rights of use specifically conferred by the Agreement. Customer may not create derivative works based upon the software provided in the Subscription Services, or Services in whole or in part, or develop or request third parties to develop or modify any software based on ideas, processes, or materials incorporated therein. Customer shall not delete, remove, modify, obscure, fail to reproduce, or in any way interfere with any proprietary, trade secret, or copyright notice appearing on or incorporated in the Software. All rights related to the Software, or Services that are not expressly granted to Customer under the Agreement are

## cloudtamer.io Software Subscription Services Agreement

reserved by Provider. In the event that Customer provides Provider with any comments, suggestions, or other feedback with respect to the Software, or Services, Customer hereby grants Provider a perpetual, irrevocable, worldwide license to use any such feedback, and Provider has the right, but not the obligation, to use such feedback in any way without restriction or obligation to Customer. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71. Provider will be the exclusive owner of, and will be free to use for any purpose, any ideas, concepts, know-how, or techniques that result from Customer or Representatives' feedback, including, without limitation, any modifications or enhancements to the Software, or Services. Upon Provider's reasonable request, Customer agrees to execute such additional documents as Provider deems necessary or convenient for perfecting or recording Provider's ownership interest, provided that preparation of such additional documents shall be at the expense of Provider.

**6.2 Customer Ownership.** With the exception of a license granted to Provider to access and use directly attributable Customer data and content solely for the purpose of performing and improving Services, and the supply of summarized and sanitized analytics data pursuant to Section 2.2, Provider acquires no right, title, or interest from Customer or its Representatives to Customer data and content, including any intellectual property rights therein. Subject to the Agreement, Customer, its Representatives and each of its Affiliates hereby grant Provider a limited, royalty-free, fully-paid up, non-exclusive and non-transferable license to process Customer data and content in the United States (unless otherwise stated on an Order) solely as necessary to provide the Services for Customer's and such Affiliates' benefit as provided in the Agreement (and as otherwise instructed by Customer or a Representative) for so long as Customer or any Representative uploads or stores such content or data with the Cloud Services Provider accessible and serviced by the Subscription Services.

**6.3 Usage Restrictions.** Unless expressly agreed otherwise in the applicable Order, Customer may access and use the software in the Subscription Services for Customer's business use only, and not for the benefit of, or to provide services to, any third party. The rights granted to Customer under the Agreement may not be sold, resold, assigned (except as set forth in Section 11.3), leased, rented, sublicensed, or otherwise transferred or made available for use by third parties, in whole or in part, by Customer without Provider's prior written consent. Customer shall not gain or attempt to gain unauthorized access to any portion of the Software, or its related systems or networks, for use in a manner that would exceed the scope granted under the Agreement and the Order, or facilitate any such unauthorized access for any third party. If any unauthorized access occurs, Customer shall promptly notify Provider of the incident and shall reasonably cooperate in resolving the issue. Customer shall not reverse engineer, decompile, or disassemble any Software or otherwise attempt to discover the source code thereof or permit any third party to do so. Customer shall not attempt to disable or circumvent any security measures in place. Customer may not knowingly reproduce or copy the software used in the Subscription Services, in whole or in part. Customer shall not modify, adapt, or create derivative works of the software used in the Subscription Services. Customer shall not use the software used in the Subscription Services to store or transmit libelous or otherwise unlawful or tortious material or any material in violation of third party privacy rights. Customer shall not knowingly interfere with or disrupt the integrity or performance of the software used in the Subscription Services or third party data contained therein.

### 7.0 Subcontracting.

**7.1 Use of Subcontractors.** Provider may, at its discretion, use contractors, agents, service providers, third parties, or consultants ("**Subcontractor**"), who are not a party to the applicable Order as follows:

(a) Provider may subcontract various Professional Services to third parties to the extent the Customer agrees upon such Subcontractor in the applicable Order for Services.

(b) Provider's cooperation with and exchange of Analytics with Customer's Cloud Services Provider for the purpose of providing the Subscription Services.

(c) Provider may subcontract with various subcontractors and vendors in support of the Subscription Services, unless otherwise restricted in the Order.

**7.2 Provider Responsibility.** Provider will require and cause its Subcontractors to comply with all relevant terms of this Agreement. Provider will be Customer's sole point of contact regarding the Services, including with respect to payment. Provider shall remain liable for the actions and services provided by such Subcontractors at all times. Nothing in this Agreement creates any contractual relationship between Customer and any Subcontractor, or any obligation on the part of Customer to pay or to ensure the payment of any money due any Subcontractor.

### 8.0 Warranties.

**8.1 Provider Representations and Warranties.** Provider warrants (a) that the Software will perform materially in accordance with the Documentation and the Agreement, (b) to use best efforts to correct material defects that are reported by Customer or its Representatives, in a timely fashion, as further set forth in the Service Levels (if a malfunction is due to a problem with Customer hardware or software, or with Cloud Service Provider's services or infrastructure, Provider will so inform Customer and it will be Customer's responsibility to obtain and pay for any repairs or modifications required for such Customer hardware or software), (c) the Services will be performed in a timely, professional, and workmanlike manner with a level of care, skill, practice, and judgment consistent with commercially reasonable industry standards and practices for similar services, using personnel with the requisite skill, experience, and qualifications, and will devote adequate resources to meet Provider's obligations under the Agreement, (d) the Documentation will be reasonably updated so that it continues to describe the Software and Subscription Services in all material respects, and (e) to the best of its knowledge, the Software does not contain code whose purpose is to disrupt, damage, or interfere with Customer systems, software, or the Data.

## cloudtamer.io Software Subscription Services Agreement

**8.2 Customer Acknowledgements.** Customer accepts responsibility for selection of the Services to achieve Customer's intended results. Customer is solely responsible for obtaining all necessary rights and consents to enter its data and content into the Cloud Services Provider accessible by the Subscription Services and hereby warrants that providing access to its data and content to Provider under the Agreement will not violate or infringe the rights of any third party.

**9.0 Indemnification by Provider.** Provider shall have the right to intervene to defend, indemnify and hold Customer harmless from and against any damages arising out of third party claims alleging that the Software or Subscription when used as authorized under this Agreement infringes a patent, copyright, or trademark, including costs awarded or agreed in settlement by Provider (including reasonable attorneys' fees) resulting from such claim, provided that Provider shall have received from Customer: (1) prompt written notice of such claim (but in any event notice in sufficient time for Provider to respond without prejudice); (2) the right to control and direct the investigation, defense, and settlement (if applicable) of such claim; and (3) all reasonably necessary cooperation from Customer. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. If Customer's Subscription is (or in Provider's opinion is likely to be) enjoined, if required by settlement or if Provider determines such actions are reasonably necessary to avoid liability, Provider may, in its sole discretion: (a) substitute for the Software substantially functionally similar programs and documentation; (b) procure for Customer the right to continue using the Software; or if (a) and (b) are not commercially reasonable, (c) terminate the Agreement and refund Customer any pre-paid and unearned Subscription fees. The foregoing obligations of Provider shall not apply: (i) if the Software is modified by any party other than Provider, but solely to the extent the alleged infringement is caused by such modification; (ii) if the Software is combined with products or processes not provided or authorized by Provider, but solely to the extent the alleged infringement is caused by such combination; (iii) to any unauthorized use of the Software; (iv) to any unsupported release of the Software; (v) to any third-party code contained within the Software; or (vi) if Customer settles or makes any admissions with respect to a claim without Provider's prior written consent. THIS SECTION 9.0 SETS FORTH PROVIDER'S AND ITS LICENSORS' SOLE LIABILITY AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY CLAIM OF INTELLECTUAL PROPERTY INFRINGEMENT.

### **10.0 Disclaimer; Limitation of Liability.**

**10.1** EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE SOFTWARE, INCLUDING WITHOUT LIMITATION THE THIRD-PARTY SOFTWARE, AND ALL SUBSCRIPTIONS, AND SUBSCRIPTION SERVICES ARE PROVIDED "AS IS". NEITHER PROVIDER NOR ITS LICENSORS MAKES ANY OTHER WARRANTIES, CONDITIONS OR UNDERTAKINGS, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT. CUSTOMER MAY HAVE OTHER STATUTORY RIGHTS. HOWEVER, TO THE FULL EXTENT PERMITTED BY LAW, THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, SHALL BE SUBJECT TO THE LIMITED WARRANTY PERIOD.

**10.2** BUT FOR PROVIDER'S INDEMNIFICATION OBLIGATIONS UNDER SECTION 9, (I) NEITHER PARTY SHALL BE LIABLE FOR ANY LOSS OF USE, LOST DATA, FAILURE OF SECURITY MECHANISMS, INTERRUPTION OF BUSINESS, OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND (INCLUDING LOST PROFITS OR COSTS OF COVER), REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE, AND (II) EACH PARTY'S ENTIRE LIABILITY UNDER THIS AGREEMENT SHALL NOT EXCEED THE FEES PAID OR OWED BY GOVERNMENT TO PROVIDER FOR SUBSCRIPTION SERVICES THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

### **11.0 Miscellaneous.**

**11.1 Notice.** Any notice or demand which is required to be given under the Agreement will be deemed to have been sufficiently given and received for all purposes when delivered by hand, confirmed electronic transmission, or nationally recognized overnight courier, or five (5) days after being sent by certified or registered mail, postage and charges prepaid, return receipt requested, to the address, facsimile number, or the e-mail address identified in the applicable Order, and to the attention of such other person(s) or officer(s) as either party may designate by written notice.

**11.2 Governing Law.** The Federal laws of the United States the

**11.3 Assignment.** Neither party may assign the Agreement, or any of its interest herein, without the prior written consent of the other party, which consent may not be unreasonably withheld or delayed. In the event of assignment as mentioned in the previous sentence, the assigning party shall provide written notice as soon as is reasonably practicable. The Agreement applies to and binds the permitted successors and assigns of the parties.

**11.4 Force Majeure.** Excusable delays shall be governed by FAR 52.212-4(f)

## cloudtamer.io Software Subscription Services Agreement

### 11.5 Reserved..

**11.6 U.S. Federal Government Customers.** Provider provides the Subscription Services and Software, including related software and technology, for ultimate federal government end use solely in accordance with the following: Government technical data and software rights related to the Software include only those rights customarily provided to the public as defined in this Agreement. This customary commercial license is provided in accordance with Federal Acquisition Regulation (“FAR”) FAR 12.211 (Technical Data) and FAR 12.212 (Software). Customer agrees that cloudtamer.io meets the definition of “commercial item” in FAR 2.101 and that all cloudtamer.io components were developed exclusively at private expense. If a government agency has a need for rights not conveyed under these terms, it must negotiate with Provider to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement.

**11.7 Third Party Beneficiaries.** No third party, including without limitation Customer’s addition of third parties as users, is intended to be a beneficiary of the Agreement entitled to enforce its terms directly.

**11.8 Third Party Terms. “Third Party Software”** means components of the Software which are licensed from third parties (“Third Party Providers”). “Third Party Terms” means those terms and conditions between Third Party Providers and Provider applicable to Third Party Software. In the event Third Party Terms are changed by Third Party Providers, as the case may be from time to time, Customer may be required to accept additional terms upon login and access to the Software, or otherwise as Provider requires. Nothing herein shall bind the Ordering Activity to any Third Party Terms unless the terms are provided for review and agreed to in writing by all parties. If Customer determines the Third Party Terms have an adverse impact, and as a result do not consent, Customer SHOULD NOT access or use the Software.

**11.9 General.** The Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), supersedes all previous discussions, negotiations, understandings, and agreements between the parties with respect to its subject matter. No oral statements or material not specifically incorporated herein will be of any force and effect. No changes in or additions to this Agreement will be recognized unless incorporated herein by amendment and signed by duly authorized representatives of both parties. The application of Customer’s general terms and conditions in any general vendor acknowledgement or Customer’s other general purchasing conditions are hereby expressly excluded and objected to by Provider. This Agreement shall apply and supersede the pre-printed terms and conditions of any form submitted, in electronic format or otherwise, by either party. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement. The Agreement will not be construed against either party as the purported drafter. The waiver by either party of a breach or violation of any provision of the Agreement will not operate as, or be construed to be, a waiver of any subsequent breach of the same or any other provision hereof. In the event any provision of the Agreement is held to be unenforceable for any reason, the unenforceability thereof will not affect the remainder of the Agreement, which will remain in full force and effect and enforceable in accordance with its terms. With respect to any unenforceable provision, the applicable court shall deem the provision modified to the extent necessary, in such adjudicator’s opinion, to render such term or provision enforceable, and the rights and obligations of the parties will be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties set forth herein. Headings in this Agreement shall not be used to interpret or construe its provisions. The following order of precedence will be followed in resolving any inconsistencies between the terms of this Agreement and the terms of any Orders, exhibits, statements of work, or other documents: first, terms contained in an Order; second, the Sections 1-11 in this Agreement, and third, the terms of any other documents referenced in any of the foregoing.

**12.0 Modifications.** Provider may modify the non-material terms and conditions of this Agreement (including any Policies) at any time by posting a revised version on the cloudtamer.io site or by otherwise notifying Customer in accordance with Section 11.1. The modified non-material terms will become effective upon posting or, if Provider notifies Customer by email, as stated in the email message. By continuing to use the Subscription Service after the effective date of any modifications to this Agreement, Customer agrees to be bound by the modified non-material terms. It is Customer’s responsibility to check the cloudtamer.io Site regularly for modifications to this Agreement. Any material updates to this agreement shall be presented to Ordering Activity for review and will not be effective unless and until both parties sign a written agreement updating these terms.

**D3™ SECURITY MANAGEMENT SYSTEMS**  
**MASTER SOFTWARE LICENSE AGREEMENT**  
**GENERAL TERMS AND CONDITIONS**  
VERSION NO. 15.12.16

**INTRODUCTION**

This Master Software License Agreement (this “**Agreement**”) is by and between the GSA Multiple Award Schedule Contractor acting on behalf of D3 Security Management Systems Inc. (“**D3**”) and the Ordering Activity under GSA Schedule contracts (“**Customer**” or “**Ordering Activity**”) referenced in a Purchasing Document (collectively the “**Parties**” and each a “**Party**”).

This Agreement is comprised of the following documents (each a “**Contract Document**”): (a) Purchasing Documents; and (b) the General Terms and Conditions (including Schedule “A”) set out below.

**GENERAL TERMS AND CONDITIONS**

**1. Licenses and Other Definitions**

**1.1 Kinds of Licenses:** This Agreement refers to the following kinds of licenses, which are defined as follows:

- (a) “**Base License**” means a license for Customer to install one (1) instance of the applicable Software Module on one (1) Server and to permit End Users using valid and subsisting Named End User Licenses purchased by Customer under this Agreement to remotely access and use the Software Module for the internal business purposes of Customer and Affiliates only.
- (b) “**Named End User License**” means a license that Customer may assign to one (1) specific, named End User to permit the End User to use one (1) Client Device to remotely access and use one or more Software Modules (each installed on a Server pursuant to a valid and subsisting Base License purchased by Customer under this Agreement) for the internal business purposes of Customer and Affiliates only. For greater certainty, a Named End User License permits the applicable End User to access and use any and all of the Software Modules installed on a Server pursuant to valid and subsisting Base Licenses purchased by Customer under this Agreement.

**1.2 General Definitions:** In this Agreement, the following terms have the following meanings, and all other capitalized terms have the meaning specified elsewhere in these General Terms and Conditions or in other Contract Documents:

- (a) “**Affiliate**” means an entity that controls, is under common control with or is controlled by Customer. For the purposes of this definition, “**control**” (including, with correlative meanings, the terms “**under common control with**” and “**controlled by**”) means: (i) ownership of fifty percent (50%) or more of the voting shares issued by an entity; or (ii) the ability to elect a majority of the directors of an entity.
- (b) “**Client Device**” means a compatible personal computer or mobile computing device that meets the minimum requirements set out in the applicable Documentation and that is running either: (i) a compatible Internet browser software application that meets the minimum requirements set out in the applicable Documentation; or (ii) a supported version of a compatible Mobile App.
- (c) “**Documentation**” means user manuals and other documentation and materials regarding a Software Module made available by D3 to Customer pursuant to this Agreement, and all updates to any of those items made available by D3 to Customer from time to time.
- (d) “**End User**” means a specific, named individual who is authorized by Customer or an Affiliate to remotely access and use a Software Module on behalf of Customer or an Affiliate for the internal business purposes of Customer or an Affiliate only.
- (e) “**License**” means a Base License or a Named End User License purchased by Customer pursuant to this Agreement.
- (f) “**LMT**” means license management technologies included in a Software Module that restrict and limit the installation, activation and use of the Software Module in accordance with the restrictions and requirements of the relevant Licenses purchased by Customer under this Agreement.

- (g) **“Maintenance and Support”** has the meaning set out in Schedule “A”.
- (h) **“Mobile App”** means a proprietary software application, designed to be installed and used on a compatible mobile device to remotely access a Software Module, that is distributed by D3 through a third party online application store (for example, Apple’s iOS App Store).
- (i) **“Professional Services”** means services relating to Customer’s use of Software that are performed by D3 for Customer pursuant to this Agreement.
- (j) **“Purchasing Document”** means a document (e.g. Government Purchase Order) that specifies details of the Licenses and Services purchased by Customer under this Agreement and is either issued to Customer by D3 or D3’s authorized distributor or signed by both Customer and D3 or D3’s authorized distributor.
- (k) **“Server”** means a compatible network server computer that meets the minimum requirements set out in the applicable Documentation.
- (l) **“Services”** means the services, including Maintenance and Support and Professional Services, provided by D3 to Customer pursuant to this Agreement.
- (m) **“Software”** means Software Modules and Mobile Apps.
- (n) **“Software Module”** means a proprietary software product for which Customer purchases Base Licenses pursuant to this Agreement as expressly specified in Purchasing Documents, and all Updates to the software product made available by D3 to Customer from time to time. For greater certainty, “Software Module” does not include a Mobile App.
- (o) **“Updates”** means patches, fixes, corrections, minor enhancements, iterative releases and new versions to and of a Software Module that D3 makes available to Customer as part of Maintenance and Support.

## 2. Licenses

### 2.1 License Grant:

- (a) **General:** Subject to the provisions of this Agreement and Customer’s prompt payment of all applicable fees, D3 grants to Customer the number and types of Licenses specified in Purchasing Documents. Each License is non-exclusive, personal to Customer, non-sublicensable, non-transferable, limited, pertains to the object-code (machine-readable) version only of the applicable Software Module, and is subject to the provisions of this Agreement.
- (b) **Documentation:** Each License for a Software Module includes a non-exclusive, personal to Customer, non-sublicensable, non-transferable, limited license for Customer to use and reproduce the Documentation regarding the Software Module during the term of the License to the extent reasonably necessary to facilitate the use of the Software Module by End Users in accordance with the License.
- (c) **Additional Non-Production Server Installations:** For each Software Module for which Customer purchases one or more Base Licenses, and in addition to the one (1) production installation referenced in the definition of Base License in section 1.1(a), Customer may install the following instances of the Software Module: (i) one (1) copy of the Software Module on a Server that is used for non-production development and testing purposes only; and (ii) one (1) copy of the Software Module on a Server that is used for non-production disaster recovery purposes only and which may be used only when the primary production installation is inoperable.

2.2 **Duration of Licenses:** Unless the applicable Purchasing Document expressly states otherwise, each License will commence on the date of the Purchasing Document for the License and will continue until the License is terminated in accordance with this Agreement.

2.3 **Changing End Users:** Each Named End User License may be assigned by Customer to only one (1) End User, and may not be shared by End Users or transferred from one End User to another End User, except that if an End User to whom a Named End User License has been assigned no longer requires use of any Software Module, as a result of employment termination or permanent role reassignment, then the Named End User License may be transferred from that End User to a replacement End User.

## 2.4 Restrictions/Requirements:

- (a) **General:** Customer will not: (i) use, disclose, or provide or permit access to or use of, Software or Documentation except as expressly permitted by Licenses and this Agreement; (ii) copy (except to install Software in accordance with this Agreement and to make one (1) copy of Software for backup purposes only), reproduce, translate, modify, or enhance Software, create derivative works (including any other software) from Software or Documentation, or merge, embed or combine Software or Documentation with any other software or materials; (iii) reverse engineer, disassemble, decompile, convert into human-readable form, or otherwise attempt to access or derive the source code of Software; (iv) make any changes, modifications, additions, or improvements to Software or Documentation; (v) license, sublicense, sell, resell, lend, lease, loan, share, transfer, assign, pledge, publish, transmit, publicly display or perform, distribute, rent, create any interest in, or otherwise give or make available or permit the use of Software or the functionality or results of use of Software to or for the benefit of any person other than Customer or an Affiliate, whether as a service bureau or otherwise, and with or without charge; (vi) alter, attempt to circumvent, destroy, obscure, or remove any notices (including trademark and copyright notices), proprietary codes or locks, means of identification, technological protection measures, digital rights management tools or rights management information, or agreements on, in or in relation to Software or Documentation; (vii) attempt to circumvent any LMT; (viii) transfer possession of Software or Documentation to any other person; or (ix) permit or assist any other person to use Software or Documentation in any way that would constitute a breach of this Agreement if it were done by Customer. Customer will protect Software and Documentation against unauthorized access, distribution or use.
- (b) **Embedded Products:** Software may include embedded computer code and other materials licensed by third parties that may be used only as part of Software and that are subject to the provisions of this Agreement and applicable additional terms and conditions (if any) included in Documentation. Nothing herein shall bind the Ordering Activity to any Third Party terms unless the terms are provided for review and agreed to in writing by all parties.
- (c) **Application:** For greater certainty, and regardless of the number of copies of Software and Documentation received by Customer or the means or media by which Customer receives them, each copy of Software and Documentation is subject to this Agreement.

## 2.5 License Management/Credentials:

- (a) **Base Licenses:** The installation, activation and use of a Software Module on a Server pursuant to a Base License will require the use of a code issued by D3 (a "**License Key**") and authorization by LMT.
- (b) **Named End User Licenses:** LMT will limit the use of each Named End User License to one (1) active Client Device at a time, and a Named End User License will remain active and assigned to the Client Device until the remote connection between the Client Device and all Software Modules is terminated.
- (c) **Credentials:** Each End User will be required to use a valid and subsisting user name and password registered with LMT (collectively "**Credentials**") in order to remotely access and use a Software Module pursuant to a Named End User License assigned to the End User. Credentials are specific to the End User for whom they are registered with LMT, and may not be shared with or transferred to any other person. Customer will ensure that each End User keeps his or her Credentials secure and confidential at all times and does not permit any other person to use his or her Credentials. Customer is fully responsible and liable for the security of all Credentials and all use and misuse of Credentials.

2.6 **Software Delivery:** D3 will deliver a Software Module to Customer by making the Software Module available for download by Customer from a specified D3 website. D3 will not deliver copies of Software on tangible media to Customer.

2.7 **Mobile Apps:** D3 in its discretion will make one or more Mobile Apps available for download through the applicable third party online app store. The downloading and use of a Mobile App are governed by the end user license agreement that applies to the Mobile App (which is accessible through the Mobile App or online at [www.d3security.com](http://www.d3security.com)) and this Agreement.

2.8 **Acceptance:** Customer will have ten (10) days from the date on which a Software Module is first delivered to Customer (the “**Review/Testing Period**”) to review and test the Software Module to verify that the Software Module conforms to applicable specifications set out in the applicable Documentation. If Customer determines that a Software Module conforms to applicable specifications set out in the applicable Documentation, then Customer will promptly deliver an acceptance notice to D3. If Customer reasonably determines that a Software Module does not conform to applicable specifications set out in the applicable Documentation, then by or before the end of the applicable Review/Testing Period Customer will deliver to D3 a written rejection notice for the Software Module describing with reasonable specificity and detail all nonconformities. If Customer delivers a written rejection notice regarding a Software Module by or before the end of the applicable Review/Testing Period, then D3 will use commercially reasonable efforts to revise the Software Module to remedy the nonconformities specified in Customer’s rejection notice and deliver the revised Software Module to Customer for further review and testing by Customer in accordance with the procedure specified in this section 2.8, and the Review/Testing Period for the revised Software Module will commence on the date that D3 delivers the revised Software Module to Customer for further review and testing. A Software Module will be deemed accepted by Customer if: (a) Customer does not give a written rejection notice for the Software Module by or before the end of the Review/Testing Period; or (b) Customer begins using the Software Module for any purpose other than for review and testing pursuant to this section 2.8. If a Software Module is not accepted or deemed accepted by Customer within thirty (30) days after the date on which a copy of the Software Module is first delivered to Customer, then D3 in its discretion will either: (i) extend the time for the review and testing process; or (ii) terminate all Licenses for the Software Module effective upon notice to Customer and refund to Customer the fees (if any) previously paid by Customer for the terminated Licenses promptly after receipt of Customer’s written confirmation that Customer has permanently deleted or destroyed all copies of the Software Module in Customer’s possession or control. Customer may deliver acceptance notices and rejection notices to D3 by sending the notices by email to sales@d3security.com.

### 3. Services

#### 3.1 Maintenance and Support:

- (a) **General:** Subject to the provisions of this Agreement and Customer’s timely payment of applicable fees, D3 will provide Customer with Maintenance and Support during each Maintenance and Support Period purchased by Customer. Unless a Purchasing Document expressly specifies otherwise, if Customer wishes to purchase Maintenance and Support for a Software Module, then Customer will purchase Maintenance and Support for all valid and subsisting Base Licenses for the Software Module and all valid and subsisting Named End User Licenses.
- (b) **Maintenance and Support Periods:** Unless the Purchasing Document for a License expressly specifies otherwise: (i) Maintenance and Support for the License will be provided in pre-paid, consecutive twelve (12) month terms (each a “**Maintenance and Support Period**”); (ii) Customer will purchase in respect of the License the minimum number of Maintenance and Support Periods specified in the Purchasing Document, and the first Maintenance and Support Period will commence on the date of the Purchasing Document; and (iii) after the minimum number of Maintenance and Support Periods specified in the Purchasing Document, customer may purchase Maintenance and Support for the License for consecutive Maintenance and Support Periods (each an “**Additional Maintenance and Support Period**”) by exercising an option, or by both parties executing a new purchase order in writing.
- (c) **Reactivation:** If Customer discontinues Maintenance and Support or Maintenance and Support is terminated for any reason, then Customer may reactivate Maintenance and Support only with D3’s express written consent and only upon payment of: (i) the fee for the new Maintenance and Support Period; and (ii) the fees that Customer would have paid for Maintenance and Support from the date Maintenance and Support was discontinued or terminated until the date Maintenance and Support is reinstated.

3.2 **Professional Services:** Upon request by Customer, D3 in its discretion may agree to provide Professional Services to Customer as set out in a Purchasing Document (including a related statement of work). A statement of work regarding Professional Services will not be valid or binding unless and until the statement of work is in writing and signed by both Parties. Professional Services may be subject to additional terms and conditions set out or referenced in the applicable Purchasing Document or statement of work.

#### 4. Affiliates

4.1 **General:** Customer is fully responsible and liable for all acts and omissions by or on behalf of each Affiliate, and all liabilities of each Affiliate, as if the acts, omissions and liabilities were those of Customer itself.

4.2 **Restrictions/Requirements:** Customer will ensure that each Affiliate complies with all of Customer's obligations set out in this Agreement relevant to the Affiliate's use of Software, Documentation and Services, including the requirements, restrictions and limitations set out in each of sections 2.4(a), 2.4(b), 6, 7.5, 7.6, 9.4, 11.3 and 11.4.

4.3 **Affiliate Covenant:** Before Customer allows an Affiliate to use or benefit from Software, Documentation or Services, Customer will require the Affiliate to expressly covenant and agree to and for the benefit of D3 that the Affiliate is bound by the liability exclusions and limitations set out in section 10 and that Customer will remain responsible for Affiliate's actions.

4.4 **Former Affiliates:** If an entity that is Affiliate and is using or benefitting from Software pursuant to this Agreement ceases to qualify as an Affiliate, then Customer will ensure that the entity immediately ceases using and benefitting from Software and promptly permanently deletes and destroys all copies of Software and Documentation in the entity's possession or control.

4.5 **Affiliates are not Parties:** For greater certainty and notwithstanding any other provision of this Agreement: (a) an Affiliate is not a party to this Agreement; (b) Licenses are granted to Customer only (not to an Affiliate); and (c) an Affiliate's ability to use Software, Documentation and Services is derived from Licenses granted to Customer under this Agreement.

#### 5. Fees

5.1 **Fees:** Customer will pay to D3 or D3's authorized distributor (as specified in a Purchasing Document) the fees for the Licenses and Services specified in the Purchasing Document in accordance with the GSA Schedule Pricelist and as otherwise set out in this Agreement. Unless a Purchasing Document and the GSA Schedule Pricelist expressly states otherwise: (a) fees for Maintenance and Support for a Software Module will be calculated based on all valid and subsisting Base Licenses for the Software Module then held by Customer and all valid and subsisting Named End User Licenses then held by Customer; (b) if Customer purchases additional Named End User Licenses during a Maintenance and Support Period, then Customer will be required to pay a supplementary fee for Maintenance and Support in respect of all Software Modules accessible using the additional Named End User Licenses.

5.2 **Taxes:** Vendor shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

5.3 **Invoices/Payments:** D3 or its authorized distributor will issue invoices for fees payable by Customer under this Agreement. Unless a Purchasing Document expressly states otherwise: (a) each invoice is due and payable within thirty (30) days after the receipt date of the invoice; (b) the fee for each License and annual fees for each Maintenance and Support Period are payable upon commencement of the Maintenance and Support Period. Overdue payments are subject to interest at a rate indicated by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. Except to the extent required by applicable law, all amounts payable to D3 or its authorized distributor under this Agreement are payable in full without any deduction or withholding.

#### 6. Ownership/Proprietary Rights

6.1 **Software/Documentation:** As between the Parties, D3 and D3's licensors retain all rights, title and interests (including intellectual property rights) throughout the world in, to and associated with Software and Documentation. Software and Documentation are licensed, not sold, to Customer; and Customer will not acquire any right, title or interest in, to or associated with Software or Documentation pursuant to this Agreement or otherwise. Under no circumstances will D3 be obligated to provide, nor will Customer be entitled to receive, obtain or access, any source (human readable) code for Software. All rights not expressly granted under this Agreement are reserved to D3.

6.2 **U.S. Government Entities:** If Customer is a branch or agency of the United States Government, then this Section 6.2 applies. Software and Documentation consist of "commercial computer software" and "commercial computer software documentation" as those terms are used in 48 C.F.R. §12.212 and qualify as

“commercial items” as defined in 48 C.F.R. §2.101. Software and Documentation are provided to the United States Government, consistent with the policy set out in 48 C.F.R. §12.212. The United States Government will acquire only the limited licenses and rights expressly set out in this Agreement with respect to Software and Documentation, and any use of Software or Documentation by the United States Government constitutes: (i) agreement by the United States Government that the Software and Documentation are “commercial computer software” and “commercial computer software documentation” as defined in this section; and (ii) acceptance of the rights and obligations set out in this Agreement. Contractor/manufacturer is D3 Security Management Systems Inc., Suite 1000 - 1090 West Georgia Street, Vancouver British Columbia, Canada, V6E 4V2.

**6.3 Feedback:** If Customer, Affiliates or End Users give feedback about Software, Documentation or Services (including ideas or suggestions for enhancements or improvements to those items) to D3, then D3 and its successors, assigns and licensees may use and commercialize the feedback without providing any compensation to Customer, Affiliates, End Users or any other person. For greater certainty, Customer, Affiliates and End Users will not include in feedback to D3 any information that is confidential or proprietary to Customer, Affiliates, End Users or any other person. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

**6.4 Trademarks:** D3™, D3 Security™, D3 Cyber™, the D3 Logo and other related logos and marks are registered or unregistered trademarks of D3. Customer does not have any license or right to use any of those trademarks.

## **7. Additional Obligations**

**7.1 End Users:** Customer is fully responsible and liable for all acts and omissions by or on behalf of each End User and the End User’s access to and use of Software, Documentation and Services. Customer will ensure that each End User fully complies with all of the requirements, restrictions and limitations set out in this Agreement regarding the use of Software, Documentation and Services.

**7.2 No Disclosure of Confidential/Regulated Information:** Customer will not disclose to D3 any information that Customer considers to be confidential or proprietary to Customer or any other person (including Customer’s clients or employees) or any information (including personal information) the disclosure or use of which is regulated by applicable law. Neither this Agreement nor the pricing terms are confidential information notwithstanding any such markings. D3 recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as “confidential” by the vendor.

**7.3 Representations/Warranties of Customer:** Customer represents and warrants to D3 that Customer has the right, power, capacity and authority to enter into and perform Customer’s obligations and exercise Customer’s rights under this Agreement, and Customer’s entering into this Agreement and performance of Customer’s obligations and exercise of Customer’s rights under this Agreement will not conflict with, or result in the breach of, any express or implied obligation or duty (contractual or otherwise) now or in the future owed by Customer to any other person.

**7.4 Technical Requirements:** Customer is solely responsible and liable for obtaining, provisioning, configuring, maintaining, paying for, and protecting from loss and damage, all equipment (including Servers and Client Devices), software (including browser software compatible for use with Software Modules) and services (except for Maintenance and Support provided by D3 under this Agreement) necessary for the use by or on behalf of Customer and Affiliates of Software, Documentation and Services and all data used in association with Software and Services.

**7.5 Applicable Laws:** Customer will ensure that all use by or on behalf of Customer and Affiliates of Software, Documentation and Services complies with all applicable Federal laws, including all laws relating to data privacy, personal information protection, international communications and the exportation and transmission of software, technical data and other regulated materials.

**7.6 Records, Inspection, Compliance:** Customer will keep current and complete lists of all Servers (identifying each Server by serial number) and all End Users (identifying each by name and location) (the “Lists”), and will retain copies of each version of the Lists for inspection by D3. Upon request by D3, Customer will promptly deliver copies of the Lists to D3. Not more than once per year, and subject to Government security requirements, D3 may inspect the books, records and facilities (including computer equipment) of Customer and Affiliates relevant to the use of Software, Documentation and Services by or on behalf of Customer and Affiliates, and interview relevant personnel of Customer and Affiliates, in order to

verify Customer's compliance with this Agreement, provided that the inspection and interviews will be conducted on not less than seven (7) days prior notice to Customer, during normal business hours, in a manner that does not interfere unreasonably with the business operations of Customer and Affiliates, and subject to reasonable confidentiality and security requirements requested by Customer. If an inspection discloses unauthorized use of Software, Documentation or Services, Customer will promptly pay to D3, if Software has been used on more devices or by more persons than permitted by this Agreement, all applicable License fees for the additional use plus applicable interest on the fees as if they were due and payable on the effective date of the first Purchasing Document in accordance with the the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. Upon request by D3 not more than once per year, Customer will deliver to D3 a certificate of compliance signed by one of Customer's senior officers attaching copies of the current Lists and certifying that the Lists are current and complete and that Customer and Affiliates have fully and faithfully complied with this Agreement.

## **8. Indemnities**

### **8.1 Reserved.**

### **8.2 IP Infringement Indemnity by D3:**

- (a) **Definitions:** In this Agreement: (i) "**IP Infringement Proceeding**" means an action brought against Customer or an Affiliate by an unaffiliated person in a court of competent jurisdiction in a Protected Jurisdiction that is based solely upon allegations that use of Software by Customer or an Affiliate in accordance with this Agreement infringes or misappropriates a copyright or trademark under the laws of the Protected Jurisdiction that is owned by that unaffiliated person; (ii) "**IP Infringement Judgment**" means a final judgment against Customer or an Affiliate in favour of an unaffiliated person issued in an IP Infringement Proceeding to the extent that the judgment is based upon a finding that use of Software by Customer or an Affiliate in accordance with this Agreement infringes or misappropriates a copyright or trademark under the laws of a Protected Jurisdiction that is owned by that unaffiliated person; and (iii) "**Protected Jurisdiction**" means Canada, the United States of America and the European Union.
- (b) **Defence and Indemnity:** Subject to sections 8.2(c) and 8.2(d), D3 will have the right to intervene to defend Customer and Affiliates against an IP Infringement Proceeding and indemnify Customer and Affiliates against a resulting IP Infringement Judgment, provided that Customer and Affiliates: (i) give D3 prompt notice of the IP Infringement Proceeding and any related demand (provided that a failure to give prompt notice will only relieve D3 of D3's obligations under this section 8.2(b) if the failure to give prompt notice has caused, or is likely to cause, prejudice to D3); (ii) grant control of the defence and settlement of the IP Infringement Proceeding and any related demand to D3 (provided that D3 will not settle the IP Infringement Proceeding or a related demand in a way that requires Customer or Affiliates to take any affirmative action without Customer's prior written consent, which consent will not be unreasonably withheld or delayed); (iii) agrees that the same legal counsel may jointly represent Customer and Affiliates, D3 and all other defendants in the IP Infringement Proceeding; and (iv) upon request by D3, reasonably cooperates with and assists D3 regarding the defence and settlement of the IP Infringement Proceeding and any related demand. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. Customer and Affiliates retain the right to participate (with counsel of their own selection at their sole cost and expense) in the defense of and settlement negotiations relating to an IP Infringement Proceeding.
- (c) **Additional Remedies:** Subject to section 8.2(d), if an IP Infringement Judgment prohibits Customer or an Affiliate from continued use of a Software Module in accordance with this Agreement, or if at any time D3 reasonably believes that a Software Module is likely to become the subject of an IP Infringement Judgment, D3 in its discretion will either: (i) obtain for Customer and Affiliates the right to continue to use the Software Module in accordance with this Agreement; (ii) replace or modify the Software Module to make it non-infringing; or (iii) terminate all Licenses for the Software Module and refund to Customer the fees actually paid by Customer to D3 for each terminated License during the twelve (12) months immediately prior to the termination date promptly after receipt of Customer's written confirmation that Customer has permanently deleted or destroyed all copies of the Software Module in Customer's possession or control.
- (d) **Exclusions/Limitation:** Sections 8.2(b) and 8.2(c) do not apply to an IP Infringement Proceeding or an IP Infringement Judgment based upon any actual or alleged infringement or misappropriation

arising from, connected with, or relating to any of the following: (i) use of Software in combination with any services, technology, software, hardware, data or other materials not provided by D3 or expressly authorized by this Agreement or the applicable Documentation (if the infringement allegation would not have been made absent the combination); (ii) a modification of Software by a person other than D3; (iii) failure by Customer or an Affiliate to use the latest version of Software or a non-infringing version of Software made available to Customer by D3; (iv) use of Software in breach of this Agreement; or (v) a breach of this Agreement by Customer or any wrongful act or omission by Customer or any person for whom Customer is responsible under this Agreement or at law. Notwithstanding any other provision of this Agreement, in no event and under no circumstances will the total aggregate amount of D3's obligations and liabilities pursuant to this section 8.2 (including all legal fees paid by D3 to defend against IP Infringement Proceedings and all amounts paid by D3 to settle IP Infringement Proceedings or related demands or to satisfy any obligations or liabilities resulting from IP Infringement Judgments) ever exceed the Purchase Order amount.

- (e) **Exclusivity:** This section 8.2 states Customer's sole and exclusive remedies, and D3's entire responsibility and liability, for any Claims or Proceedings arising from, connected with, or relating to any actual or alleged infringement or misappropriation of any rights (including any intellectual property right) of any unaffiliated person.

## 9. Warranty and Disclaimers

9.1 **Limited Warranty and Remedies:** D3 warrants that throughout the applicable Warranty Period each Software Module as delivered or made available by D3 to Customer will operate and perform in substantial conformity with the applicable specifications set out in the applicable Documentation. The "**Warranty Period**" for a Software Module is ninety (90) days from the date on which the first copy of the Software Module is delivered to Customer. If there is a breach by D3 of the foregoing warranty, Customer's sole and exclusive remedies and D3's sole obligations to Customer are as follows, at D3's option: (a) D3 will modify or replace the defective Software Module so that it operates and performs in substantial conformity with the applicable specifications set out in the applicable Documentation, unless the Documentation is in error in which case D3 will modify the Documentation to accurately reflect the actual, intended operation of Software Module; or (b) D3 will terminate the License for the defective Software Module and reimburse the fees actually paid by Customer for the defective Software Module promptly after receipt of Customer's written confirmation that Customer has permanently deleted or destroyed all copies of the defective Software Module in Customer's possession or control. The foregoing warranty and remedies will be available to Customer only if a warranty claim notice is delivered to D3 during the Warranty Period, and will not apply if the Software Module has been modified by any person other than D3 or to nonconformities caused by any of the following: (i) use of a Software Module in a manner inconsistent with the applicable Documentation or in breach of this Agreement; (ii) Customer's failure to provide a suitable operating environment or an incompatible or non-functioning configuration, operating system or hardware system or a malfunctioning Server or Client Device; (iii) accident, abuse or misapplication of a Software Module; (iv) Customer's failure to following instructions provided by D3 or set out in the applicable Documentation; or (v) any other matter beyond D3's reasonable control.

9.2 **DISCLAIMERS:** THE WARRANTY SET OUT IN SECTION 9.1 IS IN LIEU OF ALL OTHER REPRESENTATIONS, WARRANTIES, CONDITIONS AND GUARANTEES RELATING TO SOFTWARE, DOCUMENTATION AND SERVICES. EXCEPT FOR THE WARRANTY SET OUT IN SECTION 9.1, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, SOFTWARE, DOCUMENTATION AND SERVICES ARE PROVIDED "**AS IS AND WITH ALL FAULTS**", AND WITHOUT ANY REPRESENTATIONS, WARRANTIES, CONDITIONS OR GUARANTEES OF ANY NATURE OR KIND WHATSOEVER, WHETHER EXPRESS, IMPLIED OR STATUTORY, OR ARISING FROM CUSTOM OR TRADE USAGE OR BY ANY COURSE OF DEALING OR COURSE OF PERFORMANCE, INCLUDING ANY REPRESENTATIONS, WARRANTIES, CONDITIONS OR GUARANTEES OF OR RELATING TO DURABILITY; FITNESS FOR A PARTICULAR PURPOSE; MERCHANTABILITY; NON-INFRINGEMENT; PERFORMANCE; QUALITY; RESULTS; SUITABILITY; TIMELINESS; TITLE; OR WORKMANLIKE EFFORT; ALL OF WHICH ARE HEREBY DISCLAIMED BY D3 TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW. CUSTOMER IS SOLELY RESPONSIBLE AND LIABLE FOR THE SELECTION OF SOFTWARE, DOCUMENTATION AND SERVICES, AND THE USE OF SOFTWARE, DOCUMENTATION AND SERVICES, TO ACHIEVE INTENDED RESULTS. CUSTOMER AND AFFILIATES INSTALL AND USE SOFTWARE, DOCUMENTATION AND SERVICES AT THEIR OWN RISK. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, CUSTOMER AND AFFILIATES ARE SOLELY RESPONSIBLE AND LIABLE FOR ENSURING THE ACCURACY OF ALL INPUT DATA, AND VERIFYING ALL RESULTS OF THE USE OF SOFTWARE, DOCUMENTATION AND SERVICES.

9.3 **DISCLAIMER FOR AUTHORIZED DISTRIBUTORS:** D3 DOES NOT MAKE OR GIVE ANY REPRESENTATIONS, WARRANTIES, CONDITIONS OR GUARANTEES OF ANY NATURE OR KIND WHATSOEVER REGARDING ANY OF THE

PRODUCTS OR SERVICES OF D3'S AUTHORIZED DISTRIBUTORS. IF CUSTOMER ENGAGES ONE OF D3'S AUTHORIZED DISTRIBUTORS TO PROVIDE PRODUCTS OR SERVICES, THEN D3 IS NOT RESPONSIBLE OR LIABLE FOR ANY ACTS OR OMISSIONS OF THE DISTRIBUTOR OR FOR ANY OF THE DISTRIBUTOR'S PRODUCTS OR SERVICES.

**9.4 No High Risk Use:** SOFTWARE IS NOT FAULT-TOLERANT AND IS NOT DESIGNED OR INTENDED FOR USE IN ANY SITUATION WHERE FAILURE OR FAULT OF ANY KIND COULD LEAD TO DEATH OR SERIOUS BODILY INJURY OR TO SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE ("**High Risk Use**"), INCLUDING THE OPERATION OF NUCLEAR OR CHEMICAL FACILITIES, AIRCRAFT OR OTHER MODES OF HUMAN MASS TRANSPORTATION, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL SYSTEMS, WEAPONS SYSTEMS, LIFE-SUPPORT MACHINES, OR CLASS III MEDICAL DEVICES UNDER THE *UNITED STATES FEDERAL FOOD, DRUG AND COSMETIC ACT*. HIGH RISK USE IS STRICTLY PROHIBITED, AND CUSTOMER, AFFILIATES AND END USERS WILL NOT USE SOFTWARE OR SERVICES IN, OR IN CONNECTION OR CONJUNCTION WITH, ANY HIGH RISK USE.

## **10. Liability Exclusions/Limitations**

**10.1 EXCLUSION/LIMITATION OF LIABILITY:** NOTWITHSTANDING ANY PROVISION OF THIS AGREEMENT EXCEPT SECTION 10.2, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW:

- (a) **EXCLUSIONS:** D3 GROUP'S LIABILITY (IF ANY) TO CUSTOMER GROUP ARISING FROM, CONNECTED WITH OR RELATING TO THIS AGREEMENT OR TO SOFTWARE, DOCUMENTATION OR SERVICES IS LIMITED TO DIRECT DAMAGES SUFFERED BY CUSTOMER ONLY, AND IN NO EVENT AND UNDER NO CIRCUMSTANCES WILL D3 GROUP BE LIABLE TO CUSTOMER GROUP OR ANY OTHER PERSON FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE OR EXEMPLARY LOSS OR DAMAGE, OR ANY LOSS OF DATA, LOSS OF INFORMATION, LOSS OF BUSINESS, LOSS OF MARKETS, LOSS OF SAVINGS, LOSS OF INCOME, LOSS OF PROFITS, LOSS OF USE, LOSS OF PRODUCTION, OR LOSS OF GOODWILL, ANTICIPATED OR OTHERWISE;
- (b) **LIMITATIONS:** IN NO EVENT AND UNDER NO CIRCUMSTANCES WILL D3 GROUP'S TOTAL AGGREGATE LIABILITY TO CUSTOMER GROUP ARISING FROM, CONNECTED WITH OR RELATING TO THIS AGREEMENT OR TO SOFTWARE, DOCUMENTATION OR SERVICES EVER EXCEED THE TOTAL AMOUNT OF FEES ACTUALLY PAID BY CUSTOMER TO D3 FOR LICENSES PURCHASED UNDER THE APPLICABLE PURCHASE ORDER(S);
- (c) **APPLICATION:** THIS SECTION 10.1 APPLIES TO LIABILITY UNDER ANY THEORY OF LAW (INCLUDING CONTRACT, TORT, STRICT LIABILITY AND STATUTORY LIABILITY), REGARDLESS OF ANY OTHER FAULT OR WRONGDOING (INCLUDING FUNDAMENTAL BREACH) BY D3 GROUP OR ANY PERSON FOR WHOM D3 IS RESPONSIBLE, EVEN IF OTHER REMEDIES ARE NOT AVAILABLE OR DO NOT ADEQUATELY COMPENSATE FOR THE LOSS OR DAMAGE, AND EVEN IF D3 GROUP KNOWS OR OUGHT TO HAVE KNOWN OF THE POSSIBILITY OF THE POTENTIAL LOSS OR DAMAGE BEING INCURRED AND REGARDLESS OF WHETHER OR NOT THE LOSS OR DAMAGE WAS FORESEEABLE; AND
- (d) **DEFINITIONS:** IN THIS SECTION 10.1, "**D3 GROUP**" MEANS D3 AND ITS AFFILIATES AND THEIR RESPECTIVE PAST, PRESENT AND FUTURE SUPPLIERS, SERVICE PROVIDERS, LICENSORS, DISTRIBUTORS, PERSONNEL AND REPRESENTATIVES, JOINTLY AND SEVERALLY; AND "**CUSTOMER GROUP**" MEANS CUSTOMER AND AFFILIATES AND THEIR RESPECTIVE PERSONNEL AND REPRESENTATIVES (INCLUDING END USERS), JOINTLY AND SEVERALLY.

**10.2 EXCEPTIONS:** THE EXCLUSIONS AND LIMITATIONS SET OUT IN SECTION 10.1 DO NOT APPLY TO: (A) D3'S OBLIGATIONS PURSUANT TO SECTION 8.2; (B) LIABILITY FOR DEATH OR BODILY INJURY CAUSED BY THE GROSS NEGLIGENCE OR WILLFUL ACT OR OMISSION OF D3 OR ITS PERSONNEL; (C) FRAUD; OR (D) ANY LIABILITY THAT CANNOT BE EXCLUDED OR LIMITED AS A MATTER OF APPLICABLE LAW.

**10.3 ACKNOWLEDGEMENT:** THE PARTIES ACKNOWLEDGE AND AGREE THAT THE ALLOCATION OF RISK SET OUT IN THIS AGREEMENT (INCLUDING IN SECTIONS 8, 9 AND 10) IS AN ESSENTIAL PART OF THE BARGAIN BETWEEN THE PARTIES, A CONTROLLING FACTOR IN SETTING THE FEES PAYABLE BY CUSTOMER FOR LICENSES AND SERVICES, AND AN INDUCEMENT TO THE PARTIES TO ENTER INTO THIS AGREEMENT.

## **11. Term and Termination**

**11.1 Term of Agreement:** Unless a Purchasing Document expressly states otherwise, this Agreement is effective as of the date of the first Purchasing Document and will continue in full force and effect until terminated in accordance with this Agreement.

**11.2 Termination of Agreement:** This Agreement will terminate immediately and automatically, without notice to Customer, if all Licenses expire or are terminated. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a

dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, D3 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

**11.3 Consequences of Termination of Agreement:** If this Agreement is terminated for any reason: (a) all Licenses will terminate immediately and automatically, without notice to Customer, and Customer will comply with Customer's obligations set out in this Agreement arising upon termination of each License; (b) each Party will remain fully responsible and liable for all of the Party's obligations and liabilities arising prior to the termination of this Agreement; (c) Customer will promptly pay all amounts due and owing under this Agreement for the pro-rated portion of the License up to and including the termination date; and (d) upon request by D3, Customer will promptly deliver to D3 a certificate of compliance signed by one of Customer's senior officers certifying that Customer has fully and faithfully complied with Customer's obligations under section 11.4.

**11.4 Consequences of Expiration/Termination of Licenses:** Upon expiration or termination of a License, Customer will promptly, permanently delete and remove from Servers all copies of Software Modules that were installed pursuant to the License. Upon expiration or termination of all Licenses for a particular Software Module, Customer will promptly permanently delete and destroy all copies of the Software Module in Customer's possession or control.

**11.5 Reserved.**

**11.6 Survival:** Notwithstanding any other provision of this Agreement, sections 2.4(a), 2.4(b), 4.1, 4.2, 4.3, 4.5, 5, 6, 7.1, 7.6, 8, 9.2, 9.3, 9.4, 10, 11.3, 11.4, 11.6 and 12, and all other provisions necessary to the interpretation or enforcement of those sections, will survive the termination of this Agreement and will remain in full force and effect and be binding upon the Parties as applicable.

## **12. General**

**12.1 Publicity:** D3 may include Customer's name in any published list or directory of D3 customers to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

**12.2 Notices:** Unless this Agreement expressly states otherwise: (a) D3 and its authorized distributors may deliver Purchasing Documents, invoices and notices to Customer by email, facsimile or delivery to Customer's addresses specified in a Purchasing Document or on record in Customer's file with D3 or its authorized distributors; and (b) Customer will give all notices to D3 under this Agreement in writing delivered by courier to D3 (Attention Legal Department) at D3's head office address specified on D3's website ([www.d3security.com](http://www.d3security.com)).

**12.3 Governing Law:** This Agreement and the subject matter of this Agreement and all related matters will be governed by, and construed in accordance with, the Federal laws of the United States, excluding any laws that implement the United Nations Convention on Contracts for the International Sale of Goods, the Uniform Commercial Code or the Uniform Computer Information Transactions Act, and excluding any rules of private international law or the conflict of laws that would lead to the application of any other laws.

**12.4 Disputes:** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, D3 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Each Party irrevocably waives all rights to trial by jury.

**12.5 Assignment:** This Agreement is binding upon and will enure to the benefit of the Parties and their respective successors and permitted assigns. Neither Party may assign this Agreement without the express prior written consent of the other Party.

**12.6 Force Majeure:** Excusable delays shall be governed by FAR 52.212-4(f) .

**12.7 Interpretation:** In this Agreement: (a) a reference to "**this Agreement**" refers to this Agreement as a whole (including all Contract Documents), together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), and not just to the particular provision in which those words appear; (b) headings are for reference only and do not define, limit or enlarge the scope or meaning of this Agreement or any of the provisions in this Agreement; (c) reference in a Contract Document to a section by

number only is a reference to the appropriate section in the Contract Document in which the reference is made; (d) words importing the singular number only include the plural and vice versa; (e) “**person**” includes an individual, corporation, partnership, joint venture, association, trust, unincorporated organization, society and any other legal entity; (f) reference to a day, week, month, quarter or year, means a calendar day, calendar week, calendar month, calendar quarter or calendar year, unless expressly stated otherwise; (g) reference to currency is to the lawful money of the United States of America, unless expressly stated otherwise; (h) “**including**” or “**includes**” means including or includes (as applicable) without limitation or restriction; (i) “**discretion**” or “**option**” mean a person’s sole, absolute and unfettered discretion or option; and (j) “**law**” includes common law, equity, statutes and regulations, and reference to a specific statute includes all regulations made under the statute and all amendments to, or replacements of, the statute or any regulation made under the statute in force from time to time, as applicable.

**12.8 Contract Documents:** If there is a conflict or inconsistency between Contract Documents, then a Contract Document that expressly states that it amends or revises another Contract Document takes priority over that other Contract Document, and in the absence of an express statement of amendment or revision the order of priority is as follows: (a) Purchasing Documents; (a) these General Terms and Conditions.

**12.9 Miscellaneous:** The Parties are non-exclusive, independent contracting parties, and nothing in this Agreement or done pursuant to this Agreement will create or be construed to create a partnership, joint venture, agency, employment, or other similar relationship between the Parties. If a provision of this Agreement is held by a court or arbitrator to be invalid or unenforceable for any reason, then the provision will be deemed severed from this Agreement and the remaining provisions will continue in full force and effect without being impaired or invalidated in any way, unless as a result of the severance this Agreement would fail in its essential purpose. If the consent or approval of a Party is required under this Agreement, then the Party in its discretion may withhold the consent or approval unless this Agreement expressly specifies otherwise. No consent or waiver by D3 to or of a breach of this Agreement by Customer will be effective unless in writing and signed by D3. Except as expressly set out in this Agreement, the Parties’ respective rights and remedies under this Agreement are cumulative and not exclusive of any other rights or remedies to which they may be entitled under this Agreement or at law, and the Parties are entitled to pursue all of their respective rights and remedies concurrently, consecutively and alternatively. The Parties have expressly requested and required that this Agreement and all related documents be written in the English language. If a Contract Document requires the signature of both Parties, then the Contract Document may be signed and delivered (including by facsimile transmission or by email in PDF or similar secure format) in counterparts, and each signed and delivered counterpart will be deemed an original, and both counterparts will together constitute one and the same document.

**12.10 Amendments:** This Agreement may not be amended except by a written document that expressly states that it is an amendment to this Agreement and is signed by both Parties or their respective successors or permitted assigns.

**12.11 Entire Agreement:** This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), sets out the complete agreement between the Parties with respect to the subject matter of this Agreement, and supersedes all previous communications, representations, negotiations, discussions, agreements, or understandings, whether oral or written, with respect to the subject matter of this Agreement. There are no representations, warranties, terms, conditions, undertakings or collateral agreements, express, implied or statutory, between the Parties other than as expressly set out in this Agreement. This Agreement takes priority over any end user license agreement that applies to a Mobile App.

## SCHEDULE "A" TO GENERAL TERMS AND CONDITIONS

### – MAINTENANCE AND SUPPORT –

This Schedule is part of the General Terms and Conditions of the D3™ *Security Management Systems Master Software License Agreement* and provides details of Maintenance and Support that D3 will provide to Customer during each Maintenance and Support Period purchased by Customer.

1. **Definitions:** In this Schedule:

- (a) **"Maintenance and Support"** means in respect of a Software Module: (i) Remote Support for the Software Module; (ii) the provision of Updates to and of the Software Module; and (iii) access to support tools and information (if any) for the Software Module available on D3's website ([www.D3security.com](http://www.D3security.com)) from time to time.
- (b) **"Problem"** means, subject to section 3, a defect, bug, error or other technical problem in a Software Module that prevents the Software Module from operating or performing substantially in accordance with applicable specifications set out in the applicable Documentation.
- (c) **"Remote Support"** means remote (telephone, online or email) troubleshooting, advice and assistance (including the provision of Updates required to resolve Problems) to assist Customer to resolve Problems relating to the authorized use of a Software Module.
- (d) **"Remote Support Request"** means a request for Remote Support submitted by Customer's currently designated Support Contact to D3's Remote Support Centre in accordance with the reporting procedures established and revised by D3 from time to time, details of which are available on D3's website at [www.d3security.com](http://www.d3security.com).
- (e) **"Support Contact"** means an authorized employee of Customer with suitable qualifications and expertise regarding computer software and systems and who is authorized by Customer to request and receive Remote Support from D3.
- (f) Capitalized terms not defined in this Schedule are defined in other Contract Documents.

2. **Remote Support:**

- (a) **Availability:** Remote Support will be available during the hours of 6 a.m. to 6 p.m. Pacific Time, Monday through Friday, excluding Canadian and United States national holidays ("**Standard Support Hours**").
- (b) **Requests:** D3 will provide Remote Support in response to each Remote Support Request received by D3. For greater certainty, D3 is not obligated to provide Remote Support in response to a Remote Support Request submitted by an individual other than Customer's currently designated Support Contacts.
- (c) **Response Time:** D3 will use reasonable commercial efforts to acknowledge receipt of each Remote Support Request and commence investigation and diagnosis of a Problem within four (4) hours from the time that D3 receives a Remote Support Request for the Problem, provided that: (i) a Remote Support Request received by D3 outside Standard Support Hours will be deemed to be received when Standard Support Hours next commence; and (ii) for the purpose of calculating response time only time during Standard Support Hours will be counted.
- (d) **Problem Resolution:** D3 will use commercially reasonable efforts, consistent with the nature and severity of a Problem, to resolve the Problem. A Problem will be deemed resolved when: (i) D3 has advised Customer how to correct or bypass the Problem; (ii) D3 has provided customer with a commercially reasonable work-around for the Problem; (iii) D3 has provided Customer with an Update that corrects or bypasses the Problem; or (iv) D3 has determined and advised Customer that the Problem is not covered by Remote Support.
- (e) **Language:** D3 will provide Remote Support and all related materials in English only.

3. **Exclusions:**

- (a) **General:** Remote Support does not include first line, helpdesk support to End Users. Remote Support does not apply to any of the following: (i) a version or release of a Software Module first made generally available by D3 to its customers more than twenty-four (24) months before the

date of the Remote Support Request; (ii) Servers, Client Devices or any other hardware or peripherals used in connection with Software; or (iii) any software other than a Software Module. Remote Support does not include training or consulting services. Remote Support is subject to the restriction that not all Problems can or will be corrected or resolved.

- (b) **Excluded Problems:** Remote Support does not apply to Problems caused by or relating to any of the following: (i) use of Software in a manner inconsistent with the applicable Documentation or in breach of this Agreement; (ii) Software that has been modified by any person other than D3; (iii) an incompatible or non-functioning configuration, operating system or hardware system or a malfunctioning Server or Client Device; (iv) any accident, abuse or misapplication of Software for which D3 is not responsible; (v) the integration or interoperation of Software with any other software or system; or (vi) any other matter beyond D3 control. Remote Support does not apply to a Problem that cannot be replicated by D3 in D3's support environment.
- (c) **Additional Fees:** If a request for Remote Support relates to a Problem that D3 determines is excluded from Remote Support pursuant to either of sections 3(a) and 3(b), D3's work in connection with the Problem (including work to determine that the Problem is excluded from Remote Support and any work to remedy the Problem, if requested by Customer and agreed to by D3 in writing) will be deemed to be Professional Services for which Customer will pay fees calculated on a time and materials basis using D3's then current professional services rates in accordance with the GSA Schedule Preelist rates.

4. **Updates:** Updates provided as part of Maintenance and Support: (a) will be accessible only through D3's website; (b) will be made available to Customer as and when they are made generally commercially available by D3 to D3's customers; (c) will be subject to this Agreement and any additional non-material terms and conditions specified in the applicable Documentation; and (d) do not increase or change the number or kinds of Licenses purchased by Customer. If Customer does not accept and agree to each of the additional non-material terms and conditions for an Update specified in the applicable Documentation, then Customer may not use the Update and must permanently delete and destroy all copies of the Update in Customer's possession or control. Customer is solely responsible and liable for installing Updates. Any material updates to this agreement shall be presented to Ordering Activity for review and will not be effective unless and until both parties sign a written agreement updating these terms.

#### 5. **Customer's Obligations:**

- (a) **Support Contacts:** Customer will designate as Support Contacts not more than two (2) individuals with suitable qualifications and expertise regarding computer software and systems, including the hardware and operating systems and related software required for the operation and use of Software, who are authorized by Customer to request and receive Maintenance and Support. Customer may change a Support Contact from time to time upon written notice to D3.
- (b) **First Line Support:** Customer will provide first line, helpdesk support to End Users.
- (c) **Information:** Customer will timely provide to D3 all information reasonably requested by D3 regarding Remote Support, including detailed information regarding: (i) the Problem, including the exact wording of any relevant software error messages; (ii) the Server on which the relevant Software Module is installed and the Client Devices used by End Users; (iii) the relevant network topology and a network trace; (iv) all third party software (including database software) used in connection with the Software Module; (v) the software application or system logs from Servers and Devices; and (vi) all steps taken by the Customer to resolve the problem.
- (d) **Assistance:** Customer will reasonably assist D3 to provide Maintenance and Support by performing tasks reasonably requested by D3, including performing system restarts, running executable diagnostic tests and operational readiness tests, recording error information, and installing Updates in accordance with D3's instructions and applicable Documentation.

**APPENDIX A - SUBSCRIPTION AGREEMENT FOR D3™ vSOC™ SERVICE**  
Version No. 15.12.16

**INTRODUCTION**

This Subscription Agreement for D3 vSOC Service (this “**Agreement**”) is by and between the GSA Multiple Award Schedule Contractor acting on behalf of D3 Security Management Systems Inc. (“**D3**”) and the Ordering Activity under GSA Schedule contracts (“**Customer**” or “**Ordering Activity**”) referenced in a Purchasing Document (collectively the “**Parties**” and each a “**Party**”).

This Agreement is comprised of the following documents (each a “**Contract Document**”): (a) Purchasing Documents; and (b) the General Terms and Conditions (including Schedules “A” and “B”) set out below.

**GENERAL TERMS AND CONDITIONS**

**1. Licenses and Other Definitions**

1.1 **Kinds of Licenses:** This Agreement refers to the following kinds of licenses, which are defined as follows:

- (a) “**Base License**” means a license for Customer to include a vSOC Module in the vSOC Service for use by Authorized Users pursuant to valid and subsisting Named User Licenses as set out in this Agreement.
- (b) “**Named User License**” means a license that Customer may assign to one (1) Authorized User to permit the Authorized User to use one (1) Client Device to remotely access and use (through the access mechanisms purposefully made available by D3) the vSOC Service for the internal business purposes of Customer and Affiliates only. For greater certainty, a Named User License permits the applicable Authorized User to access and use any and all vSOC Modules that are part of the vSOC Service pursuant to valid and subsisting Base Licenses.

1.2 **General Definitions:** In this Agreement, the following terms have the following meanings, and all other capitalized terms have the meaning specified elsewhere in these General Terms and Conditions or in other Contract Documents:

- (a) “**Affiliate**” means an entity that controls, is under common control with or is controlled by Customer. For the purposes of this definition, “**control**” (including, with correlative meanings, the terms “**under common control with**” and “**controlled by**”) means: (i) ownership of fifty percent (50%) or more of the voting shares issued by an entity; or (ii) the ability to elect a majority of the directors of an entity.
- (b) “**Authorized User**” means a specific, named individual to whom Customer has assigned a valid and subsisting Named User License and who is authorized by Customer or an Affiliate to remotely access and use the vSOC Service on behalf of Customer or an Affiliate for the internal business purposes of Customer or an Affiliate only.
- (c) “**Client Device**” means a compatible personal computer or mobile computing device that meets the minimum requirements set out in the applicable Documentation and that is running either: (i) a compatible Internet browser software application that meets the minimum requirements set out in the applicable Documentation; or (ii) a supported version of a compatible Mobile App.
- (d) “**Customer Data**” means data submitted to the vSOC Service by Authorized Users or created in the vSOC Service by Authorized Users.
- (e) “**Customer Environment**” means a discrete environment within the vSOC System containing all Customer Data and providing access to all vSOC Modules for which Customer has valid and subsisting Base Licenses.
- (f) “**Documentation**” means user manuals and other documentation and materials regarding a vSOC Module, and all updates to any of those items made available by D3 to Customer from time to time.

- (g) **“License”** means a Base License or a Named User License purchased by Customer pursuant to this Agreement.
- (h) **“Maintenance and Support”** has the meaning set out in Schedule “B”.
- (i) **“Mobile App”** means a proprietary software application, designed to be installed and used on a compatible mobile device to remotely access the vSOC Service, that is distributed by D3 through a third party online application store (for example, Apple’s iOS App Store).
- (j) **“Professional Services”** means services relating to Customer’s use of the vSOC Service that are performed by D3 for Customer pursuant to this Agreement.
- (k) **“Purchasing Document”** means a document (e.g. Government purchase order)) that specifies details of the Licenses or Services purchased by Customer under this Agreement and is either issued to Customer by D3 or D3’s authorized distributor or signed by both Customer and D3 or D3’s authorized distributor.
- (l) **“Services”** includes Maintenance and Support and Professional Services.
- (m) **“vSOC Module”** means a discrete proprietary online service module designed to form part of the vSOC Service.
- (n) **“vSOC Service”** means an online virtual security operations centre, comprised of specific vSOC Modules for which Customer has valid and subsisting Base Licenses and which is made available by D3 for remote access and use by Authorized Users pursuant to valid and subsisting Named User Licenses.
- (o) **“vSOC System”** means the software, technologies, infrastructure, information and data (excluding Customer Data) used by D3 to provide the vSOC Service to Customer.

## 2. The vSOC Service

### 2.1 Licenses:

- (a) **General:** Subject to the provisions of this Agreement and Customer’s prompt payment of all applicable fees, D3 grants to Customer the number and types of Licenses specified in Purchasing Documents. Each License is non-exclusive, personal to Customer, non-sublicensable, non-transferable, limited, and is subject to the provisions of this Agreement.
- (b) **Duration of Licenses:** Unless the applicable Purchasing Document expressly states otherwise: (i) the initial term of each License will commence on the date of the Purchasing Document for the License and will continue for twelve (12) months, unless terminated earlier pursuant to this Agreement; and (ii) following the initial term of a License, the License may be renewed for additional, consecutive twelve (12) month renewal terms by exercising an option, or by both parties executing a new purchase order in writing.
- (c) **License Management Technologies:** The vSOC System contains certain license management technologies (“LMT”) that will: (i) terminate Authorized Users’ access to a vSOC Module when the applicable Base License expires or is terminated; and (ii) limit the use of each Named User License to one (1) active Client Device at a time. A Named User License will remain active and assigned to the Client Device until the remote connection between the Client Device and the vSOC Service is terminated.
- (d) **Changing Authorized Users:** Each Named User License may be assigned by Customer to only one (1) Authorized User, and may not be shared by Authorized Users or transferred from one Authorized User to another Authorized User, except that if an Authorized User to whom a Named User License has been assigned no longer requires any use of the vSOC Service, as a result of employment termination or permanent role reassignment, then the Named User License may be transferred from that Authorized User to a replacement Authorized User.

2.2 **Documentation:** Each Base License for a vSOC Module includes a non-exclusive, personal to Customer, non-sublicensable, non-transferable, limited license for Customer to use and reproduce the Documentation regarding the vSOC Module during the term of the Base License to the extent reasonably necessary to facilitate the use of the vSOC Module by Authorized Users pursuant to valid and subsisting Named User Licenses.

**2.3 Customer Environments:** During the term of this Agreement, D3 will establish for Customer two (2) Customer Environments: (a) a production environment, which may be used by Authorized Users for day-to-day live productive use of the vSOC Service; and (b) a testing or staging environment, which may be used by Authorized Users for non-production configuration and testing of vSOC Modules for which Customer has a valid and subsisting Base License.

**2.4 Restrictions/Requirements:** Customer and Users will use the vSOC Service in accordance with the applicable Documentation provided by D3. Customer and Users will not: (a) use, or provide or permit access to or use of, the vSOC Service or Documentation by any person, for any purpose or in any manner except as expressly permitted by this Agreement; (b) use the vSOC Service in a way that interferes with or disrupts the integrity or performance of the vSOC Service, a Customer Environment, vSOC Systems, or related systems, networks or data, or to attempt to gain unauthorized access to the vSOC Service, a Customer Environment, vSOC Systems or related systems, networks or data; (c) copy, reproduce, translate, modify, enhance, or create derivative works from the vSOC Service (including any vSOC Module) or Documentation; (d) license, sublicense, grant, sell, resell, lend, lease, loan, share, transfer, assign, pledge, publish, transmit, publicly display or perform, distribute, rent, create any interest in, commercially exploit, or otherwise give or make available or permit the use of the vSOC Service or its functionality or performance or any results of its use to or for the benefit of any other person, whether as a service bureau or otherwise, and with or without charge, except as expressly permitted by this Agreement; (e) alter, attempt to circumvent, destroy, obscure, or remove any notices (including trademark and copyright notices), proprietary codes or locks, means of identification, digital rights tools or management information, security or control measures, or agreements on, in or in relation to the vSOC Service; (f) reverse engineer or otherwise access or use the vSOC Service in order to: (i) attempt to access the source code for any of the software used by D3 to provide any aspect of the vSOC Service (including a vSOC Module); (ii) create a product or service that is competitive with the vSOC Service or any other product or service offered by D3, or a product or service using similar ideas, features or functions; or (iii) monitor or assess the availability, performance, or functionality of the Service, or for any other benchmarking or competitive purposes; or (g) permit, assist or encourage any other person to do any of the foregoing in this section 2.4 or to commit any act or omission that would be a breach of this Agreement if committed by Customer or an Authorized User. A restriction set out in this section 2.4 does not apply if and to the extent, but only to the extent, that the restriction is prohibited by applicable law.

**2.5 Acceptance:** Customer will have ten (10) days from the date on which a vSOC Module is first made available to Customer (the “**Review/Testing Period**”) to review and test the vSOC Module to verify that the vSOC Module conforms to applicable specifications set out in the applicable Documentation. If Customer determines that a vSOC Module conforms to applicable specifications set out in the applicable Documentation, then Customer will promptly deliver a written acceptance notice to D3. If Customer reasonably determines that a vSOC Module does not conform to applicable specifications set out in the applicable Documentation, then by or before the end of the applicable Review/Testing Period Customer will deliver to D3 a written rejection notice for the vSOC Module describing with reasonable specificity and detail all nonconformities. If Customer delivers a written rejection notice regarding a vSOC Module by or before the end of the applicable Review/Testing Period, then D3 will use commercially reasonable efforts to revise the vSOC Module to remedy the nonconformities specified in Customer’s rejection notice and make the revised vSOC Module available to Customer for further review and testing by Customer in accordance with the procedure specified in this section 2.8, and the Review/Testing Period for the revised vSOC Module will commence on the date that D3 makes the revised vSOC Module available to Customer for further review and testing. A vSOC Module will be deemed accepted by Customer if: (i) Customer does not give a written rejection notice for the vSOC Module by or before the end of the Review/Testing Period; or (ii) Customer begins using the vSOC Module for any purpose other than for review and testing pursuant to this section 2.8. If a vSOC Module is not accepted or not deemed accepted by Customer within thirty (30) days after the date on which the vSOC Module is first made available to Customer, then D3 in its discretion will either: (a) extend the time for the review and testing process; or (b) terminate the Base License for the vSOC Module effective upon notice to Customer and refund to Customer the fees (if any) previously paid by Customer for the terminated Base License. Customer may deliver acceptance notices and rejection notices to D3 by sending the notices by email to sales@d3security.com.

**2.6 Mobile Apps:** D3 in its discretion will make one or more Mobile Apps available for download through the applicable third party online app store. The downloading and use of a Mobile App are governed by this Agreement and the end user license agreement that applies to the Mobile App.

## 2.7 **Authorized Users:**

- (a) **General:** Customer will access and use the vSOC Service only through Authorized Users using valid and subsisting Named User Licenses purchased by Customer. Customer will ensure that Authorized Users use the vSOC Service only on behalf of Customer and Affiliates and strictly in accordance with the restrictions and requirements set out in this Agreement.
- (b) **Administrators:** Customer will appoint and authorize one or more Authorized Users (each an “Administrator”) to administer use of the vSOC Service by other Authorized Users, including the appointment and termination of other Authorized Users. A Purchasing Document may specify the maximum number of Administrators. For greater certainty, an Administrator must have a valid and subsisting Named User License in order to administer use of the vSOC Service by other Authorized Users.
- (c) **Customer Responsibility:** Customer is fully responsible and liable for all acts and omissions by or on behalf of each Authorized User and the Authorized User’s access to and use of the vSOC Service, Documentation, Mobile Apps and Services, and the results obtained therefrom. Customer will ensure that each Authorized User fully complies with all of the requirements, restrictions and limitations set out or referenced in this Agreement regarding the vSOC Service, Documentation, Mobile Apps and Services.
- (d) **Registration/Changes/Termination:** The vSOC System will provide an Administrator with access to online controls to authorize and terminate other Authorized Users’ registration to use the vSOC Service, to assign Named User Licenses to Authorized Users and to transfer Named User Licenses (as permitted by this Agreement). Customer may submit (including by email) a written request to D3 requesting that D3 terminate an Administrator’s registration to use the vSOC Service. D3, acting reasonably, may refuse to register an individual as an Authorized User, and may restrict, suspend or terminate (in whole or in part) an Authorized User’s registration to access and use the vSOC Service. Each Authorized User will be considered to be an active Authorized User unless and until his or her registration to use the vSOC Service is terminated by an Administrator or D3 in accordance with this Agreement.
- (e) **Credentials:** The vSOC System will require each Authorized User to use a valid and subsisting user name and password registered with the vSOC System (collectively “Credentials”) in order to remotely access and use the vSOC Service pursuant to a Named User License assigned to the Authorized User. Credentials are specific to the Authorized User for whom they are registered, and may not be shared with or transferred to any other person. Customer will ensure that each Authorized User keeps his or her Credentials secure and confidential at all times, does not permit any other person to use his or her Credentials, and immediately notifies D3 if he or she knows or suspects that his or her Credentials have become known to or used by any other person. Customer is fully responsible and liable for the security of all Credentials and all use and misuse of Credentials. D3 in its discretion may require proof at any time of the identity and authority of any person using Credentials and may refuse to accept or act upon any communication if D3 is not satisfied with the provided proof. If D3, in its discretion, considers a Credential to be unsecure or to have been used inappropriately, then D3 may immediately cancel the Credential without any notice to Customer, the affected Authorized User or any other person. D3 may require Authorized Users change their Credentials from time to time.
- (f) **Monitoring Use:** The vSOC System contains technologies that monitor, record and report to D3 information regarding each Authorized User’s access to and use the vSOC Service, and D3 may use that information for system administration purposes and to provide the vSOC Service and related services to Customer, and may disclose or make that that information available to Customer and Customer’s other personnel (including Administrators). Customer will obtain from each Authorized User his or her informed consent to the collection, retention, use, storage, processing and disclosure of information regarding the Authorized User’s access to and use of the vSOC Service as set out in this section 2.7(f) and as otherwise permitted by applicable law.

## 2.8 **Customer Data:**

- (a) **General:** During the term of this Agreement, Authorized Users may use the vSOC Service to store Customer Data in a Customer Environment and to access and use Customer Data (which may include Customer Data provided by other Authorized Users) in the Customer Environment.

- (b) **Security:** D3 will use commercially reasonable efforts appropriate to perceived risk to provide a commercially reasonable level of security for vSOC Systems to maintain the confidentiality and integrity of Customer Data while stored in a Customer Environment. If D3 becomes aware of a security breach of vSOC Systems that affects the security of Customer Data while stored in a Customer Environment, then D3 will notify Customer of the security breach, inform Customer of the steps being taken by D3 to resolve the security breach and prevent similar security breaches in the future, and reasonably cooperate with Customer to mitigate the adverse effects of the security breach.
- (c) **Encryption:** Customer Data stored in a Customer Environment will not be encrypted unless Customer purchases a Base License for a vSOC Module that provides data encryption functionality.
- (d) **Post-Term Access to Data:** Upon expiration or termination of this Agreement: (a) D3 will store all Customer Data that is then in a Customer Environment for a period of thirty (30) days (the “Data Protection Period”) or until Customer delivers a Data Destruction Notice (specified below), whichever is sooner; (b) upon request by Customer during the Data Protection Period, D3 will permit Customer to remotely access and download a full and complete copy of the Customer Data during the Data Protection Period; and (c) upon expiration of the Data Protection Period or receipt by D3 of a notice from Customer expressly directing D3 to destroy all Customer Data (a “Data Destruction Notice”), D3 will promptly permanently and irretrievably delete and destroy all Customer Data in all Customer Environments, and upon written request by Customer D3 will deliver to Customer a letter, signed by a senior D3 representative, certifying that D3 has complied with its obligations regarding the destruction of Customer Data set out in this section 2.8(d).

2.9 **Service Level:** Subject to the provisions of this Agreement, D3 will use commercially reasonable efforts so that the vSOC Service meets or exceeds the Service Level Guarantee specified in Schedule “A”.

### 3. Affiliates

3.1 **General:** Customer is fully responsible for all acts and omissions by or on behalf of each Affiliate, and all liabilities of each Affiliate, as if the acts, omissions and liabilities were those of Customer itself.

3.2 **Restrictions/Requirements:** Customer will ensure that each Affiliate complies with all of Customer’s obligations set out in this Agreement (including sections 2.4, 2.6, 7.5 and 7.5) relevant to the Affiliate’s use of the vSOC Service, Mobile Apps, Documentation and Services.

3.3 **Affiliate Covenant:** Before Customer allows an Affiliate to use or benefit from the vSOC Service, Documentation or Services, Customer will require the Affiliate to expressly covenant and agree to and for the benefit of D3 that the Affiliate is bound by the liability exclusions and liability limitations set out in section 10 and that D3 may rely upon and enforce the Affiliate’s covenant and agreement as an intended third party beneficiary. Customer will enforce each Affiliate’s covenant and agreement set out in this section 3.3 and is responsible and liable to D3 for any breach by an Affiliate of the covenant and agreement set out in this section 3.3.

3.4 **Former Affiliates:** If an entity that is an Affiliate is using or benefitting from the vSOC Service pursuant to this Agreement ceases to qualify as an Affiliate, then Customer will ensure that the entity immediately ceases using and benefitting from the vSOC Service.

3.5 **Affiliates are not Parties:** For greater certainty and notwithstanding any other provision of this Agreement: (a) an Affiliate is not a party to this Agreement; (b) Licenses are granted to Customer only (not to an Affiliate); and (c) an Affiliate’s ability to use the vSOC Service, Documentation and Services is derived from the Licenses granted to Customer under this Agreement.

### 4. Services

4.1 **Maintenance and Support:** During the term of this Agreement, D3 will provide Customer with Maintenance and Support for Customer’s use of the vSOC Service as set out in Schedule “A”.

4.2 **Professional Services:** Upon request by Customer, D3 in its discretion may agree to provide Professional Services to Customer as set out in a Purchasing Document (including a related statement of work). A statement of work regarding Professional Services will not be valid or binding unless and until the statement of work is in writing and signed by both Parties. Professional Services may be subject to

additional terms and conditions set out or referenced in the applicable Purchasing Document or statement of work.

## 5. Fees

5.1 **Fees:** Customer will pay to D3 or D3's authorized distributor (as specified in a Purchasing Document) the fees for the Licenses and Services specified in each Purchasing Document and as otherwise set out in this Agreement both in accordance with the GSA Schedule Prcelist.

5.2 **Taxes:** Vendor shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

5.3 **Invoices/Payments:** D3 or its authorized distributor will issue invoices for fees payable by Customer under this Agreement. Unless a Purchasing Document expressly states otherwise: (a) each invoice is due and payable within thirty (30) days after the receipt date of the invoice; (b) the annual fee for each License is payable upon commencement of the Maintenance and Support Period. Overdue payments are subject to interest at a rate indicated by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. Except to the extent required by applicable law, all amounts payable to D3 or its authorized distributor under this Agreement are payable in full without any deduction or withholding.

## 6. Ownership/Proprietary Rights

### 6.1 Customer Data:

(a) **Ownership:** As between the Parties, Customer will at all times own and retain all rights, title and interests (including intellectual property rights) throughout the world in, to and associated with all Customer Data. Except for the limited licenses to use Customer Data expressly set out in this Agreement, D3 will not acquire any right, title or interest in, to or associated with any Customer Data.

(b) **D3 Use of Customer Data:** Customer hereby grants and agrees to grant to D3 a non-exclusive, royalty-free, world-wide right and license during the term of this Agreement to Use Customer Data for the sole purpose of performing D3's obligations (including providing the vSOC Service) or exercising D3's rights under this Agreement. In this Agreement, "Use" means any and all forms and methods of use, including access, adapt, alter, archive, backup, change, collect, combine with and incorporate into other works, communicate (including by telecommunication), configure, copy, create derivative works from, delete, edit, enhance, host, install, load, modify, reformat, reproduce, store, translate and transmit.

6.2 **vSOC Modules/vSOC Service:** As between the Parties, D3 and its licensors will at all times own and retain all rights, title and interests (including all intellectual property rights) throughout the world in, to and associated with each vSOC Module, the vSOC Service, the vSOC System and Documentation. Customer will not acquire any right, title or interest in, to or associated with any of the vSOC Modules, the vSOC Service, the vSOC System or Documentation. All rights not expressly granted under this Agreement are reserved to D3.

6.3 **U.S. Government Entities:** If Customer is a branch or agency of the United States Government, then this section 6.3 applies. vSOC Modules, the vSOC Service and Documentation consist of "commercial computer software" and "commercial computer software documentation" as those terms are used in 48 C.F.R. §12.212 and qualify as "commercial items" as defined in 48 C.F.R. §2.101. vSOC Modules, the vSOC Service and Documentation are made available or provided to the United States Government consistent with the policy set out in 48 C.F.R. §12.212; 3. The United States Government will acquire only the limited licenses and rights expressly set out in this Agreement with respect to vSOC Modules, the vSOC Service and Documentation, and any use of vSOC Modules, the vSOC Service or Documentation by the United States Government constitutes: (i) agreement by the United States Government that that vSOC Modules, the vSOC Service and Documentation are "commercial computer software" and "commercial computer software documentation" as defined in this section; and (ii) acceptance of the rights and obligations set out in this Agreement. Contractor/manufacture is D3 Security Management Systems Inc., Suite 1000 - 1090 West Georgia Street, Vancouver British Columbia, Canada, V6E 4V2.

6.4 **Feedback:** If Customer, Affiliates or Authorized Users give feedback about vSOC Modules, the vSOC Service, the vSOC System or Documentation (including ideas or suggestions for enhancements or improvements to those items) to D3, then D3 and its successors, assigns and licensees may use and commercialize the feedback without providing any compensation to Customer, Affiliates, Authorized Users or any other person. For greater certainty, Customer, Affiliates and Authorized Users will not include in feedback to D3 any information that is confidential or proprietary to Customer, Affiliates, Authorized Users or any other person. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

6.5 **Trademarks:** D3™, D3 Security™, D3 Cyber™, the D3 Logo, vSOC™ and other related logos and marks are registered or unregistered trademarks of D3. Customer does not have any license or right to use any of those trademarks.

## 7. Additional Obligations

7.1 **No Disclosure of Confidential/Regulated Information:** Except for Customer Data transmitted to or stored in the vSOC Service, Customer will not disclose to D3 any information that Customer considers to be confidential or proprietary to Customer or any other person (including Customer's clients or employees) or any information (including personal information) the disclosure or use of which is regulated by applicable law. Neither this Agreement nor the pricing terms are confidential information notwithstanding any such markings. D3 recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

7.2 **Representations/Warranties of Customer:** Customer represents and warrants to D3 that Customer has the right, power, capacity and authority to enter into and perform Customer's obligations and exercise Customer's rights under this Agreement, and Customer's entering into this Agreement and performance of Customer's obligations and exercise of Customer's rights under this Agreement will not conflict with, or result in the breach of, any express or implied obligation or duty (contractual or otherwise) now or in the future owed by Customer to any other person.

7.3 **Technical Requirements:** Customer is solely responsible and liable for obtaining, provisioning, configuring, maintaining, paying for, and protecting from loss and damage, all equipment (including Client Devices), software and services necessary for Customer's use of the vSOC Service.

7.4 **Applicable Laws:** Customer will ensure that all use by or on behalf of Customer and Affiliates of the vSOC Service, Documentation and Services complies with all applicable laws, including all laws relating to data privacy, personal information protection, international communications and the exportation and transmission of software, technical data and other regulated materials.

7.5 **Unauthorized Use:** Customer will promptly notify D3 if Customer knows of or suspects any unauthorized access to or use of the vSOC Service.

7.6 **Subcontractors/Service Providers:** D3 in its discretion may engage subcontractors or third party service providers to assist D3 to perform and provide the vSOC Service and Services, but D3 will remain fully responsible for the vSOC Service and Services.

7.7 **Software/Technologies:** Notwithstanding any other provision of this Agreement, under no circumstances will Customer be entitled to directly or indirectly receive or obtain a copy of any of the computer software (whether in machine readable (compiled or object code) format or in source code format) or other technologies used by or on behalf of D3 to provide the vSOC Service or Services.

7.8 **Emergencies:** D3 may temporarily suspend the vSOC Service in order to prevent or remedy unauthorized access to or use of the vSOC Service or the vSOC System, including any actual or attempted access to or use of the vSOC Service or the vSOC System that interferes with or threatens, damages, disrupts, compromises or degrades the integrity, functionality, operation, performance or security of the vSOC Service or the vSOC System, or if D3 reasonably believes that the temporary suspension is reasonably necessary to prevent an imminent risk of harm, liability, loss or damage.

## 8. Indemnities

### 8.1 Reserved:

### 8.2 IP Infringement Indemnity by D3:

- (a) **Definitions:** In this Agreement: (i) **“IP Infringement Proceeding”** means an action brought against Customer or an Affiliate by an unaffiliated person in a court of competent jurisdiction in a Protected Jurisdiction that is based solely upon allegations that use of the vSOC Service by Customer or an Affiliate in accordance with this Agreement infringes or misappropriates a copyright or trademark under the laws of the Protected Jurisdiction that is owned by that unaffiliated person; (ii) **“IP Infringement Judgment”** means a final judgment against Customer or an Affiliate in favour of an unaffiliated person issued in an IP Infringement Proceeding to the extent that the judgment is based upon a finding that use of the vSOC Service by Customer or an Affiliate in accordance with this Agreement infringes or misappropriates a copyright or trademark under the laws of a Protected Jurisdiction that is owned by that unaffiliated person; and (iii) **“Protected Jurisdiction”** means Canada, the United States of America and the European Union.
- (b) **Defence and Indemnity:** Subject to sections 8.2(c) and 8.2(d), D3 will have the right to intervene to defend Customer and Affiliates against an IP Infringement Proceeding and indemnify Customer and Affiliates against a resulting IP Infringement Judgment, provided that Customer and Affiliates: (i) give D3 prompt notice of the IP Infringement Proceeding and any related demand (provided that a failure to give prompt notice will only relieve D3 of D3’s obligations under this section 8.2(b) if the failure to give prompt notice has caused, or is likely to cause, prejudice to D3); (ii) grant control of the defence and settlement of the IP Infringement Proceeding and any related demand to D3 (provided that D3 will not settle the IP Infringement Proceeding or a related demand in a way that requires Customer or Affiliates to take any affirmative action without Customer’s prior written consent, which consent will not be unreasonably withheld or delayed); (iii) agrees that the same legal counsel may jointly represent Customer and Affiliates, D3 and all other defendants in the IP Infringement Proceeding; and (iv) upon request by D3, reasonably cooperates with and assists D3 regarding the defence and settlement of the IP Infringement Proceeding and any related demand. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. Customer and Affiliates retain the right to participate (with counsel of their own selection at their sole cost and expense) in the defense of and settlement negotiations relating to an IP Infringement Proceeding.
- (c) **Additional Remedies:** Subject to section 8.2(d), if an IP Infringement Judgment prohibits Customer or an Affiliate from continued use of a vSOC Module in accordance with this Agreement, or if at any time D3 reasonably believes that a vSOC Module is likely to become the subject of an IP Infringement Judgment, then D3 in its discretion will either: (i) obtain for Customer and Affiliates the right to continue to use the vSOC Module in accordance with this Agreement; (ii) replace or modify the vSOC Module to make it non-infringing; or (iii) terminate all use of the vSOC Module by Authorized Users and promptly refund to Customer the prorated unused portion of the annual fee for the Base License for the vSOC Module.
- (d) **Exclusions/Limitation:** Sections 8.2(b) and 8.2(c) do not apply to an IP Infringement Proceeding or an IP Infringement Judgment based upon any actual or alleged infringement or misappropriation arising from, connected with, or relating to any of the following: (i) use of the vSOC Service in combination with any services, technology, software, hardware, data or other materials not provided by D3 or expressly authorized by this Agreement or the applicable Documentation (if the infringement allegation would not have been made absent the combination); (ii) a modification of the vSOC Service by a person other than D3; or (iii) a breach of this Agreement by Customer or any wrongful act or omission by Customer or any person for whom Customer is responsible under this Agreement or at law. Notwithstanding any other provision of this Agreement, in no event and under no circumstances will the total aggregate amount of D3’s obligations and liabilities pursuant to this section 8.2 (including all legal fees paid by D3 to defend against IP Infringement Proceedings and all amounts paid by D3 to settle IP Infringement Proceedings or related demands or to satisfy any obligations or liabilities resulting from IP Infringement Judgments) ever exceed the sum of \$500,000.
- (e) **Exclusivity:** This section 8.2 states Customer’s sole and exclusive remedies, and D3’s entire responsibility and liability, for any and all claims, complaints, demands, actions, suits and proceedings arising from, connected with, or relating to any actual or alleged infringement or misappropriation of any rights (including any intellectual property right) of any unaffiliated person.

## 9. Warranty and Disclaimers:

9.1 **Limited Warranty and Remedies:** D3 warrants that throughout the applicable Warranty Period each vSOC Module made available by D3 to Customer will operate and perform in substantial conformity with the applicable specifications set out in the applicable Documentation. The “**Warranty Period**” for a vSOC Module is ninety (90) days from the date on which D3 first makes the vSOC Module available for use by Customer. If there is a breach by D3 of the foregoing warranty, Customer’s sole and exclusive remedies and D3’s sole obligations to Customer are as follows, at D3’s option: (a) D3 will modify or replace the defective vSOC Module so that it operates and performs in substantial conformity with the applicable specifications set out in the applicable Documentation, unless the Documentation is in error in which case D3 will modify the Documentation to accurately reflect the actual, intended operation of vSOC Module; or (b) D3 will terminate all use of the vSOC Module by Authorized Users and promptly refund to Customer the fee paid by Customer for the Base License for the vSOC Module. The foregoing warranty and remedies will be available to Customer only if a warranty claim notice is delivered to D3 during the Warranty Period, and will not apply if the vSOC Module has been modified by any person other than D3 or to nonconformities caused by any of the following: (i) use of a vSOC Module in a manner inconsistent with the applicable Documentation or in breach of this Agreement; (ii) Customer’s failure to following instructions provided by D3 or set out in the applicable Documentation; or (iii) any other matter beyond D3’s reasonable control.

9.2 **GENERAL DISCLAIMER:** THE WARRANTY SET OUT IN SECTION 9.1 AND THE SERVICE LEVEL GUARANTEE SPECIFIED IN SCHEDULE “A” ARE IN LIEU OF ALL OTHER REPRESENTATIONS, WARRANTIES, CONDITIONS AND GUARANTEES RELATING TO THE vSOC SERVICE, DOCUMENTATION AND SERVICES. EXCEPT FOR THE WARRANTY SET OUT IN SECTION 9.1 AND THE SERVICE LEVEL GUARANTEE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE vSOC SERVICE (INCLUDING ALL vSOC MODULES), DOCUMENTATION AND SERVICES ARE PROVIDED “AS IS”, “AS AVAILABLE” AND “WITH ALL FAULTS”, AND WITHOUT ANY REPRESENTATIONS, WARRANTIES, CONDITIONS OR GUARANTEES OF ANY NATURE OR KIND WHATSOEVER, WHETHER EXPRESS, IMPLIED OR STATUTORY, OR ARISING FROM CUSTOM OR TRADE USAGE OR BY ANY COURSE OF DEALING OR COURSE OF PERFORMANCE, INCLUDING ANY REPRESENTATIONS, WARRANTIES, CONDITIONS OR GUARANTEES OF OR RELATING TO DURABILITY; FITNESS FOR A PARTICULAR PURPOSE; MERCHANTABILITY; NON-INFRINGEMENT; PERFORMANCE; QUALITY; RESULTS; SUITABILITY; TIMELINESS; TITLE; OR WORKMANLIKE EFFORT; ALL OF WHICH ARE HEREBY DISCLAIMED BY D3 TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW. CUSTOMER IS SOLELY RESPONSIBLE AND LIABLE FOR THE SELECTION OF THE vSOC SERVICE (INCLUDING ALL vSOC MODULES), DOCUMENTATION AND SERVICES, AND THE USE OF THE vSOC SERVICE, DOCUMENTATION AND SERVICES, TO ACHIEVE INTENDED RESULTS. CUSTOMER AND AFFILIATES USE THE vSOC SERVICE, DOCUMENTATION AND SERVICES AT THEIR OWN RISK.

9.3 **CUSTOMER DATA DISCLAIMER:** USE OF CUSTOMER DATA IS AT CUSTOMER’S OWN RISK. CUSTOMER IS SOLELY RESPONSIBLE AND LIABLE FOR, AND BEARS ALL RISKS AND LIABILITIES ASSOCIATED WITH, CUSTOMER DATA, INCLUDING THE ACCURACY, QUALITY, INTEGRITY, LEGALITY, RELIABILITY, APPROPRIATENESS AND INTELLECTUAL PROPERTY OWNERSHIP OR RIGHT TO USE OF CUSTOMER DATA. D3 IS NOT RESPONSIBLE OR LIABLE FOR THE DELETION, CORRECTION, DESTRUCTION, DAMAGE, LOSS OF OR FAILURE TO STORE ANY CUSTOMER DATA. D3 MAKES NO REPRESENTATION, WARRANTY, CONDITION OR GUARANTEE OF ANY NATURE OR KIND WHATSOEVER, WHETHER EXPRESS, IMPLIED OR STATUTORY, OR ARISING FROM CUSTOM OR TRADE USAGE OR BY ANY COURSE OF DEALING OR COURSE OF PERFORMANCE, REGARDING CUSTOMER DATA, AND DISCLAIMS ANY AND ALL RESPONSIBILITY AND LIABILITY FOR CUSTOMER DATA TO THE FULLEST EXTENT PERMITTED BY LAW.

9.4 **SECURITY DISCLAIMER:** SECURITY MEASURES (INCLUDING REQUIRING AUTHORIZED USERS TO USE CREDENTIALS) USED BY D3 TO PREVENT UNAUTHORIZED ACCESS TO CUSTOMER DATA MAY NOT PROTECT CUSTOMER DATA AGAINST UNAUTHORIZED ACCESS, USE, ALTERATION, DISCLOSURE OR DELETION. CUSTOMER ACKNOWLEDGES D3’S STRONG RECOMMENDATION THAT CUSTOMER PURCHASE LICENSES TO USE A vSOC MODULE THAT ENCRYPTS CUSTOMER DATA WHILE STORED IN A CUSTOMER ENVIRONMENT. D3 IS NOT RESPONSIBLE OR LIABLE FOR ANY UNAUTHORIZED ACCESS TO, OR USE, ALTERATION, DISCLOSURE OR DELETION OF, CUSTOMER DATA, WHETHER THROUGH ACCIDENT, FRAUDULENT MEANS OR DEVICES, OR ANY OTHER METHOD. D3 IS NOT REQUIRED TO VERIFY THE ACTUAL IDENTITY OR AUTHORITY OF ANY PERSON USING ANY CREDENTIALS, AND MAY ACT UPON ANY COMMUNICATION THAT IS GIVEN WITH THE USE OF CREDENTIALS. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, D3 IS NOT RESPONSIBLE OR LIABLE FOR ANY LOSS OR DAMAGE RESULTING FROM UNAUTHORIZED ACCESS TO OR USE OF CUSTOMER DATA THAT IS NOT ENCRYPTED.

9.5 **TECHNOLOGY DISCLAIMER:** THE vSOC SERVICE MAY BE AFFECTED BY NUMEROUS FACTORS BEYOND D3’S CONTROL, AND MAY NOT BE CONTINUOUS, UNINTERRUPTED OR SECURE. CUSTOMER ACKNOWLEDGES THAT

THE VSOC SERVICE MAY BE SUBJECT TO LIMITATIONS, DELAYS AND OTHER PROBLEMS INHERENT IN THE USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS, AND D3 IS NOT RESPONSIBLE OR LIABLE FOR ANY DELAYS, DELIVERY FAILURES OR OTHER DAMAGE RESULTING FROM THOSE PROBLEMS.

**9.6 DISCLAIMER FOR AUTHORIZED DISTRIBUTORS:** D3 DOES NOT MAKE OR GIVE ANY REPRESENTATIONS, WARRANTIES, CONDITIONS OR GUARANTEES OF ANY NATURE OR KIND WHATSOEVER REGARDING ANY OF THE PRODUCTS OR SERVICES OF D3'S AUTHORIZED DISTRIBUTORS. IF CUSTOMER ENGAGES ONE OF D3'S AUTHORIZED DISTRIBUTORS TO PROVIDE PRODUCTS OR SERVICES, THEN D3 IS NOT RESPONSIBLE OR LIABLE FOR ANY ACTS OR OMISSIONS OF THE DISTRIBUTOR OR FOR ANY OF THE DISTRIBUTOR'S PRODUCTS OR SERVICES.

**9.7 No High Risk Use:** THE VSOC SERVICE IS NOT FAULT-TOLERANT AND IS NOT DESIGNED OR INTENDED FOR USE IN ANY SITUATION WHERE FAILURE OR FAULT OF ANY KIND COULD LEAD TO DEATH OR SERIOUS BODILY INJURY OR TO SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE ("**HIGH RISK USE**"), INCLUDING THE OPERATION OF NUCLEAR OR CHEMICAL FACILITIES, AIRCRAFT OR OTHER MODES OF HUMAN MASS TRANSPORTATION, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL SYSTEMS, WEAPONS SYSTEMS, LIFE-SUPPORT MACHINES, OR CLASS III MEDICAL DEVICES UNDER THE UNITED STATES FEDERAL FOOD, DRUG AND COSMETIC ACT. HIGH RISK USE IS STRICTLY PROHIBITED, AND CUSTOMER, AFFILIATES AND AUTHORIZED USERS WILL NOT USE THE VSOC SERVICE IN, OR IN CONNECTION OR CONJUNCTION WITH, ANY HIGH RISK USE.

## **10. Liability Exclusions/Limitations**

**10.1 EXCLUSION/LIMITATION OF LIABILITY:** NOTWITHSTANDING ANY PROVISION OF THIS AGREEMENT EXCEPT SECTION 10.2, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW:

- (a) **EXCLUSIONS:** D3 GROUP'S LIABILITY (IF ANY) TO CUSTOMER GROUP ARISING FROM, CONNECTED WITH OR RELATING TO THIS AGREEMENT OR TO THE VSOC SERVICE, DOCUMENTATION OR SERVICES IS LIMITED TO DIRECT DAMAGES SUFFERED BY CUSTOMER ONLY, AND IN NO EVENT AND UNDER NO CIRCUMSTANCES WILL D3 GROUP BE LIABLE TO CUSTOMER GROUP OR ANY OTHER PERSON FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE OR EXEMPLARY LOSS OR DAMAGE, OR ANY LOSS OF DATA, LOSS OF INFORMATION, LOSS OF BUSINESS, LOSS OF MARKETS, LOSS OF SAVINGS, LOSS OF INCOME, LOSS OF PROFITS, LOSS OF USE, LOSS OF PRODUCTION, OR LOSS OF GOODWILL, ANTICIPATED OR OTHERWISE;
- (b) **LIMITATIONS:** IN NO EVENT AND UNDER NO CIRCUMSTANCES WILL D3 GROUP'S TOTAL AGGREGATE LIABILITY TO CUSTOMER GROUP ARISING FROM, CONNECTED WITH OR RELATING TO THIS AGREEMENT OR TO THE VSOC SERVICE, DOCUMENTATION OR SERVICES EVER EXCEED THE TOTAL AMOUNT OF FEES ACTUALLY PAID BY CUSTOMER TO D3 FOR LICENSES PURCHASED UNDER THE APPLICABLE PURCHASE ORDER(S) TOO LIMITED;
- (c) **APPLICATION:** THIS SECTION 10.1 APPLIES TO LIABILITY UNDER ANY THEORY OF LAW (INCLUDING CONTRACT, TORT, STRICT LIABILITY AND STATUTORY LIABILITY), REGARDLESS OF ANY NEGLIGENCE OR OTHER FAULT OR WRONGDOING (INCLUDING FUNDAMENTAL BREACH OR GROSS NEGLIGENCE) BY D3 GROUP OR ANY PERSON FOR WHOM D3 IS RESPONSIBLE, EVEN IF OTHER REMEDIES ARE NOT AVAILABLE OR DO NOT ADEQUATELY COMPENSATE FOR THE LOSS OR DAMAGE, AND EVEN IF D3 GROUP KNOWS OR OUGHT TO HAVE KNOWN OF THE POSSIBILITY OF THE POTENTIAL LOSS OR DAMAGE BEING INCURRED AND REGARDLESS OF WHETHER OR NOT THE LOSS OR DAMAGE WAS FORESEEABLE; AND
- (d) **DEFINITIONS:** IN THIS SECTION 10.1, "**D3 GROUP**" MEANS D3 AND ITS AFFILIATES AND THEIR RESPECTIVE PAST, PRESENT AND FUTURE SUPPLIERS, SERVICE PROVIDERS, LICENSORS, DISTRIBUTORS, PERSONNEL AND REPRESENTATIVES, JOINTLY AND SEVERALLY; AND "**CUSTOMER GROUP**" MEANS CUSTOMER AND AFFILIATES AND THEIR RESPECTIVE PERSONNEL AND REPRESENTATIVES (INCLUDING AUTHORIZED USERS), JOINTLY AND SEVERALLY.

**10.2 EXCEPTIONS:** THE EXCLUSIONS AND LIMITATIONS SET OUT IN SECTION 10.1 DO NOT APPLY TO: (A) D3'S OBLIGATIONS PURSUANT TO SECTION 8.2; (B) LIABILITY FOR DEATH OR BODILY INJURY CAUSED BY THE GROSS NEGLIGENCE OR WILLFUL ACT OR OMISSION OF D3 OR ITS PERSONNEL; (C) FRAUD; OR (D) ANY LIABILITY THAT CANNOT BE EXCLUDED OR LIMITED AS A MATTER OF APPLICABLE LAW.

**10.3 ACKNOWLEDGEMENT:** THE PARTIES ACKNOWLEDGE AND AGREE THAT THE ALLOCATION OF RISK SET OUT IN THIS AGREEMENT (INCLUDING IN SECTIONS 8, 9 AND 10) IS AN ESSENTIAL PART OF THE BARGAIN BETWEEN THE PARTIES, A CONTROLLING FACTOR IN SETTING THE FEES PAYABLE BY CUSTOMER FOR LICENSES AND SERVICES, AND AN INDUCEMENT TO THE PARTIES TO ENTER INTO THIS AGREEMENT.

## 11. Termination

11.1 **Term of Agreement:** Unless a Purchasing Document expressly states otherwise, this Agreement is effective as of the date of the first Purchasing Document and will continue in full force and effect until terminated in accordance with this Agreement.

11.2 **Termination of Agreement:** This Agreement will terminate immediately and automatically, without notice to Customer, if all Licenses expire or are terminated. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, D3 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

11.3 **Consequences of Termination:** If this Agreement is terminated for any reason: (a) all Licenses will terminate immediately and automatically, without notice to either Party, and Customer and all Authorized Users will immediately cease using the vSOC Service and Documentation; (b) all engagements for the provision of Services will terminate immediately and automatically, without notice to either Party, and D3 will no longer be obligated to perform any Services for Customer; (c) each Party will remain fully responsible and liable for all of the Party's obligations and liabilities arising prior to the termination of this Agreement; and (d) Customer will promptly pay all outstanding fees for the vSOC Service and Services provided prior to the termination date.

11.4 **Discontinuation of Service:** Notwithstanding any other provision of this Agreement, D3 in its discretion may terminate the availability of a vSOC Module at any time upon 180 days' prior notice of termination to Customer if D3 determines in its discretion to cease making the vSOC Module generally commercially available; and upon the termination D3 will refund to Customer the unused prorated portion of all fees paid in advance by Customer for use of the vSOC Module.

11.5 **Reserved.**

11.6 **Survival:** Notwithstanding any other provision of this Agreement, sections 2.4, 2.7(c), **Error! Reference source not found.**, 2.8(d), 4.1, 4.2, 4.3, 5, 6, 8, 9.2, 9.3, 9.4, 9.5, 9.6, 9.4, 10, 11.3, 11.6 and 12, and all other provisions necessary to the interpretation or enforcement of those sections, will survive the expiration or termination of this Agreement and will remain in full force and effect and be binding upon the Parties as applicable.

## 12. General

12.1 **Publicity:** D3 may include Customer's name in any published list or directory of D3 customers to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

12.2 **Notices:** Unless this Agreement expressly states otherwise: (a) D3 and its authorized distributors may deliver Purchasing Documents, invoices and notices to Customer by email, facsimile or delivery to Customer's addresses specified in a Purchasing Document or on record in Customer's file with D3 or its authorized distributors; and (b) Customer will give all notices to D3 under this Agreement in writing delivered by courier to D3 (Attention Legal Department) at D3's head office address specified on D3's website ([www.d3security.com](http://www.d3security.com)).

12.3 **Governing Law:** This Agreement and the subject matter of this Agreement and all related matters will be governed by, and construed in accordance with, the Federal laws of the United States, excluding any laws that implement the United Nations Convention on Contracts for the International Sale of Goods, the Uniform Commercial Code or the Uniform Computer Information Transactions Act, and excluding any rules of private international law or the conflict of laws that would lead to the application of any other laws.

12.4 **Disputes:** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, D3 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Each Party irrevocably waives all rights to trial by jury.

12.5 **Assignment:** This Agreement is binding upon and will enure to the benefit of the Parties and their respective successors and permitted assigns. Neither Party may assign this Agreement without the express prior written consent of the other Party.

12.6 **Force Majeure:** Excusable delays shall be governed by FAR 52.212-4(f) .

12.7 **Interpretation:** In this Agreement: (a) a reference to **“this Agreement”** refers to this Agreement as a whole (including all Contract Documents), together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), and not just to the particular provision in which those words appear; (b) headings are for reference only and do not define, limit or enlarge the scope or meaning of this Agreement or any of the provisions in this Agreement; (c) reference in a Contract Document to a section by number only is a reference to the appropriate section in the Contract Document in which the reference is made; (d) words importing the singular number only include the plural and vice versa; (e) **“person”** includes an individual, corporation, partnership, joint venture, association, trust, unincorporated organization, society and any other legal entity; (f) reference to a day, week, month, quarter or year, means a calendar day, calendar week, calendar month, calendar quarter or calendar year, unless expressly stated otherwise; (g) reference to currency is to the lawful money of the United States of America, unless expressly stated otherwise; (h) **“including”** or **“includes”** means including or includes (as applicable) without limitation or restriction; (i) **“discretion”** or **“option”** mean a person’s sole, absolute and unfettered discretion or option; and (j) **“law”** includes common law, equity, statutes and regulations, and reference to a specific statute includes all regulations made under the statute and all amendments to, or replacements of, the statute or any regulation made under the statute in force from time to time, as applicable.

12.8 **Contract Documents:** If there is a conflict or inconsistency between Contract Documents, then a Contract Document that expressly states that it amends or revises another Contract Document takes priority over that other Contract Document, and in the absence of an express statement of amendment or revision the order of priority is as follows: (a) Purchasing Documents ;(a) these General Terms and Conditions;

12.9 **Miscellaneous:** The Parties are non-exclusive, independent contracting parties, and nothing in this Agreement or done pursuant to this Agreement will create or be construed to create a partnership, joint venture, agency, employment, or other similar relationship between the Parties. If a provision of this Agreement is held by a court or arbitrator to be invalid or unenforceable for any reason, then the provision will be deemed severed from this Agreement and the remaining provisions will continue in full force and effect without being impaired or invalidated in any way, unless as a result of the severance this Agreement would fail in its essential purpose. If the consent or approval of a Party is required under this Agreement, then the Party in its discretion may withhold the consent or approval unless this Agreement expressly specifies otherwise. No consent or waiver by D3 to or of a breach of this Agreement by Customer will be effective unless in writing and signed by D3. Except as expressly set out in this Agreement, the Parties’ respective rights and remedies under this Agreement are cumulative and not exclusive of any other rights or remedies to which they may be entitled under this Agreement or at law, and the Parties are entitled to pursue all of their respective rights and remedies concurrently, consecutively and alternatively. The Parties have expressly requested and required that this Agreement and all related documents be written in the English language. If a Contract Document requires the signature of both Parties, then the Contract Document may be signed and delivered (including by facsimile transmission or by email in PDF or similar secure format) in counterparts, and each signed and delivered counterpart will be deemed an original, and both counterparts will together constitute one and the same document.

12.10 **Amendments:** This Agreement may not be amended except by a written document that expressly states that it is an amendment to this Agreement and is signed by both Parties or their respective successors or permitted assigns.

12.11 **Entire Agreement:** This Agreement together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s) sets out the complete agreement between the Parties with respect to the subject matter of this Agreement, and supersedes all previous communications, representations, negotiations, discussions, agreements, or understandings, whether oral or written, with respect to the subject matter of this Agreement. There are no representations, warranties, terms, conditions, undertakings or collateral agreements, express, implied or statutory, between the Parties other than as expressly set out in this Agreement. This Agreement takes priority over any end user license agreement that applies to a Mobile App.

## SCHEDULE "A" TO GENERAL TERMS AND CONDITIONS

### – SERVICE LEVEL –

This Schedule is part of the General Terms and Conditions of the *Subscription Agreement for D3 vSOC Service* and provides details of the Service Level Guarantee for the vSOC Service.

6. **Definitions:** In this Schedule:

- (a) **"Available"** means the vSOC Service is not experiencing a Service Outage.
- (b) **"Force Majeure Downtime"** means the total number of minutes during a month that the vSOC Service is not Available due to a Force Majeure Event.
- (c) **"Planned Downtime"** means the total number of minutes during a month that the vSOC Service is not Available due to scheduled and emergency maintenance work performed by or on behalf of D3.
- (d) **"Query"** means a query to the vSOC System from a supported Client Device using a compatible software Internet browser software application that meets the minimum requirements set out in the applicable Documentation or a supported version of a compatible Mobile App.
- (e) **"Service Outage"** means the vSOC Service has been completely unavailable and has failed to respond to a Query for at least one (1) minute, as measured by a commercially available tool (such as Gomez or Keynote) that measures global availability at the outbound ports of the external firewall of the vSOC System used to provide the vSOC Service.
- (f) **"Total Downtime"** means the total number of minutes in the month that the vSOC Service is not Available, including Planned Downtime and Force Majeure Downtime.
- (g) **"Total Minutes"** means the total number of minutes in the month.
- (h) Capitalized terms not defined in this Schedule are defined in other Contract Documents.

7. **Service Level Guarantee:**

- (a) **Definition:** The **"Service Level Guarantee"** is as follows: Uptime of not less than 99.5% during each month during the term of this Agreement. The Service Level Guarantee will apply commencing the first day of the first complete month during the term of this Agreement.
- (b) **Uptime:** In this Agreement, **"Uptime"** means the total amount of time during a month, not including Planned Downtime and Force Majeure Downtime, that the vSOC Service is Available, measured as a percentage and calculated as follows:

$$\text{Uptime} = \frac{\text{Total Minutes} - \text{Total Downtime}}{\text{Total Minutes} - \text{Planned Downtime} - \text{Force Majeure Downtime}}$$

8. **Service Level Credits:**

- (a) **General:** Subject to the provisions of this Agreement, if the vSOC Service does not achieve Uptime of 99.5% during a month then D3 will provide Customer with a credit (a **"Service Level Credit"**) calculated as set out in section 8(b). D3 will apply the Service Level Credit to the next invoice issued by D3 for fees payable by Customer to D3. Subject to section 8(c), a Service Level Credit is Customer's sole and exclusive remedy, and D3's entire responsibility and liability, if the vSOC Service does not achieve the Service Level Guarantee. Service Level Credits are not convertible to a cash refund or transferable to any other person. Customer will not be entitled to a Service Level Credit if Customer is in breach of its obligations under this Agreement.
- (b) **Calculation:** A Service Level Credit will be a percentage of the monthly fee (calculated by dividing annual fees by 12) paid or payable by Customer for all Named User Licenses for access to the vSOC Service for the relevant month. The applicable percentage will vary depending upon the Uptime during the month, as set out in Table 1.

Table 1 – Calculation of Service Level Credit	
Uptime during Month	Percentage of Monthly Fee for Named User Licenses
less than 99.5% but greater than or equal to 99.0%	1 %
less than 99.0% but greater than or equal to 98.0%	2 %
less than 98.0%	3 %

(c) **Termination for Chronic Failure:** If Customer receives a Service Level Credit in respect of any three (3) consecutive months during a year, then Customer may at its option terminate this Agreement by giving sixty (60) days' notice of termination to D3, provided that the termination notice is delivered not less than thirty (30) days after the last of the three (3) consecutive months in respect of which Customer receives a Service Level Credit.

9. **Other:**

(a) **Minutes:** For the purposes of measuring any of Force Majeure Downtime, Planned Downtime, and Total Downtime, a fraction of a minute that is less than a half minute will be rounded down and a fraction of a minute that is half a minute or greater will be rounded up.

(b) **Reporting/Claims:** If Customer reasonably and in good faith believes that the vSOC Service has failed to achieve the Service Level Guarantee in respect of a month, then by no later than three (3) days after the end of the month Customer may request that D3 provide Customer with a written report providing the data required for Customer to verify the Uptime during the month and calculate Customer's entitlement (if any) to a Service Level Credit. If Customer wishes to claim a Service Level Credit in respect of a month, Customer will submit a claim to D3 by email to sales@d3security.com by no later than thirty (30) days after the end of the month. A claim for a Service Level Credit submitted to D3 later than thirty (30) days after the end of the relevant month will be void and of no effect.

## SCHEDULE "B" TO GENERAL TERMS AND CONDITIONS

### – MAINTENANCE AND SUPPORT –

This Schedule is part of the General Terms and Conditions of the *Subscription Agreement for D3 vSOC Service* and provides details of Maintenance and Support that D3 will provide to Customer during the term of the Agreement.

1. **Definitions:** In this Schedule:

- (a) **"Incident"** means, subject to section 3, a technical problem in the vSOC Service that prevents the vSOC Service from operating or performing substantially in accordance with applicable specifications set out in the applicable Documentation.
- (b) **"Maintenance and Support"** means: (i) Remote Support for the vSOC Service; (ii) the implementation of Software Updates; and (iii) access to support tools and information (if any) for the vSOC Service available on D3's website ([www.d3security.com](http://www.d3security.com)) from time to time.
- (c) **"Remote Support"** means remote (telephone, online or email) troubleshooting, advice and assistance (including the implementation of Software Updates required to resolve Incidents) to assist Customer to resolve Incidents relating to the authorized use of the vSOC Service.
- (d) **"Remote Support Request"** means a report of an Incident or a request for Remote Support submitted by Customer's currently designated Support Contact to D3's Support Centre in accordance with the reporting procedures established and revised by D3 from time to time, details of which are available on D3's website at [www.d3security.com](http://www.d3security.com).
- (a) **"Software Updates"** means patches, fixes, corrections, minor enhancements, iterative releases and new versions to and of D3's proprietary software used for a vSOC Module.
- (e) **"Support Contact"** means an authorized employee of Customer with suitable qualifications and expertise regarding computer software and systems and who is authorized by Customer to request and receive Remote Support from D3.
- (f) Capitalized terms not defined in this Schedule are defined in other Contract Documents.

2. **Remote Support:**

- (a) **Availability:** Remote Support will be available during the hours of 6 AM to 6 PM Pacific Time, seven days a week, excluding Canadian and United States national holidays ("**Standard Support Hours**").
- (b) **Requests:** D3 will provide Remote Support in response to each Remote Support Request received by D3. For greater certainty, D3 is not obligated to provide Remote Support in response to a Remote Support Request submitted by an individual other than Customer's currently designated Support Contacts.
- (c) **Response Time:** D3 will use reasonable commercial efforts to acknowledge receipt of each Remote Support Request and commence investigation and diagnosis of an Incident within four (4) hours from the time that D3 receives a Remote Support Request for the Incident, provided that: (i) a Remote Support Request received by D3 outside Standard Support Hours will be deemed to be received when Standard Support Hours next commence; and (ii) for the purpose of calculating response time only time during Standard Support Hours will be counted.
- (d) **Incident Resolution:** D3 will use commercially reasonable efforts, consistent with the nature and severity of an Incident, to resolve the Incident. An Incident will be deemed resolved when: (i) D3 has advised Customer how to correct or bypass the Incident; (ii) D3 has provided customer with a commercially reasonable work-around for the Incident; (iii) D3 has implemented a modification to the vSOC Service to correct or bypass the Incident; (iv) D3 has offered to implement a Software Update to correct or bypass the Incident; or (v) D3 has determined and advised Customer that the Incident is not covered by Remote Support.
- (e) **Language:** D3 will provide Remote Support and all related materials in English only.

3. **Exclusions:**

- (a) **General:** Remote Support does not include first line, helpdesk support to Authorized Users. Remote Support does not apply to Client Devices or any other hardware or peripherals used in connection with the vSOC Service. Remote Support does not include training or consulting services. Remote Support is subject to the restriction that not all Incidents can or will be corrected or resolved.
- (b) **Excluded Incidents:** Remote Support does not apply to Incidents caused by or relating to any of the following: (i) use of the vSOC Service in a manner inconsistent with the applicable Documentation or in breach of this Agreement; (ii) an incompatible or malfunctioning Client Device; (iii) an Incident that could be avoided or resolved through the implementation of a Software Update that D3 has offered to implement for Customer; (iv) the interoperation of the vSOC Service with any other software, system or service; or (v) any other matter beyond D3 control. Remote Support does not apply to an Incident that cannot be replicated by D3 in D3's support environment.
- (c) **Additional Fees:** If a request for Remote Support relates to an Incident that D3 determines is excluded from Remote Support pursuant to either of sections 3(a) and 3(b), D3's work in connection with the Incident (including work to determine that the Incident is excluded from Remote Support and any work to remedy the Incident, if requested by Customer in writing and agreed to by D3) will be deemed to be Professional Services for which Customer will pay fees calculated on a time and materials basis using D3's then current professional services rates in accordance with the GSA Scheule pricelist rates.

4. **Software Updates:** Software Updates will be offered to Customer as and when they are made generally commercially available by D3 to D3's customers. D3 will use commercially reasonable efforts to obtain Customer's consent before D3 implements a Software Update, unless the Software Update is required to prevent an imminent risk of harm (including a security breach).

5. **Customer's Obligations:**

- (a) **Support Contacts:** Customer will designate as Support Contacts not more than two (2) individuals with suitable qualifications and expertise regarding computer software and systems, including the hardware and operating systems and related software required for the operation and use of vSOC Service, who are authorized by Customer to request and receive Maintenance and Support. Customer may change a Support Contact from time to time upon written notice to D3.
- (b) **First Line Support:** Customer will provide first line, helpdesk support to Authorized Users.
- (c) **Information:** Customer will timely provide to D3 all information reasonably requested by D3 regarding Remote Support, including detailed information regarding: (i) the Incident, including the exact wording of any relevant software error messages; (ii) the Client Devices used by Authorized Users; and (iii) all steps taken by the Customer to resolve the problem.
- (d) **Assistance:** Customer will reasonably assist D3 to provide Maintenance and Support by performing tasks reasonably requested by D3.

**MASTER TERMS FOR DATAROBOT SERVICES**  
**(Government End User Customers Only)**

DataRobot offers software and tools (“Software”), a DataRobot hosted service (“Hosted Service”) and on-premises service (“On-prem Service”) that facilitate faster development of more accurate predictive models and also offers certain ancillary applications, analytics, documentation, and technical support services (collectively the “Services”).

These Master Terms for DataRobot Services (“Master Terms”) are comprised of General Terms and Conditions attached as **Exhibit A** (“Terms and Conditions”), Hosted Services Terms and Conditions attached as **Exhibit B**, and the Software License attached as **Exhibit C**, Technical Support and Services Policy attached as **Exhibit D**, Supplemental GSA Terms attached as **Exhibit E**, and the AWS Acceptable Use Policy attached as **Exhibit F**.

## EXHIBIT A

### General Terms and Conditions

1. **ORDERING AND PROVISION OF SERVICES.** Upon agreement and execution of the Order Form (also referred to herein as the "Government purchase order"), DataRobot will provide the specified Services to End User pursuant to these Master Terms.

2. **RESERVED.**

3. **TERM AND TERMINATION.**

3.1 **Term.** Services shall be provided during the initial term set forth in the Order Form commencing on the Effective Date reflected therein. Thereafter, Services may be renewed only upon mutual written agreement.

3.2 **Suspension.** DataRobot may temporarily suspend End User's access to the Hosted Service and/or On-premises Service upon written notice in the event that DataRobot reasonably believes such action is necessary to protect the security or integrity of the Service or any data thereon.

3.3 **Reserved.**

3.4 **Effect of Termination.** Upon any termination of Services, all rights and obligations of the parties under this Agreement will be extinguished, except that (a) the rights and obligations under Sections 3.4, 3.5, 4, 7, 8, 9, 12, Exhibit B (Sections 4.2 and 4.3), Exhibit C (Sections 3, 8, 9) will survive the termination of Services, and (b) End User shall pay all unpaid and outstanding fees through the effective date of termination or expiration of Services. Within thirty (30) days following the termination of Services, DataRobot will destroy the End User Materials and any projects completed by End User using DataRobot (including any algorithms or predictive models) that DataRobot continues to have in its possession or control.

3.5 **Transfer of Predictive Model.** In the event that DataRobot ceases doing business, files a petition in bankruptcy, or otherwise is no longer able to provide or support the predictive model created using the Service, upon request, DataRobot will provide End User with the predictive model as well as any associated source code necessary to operate the predictive model in a standard production environment.

4. **OWNERSHIP.** As between DataRobot and End User, DataRobot (or its licensors) is the sole and exclusive owner, and will retain all right, title and interest in and to the Services, and all elements thereof, including without limitation all of the software or Software comprising any portion thereof (including any software involved in producing the Predictive Models) and all related services, specifications, documentation, technical information, corrections, modifications, additions, improvements and enhancements to and all intellectual property rights in the foregoing. As between DataRobot and End User, the End User Materials and any projects completed by End User using the Services (including any predictive models generated by End User through processing the End User Materials through the Hosted Service) (collectively "Predictive Models") shall be and remain the sole and exclusive property of End User. End User acknowledges and understands that, notwithstanding its ownership of the Predictive Models, any Predictive Models created on the Hosted Service or Software will remain on the Hosted Service or Software.

5. **LAWFUL CONDUCT.** End User shall comply with all applicable local, state, and Federal laws and regulations, and, to the extent that End User establishes offices outside the United States, applicable foreign laws, treaties, regulations, and conventions in connection with its use of the Services, including without limitation those related to privacy, electronic communications and anti-spam legislation. The Hosted Service is not designed for the transfer or processing of credit card or other sensitive financial information and is not PCI compliant. It is also not designed for the transfer or processing of any patient or other sensitive health care information or to be in compliance with any other specific regulatory requirements. End User shall comply with the export laws and regulations of the United States and other applicable jurisdictions in using the Services and obtain any permits, licenses and authorizations required for such compliance. Without limiting the foregoing, (i)

End User represents that it is not named on any U.S. Government list of persons or entities prohibited from receiving exports, (ii) End User shall not authorize Users to access or use the Services in violation of any U.S. export embargo, prohibition or restriction, and (iii) End User shall comply with all applicable laws regarding the transmission of technical data exported from the United States and the country in which its Users are located. End User will not knowingly send any electronic communication from or through the Services that is unlawful, harassing, libelous, defamatory or threatening; provided that End User has taken commercially reasonable measures to prevent all such occurrences.

**6. RESERVED.**

**7. RESERVED.**

**8. CONFIDENTIAL INFORMATION.**

**8.1** Each party acknowledges and agrees that it (and its contractor(s), if any), in performing its obligations under this Agreement, shall have access to or be directly or indirectly exposed to each other's Confidential Information. Each party shall hold confidential all Confidential Information and shall not disclose such Confidential Information to third parties nor use the other party's Confidential Information for any purpose other than as necessary provide or to use Services in support of its internal business purposes. Each party shall use reasonable measures and reasonable efforts to provide protection for each other's Confidential Information, including measures at least as strict as those each party uses to protect its own Confidential Information. Such measures shall include, without limitation, requiring employees and independent contractors to sign a non-disclosure agreement before obtaining access to the other party's Confidential Information and such other measures as the party takes to protect its Confidential Information or trade secrets in the course of its business. "Confidential Information" means information in the possession or under the control of a party relating to the technical, marketing, product and/or business affairs or proprietary and trade secret information of that party in oral, graphic, written, electronic or machine readable form, End User Materials, source code and information pertaining to usage and design of the Services, and the terms and conditions of this Agreement.

**8.2** The foregoing restrictions on disclosure shall not apply to Confidential Information which is (a) already known by the recipient, (b) becomes, through no act or fault of the recipient, publicly known, (c) received by recipient from a third party without a restriction on disclosure or use, or (d) independently developed by recipient without reference to the other party's Confidential Information.

**8.3 RESERVED.**

**8.4** Nothing in this Section 8 is intended or shall be construed to prevent any person or entity from lawfully reporting fraud, waste or abuse under any U.S. Government contract to an investigative or law enforcement representative of a U.S. Government agency.

**9. WARRANTY; LIMITATION OF LIABILITY.**

**9.1** DataRobot warrants that Software will operate in substantial conformance with DataRobot's User Documentation for ninety (90) days following delivery or otherwise being made available to End User. DataRobot makes no representation, or warranty of any kind, express or implied, as to the condition, character, nature, capability, performance, security, availability, suitability, or any other characteristic of the Service or any portion thereof. DATAROBOT HEREBY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SERVICES, INCLUDING: (A) ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE; (B) ANY IMPLIED WARRANTY ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE OR USAGE OF TRADE; OR (C) ANY WARRANTY THAT ANY OF THE SERVICES WILL BE SECURE OR ERROR-FREE, WILL MEET END USER'S REQUIREMENTS, WILL CONTAIN ANY PARTICULAR FEATURES OR FUNCTIONALITY, WILL ALWAYS BE AVAILABLE, ACCESSIBLE, UNINTERRUPTED, TIMELY OR SECURE, OR OPERATE WITHOUT ERROR. In the event of a breach of this warranty, End User must notify DataRobot promptly and in no event later than thirty (30) days following discovery of the deficiency. DataRobot shall remedy the deficiency by either repairing or replacing the Software, or if in DataRobot's sole judgment the deficiency cannot be remedied in a commercially reasonable manner, DataRobot may request that the Software be returned and refund fees paid.

**9.2** EXCEPT WITH RESPECT TO DAMAGES OR LIABILITY ARISING FROM (A) A PARTY'S BREACH OF ITS OBLIGATIONS WITH RESPECT TO CONFIDENTIAL INFORMATION, (B) GROSS NEGLIGENCE OR INTENTIONALLY WRONGFUL ACTS OR OMISSIONS, OR (C) INTENTIONAL MISAPPROPRIATION OR MISUSE OF THE OTHER PARTY'S INTELLECTUAL PROPERTY OR LICENSE TERMS, IN NO EVENT SHALL (I) EITHER PARTY BE LIABLE FOR CONSEQUENTIAL, INDIRECT, INCIDENTAL, PUNITIVE, EXEMPLARY OR SPECIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES, INCLUDING ANY LOSS OF REVENUE, PROFITS, OR DATA, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; AND (II) EITHER PARTY'S TOTAL AGGREGATE LIABILITY ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT FOR ALL CLAIMS ACCRUING DURING THE TERM OF THIS AGREEMENT EXCEED THE ORDER AMOUNT FOR THE DATAROBOT SERVICES GIVING RISE TO THE LIABILITY.

**9.3** WITHOUT IN ANY WAY LIMITING THE EFFECT OF SECTIONS 9.1 AND 9.2 ABOVE, END USER ACKNOWLEDGES AND AGREES THAT (I) THE SERVICES CONTAIN A NUMBER OF ANALYTICAL TOOLS THAT SHOULD ONLY BE USED BY SOPHISTICATED PROFESSIONALS HAVING PROFESSIONAL EXPERIENCE IN MATTERS RELATING TO MODELING ACTIVITY AND THE SERVICES; AND (II) THERE IS NO REPRESENTATION OR GUARANTEE MADE BY DATAROBOT THAT THE RESULTS OF THE SERVICES (INCLUDING ANY PREDICTIVE MODELS) WILL BE ACCURATE OR PRODUCE THE DESIRED RESULTS OR EXPECTED OUTCOMES. IN NO EVENT WILL DATAROBOT BE DEEMED TO BE PROVIDING ANY REGULATED SUPERVISORY OR ADVISORY SERVICES. AS SUCH, END USER ACKNOWLEDGES THAT THE SERVICES ARE ONLY INTENDED TO ACT AS A BASIC INFORMATION AND INTELLIGENCE TOOL AND FOR THE AVOIDANCE OF DOUBT, NONE OF THE INFORMATION AND MATERIAL FORMING PART OF THE SERVICES (INCLUDING BUT NOT LIMITED TO, ANY DATA) IS INTENDED TO CONSTITUTE A RECOMMENDATION TO MAKE (OR REFRAIN FROM MAKING) ANY KIND OF DECISION.

**9.4** THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO AN ORDER UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733, PERSONAL INJURY OR DEATH CAUSED BY GROSS NEGLIGENCE, OR FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

**10. NOTICES.** Unless otherwise specifically provided in these Master Terms, every notice or other communications required or permitted under these Master Terms shall be valid only if in writing and shall be delivered by e-mail, fax, personal delivery; by nationally recognized overnight courier service; or by certified or registered mail, return receipt requested, addressed to the names and addresses of each party set forth on the corresponding Order Form or similar document.

**11. MARKETING AND PUBLICITY.** The parties shall have the right (but not the obligation) to issue a press release announcing and promoting the parties' relationship, and the right to advertise and promote the relationship; provided that a party shall not exercise such rights without the prior written consent of the other party. DataRobot acknowledges that advertising relating to an Order is limited by GSAR 552.203-71. Nothing in this Agreement shall give a party the right or license to use any trade names, trademarks, service marks or other brand indicia used in connection with the Services without the other party's prior written consent.

**12. GENERAL PROVISIONS.** The titles of the sections of the Master Terms are for convenience only and shall not affect the interpretation or construction of any section. Whenever possible, each provision of the Master Terms shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions. A waiver of any of the terms in the Master Terms, or any breach or default hereunder, shall not be deemed or construed as a waiver of such terms for the future or any subsequent breach or default, whether or not of the same or similar nature. The Master Terms may only be modified, amended or supplemented by DataRobot in writing.

## EXHIBIT B

### Hosted Service Terms and Conditions

#### 1. DESCRIPTION OF HOSTED SERVICE.

**1.1 Hosted Service.** Subject to the terms and conditions contained in this Exhibit B, DataRobot agrees to use commercially reasonable efforts to furnish the Hosted Service to End User and any other ancillary services, if any, described on the Order Form.

**1.2 Availability of Hosted Service.** DataRobot will use commercially reasonable efforts to make the Hosted Service available to End User twenty four hours a day, seven days per week, three hundred sixty five days per year, except for certain scheduled service and maintenance or in the event of emergency or events of force majeure. Notwithstanding the foregoing, DataRobot will not be responsible for any downtime or failure to meet such Hosted Service availability goals. DataRobot will make good faith efforts to perform service and maintenance to the Hosted Service outside peak usage hours. End User acknowledges that availability of the Hosted Service may be affected by: (i) telecommunication network activity or capacity; (ii) hardware failures; and/or (iii) compatibility with third party communication equipment, Internet access software and/or browsers not in accordance with the Hosted Service requirements. DataRobot disclaims any and all responsibility for any service interruption in connection with such activity, capacity, failure and/or compatibility. End User is responsible for providing all equipment and telecommunication services necessary to access the Hosted Service.

**1.3 Modifications to Hosted Service.** DataRobot reserves the right to change the Hosted Service (including the content, appearance, design, functionality and all other aspects thereof), access procedures, tools, documentation, format requirements, communications protocols and services offered at any time for any reason. In the event that DataRobot makes any changes to the Hosted Service that have a material and adverse impact on End User's use of the Hosted Service or eliminates or materially degrades any core feature of the Hosted Service, End User will have the right to terminate such modified Hosted Services upon thirty (30) days prior written notice. In the event of such termination, DataRobot will refund any prepaid, but unused fees.

**1.4 Technical Support.** DataRobot or its Distributor, as applicable will provide End User with reasonable technical support for the Hosted Service in accordance with DataRobot's standard Support Policy.

**1.5 System Security.** DataRobot will implement and maintain customary and commercially reasonable industry standard administrative, physical and technical data security measures designed to prevent unauthorized access, collection, use, or disclosure or to the End User Materials and will periodically review and update such measures and maintain the same in accordance with no less than industry standard methods of protection.

**1.6 Right to Remove.** DataRobot may remove or block any text, images, artwork, technology and other content, data, information, materials and other items provided or made available to DataRobot or on the Hosted Service by End User or its users ("End User Materials") at any time where (a) such End User Materials violate applicable laws, regulations, orders, or is in violation of DataRobot's [Acceptable Use Policy](#); (b) removal or blocking is necessary because of exigent circumstances or to protect the safety, security, reputation, or integrity of the Hosted Service, DataRobot, or any third party; or (c) in order to respond to law enforcement or any other governmental authority.

#### 2. END USER RESPONSIBILITIES

**2.1 Passwords.** End User acknowledges that use of the Hosted Service requires that its users register with DataRobot. End User shall cause all employees or contractors of End User authorized to access the Hosted Service ("Users") to create an account to have access to the Hosted Service ("Registered Users"). End User shall cause each Registered User to (a) provide true, accurate, current and complete information about the User prompted by the registration form (such information being the "Registration Data") and (b) maintain and promptly update the Registration Data to keep it true, accurate, current and complete. To protect the safety, security, reputation, or integrity of the Hosted Service, DataRobot may suspend or terminate any Registered User account and refuse any and all current or future use of the Hosted Service (or any portion thereof) to any user that provides false or inaccurate data. Each Registered User is entirely responsible for the security and confidentiality of such User's password and account. End User and each Registered User are entirely responsible for any and

all activities that occur under that Registered User's account. End User shall immediately notify DataRobot of any unauthorized use of a Registered User's account or any other breach of security of which End User becomes aware.

**2.2 Accuracy and Review of End User Material.** End User assumes sole responsibility for: (a) the End User Materials; and (b) ensuring that the End User Materials do not infringe or violate any right of any third party.

**3. DATA BACKUP.** DataRobot disclaims any and all responsibility for any loss of any End User Materials, data or results from the Hosted Service. DataRobot is not responsible for the backup of any End User Materials, data or results. End User acknowledges that data conversion, processing and manipulation are subject to the likelihood of human and machine errors, omissions, delays, and losses, including inadvertent loss of data or damage to media that may give rise to loss or damage. End User is solely responsible for independent backup of data generated or stored through the use of the Hosted Service. To the extent within its control, End User is responsible for adopting reasonable measures to limit the impact of such problems, including backing up data, and adopting procedures to ensure the accuracy of input data; examining and confirming results prior to use; and adopting procedures to identify and correct errors and omissions, replace lost or damaged media, and reconstruct data. End User is also responsible for complying with all local, state, and Federal laws pertaining to the use and disclosure of any data or End User Materials. In the event of termination or expiration or disconnection of the Hosted Service, DataRobot may delete, retain, review, use or store, in its discretion, any files, programs, data or messages, including End User Materials, associated with End User's account.

#### **4. LICENSE GRANTS**

**4.1 DataRobot's Grant of License.** So long as Registered Users of End User complies with DataRobot's [Acceptable Use Policy \(Exhibit F\)](#), if any, DataRobot grants Registered Users of End User a limited, royalty-free, non-exclusive, non-transferable license to use, access, input data into, process data through and publicly display the Hosted Service for End User's internal use. End User (or a Registered User) may not use, copy, modify, rent, loan, lease, sublicense, create derivative works or distribute the Hosted Service for any other purposes or make the Hosted Service available to non-Registered Users. DataRobot grants no rights other than explicitly granted herein, and End User shall not exceed the scope of its license. End User will not, and will not authorize Registered Users to: (i) sell, resell, lease, lend, or the functional equivalent thereof, the Hosted Service in whole or in part, to a third party, (ii) in any way alter, change, modify, adapt, translate or make derivative works of the Hosted Service, (iii) transmit any viruses or programming routines intended to damage, surreptitiously intercept, or expropriate any system, data or personal information, or (iv) sublicense or operate the Hosted Service for timesharing, rental, outsourcing, or service bureau operations, or to train persons other than Registered Users. DataRobot reserves all rights not expressly granted to End User hereunder. All techniques, know-how, software, algorithms and methods or rights thereto owned by DataRobot prior to commencement of Hosted Services, developed during the course of the design, development, and provision of the Hosted Service, or which are employed by DataRobot in connection with the Hosted Service, shall be and remain the property of DataRobot. End User shall not decompile, disassemble, or reverse engineer the Hosted Service or any elements of the Service, or otherwise derive source or object code from the Hosted Service or any elements thereof. End User agrees not to access the Service by any means other than through the interfaces that are provided by DataRobot. End User shall not do any "mirroring" or "framing" of any part of the Hosted Service, or create Internet links to the Hosted Service which include log-in information, user names, passwords, and/or secure cookies. End User shall ensure that all access and use of the Hosted Service by Registered Users is in accordance with the Master Terms, including but not limited to those Registered Users that are contractors and agents.

**4.2 End User's Grant of License.** End User hereby grants to DataRobot a worldwide, non-exclusive, royalty-free, license to use, distribute, reproduce, digitally perform, make, have made, store, maintain and import all End User Materials, and evaluate End User use, for the purposes of providing and operating the Hosted Service. The license may also be exercised on behalf of DataRobot by third parties acting on DataRobot's behalf (e.g., technology partners, service providers and independent contractors).

**4.3 Feedback.** DataRobot may use or incorporate into any of the Services any suggestions, ideas, enhancement requests, feedback, recommendations or other information provided by End User relating to the operation of the Hosted Service.

## EXHIBIT C

### Software License

#### 1. SOFTWARE LICENSE

**1.1 Licenses.** DataRobot grants and End User hereby accepts, subject to the terms and conditions contained herein, a limited, royalty-free, non-transferable, non-exclusive, license during the Term specified on the Order Form to install, integrate, use, input data into, process data through and publicly display, without the right to sublicense, in object code form only, the Software specified on the Order Form and related User Documentation solely for End User's internal business purposes.

**1.2 Restrictions.** End User acknowledges that the Software and its structure, organization and source code constitute valuable trade secrets of Data Robot. Except as otherwise set out in the Master Terms or in any Order Form, End User may not use, copy, modify, rent, loan, lease, sublicense, create derivative works or distribute the Software for any other purposes or make the Software available to third parties. DataRobot grants no rights other than explicitly granted herein, and End User shall not exceed the scope of its license. End User will not, and will not authorize any third party to: (i) sell, resell, lease, lend, or the functional equivalent thereof, the Software in whole or in part, to a third party, (ii) in any way alter, change, modify, adapt, translate or make derivative works of the Software, (iii) transmit any viruses or programming routines intended to damage, surreptitiously intercept, or expropriate any system, data or personal information, or (iv) sublicense or operate the Software for timesharing, rental, outsourcing, or service bureau operations. DataRobot reserves all rights not expressly granted to End User hereunder. All techniques, know-how, software, and methods or rights thereto owned by DataRobot prior to commencement of the license, developed during the course of the design, development, and license of the Software, or which are employed by DataRobot in connection with the Software, shall be and remain the property of DataRobot. End User shall not decompile, disassemble, or reverse engineer the Software or any elements of the Software, or otherwise derive source or object code from the Software or any elements thereof.

**1.3 Backup Copy.** End User may make a reasonable number of copies of the Software for archival, disaster recovery, load balancing, and backup purposes. All copies of the whole or any portion of the Software in any form shall remain the exclusive property of DataRobot. All titles, trade-marks, copyright and restricted rights notices shall be reproduced in such copies. All archival and backup copies of the Software are subject to the Master Terms.

**1.4 Delivery.** DataRobot shall deliver the Software and the User Documentation to End User by the date designated in the applicable Order Form by electronic delivery (the "Delivery Date"). DataRobot will advise End User promptly of any expected delay in the Delivery Date. End User will acknowledge receipt of the Software immediately upon receipt.

**1.5 Third-Party Software.** End User shall be responsible for purchase of all third party software licenses necessary to operate the Software. DataRobot has identified all such third party software licenses to End User. To the extent that the Software contains third party software, DataRobot has identified all such third party software.

**2. RESPONSIBILITIES OF END USER.** End User will: (a) promptly communicate all Software malfunctions and errors to DataRobot; (b) operate the Software solely in environments designated by DataRobot; (c) promptly install bug fixes and error corrections sent by DataRobot to remedy malfunctions; (d) promptly install, or assist in installing, such Software Updates as DataRobot may release during the Term; (e) allow DataRobot full and free access to the Software for operations monitoring and remote maintenance and repairs; (f) be responsible for maintaining a procedure for reconstruction of lost or altered files, data or programs and for actually reconstructing any lost or altered files, data or programs; and (g) be responsible for all work required on End User's host system to integrate and configure the Software to produce End User's desired functionality.

### 3. OWNERSHIP OF SOFTWARE AND DOCUMENTATION

**3.1 Ownership and Confidentiality.** THIS SOFTWARE IS LICENSED, NOT SOLD. All right, title and interest in the Software and the User Documentation, including without limitation, all copyrights, trade secrets, patents, and other intellectual property rights is owned by DataRobot and its suppliers. End User must take those reasonable steps necessary to protect DataRobot's and its suppliers' proprietary rights in the Software related to End User's use and possession of the same. End User must keep the Software confidential and must not disclose or publish it, or any part of it, to others, except as specifically provided herein. All design elements of the Software, including but not limited to the design, text, graphics, interfaces and the selection and arrangement thereof, are protected by copyrights and trademarks owned by DataRobot. All techniques, know-how, software, algorithms and methods or rights thereto owned by DataRobot prior to commencement of the license, developed during the course of the design, development, and provision of the Software, or which are employed by DataRobot in connection with the Software, shall be and remain the property of DataRobot. ALL RIGHTS NOT EXPRESSLY GRANTED HEREIN ARE RESERVED TO DATAROBOT. Other product, publication, and company names herein are not intended as a claim of right by DataRobot and may be the trademarks of their respective owners.

**3.2 Proprietary Notices.** End User agrees not to alter, remove, deface or destroy any copyright, trade-mark or proprietary markings or confidential legends placed upon or contained in the Software, the User Documentation or any related material.

**3.3 Reserved.**

**3.4 Feedback.** DataRobot may use or incorporate into any of the Services any suggestions, ideas, enhancement requests, feedback, recommendations or other information provided by End User relating to the operation of the Software.

### 4. MAINTENANCE

**4.1 Upgrades to the Software.** DataRobot may, in its sole discretion, make improvements, develop new features, upgrades, or enhancements ("Upgrades") to the Software. In some cases, DataRobot may, at its sole discretion make such Upgrades available as a separate plug in or for a separate fee. In no event will DataRobot be required to develop and/or provide End User with any specific Upgrades to the Software or make such Upgrades available for free. In the event that such Upgrades are not available for free, End User will continue to have access to its original Software at no additional cost for the duration of the Term specified in the Order Form.

**4.2 Updates and Bug Fixes to the Software.** DataRobot will use commercially reasonable efforts to develop bug fixes and updates to remedy any errors in the Software discovered by DataRobot. During the Term and provided that End User has paid the Annual Maintenance Fee, if any, designated on the Order Form, DataRobot will deliver to End User copies of any and all updates, bug fixes, or maintenance releases of the Software that DataRobot generally makes available for no additional cost to its other End Users (the "Updates") no later than the date on which DataRobot either first makes Updates available to its other End Users or commercially releases the Updates, whichever date is earlier. All Updates shall be included within the licenses granted hereunder. For the purposes of these Master Terms, the term "Software" shall include any and all Updates.

**4.3 Term of Maintenance Services.** The provision of Maintenance Services shall commence upon the Effective Date and will be provided for the term on the Order Form.

**5. AUDIT.** DataRobot may, upon thirty (30) days prior notice and at any time during reasonable business hours, not more than once every twelve months, either on its own or in conjunction with its professional representatives, conduct an audit of the use by End User of the Software to ensure that End User is complying with these Master Terms.

**6. NO LICENSE TO OTHER PRODUCTS.** The license granted in this Exhibit is limited to only the Software. It is End User's responsibility to evaluate whether licenses to other products are necessary or desirable in order to use

the licenses granted herein. DataRobot makes no representations or warranties with regard to the necessity of licenses to other products in order to make the best use of the Software.

7. **NO SUPPORT SERVICES.** Except as may otherwise be expressly provided in writing, DataRobot is under no obligation to provide any support services to End User with respect to the Software (including, without limitation, any installation of the Software, training or technical support).

8. **RETURN OF SOFTWARE.** Upon termination of the license, End User will return all copies of the Software and User Documentation licensed under all terminated Order Forms, whether modified or unmodified, and other material associated with the Software furnished to End User within thirty (30) days following the date of such termination. At DataRobot's request, End User will destroy all copies of the Software, User Documentation and other materials not returned to DataRobot and certify to DataRobot in writing of End User's full compliance with DataRobot's request.

9. **IMPORT AND EXPORT REGULATIONS.** End User acknowledges and agrees that it shall not import, export, or re-export, directly or indirectly, any commodity (including, but not limited to the Software, related products or related information) to any country in violation of the laws and regulations of any applicable jurisdiction. This restriction expressly includes, but is not limited to, the export regulations of the United States, and the import and export restrictions of the jurisdiction to which the Software is delivered. End User further agrees to defend, indemnify, and hold DataRobot harmless for any losses, costs, claims or other liabilities arising out of End User's breach of this Section.

## Exhibit D

### DATAROBOT TECHNICAL SUPPORT AND SERVICES POLICY

This DataRobot Technical Support and Services Policy (“Support Policy”) describes the support provided by DataRobot to Customers of the Service. This Support Policy covers On-Prem Services and Hosted Services, but Section 5 and 7 below shall apply only to Hosted Services.

#### 1. Definitions

“**Business Day**” means Monday through Friday (Customer Local Time), excluding holidays observed by DataRobot.

“**Business Hours**” means 9:00 a.m. to 5:00 p.m. (Customer Local Time) on Business Days.

“**Support Contact**” means designated Customer personnel with DataRobot Support Portal account.

#### 2. Term

The Support Policy shall cover any Service for the term of such Service as specified on the applicable Order Form. The term of support may be extended if the term of the Service is also extended.

#### 3. Technical Support Contact Information

Support Contact(s) may contact DataRobot technical support by opening a case via the DataRobot Support Portal ([support.datarobot.com](http://support.datarobot.com)) to request information regarding the use, configuration or operation of the DataRobot Products running on any Supported environment.

#### 4. Support Services Obligations

DataRobot will use commercially reasonable efforts, commensurate with the severity of the error, to correct any malfunction, defect or non-conformity (“Error”) in the operation of the Software so that it will substantially perform in accordance with DataRobot documentation. Customer shall conduct reasonable and adequate research with respect to any claimed Error or related issue prior to contacting DataRobot for assistance. Client will respond promptly to all reasonable DataRobot requests for information, documentation, technical assistance and other assistance regarding any such Error. Each reported Error will be logged and tracked by DataRobot, assigned a tracking identifier which can be used by Customer to refer to the reported Error, and will remain open until the issue is resolved. Assignment of severity level will be determined by DataRobot in its reasonable discretion.

DataRobot shall use commercially reasonable efforts to deliver a solution or an action plan to correct any reported Error as follows:

<b>CASE PRIORITY</b>	<b>DataRobot Responsibilities</b>	<b>Customer Responsibilities</b>	<b>Definition</b>
Level 1	FOR 8x5 SUBSCRIPTION: Resources dedicated Monday through Friday during Business Hours.  FOR 24x7 SUBSCRIPTION: Resources available 24x7 until a resolution or workaround is in place.	FOR 8x5 SUBSCRIPTION: Designated resources that are available Monday through Friday during Business Hours. Ability to provide necessary diagnostic information.  FOR 24x7 SUBSCRIPTION: Designated resources available 24x7 until a resolution or workaround is in place. Ability to provide necessary diagnostic information.	A condition in which all or a critical portion of the Software is not operating.

Level 2	FOR 8x5 SUBSCRIPTION Resources available Monday through Friday during Business Hours until a resolution or workaround is in place	FOR 8x5 SUBSCRIPTION Resources available Monday through Friday during local Business Hours until a resolution or workaround is in place. Ability to provide necessary diagnostic information.	A condition in which the Software is disrupted, but there is some capacity to operate and conduct business for a majority of Customer's users.
Level 3	Resources available Monday through Friday during Business Hours until a resolution or workaround is in place	Resources available Monday through Friday during Business Hours until a resolution or workaround is in place. Ability to provide necessary diagnostic information.	A condition whereby Customer has experienced a partial, non-critical loss of functionality.
Level 4	Solid understanding of the customer request documented in our systems for review by Product Management	Use cases for the feature request and specifics on requested functionality	A condition whereby functionality of the Software is not affected, but a change is desired solely for aesthetic, "look and feel," or similar reasons.

<b>CASE PRIORITY</b>	<b>INITIAL RESPONSE TARGET 8x5 SUBSCRIPTION</b>	<b>UPDATE FREQUENCY TARGET 8x5 SUBSCRIPTION</b>
Level 1	Within 1 business hour	Updated every 4 business hours
Level 2	Within 2 business hours	Updated every business day

Level 4	Within 2 business days	N/A, feature request
<b>CASE PRIORITY</b>	<b>INITIAL RESPONSE TARGET 24X7 SUBSCRIPTION</b>	<b>UPDATE FREQUENCT TARGET 24X7 SUBSCRIPTION</b>
Level 1	Within 1 hour	Continuous effort with written updates every 4 hours

For a Level 1 failure, the Parties agree to activate a management call-out and escalation list for the purpose of problem resolution.

With the Customer's written permission, DataRobot may access error logs and application logs held by Customer for the sole purpose of providing proactive support and fixes to the Software. This may require a connection to the Customer's system, or the Customer can establish a means of getting this information to DataRobot personnel in a manner conducive to providing efficient support (e.g. posting logs to a secure ftp site).

## 5. Maintenance

DataRobot may perform maintenance to the equipment, Software or any other elements of the hardware or infrastructure as DataRobot deems necessary for the provision of the Service. During such maintenance, Customer may not be able to access the Service. DataRobot will maintain at least one page that informs Customer and its users of the Service that maintenance is underway along with an estimate of when the Service will be available for use. DataRobot will use commercially reasonable efforts to keep the frequency and duration of impeded access during the maintenance period to a minimum.

## 6. Assumptions

This Support Policy does not apply to any software, equipment, or services not purchased from DataRobot, e.g.

internal Customer IT security settings. DataRobot shall not be obligated to provide support services for the Service if the Service is not used in accordance with the then current Documentation or if any Error reported by Customer is found by DataRobot to be due to Customer or a cause other than the Software as delivered by DataRobot.

## **7. Availability of Hosted Service**

DataRobot will use commercially reasonable efforts to make the Hosted Service available to Customer twenty four (24) hours a day, seven (7) days per week, three hundred sixty five (365) days per year, except for certain scheduled service and maintenance or in the event of emergency or events of force majeure. DataRobot runs its cloud application on Amazon Web Services and has used commercially reasonable efforts to architect the solution to be as highly available within the confines of the service provided. DataRobot endeavors to deliver Service level availability (SLA) of 99.90%. This does not include planned outages. DataRobot will make good faith efforts to perform service and maintenance to the Hosted Service outside peak usage hours. Customer acknowledges that availability of the Hosted Service may be affected by: (i) telecommunication network activity or capacity; (ii) hardware failures; and/or (iii) compatibility with third party communication equipment, Internet access software and/or browsers not in accordance with the Hosted Service requirements. DataRobot disclaims any and all responsibility for any Hosted Service interruption in connection with such activity, capacity, failure and/or compatibility. Customer is responsible for providing all equipment and telecommunication services necessary to access the Hosted Service.

## Exhibit E

### Supplemental GSA Terms

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the U.S. Government, the following shall apply:

(i) Applicability. This agreement is a part of a contract between the commercial supplier and the U.S. Government for the acquisition of the supply or service that necessitates a license (identified herein as the Master Terms).

(ii) End user. This agreement shall bind the ordering activity as end user but shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

(iii) Law and disputes. This agreement is governed by Federal law.

(A) Any language purporting to subject the U.S. Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

(B) Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted.

(C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) Continued performance. If the supplier or licensor believes the ordering activity to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).

(v) Arbitration; equitable or injunctive relief. In the event of a claim or dispute arising under or relating to this agreement, (A) binding arbitration shall not be used unless specifically authorized by agency guidance, and (B) equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the U.S. Government only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) Additional terms.

(A) This commercial supplier agreement may unilaterally incorporate additional terms by reference. Terms may be included by reference using electronic means (e.g., via web links, click and accept, etc.). Such terms shall be enforceable only to the extent that:

(1) When included by reference using electronic means, the terms are readily available at referenced locations; and

(2) Terms do not materially change government obligations; and

(3) Terms do not increase government prices; and

(4) Terms do not decrease overall level of service; and

(5) Terms do not limit any other Government rights addressed elsewhere in this contract.

(B) The order of precedence clause of this contract notwithstanding, any software license terms unilaterally revised subsequent to award that is inconsistent with any material term or provision of this contract is not enforceable against the government.

(vii) No automatic renewals. If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express Government approval.

(viii) Indemnification. Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(ix) Audits. Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows: (A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the ordering activity. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying Government contract or order. (B) This charge, if disputed by the ordering activity, will be resolved through the Disputes clause at 522.212-4(d); no payment obligation shall arise on the part of the ordering activity until the conclusion of the dispute process. (C) Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the Government. Such audit shall be in accordance with all applicable Government security requirements.

(x) Taxes or surcharges. Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the underlying Government contract or order and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the Government contract.

(xi) Non-assignment. This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted under subparagraph (b) of this clause at 552.212-4.

(xii) Confidential information. If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the Federal Supply Schedule price list (if applicable) shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the Government may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this agreement. DataRobot recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the preceding paragraph (1), the language, provisions, or clause of paragraph (1) shall prevail to the extent of such inconsistency.

\* \* \* \* \*

Comptroller General Examination of Record.

(1) The Comptroller General of the United States, an appropriate Inspector General appointed under section 3 or 8G of the Inspector General Act of 1978 (5 U.S.C. App.), or an authorized representative of either of

the foregoing officials shall have access to and right to examine any of the Contractor's or any subcontractors' records that pertain to, and involve transactions relating to, this contract.

- (2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.
- (3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

# AWS Acceptable Use Policy

*Updated September 16th, 2016*

This Acceptable Use Policy (this “Policy”) describes prohibited uses of the web services offered by Amazon Web Services, Inc. and its affiliates (the “Services”) and the website located at <http://aws.amazon.com> (the “AWS Site”). The examples described in this Policy are not exhaustive.

## No Illegal, Harmful, or Offensive Use or Content

You may not use, or encourage, promote, facilitate or instruct others to use, the Services or AWS Site for any illegal, harmful, fraudulent, infringing or offensive use, or to transmit, store, display, distribute or otherwise make available content that is illegal, harmful, fraudulent, infringing or offensive. Prohibited activities or content include:

- **Illegal, Harmful or Fraudulent Activities.** Any activities that are illegal, that violate the rights of others, or that may be harmful to others, our operations or reputation, including disseminating, promoting or facilitating child pornography, offering or disseminating fraudulent goods, services, schemes, or promotions, make-money-fast schemes, ponzi and pyramid schemes, phishing, or pharming.
- **Infringing Content.** Content that infringes or misappropriates the intellectual property or proprietary rights of others.
- **Offensive Content.** Content that is defamatory, obscene, abusive, invasive of privacy, or otherwise objectionable, including content that constitutes child pornography, relates to bestiality, or depicts non-consensual sex acts.
- **Harmful Content.** Content or other computer technology that may damage, interfere with, surreptitiously intercept, or expropriate any system, program, or data, including viruses, Trojan horses, worms, time bombs, or cancelbots.

## No Security Violations

You may not use the Services to violate the security or integrity of any network, computer or communications system, software application, or network or computing device (each, a “System”). Prohibited activities include:

- **Unauthorized Access.** Accessing or using any System without permission, including attempting to probe, scan, or test the vulnerability of a System or to breach any security or authentication measures used by a System.
- **Interception.** Monitoring of data or traffic on a System without permission.

- Falsification of Origin. Forging TCP-IP packet headers, e-mail headers, or any part of a message describing its origin or route. The legitimate use of aliases and anonymous remailers is not prohibited by this provision.

## No Network Abuse

You may not make network connections to any users, hosts, or networks unless you have permission to communicate with them. Prohibited activities include:

- Monitoring or Crawling. Monitoring or crawling of a System that impairs or disrupts the System being monitored or crawled.
- Denial of Service (DoS). Inundating a target with communications requests so the target either cannot respond to legitimate traffic or responds so slowly that it becomes ineffective.
- Intentional Interference. Interfering with the proper functioning of any System, including any deliberate attempt to overload a system by mail bombing, news bombing, broadcast attacks, or flooding techniques.
- Operation of Certain Network Services. Operating network services like open proxies, open mail relays, or open recursive domain name servers.
- Avoiding System Restrictions. Using manual or electronic means to avoid any use limitations placed on a System, such as access and storage restrictions.

## No E-Mail or Other Message Abuse

You will not distribute, publish, send, or facilitate the sending of unsolicited mass e-mail or other messages, promotions, advertising, or solicitations (like “spam”), including commercial advertising and informational announcements. You will not alter or obscure mail headers or assume a sender’s identity without the sender’s explicit permission. You will not collect replies to messages sent from another internet service provider if those messages violate this Policy or the acceptable use policy of that provider.

## Our Monitoring and Enforcement

We reserve the right, but do not assume the obligation, to investigate any violation of this Policy or misuse of the Services or AWS Site. We may:

- investigate violations of this Policy or misuse of the Services or AWS Site; or
- remove, disable access to, or modify any content or resource that violates this Policy or any other agreement we have with you for use of the Services or the AWS Site.

We may report any activity that we suspect violates any law or regulation to appropriate law enforcement officials, regulators, or other appropriate third parties. Our reporting may include disclosing appropriate customer information. We also may cooperate with appropriate law enforcement agencies, regulators, or other appropriate third parties to help with the investigation and prosecution of illegal conduct by providing network and systems information related to alleged violations of this Policy.

## Reporting of Violations of this Policy

If you become aware of any violation of this Policy, you will immediately notify us and provide us with assistance, as requested, to stop or remedy the violation. To report any violation of this Policy, please [follow our abuse reporting process](#).

# TLM SERVICES AGREEMENT

BY SIGNING AN ORDER REFERENCING, OR BY OTHERWISE MANIFESTING AGREEMENT TO THIS END USER ACCESS AGREEMENT (THE "END USER ACCESS AGREEMENT" AND ALONG WITH ALL ORDERS, THE "AGREEMENT") ON BEHALF OF THE ORDER ACTIVITY INDICATED BY YOU AT THE TIME OF ACCEPTANCE ("GOVERNMENT") YOU ARE HEREBY AGREEING TO THIS END USER ACCESS AGREEMENT ON BEHALF OF GOVERNMENT. IN DOING SO THE YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO BIND GOVERNMENT TO THESE END GOVERNMENT TERMS AND CONDITIONS AND THE AGREEMENT. THE AGREEMENT IS BY AND BETWEEN GOVERNMENT AND EPAY SYSTEMS, INC. ("EPAY").

Integral to this TLM Agreement are the terms and conditions on the following pages, those available online at [www.epaysystems.com/tlm-agreement-documentation](http://www.epaysystems.com/tlm-agreement-documentation) as well as any other referenced and/or attached documents. GOVERNMENT is engaging EPAY to provide access to the EPAY time and labor solution ("TLM Service"). Among other representations in this TLM Agreement, GOVERNMENT explicitly represents that: it has read and understands the entire TLM Agreement, including all terms and conditions set forth at [www.epaysystems.com/tlm-agreement-documentation](http://www.epaysystems.com/tlm-agreement-documentation), and all referenced documents; that it has the authority to execute this TLM Agreement; that it will dutifully comply with all stated GOVERNMENT Responsibilities; and that it understands the pricing and fees due to EPAY under this TLM Agreement. The TLM Services covered under this TLM Agreement includes EPAY Time and Labor Management.

EPAY shall provide the agreed TLM Services per this TLM Agreement in accordance with the included terms and conditions, the terms and conditions and other referenced documents set forth at [www.epaysystems.com/tlm-agreement-documentation](http://www.epaysystems.com/tlm-agreement-documentation) as well as any referenced or attached applicable Ordering document (an "Order") which together constitute the **EPAY TLM Services Agreement**, all of the terms of which shall be binding on the parties as of the start date set forth in the Order.

## SERVICES AGREEMENT

1. EPAY Services.
  - a) EPAY owns and operates a time and labor solution for the collection, storage and management of personnel time reporting data ("TLM Service"). The TLM Service is delivered through the following components: Blueforce™, a web-based time management solution ("Blueforce"); Mobile Punch™, data collection and time management on smartphones and tablets ("Mobile Punch"); Fonen™, data collection via telephones ("Fonen"); and WalTer™, data collection via biometric time clock with LAN, Wi-Fi, wireless or telephone dial-up connection ("WalTer"). EPAY shall provide the GOVERNMENT (as defined on Page 1) with the TLM Service(s) indicated on this TLM Agreement. This TLM Agreement along with the applicable Order and the terms and conditions other referenced documents set forth at [www.epaysystems.com/tlm-agreement-documentation](http://www.epaysystems.com/tlm-agreement-documentation) constitute the entire agreement between the parties and neither party is relying on any other oral or unsigned representations, warranties or agreements. If any portion of this TLM Agreement is determined to be invalid, illegal or unenforceable, the remainder of this TLM Agreement shall nonetheless remain in full force and effect.
  - b) Standard Feature Set. The license granted to GOVERNMENT hereunder to use the TLM Service is limited to EPAY's features offered in the current Blueforce version (the "Standard Feature Set") and Customizations thereto (if any). The Standard Feature Set will be revised from time to time as modifications and enhancements are made to Blueforce at EPAY's sole discretion. A current description of the Standard Feature Set is available online at [www.epaysystems.com/tlm-agreement-documentation](http://www.epaysystems.com/tlm-agreement-documentation).
  - c) Customizations. A "Customization" is any Blueforce functionality requested and/or required by GOVERNMENT which is not included in the then current Standard Feature Set or integration services. Customizations will be documented under a mutually executed Statement of Work issued hereunder, which will also specify the fees and estimated time for completion.
2. Service Level Agreement. At no additional cost, EPAY will provide GOVERNMENT with the maintenance and technical support services as detailed in the EPAY Service Level Agreement located online at [www.epaysystems.com/tlm-agreement-documentation](http://www.epaysystems.com/tlm-agreement-documentation)
3. EPAY Proprietary Intellectual Property. All software and products provided by EPAY under this Agreement, as selected by GOVERNMENT on the signature page hereof, are provided pursuant to the license terms set forth herein. EPAY owns, licenses and/or operates a time and labor solution for the collection, storage and management of personnel time reporting data ("Licensed Service"). The TLM Service and the Licensed Service are intellectual property owned, developed and/or licensed by EPAY.

4. License.

a) License Grant. Subject to the terms herein, EPAY hereby grants GOVERNMENT a temporary, revocable, non-exclusive, non-transferable, non-sub licensable, royalty-free license to use TLM Service components for its internal business purposes and as contemplated by this TLM Agreement.

b) License Restrictions. GOVERNMENT will not license, sublicense, sell, resell, rent, lease, transfer, assign, distribute, time share or otherwise commercially exploit or make the TLM Service available to any third party. GOVERNMENT will not disassemble, reverse engineer, decompile, modify, copy or create derivative works based on, or otherwise manipulate or divert the TLM Services.

c) Reservation of Rights. EPAY's Licensed Service utilizes

(i) various Internet domain names, logos and product and service names, and other trademarks and service marks; (ii) certain audio and visual information, documents, software and other works of authorship; and (iii) other technology, software, hardware, products, processes, algorithms, user interfaces, know-how and other trade secrets, techniques, designs, inventions and other tangible or intangible technical material or information (collectively, "EPAY Technology"), which EPAY Technology is covered by intellectual property rights owned or licensed by EPAY (collectively, "EPAY IP Rights"). Other than as expressly set forth in this TLM Agreement, no license or other rights in or to the EPAY Technology or EPAY IP Rights are granted to GOVERNMENT, and all such licenses and rights are hereby expressly reserved.

d) Suggestions. In the course of using the TLM Service, GOVERNMENT may provide EPAY with suggestions, ideas, enhancement requests, feedback, recommendations or other information relating to the operation of the Service including within the context of Customizations (collectively, "Suggestions"). EPAY solely owns all Suggestions and GOVERNMENT hereby assigns all of his/her right, title and interest in and to such Suggestions to EPAY.

5. GOVERNMENT's Duties and Responsibilities. GOVERNMENT acknowledges and agrees the TLM Services provided under this TLM Agreement are not intended to be and will not be relied upon by GOVERNMENT as either legal, financial, insurance, labor compliance or tax advice. To the extent GOVERNMENT requires any such advice, GOVERNMENT represents that it will seek such advice from qualified legal, financial, insurance, accounting or other professionals. GOVERNMENT will at all times remain liable for any fees, penalties, expense or costs of any kind resulting from erroneous data input into the TLM Service or from unauthorized use of the TLM Service by GOVERNMENT employees, contractors, subcontractors, or agents working on behalf of the GOVERNMENT.

6. Service Fees and Expenses.

a) Service Fees. GOVERNMENT shall pay EPAY for the TLM Services to which GOVERNMENT has subscribed in accordance with EPAY's pricing as per the applicable Order ("Service Fees"). The Service Fee shall commence as of the Effective Date with prices fixed for the initial term of this Agreement. EPAY may increase the Service Fee upon the renewal of this Agreement.

b) Invoicing. Government shall (subject to anything contrary in the applicable Order) pay all Fees for EPAY Services prior to each upcoming renewal therefore and no later than thirty (30) days from receipt of invoice. In the event EPAY is providing Professional or Onsite Services, Government shall make payment as set forth in the applicable Order or statement of work.

c) Taxes. Provider shall state separately on invoices taxes excluded from the fees, and the Government agrees either to pay the amount of the taxes or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

d) Expenses. In addition to the fees, GOVERNMENT will be responsible for and will reimburse EPAY for reasonable out-of-pocket travel and lodging expenses incurred by EPAY and/or its subcontractors during the performance of any TLM Services ordered by GOVERNMENT set forth in the applicable Order or statement of work.

a) Late Fees. Failure by GOVERNMENT to pay any invoice on or before the due date specified on the invoice will result in additional charges ("Late Fee"). A Late Fee of \$15 in addition to interest charges on any outstanding amounts will be assessed to any payment not received by the appropriate due date. GOVERNMENT will accrue interest at the rate of 1.5% of the outstanding balance per month, or the maximum rate permitted by law, whichever is lower. Failure to promptly pay Late Fees or interest charges can result in suspension of TLM Services.

b) Suspension of Service/Collections. If any charge owing by GOVERNMENT is more than thirty (30) days past the due date on the applicable invoice, EPAY may, without limiting its other rights and remedies, suspend the TLM Services until such amounts are paid in full, provided EPAY has given GOVERNMENT ten (10) business days prior written notice that its account is overdue. GOVERNMENT shall also pay any collection fees, court costs, reasonable attorneys' fees, and other fees, costs, and charges incurred by EPAY in collecting payment of any amounts for which GOVERNMENT is liable under this TLM Agreement.

7. Term/Termination. The Agreement begins on the date Government enters into this Services Agreement as set forth in the preamble above, or the date on the first Order between the parties hereto, whichever is earlier, and shall continue until all

Orders and associated with the Agreement have expired or have otherwise been terminated (the "Agreement Term"). Unless otherwise specified in an Order, Services will begin on the Start Date in the applicable Order and remain in effect for the period specified therein (the "Subscription Term"). Upon any expiration or termination of the Agreement, EPAY will cease providing Subscription Services and Government and its Representatives shall cease any and all use of the Software.

a) Responsibilities Upon Termination. GOVERNMENT's license to the TLM Service terminates as of the effective date of termination or expiration of this TLM Agreement; GOVERNMENT agrees to cease using the TLM Service as of such date and further agrees to promptly return to EPAY, at GOVERNMENT's expense, all EPAY materials, hardware and Confidential Information, including EPAY Intellectual Property, and any and all copies thereof in its possession. Upon any termination or expiration of this TLM Agreement, and upon EPAY's receipt of all Service Fees and/or Service Fee Penalties, EPAY will provide such information, cooperation and assistance to GOVERNMENT, as GOVERNMENT may reasonably request, to assure an orderly return or transfer of GOVERNMENT data and other Confidential Information. GOVERNMENT agrees to compensate EPAY for any time spent by EPAY personnel for data transfer assistance at the rate of \$195.00 per hour and reimburse EPAY for any related expenditures.

8. Warranties and Disclaimers.

a) General Disclaimer. Except as otherwise set forth below, EPAY MAKES NO WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO THE SERVICES IT PERFORMS UNDER THIS TLM AGREEMENT, AND SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. In the event of any breach of warranty by EPAY, GOVERNMENT's sole remedy shall be, provided it promptly notifies EPAY of such breach, that EPAY shall use reasonable efforts to correct such breach by re-performing the services in question, if practicable. While EPAY stands behind its services, under no circumstances will EPAY be liable for the negligence of any other person or entity including, but not limited to, the negligence of GOVERNMENT and its employees or agents, and the negligence of any person or entity which provides services in connection with this TLM Agreement.

Except as otherwise set forth herein, and except for infringement claims arising out of GOVERNMENT's use of the hosted software or services as authorized hereunder, GOVERNMENT hereby waives any and all claims that have or may arise under this TLM Agreement with respect to any third party provider or owner of software or services for which usage is granted hereunder, and GOVERNMENT acknowledges that any such third party provider has no liability to GOVERNMENT under the terms of this TLM Agreement.

b) Services Warranty. EPAY will use due care in delivering the TLM Services to the GOVERNMENT and shall be responsible for correcting errors that are caused by EPAY equipment, processors, or employees. THIS AGREEMENT DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(O). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 U.S.C. 7101-7109.

c) Licensed Services Warranty. EPAY represents and warrants that: (i) it will provide the Licensed Service in a manner consistent with general industry standards reasonably applicable to the provision thereof, and (ii) it owns or otherwise has sufficient rights to the TLM Service and the EPAY Intellectual Property to grant the license granted herein.

d) Limitation of Liability. EXCEPT WITH RESPECT TO ITS CONFIDENTIALITY AND THIRD PARTY INDEMNITY OBLIGATIONS HEREUNDER, IN NO EVENT WILL EPAY'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS TLM AGREEMENT, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, EXCEED THE AMOUNTS ACTUALLY PAID BY GOVERNMENT HEREUNDER. IN NO EVENT WILL EPAY HAVE ANY LIABILITY TO GOVERNMENT FOR ANY LOST PROFITS, LOSS OF USE, COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES HOWEVER CAUSED AND, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, WHETHER OR NOT GOVERNMENT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

9. Indemnification.

a) By GOVERNMENT. GOVERNMENT will defend, indemnify and hold EPAY and its respective officers, directors, shareholders, partners, employees, and agents (collectively, "EPAY Related Parties") harmless from and against any losses, demands, damages, costs, liabilities, judgments or expenses (including attorney's fees) arising out of or resulting from any third-party claims against EPAY Related Parties (the "Claims") involving the GOVERNMENT in its performance hereunder, including, but not limited to: (i) failure of GOVERNMENT to comply with applicable laws and regulations, (ii) the violation of any third party right including privacy right, or (iii) the amount, accuracy, timeliness of transmittal, or authorization of any entry received from GOVERNMENT.

b) By EPAY. EPAY will defend, indemnify and hold the GOVERNMENT and its respective officers, directors, shareholders, partners, employees and agents (collectively, "GOVERNMENT Related Parties") from and against any and all losses, damages, injuries, causes of action, claims, penalties, interest, additional taxes, demands and expenses, including reasonable legal fees and expenses, of any kind or nature arising or on account of, or resulting from, any claim or allegation of a third party that the EPAY Technology or any of the intellectual property utilized in the provision of TLM Services or Licensed Services infringes upon or misappropriates the proprietary rights of any third party under U.S. law. Upon (i) initiation of any third party infringement claim against GOVERNMENT and (ii) written instructions by EPAY, GOVERNMENT will cease use of the TLM Service or Licensed Service. In the event that it is determined by a court of competent jurisdiction that the TLM Service or Licensed Service or any party thereof has infringed a third party's intellectual property rights based on U.S. law, or earlier thereto if GOVERNMENT receives written instructions from EPAY to cease use of the EPAY Technology pending resolution an infringement claim, GOVERNMENT's sole and exclusive remedy will be that EPAY will, in its sole discretion: (i) replace the infringing TLM Service, Licensed Service or part thereof with a non-infringing, functionally-compatible product; (ii) modify the EPAY Technology or other intellectual property so that it becomes non-infringing, or (iii) obtain a license for GOVERNMENT to use the allegedly infringing TLM Service or part thereof. If none of the foregoing are commercially practicable, EPAY having used reasonable efforts, then either party will have the right to terminate this TLM Agreement. The foregoing indemnity will not apply to infringements that arise from the use of the TLM Service or part thereof in combination with other non-EPAY products not reasonably contemplated by this TLM Agreement, and states the entire obligation of EPAY with respect to the infringement of any intellectual property rights. The preceding indemnity is conditioned and contingent upon:

(i) GOVERNMENT's notification of EPAY in writing promptly after learning of any alleged third party claim, (ii) GOVERNMENT giving EPAY the exclusive right to control the defense of such claims, and (iii) GOVERNMENT fully cooperating with EPAY in any defense or settlement of such claims.

10. Revisions to the TLM Agreement: EPAY reserves the right to make changes and modifications to the terms and conditions and/or other referenced documentation available online at [www.epaysystems.com/tlm-agreement-documentation](http://www.epaysystems.com/tlm-agreement-documentation). Any change to the terms and conditions shall take effect thirty (30) days following the announcement of the change on the EPAY website. Any changes which are material, in the reasonable opinion of EPAY, shall be provided, in writing, to GOVERNMENT pursuant to the notice procedures set forth herein. No material change shall be effective until the later of: (a) thirty (30) days following the announcement of the change on the EPAY website; and (b) ten (10) business days after the notice provided to GOVERNMENT pursuant to the requirements for a material change as is set forth herein.

11. Government End-Users. EPAY provides the Services and Software, including related software and technology, for ultimate Federal government end use solely in accordance with the following: Government technical data and software rights related to the Software include only those rights customarily provided to the public as defined in this End User Access Agreement. This customary commercial license is provided in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Software) and, for Department of Defense transactions, DFAR 252.227-7015 (Technical Data-Commercial Items) and DFAR 227.7202-03 (Rights in Commercial Computer Software or Computer Software Documentation). If any portion of the Software is deemed "non-commercial," the Services are licensed under the terms hereof and under the RESTRICTED RIGHTS set forth in the applicable FARs and DFARs (and the Government's use, duplication and disclosure rights are restricted as set forth therein). If a Government agency has a need for rights not conveyed under these terms, it must negotiate with EPAY to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement.

12. Miscellaneous

a) Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).

**MASTER LICENSE AGREEMENT  
FOR GOVERNMENT USE ONLY**

All references to HCL America, Inc. (“HCL”) in this Master License Agreement should be read as “Contractor (EC America, Inc.), acting by and through its supplier, HCL.”

This Master License Agreement (“**Agreement**”) is by and between the Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document (“Licensee” or “Ordering Activity”) and **HCL America, Inc.** (“**Licensor**” or “**HCL**”), and governs the receipt and use of HCL Programs and related Support (as defined below). HCL and Licensee are hereinafter referred to individually or collectively, as “**Party**” or “**Parties.**”

- 1. Definitions.** In addition to the terms defined above and elsewhere in this Agreement, the following terms will have the meaning set forth below:
- 1.1. “**Affiliate**” means an entity that controls, is controlled by, or shares common control with HCL or Licensee, where such control arises from either (a) a direct or indirect ownership interest of more than fifty percent (50%) of the outstanding voting stock and/or equivalent interest, or (b) the power to direct or cause the direction of the management and policies, whether through the ownership of voting stock and/or equivalent interest, by contract, or otherwise, equal to that provided by a direct or indirect ownership of more than fifty percent (50%) of the outstanding voting stock and/or equivalent interest.
  - 1.2. “**Documentation**” means guides, manuals, and other technical information in printed and machine-readable form that describes the functionality and use of the Program(s). Documentation may include “**License Information**”, which means a document that provides information and any additional licensing terms specific to a Program.
  - 1.3. “**Feedback**” means (i) Licensee's requirements, input, comments, responses, opinions, feedback and errata, concerning the definition, design or validation of the Program, Documentation and Packaged Service Offerings or (ii) Licensee's technical system requirements for HCL to include in the Program specifications, design or validation.
  - 1.4. “**Fees**” means license, Support, and other fees as specified in an Order in accordance with the GSA Schedule Pricelist or provided under this Agreement.
  - 1.5. “**Intellectual Property Rights**” or “**IPR**” means any ideas, whether or not patentable, inventions, discoveries, processes, works of authorship, marks, names, know-how, and any and all rights in such materials on a worldwide basis, including any rights in patents, inventor’s certificates, utility models, copyrights, moral rights, trade secrets, mask works, and all related, similar or other intellectual property rights recognized in any jurisdiction worldwide, including all applications and registrations with respect thereto.
  - 1.6. [Intentionally Left Blank]
  - 1.7. “**Licensed Capacity**” means the quantity of each Program licensed as specified in an Order.
  - 1.8. “**Object Code**” means software, including all computer programming code, entirely in binary form, which is directly executable by a computer and includes those help, message, overlay, and other files necessary for supporting the intended use of the executable code.
  - 1.9. “**Open Source Software**” means an open source or other license that requires, as a condition of use, modification, or distribution, that any resulting software must be (i) disclosed or distributed in Source Code form; (ii) licensed for the purpose of making derivative works; or (iii) redistributable at no charge.
  - 1.10. “**Order**” means an agreed written or electronic document, subject to the terms and conditions of this Agreement that identifies the Programs to be licensed, the Licensed Capacity thereof, applicable Fees, payment terms and the Support or Packaged Service Offerings to be purchased, and any other applicable terms (including but not limited to a listing of any additional authorized users, which for avoidance of doubt Licensee shall be responsible for their agreement and compliance with the terms hereof).

- 1.11. **“Packaged Service Offerings”** means the prepaid service(s) to be performed by HCL as more fully described in the Packaged Service Offerings Addendum attached hereto as Exhibit A, to be performed within a specified term from the date of initial purchase and as specified in the Order.
- 1.12. **“Prerequisite Materials”** means any prerequisite software or materials (third party and/or HCL licensed) prescribed by the Licensee, which are required to ensure that the Program’s performance is in accordance with the Documentation and which are not part of the Program(s) and are identified in the system requirements for the Program(s).
- 1.13. **“Problem”** means a reproducible condition that causes the operation of a Program to deviate from its Documentation, when such Program is used with the prescribed Prerequisite Materials and/or Platform and so as to impact Licensee’s ability to use the Program in the manner described in the Documentation.
- 1.14. **“Program(s)”** means the Object Code of the software (including Third Party Software) and all accompanying Documentation delivered to Licensee, including all items delivered by HCL to Licensee under Support, but excluding Open Source Software.
- 1.15. **“Source Code”** means computer programming code in human readable form and related system level documentation, including all associated comments, symbols, and any procedural code such as job control language.
- 1.16. **“Support”** means the support services provided by HCL described in the Support Guide posted at <https://hclpnpsupport.hcltech.com/csm>, that is made available with the Program as further specified in an Order or provided under this Agreement. Support may consist of Standard Support, Premium Support or Extended Support, as the context requires.

**“Standard Support”** consists of access to self-help content as well as to technical support engineers available through support portal case submission requests.

**“Premium Support”** consists of specific additional benefits, such as a designated named contact that will assist Licensee in receiving proactive and responsive support beyond Standard Support. Premium Support is subject to a fee in accordance with the GSA Pricelist in addition to the fee for Standard Support, and is further described in the Support Guide at [https://hclpnpsupport.hcltech.com/csm?id=kb\\_article&sysparm\\_article=KB0010420](https://hclpnpsupport.hcltech.com/csm?id=kb_article&sysparm_article=KB0010420).

**“Extended Support”** consists of Standard Support for older versions of the Program. Extended Support is subject to an additional fee.
- 1.17. **“Territory”** means the country or countries where Licensee is licensed to install the Program(s) or receive the Packaged Service Offerings as further detailed in an Order.
- 1.18. **“Third Party Software”** means third party software, libraries, and components incorporated in or included with a Program, but excluding Open Source Software.

## 2. Agreement Structure.

Licenses are granted and Support is obtained solely in connection with Orders. Each Order is subject to the terms of this Agreement, the EC America Rider to HCL Product Specific License Terms and Conditions, the GSA Schedule Contract and Schedule Pricelist and deemed to be a discrete contract, separate from each other Order, unless expressly stated otherwise therein. Orders may be entered into under this Agreement by and between (a) HCL or an Affiliate of HCL; and (b) the Licensee or an Affiliate of Licensee. With respect to an Order, the term HCL (or Licensor) or Licensee (or Customer) will be deemed to refer to the entities that execute such Order. Neither execution of this Agreement nor anything contained herein will obligate either Party to enter into any Orders. In the event an Order is proposed by HCL, and is deemed to constitute an offer, then acceptance of such offer is limited to its terms. In the event Licensee proposes or accepts an Order by submitting a Licensee purchase order, order document, acknowledgment, or other Licensee communication, then HCL may object to and reject any additional or different terms in such document and none of such additional or different terms will become part of the agreement between the Parties unless accepted by HCL.

## 3. License Grant

- 3.1. Subject to the terms, conditions, and other restrictions set forth in this Agreement and a valid, executed Order, HCL grants to Licensee a non-exclusive, non-transferable, limited, and revocable license, without the right to sublicense, under HCL IPR, to install, access, and use the Programs (i) up to the Licensed Capacity; (ii) for Licensee internal business purposes; and (iii) in accordance with the Documentation and the applicable Order. For avoidance of doubt, Licensee has no rights to create derivative works, assign, distribute, lease, rent, or otherwise transfer the Program(s).
- 3.2. Licensee Affiliates may install, access, and use the Programs and Support under the terms of this Agreement, and Licensee is fully responsible for ensuring its Affiliates' agreement and compliance with the terms of this Agreement and the Order.
- 3.3. Licensee hereby acknowledges that the Program(s) may contain Open Source Software and may require Prerequisite Materials. In the event that Open Source Software is included in the Program(s), Licensee agrees that the terms of such Open Source Software shall govern with respect to use of such Open Source Software. In the event that the Program(s) rely on Prerequisite Materials and unless expressly provided otherwise in an Order Form, Licensee agrees that: (a) HCL and its Affiliates have not obtained or conveyed to Licensee any Intellectual Property Rights to use the applicable Prerequisite Materials; (b) it shall be solely responsible, at its cost and expense, for procuring the required rights/licenses in the Prerequisite Materials; (c) HCL does not provide any warranties or support for Prerequisite Material; and (d) any claims with respect to the Prerequisite Materials shall be made against the applicable third party provider of such Prerequisite Material.

#### 4. License Restrictions

- 4.1. **Restrictions.** Except for the limited licenses expressly granted in Section 3, Licensee has no further rights in the Program(s), whether express, implied, arising from estoppel or otherwise. Further restrictions regarding Licensee's use of any and all Program(s) are set forth below. Except as expressly authorized herein, Licensee will not:
  - 4.1.1. prepare any derivative works, or otherwise use, copy, modify, distribute, assign, sublicense, lease, rent, or otherwise transfer the Program(s), except to the extent required by law;
  - 4.1.2. use the Programs in an outsourcing or service bureau environment on its behalf and/or on behalf of non-affiliated third parties or allow the Programs to be used by an outsourcing or service bureau provider on behalf of the Licensee;
  - 4.1.3. distribute the Program to end-users as on-premises distributions or offer the Program as a cloud service or software-as-a-service to any end-users;
  - 4.1.4. reverse engineer, reverse assemble, reverse compile, translate, or otherwise attempt to discover the Source Code form of any Program(s) that are provided in Object Code form, except as permitted by the national or regional law of the places where the Licensee does business (without the opportunity for contractual waiver), and then only with respect to the particular copy of Object Code incorporated into that particular Program.
  - 4.1.5. use any of the Program's components, files, modules, audio-visual content, or related licensed materials separately from the Program;
  - 4.1.6. attempt to disable or circumvent any of the licensing mechanisms within the Program;
  - 4.1.7. alter or remove any copyright, trademark or patent notice(s) in the Programs; and
  - 4.1.8. use the Programs in a way that requires the Programs to be licensed as Open Source Software.

5. **Feedback.** Licensee is not obligated to provide Feedback to HCL. To the extent that Licensee provides Feedback to HCL, Licensee hereby grants to HCL a worldwide, non-exclusive, perpetual, irrevocable, royalty-free license, with the right to sublicense, under any and all Licensee IPR in and to the Feedback to make, use, sell, offer to sell, have made, import, reproduce, prepare derivative works, distribute, incorporate or otherwise utilize such Feedback. HCL acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

6. **Ownership.** Licensee acknowledges that, as between Licensee and HCL, HCL has exclusive right, title and

interest in and to all of the IPR in and to the Program(s) and Packaged Service Offerings. Notwithstanding the use of the terms “purchase,” “sale”, or any similar terminology in connection with a transaction contemplated by this Agreement, the Program(s) are licensed, not sold.

7. **Delivery.** During the term of this Agreement, HCL will make Program(s) available to Licensee. For Programs that are delivered electronically, Licensee agrees upon request from HCL to provide HCL with documentation supporting that the designated items were received electronically.

## 8. Updates

8.1. [Intentionally Left Blank]

8.2. When Licensee receives an Update (as defined in Section 9.5), fix, or patch to a Program, Licensee accepts any additional or different terms that are applicable to such Update, fix, or patch that are specified in its Documentation. If no additional or different terms are provided, then the Update, fix, or patch is subject to the terms and conditions of this Agreement.

8.3. If the Program is replaced by an Update (as defined in Section 9.5), Licensee agrees to promptly discontinue use of the replaced Program.

8.4. Based on industry directions and technology changes, HCL may discontinue further releases of the Programs. In such a situation, HCL may continue to ship released versions of Programs, and all shipped versions will be governed by this Agreement.

## 9. Support and Packaged Services

9.1. Upon purchase of a license for the Program(s), Licensee is enrolled in Standard Support for the Program(s) identified in an Order for the first 12 months thereof at no additional cost. HCL may offer and Licensee may purchase Standard Support for a renewal period, or Premium Support or Extended Support, via the execution of a separate contract or Order. A further description of Support is available in the HCL Support Guide (“**Support Guide**”) at <https://hclpnpsupport.hcltech.com/csm> (“**Support Website**”) and incorporated herein by reference.

9.2. HCL will provide Support only if a Program is used with: (a) Prerequisite Materials; and (b) third-party equipment, operating system, hardware, and third-party software, including database server systems, networks, application server systems, and Licensee systems (collectively, “**Platforms**”) which meet the standards set forth in the applicable Documentation. Licensee will allow HCL reasonable access (including remote access) to the Programs, Prerequisite Materials and the supporting Platforms, equipment, systems, documentation, and services, as necessary to perform Support services. Support does not include certain matters. For a list of what is excluded from Support, refer to the Support Guide.

9.3. Support for a particular version or release of a Program is available only until HCL withdraws Support for such version or release (an “**End of Support Release**”). When Support is withdrawn, Licensee must upgrade to a supported version or release of the Program to continue to receive Support. However, HCL may (in its sole discretion) continue to offer, for an additional Fee to be mutually agreed-upon, extended Support for End of Support Releases for so long as Licensee subscribes to extended Support for the Program by Licensee entering into a separate Order with HCL. However, in such cases, HCL will only provide existing code patches and fixes and will not develop or provide new patches or fixes for End of Support Releases.

9.4. HCL will use commercially reasonable efforts to provide resolution to each Problem (submitted by Licensee) in accordance with the Support Guide.

9.5. While HCL Support is in effect, HCL may make available defect corrections, restrictions, bypasses, new versions, releases, or updates available as part of Support (“**Updates**”). HCL will determine in its discretion the content and timing of all Updates. Updates will not be issued on any regular basis. If the solution to a Problem has already been made in a release later than the release Licensee is then using, then the solution to the Problem will require Licensee to migrate to the release in which the Problem has been resolved. Updates will be considered part of the Programs, as applicable, and subject to Section 8.2, will be governed by and used under the terms and conditions set forth in this Agreement. Except as otherwise set forth in an Order, Statement of Work, or other written agreement by the Parties, Licensee

will be responsible for installing and implementing each Update. HCL will provide Licensee with documentation regarding any specific installation requirements for the Update. Once Support has been allowed to lapse, HCL will cease providing Updates (even Updates that were previously made available during Support which Licensee chose not to accept), provided however that Updates may be made available by HCL (in its sole discretion) as part of additional or extended Support.

- 9.6. Support does not cover Problems, failures, or defects in the Programs caused by any act or omission of Licensee or its representatives, or any other non-HCL person or entity, including but not limited to: (a) the misuse of or damage to the Program; (b) modifications to the Programs not made by or as authorized in writing in advance by HCL; (c) combination or use of the Programs with other software, hardware or cloud infrastructure not provided by HCL; or (d) use of the Program in an operating environment other than that described in the Documentation or system requirements. HCL reserves the right to charge at HCL's then-current GSA hourly rates for any work performed by HCL that was found to be caused by the foregoing exclusions. To the extent a Problem (or other issue) arises out of any Prerequisite Materials, Platform, hardware, software cloud infrastructure or services not provided by HCL, Licensee will have the responsibility to contact the appropriate third party and obtain a resolution for the problem.
- 9.7. HCL may change its Support to be effective upon Licensee's Support anniversary date. If the changes to the Support terms are material, HCL will provide notice of such changes on the Support Website. HCL reserves the rights to discontinue Support for a Program (including for prior releases or outdated versions of a Program) if HCL generally discontinues such services for all licensees of such Program, provided such discontinuance will be applicable from the next renewal term. If Licensee terminates Support (including allowing it to lapse), but then re-enrolls in Support, HCL reserves the right to charge a reinstatement Fee equal to the amount that would have been due during the lapse period.
- 9.8. HCL may make prepaid Packaged Service Offerings available for purchase from time to time in its sole discretion. Packaged Service Offerings are provided subject to the terms and conditions set forth on Exhibit A to this Agreement, which terms and conditions are incorporated herein by reference.

## 10. Licensee Data and Databases

- 10.1. To assist Licensee in isolating the cause of an error or Problem with the Program(s), HCL may request that Licensee (i) allow HCL to remotely or physically access Licensee's system, or (ii) send Licensee information, License Data (as defined below) or system data to HCL. Licensee acknowledges that HCL uses information about errors and Problems to improve its products and services and to assist with its provision of related Support offerings. Licensee grants HCL the right to use such information and other Feedback regarding the Program(s) for these purposes, including the right to use by HCL Affiliates and subcontractors (including in one or more countries other than the one in which Licensee is located).
- 10.2. Licensee remains responsible for (i) any data and the content of any database Licensee makes available to HCL ("**Licensee Data**"); (ii) the selection and implementation of procedures and controls regarding access, security, encryption, use, and transmission of data (including any personally-identifiable data); and (iii) backup and recovery of any database and any stored data, including all Licensee Data. Licensee will not send or provide HCL access to any personally identifiable information, whether as part of Licensee Data or in electronic or any other form, and will be responsible for reasonable costs and other amounts that HCL may incur relating to any such information intentionally or mistakenly provided to HCL or to the loss or disclosure of such information by HCL, including liabilities arising out of any third party claims.

**11. Payments.** Payment terms, fees and taxes are set forth in the GSA Schedule Contract and applicable Order.

**12. License Compliance.** Licensee agrees that HCL may, no more than one time per twelve (12) month period, and subject to Licensee's reasonable security requirements, audit the software logs of Licensee, its Affiliates, consultants, service providers and contractors (collectively, "**Licensee Entity(ies)**"), relating to the Program in order to verify their use in compliance with this Agreement and/or the Order. HCL may make copies of any such software logs to the extent necessary to verify Licensee's compliance with the terms hereof. HCL may conduct the audit itself or at its option engage an independent third party to do such audit, provided that such

third party is subject to confidentiality obligations consistent with this Agreement. The audit may be conducted at any sites of Licensee Entities, where the Program is installed, used or accessed from, including remotely. HCL will bear its own costs in connection with an audit. HCL will provide fifteen (15) calendar days' notice prior to an audit. Any such audit will be performed during Licensee Entity's normal business hours and in a manner that minimizes the disruption to its business. Licensee Entities will provide all assistance reasonably necessary for HCL to carry out such audit. If the audit reveals underpayments, Licensee will promptly make such payments. If the audit reveals under-reporting of usage, Licensee will promptly pay for the differentials at HCL's then GSA list price for the Program. As with all provisions of this Agreement, HCL's rights and remedies in this Section will be without prejudice to other rights and remedies HCL has under this Agreement or in any Order, at law. HCL's audit rights under this paragraph will survive any termination or expiry of an Order or this Agreement for two years.

**13. Reserved.**

**14. Reserved.**

**15. Warranties and Exclusions**

- 15.1. For the greater of: (a) one year starting on the date the original Licensee is granted the Program license, or (b) the period that Support is in effect for Licensee ("**Program Warranty Period**"), HCL warrants that (i) the Program(s) will perform substantially in accordance with its Documentation, if used with the prescribed Prerequisite Materials and/or Platforms; (ii) HCL has used commercially reasonable efforts consistent with industry standards to scan for and remove any software viruses; and (iii) other than passwords or license keys that may be required for the operation of the Program(s) (or for HCL's use in suspension/termination as authorized herein), there are no codes that are not addressed in the Documentation and that are designed to delete, interfere with, or disable the normal operation of the Program in accordance with the Documentation (the "**Program Warranty**"). For the greater of: (a) one year starting on the date the original Licensee is granted the Program license, or (b) the period that Support is in effect for Licensee ("**Support Warranty Period**"), HCL warrants that Support will perform substantially in accordance with the Support specifications herein or in applicable Order (the "**Support Warranty**").
- 15.2. Program Warranty and Support Warranty do not cover Problems, failures, or defects in the Programs caused by any act or omission of Licensee or its representatives, or any other non-HCL person or entity, including but not limited to: (a) the misuse of or damage to the Program; (b) modifications to the Programs not made by or as authorized in writing in advance by HCL; (c) combination or use of the Programs with other software, hardware or cloud infrastructure not provided by HCL; or (d) use of the Program in an operating environment other than described in the Documentation or system requirements.
- 15.3. THE LIMITED WARRANTIES EXPRESSLY SET FORTH IN SECTION 15.1 ARE LICENSEE'S EXCLUSIVE WARRANTIES. HCL DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND ANY WARRANTY OR CONDITION OF NON-INFRINGEMENT. SOME STATES OR JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF EXPRESS OR IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO LICENSEE. IN THAT EVENT, SUCH WARRANTIES ARE LIMITED IN DURATION TO THE WARRANTY PERIOD. NO WARRANTIES APPLY AFTER THE WARRANTY PERIOD. SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO LICENSEE.
- 15.4. THE WARRANTIES IN THIS SECTION 15 ARE PROVIDED SOLELY BY THE HCL ENTITY LICENSING THE PROGRAM AND NOT BY A THIRD PARTY OR ANY OTHER HCL ENTITY. THE DISCLAIMERS IN THIS SECTION 15, HOWEVER, ALSO APPLY TO ALL HCL ENTITIES AND THEIR LICENSORS AND SUPPLIERS OF THIRD PARTY SOFTWARE. THOSE SUPPLIERS PROVIDE SUCH SOFTWARE WITHOUT WARRANTIES OR CONDITION OF ANY

KIND.

- 15.5. The exclusive remedy for any breach of the foregoing Program Warranty and Support Warranty will be that HCL, at its own expense, and in response to a written notice of a warranty claim during the Program Warranty Period or Support Warranty Period, as applicable, will at its option repair or replace the Program(s), or re-perform Support, to conform to the above standard.
- 15.6. For avoidance of doubt, if Licensee terminates Support (including allowing it to lapse), but then re-enrolls in Support, the Program Warranty and Support Warranty apply only during the period Support is in effect and not during the lapsed period.

## **16. Indemnification**

- 16.1. HCL will, at its election, settle or have the right to intervene to defend, any unaffiliated third party claim brought in any suit or proceeding against Licensee based upon an allegation that any Program(s) furnished hereunder constitutes a direct infringement of any patent, trade secret or copyright, and HCL will pay all damages and costs finally awarded against Licensee for the claim or agreed in settlement by HCL. In the event of any claim, allegation, or suit, HCL, in its sole discretion, may reengineer the Program(s) in a manner that removes the infringing material, replace the Program(s) with non-infringing software, or terminate the Agreement or applicable Order. HCL will not be liable for any costs or damages and will not indemnify or defend Licensee to the extent such action is based upon a claim arising from:
  - 16.1.1. modification of the Program(s) by a party other than HCL after delivery by HCL; use of the Program(s) in combination with hardware or software not provided by HCL, unless the Documentation refers to a combination with such hardware or software (without directing Licensee not to perform such a combination);
  - 16.1.2. any unauthorized use of the Program(s); or
  - 16.1.3. Licensee's failure to incorporate updates or upgrades that would have avoided the alleged infringement.
- 16.2. The foregoing obligations are conditioned on the following: (i) HCL is notified promptly in writing of such claim; (ii) HCL controls the defense or settlement of the claim; and (iii) Licensee cooperates reasonably and gives all necessary authority, information and assistance. Nothing contained in this Agreement shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

## **17. Limitation of Liability**

- 17.1. IN NO EVENT WILL EITHER PARTY (OR HCL'S AFFILIATES AND SUPPLIERS) BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS OR LOSS OF CONFIDENTIAL OR OTHER INFORMATION, FOR BUSINESS INTERRUPTION, FOR PERSONAL INJURY (OTHER THAN AS PROVIDED FOR IN SECTION 17.3), FOR LOSS OF PRIVACY ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OF OR INABILITY TO USE THE PROGRAM(S), OR OTHERWISE) IN CONNECTION WITH ANY PROVISION OF THIS AGREEMENT, EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND EVEN IF THE REMEDY FAILS OF ITS ESSENTIAL PURPOSE.
- 17.2. EXCEPT FOR BREACHES OF LICENSE GRANTS IN SECTION 3, RESTRICTIONS IN SECTION 4, LICENSEE'S LIABILITY FOR THIRD PARTY CLAIMS AS PER SECTION 10.2, CONFIDENTIALITY IN SECTION 14, AND LICENSEE'S PAYMENT OBLIGATIONS, IN NO EVENT WILL EITHER PARTY'S (AND HCL'S AFFILIATES' AND SUPPLIERS') TOTAL CUMULATIVE LIABILITY HEREUNDER FOR DIRECT DAMAGES (REGARDLESS OF BASIS FOR CLAIMS) EXCEED THE SUM PAID BY LICENSEE TO HCL, UNDER THE APPLICABLE ORDER FOR THE AFFECTED PRODUCT OR SERVICE.

- 17.3. The foregoing disclaimers, limitations, and exclusions may be invalid in some jurisdictions and apply only to the extent permitted by applicable law or regulation in Licensee's jurisdiction. Licensee may have additional rights that may not be waived or disclaimed. HCL does not seek to limit Licensee's warranty or remedies to any extent not permitted by law. The foregoing limitation of liability shall not apply to personal injury or death resulting from Licensor's gross negligence or for any other matter for which liability cannot be excluded by law. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Agreement under any federal fraud statute, including the False Claims Act, 31. U.S.C. §§ 3729-3733.

## 18. Other Terms

- 18.1. **Conflict.** In the event of a conflict between this Agreement and an Order to this Agreement, the terms of the Order will prevail solely with respect to such Order. If there is a conflict between this Agreement and License Information for a Program, such License Information will prevail solely with respect to such Program; otherwise the terms of this Agreement will prevail.
- 18.2. **Business Contact Information.** Licensee authorizes HCL and its Affiliates (and their successors and assigns and contractors) to store and use Licensee's business contact information wherever they do business, in connection with HCL products and services, or in furtherance of HCL's business relationship with Licensee.
- 18.3. **Force Majeure.** This Agreement is subject to FAR 52.212-4(f) Excusable delays. (JUN 2010).
- 18.4. **Export.** Licensee will comply with all applicable export and import laws and associated embargo and economic sanction regulations, including those of the United States, that prohibit or restrict the export, re-export, or transfer of products, technology, services, or data, directly or indirectly, to certain countries, or for certain end uses or end users. Licensee acknowledges that the Program is subject to U.S. export laws and regulations. Licensee agrees that, unless authorized by the U.S. export license or regulation, it will not export or re-export the Program provided by HCL under this Agreement or an Order to (i) those countries (or nationals of countries) considered embargoed/terrorist countries under U.S. export laws and regulations or (ii) prohibited end users or end uses, including but not limited to: nuclear, space or missiles, and weapons systems (including chemical and biological). At the time of this Agreement, those countries considered embargoed/terrorist are: Cuba, Iran, North Korea, Sudan and Syria.
- 18.5. **Anti-Corruption and Other Laws.** Each Party will comply, at its own expense, with all applicable laws, including, without limitation, all laws prohibiting corruption and bribery (such as, if applicable, the U.S. Foreign Corrupt Practices Act of 1977), laws governing transactions with government and public entities, antitrust and competition laws, insider trading, securities, and financial reporting laws, and laws governing consumer transactions, where such compliance has any direct or indirect connection or relation to this Agreement or either Party's exercise of rights or satisfaction of obligations under this Agreement.
- 18.6. **Notices.** Except as provided herein, all notices required or permitted by this Agreement will be in writing and will be valid and sufficient if sent by (i) registered or certified mail, return receipt requested, postage prepaid; (ii) by facsimile (provided the receipt of the facsimile is evidenced by a printed record of completion of transmission); or (iii) by express by express mail or courier service providing a receipt of delivery. Notices will be effective upon receipt as demonstrated by reliable confirmation. Notices will be addressed to the Parties using the contact information given in the applicable Order or this Agreement. Either Party may change its address or other contact information by a notice given to the other Party in the manner set forth above.
- 18.7. **Limitation of Claims.** Unless otherwise required by applicable law without the possibility of contractual waiver or limitation: (i) neither Party will bring a legal action, regardless of form, for any claim arising out of or related to this Agreement more than six (6) years after the cause of action arose; and (ii) upon the expiration of such time limit, any such claim and all respective rights related to the claim lapse. Any recourse against Licensee must be made under the terms of the Federal Tort Claims Act or as a dispute under the Contract Disputes Act as applicable.

- 18.8. **Survival.** All of the provisions in Sections 1, 4, 5, 6, 11, 17, and 18 will survive expiration or termination of this Agreement.
- 18.9. **Assignment.** Assignments are subject to FAR Clause 52.232-23, Assignment of Claims (JAN 1986). In addition, neither this Agreement nor any rights under this Agreement may be assigned or otherwise transferred by either party, in whole or in part, without the prior written consent of the other party, in accordance with the provisions of the Anti-Assignment Act, 41 U.S.C. § 6305, and approval procedures set forth at FAR 42.1204.
- 18.10. **Relationship of Parties.** The relationship between the Parties is that of independent contractors. This Agreement does not constitute a partnership or joint venture between Licensee and HCL. Licensee is not the representative or agent of HCL and HCL is not the representative or agent of Licensee and neither will so hold itself out publicly or to any third party or incur any liability for the other Party. HCL is not responsible for the acts or omissions of HCL business partners and resellers.
- 18.11. **Reserved.**
- 18.12. **Severability.** All rights and remedies whether conferred hereunder, or by any other instrument or law will be cumulative and may be exercised singularly or concurrently. The failure of any Party to enforce any of the provisions hereof will not be construed to be a waiver of the right of such Party thereafter to enforce such provisions. The terms and conditions stated herein are declared to be severable. If any provision or provisions of this Agreement will be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions will not in any way be affected or impaired thereby.
- 18.13. **Counterparts.** This Agreement may be executed in several counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.
- 18.14. **Reserved.**
- 18.15. **Governing Law.** This Agreement shall be governed by the Federal law of the United States.
- 18.16. **U.S. Government Restricted Rights.** The Programs and Documentation provided with the products and services are “commercial items” as that term is defined at 48 C.F.R. 12.101, consisting of “commercial computer software” and “commercial computer software documentation” as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and all U.S. Government end-users acquire the Programs and Documentation with only those rights set forth herein.
- 18.17. **Public Announcement.** Neither Party will publicly announce or create a press release referencing this Agreement, its contents or its related activities without the prior written consent of the other Party.
- 18.18. **Entire Agreement.** This Agreement, along with the EC America Rider to HCL Product Specific License Terms and Conditions, GSA Schedule Contract, Schedule Pricelist and Orders entered into pursuant to the Agreement, is the entire agreement between HCL and Licensee relating to the Program(s) and it supersedes all prior or contemporaneous oral or written communications, proposals and representations with respect to the Program(s) or any other subject matter covered by this Agreement and/or the Orders.

**EXHIBIT A**

**PACKAGED SERVICE OFFERING ADDENDUM**

If you have purchased Packaged Service Offerings, the terms and conditions of this Exhibit A to the Master License Agreement shall apply with respect to such Packaged Service Offerings. In the event of a conflict between or among the terms of this Exhibit A or the Master License Agreement, the terms of this Exhibit A shall govern. In the event of a conflict between a Negotiated Purchase Order and this Exhibit A, a Negotiated Purchase Order shall govern.

**“Packaged Service Materials”** means literary works or other works of authorship such as program listings, programming tools, Documentation, reports, drawings and similar works) that HCL may provide to you in connection with the Packaged Service Offerings indicated under an executed Order. Materials do not include Programs or commercially available software.

1. License Grant

1.1. Subject to the terms, conditions, and other restrictions set forth in this Exhibit A and a valid, executed Order (including timely payments of any Fees therein), HCL grants to Licensee a non-exclusive, non-transferable, limited, paid-up, and revocable license, without the right to sublicense, under HCL IPR, to reproduce, perform, display, and use the Packaged Service Materials solely by employees of Licensee. For avoidance of doubt, Licensee has no rights to create derivative works, assign, distribute, lease, rent, or otherwise transfer the Packaged Service Material(s).

1.2. Licensee Affiliates may install, access, and use the Packaged Service Materials under the terms of this Exhibit A, and Licensee is fully responsible for its Affiliates compliance with the terms of this Exhibit A, the Master License Agreement and the Order.

2. Party Obligations.

2.1. HCL shall perform the Packaged Service Offerings as specified in the relevant Order and Packaged Service Offering description. HCL's performance is conditional upon Licensee fulfilling its obligations. Licensee will cooperate with HCL and will provide, at no cost to HCL, safe and timely access to its premises and computer equipment, including remote access, adequate working space, facilities, and any other services, personnel, information, tools (including licenses), or materials that HCL may reasonably require to perform the services. HCL shall not be liable for any delay or defect resulting from Customer's acts or omissions.

3. Acceptance.

3.1 All Packaged Service Offerings are provided without deliverables and are not subject to deliverable acceptance review and approval. All Materials provided through the Packaged Service Offerings defined in any Order will be deemed accepted by you upon delivery. HCL will make no additional revisions to the Packaged Service Materials after: (i) the Packaged Service Offering expiration date is reached; or (ii) HCL has provided the Maximum Service Effort as defined and specified for the Packaged Service Offering.

4. Payment and Delivery.

4.1. Charges for the Packaged Service Offerings shall be set forth in the relevant Order. Unless otherwise stated, travel and living expenses are included, subject to restrictions as specified in Packaged Service

Offering description.

4.2. Licensee is responsible for enabling HCL to deliver each Packaged Service Offering within the specified service term. In the event that any services specified in the Order for one or more Packaged Services Offerings are not completed within the specified service term, those incomplete services are forfeited, unless mutually agreed upon by both parties in writing prior to the expiration of the relevant Order term.

## 5. Warranties and Exclusions

5.1. HCL WARRANTS THAT THE PACKAGED SERVICE OFFERINGS WILL BE PERFORMED IN A PROFESSIONAL AND WORKMANLIKE MANNER FOR SIXTY (60) DAYS AFTER THE SERVICES WERE PERFORMED (“WARRANTY PERIOD”).

5.2. THE LIMITED WARRANTIES EXPRESSLY SET FORTH IN SECTION 5 ARE LICENSEE’S EXCLUSIVE WARRANTIES. HCL DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND ANY WARRANTY OR CONDITION OF NONINFRINGEMENT. SOME STATES OR JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF EXPRESS OR IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO LICENSEE. IN THAT EVENT, SUCH WARRANTIES ARE LIMITED IN DURATION TO THE WARRANTY PERIOD. NO WARRANTIES APPLY AFTER THE WARRANTY PERIOD. SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO LICENSEE.

5.3. The sole and exclusive remedy and HCL’s entire liability for breach of the above warranty will be to reperform the Packaged Service Offerings as applicable, provided Licensee notifies Licensor of any breach of warranty in writing within the Warranty Period.

## 6. Limitation of Liability

6.1. EXCEPT FOR BREACHES OF LICENSE GRANTS IN SECTION 1 OF THIS EXHIBIT A, CONFIDENTIALITY IN SECTION 14 OF THE MASTER LICENSE AGREEMENT, OR LICENSEE’S PAYMENT OBLIGATIONS, IN NO EVENT WILL EITHER PARTY (OR HCL’S SUPPLIERS) BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, FOR BUSINESS INTERRUPTION, FOR PERSONAL INJURY (OTHER THAN AS PROVIDED FOR IN THIS SECTION) FOR LOSS OF PRIVACY ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OF OR INABILITY TO USE THE PACKAGED SERVICE MATERIAL(S), OR OTHERWISE IN CONNECTION WITH ANY PROVISION OF THIS EXHIBIT A, EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND EVEN IF THE REMEDY FAILS OF ITS ESSENTIAL PURPOSE. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR’S GROSS NEGLIGENCE; OR (2) FOR FRAUD.

6.2. EXCEPT FOR BREACHES OF LICENSE GRANTS IN SECTION 1 OF THIS EXHIBIT A, CONFIDENTIALITY IN SECTION 14 OF THE MASTER LICENSE AGREEMENT, OR LICENSEE’S PAYMENT OBLIGATIONS, IN NO EVENT WILL EITHER PARTY’S (OR HCL’S SUPPLIERS) TOTAL CUMULATIVE LIABILITY HEREUNDER FOR DIRECT DAMAGES (REGARDLESS OF BASIS FOR CLAIMS) EXCEED THE SUM PAID BY LICENSEE TO HCL, UNDER THE APPLICABLE ORDER FOR THE AFFECTED PACKAGED SERVICE OFFERING.

7. The foregoing disclaimers, limitations, and exclusions may be invalid in some jurisdictions and apply only to the extent permitted by applicable law or regulation in Licensee’s jurisdiction. Licensee may have additional rights that may not be waived or disclaimed. HCL does not seek to limit Customer's warranty

or remedies to any extent not permitted by law. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Agreement under any federal fraud statute, including the False Claims Act, 31. U.S.C. §§ 3729-3733.

8. Survival. All of the provisions in Sections 4, and 6 of this Exhibit A will survive expiration or termination of the Master License Agreement.

## CHAPTER 1. GENERAL INFORMATION

---

### 1. INFORMATION FOR ORDERING AGENCIES

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services; FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performed by the publisher or manufacturer or one of their authorized agents.

#### 1.1 SPECIAL NOTICE TO AGENCIES: SMALL BUSINESS PARTICIPATION

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Programs. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!<sup>TM</sup> on-line shopping service ([www.fss.gsa.gov](http://www.fss.gsa.gov)). The catalogs/pricelists, GSA Advantage!<sup>TM</sup> and the Federal Supply Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

## 1.2 GEOGRAPHIC SCOPE OF CONTRACT

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

On a case-by-case basis IBM will deliver products and perform Services to overseas US Government locations which are in support of national or mutual defense operations (including US Embassies), and to locations which support the national interest of the United States (See Appendix A for details). IBM does not guarantee any support services (including installation, maintenance or warranty service) if IBM has not approved the OCONUS location for each Government requirement.

## 1.3 CONTRACTOR’S ORDERING ADDRESS AND PAYMENT INFORMATION

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

**Credit Card Orders**

IBM will accept telephone orders of \$250,000 or less (subject to the individual user's credit card limit) with payment made by Government commercial credit cards for acquisition of all products and services available under this Schedule.

To place a credit card order with IBM, a Government purchaser must call its IBM sales representative or the IBM Office shown elsewhere in this chapter and provide the cardholder's name and telephone number, the card type, account number and expiration date, and the products or services to be delivered.

Credit card transactions are not eligible for Prompt Payment Discounts.

The Government credit card program provides that invoices for credit card orders are not necessary; therefore, IBM will present such invoices to the Government only upon specific request for an individual order.

---

## 1.4 LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by Contractor unless such injury or damage is due to the fault or negligence of the Contractor, in which case liability will be in accordance with the limits stated at under the section “Limitation of Liability” of this Chapter.

Block 36: Taxpayer ID Number: 13-087-1985

**Cage Code - 3BXY7**

### **Central Contractor Registration**

IBM has registered with the Central Contractor Registration Database.

## 1.6 FOB DESTINATION

All items are shipped FOB Destination within the United States (including Puerto Rico, Hawaii and Alaska). For shipments to other locations see Appendix A. Expedited delivery or special transportation requirements can be provided. Charges for such services are outside the scope of this contract. Excess storage charges, waiting time or overtime charges, and any charges associated with dry runs, rigging, the expediting of shipments and any special handling shall be paid by the Government. Machines shall be preserved, packed, and marked in accordance with IBM's standard practice. Packaging materials shall be the property of the Government. The Government shall pay any transportation costs incurred by IBM as a result of the Government's re-designation of the installation site after the initial shipment.

### 1.7 DELIVERY SCHEDULE

a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER	DELIVERY TIME (Days ARO)
132-3	30 days or as agreed to with ordering activity
132-8	30 Days
132-12	As agreed to with ordering activity
132-33	30 Days (if delivery is required)
132-51	As agreed to with ordering activity
132-62	As agreed to with ordering activity

If the Government wishes a specific receipt/installation date, it should be included in the delivery order. If IBM is unable to meet the requested delivery date, IBM will contact the Government to each agreement for an alternative date.

b. When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

### 1.8 DISCOUNTS

Prices shown are NET Prices; Basic Discounts have been deducted.

a. Government Educational Institutions

Government educational institutions who meet IBM's guidelines for Educational Allowance may take advantage of the discounts offered under that program as transactions under this Schedule contract. Such discounts are based upon the commercial list prices in effect, and are not discounts off of the prices negotiated herein.

b. Prompt Payment Discount

Invoices, issued against delivery orders accepted under this contract, for Hardware Monthly Maintenance Charges, Maintenance Usage Charges, Annual Hardware Maintenance Charges, Hard Drive Retention/Media Retention Maintenance Service, Software Remote Technical Support(see SIN 132-51 for offerings), Non-System z/Non-Passport Advantage Software Maintenance and associated US Citizen Support, and System z Monthly/Annual License Charge (MLC/ALC) Programs are eligible for a prompt payment discount when paid promptly as set

forth below, except when ordered via a Government credit card. See item titled "Credit Card Orders". Eligible invoices will be so annotated by IBM.

Paying offices are entitled to deduct a prompt payment discount of one percent (1.0%) of the invoice amount whenever payment of an eligible proper invoice received in the office specified by the Government is made on or before the twenty-fifth (25th) calendar day following the invoice date printed thereon. Whenever the twenty-fifth day falls on a Saturday, Sunday, or Federal holiday, payments made on the following business day will be considered qualifying payments for purposes of this discount. Payment shall be deemed to have been made on the date of the Government's check or on the date of the Government's wire transfer payment. Discounts taken which do not meet the foregoing criteria will be disallowed and will be re-invoiced to the applicable paying office. Eligible prompt payment discounts must be taken at the time the payment is made by the Government.

Agencies are reminded that the payment due date of this prompt payment discount is different from that of the Prompt Payment Act. Invoices not paid until the payment due date of the Prompt Payment Act will not qualify for this discount. In addition, failure to promptly renew orders for recurring charges disqualifies an agency from receiving the Prompt Payment Discount for the period prior to the delivery order's receipt by IBM. For example, if an agency provides a renewal delivery order on December 15, for monthly software charges and makes payment by December 25, Prompt Payment Discount may be taken for the entire month of December, but not for October and November.

## **1.9 STATE AND LOCAL TAXES**

Notwithstanding the provisions of FAR 52.229-3, Federal, State and Local Taxes, January 1991, the Contract price excludes all State and Local taxes levied on or measured by the Contract or sales price of the services or completed supplies furnished under this Contract. Taxes excluded from the Contract price pursuant to the preceding sentence shall be separately stated on IBM's invoices and the Government agrees either to pay to IBM amounts covering such taxes or to provide evidence necessary to sustain an exemption there from. For purposes of any other state and local taxes the Government shall be considered the owner of the equipment upon installation. It shall be the Government's responsibility to provide a tax exemption certificate to IBM, where appropriate.

Refer to SIN 132-3, for applicable taxes on leasing.

## **1.10 STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING**

Export packing is available outside the scope of this Contract. Charges will be furnished upon request.

### 1.11 SMALL REQUIREMENTS

There is \$100 minimum dollar value limitation on orders placed under this Schedule, except within SIN 132-3, Leasing. IBM will lease transactions for products which have an aggregate purchase price value equal to or greater than \$5,000.

### 1.12 MAXIMUM ORDER

Maximum order threshold for Special Item Numbers are identified below.

SIN 132-3:	Leasing	\$500,000
SIN 132-8:	Purchase	\$500,000
SIN 132-12:	Repair Parts only	\$10,000
SIN 132-33:	Perpetual SW	\$500,000
SIN 132-51:	IT Services	\$500,000
SIN 132-62	HSPD-12 Services	\$500,000

Notwithstanding these limits, agencies may place and IBM may honor orders exceeding these limits. Please refer to the section titled "Ordering Procedures for Federal Supply Schedule Contracts," within this Chapter for details on ordering procedures.

### 1.13 ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all Schedules.

### 1.14 CONTRACTOR TASKS/SPECIAL REQUIREMENTS (C-FSS-370)(Nov 2001)

- a. Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule
- b. Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does not apply to travel and per diem charges.

NOTE: Refer to FAR Part 31.205-46 Travel Costs, for allowable costs that pertain to official company business travel in regards to this contract.

- c. **Certifications, Licenses and Accreditations:** As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.
- d. **Insurance:** As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- e. **Personnel:** The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- f. **Organizational Conflicts of Interest:** Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- g. **Documentation/Standards:** The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- h. **Data/Deliverable Requirements:** Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.
- i. **Government-Furnished Property:** As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- j. **Availability of Funds:** Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

### 1.15 PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract.

For administrative convenience, an ordering office contracting officer may add items not on a Federal Supply Multiple Award Schedule (MAS) – referred to as open market items – to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if:**

1. All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));

2. The ordering office contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
3. The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
4. All clauses applicable to items not on the Federal Supply Schedule are included in the order.

### **1.16 OVERSEAS ACTIVITIES**

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

Please refer to Appendix A for details.

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

### **1.17 Blanket Purchase Agreements (BPAs)**

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

Orders placed under such agreements shall be issued in accordance with all applicable regulations and the terms and conditions of the contract. Additional terms and conditions may be added under a BPA, provided they're clearly advantageous to the Government, upon the mutual agreement of IBM and the agency. Any other changes to terms and conditions must be agreed to by GSA, IBM and the agency.

### **1.18 CONTRACTOR TEAM ARRANGEMENTS**

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract. For additional details on teaming with IBM, please call 1-800-333-6705.

## 1.19 INSTALLATION, DEINSTALLATION, REINSTALLATION

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act apply.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, de-installation, and re-installation services under SIN 132-8.

## 1.20 SECTION 508 COMPLIANCE

If applicable, Section 508 compliance information on supplies and services in this contract, are available by calling IBM's Federal Information Call Center at 1-800-333-6705. Government customers may also view IBM's website and request a VPAT for a specific product: [http://www-03.ibm.com/able/product\\_accessibility/](http://www-03.ibm.com/able/product_accessibility/) IBM will indicate how applicable 508 requirements are met by either providing a VPAT or other supporting documentation per the agency standards as specified in the scope of work of the task order.

## 1.21 FEDERAL CONTRACTORS OR PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES

A class deviation to FAR Part 51 was granted by GSA's Senior Procurement Executive in accordance with FAR Subpart 1.404, Class deviations. The deviation permits federal contracting officers to authorize GSA contractors, who are performing an order on a time-and-material or labor-hour basis, to purchase supplies and services from schedule contractors. The guidance provided below for Prime Contractors apply to GSA contractors.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and include a copy of the authorization letter with each order.

Refer to FAR 51 for guidance. –

- a. A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- b. The following statement:

This order is placed under written authorization from \_\_\_\_\_ dated \_\_\_\_\_. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

### **1.22 PRIVACY ACT**

All delivery orders that contain specific privacy requirements must be submitted by the Ordering Office directly to the Manager, GSA Schedules, IBM Corporation, 6710 Rockledge Drive, Bethesda, Maryland 20817, for the privacy requirements to be operative. Only if the delivery order is so submitted and IBM does not thereafter reject such order within 60 days of receipt, will provisions of the order with regard to obligations under the Privacy Act become applicable.

### **1.23 PERSONNEL**

IBM will be using professional service personnel to perform services procured hereunder.

### **1.24 ON-LINE INFORMATION**

Information regarding this Schedule contract may be obtained thru GSA Advantage! on the Internet: <http://www.gsa.gov>. Current information about IBM products and prices, special promotions and contract terms and conditions is available on IBM's Home Page which is <http://www.ibm.com/easyaccess/gsa>.

### **1.25 ORDERING**

A written order, credit card order, fax, electronic order via a website, or in the case of funded BPAs, telephone orders, shall be the only basis for ordering under this contract unless otherwise provided in a Special Item. All written orders shall be time stamped upon receipt by IBM and the time-stamped date shall be considered to be the date of receipt unless the order shall have been sent by Certified Mail/Return Receipt Requested in which event the date of receipt shall be the date indicated on the certified mail receipt.

All Government delivery orders and modifications to delivery orders will be considered to be accepted by IBM unless IBM rejects the order/modification in writing within thirty (30) days of its receipt unless otherwise indicated under SINS elsewhere in this schedule.

Orders/modifications will not be signed or returned by IBM to the ordering agency.

### **1.26 TRADE AGREEMENT ACT**

As required by FAR 52.225-6, IBM certifies that all end products supplied under this contract are US-made or designated country end products. IBM identifies hardware end products as those items with a Machine Type/Model number. IBM makes no representation of origin on any IBM

installed product features or upgrades, or on components of end products (e.g., features, upgrades and parts).

Regarding software end products, in accordance with Customs and Border Protection rulings, the place of recording on media determines the country of origin. IBM offers no country of origin on software we deliver electronically (however, on request, IBM will deliver this software via tangible media and the place of recording on media will determine the country of origin).

Acquisition of certain services is subject to the Trade Agreements Act. Pursuant to FAR 25.402(a)(2), the origin of services subject to the Trade Agreements Act is the country in which the contractor is established. IBM Corporation is established in the United States

Note: Customer Set Up (CSU) product features and upgrades are not available under this Schedule and may only be purchased as Open Market items unless the Customer elects to have IBM install them (installation rates may be found under the Professional Services SIN for Machine Movement and Modification Services).

### **1.27 TERM OF ORDERS**

Any order issued during the effective period of this contract may specify a period of performance that extends beyond the expiration date of this contract. IBM shall complete all schedule orders within the time specified in the order, or as mutually agreed between IBM and the ordering agency. Those task orders that have a period of performance beyond this contract will continue to be governed by all the terms and conditions in the contract and any other special ordering procedures pursuant to FAR Part 8.402.

### **1.28 PRICE LIST EXPLANATORY NOTES**

Agencies should refer to the hardware, software and maintenance legends for an explanation of information provided in the corresponding price lists.

### **1.29 THIRD PARTY PRODUCTS**

For non-IBM Products including Programs, the manufacturer's product terms will apply, including, but not limited to warranty support, Patent and Copyright Infringement, and refund rights.

### **1.30 RESALE TO THIRD PARTIES**

The Government agrees that it is acquiring machines under this contract with the intent to use them within the Government in support of Government operations and not for reselling, re-marketing, leasing, or transferring the machines (or components thereof) to a third party unless the Government is arranging lease-back financing for the machines, or has prior written consent from IBM.

### 1.31 PATENT AND COPYRIGHT INDEMNITY

For purposes of this Section, the term "Product" includes Materials, Machine Code and Licensed Internal Code.

If a third party claims that a Product IBM provides to the Government infringes that party's patent or copyright, IBM will indemnify the Government, its officers, agents, and employees against liability, at IBM's expense and pay all costs, damages, and attorneys fees that a court finally awards or that are included in a settlement approved by IBM, provided that the Government:

- A. Promptly notifies IBM in writing of the claim; and
- B. Gives IBM such opportunity as is offered by applicable laws, rules or regulations to participate in the defense thereof. The Government shall make every effort to permit IBM to fully participate in the defense and/or in any settlement of such claim. However, IBM understands that such participation will be under the control of the Department of Justice.

#### **Remedies**

If such a claim is made or appears likely to be made, the Government agrees to permit IBM to enable the Government to continue to use the Product, or to modify it, or replace it with one that is at least functionally equivalent. If IBM determines that none of these alternatives is reasonably available, the Government agrees to return the Product to IBM on IBM's written request. IBM will then give the Government a credit equal to:

1. For a Machine, the Government's net book value, provided the Government has followed generally-accepted accounting principles.
2. For a Program, the amount paid by the Government or 12 months' charges (whichever is less). If the Product is an IBM SaaS or subject to Fixed Term charges, up to twelve months' charges.
3. For Materials, the amount the Government paid IBM for the creation of the Materials.

This is subject to the Government's right to require continued use of the Products pursuant to the provisions of 28USC1498. In the event of such continued use, the Government shall notify IBM in writing of its election to continue use and agrees to undertake at the Government's expense the defense of any action against the Government and IBM shall have no further indemnification obligation; it being understood that IBM may participate at its expense in the defense of any such action if such claim is against IBM.

#### **Claims for Which IBM is Not Responsible:**

IBM has no obligation regarding any claim based on any of the following:

- A. The Government's modification of a Product, or a Program's use in other than its Specified Operating Environment;

- B. Anything the Government provides which is incorporated into a Product or IBM's compliance with any designs, specifications, or instructions provided by the Government or by a third party on behalf of the Government;
- C. The combination, operation, or use of a Product with other Products not provided by IBM as a system, or the combination, operation or use of a Product with any product, data, apparatus, or business method that IBM did not provide, or the distribution, operation or use of a Product for the benefit of a third party;
- D. Infringement by a non-IBM Product.
- E. Product's use other than in accordance with its applicable licenses and restrictions or use of a non-current version or release of a Product, when a claim could have been avoided or the risk of a claim reduced by using the current version or release;
- F. the distribution, operation, or use of the Product outside Government's Enterprise or for the benefit of any third party; or
- G. Separately Licensed Code, if any, as identified in the LI for the Product.

The LI for the Product or other documents may permit the Government to copy, modify, or redistribute all or portions of the Product without paying additional licensing fees to IBM. The indemnification obligation under this Patent and Copyright provision only applies to copies of the Product provided to the Government by IBM and additional copies expressly authorized in a PoE. IBM has no obligation for claims relating to copies of the Product neither provided by IBM nor specifically authorized by a POE, even if permitted by the LI for the Product or other documents.

These Patent and Copyright terms do not obligate in any manner any third-party supplier of code (including Separately Licensed Code) included with or part of the Product.

The foregoing states the entire obligation of IBM with respect to infringement of patents or copyrights.

### **1.32 LIMITATION OF LIABILITY**

Circumstances may arise where, because of a default on IBM's part or other liability, the Government is entitled to recover damages from IBM. In each such instance, regardless of the basis on which the Government is entitled to claim damages from IBM (including fundamental breach, negligence, misrepresentation, or other contract or tort claim), IBM is liable only for:

- A. Payments referred to in IBM's Patents and Copyrights terms described herein;
- B. Damages for bodily injury (including death) and damage to real property and tangible personal property; and
- C. The amount of any other actual direct damages or loss, up to the greater of: (i) \$100,000; OR (ii) the contract price (if recurring, 12 months' charges apply) for the Product or Service that is the subject of the claim. For purposes of this item, the term "Product" includes Materials, Machine Code and Licensed Internal Code. Nothing in this subsection C shall limit the Government's right to (i) excess procurement costs in the event of a Termination for Default; or (ii) the contractual remedies prescribed under the Price Reductions clause (GSAR 552.238-75)

(May 2004)(Alternate I- May 2003) and GSAR 552.215-72, Price Adjustment – Failure to Provide Accurate Information (Aug 1997).

D. For classroom training or education material, IBM is liable for the charges associated with the corresponding item provided.

This limit also applies to any of IBM's subcontractors and Program developers. It is the maximum for which IBM and its subcontractors and Program developers are collectively responsible.

Items for which IBM is not liable:

Under no circumstances is IBM, or its subcontractors, or Program developers liable for any of the following even if informed of their possibility:

- A. Loss of, or damage to data, or
- B. Special, incidental, or indirect damages or for any economic consequential damages, or
- C. Lost profits, business, revenue, goodwill or anticipated savings, or
- D. Any third party claims against you except as described in the Patents and Copyrights section or as permitted by the Limitation of Liability section for bodily injury (including death) or damage to real or tangible personal property for which IBM is legally liable

The parties acknowledge that nothing in this provision shall restrict the Government's statutory remedies in the event of fraud.

### **1.33 COMPLETE AGREEMENT**

IBM's GSA IT Schedule, its Published Terms, and any RFP, Proposal and Statement of Work issued against the Contract constitute the complete Agreement of the parties and supersede all prior communications, agreement or understandings on this subject.

Any terms of this Agreement which by their nature extend beyond the Agreement termination remain in effect until fulfilled.

### **1.34 OTHER PRINCIPLES OF OUR RELATIONSHIP**

1. If confidential information is exchanged in connection with this agreement, it shall be marked as confidential. Parties will not disclose confidential information without a separate, signed confidentiality agreement, as applicable. If confidential information is exchanged in connection with a transaction under this Schedule, the applicable confidentiality agreement is incorporated into, and subject to, this Agreement.
2. Each of us grants the other only the licenses and rights specified in this Agreement. No other licenses or rights (including licenses or rights under patents) are granted either directly, by implication, or otherwise.
3. Each of us may communicate with the other by electronic means and such communication is acceptable as a signed writing. An identification code (called a "user ID") contained in an

electronic document is legally sufficient to verify the sender's identity and the document's authenticity.

4. Each of us will allow the other reasonable opportunity to comply before it claims that the other has not met its obligations.
5. Neither of us is responsible for failure to fulfill any obligations due to causes beyond its control.
6. This Agreement will not create any right or cause of action for any third party, nor will IBM be responsible for any third party claims against you except as described in the Patents and Copyrights section or as permitted by the Limitation of Liability section for bodily injury (including death) or damage to real or tangible personal property for which IBM is legally liable.
7. Government is responsible for selecting the Products and Services that meet its needs and for the results obtained from the use of the Products and Services, including the Government's decision to implement any recommendation concerning Government's business practices and operations.
8. As reasonably required by IBM to fulfill its obligations under this Agreement, the Government agrees to provide IBM with sufficient, free, and safe access (including remote access) to Government facilities, systems, personnel, and resources at no charge to IBM. IBM is not responsible for delay in performing or failure to perform caused by Government's delay in providing such access or performing other Government responsibilities under this Agreement.
9. Government agrees that IBM may process the business contact information of Government employees and contractors and information about Government as a legal entity (contact information) in connection with IBM Products and Services or in furtherance of IBM's business relationship with Government. This contact information can be stored, disclosed internally and processed by International Business Machines Corporation and its subsidiaries, Business Partners and subcontractors wherever they do business, solely for the purpose described above provided that these companies comply with applicable data privacy laws related to this processing. Where required by applicable law, Government has notified and obtained the consent of the individuals whose contact information may be stored, disclosed internally and processed and will forward their requests to access, update, contract or delete their contact information to IBM who will then comply with those requests.

### **1.35 EUROPEAN UNION GENERAL DATA PROTECTION REGULATION (GDPR)**

The European Union passed the General Data Protection Regulation (EU/2016/679) (GDPR), effective 25 May 2018. The GDPR is designed to ensure a consistent level of protection of the rights and freedoms of natural persons with regard to the processing of their data and to establish one set of data protection rules for Personal Data. IBM is committed to GDPR readiness.

Regarding GDPR, you represent as follows:

- a. Either you do not require IBM to process Personal Data within the meaning of GDPR (e.g., because no processing of Personal Data occurs in the European Union (EU); no monitoring of

Personal behavior takes place in EU; or your activities are otherwise exempt from GDPR); and you will communicate to IBM in writing, without undue delay, any anticipated change affecting this representation, or

b. You agree to IBM's Data Processing Addendum at <http://ibm.com/dpa> (DPA) and applicable DPA Exhibit, which apply and supplement the contract. Please contact your IBM representative for the applicable Data Processing Exhibit.

### 1.36 DEFINITION OF TERMS

**Note:** The definitions and explanations noted here are an integral part of the terms and conditions of this Schedule. Additional definitions applicable to a specific SIN are included in the respective Chapter.

**Customer-Set-Up (CSU)-Machine:** An IBM Machine that the Government installs according to instructions provided with it

**Designated Machine:** a Machine of a type specified in the Mainframe Exhibits provided at the following address:

<http://www.ibm.com/systems/z/resources/swprice/reference/exhibits/hardware.html>.

**Engineering Change** – an update to modify certain aspects of the design of an installed Machine, including without limitation the design of a certain Machine part or Machine Code.

**Enterprise** – the agency or affiliated entity of the Government awarding a contract and subsequent Order under such contract. This Government Customer is the legal entity that is authorized to execute and administer the contract.

**Existing Works** – Works of authorship delivered to Customer, but not created, under the Attachment or Transaction Document and any modifications or enhancements of such Works made under the Attachment or Transaction Document.

**IBM Machine** – a Machine bearing an IBM logo.

**IBM Product** – an IBM Machine, ICA Program, or Other IBM Program.

**Licensed Internal Code:** (called "LIC") another term for Machine Code commonly used for certain IBM product lines, such as for IBM System z Machine. LIC and Machine Code are interchangeable terms that have the same meaning.

**Machine:** a hardware device, including its resources, capabilities, features, conversions, Machine Upgrades, elements, or accessories, or any combination of them. The term "Machine" includes an IBM Machine and any non-IBM Machine (including other equipment).

**Machine Upgrade** – the following changes that IBM sells for installation on a Machine: a hardware or Machine Code change to modify, add, remove, enable or disable certain Built-in Capacity or other resources and capabilities. Each such change can be accomplished through a Machine conversion, or through the conversion, addition, removal, or exchange of a Machine's feature(s).

**Materials** – literary works or other works of authorship (such as software programs and code, documentation, reports, and similar works) that IBM may deliver to Customer as part of a Service. The term “Materials” does not include Programs, Machine Code, Existing Works, or other items available under their own license terms or agreements.

**Other IBM Program** – an IBM Program licensed under a separate IBM license agreement (e.g., IBM Program License Agreement (IPLA)).

**Product:** A Machine or a Program.

**Program ("Program" or "Licensed Program"):** is the following, including the original, any portion thereof, and all whole or partial copies:

- a. one or more sequences of instructions suitable for processing by a computer;
- b. components;
- c. related licensed materials such as publications and other documentation,
- d. audio-visual content (such as images, text, recordings, or pictures) defined within or generated by the execution of, such sequence(s) of instructions; and
- e. control data (such as control blocks, event logs, configuration files) defined within or generated by the execution of such sequence(s) of instructions. Control data includes without limitation data that is designed to (i) manage or limit the operation of programs, or (ii) help monitor, record, manage, or limit the consumption of software or hardware resources, including, without limitation, data used in IBM’s implementation of Technological Measures.

The term Program includes an ICA Program, Other IBM Program, or Non-IBM Program and any fix, patch or replacement that IBM may provide for a Program. The term does not include Machine Code, Existing Works licensed under a Service Agreement (SIN 132-51) or under their own license terms or agreements.

### **Types of Programs:**

**ICA MLC Programs:** those MLC Programs licensed under the ICA (System z MLC software), see SIN 132-33 terms.

ICA MLC Programs are perpetual licenses only to the extent that the government pays the monthly/annual license charges.

**Other IBM Program:** is an IBM Program licensed under the terms of IBM Program License Agreement (IPLA), see SIN 132-33 terms.

**Service:** performance of a task, assistance, support, or access to a resource (such as information database) that IBM makes available to the Government.

**Specifications:** information specific to a Product. IBM Machine Specifications are in a document entitled Official Published Specifications. ICA Programs Specifications are in a document entitled Licensed Program Specifications.

**Specified Operating Environment:** the Machines and Programs with which an ICA Program is designed to operate, as described in its Licensed Program Specifications.

**Transaction Document** Documents used to confirm the specific details of the transaction. Examples of these documents include, but are not limited to, purchase order, delivery order, exhibits, change authorizations (to an existing Service statement of work), and statements of work (outlines scope of Services, responsibilities, deliverables, completion criteria).

## CHAPTER 5. SPECIAL ITEM 132-33: PERPETUAL SOFTWARE LICENSE

---

### TERMS AND CONDITIONS

Note: These terms and conditions are applicable to the licensing of IBM licensed programs, and are in addition to those described in Chapter 1, General Information.

During the contract period, International Business Machines Corporation (IBM) and the Government agree that the following terms and conditions will apply to any order for IBM licensed programs that is placed by the Government under this Special Item. The term "Government" shall mean all Federal agencies (as defined in Paragraph (b) of 40 USC 472), the Senate, the House of Representatives, the Architect of the Capitol, and the Government of the District of Columbia, all of which are hereinafter referred to as the Government. The offerings under this Special Item 132-33 will be available to the Government within the United States, the District of Columbia and Puerto Rico. IBM will deliver products and perform services to overseas U.S. Government locations which are in support of national or mutual defense operations (including U.S. Embassies), and to locations which support the national interest of the United States.

### SOFTWARE MAINTENANCE

a. Software maintenance as it is defined: (select software maintenance type) :

1. Software Maintenance as a Product (SIN 132-32 or SIN 132-33)

Software maintenance as a product includes the publishing of bug/defect fixes via patches and updates/upgrades in function and technology to maintain the operability and usability of the software product. It may also include other no charge support that are included in the purchase price of the product in the commercial marketplace. No charge support includes items such as user blogs, discussion forums, on-line help libraries and FAQs (Frequently Asked Questions), hosted chat rooms, and limited telephone, email and/or web-based general technical support for user's self diagnostics.

Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance as a service.

Software Maintenance as a product is billed at the time of purchase

2. Software Maintenance as a Service (SIN 132-34)

Software maintenance as a service creates, designs, implements, and/or integrates customized changes to software that solve one or more problems and is not included with the price of the software. Software maintenance as a service includes person-to-person communications regardless of the medium used to communicate: telephone support, on-line technical support, customized support,

and/or technical expertise which are charged commercially. Software maintenance as a service is billed arrears in accordance with 31 U.S.C. 3324.

- b. Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE

## **5.1 INSPECTION/ACCEPTANCE**

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any software that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming software at no increase in contract price. The ordering activity must exercise its post-acceptance rights as defined in IBM's license terms (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the software, unless the change is due to the defect in the software.

**Acceptance** – see IBM's ICA and IPLA license terms for the definition of Acceptance.

## **5.2 GUARANTEE/WARRANTY**

IBM's standard commercial guarantee/warranty is specified in the terms and conditions of the ICA and IPLA license terms stated elsewhere in this chapter.

IBM's Limitation of Liability is as specified in Chapter 1 of the GSA Schedule.

## **5.3 TECHNICAL SERVICES**

IBM provides technical support for software licenses as specified herein under the ICA and IPLA license terms.

## **5.4 SOFTWARE MAINTENANCE**

IBM's Software maintenance terms are provided herein under the Acquisition of Software Maintenance (Item 5.15.12) and Passport Advantage terms (Appendix S).

## **5.5 UTILIZATION LIMITATIONS**

- a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.
- b. When acquired by the ordering activity, commercial computer software and related documentation so legend shall be subject to the following:

1. Title to and ownership of the software and documentation shall remain with the Contractor, unless otherwise specified.
2. Software licenses are by site and by ordering activity. An ordering activity is defined as a cabinet level or independent ordering activity. To the extent the use of the software Program is in accordance with the level of authorization obtained for the Program, the software may be used by any subdivision of the ordering activity (service, bureau, division, command, etc.) that has access to the site where the software resides, even if the subdivision did not participate in the acquisition of the software. Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one ordering activity's site. This would allow other agencies access to one ordering activity's database. For ordering activity public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user ordering activity will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the user ordering activity's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user ordering activity.
3. Except as is provided in paragraph 8.b(2) above, the ordering activity shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the ordering activity's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.
4. (4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative, for a temporary period of time; to copy computer programs for safekeeping (archives) or backup purposes; with IBM's written consent, to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.
5. Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

## **5.6 SOFTWARE CONVERSIONS - (132-32 AND 132-33)**

As a general rule, IBM does not offer full monetary credit to the Government when conversion from one version of the software to another which is made as the result of a change in operating system, or from one computer system to another; however, IBM offering for the Acquisition of Software Maintenance or Passport Advantage includes terms on version updates for IPLA Licensed Programs. In addition, IBM has a software migration plan for its ICA Program Licensed products which is available under the terms of Single Version Charging. Such terms are stated elsewhere in this Chapter.

## **5.7 DESCRIPTIONS AND EQUIPMENT COMPATIBILITY**

IBM provides a list of software products and their description in this pricelist. Additional details regarding the IBM software products can be found on IBM's internet site: [www.ibm.com](http://www.ibm.com).

## **5.8 GENERAL INFORMATION**

Under these terms and conditions, IBM will (1) furnish licensed programs to the Government, (2) furnish materials in support of such licensed programs, and (3) provide program services (offerings), as described herein. The Government agrees with respect to the licensed programs to accept the responsibility for (1) their selection to achieve the Government's intended results, (2) their installation, (3) their use, and (4) the results obtained there from. The Government also has the responsibility for the selection and use of, and results obtained from, any other programs, programming equipment, or services used with the licensed programs.

None of the licenses granted hereunder nor any of the licensed programs or copies thereof may be sub-licensed, assigned, or transferred between agencies or departments, including military departments without the prior written consent IBM. Any attempt to sub-license, assign, or transfer any of the rights, duties, or obligations under this Special Item 132-33 is void.

IBM is not responsible for failure to fulfill its obligations under this Special Item due to causes beyond its control.

The Government agrees that all of the terms and conditions of this Special Item applicable to restricted materials shall be applicable to materials, regardless of form, labeled "Restricted Materials of IBM" when distributed to the Government.

## **EUROPEAN UNION GENERAL DATA PROTECTION REGULATION (GDPR)**

The European Union passed the General Data Protection Regulation (EU/2016/679) (GDPR), effective 25 May 2018. The GDPR is designed to ensure a consistent level of protection of the rights and freedoms of natural persons with regard to the processing of their data and to establish one set of data protection rules for Personal Data. IBM is committed to GDPR readiness.

Regarding GDPR, you represent as follows:

- a. Either you do not require IBM to process Personal Data within the meaning of GDPR (e.g., because no processing of Personal Data occurs in the European Union (EU); no monitoring of Personal behavior takes place in EU; or your activities are otherwise exempt from GDPR); and you will communicate to IBM in writing, without undue delay, any anticipated change affecting this representation, or
- b. You agree to IBM's Data Processing Addendum at <http://ibm.com/dpa> (DPA) and applicable DPA Exhibit, which apply and supplement the contract. Please contact your IBM representative for the applicable Data Processing Exhibit.

## 5.9 ORDERS

Software Acquisition is limited to commercial computer software defined in FAR Part 2.101.

Each order shall list the licensed program(s), feature(s), and/or material(s), and shall show the type and serial of the designated machine(s) on which each program and/or material are to be used, and the location of such machines. The Customer Requested Arrival Date shall be written into the order and the order shall be forwarded to IBM. In the event that IBM can't meet the Customer Requested Arrival Date, IBM shall notify the Government within 30 calendar days from the date of the certified mail receipt or the order receipt date of the Calculated Arrival Date which it can meet. Otherwise, the Customer Requested Arrival Date automatically becomes the Calculated Arrival Date.

## 5.10 RISK OF LOSS

If licensed programs in a tangible form are lost or damaged during shipment from IBM, IBM will replace such licensed programs and program storage media at no additional charge to the Government.

If licensed programs are lost or damaged while in the possession of the Government, IBM will replace such licensed programs at the then current commercial charges, if any, for processing, distribution, and/or program storage media. Such charges will be outside the scope of this Contract.

## 5.11 COMPLIANCE VERIFICATION

Upon reasonable notice, IBM may verify the Government's compliance with License terms at all sites and for all environments in which the Government uses (for any purpose) Programs subject to the License Terms, and the data and other information affecting the calculation of charges provided under any order. Such verification will be conducted in a manner that minimizes disruption to the Government and may be conducted on the Government's premise, during normal business hours. The Government agrees to i) provide records, system tools outputs, and other electronic or hard copy system information reasonably necessary for such verification.

IBM's right to verify Government's usage data and other information affecting the calculation of charges also includes the right to verify Government's compliance with terms of the ICA License Terms (including applicable Attachments, Addendums, and Transaction Documents). IBM may use an independent auditor to assist with such verification, provided IBM has a written confidentiality agreement in place with such auditor. Government agrees to create, retain, and provide to IBM and its auditors written records, system tools outputs, and other system information sufficient to provide auditable verification that Government's use, installation and running or executing IBM Programs complies with the terms of the Government's Agreement, including IBM's applicable licensing and pricing qualification terms. IBM agrees to use personnel with appropriate security clearances when required. IBM will notify the Government in writing if any such verification indicates that the Government is not in compliance with the terms of the Agreement. IBM will invoice Client for any additional charges to which Client become obligated as determined by an audit. The provisions in this paragraph shall remain in effect during the term of this Agreement and for a reasonable time thereafter to confirm deployment and use of the Licensed Programs during the term of this Agreement.

### **5.11.1 CIRCUMVENTION OF TECHNOLOGICAL MEASURES**

The Government will not directly or indirectly, by or through any means, (i) Circumvent or attempt to Circumvent any Technological Measures in an IBM Product or use a third party product to do so, or (ii) in any way access, or attempt to access or use, Unauthorized Built-in Capacity.

### **5.12 CHARGES, INVOICES, AND PAYMENTS**

The charges applicable to each licensed program may be a one-time charge, an upgrade charge, a periodic charge and any initial or process charge.

One-time and recurring charges may be based on measurements of actual or authorized use (for example, number of users or processor size). The Government agrees to provide actual usage data if IBM specifies. If the Government changes its environment such that it impacts use charges (for example, change to processor size or configuration for Programs), the Government agrees to promptly notify IBM and provide a modification for any applicable charges. IBM does not give credits or refunds for charges already due or paid. In the event that IBM changes the basis of measurement, its terms for changing charges will apply.

#### **Initial License Charge (ILC):**

In addition to some programs which have a monthly license charge, an ILC charge will apply. The ILC is billed along with the first MLC invoice (see Periodic Charges below).

#### **One time Charges (OTC):**

For new program license orders, in the event a price increase occurs from the date of signature on the delivery order to the date of receipt by IBM, IBM will honor the lower price of the order if received within the validity date on the proposal quote or if the order was received within 15 days of the signature date on the delivery order. Should the order be received after the validity

date of the proposal or the 15 day period, a new or modified order will be required that reflects the current catalog price. IBM will invoice the Government for OTC software products upon shipment.

**Periodic Charges:**

**System z Platform Programs:**

Recurring charges for System z platform programs, which may be monthly license charges (MLC) or annual license charges (ALC), will be calculated in full calendar month increments.

For new installations and product alterations (other than discontinuances) occurring on the first of a month, charges will begin immediately.

For new installation and products alterations occurring after the first day of the month, charges will begin the first day of the month after installation.

Products discontinued the first of a month or during a month will be charged through to the end of the month.

**NON System z Platform Programs:**

Other platform programs with recurring charges (MLC or ALC charges) will begin billing upon the Date of Installation. If applicable, charges will be prorated based on a thirty (30) day month.

**All Platform Programs:**

Charges for renewal(s) of licensed programs which have been withdrawn from marketing are specified in this price list.

Charges will be invoiced at the end of the period for which the charges accrue.

For new program license orders, in the event a price increase occurs from the date of signature on the delivery order to the date of receipt by IBM, the periodic charge shall be the charge in effect upon the Date of Installation.

**Primary License Charge (PLC):**

A Primary License Charge applies to programs which are billed as an Annual License Charge. The PLC is billed as a one time charge upon the Date of Installation of the licensed program.

**Program Upgrade Charge:**

For selected licensed programs, IBM may designate a replacement program which is normally a new version of an existing program. If the product was offered as OTC, the replacement version may be offered for a Program Upgrade Charge, which is a one-time charge that is less than the full OTC amount.

The Government may qualify for the Program Upgrade Charge, if the prior version of the licensed program is discontinued upon installation of the new version.

**Process Charge:**

A process charge is usually a distribution charge or media charge for machine-readable materials.

Charges will be due upon receipt by the Government of the licensed programs to which such charges apply and are not refundable.

**Payment:**

Per FAR 52.212-4 payment is due in accordance with the Prompt Payment Act.

In the event that the Government is of the opinion that any charges or credits on an invoice are not billed properly, every effort should be made to promptly pay the portion of the invoice not in question and give detailed written notice to IBM concerning the items in question.

### **5.13 CROSS FISCAL YEAR FUNDING**

IBM will accept orders which cross fiscal years provided the ordering agency's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period. The Government's purchase order shall specify the availability of funds and the period for which funds are available.

### **5.14 LICENSE AGREEMENT FOR ICA PROGRAMS (SYSTEM Z MLC PROGRAMS)**

Upon acceptance of a Client order, IBM grants a non-exclusive, non-transferable license to use the MLC Program (Program). The Client customer is not authorized to transfer the ICA Programs, unless authorized by IBM. The MLC Programs are owned by International Business Machines Corporation, one of its subsidiaries, or a third party and are copyrighted and licensed (not sold).

#### **5.14.1 DEFINITIONS**

**Designated Machine** – a Machine or non-IBM machines specified in the “Mainframe Exhibits” at <http://www.ibm.com/systems/z/resources/swprice/reference/exhibits/hardware.html> and available upon request.

**Program Services** -- defect correction information, restrictions, or bypasses that IBM provides for an MLC Program.

**Specified Operating Environment** – the Machines, non-IBM Machines, Programs and non-IBM programs with which an MLC Program is designed to operate, as specified in the MLC Program’s “Licensed Program Specifications” document (LPS).

## LICENSE FOR MLC PROGRAM

### 5.14.1 AUTHORIZED USE

Under each license, IBM authorizes the Client to:

- a. run or execute the MLC Program only on the Designated Machine as specified by the Client to IBM under the terms 5.14.2 below.
- b. use the MLC Program to the extent of authorizations the Client has obtained
- c. solely in support of the level of use authorized by IBM, make and install copies of the MLC Program, on the following: (i) the Designated Machine, and (ii) on an additional Designated Machine, for backup purposes, if the MLC Program is not performing productive work (including, without limitation, production, development, test, program maintenance, mirroring, etc.) on such additional Designated Machine; provided that the Client reproduces the copyright notices and any other legends of ownership on each copy or partial copy, and
- d. use any portion of the MLC Program IBM (1) provides in source form, or (2) marks restricted (for example, marked "Restricted Materials of IBM") only to --
  1. resolve problems related to the use of the Program, and
  2. modify the MLC Program so that, while not otherwise violating the terms herein, it will work together with other products.

### 5.14.2 CLIENT'S ADDITIONAL OBLIGATIONS

**For each MLC Program, the Client agrees to:**

- a. provide IBM with the type/model and serial number of the Designated Machine, and provide advance written notice and the effective date of any change from one Designated Machine to another Designated Machine;
- b. comply with any additional or different terms in its Licensed Program Specifications or another Attachment, Transaction Document may contain, including other offerings stated herein;
- c. ensure that anyone who uses the Program (accessed either locally or remotely) does so only for the Client's authorized use and complies with terms regarding MLC Programs; and
- d. maintain a record of all copies and provide it to IBM at its request.

### 5.14.3 ACTIONS THE CLIENT MAY NOT TAKE

For each MLC Program, the Client agrees not to:

- A. modify the MLC Program except as IBM expressly allows, as stated in these terms;

B. sublicense, assign, rent, or lease the MLC Program or transfer it to any third party or between agencies or departments including military departments; or

C. Reverse assemble, reverse compile, otherwise translate, or reverse engineer the MLC Program unless expressly permitted by applicable law without the possibility of contractual waiver.

#### **5.14.4 DATE OF INSTALLATION**

For a Program:

A. basic license: The second business day after the Program's standard transit allowance period,

B. copy, the date specified in a Transaction Document (IBM proposal/quote), on which IBM authorizes the Client to make a copy of the Program; and

C. chargeable component (also called a feature), the date the Client uses the chargeable component or a copy. The Client agrees to notify IBM of a chargeable component's Date of Installation.

#### **5.14.5 ACCEPTANCE**

A. On the second business day after the Program's standard transit allowance period, or receipt of the Program, if earlier.

B. For process charges, the date the materials for which the process charges apply are received by the Client.

Notwithstanding anything herein to the contrary, the parties agree as follows:

(i) the ordering activity may negotiate an extension regarding the time of acceptance before issuing a delivery order; and (ii) the parties may mutually agree on the acceptance period for overseas orders.

#### **5.14.6 WARRANTY**

IBM warrants that each MLC Program, which is designated in the Price List as warranted, when used in the Specified Operating Environment, will conform to its Specifications. During the warranty period, IBM provides defect-related Program Services without charge. Program Services are available for a warranted MLC Program for at least one year following its general availability. The warranty period for an MLC Program expires when its Program Services are no longer available.

#### **EXTENT OF WARRANTY/ITEMS NOT COVERED BY WARRANTY**

The warranties stated herein will not apply to the extent there has been misuse (including, but not limited to, use of any Unauthorized Built-in Capacity or Circumvention of Technological Measures), accident, modification, unsuitable physical or operating environment, operation in

other than the Specified Operating Environment, improper maintenance by the Client or a third party, or failure or damage caused by a product for which IBM is not responsible

**THESE WARRANTIES ARE YOUR EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

IBM does not warrant uninterrupted or error-free operation of a Product or Service or warrant that all defects will be corrected.

IBM's Warranty for MLC Programs does not extend to an MLC Program that is run or executed on other than a Designated Machine.

Unless specified in an Attachment or Transaction Document, IBM provides Project Materials and non-IBM products (including those provided with, or installed on, an IBM Machine at the Client's request), and non-IBM Services, without warranties of any kind. However, non-IBM manufacturers, developers, suppliers, or publishers may provide their own warranties to you. Warranties, if any, for Other IBM Programs and Non-IBM Programs may be found in their license agreements.

#### **5.14.6.1 REMEDIES**

If an MLC Program does not function as warranted during the first year after the Client obtains its license, and IBM is unable to make it do so, the Client may return the MLC Program the charges the Client paid for the license will be refunded. To be eligible, the Client must have obtained its license while Program Services (regardless of the remaining duration) were available for the Program. Additional terms regarding Program Services are elsewhere in this section.

#### **5.14.7 DISTRIBUTED SYSTEM LICENSE OPTION**

A. For MLC Programs announced by IBM as eligible for the Distributed System License Option, the Client may make a copy under a Distributed System License Option (called a "DSLO" copy). IBM charges less for a DSLO Copy license than for the standard license. In return for the lesser charge, Client agrees to do the following while licensed under this option:

1. have a basic license for the MLC Program( Basic License)
2. provide problem documentation and receive Program Services (if any) only through the location of the Basic License; and
3. distribute to, and install on, the DSLO Copy;s Designated Machine any release, correction or bypass provided by IBM to the Basic License.

B. Unless the Client designates another Basic License, notice of discontinuance of a Basic License shall be notice of discontinuance of all DSLO Copy's for that Basic License.

### **5.14.8 LICENSE TERMINATION**

The Client may terminate the license for an MLC Program at any time by providing IBM at least one month's written notice.

If an MLC Program license is terminated, the Client's authorization to use the MLC Program is also terminated. The Client agrees to promptly destroy all copies of the Program. For each MLC Program license that the Client acquired for a one-time charge, a replacement license may be acquired for an upgrade charge, if available. When the Client obtains a license for such replacement MLC Program, the license of the replaced MLC Program is terminated when charges become due, unless IBM specifies otherwise.

Any violation of the terms concerning a Software License shall be handled in accordance with the Contract's Disputes Act and the rights provided to the vendor under the Act.

Notice should also be provided for a discontinuance which occurs at the end of the fiscal year, but failure to give notice shall not be deemed as obligating the succeeding fiscal year's funds. All orders automatically terminate on September 30. A renewal of an order beginning the new fiscal year or contract term is required if the license is to be continued.

### **5.14.9 CHARGES**

Each MLC Program has a monthly recurring charge specified in a Transaction Document. Client incurs and Initial Charge for an MLC Program upon its Date of Installation. See section 5.12 above for definitions and additional terms.

### **5.14.10 PROGRAM SERVICES**

Program Services are defect correction information, restrictions, or bypasses that are available only (a) for the unmodified portion of the current release of a warranted MLC Program, and (b) for at least one year following the MLC Program's general availability. If IBM can reproduce the Client's reported problem in the Specified Operating Environment, IBM will issue Program Services (i) on an on-going basis (with at least six months' written notice before IBM terminates Program Services, (ii) until the date IBM specifies in an announcement letter, or (iii) for a period IBM specifies in an announcement letter.

## **5.15 IBM PROGRAM LICENSE AGREEMENT (IPLA)**

### **LICENSED DETAILS FOR "OTHER IBM PROGRAMS" (i.e. OTC SOFTWARE, DISTRIBUTED SOFTWARE)**

The license details below are for software products within IBM's Schedule that are Non-System z MLC programs. The Government agrees to the terms and conditions by issuing IBM a delivery order or contract incorporating IBM's terms and conditions by reference. By downloading, installing, copying, accessing, or using the Program, the Government (Licensee) agrees to the terms stated in the IPLA Agreement.

---

## Definitions

**“Authorized Use”** – the specified level at which the Government is authorized to execute or run the Program. That level may be measured by number of users, millions of service units (“MSUs”), Processor Value Units (“PVUs”), or other level of use specified by IBM.

**“IBM”** - International Business Machines Corporation or one of its subsidiaries.

**“License Information”** (“LI”) – a document that provides information and any additional terms specific to a Program. The Program’s LI is available at <http://www.ibm.com/software/sla>. The LI can also be found in the Program’s directory, by the use of a system command, or as a booklet included with the Program.

**“Program”** – the following, including the original and all whole or partial copies; 1) machine-readable instructions and data, 2) components, files, and modules, 3) audio-visual content (such as images, text, recordings, or pictures), and 4) related licensed materials (such as keys, and documentation).

**“Proof of Entitlement”** – evidence of the Licensee’s Authorized Use. The PoE is also evidence of Licensee’s eligibility for warranty, future update prices, if any, and potential special or promotional opportunities. If IBM does not provide the Licensee with a PoE, then IBM may accept as the PoE the original paid sales receipt or other sales record from the party (either IBM or its reseller) from whom Licensee obtained the Program, provided that it specifies the Program name and Authorized Use obtained.

**“Warranty Period”** – one year, starting on the date the original Licensee is granted the license.

## Agreement Structure

The IPLA consists of the terms and conditions as stated herein, the General terms of Chapter 1 of this Contract, the LI, and the PoE and is the complete agreement between the Government and IBM regarding the use of the Program. It replaces any prior oral or written communication between the Government and IBM concerning the Government’s use of the Program. The terms of the LI may replace or modify sections of this IPLA. It is anticipated that changes to the LI and other IBM policies will not result in terms inconsistent with Federal law. If the terms of the LI replace or modify terms of this IPLA, the Government has a right to review any additional or different terms before acceptance.

## Acceptance

The Government's acceptance of a Program is the earlier of the second business day after the Program's standard transit allowance period, or receipt of the Program, or when IBM provides the Government authorization to download the product via the Proof of Entitlement.

Notwithstanding anything herein to the contrary, the parties agree as follows:

- (i) the ordering activity may negotiate an extension regarding the time of acceptance before issuing a delivery order; and (ii) the parties may mutually agree on the acceptance period for overseas orders.

## EUROPEAN UNION GENERAL DATA PROTECTION REGULATION (GDPR)

The European Union passed the General Data Protection Regulation (EU/2016/679) (GDPR), effective 25 May 2018. The GDPR is designed to ensure a consistent level of protection of the rights and freedoms of natural persons with regard to the processing of their data and to establish one set of data protection rules for Personal Data. IBM is committed to GDPR readiness.

Regarding GDPR, you represent as follows:

- a. Either you do not require IBM to process Personal Data within the meaning of GDPR (e.g., because no processing of Personal Data occurs in the European Union (EU); no monitoring of Personal behavior takes place in EU; or your activities are otherwise exempt from GDPR); and you will communicate to IBM in writing, without undue delay, any anticipated change affecting this representation, or
- b. You agree to IBM's Data Processing Addendum at <http://ibm.com/dpa> (DPA) and applicable DPA Exhibit, which apply and supplement the contract. Please contact your IBM representative for the applicable Data Processing Exhibit.

### 5.15.1 LICENSE GRANT

The Program is owned by IBM or an IBM supplier, and is copyrighted and licensed, not sold.

#### **Use of the Program:**

IBM grants to the Government a nonexclusive license to:

- 1) Use the Program up to the Authorized Use specified in the PoE,
- 2) Make and install copies to support such Authorized Use, and
- 3) Make a backup copy, all provided that:
  - a. The Government has lawfully obtained the Program and complies with the terms of this Agreement;
  - b. the backup copy does not execute unless the backed-up Program cannot execute;
  - c. the Government reproduces all copyright notices and other legends of ownership on each copy, or partial copy of the Program.
  - d. The Government ensures that anyone who uses the Program (accessed either locally or remotely) does so only on the Government's behalf and complies with the terms stated herein.
  - e. The Government does not 1) use, copy, modify, or distribute the Program except as expressly permitted in this IPLA Agreement; 2) reverse assemble, reverse compile, or otherwise translate, or reverse engineer the Program except as expressly permitted by law without the possibility of contractual waiver, 3) use any of the Program's components,

files, modules, audio-visual content, or related licensed materials separately from that Program; or 4) sublicense, rent, or lease the Program and

- f. if the Government obtains this Program as a Supporting Program, Government uses this Program only to support the Principal Program and subject to any limitations in the license to the Principal Program, or if Government obtains this Program as Principal Program, Government uses all Supporting Programs only to support this Program, and subject to any limitations in this IPLA Agreement. For purposes of this Item f. a “Supporting Program” is a Program that is part of another IBM Program (“Principal Program”) and identified as a Supporting Program in the Principal Program’s LI. (To obtain a separate license to a Supporting Program without these restrictions, the Government should contact IBM or the party from whom the Government obtained the Supporting Program.)

This license applies to each copy of the Program that the Government makes.

### **Program Transfer**

The Government may transfer a Program and all the Government's license rights and obligations to another party only if that party agrees to the terms of the IPLA. If the license is terminated for any reason by either party, the Government is prohibited from transferring the Program to another party. When the Government transfers the Program, it must also transfer a copy of the IPLA terms and conditions including the LI, and the Proof of Entitlement for the Program. The Government may not transfer a portion of 1) the Program or 2) the Program’s Authorized Use. Immediately after the transfer, the current Government’s license terminates.

### **Limitation of Liability**

See the Limitation of Liability terms in Chapter 1 of this Schedule.

## **5.15.2 TRADE-UPS, UPDATES, FIXES, AND PATCHES**

### **5.15.2.a Trade-ups**

If the Program is replaced by a trade-up Program, the replaced Program’s license is promptly terminated.

### **5.15.2.b Updates, Fixes, and Patches**

When the Government receives an update, fix, or patch to a Program, the Government has a right to review any additional or different terms that are applicable before accepting such update, fix, or patch that are specified in its LI. If no additional or different terms are provided, then the update, fix, or patch is subject solely to the terms stated herein for the IPLA Agreement. If the Program is replaced by an update, the Government agrees to promptly discontinue use of the replaced Program.

### 5.15.3 FIXED TERMS LICENSES

If IBM licenses the Program for a fixed term, the Government's license is terminated at the end of the fixed term unless the Government provides a funded delivery order to renew it.

### 5.15.4 MONEY-BACK GUARANTEE

If the Government is dissatisfied with the Program for any reason and is the original Licensee, the Government may terminate the license and obtain a refund of the amount the Government paid for the Program, provided the Government returns the Program and PoE to IBM or the party from who the Government obtained it within 30 days of the date the PoE was issued to the Government. If the license is for a fixed term that is subject to renewal, then the Government may obtain a refund only if the Program and its PoE are returned within the first 30 days of the initial term. If the Government downloaded the Program, the Government should contact IBM or the party from who the Program was acquired, for instructions on how to obtain the refund.

### 5.15.5 WARRANTY

#### Limited Warranty

IBM warrants that the Program when used in its specified operating environment will conform to its specifications. The Program's specifications, and specified operating environment information, can be found in documentation accompanying the Program (such as a read-me file) or other information published by IBM (such as an announcement letter).

The warranty applies only to the unmodified portion of the Program. IBM does not warrant uninterrupted or error-free operation of the Program or that IBM will correct all Program defects. The Government is responsible for the results obtained from the use of the Program.

During the Warranty Period IBM provides the Government with access to IBM databases containing information on known Program defects, defect corrections, restrictions, and bypasses at no additional charge. Consult the IBM Software Support Handbook for further information at <http://www.ibm.com/software/support>.

If the Program does not function as warranted during the Warranty Period and the problem cannot be resolved with information available in the IBM databases, the Government may return the Program and its POE to IBM, or the party from who the Government obtained the Program (e.g., IBM or its reseller), and receive a refund of the amount the Government paid. After returning the Program, the Government's license terminates. If the Government downloaded the Program, the Government should contact IBM, or the party from whom the Program was obtained, for instructions on how to obtain the refund.

#### Exclusions

**THESE WARRANTIES ARE THE GOVERNMENT'S EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OR**

**CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND ANY WARRANTY OR CONDITION OF NON-INFRINGEMENT.**

**THE WARRANTIES IN THIS SECTION (WARRANTY AND EXCLUSIONS) ARE PROVIDED SOLELY BY IBM. THE DISCLAIMERS IN THE SECTION EXCLUSIONS, HOWEVER, ALSO APPLY TO IBM'S SUPPLIERS OF THIRD PARTY CODE. THOSE SUPPLIERS PROVIDE SUCH CODE WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND. THIS PARAGRAPH DOES NOT NULLIFY IBM'S WARRANTY OBLIGATIONS UNDER THIS IPLA AGREEMENT.**

### **5.15.6 LICENSEE DATA AND DATABASES**

To assist the Government in isolating the cause of a problem with the Program, IBM may request that the Government 1) allow IBM to remotely access the Government's system or 2) send the Government's information or system data to IBM. However, IBM is not obligated to provide such assistance unless, IBM and the Government enter a separate written agreement under which IBM agrees to provide to the Government that type of technical support which is beyond IBM's warranty obligations in this IPLA Agreement. In any event, IBM uses information about errors and problems to improve its products and services, and assist with its provision of related support offerings. For these purposes, IBM may use IBM entities and subcontractors (including in one or more countries other than the one in which Licensee is located), and Licensee authorizes IBM to do so.

The Government remains responsible for 1) any data and the content of any database the Government makes available to IBM, 2) the selection and implementation of procedures and controls regarding access, security, encryption, use, and transmission of data (including any personally-identifiable data), and 3) backup and recovery of any database and any stored data. The Government will not send or provide IBM access to any personally-identifiable information, whether in data or any other form. IBM will not be responsible for any cost that may incur relating to any such information mistakenly provided to IBM or the loss or disclosure of such information by IBM, including those arising out of any third party claims.

### **5.15.7 COMPLIANCE VERIFICATION**

For purposes of this Section, "IPLA Program Terms" means 1) this Agreement and applicable amendments and transaction documents provided by IBM, and 2) IBM software policies that may be found at the IBM Software Policy website ([www.ibm.com/softwarepolicies/](http://www.ibm.com/softwarepolicies/)), including but not limited to those policies concerning backup, sub-capacity pricing, and migration.

The rights and obligations set forth in this Section remain in effect during the period the Program is licensed to Licensee, and for two years thereafter.

#### **Verification Process**

Licensee agrees to create, retain, and provide to IBM and its auditors accurate written records, system tool outputs, and other system information sufficient to provide auditable verification that Licensee's use of all Programs is in compliance with the IPLA Program Terms, including, without limitation, all of IBM's applicable licensing and pricing qualification terms. Licensee is responsible for 1) ensuring that it does not exceed its Authorized Use, and 2) remaining in compliance with IPLA Program Terms.

Upon reasonable notice, IBM may verify Licensee's compliance with IPLA Program Terms at all sites and for all environments in which Licensee uses (for any purpose) Programs subject to IPLA Program Terms. Such verification will be conducted in a manner that minimizes disruption to Licensee's business, and may be conducted on Licensee's premises, during normal business hours. IBM may use an independent auditor to assist with such verification, provided IBM has a written confidentiality agreement in place with such auditor.

### **Resolution**

IBM will notify Licensee in writing if any such verification indicates that Licensee has used any Program in excess of its Authorized Use or is otherwise not in compliance with the IPLA Program Terms. Subject to the terms of the Contract Disputes Act (if applicable), FAR Part 33 (if applicable), and 28 U.S.C. § 1498, IBM will invoice for 1) any such excess use, 2) support for such excess use for the lesser of the duration of such excess use or two years, and 3) any additional charges and other liabilities determined as a result of such verification.

### **5.15.8 THIRD PARTY NOTICES**

The Program may include third party code that IBM, not the third party, licenses to the Government under this IPLA Agreement. Notices, if any, for the third party code ("Third Party Notices") are included for the Government's information only. These notices can be found in the Program's NOTICES file(s). Information on how to obtain source code for certain third party code can be found in the Third Party Notices. If in the Third Party Notices IBM identifies third party code as "Modifiable Third Party Code", IBM authorizes the government to 1) modify the Modifiable Third Party Code and 2) reverse engineer the Program modules that directly interface with the Modifiable Third Party Code provided that it is only for the purpose of debugging the Government's modifications to such third party code. IBM's service and support obligations, if any, apply only to the unmodified Program.

### **5.15.9 CHARGES**

The amount payable for a Program license is a one-time charge. Charges are based on Authorized Use obtained which is specified in the POE. If the Government wishes to increase its Authorized Use, the Government must issue IBM a Delivery Order for the additional charges, as applicable charges. IBM does not give refunds or credits for charges already due or paid.

### 5.15.10 TERMINATION

Upon termination of the license, the Government must destroy all copies of the Program. Any terms of this IPLA that by their nature extend beyond the termination of the Program remain in effect until fulfilled and apply to both party's respective successors and assignees.

Any violation of the terms of this IPLA shall be handled in accordance with the Contract's Disputes Act and the rights provided to the vendor under the Act.

### 5.15.11 GENERAL

Neither party is relying on any representation not specified in this IPLA Agreement, including but not limited to any representation concerning: 1) the performance or function of the Program, other than as expressly warranted in the Warranty section above; 2) the experiences or recommendations of other parties; or 3) any results or savings that the Government may achieve.

Neither party is relying on any representation not specified in the IPLA terms, including but not limited to any representation concerning: 1) the performance or function of the Program, other than as expressly warranted per the terms above; 2) the experiences or recommendations by other parties; or 3) any results or saving that Licensee may achieve.

### 5.15.12 AGREEMENT FOR THE ACQUISITION OF SOFTWARE MAINTENANCE

The terms and conditions below govern the acquisition of software maintenance (SWM), which may also be referred to as subscription and support (S&S) in connection with IBM System z Programs. Software Maintenance is available when purchasing IPLA Software licenses outside of the Passport Advantage Offering. The terms of the IPLA are provided above.

The Acquisition of Software Maintenance in quantities greater than the number for which the Government is licensed does not create or imply any greater license authorization.

IBM will provide software maintenance support, as described below, for those Eligible Programs for which you are licensed and for which you acquire this Service.

Eligible Programs to which this Agreement applies are licensed under the International Program License Agreement ("IPLA") unless otherwise specified by IBM. Sections of the IPLA entitled "Licensee Data and Databases," "Limitation of Liability," "Compliance Verification," "General," and "Geographic Scope and Governing Law," including any associated Country-unique Terms applicable to those sections are also part of this Agreement.

#### 1) Software Maintenance for Programs running in the System z environment or equivalent

1. **Eligible Programs:** Programs for which S&S is available are listed at [www-1.ibm.com/servers/eserver/zseries/library/swpriceinfo](http://www-1.ibm.com/servers/eserver/zseries/library/swpriceinfo). Click on IPLA Subscription and Support Addenda

2. S&S Period: One year. When the Government orders S&S with a Program, the initial Support Period begins on the date that IBM makes the Program available to you.
3. Early Termination of an S&S Period for a Program: While the Government may terminate an S&S period, IBM does not issue credit for the unused portion of a Support Period.
4. S&S Period Adjustment: When Government acquires S&S initially or resumes it, or prior to the end of the then current S&S Period for renewals, you may request that the Support Period duration be adjusted to end at a month of Government's choice. If Government does not choose a date, IBM will inform Government of the end date. The S&S Charge will be pro-rated accordingly.
5. S&S : During the S&S Period, for the unmodified portion of a Program, and to the extent problems can be recreated in the specified operating environment, IBM will provide the following:
  - a. Defect correction information, a restriction, or a bypass;
  - b. Program Updates: periodic releases of collections of code corrections, fixes, functional enhancements and new versions and releases to the Program and documentation; and
  - c. Technical Assistance: a reasonable amount of remote assistance via telephone or electronically to address suspected Program defects. Technical assistance is available from the IBM support center. Additional details regarding Technical Assistance, including IBM contact information (see Appendix C: Contact Information) are provided in the Software Support Handbook at <http://www14.software.ibm.com/webapp/set2/sas/f/handbook/home.html> S&S does not include assistance for 1) design and development of applications, 2) Customer's use of Programs in other than their specified operating environment, or 3) failures caused by products for which IBM is not responsible for under these terms.

S&S is provided only if the Program is within its support timeframe as specified in the Software Lifecycle policy for the Program.

- d. Resumption Fee: A one time charge fee to resume S&S after the Government either (a) declined S&S at the time the Government acquired the license for a Program or (b) terminated S&S. The S&S Period in such an instance begins on the date that IBM accepts the Government's order.
- e. S&S Upgrade: If the Government upgrades S&S due to an increase in the level of use of an Eligible Program, any increase to the S&S Charge will be pro-rated to the end of the current S&S Period.

**Renewal:** IBM will renew expiring software maintenance provided a funded delivery order is received by the end of the S&S Period. Subsequent S&S Period begins on the day following the end of the preceding S&S Period.

## **2) Programs running on IBM distributed platforms (e.g. IBM Power Systems, IBM System i, IBM System p, IBM System Storage or equivalent)**

IBM will provide software maintenance support, as described below, for those Eligible Programs for which Government is licensed and for which you acquire this Service.

1. Eligible Programs: Unless otherwise provided by IBM, Eligible Programs for which Software Subscription and Support is available at:  
[www.ibm.com/servers/eserver/series/sftsol/subscript2.htm](http://www.ibm.com/servers/eserver/series/sftsol/subscript2.htm).
2. Initial Software Maintenance Period: The initial Software Maintenance Period begins on the date that IBM makes the Program available to the Government. If the Eligible Program is part of an IBM Software Maintenance for OS/400, i5/OS or IBM i, and selected Programs, then the Initial Software Maintenance Period duration will be adjusted so that the expiration coincides with that of the other Eligible Programs in the group. In such event, the Initial Software Maintenance Period may be less than one year.
3. Early Termination of an S&S Period for a Program: While the Government may terminate an S&S period, IBM does not issue credit for the unused portion of a Support Period.
4. Renewal: It is the Government's responsibility to renew Software Maintenance at the end of each Software Maintenance Period. IBM will renew expiring software maintenance provided a funded delivery order purchase order or contract is received by the end of the Software Maintenance Period. Subsequent Support Periods begin on the day following the end of the preceding Support Period. If the Government does not renew Software Maintenance by the expiration date of the Software Maintenance Period but subsequently wishes to acquire Software Maintenance, a Software Maintenance After License Fee, as set forth below (Item 6), will apply.
5. Software Maintenance: During the initial Software Maintenance Period:
  - a. IBM makes available to the Government the most current commercially available version, release, or update to all of the Eligible Programs for which the Government acquires Software Maintenance, in the specified operation environment as make available. For Power Systems, System i, and System p Programs, the Government may obtain upgrades to any more recent commercially available version, release or update. The Government's right to upgrade to a new version, release or update under this subsection may only be exercised during the Software Maintenance Period and expires at the end of the Period if Software Maintenance is not renewed.
  - b. For IBM Software Maintenance for OS/400, i5/OS and selected Programs, Customer is entitled to upgrade an Eligible Program to a specific version or release only one time per machine, notwithstanding the above.
  - c. IBM provides Government with technical assistance for Government's a) routine, short duration installation and usage (how-to) questions and b) code defect related questions.
  - d. IBM provides assistance via telephone and, if available, electronic access, only to your information systems (IS) technical support personnel during normal business hours (normal business hours are 8 a.m. to 5 p.m. in the local time zone where you receive this Service, Monday through Friday, excluding national holidays). This assistance is not available to Government's end users. IBM provides Severity 1 assistance 24 hours a day, every day of the year. Additional details regarding assistance including the definition of severity 1 are provided in the Software Support Handbook at [www.14.software.ibm.com/webapp/set2/sas/f/handbook/home.html](http://www.14.software.ibm.com/webapp/set2/sas/f/handbook/home.html).

- e. Software Maintenance does not include assistance for a) the design and development of applications, b) Government's use of Eligible Programs in other than their specified operating environment, or c) failures caused by products for which IBM is not responsible under this Service.
  - f. Software Maintenance is only available if the Program is within its support timeframe as specified in the Software Support Lifecycle policy for the Program found at <http://www-01.ibm.com/software/support/lifecycle/>
6. Software Maintenance After License Fee: which may be referred to as "Maintenance After License" or "MAL" in connection with System i platforms and as "After License Charge" or "ALC" in connection with System p platforms):

The Software Maintenance After License fee is a one time charge to resume Software Maintenance if Government a) did not renew this Service prior to the end of the then current support period or b) terminated this Service. The new Software Maintenance Period for a resumption of Software Maintenance begins on the date that IBM accepts Government's order.

The Software Maintenance After License Fee applies when Customer acquires a used Power Systems, System i, or System p machine and wishes to acquire Software Maintenance for OS/400, i5/OS, and selected Programs, unless

- (i) the machine has the most current version and release of the appropriate operating system installed; and
- (ii) Customer acquires Software Maintenance within 30 days of Customer's acquisition of the machine.

The Software Maintenance After License Fee applies when Customer acquires a used Power Systems, System i, or System p machine and wishes to acquire Software Maintenance for the AIX operating system or AIX selected Programs unless

- (iii) the machine has a current version and release of the AIX operating system or AIX selected Programs installed and
- (iv) Customer acquires Software Maintenance within 30 days of Customer's acquisition of the machine.

For Software Maintenance for other Eligible Programs not otherwise covered by this subsection (6) , a Software Maintenance After License Fee may apply to Customers acquiring used Power System, System i, or System p machines.

7. Software Maintenance Transferability: The Government may transfer Software Maintenance only to a location that is within its agency or department and within the country in which Software Maintenance is acquired, provided that 1) the applicable Program is transferable and is transferred in accordance with its license terms and 2) the entity receiving the Program agrees to the terms herein. Transferring between agencies or military departments requires prior written consent from IBM.

Transfer of IBM Software Maintenance for Power System i and System p machines: in addition to the above the following also applies:

- a. applies to a designated machine (type, model and serial number);
- b. may be transferred only to another machine that is licensed for the same operating system at the same or a more recent release level; and
- c. may incur an increase in the Software Maintenance Charge if the “transferred to” machine is of a larger capacity.

### **3) Charges**

If the Government returns an Eligible Program for refund as allowed under its license terms, IBM will terminate, and refund any charges paid for, Software Maintenance ordered with the Program. IBM does not give refunds for Software Maintenance without the return of the associated Eligible Program.

- a. Charges are billed as a one-time charge at time of purchase.
- b. The Software Maintenance Charge may vary, depending on, for example, the machine (type/model), the Eligible Program or group of Eligible Programs, or level of use of the Eligible Program.

### **4) Government Responsibilities**

The Government agrees that when the Government acquires Software Maintenance for an Eligible Program:

- a. To acquire Software Maintenance at the same level of use as that at which the Eligible Program is authorized, as well as all copies of the Program at the same location. This includes Programs that the Government already acquired and those that you may require subsequently. Partial coverage for a particular Eligible Program is not offered;
- b. To be responsible for the results obtained from the use of the Software Maintenance;
- c. To remain responsible for adequately protecting the Government’s system and all data contained in it whenever IBM remotely accesses it with your permission to assist you in isolating the software problem cause;
- d. To provide sufficient, free, and safe access to the Government's facility for the fulfillment of IBM's obligations.
- e. To have specified equipment or programs installed at your location if Software Maintenance is provided through a telecommunications link.

### **5) Warranty for Software Maintenance**

IBM warrants that Software Maintenance will be provided using reasonable care and skill and according to its current description in the IBM Software Support Handbook at <http://www14.software.ibm.com/webapp/set2/sas/f/handbook/home.html>. The Government agrees to provide timely written notice of any failure to comply with this warranty so that IBM can take corrective action.

The warranties will be voided by misuse, accident, modification, unsuitable physical or operating environment, operation in other than the specified operating environment, or failure caused by a product for which we are not responsible.

**THESE WARRANTIES ARE YOUR EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

IBM does not warrant uninterrupted or error-free provision of Software Maintenance or that IBM will correct all defects.

#### **6) Termination and Withdrawal**

**Termination:** The Government may terminate the Support by providing IBM one month written notice. Such notice should be provided to IBM for termination at the end of the Government's fiscal year/anniversary date for the renewal, but failure to give notice shall not be deemed as obligating the succeeding fiscal year's funds.

If not terminated, a delivery order must be issued effective the first day of the succeeding fiscal year or contract year to ensure there is no lapse in time subjecting the Government to Software Maintenance After License Charge.

Any violation of the terms of this Passport Advantage Agreement shall be handled in accordance with the Contract's Disputes Act and the rights provided to the vendor under the Act.

Any terms of this Agreement which by nature extend beyond the termination remain in effect until fulfilled.

**Withdrawal:** IBM may withdraw Software Maintenance for an Eligible Program by publishing a notice of withdrawal not less than 12 months prior to its effective date. If IBM withdraws Software Maintenance for which the Government has paid and IBM has not fully provided it to the Government, at its discretion IBM will either continue to provide Software Maintenance to the Government until the end of the current Software Maintenance Period or give the Government a prorated refund. Acquisition of Software Maintenance does not extend the period for which an Eligible Program is supported.

#### **7) Additional Terms**

- a. To assist the Government in isolating the cause of a software problem, IBM may ask the Government to, 1) allow IBM to remotely access the Government's system or 2) send customer information or system data to IBM. IBM uses information about errors and problems only to improve its products and services and assist with its provision of Software Maintenance. IBM may use subcontractors and IBM entities in other countries for these purposes.
- b. The Government remains responsible for 1) any data and the content of any database the Government makes available to IBM, 2) the selection and implementation of procedures and controls regarding access, security, encryption, use, transmission of data (including any personally-identifiable data), and 3) backup and recovery of the database and any stored data. The Government will not send or provide to IBM access to personal information.
- c. All information exchanged is non confidential.

This Agreement is the complete agreement regarding Customer's acquisition of Software Maintenance, and replaces any prior oral or written communications between Customer and IBM concerning Software Maintenance. In entering into this Agreement, neither party is relying on any representation that is not specified in this Agreement including without limitation any representations concerning: 1) performance or function of any product or system, other than as expressly warranted in the section above; 2) the experiences or recommendations of other parties; or 3) results or savings Customer may achieve. Additional or different terms regarding this offering identified in a Government Delivery Order, unless provided in an IBM proposal or quote, are void.

## **II. Terms for Software Subscription and Support Renewal (“Software Maintenance” or “SWMA”) offered via the IBM ServiceElite Offering**

**Eligible Programs:** Eligible Programs for which this Service is available are listed at [www.ibm.com/services/supline/products/](http://www.ibm.com/services/supline/products/) may be obtained from your IBM representative. The listing of Eligible Programs contains the last date of service for each respective release. IBM supports only current releases of Eligible Programs. It is Government's responsibility to ensure that its Eligible Programs are current when requiring service

### **1) IBM Responsibilities**

When you contract for an applicable Service, IBM agrees to deliver the Service in accordance with the terms and responsibilities identified in the Service description set out herein.

### **2) Government Responsibilities**

- a. to provide IBM with the inventory of Eligible Products to be covered at each Specified Location and to notify IBM of changes;
- b. that all Government notices must be in writing and received by IBM 60 days prior to the effective date of a change, unless otherwise specified;
- c. to limit use of any access codes to electronic diagnostic tools, information databases, or other Service delivery facilities to those authorized to use them under Government's control and only in support of Eligible Products and Services identified in Government's purchase order/ Transaction Document;
- d. to provide IBM with necessary information requested, and keep such information current;
- e. to allow remote access to Government's system to assist in isolating the problem cause. Government remains responsible for adequately protecting its system and all data contained therein whenever IBM remotely accesses it. If Client denies remote access to its system by IBM, IBM may be limited in its ability to resolve the problem. If IBM is unable to resolve the problem without access, IBM will notify Client and close the service call;
- f. that some Services may require the installation and use of remote connectivity tools and equipment for direct problem reporting, remote problem determination and resolution. Any third party communications or connectivity charges are Client's responsibility;

- g. to use the information obtained under these Services only for the support of the information processing requirements within Government's Enterprise;
- h. that Government is responsible for obtaining all necessary permissions to use, provide, store and process content in connection with Services, and grants IBM permission to do the same. Government is responsible for adequate content back-up. Some of Government's content may be subject to governmental regulation or may require security measures beyond those specified by IBM for an offering. Government will not input or provide such content unless IBM has first agreed in writing to implement additional required security measures;
- i. that Services may be performed on-site at Government's specified locations and off-site at IBM locations, and that IBM uses global resources (non-permanent residents used locally and personnel in locations worldwide) for delivery of Services;
- j. to follow the service request procedures that IBM provides, to include installing software updates (downloaded from an IBM web site or copied from other electronic media), and to follow IBM's (or manufacturer's) guidelines pertaining to operator responsibilities, maintenance procedures, and supplies, prior to placing a Service request;
- k. that, with respect to Services, the parties agree to look to their own risk management (including insurance) to cover damage, destruction, loss, theft, or government taking (collectively, Loss) of their respective tangible property (whether owned or leased) and neither party shall be liable to the other for such Loss except liability for negligence under applicable law; and
- l. that Government cannot resell Services or transfer Services to another Machine.

### **3) Mutual Responsibilities**

Each of us will comply with applicable export and import laws and regulations, including those of the United States that prohibit or limit export of certain uses or to certain end users, and each of us will cooperate with the other by providing all necessary information to the other, as needed for compliance. Each of us shall provide the other with advance written notice prior to providing the other party with access to data requiring an export license.

### **4) IBM's Software Maintenance Includes:**

IBM will provide software maintenance support, as described below, for those Eligible Programs for which Government is licensed and for which you order this Service.

#### **General:**

1. IBM makes available to you the most current commercially available version, release or update to all of the Eligible Programs for which Government acquires support in the specified operating environment, as made available. Information on ordering versions, releases or updates can be found at <http://www-05.ibm.com/servers/eserver/ess/OpenServlet.wss>, then select the Entitled Software Update ("ESU") screen tab.
2. IBM provides Government with assistance for a) routine, short duration installation and usage (how-to) questions and b) code defect related questions.

3. IBM provides assistance via telephone and, if available, electronic access, only to Government's Information Systems ("IS") technical support personnel. This assistance is not available to Government's end users. IBM provides Severity 1 assistance 24 hours a day, every day of the year. Consult the IBM Software Support Guide, which may be found at <http://www14.software.ibm.com/webapp/set2/sas/f/handbook/home.html> for details. A 24x7 (every day of the year) all severity option is available for an extra charge. To assist the Government in isolating the cause of a software problem, IBM may ask the Government to, 1) allow IBM to remotely access the Government's system or 2) send customer information or system data to IBM. IBM uses information about errors and problems only to improve its products and services and assist with its provision of Software Maintenance. IBM may use subcontractors and IBM entities in other countries for these purposes. If you decline providing remote access to your system by IBM, IBM may be limited in its ability to fully provide the Services necessary to resolve the problem and, if IBM is unable to do so, IBM will notify you and close out the service call.

The Government remains responsible for 1) any data and the content of any database the Government makes available to IBM, 2) the selection and implementation of procedures and controls regarding access, security, encryption, use, transmission of data (including any personally-identifiable data), and 3) backup and recovery of the database and any stored data. The Government will not send or provide to IBM access to personal information.

All information exchanged is non confidential.

4. This Service does not include assistance for a) the design and development of applications, b) your use of Eligible Programs in other than their specified operating environment, or c) failures caused by products for which IBM is not responsible under this Service.
5. This Service is provided solely for Eligible Programs that are located within the United States(USA). For calls that originate from outside of the USA : 1) toll free telephone access is not available, 2) " local time zone" is defined as the time zone where the Government's Eligible Programs are installed , Monday through Friday (excluding national holidays), 3) replies or other return communication to the caller will be via a USA telephone number provided by Government or electronic means only, 4) software "traps" or other tools that may be necessary to diagnose problems will be sent only to the USA Eligible Programs location, and 5) the diagnosis and repair of data encryption will be discussed only with personnel at the USA Eligible Program location, and 6) all support will be provided in English only.

#### **Software Maintenance Transferability:**

The Government may transfer their Software Maintenance only to a location that is within its agency or department provided that 1) the applicable Program is transferable and is transferred in accordance with its license terms and 2) the entity receiving the Program agrees to the terms herein. Transferring between military departments requires prior written consent from IBM.

#### **Termination:**

The Government may terminate Software Maintenance Service, on one month's written notice, without adjustment charge, provided any of the following circumstances occur:

1. the Government permanently removes the eligible product, for which the Service is provided, from productive use;

2. the eligible location, for which the Service is provided, is no longer controlled by the Government (for example, because of sale or closing of the facility); or
3. the Machine has been under Software Maintenance Services for at least six months and the Government gives IBM one month's written notice prior to terminating the maintenance Service.

For all other circumstances, the Government may terminate Software Maintenance Service on one month's written notice to IBM, but such termination may result in adjustment charges equal to the charges remaining to complete the fiscal year in which termination occurred..

**Renewal:** A delivery order must be issued effective the first day of the succeeding fiscal year or contract year to ensure there is no lapse in time subjecting the Government to a Software Maintenance After License Charge.

**Withdrawal:** IBM may withdraw Software Maintenance for a Program by publishing a notification of withdrawal at [www.ibm.com/software/supportlifecycle](http://www.ibm.com/software/supportlifecycle) not less than 12 months prior to its effective date. If IBM withdraws Software Maintenance for which the Government has provided payment and IBM has not yet fully provided Software Maintenance to you, IBM will either continue to provide Software Maintenance until the end of the current Support Period or give you a prorated refund.

**Warranty:** IBM warrants that Software Maintenance will be provided using reasonable care and skill and according to its current description.

The warranties will be voided by misuse, accident, modification, unsuitable physical or operating environment, operation in other than the specified operating environment, or failure caused by a product for which we are not responsible.

**THESE WARRANTIES ARE YOUR EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

IBM does not warrant uninterrupted or error-free provision of Software Maintenance or that IBM will correct all defects.

**Charges:** Charges are billed monthly in arrears for Software Maintenance. Charges for After License Charges are billed as a One-Time-Charge at the time of order.

**Software Maintenance After License Fee:** The Software Maintenance After License fee is a one time charge to resume Software Maintenance if you a) did not renew this Service prior to the end of the then current support period or b) terminated this Service. The new support period in such an instance begins on the date that IBM accepts your order.

### **5.15.13 PASSPORT ADVANTAGE**

IBM Passport Advantage terms and conditions for Software and Subscription Support are located in Appendix S.

## 5.16 IBM SOFTWARE SUPPORT VIA U.S. CITIZENS

### 1. Service Description

IBM's Software Secure Support via U.S. Citizens covers IPLA software sold via Passport Advantage, and AIX Operating System programs Software Maintenance support. This offer complements the Government's prerequisite IBM base software support service by providing standard IBM software support exclusively by U.S. citizens who are located in the United States.

### 2. Passport Advantage Software Secure Support via US Citizen Terms

IBM Secure Support begins on the date of acquisition and ends on the last day of the corresponding month in the following year, unless the date of acquisition is the first day of the month, in which case coverage ends on the last day of the month, 12 months from the date of acquisition.

IBM Software Subscription and Support must stay in effect for the IBM Secure Support to be active. While IBM Secure Support is in effect:

- IBM provides U.S. Citizen support via telephone, only to your information systems (IS) technical support personnel during the hours of 8 AM Eastern to 8 PM Eastern, Monday through Friday, but excluding U.S., location, IBM and public holidays. A Service Request will be created and placed in an incoming queue which is managed and handled by a U.S. citizen.
- Service Requests that are submitted electronically through the web will not be secure and IBM cannot guarantee that a U.S. citizen will handle your electronic request. No sensitive data should be sent by the Customer via this electronic service request tool.
- 24x7 software support for business critical outages is available through a customer's standard support entitlement. Secure Support is only guaranteed during the hours of 8 AM to 8 PM Eastern, Monday through Friday, excluding U.S., location, IBM and public holidays.
- If the Secure Support Facility is unable to take a call, the customer has the option of having their call handled by Passport Advantage (non-secure) support until the facility is back online.
- IBM provides you assistance for your 1) routine, short duration installation and usage (how-to) questions; and 2) code-related questions ("Support"). Secure Support for a particular version or release of a Program is available only until IBM withdraws Secure Support for that Program's version or release. The IBM "Software Support Lifecycle" policy is available at <http://www-306.ibm.com/software/lotus/support/lifecycle/>. When such Secure Support is withdrawn, you must upgrade to a supported version or release in order to continue to receive such support.
- During the support handling process, IBM U.S. citizen support staff may seek assistance from non-U.S. citizens in IBM development, however, customer data will not be released outside of the Secure Support Facility.
- The Duty Manager will be a U.S. citizen who can assist in addressing an escalation that cannot be handled by the support staff.

- IBM will verify your Subscription and Support entitlement using its standard processes, such verification does not fall under this Secure Support services.

## 2.1 Charges

IBM will charge the following uplift to the Passport Advantage product price or Passport Advantage software subscription and support price for this Software Secure Support service:

License & SW Subscription & Subscription Support	2.2%
Annual SW Subscription and Support renewal	11.0%
Annual SW Subscription and Support Reinstatement	11.0%
Trade Up License and SW Subscription and Support	2.2%

By providing IBM with a funded delivery order, the Customer agrees to purchase IBM's Software Secure Support via U.S. Citizens for all current and future licenses for the contract period for the Customer's "Site" as defined by the Passport Advantage terms elsewhere in this Chapter.

## 2.2. Withdrawal of IBM Secure Support via U.S. Citizens

If IBM withdraws IBM Secure Support via U.S. Citizens, you understand that:

- a. IBM will provide a minimum of 12 months notice for such a withdrawal;
- b. IBM will not renew the next annual IBM Software Secure Support term; and
- c. If you renewed IBM Software Secure Support via U.S. Citizens prior to the notice of withdrawal, IBM, at its sole discretion, will either continue to provide secured support to you for Software Product licenses until the end of the then current coverage period or you may obtain a prorated refund.

IBM requires the following Primary Contact information be provided:

Name: \_\_\_\_\_

Title: \_\_\_\_\_

Division: \_\_\_\_\_

Phone: \_\_\_\_\_

Address: \_\_\_\_\_

E-mail address: \_\_\_\_\_

## 3. Support via USA Citizens Terms for Software Maintenance One Time Charge Software

In addition to IBM Software Maintenance, under the section in this Chapter titled "Acquisition of Software Maintenance", the Government may purchase IBM's Support via USA Citizens. As available for selected Eligible Products, this feature provides standard IBM remote software support delivered and managed exclusively by USA Citizen located in the continental United States. IBM Support via USA Citizens is available via voice support, during prime shift. Each time the Government calls IBM, this process is engaged only after the Government identifies itself as a Support via USA Citizens Client and IBM verifies the Government's entitlement.

Pricing for this offer may be found under the Software Maintenance pricelist.

## 5.17 SOFTWARE PRICING OPTIONS

Note: These pricing options generally apply to "ICA" Programs.

### 5.17.1 ATTACHMENT IBM SYSTEM Z ADVANCED WORKLOAD LICENSE CHARGES (AWLC)

The terms of this Attachment for IBM System z Advanced Workload License Charges (Attachment) are in addition to those of the ICA. The Government accepts the terms by issuing to IBM a Delivery Order or Contract. Any Programs subject to the terms outlined herein that require z/Architecture (64-bit) hardware in order to execute properly may be licensed only to a Designated Machine that properly implements z/Architecture.

#### 1. Definitions

**AWLC** - Advanced Workload License Charges available for selected IBM Programs which are used on an Eligible Machine and are running under an Eligible Operating System. AWLC charges allow for Sub-Capacity Pricing.

**Eligible Machine** - A Machine to which an Eligible Operating System is licensed. Eligible Machines are specified in the IBM System z Advanced Workload License Charges Appendix Q, or later version of IBM's Commercial Exhibit Z125-8539-00 ("Exhibit").

**Eligible Operating System** - An operating system specified in the Exhibit which runs in z/Architecture (64-bit) mode on an Eligible Machine.

**Full Capacity MSUs** - The total capacity of a Machine as specified in the Exhibit.

**Guest (LPAR)** - z/TPF or z/OS when running under z/VM.

**MSUs** - Millions of Service Units per hour; the measure of workload capacity of an Eligible Machine.

**Native (LPAR)** - z/TPF or z/OS when not running under z/VM.

**Operating System Family** - An IBM operating system and the IBM middleware that runs under it. The applicable IBM operating systems are z/OS, z/TPF, and z/VSE V4 or higher.

**Product LPAR Utilization Capacity** - The highest number of MSUs utilized by the combined logical partitions ("LPARs") in which an AWLC IBM Program runs concurrently during a Reporting Period. The number of MSUs is based on a four-hour rolling average utilization.

**Product Utilization Capacity** - The highest number of MSUs utilized concurrently by all copies of an IBM Program running on the same Eligible Machine during a Reporting Period. The number of MSUs is based on a four-hour rolling average program utilization.

**PSLC** - Parallel Sysplex License Charges are available for selected IBM Programs that are used on an Eligible Machine and are running under an Eligible Operating System. See Appendix L or later version of IBM's Commercial Exhibit – Parallel Sysplex License Charges (Z125-5204-04 or later) for applicable terms.

**Reporting Period** - The period that begins on the second day of a month and ends on the first day of the following month.

**Sub-Capacity Pricing** – Charges for AWLC IBM Programs based on less than Full Capacity MSUs.

**SCRT** – The latest version of the IBM Sub-Capacity Reporting Tool made available by IBM. The SCRT analyzes System Management Facilities (“SMF”) data, SCRT89 data, and other data and calculates the Product LPAR Utilization Capacity for AWLC IBM Programs.

**Sub-Capacity Report** - A report generated by the SCRT to enable IBM to calculate Sub-Capacity Pricing for AWLC Programs. The Government is required to submit the report to IBM only if Sub-Capacity Pricing is in effect.

**VWLC** - Variable Workload License Charges are available for selected IBM Programs. VWLC charges allow for Sub-Capacity Pricing. See the terms within this Chapter 5 titled, “IBM System z Workload License Charges”.

## 2. Charges

- a. The Government has a choice of selecting either, if available, but not both, AWLC or PSLC for all IBM Programs within an Operating System Family on an Eligible Machine. But:
  1. if the Government selects AWLC for z/OS on an Eligible Machine, Flat Workload License Charges (“FWLC”) apply to all IBM Programs that are announced with FWLC charges:
    - (a) FWLC charges are fixed monthly charges.
    - (b) FWLC charges are not available on an Eligible Machine unless selects AWLC or VWLC for z/OS on that Eligible Machine;
  2. once the Government selects AWLC, the Government may not switch back to PSLC without prior IBM approval, which IBM may grant in its sole discretion;
  3. AWLC Programs may not be aggregated for pricing purposes with either PSLC Programs or VWLC Programs; and
  4. IBM Programs with charge types specified below, however, may be licensed to the same Eligible Machine as IBM Programs with AWLC charges:
    - (a) System z New Application License Charges (“zNALC”), which are described in the terms within this Chapter titled “zNALC License Charges on IBM System z.”
    - (b) New Application License Charges (“NALC”), which are described in the terms within this Chapter titled “System z New Application License Charge .”
    - (c) Select Application License Charges (“SALC”), which are described in the terms within this Chapter titled “Select Application License Charges for IBM System z Usage Pricing Charges .”

(d) Midrange Workload License Charges (“MWLC”), which are described in the terms within this Chapter titled “IBM System z Midrange Workload License Charges”.

b. When AWLC charges apply to IBM Programs:

1. monthly charges are based on the number of MSUs reported for the IBM Program on the Sub-Capacity Report for the specified Eligible Machine during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity. If Sub-Capacity Pricing is not in effect, or the Government does not comply with the terms of this Attachment, monthly charges are based on Full Capacity MSUs.

NOTE: Information on IBM’s billing process, including how to determine the applicable Reporting Period for a particular month's charges, can be found on the Sub-Capacity Corner Web site at <http://ibm.com/systems/z/swprice/subcap/terms.html>;

2. Eligible Operating System licenses are charged at Full Capacity MSUs until IBM has processed the initial Sub-Capacity Report for that Eligible Operating System on that Eligible Machine, thereby initiating Sub-Capacity Pricing for that Operating System Family;

3. the initial monthly charge for a non-operating system license is based upon the applicable MSUs for the Eligible Operating System for that Operating System Family;

4. once Sub-Capacity Pricing has begun for an Eligible Operating System on an Eligible Machine, if an AWLC IBM Program does not appear in a Sub-Capacity Report subsequent to its initial monthly charge, it will be charged at the minimum AWLC MSUs;

NOTE: IBM specifies minimum AWLC MSUs in its programming announcements;

5. if the Government elects to have Sub-Capacity Pricing for an AWLC IBM Program on an Eligible Machine, then the Government must have Sub-Capacity Pricing for all AWLC IBM Programs in that Operating System Family on that Eligible Machine;

6. AWLC Program features have the same MSUs as the Program;

7. increases in any AWLC charges that are due to changes the Government makes in the MSU capacity of any Eligible Machine to which the AWLC IBM Program is licensed will be in effect for a minimum period of one month;

8. if an OS/390 or MVS operating system is licensed to the same Eligible Machine, then charges for the z/OS Operating System Family are based on Full Capacity MSUs; and

9. when z/TPF is licensed to an Eligible Machine, the SCRT calculates the number of MSUs for z/TPF IBM Programs running on it. See Appendix P or the current Amendment for Calculation of z/TPF MSUs for further details (Z125-7283).

c. When aggregated AWLC charges apply to IBM Programs, aggregated charges:

1. are available only for IBM Programs used on an Eligible Machine in an actively coupled Parallel Sysplex. To be actively coupled, the following criteria must be met:

(a) All Eligible Machines in the Parallel Sysplex must be physically attached via coupling links to a common Coupling Facility. In addition, the Government must provide time synchronization using either timer links to a common Sysplex Timer or coupling links

transporting Server Time Protocol (“STP”) timing information in an STP Coordinated Timing Network (“CTN”).

If a Coupling Facility is divided into LPARs, all Eligible Machines must be attached to the same Coupling Facility LPAR.

(b) All Eligible Operating System images that comprise the Parallel Sysplex environment must have at least one common Systems Enablement Function, specified in the Exhibit, activated to use the Coupling Facility across all images in the Parallel Sysplex.

(c) The configuration and operating modes described in this Attachment must be the normal mode of operations for this environment.

(d) An Eligible Machine can only be in one Parallel Sysplex for pricing purposes. The Eligible Operating System images participating in the Systems Enablement Function(s) must account for at least 50 percent of the total Eligible Operating System workload on each Eligible Machine. In the event there are two LPARs, each 50 percent of the total Eligible Operating System workload, connected to two Parallel Sysplexes, The Government may select which Parallel Sysplex the Eligible Machine will be included in for billing.

2. require the Government to provide IBM with a completed IBM Sysplex Verification Package upon the occurrence of any of the following: 1) the Government implements an actively coupled Parallel Sysplex, 2) a change is made to any Eligible Machine, e.g., model upgrades or model downgrade in the Parallel Sysplex, 3) IBM requests a package for any year during which the Government has received aggregated AWLC pricing, and 4) at least once in every 12 month period.

NOTE: The IBM Sysplex Verification Package can be found at <http://ibm.com/systems/z/swprice/sysplex>

Information regarding the technical aspects of Parallel Sysplex aggregation and detailed information on tools, processes and procedures may be found at the Sysplex Aggregation Web site at <http://ibm.com/systems/z/swprice/sysplex>.

3. are based on the sum of the MSUs on the Sub-Capacity Reports that the Government submits to IBM for each copy of an IBM Program installed on qualifying Eligible Machines in a Parallel Sysplex;

4. are based on Full Capacity MSUs if Sub-Capacity Pricing is not in effect; and

5. require two or more Eligible Machines actively coupled using the applicable coupling links and Coupling Facility specified in the Exhibit.

d. IBM may offer pricing enhancements to AWLC Sub-Capacity Pricing. Unless IBM advises otherwise, such enhancements, including function and charges applicable to such enhancements, will be subject to additional terms specified in an addendum to this Attachment (“Addendum”) to which the Government must agree to be eligible to receive such enhancements. IBM’s provision of Sub-Capacity Pricing enhancements is conditioned upon the Government’s agreement to and compliance with the applicable Addenda and this Attachment.

e. Transition Charges for Sysplexes:

1. Transition Charges for Sysplexes provide for a reduction in monthly VWLC charges for Programs that qualify for aggregated VWLC charges per the terms in this Chapter titled “System z Workload License Charges”.
2. Transition Charges for Sysplexes apply when at least one Machine but not all Machines in an actively coupled Parallel Sysplex is an AWLC Eligible Machine. Transition charging terminates when all Machines in the Parallel Sysplex are Eligible Machines.
3. The reduction in monthly VWLC charges is based on the percentage of the total Full Capacity MSUs of all Machines in an actively coupled Parallel Sysplex that are associated with a Machine eligible for AWLC charges. (See table below). The result of the calculation will be rounded to the nearest whole percent. Fractions of a percent of 0.5 or more are rounded up and fractions of a percent less than 0.5 are rounded down. This calculation excludes capacity related to specialty engines, unassigned capacity, and temporary capacity such as, but not limited to, “Capacity Back Up”, “Capacity for Planned Events”, and “On/Off CoD”.

Percentage of AWLC Eligible Full Capacity MSUs in an Actively Coupled Parallel Sysplex	Reduction in Monthly VWLC
> 0 - 20%	0.5%
21 - 40%	1.5%
41 - 60%	3.0%
61 - 80%	4.0%
81 - < 100%	4.5%

### 3. IBM’s Responsibilities

IBM will:

- a. Specify in Appendix Q, or a later version of IBM’s Commercial Exhibit (Z125-8538) a) the Eligible Machines and their Full Capacity MSUs, b) the applicable Coupling Facilities, c) Eligible Operating Systems, d) Systems Enablement Functions, and e) the date and the process for transmitting Sub-Capacity Reports to IBM;
- b. provide the SCRT;
- c. review and validate the Government supplied alternate values indicated in the Sub-Capacity Reports. If appropriate, in IBM’s sole discretion, make adjustments to AWLC charges; and
- d. register Eligible Machines when the Government submits the initial Sub-Capacity Reports.

### 4. Government’s Responsibilities under Sub-Capacity Pricing

Sub-Capacity Pricing is conditioned upon utilization of capacity approved by IBM and accurate capacity utilization measurement data generated by the operating system and processed by SCRT.

The Government agrees to:

- a. promptly install any code required by IBM for IBM Programs or IBM System z Machine Code required by IBM to accurately calculate Sub-Capacity Pricing;
  - b. not alter, modify, omit, or delete, by any means, directly or indirectly, the:
    1. SMF or SCRT89 records;
    2. SCRT, except for changes provided by IBM; or
    3. Sub-Capacity Reports that the Government submits to IBM, except for those SCRT report fields where the Government comments are expressly required or permitted. Instructions for completion of the required and optional the Government comment fields can be found in the most current version of the SCRT Users Guide (SG24-6522).
  - c. not enable or use any SCRT control statement except as expressly authorized by IBM in the SCRT User Guide or an Addendum;
  - d. collect and retain for a period of not less than six months the SMF and SCRT89 data records that are required by SCRT for each Reporting Period from all LPARs on the Eligible Machine. For IBM AWLC Programs that are not reported on SMF 89 records or on SCRT89 records, the Government must use NO89 control statements to identify the LPAR(s) or Guest (LPARs) in which the AWLC Programs ran during any part of the Reporting Period;
  - e. run the most current version of the SCRT against the collected SMF and SCRT89 data to produce a Sub-Capacity Report from all Eligible Operating System LPARs on the Eligible Machine for which the AWLC Program is licensed. If there have been special circumstances during the Reporting Period, the Government may, in accordance with the then current SCRT Users Guide (SG24-6522), do either of the following: 1) provide alternate values for an AWLC IBM Program that is not reported on SMF 89 or SCRT89 records or 2) use the “Exclude” control statement and provide an explanation of the variance.
  - f. send to IBM within the time specified in the Exhibit:
    1. the initial Sub-Capacity Report that is based on the data for the entire initial Reporting Period for each Eligible Machine that the Government wishes IBM to register for Sub-Capacity Pricing; and
    2. subsequent Sub-Capacity Reports that are based on the data for each entire Reporting Period thereafter for each registered Eligible Machine.
- Sub-Capacity Reports may not be used to discontinue licenses, report Eligible Machine model downgrades, or to disable IBM Program features.

Both IBM and Customer agree that Sub-Capacity Reports that reflect a change to Product LPAR Utilization Capacity or to the inventory of IBM Programs on an Eligible Machine (e.g. new Program, or change in Designated Machine previously identified to IBM) will be considered to be orders placed by Customer without further action on Customer’s part, and

Customer authorizes IBM to make any resulting billing increase or decrease. Sub-Capacity Reports not submitted by the “not later than” date specified in the Exhibit will result in IBM Programs being charged on a Full Capacity MSU basis for the Reporting Period.

The Government is responsible for monitoring funding allocated on their current Order or Contract and issuing modifications whenever the result of increases and/or decreases in charges exceed such allocated funding. A modification may also be required for line items changes, if required by the order agency. The Government is responsible for paying invoices for all monthly charges.

g. configure the Government’s Eligible Machine to send Transmit System Availability Data (“TSAD”) weekly to IBM via the Remote Support Facility (“RSF”). This enables IBM to verify that the Product LPAR Utilization Capacity MSUs in the Sub-Capacity Reports the Government submits to IBM are consistent with the Government’s actual Eligible Machine configuration. An alternate means for the Government to collect and transmit this data is provided in the SCRT Users Guide (SG24-6522). Failure to submit TSAD may result in IBM Programs being charged on a Full Capacity MSU basis;

h. assign a person in the Government’s organization with authority to discuss with IBM and promptly resolve any questions about 1) Sub-Capacity Reports, 2) inconsistencies between the Sub-Capacity Reports and current license entitlement, and 3) configuration data reported via the RSF;

i. contact IBM if the Government elects to convert from AWLC Sub-Capacity Pricing to AWLC at Full Capacity MSUs;

j. not register, directly or indirectly, IBM Programs with the z/OS IFAUSAGE service, except as directed by the documentation for the IBM Program;

k. not register, directly or indirectly, Non-IBM Programs with the z/OS IFAUSAGE service as an IBM Program with an IBM product identifier; and

l. not cause, directly or indirectly, Product Utilization Capacity to be attributed to another program, either an IBM Program or a Non-IBM Program, when the Product Utilization Capacity is unrelated to that program, except in the case of incidental Product Utilization Capacity associated with diagnosing, monitoring or measuring a program.

## **5. Compliance Verification**

Terms are as outlined in the section titled “Compliance Verification” elsewhere in this Chapter.

Both of us agree that the complete agreement between us concerning IBM System z Advanced Workload License Charges consists of this Attachment, applicable Transaction Documents and the terms of this Chapter and replaces any prior oral or written communications between us. In entering into this Attachment, neither party is relying on any representation that is not specified in this Attachment (or the documents specified in the preceding sentence), including without limitation any representations concerning: 1) performance or function of any Product or system, other than as documented in its Specifications; 2) the experiences or recommendations of other parties; or 3) results or savings Customer may achieve.

### 5.17.2 ATTACHMENT IBM SYSTEM Z ADVANCED ENTRY WORKLOAD LICENSE CHARGES (AEWLC)

The terms of this Attachment for IBM System z Advanced Entry Workload License Charges (“Attachment”) are in addition to those of Chapter 1 and Chapter 5 of this GSA Schedule. Any ICA Programs subject to the terms of this Attachment that require z/Architecture (64-bit) hardware in order to execute properly may be licensed only to a Designated Machine that properly implements z/Architecture.

#### 1. Definitions

**AEWLC** - Advanced Entry Workload License Charges available for selected ICA Programs that are used on an Eligible Machine and are running under an Eligible Operating System. AEWLC charges allow for either Full Capacity or Sub-Capacity Pricing.

**Eligible Machine** - A Machine to which an Eligible Operating System is licensed. Eligible Machines, including their Full Capacity MSUs, are specified in the Mainframe Exhibits section of the System z Software Contracts Web site. (See Machines with “AEWLC” in the Group column.)

**Eligible Operating System** - An operating system that runs in z/Architecture (64-bit) mode on an Eligible Machine and is specified in the Eligible Operating Systems section of the System z Software Contracts Web site (<http://ibm.com/systems/z/swprice/reference/exhibits/opsys.html>).

**Full Capacity MSUs** - The total capacity of a Machine as specified in the Mainframe Exhibits section of the System z Software Contracts Web site.

**Full Capacity Pricing** – Charges for AEWLC ICA Programs based on Full Capacity MSUs.

**Guest (LPAR)** - an LPAR with an Eligible Operating System running under z/VM.

**Mainframe Exhibits section of the System z Software Contracts Web site** - <http://ibm.com/systems/z/swprice/reference/exhibits/hardware.html>

**MSUs** - Millions of Service Units per hour; the measure of workload capacity of an Eligible Machine.

**Native (LPAR)** - an LPAR with an Eligible Operating System not running under z/VM.

**Operating System Family** - An IBM operating system and the IBM middleware that runs under it. The applicable IBM operating systems are specified in the Eligible Operating Systems section of the System z Software Contracts Web site.

**Product LPAR Utilization Capacity** - The highest number of MSUs utilized by the combined logical partitions (“LPARs”) in which an AEWLC ICA Program runs concurrently during a Reporting Period. The number of MSUs is based on a four-hour rolling average utilization.

**Product Utilization Capacity** - The highest number of MSUs utilized concurrently by all copies of an IBM Program running on the same Eligible Machine during a Reporting Period. The number of MSUs is based on four-hour rolling average program utilization.

**Reporting Period** - The period that begins on the second day of a month and ends on the first day of the following month.

**Sub-Capacity Pricing** – Charges for AEWLC ICA Programs based on less than Full Capacity MSUs.

**SCRT** – The latest version of the IBM Sub-Capacity Reporting Tool made available by IBM. The SCRT analyzes System Management Facilities (“SMF”) data, SCRT89 data, and other data and calculates the Product LPAR Utilization Capacity for AEWLC ICA Programs.

**Sub-Capacity Report** - A report generated by the SCRT to enable IBM to calculate Sub-Capacity Pricing for AEWLC ICA Programs. Customer is required to submit the report to IBM only if Sub-Capacity Pricing is in effect.

## 2. Charges

a. If Customer selects AEWLC charges for an Eligible Operating System on an Eligible Machine, then all ICA Programs in that Operating System Family for which AEWLC charges are available must have AEWLC charges.

### Exceptions:

ICA Programs with charge types that are specified below may be licensed to the same Eligible Machine as ICA Programs with AEWLC charges:

1. System z New Application License Charges (“zNALC”), which are described in section 5.16.9, the Attachment for zNALC License Charges on IBM System z (Z125-7454-04 or later).

2. Select Application License Charges (“SALC”), which are described in section 5.16.14, the Select Application License Charges Amendment to Attachment for IBM System z Usage Pricing Charges (Z125-7284-02 or later).

3. ICA Programs for which Customer has paid Graduated One-Time Charges (“GOTC”) may be moved to an Eligible Machine.

(a) Upgrade charges will apply if the Eligible Machine “Default Model Group” specified in the Mainframe Exhibits section of the System z Software Contracts Web site is higher than the current GOTC entitlement. Refunds do not apply if the Eligible Machine Default Model Group is lower.

(b) Contact IBM for special pricing if the GOTC license is being moved to an Eligible Machine whose applicable default charge is based on MSUs rather than a specific Default Model Group.

b. AEWLC charges are based on Full Capacity or Sub-Capacity Pricing.

Increases in any AEWLC charges that are due to changes Customer makes in the MSU capacity of any Eligible Machine to which the AEWLC ICA Program is licensed will be in effect for a minimum period of one month;

c. When AEWLC charges apply to ICA Programs with Sub-Capacity Pricing:

1. monthly charges are based on the number of MSUs reported for the ICA Program on the Sub-Capacity Report for the specified Eligible Machine during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity. If Customer does not comply with the terms of this Attachment, monthly charges are based on Full Capacity MSUs.

NOTE: Information on IBM's billing process, including how to determine the applicable Reporting Period for a particular month's charges, can be found on the Sub-Capacity Corner Web site at <http://ibm.com/systems/z/swprice/subcap/terms.html> ;

2. Eligible Operating System licenses are charged at Full Capacity MSUs until IBM has processed the initial Sub-Capacity Report for that Eligible Operating System on that Eligible Machine, thereby initiating Sub-Capacity Pricing for that Operating System Family;

3. the initial monthly charge for an ICA Program (other than the Eligible Operating System) eligible for AEWLC charges is based upon the applicable MSUs for the Eligible Operating System for that Operating System Family;

4. once Sub-Capacity Pricing has begun for an Eligible Operating System on an Eligible Machine, if an AEWLC ICA Program does not appear in a Sub-Capacity Report subsequent to its initial monthly charge, it will be charged at the minimum AEWLC MSUs;

NOTE: IBM specifies minimum AEWLC MSUs in its programming announcements;

5. if Customer elects to have Sub-Capacity Pricing for an AEWLC ICA Program on an Eligible Machine, then Customer must have Sub-Capacity Pricing for all AEWLC ICA Programs in that Operating System Family on that Eligible Machine;

6. AEWLC ICA Program features have the same MSUs as the AEWLC ICA Program;

7. if an OS/390 or MVS operating system is licensed to the same Eligible Machine, then charges for the z/OS Operating System Family are based on Full Capacity MSUs;

8. when z/TPF is licensed to an Eligible Machine, the SCRT calculates the number of MSUs for z/TPF IBM Programs running on it. See the Amendment for Calculation of z/TPF MSUs (Z125-7283) for further details; and

9. if a z/VSE Version 3 or prior operating system is licensed to an Eligible machine, then charges for the z/VSE Operating System Family are based on Full Capacity MSUs.

d. IBM may offer pricing enhancements to AEWLC Sub-Capacity Pricing. Unless IBM advises otherwise, such enhancements, including function and charges applicable to such enhancements, will be subject to additional terms specified in an addendum to this Attachment ("Addendum") to which Customer must agree to be eligible to receive such enhancements. IBM's provision of Sub-Capacity Pricing enhancements is conditioned upon Customer's agreement to and compliance with the applicable Addenda and this Attachment.

e. If AEWLC Charges are not available for an ICA Program, or if Customer does not select AEWLC charges for an Eligible Operating System, then Tiered Workload License Charges ("TWLC") apply to all ICA Programs in that Operating System Family for which TWLC charges are available:

1. TWLC charges are a tiered price structure and based on the Eligible Machine model. Sub-Capacity Pricing is not available.

2. TWLC charges are available for selected ICA Programs used on non-aggregated Eligible Machines identified in the "Group" column by "TWLC" followed by the TWLC tier in the Mainframe Exhibits section of the System z Software Contracts Web site.

3. Default charges apply when TWLC charges are not available for an ICA Program and the ICA Program's charges are based on machine capacity.. Default charges are specified in the Mainframe Exhibits section of the System z Software Contracts Web site for each applicable Eligible Machine in the column called "Other."

4. Increases in any TWLC or default charges for ICA Programs, due to changes in the tier placement for any Eligible Machine to which the ICA Programs are licensed, will be in effect for a minimum period of one month;

f. Aggregated charges do not apply to AEWLC but–

1. Aggregated Parallel Sysplex License Charges ("PSLC") may apply if the Eligible Machine is coupled in a Parallel Sysplex that has aggregated PSLC charges.

2. Aggregated Advanced Workload License Charges ("AWLC") may apply if the Eligible Machine is coupled in a Parallel Sysplex that has aggregated AWLC charges.

3. Aggregated Workload License Charges ("WLC") may apply if the Eligible Machine is coupled in a Parallel Sysplex that has aggregated WLC charges under AWLC Transition Charges for Sysplexes terms.

### **Prerequisite Attachments, Supplements, and Exhibits for Aggregated Charges**

For PSLC: see section 5.16.7, Attachment for Parallel Sysplex License Charges (Z125-5205); and Exhibit - Parallel Sysplex License Charges (Z125-5206).

For AWLC: see section 5.16.1, Attachment for IBM System z Advanced Workload License Charges (Z125-8538); and IBM System z Advanced Workload License Charges Exhibit (Z125-8539).

For WLC: see section 5.16.12, Attachment for IBM System z Workload License Charges (Z125-6516); and IBM System z Advanced Workload License Charges Exhibit (Z125-6324).

### **3. IBM's Responsibilities**

IBM will:

- a. provide the SCRT;
- b. review and validate Customer supplied alternate values indicated in the Sub-Capacity Reports, and if appropriate, at its sole discretion make adjustments to AEWLC charges; and
- c. register Eligible Machines when Customer submits the initial Sub-Capacity Reports.

### **4. Customer's Responsibilities under Sub-Capacity Pricing**

Sub-Capacity Pricing is conditioned upon utilization of capacity approved by IBM and accurate capacity utilization measurement data generated by the operating system and processed by SCRT.

Customer agrees to:

- a. promptly install any code required by IBM for ICA Programs or IBM System z Machine Code required by IBM to accurately calculate Sub-Capacity Pricing;
- b. not alter, modify, omit, or delete, by any means, directly or indirectly, the:

1. SMF or SCRT89 records;
  2. SCRT, except for changes provided by IBM; or
  3. Sub-Capacity Reports that Customer submits to IBM, except for those SCRT report fields where Customer comments are expressly required or permitted. Instructions for completion of the required and optional Customer comment fields can be found in the most current version of the SCRT Users Guide (SG24-6522).
- c. not enable or use any SCRT control statement except as expressly authorized by IBM in the SCRT User Guide or an Addendum signed by Customer;
- d. collect and retain for a period of not less than six months the SMF and SCRT89 data records that are required by SCRT for each Reporting Period from all LPARs on the Eligible Machine. For ICA AEWLC Programs that are not reported on SMF 89 records or on SCRT89 records, Customer must use NO89 control statements to identify the LPAR(s) or Guest (LPARs) in which the AEWLC Programs ran during any part of the Reporting Period;
- e. run the most current version of the SCRT against the collected SMF and SCRT89 data to produce a Sub-Capacity Report from all Eligible Operating System LPARs on the Eligible Machine for which the AEWLC Program is licensed. If there have been special circumstances during the Reporting Period, Customer may, in accordance with the then current SCRT Users Guide (SG24-6522), do either of the following: 1) provide alternate values for an AEWLC ICA Program that is not reported on SMF 89 or SCRT89 records or 2) use the “Exclude” control statement and provide an explanation of the variance.
- f. send to IBM, not earlier than the second, but not later than the ninth, calendar day of the month:
1. the initial Sub-Capacity Report that is based on the data for the entire initial Reporting Period for each Eligible Machine that Customer wishes IBM to register for Sub-Capacity Pricing; and
  2. subsequent Sub-Capacity Reports that are based on the data for each entire Reporting Period thereafter for each registered Eligible Machine.
- Sub-Capacity Reports may not be used to discontinue licenses, report Eligible Machine model downgrades, or to disable ICA Program features.
- Both IBM and Customer agree that Sub-Capacity Reports that reflect a change to Product LPAR Utilization Capacity or to the inventory of ICA Programs on an Eligible Machine (e.g. new ICA Program, or change in Designated Machine previously identified to IBM) will be considered to be orders placed by Customer without further action on Customer’s part, and Customer authorizes IBM to make any resulting billing increase or decrease. Sub-Capacity Reports not submitted by the ninth calendar day of the month will result in ICA Programs being charged on a Full Capacity MSU basis for the Reporting Period;
- g. configure Customer’s Eligible Machine to send Transmit System Availability Data (“TSAD”) weekly to IBM via the Remote Support Facility (“RSF”). This enables IBM to verify that the Product LPAR Utilization Capacity MSUs in the Sub-Capacity Reports Customer submits to IBM are consistent with Customer’s actual Eligible Machine configuration. An alternate means for Customer to collect and transmit this data is provided in the SCRT Users Guide (SG24-

6522). Failure to submit TSAD may result in ICA Programs being charged on a Full Capacity MSU basis;

h. assign a person in Customer's organization with authority to discuss with IBM and promptly resolve any questions about 1) Sub-Capacity Reports, 2) inconsistencies between the Sub-Capacity Reports and current license entitlement, and 3) configuration data reported via the RSF;

i. contact IBM if Customer elects to convert from AEWLC Sub-Capacity Pricing to AEWLC at Full Capacity MSUs;

j. not register, directly or indirectly, ICA Programs with the z/OS IFAUSAGE service, except as directed by the documentation for the ICA Program;

k. not register, directly or indirectly, Non-IBM Programs with the z/OS IFAUSAGE service as an ICA Program with an IBM product identifier; and

l. not cause, directly or indirectly, Product Utilization Capacity to be attributed to another program, either an ICA Program or a Non-IBM Program, when the Product Utilization Capacity is unrelated to that program, except in the case of incidental Product Utilization Capacity associated with diagnosing, monitoring, or measuring a program.

## 5. Compliance Verification

For purposes of this section, "ICA Program Terms" means terms applicable to ICA Programs herein and applicable Transaction Documents and Attachments (including this one).

IBM's compliance terms are as stated elsewhere in this Chapter.

This Attachment the terms of this Chapter 5 and Chapter 1, including applicable Attachments and Transaction Documents, is the complete agreement regarding IBM System z Advanced Entry Workload License Charges and replaces all prior oral or written communications, representations, undertakings, warranties, promises, covenants, and commitments between Government and IBM regarding IBM System z Advanced Entry Workload License Charges. In entering into this Attachment, including any applicable Transaction Document, neither party is relying on any representation that is not specified in this GSA Schedule terms, Attachment, the Transaction Document. Additional or different terms regarding this offering identified in a Government Delivery Order, unless provided in an IBM proposal or quote, are void.

## 5.17.4 COUNTRY MULTIPLEX PRICING (CMP)

### 5.17.4.1 IBM ATTACHMENT FOR IBM COUNTRY MULTIPLEX PRICING

The terms of this Attachment for IBM Country Multiplex Pricing (**Attachment**) are in addition to those of Chapter 5, ICA terms and govern Client's entitlement to the special Program pricing specified in this Attachment (**Country Multiplex Pricing or CMP**). Client accepts the terms of this Attachment by issuing to IBM an order or contract document which incorporates this Attachment. Any Programs subject to the terms of this Attachment that require z/Architecture

(64-bit) hardware in order to execute properly may be licensed only to a Designated Machine that properly implements z/Architecture.

## DEFINITIONS

**CBU Machine** – an IBM z Systems Machine that has any configured feature that includes “CBU” in such feature’s description.

**Country Multiplex License Charges (CMLC)** – CMP charges applicable to selected IBM Programs which Client executes on an Eligible Machine under an Eligible Operating System.

**Currently Eligible Machine** – a Machine specified in the Mainframe Exhibits Section of the System z Software Contracts Web Site with “C” designation in the “CMP” column.

**Eligible Machine** – subject to the exclusions specified in Section 2.3 below, a Currently Eligible Machine or qualifying Previously Eligible Machine (as specified in Section 2.2 below) for which Client (i) either licenses, uses or has installed an Eligible Operating System, including a Qualifying DR Machine, and (ii) is the licensee of all Programs.

**Eligible Operating System** – an operating system that is specified in the CMLC subsection of the Eligible Operating Systems of the System z Software Contracts Web Site.

**Eligible Operating Systems Section of the System z Software Contracts Web Site** – <http://ibm.com/systems/z/swprice/reference/exhibits/opsys.html>.

**End User Agency** – The US Government Agency for which IBM products and/or services are being acquired and exclusively for the use of that Agency .

**Full Capacity MSUs** - the total MSU capacity of a Machine as specified in the Mainframe Exhibits Section of the System z Software Contracts Web Site.

**Guest (LPAR)** – an instance of an Eligible Operating System when running under the z/VM operating system.

**Mainframe Exhibits Section of the System z Software Contracts Web Site** - <http://ibm.com/systems/z/swprice/reference/exhibits/hardware.html>

**Millions of Service Units (MSUs)** - the measure of workload capacity of an Eligible Machine.

**MLC** – monthly license charge.

**MLC Base** – the MLC value established by IBM for each sub-capacity-eligible Program in the Multiplex at the onset of CMP and specified in a Supplement.

**MLC Base Factor** – a factor value established by IBM for each sub-capacity-eligible Program in the Multiplex at the time of Multiplex creation and specified in a Supplement.

**MSU Base** – the MSU figure established by IBM for each sub-capacity-eligible Program in the Multiplex at the onset of CMP and specified in a Supplement.

**Multiplex** – all of Client’s Eligible Machines within a single country. Qualifying Multiplex terms are specified in Section 2.1 below.

**Multiplex Report** - a report generated by SCRT to enable IBM to calculate Sub-Capacity Pricing for Programs in a Multiplex.

**Operating System Family** - an Eligible Operating System and the other IBM Programs that run under it.

**Previously Eligible Machine** – a Machine specified in the Mainframe Exhibits Section of the System z Software Contracts Web Site with “P” designation in the “CMP” column, provided such Machine was a Currently Eligible Machine when originally installed in Client’s Multiplex.

**Product LPAR Utilization Capacity** - the highest quantity of MSUs utilized by the combined logical partitions (LPARs) in which an IBM Program runs concurrently during a Reporting Period. Such quantity of MSUs is based on a four-hour rolling average utilization.

**Product Utilization Capacity** - the highest quantity of MSUs utilized concurrently by all copies of an IBM Program running on the same Eligible Machine during a Reporting Period. Such quantity of MSUs is based on a four-hour rolling average utilization.

**Program Family** – all of the sub-capacity-eligible versions of a Program. The versions included in each Program Family are specified in the Sub-Capacity Eligible Programs Section of the System z Software Contracts Web Site.

**Qualifying DR Machine** – a z Systems Machine that Client uses, or will use, for disaster recovery purposes. A Qualifying DR Machine may be a CBU Machine or may be another z Systems Machine which only runs an Eligible Operating System as result of a disaster-type event or testing for a disaster-type event.

**Reporting Period** - the period that begins on the second calendar day of a calendar month and ends on the first calendar day of the following calendar month.

**Sub-Capacity Eligible Programs Section of the System z Software Contracts Web Site** – <http://ibm.com/systems/z/swprice/reference/exhibits/mlc.html>.

**Sub-Capacity Pricing** – charges for IBM Programs based on less than Full Capacity MSUs.

**SCRT** – the latest version of the IBM Sub-Capacity Reporting Tool made available by IBM. SCRT analyzes IBM System Management Facilities (SMF), SCRT89, and other data, and calculates the Product LPAR Utilization Capacity for IBM Programs.

**Supplement** – an IBM Supplement for Country Multiplex Pricing in effect between Client and IBM.

## REQUIREMENTS, RESTRICTIONS, AND EXCLUSIONS FOR COUNTRY MULTIPLEX PRICING

### QUALIFICATION FOR CMP OFFERING

To initially qualify for CMP in a country, each of the following must be a Currently Eligible Machine: (i) Client's installed z Systems Machine(s) in the country running an Eligible Operating System license, (ii) Client's installed CBU Machine(s), (iii) any other z Systems Machine(s) to which Client licenses an Eligible Operating System. Once initially qualified for CMP in a country, in order to remain qualified in the country, each of the following must be either a Currently Eligible Machine or qualifying (as specified in Section 2.2 below) Previously Eligible Machine: (i) Client's installed z Systems Machine(s) in the country running an Eligible Operating System license, (ii) Client's installed CBU Machine(s), (iii) any other z Systems Machine(s) to which Client licenses an Eligible Operating System.

In addition, if Client licenses an Eligible Operating System to a z Systems Machine(s) for purpose of hosting another End User Agency's applications or other software workload, the terms "Currently Eligible Machine" and "Previously Eligible Machine", only apply to the z Systems Machines dedicated to a single End User Agency. If Client implements CMP on behalf of multiple End User Agencies, Client must have one Multiplex per dedicated End User Agency environment. Under no circumstance can a Machine running applications or other software workload for multiple End User Agencies be included in any Multiplex.

#### 1.2 Qualification for Previously Eligible Machines

To qualify for CMP and inclusion in Client's Multiplex, a Previously Eligible Machine must either:

- a. have been installed in Client's Enterprise prior to the date specified in the "CMP" column of the Mainframe Exhibits Section of the System z Software Contracts Web Site; or
- b. be upgraded to a Currently Eligible Machine within six months of its Date of Installation in Client's Enterprise.

#### 1.3 Exclusions from CMP Offering Eligibility

The following workloads do not qualify for CMP:

- a. all workload executing on a Machine that is not designated by IBM as a Currently Eligible Machine when such Machine is acquired by Client unless and until such Machine is upgraded to be a Currently Eligible Machine;
- b. all workload executing on a Machine qualifying for a "Developer Discount" (as such term is defined in a separate agreement between Client and IBM);
- c. all "Solution Edition Offering Workload" executing on a "Solution Edition Offering Machine" (as such terms are defined in a separate agreement between Client and IBM); and

- d. all workload executing on a Machine that is not running an Eligible Operating System.

## 1.4 Cancellation of CMP Terms

Client may cancel CMP and terminate this Attachment for any reason by sending written notice to IBM. Following such cancellation Client may not resume CMP for at least 12 months.

## 2. Charges

### 2.1 CMLC Eligible Programs

Subject to the exclusions specified in Section 2.3 above and other terms of this Attachment, CMLC will apply to the following IBM Programs executing in a Multiplex:

- a. IBM Programs qualifying for Sub-Capacity Pricing within an Operating System Family;
- b. When CMLC charges apply to an IBM Program, the following terms apply:
  - 1. MLC is based on the quantity of MSUs reported for the IBM Program on the Multiplex Report across the Multiplex during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity. If Client does not submit a Multiplex Report, MLC for the Multiplex are based on Full Capacity MSUs. If Client submits a Multiplex Report which omits an Eligible Machine (other than an Eligible Machine that only ran workload during the Reporting Period which IBM allows to be excluded from Multiplex Reporting, as specified in Section 6.c below), MLC for the Multiplex allocated for such omitted Eligible Machine is based on Full Capacity MSUs.

NOTE: Information on IBM's billing process, including how to determine the applicable Reporting Period for a particular month's charges, can be found on the Sub-Capacity Corner Web site at <http://ibm.com/systems/z/swprice/subcap/terms.html>;

- 2. IBM Program features have the same MSUs as the IBM Program for each Eligible Machine where the Program feature is licensed;
- 3. When multiple versions of an IBM Program qualifying for Sub-Capacity Pricing are licensed within a Multiplex, SCRT will report concurrent peaks for all Programs in the same Program Family. SCRT will calculate the four-hour rolling average for the concurrent peak (the "(All)" line in the report) by adding the LPAR values where any version of the Program is running.

There is no time limit to migrate to newer versions of an IBM Program under CMP; "Single Version Charging" (SVC) is not applicable under CMP;
- 4. if an OS/390 or MVS operating system is licensed to the same Eligible Machine, then charges for the z/OS Operating System Family on that machine are based on Full Capacity MSUs; and

5. if the z/TPF operating system is licensed to an Eligible Machine, SCRT calculates the quantity of MSUs for IBM Programs running under z/TPF, in accordance with the separate IBM Amendment for Calculation of z/TPF MSUs (Z125-7283) in effect between Client and IBM.

## 2.2 Other Workloads and Programs

- a. Charges for IBM Programs qualifying for “System z New Application License Charges” (zNALC) (as specified in a separate agreement between Client and IBM) will be calculated in accordance with the IBM Amendment to the Attachment for zNALC License Charges on System z (Z126-6967) in effect between Client and IBM.
- b. Charges for IBM Programs not qualifying for Sub-Capacity Pricing will be calculated according to the announced pricing metric and terms for each such Program. For each such Program installed on an Eligible Machine with a “TWLC Tier” specified in the “Group” column of the Mainframe Exhibits Section of the System z Software Contracts Web Site, the “Tiered Workload License Charge” (TWLC) metric (if specified in such Mainframe Exhibits Section) will apply; otherwise the “Flat Workload License Charge” (FWLC) metric will apply.

## 3. Other Related Terms

- a. If IBM offers a pricing enhancement to CMP, unless IBM advises otherwise, such enhancement, including function and charges applicable to such enhancement, will be subject to additional terms specified in an addendum to this Attachment (**Addendum**). Client must accept such an Addendum to be eligible to receive such enhancements. IBM’s provision of CMP enhancements is conditioned upon Client’s agreement to and compliance with the applicable Addenda and this Attachment.
- b. **Adding a new Program Family to the Multiplex:** Any new IBM Program qualifying for Sub-Capacity Pricing that is a member of a Program Family not previously licensed to any of the Eligible Machines in the Multiplex will have an MLC Base Factor of zero (0) and an MSU Base of three (3). Once such IBM Program is licensed to the Eligible Machine, CMLC for such Program will be based on the minimum three (3) MSU price until such Program is included in the Multiplex Report.
- c. **Removing a Program Family from the Multiplex:** If the last licensed version of an IBM Program in a Program Family is permanently removed from the Multiplex, the MLC Base, MSU Base and MLC Base Factor for such Program will no longer apply upon license discontinuance.
- d. **Adding a new IBM Program Version to an Existing Program Family in the Multiplex:** When a new version of an IBM Program within an existing Program

Family is first licensed, the MLC Base Factor and MSU Base of the old version will be transferred to the new version, and CMLC will be based on the new version.

- e. **Adding an Eligible Machine to the Multiplex:** If Client intends to make copies of existing IBM Programs for a new or replacement Eligible Machine, Client must notify IBM in advance when Client intends to either (i) add an Eligible Machine to the Multiplex (and Client must specify in such notice if the Eligible Machine is a Qualifying DR Machine), or (ii) replace an Eligible Machine in the Multiplex with another Eligible Machine. In such case, no adjustment is made to the MLC Bases or MSU Bases. Client is responsible for IBM Program charges for the additional or replacement Eligible Machine when such Eligible Machine is included in the Multiplex Report.
- f. **Removing an Eligible Machine from the Multiplex:** Client must notify IBM in advance if Client intends to de-install an Eligible Machine or otherwise intends to have no IBM Programs licensed to an Eligible Machine. In such case, no adjustment is made to the MLC Bases, MLC Base Factor or MSU Bases. In cases where an Eligible Machine is being replaced by another Eligible Machine, Client is responsible for IBM Program charges for the replaced Eligible Machine until MSUs for the replaced Eligible Machine are not included in the Multiplex Report, even if Client has previously requested IBM Program licenses to be discontinued on such replaced Eligible Machine.
- g. **Adding an IBM Program to an Eligible Machine:** When a new copy of an IBM Program within an existing Program Family is licensed to an Eligible Machine, Client becomes responsible for additional charges when such IBM Program copy is included in the Multiplex Report.
- h. **Removing an IBM Program from an Eligible Machine:** Client must notify IBM in advance if Client intends to remove an IBM Program licensed to an Eligible Machine. In such case, no adjustment is made to the MLC Bases, MLC Base Factor or MSU Bases. Client is responsible for charges associated with the removed IBM Program until MSUs for such IBM Program are not included in the Multiplex Report.

#### 4. IBM's Responsibilities

IBM will:

- a. determine and specify in the Supplement the MLC Bases, MLC Base Factors, and MSU Bases for all applicable IBM Programs qualifying for Sub-Capacity Pricing;
- b. provide SCRT and make available to Client instructions for its use; and
- c. review and validate Client-supplied alternate values indicated when submitting the Multiplex Report, and if appropriate, at its sole discretion, make adjustments to CMP based upon such alternate values.

## 5. Client's Responsibilities

CMP is conditioned upon (i) Client's utilization of only capacity authorized by IBM for Client's use, and (ii) accurate capacity utilization measurement data generated by operating systems and processed by SCRT.

Client agrees to:

- a. promptly install any code required by IBM for IBM Programs or Machine Code required by IBM to accurately calculate CMP pricing;
- b. not alter, modify, omit, or delete, by any means, directly or indirectly, the:
  1. SMF or SCRT89 records;
  2. SCRT, except for changes provided by IBM; or
  3. Multiplex Reports that Client submits to IBM, except for those SCRT report fields where Client comments are expressly required or permitted. Instructions for completion of the required and optional Client comment fields are published in the SCRT Users Guide (SG24-6522), which is available from IBM upon request.
- c. not enable or use any SCRT control statement except as expressly authorized by IBM in the SCRT User Guide or an Addendum in effect between Client and IBM;
- d. collect and retain for a period of not less than six months the SMF and SCRT89 data records that are required by SCRT for each Reporting Period from all LPARs that were used at any time by an Eligible Operating System on all Eligible Machines in the Multiplex during that Reporting Period. Client must supply an explanation when any of the following missing data error conditions are reported:
  1. LPARs have unmatched SMF 70 and SMF 89 records,
  2. Active LPARs have no SMF nor SCRT89 records, or
  3. An Eligible Machine has no SMF or SCRT89 data from any LPAR for an interval;
- e. identify, using SCRT NO89 control statements, the LPAR(s) or Guest (LPARs) in which IBM Programs that are not reported on SMF 89 records or on SCRT89 records ran during any part of the Reporting Period;
- f. identify in writing to IBM each Qualifying DR Machine that is included in the initial Multiplex;
- g. run the most current version of SCRT against the collected SMF and SCRT89 data to produce a single Multiplex Report from all Eligible Operating System LPARs across all Eligible Machines in the Multiplex for which each IBM Program is licensed. If there have been special circumstances during the Reporting Period,

Client may, in accordance with the then current SCRT Users Guide (SG24-6522), do either of the following: (i) provide alternate values for an IBM Program that is not reported on SMF 89 or SCRT89 records or (ii) use the “Exclude” control statement and provide an explanation of the variance. Applicable only to each Eligible Machine which is, or includes, a “Solution Edition Offering Machine”, Client must exclude “Solution Edition Offering Workload” (as such terms are defined in a separate agreement between Client and IBM) from the Multiplex Report.

- h. send to IBM, not earlier than the second, but not later than the ninth, calendar day of the month:
  1. the initial Multiplex Report that is based on the data for the entire initial Reporting Period for each Eligible Machine that Client wishes IBM to register for Sub-Capacity Pricing; and
  2. subsequent Multiplex Reports that are based on the data for each entire Reporting Period thereafter for each registered Eligible Machine.

Both IBM and Client agree that Multiplex Reports that reflect a change to Product LPAR Utilization Capacity or to the inventory of IBM Programs on an Eligible Machine (e.g. new Program, or change in Designated Machine previously identified to IBM) without further action on Client’s part, will be considered changes to the contract and may entitle IBM to file a request for additional compensation. Multiplex Reports not submitted by the ninth calendar day of the month will result in IBM Programs being charged on a Full Capacity MSU basis for the Reporting Period;

- i. Multiplex Reports may not be used to discontinue IBM Program licenses, report Eligible Machine model downgrades, identify Qualifying DR Machines, or to disable IBM Program features; Client must notify IBM of such items in separate writings;
- j. configure Client’s Eligible Machines to send Transmit System Availability Data (TSAD) weekly to IBM via the Remote Support Facility (RSF). This enables IBM to verify that the Product LPAR Utilization Capacity MSUs in the Multiplex Reports Client submits to IBM are consistent with Client’s actual Eligible Machine configuration. An alternate means for Client to collect and transmit TSAD is provided in the SCRT Users Guide (SG24-6522). Failure to submit TSAD may result in IBM Programs being charged on a Full Capacity MSU basis;
- k. configure Client’s Eligible Machines with Global Performance Data Control Authority as documented in the PR/SM Planning Guide for that machine. Failure to configure machines with Global Performance Data Control Authority may result in Programs being charged on a Full Capacity MSU basis;
- l. assign a person in Client’s organization with authority to discuss with IBM and promptly resolve any questions about (i) Multiplex Reports, (ii) inconsistencies

between the Multiplex Reports and current license entitlement, and (iii) configuration data reported via the RSF;

- m. not register, directly or indirectly, IBM Programs with the z/OS IFAUSAGE service, except as directed by the documentation for the IBM Program;
- n. not register, directly or indirectly, Non-IBM Programs with the z/OS IFAUSAGE service as an IBM Program with an IBM product identifier; and
- o. not cause, directly or indirectly, Product Utilization Capacity to be attributed to another program, either an IBM Program or a Non-IBM Program, when the Product Utilization Capacity is unrelated to that program, except in the case of incidental Product Utilization Capacity associated with diagnosing, monitoring, or measuring a program.

## 6. **CMP Terms for One-Time Charge IBM Programs**

- a. If Client is licensed for one or more one-time charge IBM Programs on an Eligible Machine and purchases (or has purchased) IBM's "Subscription & Support" offering for such IBM Program(s), such Program(s) is not subject to the license term stating "If the Program is replaced by a trade-up Program, the replaced Program's license is promptly terminated." Client is authorized to execute multiple versions of any such IBM Program concurrently within the Multiplex without additional charge provided such aggregate use does not exceed the IBM Program's license entitlement.
- b. For IBM Programs designated by IBM as an "IPLA Reference-Based Program" the requirement scope of the billing MSUs will be based upon the Eligible Machines in an "**Establishment**", defined as a single physical site, including the surrounding campus and satellite offices located within 50 kilometers of Client's site address.

## 7. **Compliance Verification**

For purposes of this section, "**IBM Program Terms**" is defined as the terms applicable to IBM Programs in the Agreement and all applicable IBM Program license agreements, applicable transaction documents (**TDs**), and Attachments (including this one).

Upon reasonable notice, IBM may verify Client's compliance with IBM Program Terms at all site(s) and for all environments in which Client uses or installs an IBM Program (whether for testing, productive use or otherwise). Such verification will be conducted during Client's normal business hours and in a manner that minimizes disruption to Client's business. IBM may use an independent auditor to assist with such verification, provided IBM has a written confidentiality agreement in place with such auditor.

As reasonably necessary to verify Client's use and installation of IBM Programs and Client's compliance with the IBM Program Terms, Client agrees to: (i) create, retain, and provide to IBM and its auditors written and other records, system tools outputs, and other electronic or hard copy system information, including information regarding the system configurations on which the IBM Programs operate; and (ii) permit IBM and its auditors to be present and

observe while Client accesses machines to provide such records, outputs and other system information.

IBM will notify Client in writing if any such verification indicates that Client is not in compliance with the IBM Program Terms. IBM will invoice the Client for any additional charges and other liabilities. Client's obligation to pay is based on its use and deployment of IBM Programs or its failure to comply with the IBM Program Terms at any time during the period such IBM Programs are licensed to Client.

The rights and obligations in this section remain in effect during the period such IBM Programs are licensed to Client and for two years thereafter. This section applies to all IBM Programs licensed within Client's Enterprise, including any licensed under separate Attachments and Transaction Documents, notwithstanding any contrary audit provisions that may be contained in them.

---

This Attachment, including its Supplement(s), and the Agreement are the complete agreement regarding IBM's provision of CMP. Additional or different terms in any written communication from Client are void.

#### **5.17.4.2 SUB-CAPACITY FOR ONE-TIME CHARGE PROGRAMS WITH COUNTRY MULTIPLEX PRICING**

These terms modify or are in addition to the IBM International Program License Agreement (IPLA) within this GSA Chapter 5.

Subject to the terms of this Amendment for Sub-Capacity for One-Time Charge Programs with Country Multiplex Pricing (Amendment), IBM enables Client to obtain Sub-Capacity Pricing for certain z Systems Programs with one-time charge pricing (Eligible Programs). Eligible Programs are as generally announced by IBM, and each is specified at <http://ibm.com/systems/z/swprice/reference/exhibits/> (click on "IPLA Execution-Based", "IPLA Reference-Based", or "IPLA z/OS-Based"). This Amendment supersedes any sub-capacity terms offered for Eligible Programs in their License Information or other agreements. If there is a conflict between the terms of this Amendment and those of the Agreement or IPLA, those of this Amendment prevail. Client accepts the terms of this Amendment by signing below or by making any payment for Eligible Programs subject to the Amendment.

#### **1. Incorporated Terms for Eligible Programs Running in a CMP Environment**

The following sections of the Attachment for IBM Country Multiplex Pricing, Z126-6965 (CMP Attachment within this Chapter 5), apply to the Eligible Programs as if they were Country Multiplex License Charge (CMLC) Programs with Sub-Capacity Pricing, and are incorporated by reference into this Amendment with modifications as indicated:

##### **Section 1 – Definitions**

## 2. Additional Definitions

**Execution-Based Terms** - Execution-Based licensing terms apply to Eligible Programs whose value is based on the Product LPAR Utilization Capacity of the execution (run-time) Environment. The capacity of an Eligible Program with Execution-Based terms must equal the Product LPAR Utilization Capacity of the LPAR(s) where it executes.

### **Reference-Based Terms -**

- a. Reference-Based licensing terms apply to Eligible Programs that add value to particular monthly license charge (MLC) Programs or, in selected cases, to particular one time charge (OTC) Programs. The capacity of an Eligible Program with Reference-Based terms must equal the Product LPAR Utilization Capacity of the applicable MLC or OTC Program. This MLC or OTC Program is called the “Parent Program.”
- b. When an Eligible Program with Reference-Based terms is used in an Establishment with more than one Machine, the capacity of the Eligible Program must be equal to the Product LPAR Utilization Capacity of the Parent Program(s) across all the Machines in the Establishment. For each Parent Program, the Multiplex Report will specify the contribution of each Machine's MSUs to the overall utilization peak measured for the Multiplex. IBM will use the sum of such MSU values from each Machine in an Establishment to determine billing.

**z/OS-Based Terms** - z/OS-Based licensing terms apply to Eligible Programs that provide value to the particular Machine where the Program is used. The capacity of an Eligible Program with z/OS-Based Terms must equal the Product LPAR Utilization Capacity of z/OS on that Machine. The Multiplex report will specify the contribution of each Machine's z/OS MSUs to the overall utilization peak measured for the Multiplex. IBM will use the sum of such z/OS MSU values from each Machine where the Eligible Program is used to determine billing. In the case where SCRT reports both z/OS traditional MSU values and z/OS zNALC MSU values for a Multiplex, IBM will use the sum of such MSU values when calculating total MSUs for billing a z/OS-Based Program for a Multiplex.

## 3. Qualifications

- a. Client must have executed the CMP Attachment.
- b. Client must notify IBM of the type, capacity setting, and serial number of each Machine on which each Eligible Program is executing, including any changes to such type, capacity setting or serial number. The scope of Client's tracking extends to all Machines in Client's Multiplex, whether the Eligible Programs have Sub-Capacity or Full Capacity charges. If Client is unwilling or unable to fulfill Client's tracking responsibilities IBM may apply the Full Capacity terms with 30 days notice. If Client has Eligible Programs with Execution-Based or z/OS-Based terms, Client must have selected Sub-Capacity Pricing on the machine where the Eligible Program is being used, otherwise Full Capacity MSUs will apply.

- c. If Client has Eligible Programs with Reference-Based terms, Client must have selected Sub-Capacity Pricing for the Parent Program(s). Full Capacity MSUs will apply for any Machine(s) where the Parent Program is not in Sub-Capacity mode.
- d. z/OS must run in z/Architecture (64-bit) mode.
- e. OS/390 and MVS may not be licensed to a Machine with Sub-Capacity Pricing.
- f. Monthly Multiplex reports, generated by the Sub-Capacity Reporting Tool (SCRT), must be submitted to remain eligible for Sub-Capacity pricing.
- g. Sub-Capacity Pricing terms may not be transferred to a third party.
- h. If any Sub-Capacity Pricing terms or conditions are not met, the Eligible Program no longer qualifies for Sub-Capacity Pricing. Client agrees to issue an amendment to their delivery order or purchase contract if necessary for IBM to make any resulting billing increase, including Subscription and Support (S&S), if applicable.

#### 4. IBM Business Partners

IBM Business Partners are independent from IBM and unilaterally determine their prices and terms. IBM is not responsible for their actions, omissions, statements, or offerings. IBM, however, sets the charges and payment terms for increases in charges resulting from Client's Multiplex Report submissions.

#### Client Responsibility

#### 5. Charges

- a. One-time charges are based on the quantity of MSUs reported in the Multiplex Report during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity of the Eligible Programs with Execution-Based or z/OS-Based terms or the Parent Program, as applicable. If Sub-Capacity Pricing is not in effect, one-time charges are based on Full Capacity MSUs.

**NOTE:** Information on IBM's billing process, including how to determine the applicable Reporting Period for a particular month's charges, can be found on the Sub-Capacity Corner website at <http://ibm.com/systems/z/swprice/subcap/terms.html>.

**NOTE:** If Client is required to order additional capacity for an Eligible Program, the S&S capacity for that Eligible Program will also be increased.

- b. When multiple versions of an IBM Program qualifying for Sub-Capacity Pricing are licensed within a Multiplex, SCRT will report concurrent peaks for all Programs in the same Program Family. SCRT will calculate the four-hour rolling average for the concurrent peak (the "(All)" line in the Multiplex Report) by adding the LPAR values where any version of the Program is running.
- c. If Sub-Capacity Pricing is not in effect, aggregated charges are based on Full Capacity MSUs.

IBM does not give credits or refunds for charges already due or paid if the applicable Product LPAR Utilization Capacity falls below the then current authorized entitlement.

**6. IBM's Responsibilities**

- a. IBM will provide the following on the SCRT website (<http://ibm.com/systems/z/swprice/subcap/scrt/>):
  1. SCRT, at no charge (**NOTE:** written notification of updates will be sent by email), and
  2. the process for transmitting Multiplex Reports and notification of changes (as specified in Section 3.b above) to IBM.
- b. IBM will calculate the applicable MSUs for Eligible Programs with Reference-Based or z/OS-Based terms by using the MSUs of the Parent Program(s) or z/OS, as applicable, from the Multiplex Report(s).

**7. Changes to Terms**

In order to maintain flexibility in our business relationship, IBM may change the terms of this Amendment via a modification to the GSA Schedule. Such changes are not retroactive; they apply, as of the effective date of the modification, only to new Eligible Program orders or S&S renewals. Additional or different terms in any written communication from Client (such as an order) are void.

---

This Amendment, the Agreement or IPLA, and any applicable transaction documents are the complete agreement regarding Sub-Capacity Pricing for IBM Programs with one-time charge pricing in the CMP environment. Additional or different terms in any written communication from Client are void.

Client accepts the terms of this Amendment by issuing IBM a delivery order (or another contract document) that incorporates it by reference.

#### 5.17.4.3 IBM AMENDMENT TO THE ATTACHMENT FOR zNALC LICENSE CHARGES

The terms of this Amendment to the Attachment for zNALC License Charges on IBM System z (Amendment) are in addition to and modify the terms of the IBM Attachment for zNALC License Charges (Attachment). Client accepts the terms of this Amendment by issuing a delivery order or contract document for IBM Programs utilizing the charging structure described below. If there is a conflict among the various documents, (i) the terms of this Amendment prevail over those of the Attachment, and (ii) the terms of a Transaction Document prevail over both of these documents.

### 8. Additional Definitions

**Multiplex** – all of Client’s Eligible Machines within a single country as defined in the Attachment for Country Multiplex Pricing (Z126-6965).

**Multiplex Report** – a report generated by SCRT to enable IBM to calculate Sub-Capacity Pricing for Programs in a Multiplex.

**Multiplex System z New Application License Charges (MzNALC)** – the price metric used to implement zNALC charges for z/OS running on an MzNALC Eligible Machine within a Multiplex.

**MzNALC Eligible Machine** – A Machine to which an Eligible Operating System is licensed and that is specified in the Mainframe Exhibits section of the System z Software Contracts Web site with “zN” in the zNALC column and with “C” or “P” designation in the “CMP” column. An MzNALC Eligible Machine is a Designated Machine that is eligible to receive zNALC charges implemented using the MzNALC price metric as described in Section 2 below.

### 9. Charges

When MzNALC charges apply to z/OS, monthly charges are based on the number of MSUs reported for z/OS (with zNALC charges) on the Multiplex Report during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity.

---

This Amendment and the Attachment, are the complete agreement regarding zNALC License Charges on MzNALC Eligible Machines. Additional or different terms in any written communication from Client are void.

Client accepts the terms of this Amendment by issuing IBM a delivery order (or another contract document) that incorporates it by reference.

#### **5.17.4 GROWTH OPPORTUNITY LICENSE CHARGE (GOLC)**

Any Programs licensed in accordance with the terms herein that require 64-bit z/Architecture hardware in order to execute properly may be licensed only to a Designated Machine that properly implements z/Architecture.

Growth Opportunity License Charges ("GOLC") are available only for Programs which are used on a Machine listed in "System z Machines " table below. However, GOLC may not be available for all Programs used on a listed Machine. If Graduated Monthly License Charges are available for Programs for which GOLC are not available, then a default charge applies which is equal to the Basic Graduated Monthly License Charge for the Machine Group indicated.

<b>GOLC Category</b>	<b>Default Charge Equal to Basic Charges for:</b>
H30	Group 40
H50	Group 50
H70	Group 70

Increases in any System z Program GOLC or default charges, due to changes in the Category placement for any Machine that they are licensed to, will be in effect for a minimum period of one month. For System z and Amdahl/non-IBM Product Information, see <http://www.ibm.com/zseries/library/swpriceinfo/> (See Machines with GOLC in the Group column).

#### **5.17.4 ATTACHMENT PARALLEL SYSPLEX LICENSE CHARGE (PSLC)**

The terms of this Attachment are in addition to those of Chapter 1 and this Chapter 5. Any Programs licensed in accordance with the terms of this Attachment that require 64-bit z/Architecture hardware in order to execute properly may be licensed only to a Designated Machine that properly implements z/Architecture.

Parallel Sysplex license charges (called "PSLC") available under this Attachment are provided for selected IBM System z Programs when these Programs are designated to a machine or machines operating in an actively coupled Parallel Sysplex environment.

### **IBM Responsibilities**

IBM will:

1. make selected System z Programs available to you at PSLC; and
2. specify, in an exhibit, the Parallel Sysplex environment (machine requirements, coupling criteria, and software requirements) and the basis for PSLC (the service unit capacity of participating machines). We will inform you of any changes.

### **Government Responsibilities**

Promptly notify IBM :

1. when you have an actively coupled Parallel Sysplex environment;
2. if the Parallel Sysplex environment ceases to be actively coupled. In such case, charges will revert to our generally available recurring charges; and
3. if you add or remove machines from the environment. In such cases, the PSLC will be adjusted.

### **5.17.5 ATTACHMENT SYSTEM Z NEW APPLICATION LICENSE CHARGE**

The terms of this Attachment for zNALC License Charges on IBM System z (“Attachment”) are in addition to those of this GSA Schedule, Chapter 1 and Chapter 5.

#### **1. Definitions**

**Eligible Machine** – A Machine to which an Eligible Operating System is licensed and that is specified in the Mainframe Exhibits section of the System z Software Contracts Web site with “zN” in the zNALC column.

An Eligible Machine is a Designated Machine that is eligible to receive zNALC pricing as described herein.

**Eligible Operating System** – An operating system specified in the zNALC Eligible Operating Systems subsection of the System z Software Contracts Web site (<http://ibm.com/systems/z/swprice/reference/exhibits/opsys.html>).

**Full Capacity MSUs** – The total capacity of a Machine as specified in the Mainframe Exhibits section of the System z Software Contracts Web site.

Mainframe Exhibits section of the System z Software Contracts Web site – <http://ibm.com/systems/z/swprice/reference/exhibits/hardware.html>

**MSUs** – Millions of Service Units per hour. Units of Workload capacity of an Eligible Machine.

**Product LPAR Utilization Capacity** – The highest number of MSUs utilized by the combined logical partitions (“LPARs”) in which z/OS (with zNALC charges) runs concurrently during a Reporting Period. The number of MSUs is based on a 4-hour rolling average utilization.

**Reporting Period** – The period that begins on the second day of a month and ends on the first day of the following month.

**Sub-Capacity Pricing** – Charges for z/OS (with zNALC charges) based on less than Full Capacity MSUs.

**Sub-Capacity Report** – A report generated by the IBM Sub-Capacity Reporting Tool. The tool analyzes System Management Facilities (“SMF”) data and calculates the Product LPAR Utilization Capacity for z/OS (with zNALC charges). The Sub-Capacity Report includes this calculation. Customer is required to submit the report to IBM only if Sub-Capacity Pricing is in effect.

**zNALC** – System z New Application License Charges (“zNALC”) charges are available only for z/OS running on an Eligible Machine. zNALC charges allow for Sub-Capacity Pricing and Parallel Sysplex aggregation.

**zNALC LPAR(s)** – One or more LPARs where z/OS (with zNALC charges) is running.

## 2. Qualified Applications

a. An “Application” is a computer program that is used to accomplish specific business tasks (such as Customer Relationship Management (“CRM”), Enterprise Resource Planning (“ERP”), Supply Chain Management (“SCM”), business information warehouse, accounting and inventory control programs), including the database server used for that task. In this definition, an Application is not a standalone database management system or systems management tool (i.e., related to the management or operation of the computer itself or of other computer programs). Examples of software that are not considered Applications are operating system software, database products (except as qualifying in the section below), transaction managers, tools, utilities and games.

b. An Application may be considered a “Qualified Application” if it is:

1. Currently generally commercially available, supported by its manufacturer and enabled to run under z/OS, and that same Application (with substantially the same functionality) is simultaneously generally commercially available, supported by its manufacturer on, and enabled to run under a UNIX operating system (e.g., AIX, HP-UX, Linux or Solaris), or Microsoft Windows (collectively “Distributed Platforms”); or
2. A database server running under z/OS and it is operating solely in support of a software program that is currently generally commercially available, supported by its manufacturer and running in a client/server environment where the business logic (e.g., application server) is running on a Distributed Platform; or
3. Java language business applications running under WebSphere Application Server (or equivalent). These do not include systems management tools.

c. IBM will determine whether a particular software program is a Qualified Application.

NOTE: For additional information and a few examples of approved zNALC Qualified Applications, see: <http://ibm.com/systems/z/resources/swprice/mlc/znalc.html>

## 3. Requirements for z/OS with zNALC Charges

a. z/OS (with zNALC charges) must be licensed to an Eligible Machine.

- b. z/OS IBM middleware running on a zNALC LPAR must be priced with either Advanced Workload License Charges (“AWLC”), Advanced Entry Workload License Charges (“AEWLC”), Workload License Charges (“WLC”), Entry Workload Charges (“EWLC”), or Select Application License Charges (“SALC”), if such charge, as applicable is available.
- c. zNALC LPARs must be used exclusively for the Qualified Application and for programs that support the Qualified Application and for no other purpose.
- d. z/OS (with zNALC charges) may not be licensed to the same Eligible Machine as either z/OS.e or as z/OS with New Application License Charges (“NALC”).
- e. z/OS (with zNALC charges) may not be licensed to the same Eligible Machine as OS/390 or MVS.
- f. z/OS (with Sub-Capacity zNALC charges) may not run as a guest of any version of VM or z/VM unless:
1. z/OS APAR OA20314 was applied to the z/OS guest system before it was IPLd, and
  2. SCRT Version 14.2.0 or higher is used to create the SCRT report.
- g. The first four letters of each zNALC LPAR must be “ZNAL”. Alternatively, if Customer prefers not to change LPAR names to qualify for zNALC, and is running z/OS V1.6 or higher, Customer may set the “LICENSE=ZNALC” IPL parameter to indicate a zNALC LPAR,
- NOTE: The zNALC IPL Parameter is available via APAR OA20314.
- h. Any copies of Eligible Operating Systems that run on an Eligible Machine must run in z/Architecture (64-bit) mode.
- i. Customer agrees to certify to IBM:
1. initially that Customer is eligible for zNALC under the terms of this Attachment, and
  2. annually that Customer is and has been continuously eligible for zNALC under the terms of this Attachment.

See Z125-7465, zNALC Annual Eligibility Certification Form.

Failure to submit a zNALC Annual Eligibility Certification Form will result in termination of zNALC charges. The z/OS license will revert to then-available charges.

#### **4. Charges**

- a. When zNALC charges apply to z/OS:

1. monthly charges are based on the number of MSUs reported for z/OS (with zNALC charges) in the Sub-Capacity Report for the specified Eligible Machine during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity or, on a non-partitioned Eligible Machine, must equal the Full Capacity MSUs. If Sub-Capacity Pricing is not in effect, monthly charges are based on Full Capacity MSUs;

NOTE: Information on IBM’s billing process, including how to determine the applicable Reporting Period for a particular month's charges, can be found on the Sub-Capacity Corner website at <http://ibm.com/systems/z/swprice/subcap/terms.html> ;

2. z/OS (with zNALC charges) licenses are initially charged at Full Capacity MSUs until IBM has processed the initial Sub-Capacity Report on that Eligible Machine, enabling Sub-Capacity Pricing;

3. once Sub-Capacity Pricing has commenced for z/OS (with zNALC charges) on an Eligible Machine, if z/OS (with zNALC charges) does not appear in a Sub-Capacity Report subsequent to its initial monthly charge, it will be charged at the minimum zNALC MSUs.

NOTE: IBM specifies minimum zNALC MSUs in its programming announcements;

4. eligible features of z/OS (with zNALC charges) have the same MSUs as z/OS (with zNALC charges);

5. the number of MSUs associated with a zNALC LPAR is equivalent to the highest observed rolling 4-hour average utilization in a Reporting Period. Customer may manage zNALC LPAR utilization by explicitly specifying the defined capacity of the zNALC LPAR(s) on the Hardware Management Console (“HMC”). However, this is not required to obtain Sub-Capacity Pricing. If Customer chooses to specify the defined capacity for a particular zNALC LPAR, the Sub-Capacity Reporting Tool will use the lower of the specified capacity or the 4-hour rolling average in order to determine the number of MSUs associated with z/OS (with zNALC charges);

6. the capping function in z/OS (with zNALC charges) is used to ensure the workload does not exceed the LPAR defined capacity Customer has specified on a 4-hour rolling average. To achieve this, the capping function may automatically reduce and limit computer resources to workloads running in that LPAR. By defining the LPAR capacity, Customer authorizes the capping function to cap the computer’s resources as defined; and

7. increases in Full-Capacity MSU Charges for z/OS (with zNALC charges), due to changes Customer makes in the MSU capacity for any Eligible Machine that it is licensed to, will be in effect for a minimum period of one month.

b. Calculation of Sub-Capacity MSUs when an Eligible Machine has z/OS licensed with Sub-Capacity charges for both a) zNALC and b) AWLC/AEWLC/WLC/EWLC:

If the total MSUs for both z/OS (with zNALC charges) plus the z/OS (with AWLC or AEWLC or WLC or EWLC charges) shown on the Sub-Capacity Report exceed the highest rolling 4-hour average of the Eligible Machine (“Peak Measurement”), then IBM will reduce the z/OS (with zNALC charges) MSUs so that the total MSUs do not exceed the Peak Measurement. However, the z/OS (with zNALC charges) MSUs will not be reduced below the minimum zNALC MSUs.

NOTE: IBM specifies minimum zNALC MSUs in its programming announcements.

NOTE: If an Eligible Machine has z/OS with full-capacity AWLC or AEWLC or WLC or EWLC charges, then zNALC pricing should be avoided, However, if z/OS with AWLC or AEWLC or WLC or EWLC charges is co-resident with z/OS (with zNALC charges), then IBM recommends Sub-Capacity pricing be implemented.

c. When aggregated zNALC charges apply to IBM Programs, aggregated charges:

1. are available only for z/OS (with zNALC charges) used on an Eligible Machine in an actively coupled Parallel Sysplex. To be actively coupled, the following criteria must be met:

(a) All Eligible Machines in the Parallel Sysplex must be physically attached via coupling links to a common Coupling Facility. In addition, Government must provide time synchronization using either timer links to a common Sysplex Timer or coupling links transporting Server Time Protocol (“STP”) timing information in an STP Coordinated Timing Network(“CTN”).

If a Coupling Facility is divided into LPARs, all Eligible Machines must be attached to the same Coupling Facility LPAR.

(b) All Eligible Operating System images that comprise the Parallel Sysplex environment must have at least one common Systems Enablement Function, specified in the Exhibit for zNALC License Charges on IBM System z, Z125-7455, (“Exhibit”), activated to use the Coupling Facility across all images in the Parallel Sysplex.

(c) The configuration and operating modes described in this Attachment must be the normal mode of operations for this environment.

(d) An Eligible Machine can only be in one Parallel Sysplex for pricing purposes. The Eligible Operating System images participating in the Systems Enablement Function(s) must account for at least 50 percent of the total Eligible Operating System workload on each Eligible Machine. In the event there are two LPARs, each 50 percent of the total Eligible Operating System workload, connected to two Parallel Sysplexes, Customer may select which Parallel Sysplex the Eligible Machine will be included in for billing.

2. require Customer to provide IBM with a completed IBM Sysplex Verification Package upon the occurrence of any of the following: 1) Customer implements an actively coupled Parallel Sysplex, 2) a change is made to any Eligible Machine, e.g., model upgrades or model downgrade in the Parallel Sysplex, 3) IBM requests a package for any year during which Customer has received aggregated zNALC pricing, and 4) at least once in every 12 month period.

NOTE: The IBM Sysplex Verification Package can be found at <http://ibm.com/systems/z/swprice/sysplex/verify.html> .

Information regarding the technical aspects of Parallel Sysplex aggregation and detailed information on tools, processes and procedures may be found at the Sysplex Aggregation Web site at <http://ibm.com/systems/z/swprice/sysplex> .

3. are based on the sum of the MSUs on the Sub-Capacity Reports that Customer submits to IBM for each copy of z/OS (with zNALC charges) installed on qualifying Eligible Machines in a Parallel Sysplex;

4. are based on Full Capacity MSUs if Sub-Capacity Pricing is not in effect; and

5. require two or more Eligible Machines actively coupled using the applicable coupling links and Coupling Facility specified in the Exhibit.

## 5. IBM’s Responsibilities

IBM will:

- a. specify in Appendix M, or a later the current commercial version of Exhibit Z125-7455 the 1) Applicable Coupling Facilities, 2) Systems Enablement Functions, and 3) the date and the process for transmitting Sub-Capacity Reports to IBM;
- b. make available the Sub-Capacity Reporting Tool;
- c. review and validate Customer supplied alternate values indicated in the Sub-Capacity Reports, and if appropriate, at its sole discretion make adjustments to zNALC charges; and
- d. register Eligible Machines when Customer submits the initial Sub-Capacity Reports.

## **6. Government Responsibilities under Sub-Capacity Pricing**

Sub-Capacity Pricing is conditioned upon utilization of capacity approved by IBM and accurate capacity utilization measurement data generated by the operating system and processed by SCRT.

Customer agrees to:

- a. promptly install any code required by IBM for IBM Programs or IBM System z Machine Code required by IBM to accurately calculate Sub-Capacity Pricing;
- b. not alter, modify, omit, or delete, by any means, directly or indirectly, the:
  1. SMF or SCRT89 records;
  2. SCRT, except for changes provided by IBM; or
  3. Sub-Capacity Reports that Customer submits to IBM, except for those SCRT report fields where Customer comments are expressly required or permitted. Instructions for completion of the required and optional Customer comment fields can be found in the most current version of the SCRT Users Guide (SG24-6522).
- c. not enable or use any SCRT control statement except as expressly authorized by IBM in the SCRT User Guide or an Addendum signed by Customer;
- d. collect and retain for a period of not less than six months the SMF and SCRT89 data records that are required by SCRT for each Reporting Period from all LPARs on the Eligible Machine. For IBM AWLC Programs that are not reported on SMF 89 records or on SCRT89 records, Customer must use NO89 control statements to identify the LPAR(s) or Guest (LPARs) in which the AWLC Programs ran during any part of the Reporting Period;
- e. run the most current version of the SCRT against the collected SMF and SCRT89 data to produce a Sub-Capacity Report from all Eligible Operating System LPARs on the Eligible Machine for which z/OS (with zNALC charges) is licensed. If there have been special circumstances during the Reporting Period, Customer may, in accordance with the then current SCRT Users Guide (SG24-6522), use the “Exclude” control statement and provide an explanation of the variance.
- f. send to IBM within the time specified in the Exhibit:
  1. the initial Sub-Capacity Report that is based on the data for the entire initial Reporting Period for each Eligible Machine that Customer wishes IBM to register for Sub-Capacity Pricing; and

2. subsequent Sub-Capacity Reports that are based on the data for each entire Reporting Period thereafter for each registered Eligible Machine.

Sub-Capacity Reports may not be used to discontinue licenses, report Eligible Machine model downgrades, or to disable z/OS (with zNALC charges) features.

Both IBM and Government agree that Sub-Capacity Reports that reflect a change to Product LPAR Utilization Capacity or to the inventory of IBM Programs on an Eligible Machine (e.g. new Program, or change in Designated Machine previously identified to IBM) will be considered to be orders placed by Customer without further action on Customer's part, and Customer authorizes IBM to make any resulting billing increase or decrease. Sub-Capacity Reports not submitted by the "not later than" date specified in the Exhibit will result in z/OS (with zNALC charges) being charged on a Full Capacity MSU basis for the Reporting Period;

g. configure Customer's Eligible Machine to send Transmit System Availability Data ("TSAD") weekly to IBM via the Remote Support Facility ("RSF"). This enables IBM to verify that the Product LPAR Utilization Capacity MSUs in the Sub-Capacity Reports Customer submits to IBM are consistent with Customer's actual Eligible Machine configuration. An alternate means for Customer to collect and transmit this data is provided in the SCRT Users Guide (SG24-6522). Failure to submit TSAD may result in IBM Programs being charged on a Full Capacity MSU basis;

h. assign a person in Customer's organization with authority to discuss with IBM and promptly resolve any questions about 1) Sub-Capacity Reports, 2) inconsistencies between the Sub-Capacity Reports and current license entitlement, and 3) configuration data reported via the RSF;

i. contact IBM if Customer elects to convert from zNALC Sub-Capacity Pricing to zNALC at Full Capacity MSUs;

j. not register, directly or indirectly, IBM Programs with the z/OS IFAUSAGE service, except as directed by the documentation for the IBM Program;

k. not register, directly or indirectly, Non-IBM Programs with the z/OS IFAUSAGE service as an IBM Program with an IBM product identifier; and

l. not cause, directly or indirectly, Product Utilization Capacity to be attributed to another program, either an IBM Program or a Non-IBM Program, when the Product Utilization Capacity is unrelated to that program, except in the case of incidental Product Utilization Capacity associated with diagnosing, monitoring, or measuring a program.

## 7. Compliance Verification

For purposes of this section, "ICA Program Terms" means terms applicable to ICA Programs and applicable Transaction Documents and Attachments (including this one). IBM's Compliance Terms are provided in this Chapter.

## 8. Subcapacity Reporting

The Government is responsible for transmitting the Sub-Capacity Reports to IBM per the process outlined in the following website <http://ibm.com/zseries/swprice/scrt/>. Reports are due by the second, but not later than the ninth, calendar day of each month.

This Attachment, Chapter 1 and this Chapter 5, including applicable Attachments and Transaction Documents, are the complete agreement regarding zNALC License Charges on IBM System z and replace all prior oral or written communications, representations, undertakings, warranties, promises, covenants, and commitments between Customer and IBM regarding zNALC License Charges on IBM System z. In entering into this Attachment, including any applicable Transaction Document, neither party is relying on any representation that is not specified in this Attachment, the Transaction Document, or the Agreement. Additional or different terms regarding this On/Off CoD offering identified in a Government Delivery Order, unless provided in an IBM proposal or quote, are void.

### **5.17.6 ATTACHMENT IBM SYSTEM Z USAGE PRICING CHARGES**

These terms are in addition to those of Chapter 1 and this Chapter 5 . Any Programs licensed in accordance with the terms of this Attachment that require 64-bit z/Architecture hardware in order to execute properly may be licensed only to a Designated Machine that properly implements z/Architecture.

The terms of this Attachment apply to selected System z Programs that have a Usage Pricing Charge, which is a monthly recurring charge. To qualify for Usage Pricing Charges, the eligible Program must be running on a Machine or in a qualified Parallel Sysplex where OS/390 Version 2, z/OS or later is running in at least one LPAR partition on the Machine or in the Parallel Sysplex. For each selected Program (Program "Base," where multiple "Bases" of a Program are eligible) the Government may elect a Usage Pricing Charge or any other applicable recurring charge.

Machines or Parallel Sysplexes running OS/390 Auto UNIX do not qualify for Usage Pricing Charges as OS/390 Auto UNIX is a pre-configured UNIX-only system without the ability to activate the usage measurement function.

IBM specifies in the Supplement to this Attachment, billing start and end dates, eligible Programs, and the applicable measurement basis (e.g., machine service units).

#### **Measurement Recording**

Program usage will be measured as specified in the Exhibit for IBM System z Usage Pricing Charges ("Exhibit"). To measure and record measurement data, you agree to use, unmodified on all MVS/ESA, OS/390, z/OS and z/OS.e LPARs on the Machine for which the Program is licensed and on all Machines which are actively coupled to that Machine in a Parallel Sysplex, 1) the usage measurement function, which IBM provides in the operating system Program and 2) a reporting function, which IBM provides in the IBM Software Usage Report Program. You agree not to alter 1) the records collected by the usage measurement function; 2) the IBM Software Usage Report Program, except for changes provided by IBM; or 3) the Software Usage reports, generated by the Software Usage Report Program, which you will provide to IBM.

#### **Billing Periods**

The Government's billing period is the 12-months in duration. However, IBM may permit the initial billing period to be less or greater than 12 months to allow for fiscal year alignment.

To establish the usage for a billing period, using the measurement function it provides, IBM identifies your

1. highest daily usage of a Program, which is the highest of 24 hourly measurements recorded each day; and
2. monthly usage of a Program, which is the fourth highest daily measurement recorded for a month.

The Government agrees to:

1. run our usage measurement function throughout initial and subsequent billing periods on all MVS/ESA, OS/390, z/OS and z/OS.e LPARs on the Machine for which the Program is licensed and on all Machines coupled to that Machine in a Parallel Sysplex;
2. reinitialize all copies of DB2 after the usage measurement function has been activated, whenever DB2 usage is being measured for Usage Pricing Charges; and
3. provide IBM with a Software Usage Report generated by the Software Usage Report Program for (1) each Machine not in a Parallel Sysplex, (a separate report for each Machine) and (2) all Machines which are actively coupled in the same Parallel Sysplex (a separate report for all Machines within a Parallel Sysplex, i.e., a separate report for each Parallel Sysplex). You are to provide these Software Usage Reports within ten business days after the usage measurements are completed one month prior to the end of each billing period.

### **Initial Billing Period**

To establish the measurement for the initial billing period, the Government will run the usage measurement function for two months (contiguous days) against all copies and versions of an eligible Program. These months need not be calendar months. The Government must start the measurement period on a day when the eligible Program is running on the Machine and run the usage measurement function on all MVS/ESA, OS/390, z/OS, and z/OS.e LPARs on the Machine or Parallel Sysplex.

The higher monthly usage of the initial two-months determines the Government's monthly Usage Pricing Charge for the fiscal year next 12-month billing period.

The initial billing period begins on the first day of the first full calendar month in which usage measurement is collected.

### **Transitioning from MULC**

The highest monthly usage, derived from the preceding Measured Usage License Charge (MULC) billing period (including one month before that billing period and excluding the final month of the billing period), will be used to determine your monthly Usage Pricing Charge when transitioning a Program under MULC to Usage Pricing Charges.

### **Subsequent Billing Periods**

The Government agrees to provide IBM with the Software Usage Report for the billing period within the first ten business days of the final month of the previous billing period.

The highest monthly usage measured for the initial billing period (excluding those recorded in the final month) will be the basis for establishing charges for the second billing period. For

subsequent billing periods, the highest Monthly Usage measured for the prior 12 months, starting one month earlier than the previous billing period, will be the basis for establishing charges.

In the last month of a billing period, IBM will review your usage of a Program and calculate a new Usage Pricing Charge, if appropriate. A new Usage Pricing Charge would apply at the start of your next billing period. Client accepts the new pricing by issuing IBM a delivery order or contract, as applicable.

### **Determining the Usage Pricing Charge**

The Government's monthly Usage Pricing Charge is determined by your monthly "Usage Level(s)." Usage Levels correspond to the Usage Range(s), specified in Appendix N, which are determined by the Government's monthly usage (as reported by the usage measurement function IBM provides).

If the Government is using multiple versions (or copies) of a Program on a Machine, IBM will 1) use the aggregated usage provided on the Software Usage Report to represent the usage consumed by all the versions (copies), and 2) apply this aggregate usage measurement to the charge applicable to the latest version of a Program installed on that Machine. At least one version of the Program must be listed on the Exhibit as a Program for which Usage Pricing Charges by service units ("SUs") are available.

If the Government is using a Program in an actively coupled Parallel Sysplex environment, IBM will 1) aggregate the usage across all of the Machines in the Parallel Sysplex and 2) apply this aggregate usage to the charge applicable to the latest version of a Program installed on those Machines.

### **General**

In determining the Government's usage of a Program, the earlier versions of which are already subject to Usage Pricing Charges, IBM will disregard measurements recorded during an applicable testing period, if any, if you so indicate on the Software Usage Report. If you add a new version of a Program during a billing period, charges will be based on the charge for the latest version.

The charge for a Program will revert to the applicable recurring charge if the Government 1) fail to provide IBM with the Software Usage Report within the specified time period or 2) at the end of a billing period, end your participation in this offering. In either event, the Government may not resume participation for that Program for 12 months. If the Government later want to resume participation, your Usage Pricing Charge will be based on the Software Usage Report Government provided to IBM for the preceding 12-month period. If a Program was terminated from participating for either of the above reasons, a 12-month period applies before the Program is eligible for Usage Pricing Charges.

The Government may terminate this offer on one month's written notice. Upon termination, the charge for a Program will revert to another applicable recurring charge. If an alternative recurring charge is not available, your license will terminate.

### **Compliance Verification**

For purposes of this section, "ICA Program Terms" means terms applicable to ICA Programs in this Chapter 5, Chapter 1 and applicable Transaction Documents and Attachments (including this one).

### 5.17.7 ATTACHMENT IBM SYSTEM Z WORKLOAD LICENSE CHARGES

Any Programs licensed in accordance with the terms herein that require z/Architecture (64-bit) hardware in order to execute properly may be licensed only to a Designated Machine that properly implements z/Architecture.

**Definitions:**

Eligible Machine	A Machine to which an Eligible Operating System is licensed. Any copies of Eligible Operating Systems that run on an Eligible Machine must run in z/Architecture (64-bit) mode. Eligible Machines are specified in Appendix M of this Schedule.
Eligible Operating Systems	Operating Systems specified in the Appendix.
Full Capacity MSUs	The total capacity of an Eligible Machine as specified in the Appendix.
Guest (LPAR)	z/TPF or z/OS when running under z/VM
MSUs	Millions of Service Units per hour. Units of Workload capacity of an Eligible Machine.
Native (LPAR) Operating System Family	z/TPF or z/OS when not running under z/VM An IBM operating system and the IBM middleware that runs under it. The applicable IBM operating systems are z/OS, z/TPF, and z/VSE V4 or higher.
Product LPAR Utilization Capacity	The highest number of MSUs utilized by the combined logical partitions (LPARs) in which a Variable Workload License Charges (VWLC) IBM Program runs concurrently during a Reporting Period. The number of MSUs is based on a 4-hour rolling average utilization.
PSLC Option	Parallel Sysplex License Charges available for selected IBM Programs which are used on an Eligible Machine and are running an Eligible Operating System. See Appendix L
Reporting Period	The period which begins on the second day of a month and ends on the first day of the following month.
Sub-Capacity Pricing	WLC for VWLC IBM Programs based on less than Full Capacity MSUs
Sub-Capacity Report	A report generated by the IBM-provided Sub-Capacity Reporting

	<p>Tool. The tool analyzes System Management Facilities (“SMF”) data and SCRT89 data and calculates the Product LPAR Utilization Capacity for most VWLC IBM Programs. The Sub-Capacity Report includes these calculations. The Government is required to submit the report to IBM only if Sub-Capacity Pricing is in effect.</p>
WLC	<p>Workload License Charges available for selected IBM Programs which are used on an Eligible Machine and are running under an Eligible Operating System. WLC allow for Sub-Capacity Pricing.</p>

**1. Charges**

1. The Government has a choice of selecting either, if available, but not both. WLC or PSLC within an Operating System Family on an Eligible Machine that has an Eligible Operating System licensed to it. However,

(a) IBM Programs with charge types shown below, however, may be licensed to the same Eligible Machine as IBM Programs with WLC charges:

- i. New Application License Charges (“NALC”)
- ii. System z New Application License Charges (“zNALC”)
- iii. Select Application License Charges (“SALC”)
- iv. Midrange Workload License Charges (“MWLC”)

(b) once the Government selects WLC, the Government may not switch back to PSLC without prior IBM approval, which IBM may grant in its sole discretion; and

(c) WLC Programs and PSLC Programs may not be aggregated together for pricing purposes.

2. When Flat Workload License Charges (“FWLC”) apply to IBM Programs, charges are a fixed monthly charge. z/OS must be licensed to the Eligible Machine, FWLC charges are not available on an Eligible Machine if any Program in the z/OS Operating System Family has PSLC charges.

3. When VWLC charges apply to IBM Programs:

- a. Monthly charges are based on the number of MSUs reported in the IBM Program's Sub-Capacity Report for the specified Eligible Machine during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity or, on a non-partitioned Eligible Machine, must equal the Full Capacity MSUs. If Sub-Capacity Pricing is not in effect, monthly charges are based on Full Capacity MSUs;

NOTE: Information on IBM’s billing process, including how to determine the applicable Reporting Period for a particular month’s charges, can be found on the Sub-Capacity Corner website at <http://www.ibm.com/zseries/swprice/subcap/>

- b. Eligible Operating System licenses are charged at Full Capacity MSUs until IBM has processed the initial Sub-Capacity Report for that Eligible Operating System on that Eligible Machine, enabling Sub-Capacity Pricing for that Operating System Family.
- c. the initial monthly charge for a non-operating system license is based upon the applicable operating system MSUs.
- d. once Sub-Capacity Pricing has commenced for an Eligible Operating System on a Eligible Machine, if a VWLC IBM Program does not appear in a Sub-Capacity Report subsequent to its initial monthly charge, it will be charged at the minimum VWLC MSUs;

NOTE: IBM specifies minimum VWLC MSUs in its programming announcements;

- e. If the Government elects to have Sub-Capacity Pricing for a VWLC IBM Program on an Eligible Machine, then the Government must have Sub-Capacity for all VWLC IBM Programs in that Operating System Family on that Eligible Machine;
- f. VWLC features have the same MSUs as the Program;
- g. when z/TPF is licensed to an Eligible Machine, the Sub-Capacity Reporting Tool calculates the number of MSUs for z/TPF IBM Programs running on it. See the Amendment for Calculation of z/TPF MSUs (INTC-7283) for further details;
- h. when z/OS is licensed to an Eligible Machine, the Sub-Capacity Reporting Tool calculates the number of MSUs used across all of the z/OS LPARs in which each z/OS VWLC IBM Program ran during the Reporting Period as follows:

If z/OS is running in Native LPAR(s) ...	and z/OS is running in Guest LPAR(s), at least one of which is at V1.6 or lower ...	and z/OS is running in Guest LPAR(s), at least one of which is at V1.7 or higher ...	then, MSUs are calculated in LPAR(s) in which the VWLC IBM Program ran, as follows:
Yes	Yes	Yes	The highest combined:
Yes	Yes	No	1. 4-hour rolling average utilization across all z/OS Native LPARs, and 2. the maximum capacity of all z/OS Guest LPARs
Yes	No	Yes	The highest combined 4-hour rolling average utilization across all z/OS Native LPARs and z/OS Guest systems
Yes	No	No	
No	No	Yes	
No	Yes	Yes	The highest combined maximum capacity of all z/OS Guest LPARs
No	Yes	No	

The Government may manage Native z/OS LPAR utilization by specifying an LPAR defined capacity on the Hardware Management Console (“HMC”). However, this is not required to

obtain Sub-Capacity Pricing. If the Government chooses to specify the defined capacity for a particular Native z/OS LPAR, the Sub-Capacity Reporting Tool will use the lower of the specified capacity or the 4-hour rolling average in order to determine the number of MSUs associated with a VWLC IBM Program.

If an OS/390 or MVS operating system is licensed to the same Eligible Machine, then charges for the z/OS Operating System Family are based on Full Capacity MSUs

- i. The capping function in z/OS is used to ensure the workload does not exceed the LPAR defined capacity Government has specified on a 4-hour rolling average. To achieve this, the capping function may automatically reduce and limit computer resources to workloads running in that LPAR. By defining the LPAR capacity, the Government authorizes the capping function to cap the computer's resources as defined; and,.
  - ii. Increase in any IBM System z Program VWLC charges, due to changes the Government makes in the MSU capacity for any Eligible Machine it is licensed to, will be in effect for a minimum period of one month.
4. When aggregated VWLC apply to IBM Programs, aggregated charges:
- a. Are available only for IBM Programs used on an Eligible Machine in a Parallel Sysplex.
  - b. Are based on the sum of the MSUs on the Sub-Capacity Reports that the Government submits to IBM for each copy of an IBM Program installed on qualifying Eligible Machines in a Parallel Sysplex. If Sub-Capacity Pricing is not in effect, aggregated charges are based on Full Capacity MSUs.
  - c. Require two or more Eligible Machines actively coupled using the applicable coupling links and Coupling Facility specified in the Appendix.
  - d. To be actively coupled, the following criteria must be met:
    - i. All Eligible Machines in the Parallel Sysplex must be physically attached via coupling links to a common Coupling Facility. In addition, time synchronization must be provided using either timer links to a common Sysplex Timer or coupling links transporting Server Time Protocol (“STP”) timing information in an STP Coordinated Timing Network (“CTN”).
    - ii. If a Coupling Facility is divided into LPAR's, all Eligible Machines must be attached to the same Coupling Facility LPAR.
    - iii. All Eligible Operating System images that comprise the Parallel Sysplex environment must have at least one common Systems Enablement Function, specified in the Appendix, activated to use the Coupling Facility across all images in the Parallel Sysplex.
    - iv. The configuration and operating modes described herein must be the normal mode of operations for this environment.
    - v. An Eligible Machine can only be in one Parallel Sysplex for pricing purposes. The Eligible Operating System images participating in the Systems Enablement

Function(s) must account for at least 50 percent of the total Eligible Operating System workload on each Eligible Machine.

In the event there are two LPARs, each 50 percent of the total Eligible Operating System workload, connected to two Parallel Sysplexes, the Government may select which Parallel Sysplex the Eligible Machine will be included in for billing.

On an annual basis, upon IBM's request, the Government will provide IBM with a completed IBM Sysplex Verification Package

Note: Information can be found at <http://ibm.com/zseries/swprice/sysplex/>

Additional information regarding the technical aspects of Parallel Sysplex aggregation and detailed information on tools, processes, and procedures may be found at the Sysplex Aggregation website at the following URL: <http://ibm.com/zseries/swprice/sysplex/>

## **2. IBM's Responsibilities**

IBM will:

1. Specify
  - a. The Eligible Machines and their Full Capacity MSUs,
  - b. The applicable Coupling Facilities
  - c. Eligible Operating Systems
  - d. Systems Enablement Functions, and
  - e. The date and the process for transmitting Sub-Capacity Reports to IBM;
2. Provide the Sub-Capacity Reporting Tool;
3. Adjust VWLC in response to the changes the Government indicate on the Sub-Capacity Reports you submit; and
4. Register Eligible Machines when the Government submits the initial Sub-Capacity Reports.

## **3. Government's Responsibilities under Sub-Capacity Pricing**

**Government agrees to:**

1. Promptly install any enabling code for IBM Programs or IBM System z Licensed Internal Code (LIC) required for Sub-Capacity Pricing;
2. Collect, and retain for a period of not less than six months, the SMF and SCRT89 data records for all LPARs, by Eligible Machine, required by the Sub-Capacity Reporting Tool for each Reporting Period;
3. Run the most current version of the Sub-Capacity Reporting Tool against the collected SMF and SCRT98 data to produce a Sub-Capacity Report. In addition, the Government agrees to specify the LPAR name(s) in the Sub-Capacity Report where any IBM Programs run for which SMF or SCRT89 data is not created. If there have been special circumstances during the Reporting Period, the Government may also provide alternate values, as defined in the

SCRT Users Guide (SG24-6522), for each IBM Program with an explanation for the variance.

4. Send to IBM within the time specified in the Appendix,
  - a. The initial Sub-Capacity Report that is based on the data for the entire initial Reporting Period for each Eligible Machine that the Government wishes IBM to register for Sub-Capacity Pricing; and
  - b. Subsequent Sub-Capacity Reports that are based on the data for each entire Reporting Period thereafter, for each registered Eligible Machine.

Sub-Capacity Reports may not be used to order or discontinue licenses, move licenses between Eligible Machines, report Eligible Machine model upgrades, or enable or disable IBM Program features.

Both IBM and the Government agree that Sub-Capacity Reports that reflect a changed Product LPAR Utilization Capacity will be considered to be orders placed by you, and you authorize IBM to make any resulting billing increase or decrease. Sub-Capacity Reports not submitted by the "not later than" date specified in the Appendix will result in IBM Programs being charged on a full Capacity MSU basis for the Reporting Period;

5. Configure the Government's Machine to send weekly to IBM Transmit System Availability Data ("TSAD") weekly to IBM via the Remote Support Facility ("RSF"). This enables IBM to verify that the Product LPAR Utilization Capacity MSUs in the Sub-Capacity Reports submitted to IBM are consistent with the Government's actual Machine configuration. An alternate means for the Government to collect and transmit this data is provided in the "z/OS Planning for Sub-Capacity Pricing" publication. Failure to submit TSAD may result in IBM Programs being charged on a Full Capacity MSU basis;
6. Assign a person in Government's organization with authority to discuss and promptly resolve any questions on Sub-Capacity Reports or inconsistencies between Sub-Capacity Report contents or current license entitlement, and configuration data reported via the RSF; and
7. Notify IBM if the Government elects to convert from Sub-Capacity Pricing to WLC at Full Capacity MSUs.
8. The Sub-Capacity Reports must be transmitted to IBM on the second, but not later than the ninth, calendar day of the month. The e-mail address for transmitting the Reports is fednotes@us.ibm.com.

### **5.17.8 ATTACHMENT EWLC, TWLC, ZELC AND z/OS.e LICENSE CHARGES**

These terms are in addition to those of Chapter 1 and Chapter 5.

This Attachment provides additional terms for (1) Programs running on an Eligible Machine with zSeries Entry License Charges ("zELC"), Entry Workload License Charges ("EWLC"), or Tiered Workload License Charges ("TWLC"); and (2) terms for z/OS.e. When running on an Eligible Machine, z/TPF, z/OS, or z/OS.e must be running in z/Architecture (64-bit) mode.

**NOTE:** If z/OS.e is not running and the only charges for operating systems on an Eligible Machine are zELC, TWLC, or Full-Capacity EWLC charges, then this Attachment need not be signed. IBM System z Machines Exhibit (Z125-3901-55 or later) applies.

## Definitions

**Eligible Machine** – A Machine to which an Eligible Operating System is licensed. Any copies of Eligible Operating Systems that run on an Eligible Machine must run in zArchitecture (64-bit) mode. Eligible Machines are specified in the Exhibit for EWLC, TWLC, zELC and z/OS.e License Charges, Z125-6588-11 or later (“Exhibit”).

**Eligible Operating Systems** – An Operating System specified in the Exhibit

**Full Capacity** – EWLC pricing of Programs based on the total MSUs of the Eligible Machine.

**Full Logical Model Capacity** – The total MSU capacity of the Logical Model.

**Guest (LPAR)** – An Eligible Operating System when running on z/VM.

**MSUs** – Millions of Service Units per hour. Units of Workload capacity of an Eligible Machine.

**Native (LPAR)** – An Eligible Operating System when not running on z/VM.

**Operating System Family** – An IBM operating system and the IBM middleware that runs under it. The applicable IBM operating systems are z/OS, z/TPF, and z/VSE V4 or higher.

**Product LPAR Utilization Capacity** – The highest number of MSUs utilized by the combined logical partitions (“LPARs”) in which an EWLC IBM Program runs concurrently during a Reporting Period. The number of MSUs is based on a 4-hour rolling average utilization.

**Reporting Period** – The period that begins on the second day of a month and ends on the first day of the following month.

**Sub-Capacity** – EWLC pricing of Programs based on less than the total MSUs of the Eligible Machine.

**Sub-Capacity Report** – A report generated by the IBM-provided Sub-Capacity Reporting Tool. The tool analyzes System Management Facilities (“SMF”) data and SCRT89 data and calculates the Product LPAR Utilization Capacity for most EWLC IBM Programs. The Sub-Capacity Report includes these calculations. Customer is required to submit the report to IBM only if Sub-Capacity pricing is in effect.

## LPAR Limitations

Government may not use more than 15 LPARs on a zSeries 890 Capacity Setting 110

## Charges for Programs running on an Eligible Machine

## Logical Models:

For determining the basis for certain software license charges, an Eligible Machine may be divided into two Logical Models, one running z/OS.e and the other running some other operating system(s). If the Eligible Machine is running only z/OS.e, or is not running z/OS.e, then there is only one Logical Model and it is equal to the physical Eligible Machine model. (**Note:** Integrated Facility for Linux (“IFL”) engines are not part of Logical Models or the physical Eligible Machine model.)

Logical Models may be calculated as follows

- a. If the only charges for Programs on an Eligible Machine are zELC, a table illustrating the various Logical Model combinations may be found in the Exhibit.
- b. If an Eligible Machine is running a combination of z/OS.e with EWLC charges and some other operating system, the following steps are used to calculate the Logical Model:
  1. The Government advises IBM of planned MSUs:

Within 30 days of the billing period start date for EWLC charges, the Government will advise IBM of the planned MSU usage for both the z/OS.e and the non-z/OS.e Logical Models. The total planned MSUs must equal the total MSU capacity of the Eligible Machine. To determine the total MSU capacity of each model of an Eligible Machine, see the Mainframe Exhibits section of the System z Software Contracts Web site.

2. IBM to calculate Logical Model sizes:

- (a) IBM will calculate the Logical Model sizes for zELC Programs by selecting the Logical Model with an MSU rating that equals the Government’s planned z/OS.e MSU usage or the next higher Logical Model if Government’s planned z/OS.e MSU usage exceeds the MSU rating for a Logical Model. IBM will similarly calculate the non-z/OS.e Logical Model using non-z/OS.e MSUs.
- (b) IBM will calculate the appropriate tier for TWLC programs based upon the Government’s planned z/OS.e MSU usage. IBM will similarly calculate the non-z/OS.e tier using the non-z/OS.e MSUs.

3. Changing Logical Models sizes:

- (a) If an Eligible Machine is upgraded or downgraded, or if the Government changes the MSUs used for z/OS.e, the Government will advise IBM of the new planned MSUs for both z/OS.e and non-z/OS.e. IBM will adjust the Logical Model sizes accordingly.

4. If MSU usage is greater than the total MSU capacity of the Eligible Machine:

In the event actual MSUs reported on a Sub-Capacity Report for both the z/OS.e and non-z/OS.e Logical Models exceed the total MSU capacity of the Eligible Machine, IBM will reduce the z/OS.e MSUs so that the total MSUs do not exceed the total MSU capacity of the Eligible Machine. However, the z/OS.e MSUs may not be reduced below 3 MSUs. If necessary, the non-z/OS.e MSUs will also be reduced so the total MSU capacity of the Eligible Machine is not exceeded.

This calculation will not impact zELC charges, only EWLC charges.

5. Actual MSU use exceeds planned MSUs provided to IBM:
  - (a) If the Sub-Capacity Report shows that actual non-z/OS.e MSU usage exceeded the planned MSU usage that the Government provided to IBM, IBM may adjust the size of the Logical Models accordingly. Both IBM and the Government agree that this will result in a billing increase.
- c. If the charges on an Eligible Machine are either aggregated Variable Workload License Charge (“VWLC”) or aggregated Parallel Sysplex License Charges (“PSLC”), and a Program is running on only one of the Logical Models, the Full Logical Model Capacity for each Logical Model is defined as follows:
  1. For a Program running in the Logical Model with z/OS.e:
    - (a) divide the total number of MSUs in the Eligible Machine by the number of engines in that Eligible Machine;
    - (b) multiply that result by the number of engines in the Logical Model;
    - (c) if the result is not a whole number, any fraction equal to or greater than one-half is rounded up to the next whole number. Otherwise, fractions are dropped.
  2. For a Program running in the Logical Model without z/OS.e, subtract the MSUs calculated above from the total MSUs in the Eligible Machine.

**Aggregated Charges:**

- d. Aggregated PSLC may apply if the Eligible Machine is coupled in a Parallel Sysplex that has aggregated PSLC charges. Usage Pricing Charges may apply.
- e. Aggregated Workload License Charges (“WLC”) may apply if the Eligible Machine is coupled in a Parallel Sysplex that has aggregated WLC charges.
- f. Prerequisite Attachments, Supplements and Exhibits for Aggregated Charges (as applicable)
  1. For PSLC:
    - (a) Attachment for Parallel Sysplex License Charges; and
    - (b) Exhibit - Parallel Sysplex License Charges (Z125-5206).
  2. For WLC:
    - (a) Attachment for IBM System z Workload License Charges; and
    - (b) IBM System z Workload License Charges Exhibit (Z125-6324).

**zELC Charges:**

- g. zELC charges are based on the category of the Logical Model.
- h. zELC charges are available for selected Programs used on Eligible Machines that are identified in the “Group” column by “zELC,” followed by the zELC category, on the Mainframe Exhibits section of the System z Software Contracts Web site.

- i. When zELC charges are not available for certain Programs, a default charge applies. It is specified on the Mainframe Exhibits section of the System z Software Contracts Web site for each applicable Eligible Machine in the column called “Other.”
  - 1. If the Government selects zELC charges for any Program on an Eligible Machine, then all Programs for which zELC charges are available must have zELC charges, unless EWLC charges are available for selected Programs. In this case those Programs may have EWLC charges.
- j. Increases in any zELC or default charges for Programs, due to changes in the category or model placement for any Eligible Machine to which the Programs are licensed, will be in effect for a minimum period of one month.

**TWLC Charges**

- k. TWLC charges are a tiered price structure and based on Full Logical Model Capacity. Sub-Capacity pricing is not available.
- l. TWLC charges are available for selected Programs used on non-aggregated Eligible Machines identified in the “Group” column by “TWLC” followed by the TWLC tier on the Mainframe Exhibits section of the System z Software Contracts Web site.
- m. When TWLC charges are not available for certain programs, a default charge applies. It is specified on the Mainframe Exhibits section of the System z Software Contracts Web site for each applicable Eligible Machine in the column called “Other.”
  - 1. If the Government selects TWLC charges for any Program on an Eligible Machine, then all Programs for which TWLC charges are available must have TWLC charges, unless EWLC charges are available for selected Programs. In this case those Programs must have EWLC charges. However, if the Government elects Midrange Workload License Charges (“MWLC”) on z/VSE V4 or higher then all Programs with MWLC available must have MWLC charges.
- n. Increases in any TWLC or default charges for Programs, due to changes in the tier placement for any Eligible Machine to which the Programs are licensed, will be in effect for a minimum period of one month.

**EWLC Charges:**

- o. EWLC charges are based on Full Capacity or Sub-Capacity pricing.
- p. EWLC charges are available only for selected Programs used on non-aggregated Eligible Machines that are identified in the “Group” column by “EWLC” on the Mainframe Exhibits section of the System z Software Contracts Web site.
- q. If the Government selects EWLC charges for a Program on an Eligible Machine, then all Programs for which EWLC charges are available must have EWLC charges. All other Programs on that Eligible Machine must have zELC charges, if zELC charges are available, or TWLC charges, if TWLC charges are available. However, if the Government elects Midrange Workload License Charges (“MWLC”) on z/VSE V4 or higher then all Programs with MWLC available must have MWLC charges.

IBM Programs with Select Application License Charges (“SALC”) may be licensed to the same Eligible Machine as IBM Programs with EWLC Charges. SALC is described in the Select Application License Charges Amendment to Attachment for IBM System z Usage Pricing Charges (Z125-7284-00 or later),

r. Full Capacity Pricing Terms:

Increases in EWLC charges for Programs, due to changes in the model placement for any Eligible Machine to which the Programs are licensed, will be in effect for a minimum period of one month.

s. Sub-Capacity Pricing Terms:

1. Sub-Capacity Charges:

- (a) Monthly charges are based on the number of MSUs reported in the Program’s Sub-Capacity Report for the specified Eligible Machine during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity or must equal Full Capacity. If Sub-Capacity pricing is not in effect, monthly charges are based on Full Capacity.

NOTE: Information on IBM’s billing process, including how to determine the applicable Reporting Period for a particular month’s charges, can be found on the Sub-Capacity Corner website at: <http://ibm.com/systems/z/swprice/subcap/terms.html> .

- (b) Eligible Operating System licenses are charged at Full Capacity MSUs until IBM has processed the initial Sub-Capacity Report for that Eligible Operating System on that Eligible Machine, enabling Sub-Capacity Pricing for that Operating System Family.
- (c) The initial monthly charge for a non-operating system license is based upon the applicable operating system MSUs.
- (d) Once Sub-Capacity Pricing has commenced for an Eligible Operating System on an Eligible Machine, if an EWLC Program does not appear in a Sub-Capacity Report subsequent to its initial monthly charge, the Program will be charged at the minimum EWLC MSUs.

NOTE: IBM specifies minimum EWLC MSUs in its programming announcements.

If the Government elects to have Sub-Capacity Pricing for an EWLC IBM Program on an Eligible Machine, then Government must have Sub-Capacity Pricing for all EWLC IBM Programs in that Operating System Family on that Eligible Machine.

- (e) EWLC features have the same MSUs as the Program.
- (f) When z/TPF is licensed to an Eligible Machine, the Sub-Capacity Reporting Tool calculates the number of MSUs for z/TPF Programs running on it. See the Amendment for Calculation of z/TPF MSUs (Z125-7283) for further details.

- (g) When z/OS or z/OS.e is licensed to an Eligible Machine, the Sub-Capacity Reporting Tool calculates the number of MSUs used across all the z/OS and z/OS.e LPARs in which each EWLC Program ran during the Reporting Period as follows:

If z/OS or z/OS.e is running in Native LPAR(s) ...	and z/OS or z/OS.e is running in Guest LPAR(s), at least one of which is at V1.6 or lower ...	and z/OS or z/OS.e is running in Guest LPAR(s), at least one of which is at V1.7 or higher ...	then, MSUs are calculated in LPAR(s) in which the EWLC IBM Program ran, as follows:
Yes	Yes	Yes	The highest combined
Yes	Yes	No	1. 4-hour rolling average utilization across all z/OS and z/OS.e Native LPARs, and
			2. The maximum capacity of all z/OS and z/OS.e Guest LPARs
Yes	No	Yes	The highest combined 4-hour rolling average utilization across all z/OS and z/OS.e Native LPARs and z/OS and z/OS.e Guest systems
Yes	No	No	
No	No	Yes	
No	Yes	Yes	The highest combined maximum capacity of all z/OS and z/OS.e Guest LPARs
No	Yes	No	

The Government may manage Native z/OS or z/OS.e LPAR utilization by specifying the LPAR defined capacity on the Hardware Management Console (“HMC”). However, this is not required to obtain Sub-Capacity pricing. If Government chooses to specify the defined capacity for a particular Native z/OS or z/OS.e LPAR, the Sub-Capacity Reporting Tool will use the lower of the specified capacity or the 4-hour rolling average in order to determine the number of MSUs associated with each EWLC Program

- (h) If an OS/390 or MVS operating system is licensed to the same Eligible Machine, then charges for the z/OS Operating System Family are based on Full Capacity.
- (i) The capping function in z/OS or z/OS.e is used to ensure the workload does not exceed the LPAR defined capacity Government specified on a 4-hour rolling average. To achieve this, the capping function may automatically reduce and limit computer resources to workloads running in that LPAR. By defining the LPAR capacity, Government authorizes the capping function to cap the computer’s resources as defined.

2. IBM’s Responsibilities:  
IBM will:

- (a) specify in the Exhibit a) the Eligible Machines, and b) the date and the process for transmitting Sub-Capacity Reports to IBM;
- (b) provide the Sub-Capacity Reporting Tool;
- (c) adjust EWLC in response to the changes the Government indicates on the Sub-Capacity Reports that the Government submits; and
- (d) register Eligible Machines when the Government submits the initial Sub-Capacity Reports.

3. Government's Responsibilities under Sub-Capacity Pricing:

The Government agrees to:

- (a) promptly install any enabling code for Programs or IBM System z Licensed Internal Code ("LIC") required for Sub-Capacity pricing;
- (b) collect, and retain for a period of not less than six months, the SMF and SCRT89 data records for all LPARs, by Eligible Machine, required by the Sub-Capacity Reporting Tool for each Reporting Period;
- (c) run the most current version of the Sub-Capacity Reporting Tool against the collected SMF and SCRT89 data to produce a Sub-Capacity Report. In addition, Government agrees to specify the LPAR name(s) in the Sub-Capacity Report where any IBM Programs run for which SMF or SCRT89 data is not created. If there have been special circumstances during the Reporting Period, the Government may also provide alternate values, as defined in the SCRT Users Guide (SG24-6522), for each Program, with an explanation for the variance;
- (d) send to IBM within the time specified in the Exhibit:
  - (i) the initial Sub-Capacity Report that is based on the data for the entire initial Reporting Period for each Eligible Machine that the Government wishes IBM to register for Sub-Capacity pricing; and
  - (ii) subsequent Sub-Capacity Reports that are based on the data for each entire Reporting Period thereafter, for each registered Eligible Machine.

Sub-Capacity Reports may not be used to order or discontinue licenses, move licenses between Eligible Machines, report Eligible Machine model upgrades, or enable or disable Program features. Both IBM and the Government agree that Sub-Capacity Reports that reflect a changed Product LPAR Utilization Capacity may result in billing increase or decrease. The Government agrees to pay such revised charges. The Government is responsible for monitoring funding allocated on their current Order or Contract and issuing Modifications whenever the result of increases and/or decreases in charges exceed such allocated funding. A Modification may also be required for line item changes, if required by the ordering agency.

The Government is responsible for paying invoices for all monthly software charges. Sub-Capacity Reports not submitted by the “not later than” date specified in the Appendix will result in Programs being charged on a Full Capacity basis for the Reporting Period;

- (e) configure Government’s Eligible Machine to send Transmit System Availability Data (“TSAD”) weekly to IBM via the Remote Support Facility (“RSF”). This enables IBM to verify that the Product LPAR Utilization Capacity MSUs in the Sub-Capacity Reports Government submits to IBM are consistent with Government’s actual Eligible Machine configuration. An alternate means for Government to collect and transmit this data is provided in the “z/OS Planning for Sub-Capacity Pricing” publication. Failure to submit TSAD may result in Programs being charged on a Full Capacity basis;
- (f) assign a person in Government’s organization with authority to discuss and promptly resolve any questions on Sub-Capacity Reports or inconsistencies between Sub-Capacity Report contents or current license entitlement, and configuration data reported via the RSF; and
- (g) notify IBM if Government elects to convert from Sub-Capacity pricing to EWLC at Full Capacity.

#### **GOTC Charges (Graduated One-Time Charges)**

- a. Programs for which Customer has paid GOTC may be moved to an Eligible Machine.
- b. Upgrade charges will apply if the Eligible Machine “Default Model Group” specified in the Exhibit or the Mainframe Exhibits section of the System z Software Contracts Web site is higher than the current GOTC entitlement. Refunds do not apply if the Eligible Machine Default Model Group is lower.
- c. Contact IBM for special pricing if the GOTC license is being moved to an Eligible Machine whose applicable default charge is based on MSUs rather than a specific Default Model Group.

#### **z/OS.e Charges:**

z/OS.e charges are based on the number of engines in the Logical Model in which z/OS.e runs or on EWLC charges.

#### **Additional License Terms for z/OS.e**

- a. Government may run z/OS.e only on Eligible Machines.
- b. Government must run z/OS.e in a Logical Partition (“LPAR”) that has “ZOSE” as the first four characters of the LPAR name.
- c. Government must execute z/OS.e in z/Architecture (64-bit) mode.

- d. Government must order and license z/OS.e for the number of engines in the Logical Model in which Customer will run z/OS.e, or alternatively, z/OS.e may be ordered with EWLC charges.
- e. Government may use only the levels of Language Environment (LE), JES2 and JES3 that are delivered with z/OS.e.
- f. Government may not run any of the following z/OS.e base elements, optional features, or functions:
  - 1. BookManager READ
  - 2. BookManager BUILD feature
  - 3. GDDM
  - 4. GDDM-PGF feature
  - 5. GDDM-REXX feature
  - 6. DCE Application Support
  - 7. LANRES
  - 8. Bulk Data Transfer (BDT) File-to-File feature
  - 9. Language Environment's use of Run-time Library Services (RTLS)
  - 10. Language Environment Routine Retention (LRR)
  - 11. Language Environment Compatibility Preinitialization for C and PL/I
  - 12. Encina Toolkit Executive
  - 13. MICR/OCR
  - 14. Communications Server Network Print Facility (NPF) feature
- g. Government may not run any of the following under z/OS.e:
  - 1. CICS, IMS, FORTRAN, or COBOL applications. However, Government may run precompiled COBOL DB2 stored procedures and other precompiled COBOL applications using the Language Environment preinitialization interface (CEEPIPI). Government may also use DB2, CICS, and IMS Connectors to access existing z/OS or OS/390 systems or an application server on Linux for zSeries. Hipersockets may be used as long as they access LPARs or IFLs on the same Eligible Machine.
  - 2. COBOL, FORTRAN, PL/I, or VisualAge PL/I compilers. However, Customer may execute precompiled PL/I and VisualAge PL/I applications.
  - 3. DB2 QMF Host feature, DB2 QMF HPO feature.
  - 4. Government may not have more than eight concurrent TSO users under z/OS.e.

5. Government may not run any operating system other than z/OS.e, z/VM V4, z/VM V5 and LINUX in the z/OS.e Logical Model. Such operating systems include, for example, z/OS, OS/390, MVS, VM (prior to z/VM V4), VSE, z/VSE, TPF, z/TPF, etc.
6. Government agrees to configure Government Eligible Machine to send Transmit System Availability Data (“TSAD”) to IBM weekly via the Remote Support Facility (“RSF”). This enables IBM to verify that Government z/OS.e license matches Customer’s actual Eligible Machine configuration. An alternate means for Government to collect and transmit this data is provided in the “Hardware Management Console Operations Guide” publication.

### **Programs that run on an IFL**

- h. Programs that run on an IFL engine may be licensed under the terms of the agreement provided with them.
- i. Charges for Programs that IBM has announced as eligible to run on IFL engines are based on the total number of IFL engines installed on the Eligible Machine.
- j. If a Program runs on the IFL engine(s) and on the engine(s) of one or both of the Logical Models, the charges are based on the total of the IFL engines and the engines in the Logical Models where the Program runs.

### **Compliance Verification**

For purposes of this section, "ICA Program Terms" means terms applicable to ICA Programs in Chapter 1 and Chapter 5 and applicable Transaction Documents and Attachments (including this one). See Compliance Terms in the Chapter.

This Attachment, Chapter 1 and Chapter 5, including applicable Attachments and Transaction Documents, are the complete agreement regarding (1) EWLC, TWLC, or zELC for Programs running on an Eligible Machine; and (2) z/OS.e, and replace all prior oral or written communications, representations, undertakings, warranties, promises, covenants, and commitments between Customer and IBM regarding (1) EWLC, TWLC, or zELC for Programs running on an Eligible Machine; and (2) z/OS.e. In entering into this Attachment, including any applicable Transaction Document, neither party is relying on any representation that is not specified in this Attachment, the Transaction Document, or the Agreement. Additional or different terms regarding this offering identified in a Government Delivery Order, unless provided in an IBM proposal or quote, are void.

### **5.17.9 ATTACHMENT SELECT APPLICATION LICENSE CHARGES FOR IBM SYSTEM zUSAGE PRICING CHARGES**

The terms of Select Application License Charges for IBM System z Usage Pricing Charges (“Amendment”) modifies and is made a part of the terms for IBM System z Usage Pricing Charges, and associated Appendices apply to Select Application License Charges (“SALC”) terms, except in the case of a conflict, in which case the terms stated herein prevail. In addition, terms in Appendix P also apply to Select Application License Charge software. Any Programs

licensed in accordance with the terms of this Amendment may be licensed only to a Designated Machine that properly implements 64-bit z/Architecture.

**1. SALC Eligible Programs and Measurements**

The following supersedes Appendix N for IBM System z Usage Pricing Charges Programs for which SALC is available are at listed at <http://www.ibm.com/zseries/library/swpriceinfo/> Click on “Usage Pricing Charges and Select Application License Charges”

1. SALC requires z/OS. In addition, Workload License Charges (“WLC”) or Entry Workload License Charges (“EWLC”) must be in effect on the same machine.
2. Usage Levels and ranges for SALC Programs:

Usage Level	Usage Range in MSUs (CPU SUs in millions)
Base 1	1.00
Level A	2.00 - 11.00
Level B	12.00 - 44.00
Level C	45.00 - 78.00
Level D	79.00+

Pricing for usage less than or equal to one MSU requires the Base 1 feature, while usage above one MSU requires the Base 1 feature plus the appropriate number of Level A, B, C and D features. For charging purposes, reported usage is rounded up to the nearest whole MSU.

**2. Transitioning from Usage Pricing**

The highest monthly usage, derived from the preceding Usage Pricing Charge billing period (including one month before that billing period and excluding the final month of the billing period), will be used to determine your monthly SALC charge when transitioning a Program under Usage Pricing to SALC charges.

**5.17.10 AMENDMENT IBM SYSTEM Z PROGRAMS SUB-CAPACITY PRICING**

These terms modify or are in addition to the IBM Program License Agreement (“IPLA”).

Subject to the terms of this Amendment for IBM System z Programs Sub-Capacity Pricing (“Amendment”), IBM enables the Government to obtain Sub-Capacity Pricing for certain System z Programs with one-time charge pricing (“Eligible Programs”). Eligible Programs are as generally announced by IBM, and each is specified at <http://ibm.com/systems/z/swprice/reference/exhibits/> . (click on “IPLA Execution-Based”, “IPLA Reference-Based”, or “IPLA z/OS-Based”). This Amendment supersedes any sub-capacity terms offered for Eligible Programs in their License Information or other agreements.

If there is a conflict between the terms of this Amendment and those of the Agreement or IPLA, those of this Amendment prevail.

The Government accepts the terms of this Amendment by issuing IBM a delivery order or contract.

## **Incorporated Terms**

### **1. Eligible Programs Running in a Workload License Charges (“WLC”) Environment**

The following sections of the Attachment for IBM System z Workload License Charge of the GSA IT Schedule, apply to the Eligible Programs as if they were Variable Workload License Charge (“VWLC”) Programs with Sub-Capacity Pricing, and are incorporated by reference into this Amendment with modifications as indicated:

Section 1 - Definitions:

Section 4 – Government’s (or “Your”) Responsibilities under Sub-Capacity Pricing with the following modification:

Subsection 4: *The phrase “Government authorizes (or “you authorize”) IBM to make any resulting billing increase or decrease” in the sentence that begins with “Both IBM and the Government agree that Sub-Capacity Reports...” is replaced by “Government authorizes (or “you authorize”) IBM, to make any resulting billing increase.”*

### **2. Eligible Programs Running in an Entry Workload License Charges (“EWLC”) Environment**

The following sections of the Attachment for EWLC, TWLC, zELC, and z/OS.e License Charges of the GSA IT Schedule, Z125-6587 (“EWLC Attachment”), apply to the Eligible Programs as if they were Entry Workload License Charge (“EWLC”) Programs with Sub-Capacity Pricing, and are incorporated by reference into this Amendment with modifications as indicated:

#### **Section 1 - Definitions**

Subsection 3.6(e) - **Sub-Capacity Pricing Terms** *with the following modification:*,

Item (iii)(4): *The sentence “Both IBM and the Government agree (or “You authorize”) IBM to make any resulting billing increase or decrease, and agree to pay such revised charges” is replaced by “Customer authorizes (or “You authorize”) IBM to make any resulting billing increase, and agree to pay such revised charges.”*

### **3. Eligible Programs Running in a System z New Application License Charges (“zNALC”) Environment**

The following sections of the Attachment for zNALC License Charges on IBM System z of this GSA Schedule, Z125-7454 (“zNALC Attachment”), apply to the Eligible Programs as if they were zNALC Programs with Sub-Capacity Pricing, and are incorporated by reference into this Amendment with modifications as indicated:

#### **Section 1 - Definitions**

**Subsection 6(f)** – Government Responsibilities under Sub-Capacity Pricing *with the following modification:*

*The phrase “Government authorizes IBM to make any resulting billing increase or decrease” is replaced by “Government authorizes IBM to make any resulting billing increase.”*

#### 4. Additional Definitions

**Environment** - Standalone machine or a machine in a parallel sysplex

**Execution-Based Terms** - Execution-Based licensing terms apply to Eligible Programs whose value is based on the Product LPAR Utilization Capacity of the execution (run-time) Environment. The capacity of an Eligible Program with Execution-Based terms must equal the Product LPAR Utilization Capacity of the LPAR(s) where it executes.

In addition, if a Program is qualified for “IBM Getting Started Sub-Capacity Pricing for z/OS IPLA Software,” then the MSUs reported by SCRT may be a fraction of the Product LPAR Utilization Capacity.

#### **Reference-Based Terms -**

a. Reference-Based licensing terms apply to Eligible Programs that add value to particular monthly license charge (MLC) Programs or, in selected cases, to particular one time charge (OTC) Programs. The capacity of an Eligible Program with Reference-Based terms must equal the Product LPAR Utilization Capacity of the applicable MLC or OTC Program. This MLC or OTC Program is called the “Parent Program.”

b. Eligible Programs with Reference-Based terms add value to the Parent Program across the Environment, regardless of where in the Environment the Parent Program(s) execute.

c. When an Eligible Program with Reference-Based terms is used in a qualified Parallel Sysplex (described in the WLC Attachment or zNALC Attachment), the capacity of the Eligible Program must be equal to the Product LPAR Utilization Capacity of the Parent Programs across the Parallel Sysplex.

d. Where there are multiple versions of the Parent Program licensed in the Environment, the IPLA charges will be based on the total Product LPAR Utilization Capacity of the Parent Programs, but capped at the Parent Programs’ z/OS Product LPAR Utilization Capacity.

**z/OS-Based Terms** - z/OS-Based licensing terms apply to Eligible Programs that provide value to the particular machine where the Program is used. The capacity of an Eligible Program with z/OS-Based Terms must equal the Product LPAR Utilization Capacity of z/OS on that machine.

#### 5. Qualifications

a. Customer must have executed the AWLC Attachment, the AEWLC Attachment, the WLC Attachment, the EWLC Attachment, or the zNALC Attachment, as applicable.

b. Government must agree to keep IBM informed of the type, model, and serial number of each machine on which each Eligible Program is executing. The scope of Governmentr’s tracking extends to all machines in your Agency or Department within your Agency, whether the Eligible Programs have Sub-Capacity or Full Capacity charges. If Government is unwilling or unable to fulfill Governmentr’s tracking responsibilities, IBM may terminate this contract upon 30 days written notice. In such event, Full Capacity terms would apply.

c. If Government has Eligible Programs with Execution-Based or z/OS-Based terms, Customer must have selected Sub-Capacity Pricing for AWLC, AEWLC, VWLC, EWLC, or zNALC, as appropriate, on the machine where the Eligible Program is being used, otherwise Full Capacity MSUs will apply.

- d. If Government has Eligible Programs with Reference-Based terms, Government must have selected Sub-Capacity Pricing for AWLC, AEWLC, VWLC, or EWLC, as appropriate, for the Parent Program(s). Full Capacity MSUs will apply for any machine(s) where the Parent Program is not in Sub-Capacity mode.
- e. z/OS or z/OS.e must run in z/Architecture (64-bit) mode.
- f. OS/390 and MVS may not be licensed to a machine with Sub-Capacity Pricing.
- g. For specific machine qualifications, see the Mainframe Exhibits section of the System z Software Contracts Web site (<http://ibm.com/systems/z/swprice/reference/exhibits/hardware.html>). See machines with “(A)” or “WLC” in the WLC column, “AEWLC” or “EWLC” in the Group column, or “zN” in the zNALC column.
- h. Monthly Sub-Capacity reports, generated by the Sub-Capacity Reporting Tool (“SCRT”), must be submitted to remain eligible for Sub-Capacity pricing. SCRT terms are described in the AWLC, AEWLC, WLC, EWLC, and zNALC Attachments.
- i. Sub-Capacity terms may not be transferred to third parties. Sub-capacity terms may not be transferred to other Government agencies, without the consent of IBM.
- j. When any of the terms or conditions are not met, then the Eligible Program no longer qualifies for Sub-Capacity pricing. Upon notification by IBM, the Government will issue IBM an order for full capacity charges, including Subscription and Support, if applicable.

## 6. Resellers

When the Government orders Eligible Programs under Sub-Capacity terms from a reseller, IBM is not responsible for 1) the actions of the reseller, 2) any additional obligations the reseller may have to the Government, 3) any products or services that the reseller may supply to the Government under their agreements. When the Government obtains Eligible Programs or S&S from a reseller, the Government’s reseller sets the charges. IBM, however, sets the charges and payment terms for increases in charges effected by the Government’s SCRT Report submissions.

## 7. Charges

a. One-time charges are based on the number of MSUs reported in the SCRT Report during a Reporting Period. This value corresponds to the Product LPAR Utilization Capacity of the Eligible Programs with Execution-Based or z/OS-Based terms or the Parent Program, as applicable. If Sub-Capacity Pricing is not in effect, one-time charges are based on Full Capacity MSUs or Full Logical Model Capacity, as appropriate.

**NOTE:** Information on IBM’s billing process, including how to determine the applicable Reporting Period for a particular month’s charges, can be found on the Sub-Capacity Corner website at <http://ibm.com/systems/z/swprice/subcap/terms.html>.

**NOTE:** If Customer is required to order additional capacity for an Eligible Program, the S&S capacity for that Eligible Program will also be increased.

b. The number of MSUs associated with an LPAR is equivalent to the highest observed rolling 4-hour average utilization in a Reporting Period. Customer may manage LPAR utilization by

explicitly specifying the defined capacity of the LPAR(s) on the Hardware Management Console (“HMC”). This, however, is not required to obtain Sub-Capacity Pricing benefits.

c. If Customer chooses to specify the defined capacity of the LPAR(s), the SCRT will use the lower of the defined capacity or the 4-hour rolling average utilization in order to determine the Product LPAR Utilization Capacity for each Program.

d. The capping function in the Eligible Operating System is used to ensure the workload does not exceed the LPAR defined capacity Customer has specified. To achieve this, the capping function may automatically reduce and limit computer resources to workloads running in that LPAR. By defining the LPAR capacity, Customer authorizes the capping function to cap the computer’s resources as defined.

e. If Sub-Capacity Pricing is not in effect, aggregated charges are based on Full Capacity MSUs or Full Logical Model Capacity, as appropriate.

IBM does not give credits or refunds for charges already due or paid if the applicable Product LPAR Utilization Capacity falls below the then current authorized entitlement.

## 8. IBM’s Responsibilities

a. IBM will provide the following on the SCRT website

(<http://ibm.com/systems/z/swprice/subcap/scrt/>):

1. the SCRT, which is at no charge (**NOTE:** Written notification of updates will be sent by email.)
2. the process for transmitting SCRT Reports and Notification of Changes to IBM

b. IBM will calculate the applicable MSUs for Eligible Programs with Reference-Based or z/OS-Based terms by using the MSUs of the Parent Program(s) or z/OS, as applicable, from the SCRT Report(s).

## 9. Compliance Verification

For purposes of this section, "IPLA Program Terms" means the IPLA and applicable Amendments (including this one) and transaction documents. Compliance terms are as stated elsewhere in this Chapter.

Both of us agree that the complete agreement between us concerning Sub-Capacity Pricing for System z Programs with one-time charge pricing consists of this Amendment including applicable transaction documents, and the IPLA, applicable replaces any prior oral or written communications between us. Additional or different terms regarding this offering identified in a Government Delivery Order, unless provided in an IBM proposal or quote, are void.

### 5.17.11 ADDENDUM FOR INTEGRATED WORKLOAD PRICING TO ATTACHMENT FOR AWLC

The terms of this Addendum for Integrated Workload Pricing for AEWLC(Addendum) is in addition to (a) each of the following that are in effect between IBM and the Government: (i) the Attachment for IBM System z Advanced Workload License Charges above or the current commercial agreement (“Z125-8538) and the terms of this Chapter 5 and Chapter 1. The terms

of this Addendum in addition to those of the Attachment govern the Government's entitlement to the Integrated Workload Pricing ("IWP") adjustment to Program charges.

## 1. Definitions

**Standard Sub-Capacity Value** — the number of MSUs equivalent to the Product LPAR Utilization Capacity reported by SCRT for the Program when IWP does not apply to that Program for the specified Eligible Machine during a Reporting Period.

**IWP Adjusted Program** — a Program (1) eligible for a reduction to the Standard Sub-Capacity Value and (2) specified at <http://ibm.com/systems/z/swprice/reference/exhibits/iwp.html>

**IWP Defining Program** — a Program (1) whose processing time SCRT uses to reduce the Standard Sub-Capacity Value of an IWP Adjusted Program and (2) that IBM specifies at <http://ibm.com/systems/z/swprice/reference/exhibits/iwp.html>

**Hourly LPAR Utilization Value** — the number of MSUs a logical partition ("LPAR") uses in an hour, based on a four-hour rolling average utilization.

**Hourly Program Utilization Value** — the number of MSUs a Program in an LPAR uses in an hour, based on a four-hour rolling average utilization.

**Hourly Adjusted LPAR Value** — the number of MSUs by which the Hourly Program Utilization Value for an IWP Defining Program has reduced the Hourly LPAR Utilization Value for an IWP Adjusted Program.

**Hourly Adjusted Sub-Capacity Value** — the sum of all the concurrent Hourly Adjusted LPAR Values for all copies of a Program running on the same Eligible Machine.

**IWP Adjustment Charge**— the charge for an IWP Adjusted Program determined by the number of MSUs reported by SCRT for that Program for the specified Eligible Machine during a Reporting Period. This value is equal to the highest Hourly Adjusted Sub-Capacity Value for each IWP Adjusted program for that Reporting Period.

## Government Responsibilities

Government shall

- a. be at SCRT version 19.2.0 or higher;
- b. apply z/OS APAR OA31615;
- c. promptly install any future required z/OS service or required product specific service for IWP and implement any IBM directed technical measures to maintain Integrated Workload Pricing;
- d. use the SCRT control statement documented in the SCRT User Guide in order to enable support for Integrated Workload Pricing;
- e. ensure that all z/OS guest systems running under z/VM are at z/OS V1.10, or higher. z/VM must be at either
  1. z/VM V5.4 with APAR VM64798 (or higher) or
  2. z/VM V6.1 with APAR VM64879 (or higher);

**Note:** If the z/OS system is a guest system running under z/VM, each z/OS guest system is treated as its own LPAR when applying any sub-capacity adjustments for IWP.

- f. not cause directly or indirectly any software to have the attributes of an IWP Defining Program unless IBM has designated that software as a IWP Defining Program;
- g. not cause directly or indirectly any IBM Program to be treated as an IWP Adjusted Program unless it has been designated by IBM as an IWP Adjusted Program;
- h. not submit Sub-Capacity Reports that provide the IWP Adjustment attributable to software that has been withdrawn as an IWP Defining Program upon notice by IBM; and
- i. IBM will invoice for any additional charges and other liabilities the Government becomes obligated to pay arising out of Government's submission of altered reporting of the IWP Adjustment or failure to otherwise comply with Integrated Workload Pricing Terms. Government's liability for any such charges attaches at the moment that the Government submitted the altered report or otherwise failed to comply.

### **IBM Responsibilities**

IBM shall

- a. subject to Government's compliance with this Addendum, apply the IWP Adjustment Charge to IWP Adjusted Programs as calculated by SCRT and in accordance with this Addendum and the Attachment; and
- b. maintain a listing of IWP Adjusted Programs and IWP Defining Programs on an IBM Web site.

### **IBM Rights**

IBM may

- a. remove and or modify IWP Adjusted Programs and IWP Defining Programs at its discretion and such changes become effective immediately and apply to the next billing period. IBM will notify the Government should such change occur; and
- b. reject Sub-Capacity Reports that reflect data generated by or concerning ineligible or withdrawn IWP Adjusted Programs or IWP Defining Programs.

### **Termination**

The Government may terminate this offering upon three months' written notice.

This Addendum, each Applicable Attachment and the GSA Terms are the complete agreement regarding Integrated Workload Pricing for IBM System z Advanced Entry Workload License Charges. Additional or different terms regarding this offering identified in a Government Delivery Order, unless provided in an IBM proposal or quote, are void. All IBM Programs utilizing Integration Workload Pricing for IBM System z Advanced Entry Workload License Charges ordered under this Addendum are subject to it.

**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF  
CLOUD COMPUTING SERVICES  
(SPECIAL ITEM NUMBER 132 40)**

**\*\*\*\*NOTE: If offering related IT Professional Services over and above initial onboarding and training, reference SIN 132-51, per Guidance to Ordering Activities on Professional services below.**

**\*\*\*\*NOTE: This new SIN presents a clear way for Contractors to provide cloud computing services according to NIST definitions and principles within the scope of today's technology and standards with a secondary goal of accommodating ongoing technical advances in cloud computing.**

## **TERMS AND CONDITIONS**

Note: These terms are in addition to those described in Appendix T, IBM Cloud Services Agreement For IBM Federal Data Centers. During the contract period, International Business Machines Corporation (IBM) and the Government agree that these terms and conditions will apply to any order for IBM Cloud Services.

The term "Government" shall mean all Federal agencies (as defined in Paragraph (b) of 40 USC 472) the Senate, the House of Representatives, the Architect of the Capitol, and the Government of the District of Columbia, all of which are hereinafter referred to as the Government. The services under this Special Item will be available to the Government within the United States, the District of Columbia and Puerto Rico. Such sales will be made to the Government within the United States, the District of Columbia and Puerto Rico. On a case-by-case basis IBM will perform Services to overseas U.S. Government locations which are in support of national defense operations (including U.S. Embassies), and to locations which support the national interest of the United States.

### **1. SCOPE**

The prices, terms and conditions stated under Special Item Number (SIN) 132-40 Cloud Computing Services apply exclusively to Cloud Computing Services within the scope of this Information Technology Schedule.

This SIN provides ordering activities with access to technical services that run in cloud environments and meet the NIST Definition of Cloud Computing Essential Characteristics. Services relating to or impinging on cloud that do not meet all NIST essential characteristics should be listed in other SINs.

The scope of this SIN is limited to cloud capabilities provided entirely as a service. Hardware, software and other artifacts supporting the physical construction of a private or other cloud are out of scope for this SIN. Currently, an Ordering Activity can procure the hardware and software needed to build on premise cloud functionality, through combining different services on other IT Schedule 70 SINs (e.g. 132-51).

Sub-categories in scope for this SIN are the three NIST Service Models: Software as a Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Offerors may optionally select a single sub-category that best fits a proposed cloud service offering. Only one sub-category may be selected per each proposed cloud service offering. Offerors may elect to submit multiple cloud service offerings, each with its own single sub-category. The selection of one of three sub-categories does not prevent Offerors from competing for orders under the other two sub-categories.

See service model guidance for advice on sub-category selection.

Sub-category selection within this SIN is optional for any individual cloud service offering, and new cloud computing technologies that do not align with the aforementioned three sub-categories may be included without a sub-category selection so long as they comply with the essential characteristics of cloud computing as outlined by NIST.

See Table 1 for a representation of the scope and sub-categories.

---

## Table 1: Cloud Computing Services SIN:

IBM's offering under this SIN includes Software as a Service and Infrastructure as a Service.

**IBM's Cloud for Government IaaS offering is provided to government customers as a subscription service. It provides the capability for a Client to provision processing, storage, networks, and other fundamental computing resources upon which a Client can run an array of software, including operating systems and applications. IBM's Cloud for Government has specific data centers for government customers that meets FISMA and FedRamp requirements.**

- Commercially available cloud computing services
  - Meets the National Institute for Standards and Technology (NIST) definition of Cloud Computing essential characteristics
  - Open to all deployment models (private, public, community or hybrid), vendors specify deployment models
1. **Software as a Service (SaaS):** Consumer uses provider's applications on cloud infrastructure. Does not manage/control platform or infrastructure. Limited application level configuration may be available.
  2. **Platform as a Service (PaaS):** Consumer deploys applications onto cloud platform service using provider-supplied tools. Has control over deployed applications and some limited platform configuration but does not manage the platform or infrastructure.
  3. **Infrastructure as a Service (IaaS):** Consumer provisions computing resources. Has control over OS, storage, platform, deployed applications and some limited infrastructure configuration, but does not manage the infrastructure.

### 3. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character.

#### a. Acceptance Testing

Any required Acceptance Test Plans and Procedures shall be negotiated by the Ordering Activity at task order level. The Contractor shall perform acceptance testing of the systems for Ordering Activity based on mutually agreed to and approved test procedures.

#### b. Training

Training, if requested shall be performed under SIN 132-51, Services.

#### c. Information Assurance/Security Requirements

IBM's information assurance/security requirements are in accordance with the IBM Cloud services terms outlined herein and within Appendix T.

#### d. Related Professional Services

The Contractor is responsible for working with the Ordering Activity to identify related professional

services and any other services available on other SINs that may be associated with deploying a complete cloud solution. Any additional substantial and ongoing professional services related to the offering such as integration, migration, and other cloud professional services are out of scope for this SIN and available under SIN 132-51.

#### **e. Performance of Cloud Computing Services**

The Contractor shall respond to Ordering Activity requirements at the Task Order level. Responses will be based on requirements outlined in the Request for Proposal. Contractors may include proposed capabilities to Ordering Activity performance specifications or indicate that only standard specifications are offered. In all cases the Contractor shall clearly indicate standard service levels, performance and scale capabilities.

The Contractor shall provide appropriate cloud computing services on the date and to the extent and scope agreed to by the Contractor and the Ordering Activity.

#### **f. Reporting**

The Contractor shall respond to Ordering Activity requirements and specify general reporting capabilities available for the Ordering Activity to verify performance, cost and availability.

In accordance with commercial practices, the Contractor may furnish the Ordering Activity/user with a monthly summary Ordering Activity report.

### **4. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

The Ordering Activity is responsible for indicating the cloud computing services requirements unique to the Ordering Activity. Additional requirements should not contradict existing SIN or IT Schedule 70 Terms and Conditions. Ordering Activities should include (as applicable) Terms & Conditions to address Pricing, Security, Data Ownership, Geographic Restrictions, Privacy, SLAs, etc.

Cloud services typically operate under a shared responsibility model, with some responsibilities assigned to the Cloud Service Provider (CSP), some assigned to the Ordering Activity, and others shared between the two. The distribution of responsibilities will vary between providers and across service models. Ordering activities should engage with CSPs to fully understand and evaluate the shared responsibility model proposed. Federal Risk and Authorization Management Program (FedRAMP) documentation will be helpful regarding the security aspects of shared responsibilities, but operational aspects may require additional discussion with the provider.

#### **a. Ordering Activity Information Assurance/Security Requirements Guidance**

- i. The Ordering Activity is responsible for ensuring to the maximum extent practicable that each requirement issued is in compliance with the Federal Information Security Management Act (FISMA) as applicable.
- ii. The Ordering Activity shall assign a required impact level for confidentiality, integrity and availability (CIA) prior to issuing the initial statement of work.<sup>2</sup> The Contractor must be capable of meeting at least the minimum security requirements assigned against a low-impact information system in each CIA assessment area (per FIPS 200) and must detail the FISMA capabilities of the system in each of CIA assessment area.
- iii. Agency level FISMA certification, accreditation, and evaluation activities are the responsibility of the Ordering Activity. The Ordering Activity reserves the right to independently evaluate, audit, and verify the FISMA compliance for any proposed or awarded Cloud Computing Services.

---

<sup>2</sup> Per Federal Information Processing Standards Publication 199 & 200 (FIPS 199, "Standards for Security Categorization of Federal

*Information and Information Systems”) (FIPS 200, “Minimum Security Requirements for Federal Information and Information Systems”)*

- 
- iv. The Ordering Activity has final responsibility for assessing the FedRAMP status of the service, complying with and making a risk-based decision to grant an Authorization to Operate (ATO) for the cloud computing service, and continuous monitoring. A memorandum issued by the Office of Management and Budget (OMB) on Dec 8, 2011 outlines the responsibilities of Executive departments and agencies in the context of FedRAMP compliance.<sup>3</sup>
  - v. Ordering activities are responsible for determining any additional information assurance and security related requirements based on the nature of the application and relevant mandates.

#### **b. Deployment Model**

If a particular deployment model (Private, Public, Community, or Hybrid) is desired, Ordering Activities are responsible for identifying the desired model(s). Alternately, Ordering Activities could identify requirements and assess Contractor responses to determine the most appropriate deployment model(s).

#### **c. Delivery Schedule**

The Ordering Activity shall specify the delivery schedule as part of the initial requirement. The Delivery Schedule options are found in *Information for Ordering Activities Applicable to All Special Item Numbers*.

#### **d. Interoperability**

Ordering Activities are responsible for identifying interoperability requirements. Ordering Activities should clearly delineate requirements for API implementation and standards conformance.

#### **e. Performance of Cloud Computing Services**

The Ordering Activity should clearly indicate any custom minimum service levels, performance and scale requirements as part of the initial requirement.

#### **f. Reporting**

The Ordering Activity should clearly indicate any cost, performance or availability reporting as part of the initial requirement.

#### **g. Privacy**

The Ordering Activity should specify the privacy characteristics of their service and engage with the Contractor to determine if the cloud service is capable of meeting Ordering Activity requirements. For example, a requirement could be requiring assurance that the service is capable of safeguarding Personally Identifiable Information (PII), in accordance with NIST SP 800-122<sup>4</sup> and OMB memos M-06-16<sup>5</sup> and M-

07-16<sup>6</sup> An Ordering Activity will determine what data elements constitute PII according to OMB Policy, NIST Guidance and Ordering Activity policy.

#### **h. Accessibility**

The Ordering Activity should specify the accessibility characteristics of their service and engage with the Contractor to determine the cloud service is capable of meeting Ordering Activity requirements. For example, a requirement could require assurance that the service is capable of providing accessibility based on Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d).

#### **i. Geographic Requirements**

Ordering activities are responsible for specifying any geographic requirements and engaging with the Contractor to determine that the cloud services offered have the capabilities to meet geographic requirements for all anticipated task orders. Common geographic concerns could include whether service data, processes and related artifacts can be confined on request to the United States and its territories, or the continental United States (CONUS).

#### **j. Data Ownership and Retrieval and Intellectual Property**

Intellectual property rights are not typically transferred in a cloud model. In general, CSPs retain ownership of the Intellectual Property (IP) underlying their services and the customer retains ownership of its intellectual property. The CSP gives the customer a license to use the cloud services for the duration of the contract without transferring rights. The government retains ownership of the IP and data they bring to the customized use of the service as spelled out in the FAR and related materials.

General considerations of data ownership and retrieval are covered under the terms of Schedule 70 and the FAR and other laws, ordinances, and regulations (Federal, State, City, or otherwise). Because of considerations arising from cloud shared responsibility models, ordering activities should engage with the Contractor to develop more cloud-specific understandings of the boundaries between data owned by the government and that owned by the cloud service provider, and the specific terms of data retrieval.

In all cases, the Ordering Activity should enter into an agreement with a clear and enforceable understanding of the boundaries between government and cloud service provider data, and the form, format and mode of delivery for each kind of data belonging to the government.

The Ordering Activity should expect that the Contractor shall transfer data to the government at the government's request at any time, and in all cases when the service or order is terminated for any reason, by means, in formats and within a scope clearly understood at the initiation of the service. Example cases that might require clarification include status and mode of delivery for:

- Configuration information created by the government and affecting the government's use of the cloud provider's service.
- Virtual machine configurations created by the government but operating on the cloud provider's service.

- 
- Profile, configuration and other metadata used to configure SaaS application services or PaaS platform services.

The key is to determine in advance the ownership of classes of data and the means by which Government owned data can be returned to the Government.

#### **k. Service Location Distribution**

The Ordering Activity should determine requirements for continuity of operations and performance and engage with the Contractor to ensure that cloud services have adequate service location distribution to meet anticipated requirements. Typical concerns include ensuring that:

- Physical locations underlying the cloud are numerous enough to provide continuity of operations and geographically separate enough to avoid an anticipated single point of failure within the scope of anticipated emergency events.
- Service endpoints for the cloud are able to meet anticipated performance requirements in terms of geographic proximity to service requestors.

Note that cloud providers may address concerns in the form of minimum distance between service locations, general regions where service locations are available, etc.

#### **l. Related Professional Services**

Ordering activities should engage with Contractors to discuss the availability of limited assistance with initial setup, training and access to the services that may be available through this SIN.

Any additional substantial and ongoing professional services related to the offering such as integration, migration, and other cloud professional services are out of scope for this SIN. Ordering activities should consult the appropriate GSA professional services schedule.

## **5. GUIDANCE FOR CONTRACTORS**

This section offers guidance for interpreting the Contractor Description Requirements in Table 2, including the NIST essential cloud characteristics, service models and deployment models. This section is not a list of requirements.

Contractor-specific definitions of cloud computing characteristics and models or significant variances from the NIST essential characteristics or models are discouraged and will **not** be considered in the scope of this SIN or accepted in response to Factors for Evaluation. The only applicable cloud characteristics, service model/subcategories and deployment models for this SIN will be drawn from the NIST 800-145 special publication. Services qualifying for listing as cloud computing services under this SIN must substantially satisfy the essential characteristics of cloud computing as documented in the NIST Definition of Cloud Computing SP 800-145<sup>7</sup>.

Contractors must select deployment models corresponding to each way the service can be deployed. Multiple deployment model designations for a single cloud service are permitted but at least one deployment model must be selected.

---

<sup>7</sup> <http://csrc.nist.gov/publications/nistpubs/800-145/SP800-145.pdf>

In addition, contractors submitting services for listing under this SIN are encouraged to select a sub-category for each service proposed under this SIN with respect to a single principal NIST cloud service model that most aptly characterizes the service. Service model categorization is optional.

Both service and deployment model designations must accord with NIST definitions. Guidance is offered in this document on making the most appropriate selection.

**a. NIST Essential Characteristics**

**General Guidance**

NIST’s essential cloud characteristics provide a consistent metric for whether a service is eligible for inclusion in this SIN. It is understood that due to legislative, funding and other constraints that government entities cannot always leverage a cloud service to the extent that all NIST essential characteristics are commercially available. For the purposes of the Cloud SIN, meeting the NIST essential characteristics is determined by whether each essential capability of the commercial service is available for the service, whether or not the Ordering Activity actually requests or implements the capability. The guidance in Table 3 offers examples of how services might or might not be included based on the essential characteristics, and how the Contractor should interpret the characteristics in light of current government contracting processes.

**Table 3: Guidance on Meeting NIST Essential Characteristics**

Characteristic	Capability	Guidance
On-demand self-service	<ul style="list-style-type: none"> <li>• Ordering activities can directly provision services without requiring Contractor intervention.</li> <li>• This characteristic is typically implemented via a service console or programming interface for provisioning</li> </ul>	<p>Government procurement guidance varies on how to implement on-demand provisioning at this time. Ordering activities may approach on-demand in a variety of ways, including “not-to-exceed” limits, or imposing monthly or annual payments on what are essentially on demand services.</p> <p>Services under this SIN must be capable of true on-demand self-service, and ordering activities and Contractors must negotiate how they implement on demand capabilities in practice at the task order level:</p> <ul style="list-style-type: none"> <li>• Ordering activities must specify their procurement approach and requirements for on-demand service</li> <li>• Contractors must propose how they intend to meet the approach</li> <li>• Contractors must certify that on-demand self-service is technically available for their service should procurement guidance become available.</li> </ul>
Broad Network	Ordering activities	Broad network access must be available without

Characteristic	Capability	Guidance
Access	<p>are able to access services over standard agency networks</p> <ul style="list-style-type: none"> <li>• Service can be accessed and consumed using standard devices such as browsers, tablets and mobile phones</li> </ul>	<p>significant qualification and in relation to the deployment model and security domain of the service</p> <ul style="list-style-type: none"> <li>• Contractors must specify any ancillary activities, services or equipment required to access cloud services or integrate cloud with other cloud or non-cloud networks and services. For example a private cloud might require an Ordering Activity to purchase or provide a dedicated router, etc. which is acceptable but should be indicated by the Contractor.</li> </ul>
Resource Pooling	<ul style="list-style-type: none"> <li>• Pooling distinguishes cloud services from offsite hosting.</li> <li>• Ordering activities draw resources from a common pool maintained by the Contractor</li> <li>• Resources may have general characteristics such as regional location</li> </ul>	<ul style="list-style-type: none"> <li>• The cloud service must draw from a pool of resources and provide an automated means for the Ordering Activity to dynamically allocate them.</li> <li>• Manual allocation, e.g. manual operations at a physical server farm where Contractor staff configure servers in response to Ordering Activity requests, does not meet this requirement</li> <li>• Similar concerns apply to software and platform models; automated provisioning from a pool is required</li> <li>• Ordering activities may request dedicated physical hardware, software or platform resources to access a private cloud deployment service. However the provisioned cloud resources must be drawn from a common pool and automatically allocated on request.</li> </ul>
Rapid Elasticity	<p>Rapid provisioning and de-provisioning commensurate with demand</p>	<ul style="list-style-type: none"> <li>• Rapid elasticity is a specific demand-driven case of self-service</li> <li>• Procurement guidance for on-demand self-service applies to rapid elasticity as well, i.e. rapid elasticity must be technically available but ordering activities and Contractors may mutually negotiate other contractual arrangements for procurement and payment.</li> <li>• ‘Rapid’ should be understood as measured in minutes and hours, not days or weeks.</li> <li>• Elastic capabilities by manual request, e.g. via a console operation or programming interface call, are required.</li> </ul>

Characteristic	Capability	Guidance
----------------	------------	----------

- Automated elasticity which is driven dynamically by system load, etc. is optional. Contractors must specify whether automated demand-driven elasticity is available and the general mechanisms that drive the capability.

Measured Service

- Measured service should be understood as a reporting requirement that enables an Ordering Activity to control their use in cooperation with self service

- Procurement guidance for on-demand self-service applies to measured service as well, i.e. rapid elasticity must be technically available but ordering activities and Contractors may mutually designate other contractual arrangements.
- Regardless of specific contractual arrangements, reporting must indicate actual usage, be continuously available to the Ordering Activity, and provide meaningful metrics appropriate to the service measured
- Contractors must specify that measured service is available and the general sort of metrics and mechanisms available

### Inheriting Essential Characteristics

Cloud services may depend on other cloud services, and cloud service models such as PaaS and SaaS are able to inherit essential characteristics from other cloud services that support them. For example a PaaS platform service can inherit the broad network access made available by the IaaS service it runs on, and in such a situation would be fully compliant with the broad network access essential characteristic. Services inheriting essential characteristics must make the inherited characteristic fully available at their level of delivery to claim the relevant characteristic by inheritance.

Inheriting characteristics does not require the inheriting provider to directly bundle or integrate the inherited service, but it does require a reasonable measure of support and identification. For example, the Ordering Activity may acquire an IaaS service from “Provider A” and a PaaS service from “Provider B”. The PaaS service may inherit broad network access from “Provider A” but must identify and support the inherited service as an acceptable IaaS provider.

### Assessing Broad Network Access

Typically broad network access for public deployment models implies high bandwidth access from the public internet for authorized users. In a private cloud deployment internet access might be considered broad access, as might be access through a dedicated shared high bandwidth network connection from the Ordering Activity, in accord with the private nature of the deployment model.

### Resource Pooling and Private Cloud

---

All cloud resource pools are finite, and only give the appearance of infinite resources when sufficiently large, as is sometimes the case with a public cloud. The resource pool supporting a private cloud is typically smaller with more visible limits. A finite pool of resources purchased as a private cloud service qualifies as resource pooling so long as the resources within the pool can be dynamically allocated to the ultimate users of the resource, even though the pool itself appears finite to the Ordering Activity that procures access to the pool as a source of dynamic service allocation.

#### **b. NIST Service Model**

The Contractor may optionally document the service model of cloud computing (e.g. IaaS, PaaS, SaaS, or a combination thereof, that most closely describes their offering, using the definitions in The NIST Definition of Cloud Computing SP 800-145. The following guidance is offered for the proper selection of service models.

NIST's service models provide this SIN with a set of consistent sub-categories to assist ordering activities in locating and comparing services of interest. Service model is primarily concerned with the nature of the service offered and the staff and activities most likely to interact with the service. Contractors should select a single service model most closely corresponding to their proposed service based on the guidance below. It is understood that cloud services can technically incorporate multiple service models and the intent is to provide the single best categorization of the service.

Contractors should take care to select the NIST service model most closely corresponding to each service offered. Contractors should not invent, proliferate or select multiple cloud service model sub-categories to distinguish their offerings, because ad-hoc categorization prevents consumers from comparing similar offerings. Instead vendors should make full use of the existing NIST categories to the fullest extent possible.

For example, in this SIN an offering commercially marketed by a Contractor as "Storage as a Service" would be properly characterized as Infrastructure as a Service (IaaS), storage being a subset of infrastructure. Services commercially marketed as "LAMP as a Service" or "Database as a Service" would be properly characterized under this SIN as Platform as a Service (PaaS), as they deliver two kinds of platform services. Services commercially marketed as "Travel Facilitation as a Service" or "Email as a Service" would be properly characterized as species of Software as a Service (SaaS) for this SIN. However, Contractors can and should include appropriate descriptions (include commercial marketing terms) of the service in the full descriptions of the service's capabilities.

When choosing between equally plausible service model sub-categories, Contractors should consider several factors:

- 1) **Visibility to the Ordering Activity.** Service model sub-categories in this SIN exist to help Ordering Activities match their requirements with service characteristics. Contractors should select the most intuitive and appropriate service model from the point of view of an Ordering Activity.
- 2) **Primary Focus of the Service.** Services may offer a mix of capabilities that span service models in the strict technical sense. For example, a service may offer both IaaS capabilities for processing and storage, along with some PaaS capabilities for application deployment, or SaaS capabilities for specific applications. In a service mix situation the Contractor should select the service model that is their primary focus. Alternatively contractors may choose to submit multiple service offerings for the SIN, each optionally and separately subcategorized.

- 3) **Ordering Activity Role.** Contractors should consider the operational role of the Ordering Activity’s primary actual consumer or operator of the service. For example services most often consumed by system managers are likely to fit best as IaaS; services most often consumed by application deployers or developers as PaaS, and services most often consumed by business users as SaaS.
- 4) **Lowest Level of Configurability.** Contractors can consider IaaS, PaaS and SaaS as an ascending hierarchy of complexity, and select the model with the lowest level of available Ordering Activity interaction. As an example, virtual machines are an IaaS service often bundled with a range of operating systems, which are PaaS services. The Ordering Activity usually has access to configure the lower level IaaS service, and the overall service should be considered IaaS. In cases where the Ordering Activity cannot configure the speed, memory, network configuration, or any other aspect of the IaaS component, consider categorizing as a PaaS service.

Cloud management and cloud broker services should be categorized based on their own characteristics and not those of the other cloud services that are their targets. Management and broker services typically fit the SaaS service model, regardless of whether the services they manage are SaaS, PaaS or IaaS. Use Table 3 to determine which service model is appropriate for the cloud management or cloud broker services, or, alternately choose not to select a service model for the service.

The guidance in Table 3 offers examples of how services might be properly mapped to NIST service models and how a Contractor should interpret the service model sub-categories.

**Table 3: Guidance on Mapping to NIST Service Models**

Service Model	Guidance
Infrastructure as a Service (IaaS)	Select an IaaS model for service based equivalents of hardware appliances such as virtual machines, storage devices, routers and other physical devices. <ul style="list-style-type: none"> <li>• IaaS services are typically consumed by system or device managers who would configure physical hardware in a non-cloud setting</li> <li>• The principal customer interaction with an IaaS service is provisioning then configuration, equivalent to procuring and then configuring a physical device.</li> </ul>

Examples of IaaS services include virtual machines, object storage, disk block storage, network routers and firewalls, software defined networks.

Gray areas include services that emulate or act as dedicated appliances and are directly used by applications, such as search appliances, security appliances, etc. To the extent that these services or their emulated devices provide direct capability to an application they might be better classified as Platform services (PaaS). To the extent that they resemble raw hardware and are consumed by other platform services they are better classified as IaaS.

Platform as a	Select a PaaS model for service based equivalents of complete or partial software

## Guidance

### Service (PaaS)

platforms. For the purposes of this classification, consider a platform as a set of software services capable of deploying all or part of an application.

- A complete platform can deploy an entire application. Complete platforms can be proprietary or open source
- Partial platforms can deploy a component of an application which combined with other components make up the entire deployment
- PaaS services are typically consumed by application deployment staff whose responsibility is to take a completed agency application and cause it to run on the designated complete or partial platform service
- The principal customer interaction with a PaaS service is deployment, equivalent to deploying an application or portion of an application on a software platform service.
- A limited range of configuration options for the platform service may be available.

Examples of complete PaaS services include:

- A Linux/Apache/MySQL/PHP (LAMP) platform ready to deploy a customer PHP application,
- a Windows .Net platform ready to deploy a .Net application,
- A custom complete platform ready to develop and deploy an customer application in a proprietary language
- A multiple capability platform ready to deploy an arbitrary customer application on a range of underlying software services.

The essential characteristic of a complete PaaS is defined by the customer's ability to deploy a complete custom application directly on the platform.

PaaS includes partial services as well as complete platform services. Illustrative examples of individual platform enablers or components include:

- A database service ready to deploy a customer's tables, views and procedures,
- A queuing service ready to deploy a customer's message definitions
- A security service ready to deploy a customer's constraints and target applications for continuous monitoring

The essential characteristic of an individual PaaS component is the customer's ability to deploy their unique structures and/or data onto the component for a partial platform function.

Note that both the partial and complete PaaS examples all have two things in

Service Model Guidance

common:

- They are software services, which offer significant core functionality out of the box
- They must be configured with customer data and structures to deliver results

As noted in IaaS, operating systems represent a grey area in that OS is definitely a platform service, but is typically bundled with IaaS infrastructure. If your service provides an OS but allows for interaction with infrastructure, please sub-categorize it as IaaS. If your service “hides” underlying infrastructure, consider it as PaaS.

Software as a Service (SaaS)      Select a SaaS model for service based equivalents of software applications.  
SaaS services are typically consumed by business or subject-matter staff who would interact directly with the application in a non-cloud setting

- The principal customer interaction with a SaaS service is actual operation and consumption of the application services the SaaS service provides.

Some minor configuration may be available, but the scope of the configuration is limited to the scope and then the permissions of the configuring user. For example an agency manager might be able to configure some aspects of the application for their agency but not all agencies. An agency user might be able to configure some aspects for themselves but not everyone in their agency. Typically only the Contractor would be permitted to configure aspects of the software for all users.

Examples of SaaS services include email systems, business systems of all sorts such as travel systems, inventory systems, etc., wiki’s, websites or content management systems, management applications that allow a customer to manage other cloud or non-cloud services, and in general any system where customers interact directly for a business purpose.

Gray areas include services that customers use to configure other cloud services, such as cloud management software, cloud brokers, etc. In general these sorts of systems should be considered SaaS, per guidance in this document.

**c. Deployment Model**

Deployment models (e.g. private, public, community, or hybrid) are not restricted at the SIN level and any specifications for a deployment model are the responsibility of the Ordering Activity.

Multiple deployment model selection is permitted, but at least one model must be selected. The guidance in Table 4 offers examples of how services might be properly mapped to NIST deployment models and how the Contractor should interpret the deployment model characteristics. Contractors should take care to select the range of NIST deployment models most closely corresponding to each service offered.

Note that the scope of this SIN does not include hardware or software components used to construct a cloud, only cloud capabilities delivered as a service, as noted in the Scope section.

**Table 4: Guidance for Selecting a Deployment Model**

Deployment Model	Guidance
<b>Private Cloud</b>	The service is provided exclusively for the benefit of a definable organization and its components; access from outside the organization is prohibited. The actual services may be provided by third parties, and may be physically located as required, but access is strictly defined by membership in the owning organization.
<b>Public Cloud</b>	The service is provided for general public use and can be accessed by any entity or organization willing to contract for it.
<b>Community Cloud</b>	The service is provided for the exclusive use of a community with a definable shared boundary such as a mission or interest. As with private cloud, the service may be in any suitable location and administered by a community member or a third party.
<b>Hybrid Cloud</b>	The service is composed of one or more of the other models. Typically hybrid models include some aspect of transition between the models that make them up, for example a private and public cloud might be designed as a hybrid cloud where events like increased load permit certain specified services in the private cloud to run in a public cloud for extra capacity, e.g. bursting.

## APPENDIX S. IBM PASSPORT ADVANTAGE AGREEMENT

---

### TERMS AND CONDITIONS

Note: These terms are in addition to those described in Chapter 1, General Information, and Chapter 5, Perpetual Software License (SIN 132-33). In the event of a conflict, this Agreement prevails over the terms of Chapter 1 or Chapter 5.

The Passport Advantage terms and conditions (“Agreement”) governs transactions by which the Client may order Eligible Products (EPs) from IBM. Details regarding EPs are provided in Attachments and Transaction Documents (TDs) such as Terms of Use, Service Descriptions, quotes, and Proofs of Entitlements (PoEs). This Agreement, Attachments, and applicable TDs are the complete agreement regarding transactions by which the Client acquires EPs. The Client and IBM agree to distribute this Agreement and coordinate its administration within their organizations in support of the Contract Agreement. This Agreement is entered into with the understanding that both the Client and IBM are bound by its terms. The Client is responsible for compliance under this Agreement. The terms and conditions of this Agreement will prevail in the event of a conflict of any other IBM Commercial International Passport Advantage Agreement terms and conditions included in the documentation provided by IBM when the Client enrolls in Passport Advantage.

In the event of a conflict, an Attachment prevails over this Agreement and a TD prevails over both the Agreement and any Attachment.

### 1. GENERAL

#### 1.1 DEFINITIONS

**Client** – is the agency or affiliated entity of the U.S. Government awarding a contract and subsequent Delivery Orders under such contract. This Government Customer is the legal entity that is authorized to execute and administer this Contract Agreement.

**Contract Agreement** - is the agreement for which IBM assigns a Passport Advantage Agreement Number.

**IPLA** – IBM’s Program License Agreement. The IPLA terms and conditions are described in Chapter 5 of this GSA Schedule.

## 1.2 ACCEPTANCE OF TERMS

The terms of this Agreement are effective on the day IBM accepts a fully funded Delivery Order for Eligible Products. By enrolling in Passport Advantage and issuing a Delivery Order, the Client accepts this Agreement without modification. Once this Agreement is accepted, all Eligible Products ordered under this Agreement are subject to it.

Upon acceptance of the Client's order, IBM will either i) send the Client a PoE including the level of authorized use, ii) make the Program or Cloud Service available, iii) ship the Appliance, or iv) provide the support, service, or solution.

## 1.3 PAYMENT

- a. Is due in accordance with the Prompt Payment Act.
- b. IBM will invoice the Client applicable charges specified by IBM, including charges for use in excess of authorizations. IBM does not give credits or refunds for any prepaid, one-time charges, or other charges already due or paid, unless specified elsewhere within this contract.
- c. Charges are exclusive of any customs or other duty, tax, and similar levies imposed by any authority resulting from Client's acquisitions under the Agreement and will be invoiced in addition to such charges.
- d. If as a result of Client moving, accessing, or using an EP across a border, any authority imposes a customs duty, tax, levy or fee (including withholding taxes for the import or export of any such EP), then Client agrees that it is responsible for, and will pay, any such customs, tax, levy or fee. This excludes those taxes based on IBM's net income.

## 1.4 CHANGES TO AGREEMENT TERMS

Changes to terms of this Appendix S Agreement are not retroactive; they apply, as of the effective date, only to new orders and renewals. The Client accepts changes by placing new orders after the change effective date.

## 1.5 ELIGIBLE PRODUCTS

IBM may add or withdraw EPs or add or withdraw a license metric for an EP at any time. EPs may not be used to provide commercial hosting or other commercial information technology services to third parties.

For an EP, IBM may withdraw a Fixed Term License, Monthly License (ML), IBM Software Subscription and Support, or Selected Support, or Cloud Service or an Appliance Service in its entirety on 12 months' written notice to all then current Customers by published announcement letter, or e-mail. If IBM withdraws an Eligible Product from marketing, the Client will no longer be able to acquire it under this GSA Schedule.

The Client understands that as of the effective date of such withdrawal, the Client may not increase its level of use, beyond the authorizations already acquired without IBM's written consent, renew or purchase that offering; and if the Client renewed the offering prior to the notice of withdrawal, IBM may either (a) continue to provide that offering until the end of the then current term or (b) provide a prorated refund.

## 1.6 NOTICES AND COMMUNICATIONS

To the extent permissible under applicable law, the parties consent to the use of electronic means and facsimile transmissions to send and receive communications in connection with our business relationship arising out of this Agreement, and such communications are acceptable as a signed writing. An identification code (called a "user ID") contained in an electronic document is sufficient to verify the sender's identity and the document's authenticity.

## 1.7 COMPLIANCE WITH LAWS

Each party is responsible for complying with: i) laws and regulations applicable to its business and Content, and ii) import, export and economic sanction laws and regulations, including the defense trade control regime of any jurisdiction, including the International Traffic in Arms Regulations and those of the United States that prohibit or restrict the export, re-export, or transfer of products, technology, services or data, directly or indirectly, to or for certain countries, end uses or end users. Client is responsible for its use of EPs.

If Client or any user exports or imports Content or makes use of any portion of an EP outside the country of Client's business address, IBM will not serve as the exporter or importer. If any provision of this Agreement is invalid or unenforceable, the remaining provisions remain in full force and effect. Nothing in this Agreement affects statutory rights of consumers that cannot be waived or limited by contract. The United Nations Convention on Contracts for the International Sale of Goods does not apply to transactions under this Agreement.

## 1.8 GENERAL PRINCIPLES

- a. The Client is responsible for selecting the Eligible Products that meet its needs and for the results obtained from the use of the Eligible Products, including Client's decision to implement any recommendation concerning Client's business practices and operations.
- b. Where approval, acceptance, consent, or similar action by either party is required under this Agreement, such action will not be unreasonably delayed or withheld.
- d. As reasonably required by IBM to fulfill its obligations under this Agreement, the Client agrees to provide IBM with sufficient and safe access (including remote access) to Client's facilities, systems, information, personnel, and resources, all at no charge to IBM. IBM is not responsible for any delay in performing or failure to perform caused by Client's delay in providing such access or performing other Client responsibilities under this Agreement.

- e. In entering into this Agreement, including each Attachment, ToU, and Transaction Document, neither party is relying on any representation that is not specified in this Agreement, including without limitation any representations concerning: i) performance or function of any Eligible Product, other than as expressly warranted in this Agreement; ii) the experiences or recommendations of other parties; or iii) any results or savings that Client may achieve.
- f. Client is responsible for obtaining all necessary rights and permissions to enable, and grants such rights and permissions to, IBM, and its contractors and subprocessors to use, provide, store and process Content in any EP. This includes Client providing required information, making necessary disclosures and obtaining consent, if required, before providing individuals' information, including personal or other regulated information in such Content. If any Content could be subject to governmental regulation or may require security measures beyond those specified by IBM for an offering. Client will not input, provide, or allow such Content unless IBM has first agreed in writing to implement additional required security measures.
- g. Client is responsible for arranging for and paying applicable charges to their selected suppliers of telecommunications, including internet, connectivity associated with accessing Cloud Services, Appliance Services, IBM Subscription and Support, and Select Support, unless IBM specifies otherwise in writing.
- h. As applicable by law, IBM and its affiliates, and their contractors and subprocessors, may, wherever they do business, store and otherwise process business contact information (BCI) of Client, its personnel and authorized users, for example, name, business telephone, address, email, and user IDs, for business dealings with them. Where notice to or consent by the individuals is required for such processing, Client will notify and obtain such consent. IBM may use personnel and resources in locations worldwide, including third party contractors and subprocessors to support the delivery of EPs. IBM is responsible for the obligations under the Agreement even if IBM uses third party contractors or subprocessors unless otherwise set forth in a TD. IBM will require subprocessors with access to Content to maintain technical and organizational security measures that will enable IBM to meet its obligations for a Cloud Service. A current list of subprocessors and their roles will be provided upon request. Content consists of all data, software, and information that Client or its authorized users provides, authorizes access to, or inputs to an EP. Use of such EP will not affect Client's existing ownership or license rights in such Content. IBM and its contractors, and subprocessors may access and use the Content solely for the purpose of providing and managing the EP, unless otherwise described in a TD.

## **1.9 ASSIGNMENT AND TRANSFERABILITY**

The Client may not assign this Agreement in whole or in part to any third party outside the U.S. Government, without IBM's prior written consent. Any attempt to do so is void. IBM will not unreasonably withhold this consent.

EPs are for use within the Contract Agreement, and may not be resold, rented, leased, or transferred to third parties. These licenses may only be transferred within the Contract Agreement, as defined in Section 1.1, unless otherwise agreed to by IBM. The transfer, if such is

permitted, of the license rights and obligations outside of the Contract Agreement terminates the Licensee's authorization to use the EP under the PoE. In addition, such EPs may not be used to provide commercial hosting or other commercial information technology services to third parties.

### **1.10 TERMINATION**

The Client may terminate this Agreement, a delivery order, or EP without cause on one month's notice to IBM. The Client agrees to promptly discontinue use of and destroy all of the Client's copies of a Program upon termination of a license grant.

Any violation of the terms of this Passport Advantage Agreement shall be handled in accordance with the Contract's Disputes Act and the rights provided to the vendor under the Act.

Any terms of this Agreement that by their nature extend beyond its termination remain in effect until fulfilled, and apply to respective successors and assignees.

### **1.11 COMPLIANCE VERIFICATION**

Client agrees to create, retain, and provide to IBM and its auditors accurate written records, system tool outputs, and other system information sufficient to provide auditable verification that Client's use of all EPs is in compliance with this Agreement including the licensing and pricing qualification terms referenced in this Agreement (Passport Advantage Terms). Client is responsible for 1) ensuring that it does not exceed its authorized use, and 2) remaining in compliance with Passport Advantage Terms.

Upon reasonable notice, IBM may verify Client's compliance with Passport Advantage Terms at all Sites and for all environments in which Client uses (for any purpose) EPs subject to Passport Advantage Terms. Such verification will be conducted in a manner that minimizes disruption to Client's business, and may be conducted on Client's premises, during normal business hours. IBM may use an independent auditor to assist with such verification, provided IBM has a written confidentiality agreement in place with such auditor.

Client agrees that, upon written notice from IBM and the independent auditor, any confidential information provided to the independent auditor or to IBM through the independent auditor, as reasonably required for compliance verification, shall be provided, and Client consents to the exchange of such information, pursuant to such terms as IBM, the Client, and, if applicable, the auditor agree, within 60 days of a request for verification information.

IBM will notify Client in writing if any such verification indicates that Client has used any EPs in excess of its authorized use or is otherwise not in compliance with Passport Advantage Terms. Subject to the terms of the Contract Disputes Act (if applicable), FAR Part 33 (if applicable), and 28 U.S.C. § 1498, IBM will invoice for 1) any such excess use, 2) IBM Software Subscription and Support and Selected Support for such excess use for the lesser of the duration of such excess use or two years, and 3) any additional charges and other liabilities determined as a result of such verification.

## 1.12 PATENT AND COPYRIGHT INDEMNITY

For purposes of this Section, the term "Product" includes EP, Materials, Machine Code and Licensed Internal Code.

If a third party claims that a Product IBM provides to the Client infringes that party's patent or copyright, IBM will indemnify the Client, its officers, agents, and employees against liability, at IBM's expense and pay all costs, damages, and attorneys fees that a court finally awards or that are included in a settlement approved by IBM, provided that the Client:

- A. Promptly notifies IBM in writing of the claim; and
- B. Gives IBM such opportunity as is offered by applicable laws, rules or regulations to participate in the defense thereof. The U.S Government Customer shall make every effort to permit IBM to fully participate in the defense and/or in any settlement of such claim. However, IBM understands that such participation will be under the control of the Department of Justice.

### Remedies

If such a claim is made or appears likely to be made, the Client agrees to permit IBM to enable the Client to continue to use the Product, or to modify it, or replace it with one that is at least functionally equivalent. If IBM determines that none of these alternatives is reasonably available, the Client agrees to return the Product to IBM on IBM's written request. IBM will then give the Client a credit equal to:

1. For a Machine, the Client's net book value, provided the Client has followed generally-accepted accounting principles.
2. For a Program, the amount paid by the Client or 12 months' charges (whichever is less). If the Product is an IBM Cloud Service or subject to Fixed Term charges, up to twelve months' charges.
3. For Materials, the amount the Client paid IBM for the creation of the Materials.

This is subject to the Client's right to require continued use of the Products pursuant to the provisions of 28USC1498. In the event of such continued use, the Client shall notify IBM in writing of its election to continue use and agrees to undertake at the Client's expense the defense of any action against the Client and IBM shall have no further indemnification obligation; it being understood that IBM may participate at its expense in the defense of any such action if such claim is against IBM.

### Claims for Which IBM is Not Responsible:

IBM has no obligation regarding any claim based on any of the following:

- A. The Client's modification of a Product, or a Program's use in other than its Specified Operating Environment;
- B. Anything the Client provides which is incorporated into a Product or IBM's compliance with any designs, specifications, or instructions provided by the Client or by a third party on behalf of the Client;
- C. The combination, operation, or use of a Product with other Products not provided by IBM as a system, or the combination, operation or use of a Product with any product, data, apparatus, or

business method that IBM did not provide, or the distribution, operation or use of a Product for the benefit of a third party;

D. Infringement by a non-IBM Product.

E. Product's use other than in accordance with its applicable licenses and restrictions or use of a non-current version or release of a Product, when a claim could have been avoided or the risk of a claim reduced by using the current version or release;

F. the distribution, operation, or use of the Product outside Client's Passport Advantage Agreement Number or for the benefit of any third party; or

G. Separately Licensed Code, if any, as identified in the LI for the Product.

The LI for the Product or other documents may permit the Client to copy, modify, or redistribute all or portions of the Product without paying additional licensing fees to IBM. The indemnification obligation under this Patent and Copyright provision only applies to copies of the Product provided to the Client by IBM and additional copies expressly authorized in a PoE. IBM has no obligation for claims relating to copies of the Product neither provided by IBM nor specifically authorized by a PoE, even if permitted by the LI for the Product or other documents.

These Patent and Copyright terms do not obligate in any manner any third-party supplier of code (including Separately Licensed Code) included with or part of the Product.

The foregoing states the entire obligation of IBM with respect to infringement of patents or copyrights.

### **1.13 LIMITATION OF LIABILITY**

Circumstances may arise where, because of a default on IBM's part or other liability, the Client is entitled to recover damages from IBM. In each such instance, regardless of the basis on which the Client is entitled to claim damages from IBM (including fundamental breach, negligence, misrepresentation, or other contract or tort claim), IBM is liable only for:

A. Payments referred to in IBM's Patents and Copyrights terms described herein;

B. Damages for bodily injury (including death) and damage to real property and tangible personal property; and

C. The amount of any other actual direct damages or loss, up to the greater of: (i) \$100,000; OR (ii) the contract price (if recurring, 12 months' charges apply) for the Product or Service that is the subject of the claim. For purposes of this item, the term "Product" includes Materials, Machine Code and Licensed Internal Code. Nothing in this subsection C shall limit the Client's right to (i) excess procurement costs in the event of a Termination for Default; or (ii) the contractual remedies prescribed under the Price Reductions clause (GSAR 552.238-75) (May 2004)(Alternate I- May 2003) and GSAR 552.215-72, Price Adjustment – Failure to Provide Accurate Information (Aug 1997).

D. For classroom training or education material, IBM is liable for the charges associated with the corresponding item provided.

This limit also applies to any of IBM's subcontractors and Program developers. It is the maximum for which IBM and its subcontractors and Program developers are collectively responsible.

Items for which IBM is not liable:

Under no circumstances is IBM, or its subcontractors, or Program developers liable for any of the following even if informed of their possibility:

- A. Loss of, or damage to data; or
- B. Special, incidental, or indirect damages or for any economic consequential damages, or
- C. Lost profits, business, revenue, goodwill or anticipated savings
- D. Any third party claims against you except as described in the Patents and Copyrights section or as permitted by the Limitation of Liability section for bodily injury (including death) or damage to real or tangible personal property for which IBM is legally liable.

The parties acknowledge that nothing in this provision shall restrict the Client's statutory remedies in the event of fraud.

## 2. WARRANTIES

Unless IBM specifies otherwise, the following warranties apply only in the country of acquisition.

The warranty for an IBM Program is stated in its license agreement. IBM warrants it provides IBM Software Subscription and Support, Selected Support, Cloud Services, and Appliance Services using commercially reasonable care and skill as described in this Agreement, Attachment, and TD. These warranties end when such support or service ends.

IBM warrants that an IBM Machine Component of an Appliance used in its specified operating environment conforms to its official published specifications. The warranty period for an IBM Machine Component of an Appliance is a fixed period commencing on its date of installation (also called "Warranty Start Date") specified in a TD. If an IBM Machine Component of an Appliance does not function as warranted during the warranty period and IBM is unable to either i) make it do so, or ii) replace it with one that is at least functionally equivalent, Client may return it to the party from whom Client acquired it for a refund.

The warranty for IBM Cloud Services is stated in its TD.

IBM does not warrant uninterrupted or error-free operation of an EP or that IBM will correct all defects or prevent third party disruptions or unauthorized third party access to an EP. These warranties are the exclusive warranties from IBM and replace all other warranties, including the implied warranties or conditions of satisfactory quality, merchantability, non-infringement, and fitness for a particular purpose. IBM warranties will not apply if there has been misuse, modification, damage not caused by IBM, failure to comply with instructions provided by IBM, or if otherwise stated in an Attachment or TD. Third parties may provide their own warranties to Client.

IBM will identify IBM EPs it does not warrant.

Unless otherwise specified in an Attachment or TD, IBM offers non-IBM EPs, without warranties of any kind. Third parties provide services and licensed products directly to Client under their own agreements.

### **3. RENEWAL**

The Client may renew its expiring Fixed Term License, Token License, IBM Software Subscription and Support, Selected Support, or Appliance Service by providing IBM with a fully funded Delivery Order for the subsequent Term prior to the expiration of the term.

Software Subscription and Support or Selected Support acquired or renewed on the Anniversary is renewable for an additional term of 12 full months.

IBM may pro-rate charges for IBM Software Subscription and Support, Selected Support, Fixed Term Licenses of six months or more, and Appliance Services to align with the Client's Passport Advantage Agreement Anniversary.

To reinstate any expired Software Subscription and Support coverage, Selected Support, a Fixed Term License or Appliance Services, Client may not renew and must acquire IBM Software Subscription and Support Reinstatement, Selected Support Reinstatement, Appliance Services Reinstatement or a new initial Fixed Term License.

For an ML, Client selects a renewal option at the time of order. At each renewal of an ML Commitment Term, IBM may change the charges applicable to the renewed Commitment Term by providing Client a renewal quote no less than 60 days prior to the expiration of the then current term. Client accepts renewal quote by providing IBM a fully funded Delivery Order prior to the expiration of the then current term. Client may change their selected renewal option for a Commitment Term by giving IBM notice in writing no less than 30 days before the end of the Commitment Term.

For a Cloud Service, Client selects a renewal option at the time of order.

### **4. PROGRAMS AND IBM SOFTWARE SUBSCRIPTION AND SUPPORT**

IBM Programs acquired under this Agreement are governed by the terms of the IPLA as described in Chapter 5, Perpetual Software License SIN 132-33 of this GSA Schedule.

A Program may include the following, including the original and all whole or partial copies: 1) machine-readable instructions and data, 2) components, 3) audio-visual content (such as images, text, recordings, or pictures), 4) related licensed materials, and 5) license use documents or keys, and documentation.

With the exception of certain Programs that IBM designates as platform or operating system specific, Client may use and install in any commercially available national language for any platform or operating system available from IBM up to the level of Client's authorizations.

To acquire additional authorizations to use Programs under this Agreement, Client must have already acquired the Program code.

#### **4.1 IBM TRADE-UPS AND COMPETITIVE TRADE-UPS**

Licenses for certain Programs that replace qualifying IBM Programs or qualifying Non-IBM Programs may be acquired for a reduced charge. Client agrees to terminate Client's use of the replaced Programs when Client installs the replacement Programs.

#### **4.2 MONTHLY LICENSES**

Monthly License Programs (ML Programs) are IBM Programs provided to the Client for a monthly license charge. Monthly Licenses have a term that begins on the date that Client's order is accepted by IBM and continues for a period Client commits to pay IBM (a Commitment Term) as specified in the TD. Client may terminate a current Commitment Term before its end date by giving at least 30 days' written notice to IBM and will receive a prorated refund for any whole months of remaining prepaid term.

#### **4.3 FIXED TERM LICENSES**

Fixed Term Licenses have a term that begins on the date that Client's order is accepted by IBM; on the calendar day following the expiration of a prior Fixed Term; or on the Anniversary date. A Fixed Term License is for the definite time period specified by IBM in a TD. Client may terminate a current Fixed Term License before its end date by giving at least 30 days' written notice to IBM and will receive a prorated refund for any whole months of remaining prepaid terms.

#### **4.4 TOKEN LICENSES**

EPs which are Eligible Token Products or ETPs are assigned a Token Value. As long as the total Tokens required for all ETPs used concurrently does not exceed the number of Tokens authorized in Client's PoE(s), Client may use Token(s) for a single ETP or for a combination of ETPs.

Prior to exceeding current Token authorizations or using an Eligible Token Product not authorized, Client must acquire sufficient additional Tokens and authorizations.

ETPs may contain a disabling device that will prevent them from being used after the end of the Fixed Term. Client agrees not to tamper with this disabling device and take precautions to avoid any loss of data.

#### **4.5 IBM SOFTWARE SUBSCRIPTION AND SUPPORT**

IBM provides IBM Software Subscription and Support with each IBM Program licensed under the IPLA.

IBM Software Subscription and Support begins on the date of IBM Program acquisition and ends on the last day of the corresponding month in the following year, unless the date of acquisition is

the first day of the month, in which case coverage ends on the last day of the month, 12 months from the date of acquisition.

While IBM Software Subscription and Support is in effect, IBM makes available defect corrections, restrictions, bypasses, and any new versions, releases, or updates IBM makes generally available. Once IBM Software Subscription and Support has been allowed to lapse, these benefits will no longer be available to Client if they had been made available while IBM Software Subscription and Support was in effect and Client chose not to exercise that right.

While IBM Software Subscription and Support is in effect, IBM provides the Client assistance for

Client's i) routine, short duration installation and usage (how-to) questions; and ii) code-related questions (together "Support"). Consult the IBM Software Support Handbook for details at <https://www.ibm.com/software/support/handbook.html>. Support for a particular version or release of an IBM Program is available only until IBM withdraws Support for that IBM Program's version or release. When Support is withdrawn, Client must upgrade to a supported version or release of the IBM Program to continue to receive Support. The IBM "Software Support Lifecycle" policy is available at <https://www.ibm.com/software/info/supportlifecycle/>.

For selected Program versions or releases, as listed in the IBM Software Support Handbook, after Support has been withdrawn for such versions or releases and while Client has current Software Subscription and Support coverage in effect for such Programs, IBM will provide support for Client's i) routine, short duration installation and usage (how-to) questions; and ii) code-related questions. However, in such cases, IBM will only provide existing code patches and fixes and will not develop or provide new patches or fixes for those versions or releases.

If Client elects to continue IBM Software Subscription and Support for an IBM Program at a designated site, Client must maintain IBM Software Subscription and Support for all uses and installations of the IBM Program at that site.

If Client requests to renew expiring IBM Software Subscription and Support at a lesser quantity of IBM Program uses and installations than the expiring quantity, Client must provide a report that verifies current IBM Program usage and installation, and may be required to provide other compliance verification information.

Client shall not use IBM Software Subscription and Support benefits for IBM Programs for which Client has not fully funded for IBM Software Subscription and Support. If Client does, Client must acquire IBM Software Subscription and Support reinstatement sufficient to cover all such unauthorized use at then current IBM prices.

#### **4.6 SELECTED SUPPORT**

Selected Support may be available for (i) Non-IBM Programs or for (ii) Programs licensed under the IBM License Agreement for Non-Warranted Programs (together "Selected Programs").

The IBM Software Subscription and Support section above applies to Selected Programs under Selected Support except that 1) IBM may provide Client with assistance in designing and developing applications based on Client's subscription level; 2) the IBM "Software Support Lifecycle" policy does not apply; and 3) no new versions, releases or updates are provided by IBM.

IBM does not provide licenses under this Agreement for Selected Programs.

#### **4.7 MONEY-BACK GUARANTEE**

The IPLA's "money-back guarantee" only applies the first time Client licenses the IBM Program under this Agreement or any other valid agreement. If an IBM Program license is for an initial fixed term subject to renewal or for an initial Commitment Term, the Client may obtain a refund only if Client returns the Program and its PoE within the first 30 days of such initial term. The IPLA's "money-back guarantee" does not apply to Appliances or Cloud Services.

#### **4.8 CONFLICT BETWEEN THE TERMS OF THIS AGREEMENT AND THOSE OF THE IPLA**

If there is a conflict between this Agreement (Appendix S), including its Attachments and TDs, and those of the IPLA (Chapter 5), including its LI, the terms of this Agreement prevail.

### **5. PROGRAMS IN A VIRTUALIZATION ENVIRONMENT (SUB-CAPACITY LICENSING TERMS)**

EPs that meet the operating system, processor technology, and virtualization environment requirements for Sub-Capacity usage may be licensed under Sub-Capacity Licensing terms (an Eligible Sub-Capacity Product); see <https://www-01.ibm.com/software/passportadvantage/subcaplicensing.html>. Product deployments that cannot meet Sub-Capacity Licensing requirements must be licensed using Full Capacity terms.

Processor Value Unit (PVU) based licenses for Eligible Sub-Capacity Products must be acquired for the total number of PVUs associated with the virtualization capacity available to the Eligible Sub-Capacity Product as measured at <https://www-112.ibm.com/software/howtobuy/passportadvantage/valueunitcalculator/vucalc.wss>.

Prior to an increase in an Eligible Sub-Capacity Product's virtualization capacity, Client must first acquire sufficient licenses, including IBM Software Subscription and Support, if applicable, to cover that increase.

If at any time IBM becomes aware of circumstances indicating that Client is not operating all or a portion of Client's environment in accordance with applicable Sub-Capacity Licensing requirements, IBM may declare Client, or any applicable portion of Client, ineligible for Sub-Capacity Licensing and will provide Client with notice of any such determination. Client shall have 30 days to provide IBM information sufficient for IBM to determine that Client is in full compliance with the applicable Sub-Capacity Licensing requirements, in which case IBM shall withdraw its determination of ineligibility. Otherwise, Client agrees to acquire sufficient additional licenses and IBM Software Subscription and Support entitlements necessary for full capacity usage within the identified Client environment at then current prices.

#### **Client's Reporting Responsibilities**

For Sub-Capacity usage of EPs, Client agrees to install and configure the most current version of IBM's license metric tool (ILMT) within 90 days of Client's first Sub-Capacity-based Eligible Sub-Capacity Product deployment, to promptly install any updates to ILMT that are made available, and to collect deployment data for each such EP. Exceptions to this requirement are i) when ILMT does not yet provide support for the Eligible Sub-Capacity Product, ii) if Client has fewer than 1,000 employees and contractors, Client is not a Service Provider (an entity that provides information technology services for end user customers, either directly or through a reseller), and Client has not contracted with a Service Provider to manage Client's environment in which EPs are deployed, and the total physical capacity of Client's servers measured on a full capacity basis, but licensed under Sub-Capacity Licensing terms, is less than 1,000 PVUs, or iii) when Client's servers are licensed to full capacity.

For all instances where ILMT is not used, and for all non PVU based licenses, Client is required to manually manage and track Client's licenses as described in the Compliance Verification section above.

For all PVU-based EP licenses, reports must contain the information in the example Audit Report available at <https://www.ibm.com/software/lotus/passportadvantage/subcaplicensing.html>. Reports (generated by ILMT or manual if Client meets manual reporting exemptions) must be prepared at least once per quarter and retained for a period of not less than 2 years. Failure to generate Reports or provide Reports to IBM will cause charging under full capacity for the total number of physical processor cores activated and available for use on the server.

Client will promptly install new versions, releases, modifications, or code corrections ("fixes") of the ILMT that IBM makes available. Client will subscribe to the IBM Support notifications via <https://www.ibm.com/support/mynotifications> in order to be notified when such fixes become available.

Client will not alter, modify, omit, delete, or misrepresent by any means, directly or indirectly, i) the ILMT audit records, ii) the ILMT Program, or iii) Audit Reports that Client submits to IBM or to an independent auditor. The foregoing does not apply to changes, modifications or updates to ILMT expressly provided by IBM, including through notifications.

Client will assign a person in Client's organization with authority to manage and promptly resolve questions on Audit Reports or inconsistencies between report contents, license entitlement, or ILMT configuration; and promptly place an order with IBM or Client's IBM reseller if reports reflect EP use over Client's authorized level. IBM Software Subscription and Support and Selected Support coverage will be determined to begin as of the date Client exceeded Client's authorized level.

## 6. APPLIANCES

An Appliance is an EP which is any combination of Program Components, Machine Components (MCs) and any applicable Machine Code Components offered together as a single offering and designed for a particular function. Unless otherwise provided, terms that apply to a

Program apply to the Program Component of an Appliance. Client shall not use an Appliance component independently of the Appliance of which it is a part.

Each Appliance will be newly manufactured and may contain some serviceable used parts. Regardless, IBM's applicable warranty terms apply.

For each Appliance, IBM bears the risk of loss or damage up to the time it is delivered to the IBM-designated carrier for shipment to Client or Client's designated location. Thereafter, Client assumes the risk. Each Appliance will be covered by insurance, arranged and paid for by IBM for Client, covering the period until it is delivered to Client or Client's designated location. For any loss or damage, Client must i) report the loss or damage in writing to IBM within 10 business days of delivery and ii) follow the claim procedure.

When Client acquires an Appliance directly from IBM, IBM transfers title to a MC to Client or, if applicable Client's lessor, upon shipment. For an upgrade acquired for an Appliance, IBM transfers title of the MC once IBM receives all removed parts, which then become IBM's property.

If IBM is responsible for installation, Client will allow installation within 30 calendar days of shipment or additional charges may apply. Client will promptly install or allow IBM to install mandatory engineering changes. Client installs a Client-set-up Appliance according to instructions provided with it.

A Machine Code Component is computer instructions, fixes, replacements and related materials, such as data and passwords relied on, provided, used with or generated by a Machine Component, that permit the operation of the Machine Component's processors, storage or other functionality as stated in its specifications. Client acceptance of this Agreement includes acceptance of IBM's Machine Code license agreements provided with the Appliance and in Chapter 3 of this Schedule. A Machine Code Component is licensed only for use to enable a Machine Component to function under its specifications and only for the capacity and capability for which Client has acquired IBM's written authorization. The Machine Code Component is copyrighted and licensed (not sold).

## 6.1 INSPECTION /ACCEPTANCE

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any equipment that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming equipment at no increase in contract price. The ordering activity must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

The acceptance date is the date of delivery to the location designated on the Delivery Order

Notwithstanding anything herein to the contrary, the parties agree as follows:

(i) the ordering activity may negotiate an extension regarding the time of acceptance before issuing a delivery order; and (ii) the parties may mutually agree on the acceptance period for overseas orders.

## 6.2 IBM APPLIANCE SERVICES

IBM provides Appliance Services for Appliances consisting of Machine maintenance and IBM Software and Support as a single offering as further described in the Appliance Support Handbook at <https://www.ibm.com/software/appliance/support>.

One year of Appliance Services, starting on the Warranty Start Date specified in a TD, is included with the purchase of an Appliance. Thereafter, Client may renew appliance services by issuing IBM a funded delivery order. All renewals will be fulfilled with Appliance Services offered at the same level of service, if available, that Client was entitled to during that first year. Parts removed or exchanged for upgrade, warranty service, or maintenance are IBM property and must be returned to IBM within 30 calendar days. A replacement takes on the warranty or maintenance status of the replaced part. When Client returns an Appliance to IBM, Client will remove all features not supported under Appliance Services, securely erase all data, and ensure that it is free of any legal restrictions that would prevent its return.

Appliance Services cover undamaged and properly maintained and installed Appliances used as authorized by IBM with unaltered identification labels. Services do not cover alterations, accessories, supply items, consumables (such as batteries), structural parts (such as frames and covers), or failures caused by a product for which IBM is not responsible

## 7. CLOUD SERVICES

Cloud Services are EP provided by IBM and made available via a network. Cloud Services are not Programs but may require Client to download enabling software to use a Cloud Service as specified in a TD.

Client may access and use Cloud Service only to the extent of authorizations acquired by Client. Client may be responsible for use of Cloud Services by any party who accesses the Cloud Service with Client's account credentials. Cloud Service may not be used in any jurisdiction for unlawful, obscene, offensive or fraudulent Content or activity, such as advocating or causing harm, interfering with or violating the integrity or security of a network or system, evading filters, sending unsolicited, abusive or deceptive messages, viruses or harmful code, or violating third party rights. If there is a complaint or notice of violation, use may be suspended until resolved, in addition to any rights under the Contracts Disputes Act.

Additional terms, including data protection terms, for Cloud Services are provided in the General Terms for Cloud Offerings Terms of Use. Each Cloud Service is described in a TD.—Terms of Use and Service can be viewed at <https://www-03.ibm.com/software/sla/sladb.nsf/sla/saas/>.

Cloud Services are designed to be available 24/7, subject to maintenance. Client will be notified of scheduled maintenance. Technical support and service level commitments, if applicable, are specified in a TD.

IBM will provide the facilities, personnel, equipment, software, other resources necessary to provide the Cloud Services, and generally available user guides and documentation to support Client's use of the Cloud Service. Client will provide hardware, software, and connectivity to

access and use the Cloud Service, including any required Client-specific URL addresses and associated certificates. A TD may have additional Client responsibilities.

A Cloud Service subscription period begins on the date that IBM notifies Client that Client has access and ends on the last date specified in the TD.

During a Cloud Service subscription period, Client may increase Client's subscribed level, but may only decrease the subscribed level at the end of a subscription period when renewing.

Acceptance:

The Client's acceptance of a Cloud Service offering is when IBM provides the Client authorization to access the Cloud Service offering.

## **8. European Union General Data Protection Regulation (GDPR)**

The European Union passed the General Data Protection Regulation (EU/2016/679) (GDPR), effective 25 May 2018. The GDPR is designed to ensure a consistent level of protection of the rights and freedoms of natural persons with regard to the processing of their data and to establish one set of data protection rules for Personal Data. IBM is committed to GDPR readiness.

Regarding GDPR, you represent as follows:

- a. Either you do not require IBM to process Personal Data within the meaning of GDPR (e.g., because no processing of Personal Data occurs in the European Union (EU); no monitoring of Personal behavior takes place in EU; or your activities are otherwise exempt from GDPR); and you will communicate to IBM in writing, without undue delay, any anticipated change affecting this representation, or
- b. You agree to IBM's Data Processing Addendum at <http://ibm.com/dpa> (DPA) and applicable DPA Exhibit, which apply and supplement the contract. Please contact your IBM representative for the applicable Data Processing Exhibit.

## WANPATH LLC MYWORKDRIVE SUBSCRIPTION AGREEMENT

THE SERVICES ARE PROVIDED ONLY ON THE CONDITION THAT THE SUBSCRIBER AGREES TO THE TERMS AND CONDITIONS IN THIS SUBSCRIPTION AGREEMENT ("AGREEMENT") BETWEEN SUBSCRIBER AND WANPATH. BY SIGNING AN ORDER REFERENCING THIS AGREEMENT, SUBSCRIBER ACKNOWLEDGES IT HAS READ, UNDERSTANDS, AND AGREES TO BE BOUND BY THIS AGREEMENT.

### 1.0 Definitions.

"Order" means a purchase commitment mutually agreed upon between (1) Wanpath and Subscriber, or (2) a Wanpath authorized reseller and Subscriber.

"Office Online" means Microsoft Office Online subject to Microsoft's terms of use and privacy policy.

"Permitted Capacity" means the Permitted Number of users for MyWorkDrive web file access

"Portal" means a web-based facility that is used by Subscriber to configure and manage the Services.

"Services" means MyWorkDrive File Web Access & Relay.

"Software" means Wanpath's proprietary software applications.

"Software Upgrades" means certain modifications or revisions to the Software or services.

"Subscriber" means the Ordering Activity under GSA Schedule contracts that has placed an Order and registered its details on the Wanpath Portal at: <https://www.myworkdrive.com/login>

"Subscription" means a non-exclusive, nontransferable right to use MyWorkDrive File Web Access and WebDAV server relay in accordance with this Agreement and the Order.

"Subscription Fees" means the agreed upon fees in an Order.

"Subscription Term" means the agreed upon time period in an Order.

"Virus" or "Malware" means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

"Wanpath" means Wanpath, LLC., a California Limited Liability company doing business as MyWorkDrive with its principal place of business at 605 Market Street, Suite 410, San Francisco, CA 94105, USA.

### Wanpath MyWorkDrive Definitions

"Average Bandwidth Per Seat" means the total bandwidth used in the performance of MyWorkDrive hosting divided by the number of Seats.

"Permitted Number of Seats" means the number of Seats displayed as "Users" within the Subscription area of the Portal for MyWorkDrive.

"MyWorkDrive" means the Wanpath file cloud hosting transfer service including Software, Relays, Networks and Software together with applicable documentation and media.

"Seat" means each user that is authorized to access or use the Service, directly or indirectly.

"Web Content" means any data and requests for data processed by MyWorkDrive including but not restricted to that accessed using the Internet protocols HTTPS and SSH.

2.0 Subscription and Grant of Right to Use. Subject to the terms and conditions of this Agreement, Wanpath will provide Subscriber the Subscription at the Permitted Capacity set forth in the Order for the Subscription Term. Subscriber may use MyWorkDrive solely for Subscriber's own internal business operations (not for the benefit of any other person or entity) during the Subscription Term, provided Subscriber has paid and continues to pay the Subscription Fees. Wanpath may terminate provision of the Service at the end of a Subscription Term unless Subscriber continues to pay Subscription Fees for the Service. Wanpath may audit its systems to confirm Subscriber's authorized use of the Services. Subscriber may not rent, lease or timeshare the Services or provide subscription services for the Services or permit others to do so. Subject to the terms of this Agreement, Subscriber may allow its agents and independent contractors to use the Services solely for the benefit of Subscriber; provided, however, Subscriber remains responsible for any breach of this Agreement. Any other use of the Services by any other entity is forbidden and a violation of this Agreement.

### 3.0 Provision of Services.

3.1 Wanpath will use commercially reasonable efforts to provide the Services for the Subscription Term.

Wanpath makes no service level commitments for MyWorkDrive hosting that is determined by Wanpath to be excessive or made available as an open file transfer site or that does not meet our minimum security requirements; (1) require a minimum password length of 8 characters for all domain users and (2) meet's Microsoft's definition of complexity as defined in default domain policy, may be throttled or shut down by Wanpath without notice.

3.2 If Wanpath determines that the security or proper function of the Services would be compromised due to, hacking, denial of service attacks or other activities originating from or directed at Subscriber's network, Wanpath may immediately suspend the Services until the problem is resolved. Wanpath will promptly notify and work with Subscriber to resolve the issues.

3.3 If the Services are suspended or terminated, Wanpath will reverse all configuration changes made during Service enrollment. It is Subscriber's responsibility to make the server configuration changes necessary to remove MyWorkDrive software from all servers and client devices.

3.4 Wanpath may modify, enhance, replace, or make additions to the Services. Wanpath may use Tunneling, Relay, reverse proxy's, SSH, SSL, and other information passing through the Services for the purposes of developing, analyzing, maintaining, reporting on, and enhancing the Wanpath Services and products. Wanpath may collect statistical information for reporting purposes on number of user logins to assess compliance with subscription licensing including: Number of users logged in daily, weekly, monthly and annually.

Subscriber understands Wanpath LLC does not store, house or control customer data at any time. All files remain on subscribers own servers and all authentication is done locally by subscribers internal active directory. Wanpath LLC has no access to any logins, back-doors or authentication mechanism's to subscribers MyWorkDrive server or files and is unable to comply with any legal requests to subscribers data. If subscriber does choose to enable our Microsoft Office Online Edit feature or Cloud Connector (optional) then and only then will any data traverse our network which is in an encrypted TLS 1.2 data stream. Access to this data is locked down to Microsoft Office 365 hosts and is available only during that Office file edit session. Any files edited in Office 365 are stored in temporary encrypted memory on Microsoft's servers and are removed when file editing is complete. Microsoft requires we track summary statistical data on percentage and numbers of documents opened in Office 365. All summary reporting data is aggregated across all MyWorkDrive customers and contains no client detail data. It is reasonable to say that customer content only lives on Office Online servers during a user session. That is, a user can reasonably expect that when they end an editing session, their content will no longer live anywhere on Office Online servers once it has been saved to the customers MyWorkDrive server. The key exception here is the Office Online viewing cache. For additional information please see the following Microsoft Office Online Considerations for security and privacy article.

3.5 Prior to enrollment in MyWorkDrive and at any time during the Subscription Term, Wanpath may test whether Subscriber's MyWorkDrive system is acting as an Open file share site. If Wanpath finds the system to be acting as an Open Relay through its relay network, Wanpath will inform Subscriber and may temporarily suspend the Service until the problem is resolved.

3.6 If Subscriber is using the Services to distribute Spam or Malware, Wanpath may temporarily suspend the Services until the problem is resolved.

3.7 If in any one (1) calendar month the number of connections to MyWorkDrive secure relay network is greater than thirty thousand (30,000), Wanpath may temporarily terminate Subscriber's relay connection immediately until resolved by customer.

3.8 If in any one (1) calendar month the Average Bandwidth Per Seat flowing through the MyWorkDrive secure relay network (Office 365 relay or Cloud Connector \*.myworkdrive.net) is greater than 1.00Mbps, Wanpath may temporarily terminate Subscriber's relay connection immediately until resolved by customer.

#### 4.0 Subscriber Obligations.

4.1 Subscriber will (a) comply with all applicable laws, statutes, regulations and ordinances, (b) only use the Services for legitimate business purposes which may include sending and receiving business and personal email or Web Content by its employees, and (c) not use the Services to transmit Spam, Malware, or excessive file sharing.

4.2 Subscriber must (a) have the authority, rights, or permissions to use all servers registered to the Services, (b) obtain any necessary consents from its management.

#### 4.3 Reserved

5.0 Intellectual Property Rights. The Services and all related intellectual property rights are the exclusive property of Wanpath or its licensors. All right, title and interest in and to the Services, and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Services remain exclusively with Wanpath or its licensors. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost. The Services are valuable, proprietary, and unique, and Subscriber agrees to be bound by and observe the proprietary nature of the Services. The Services contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. Subscriber may not remove any proprietary notice of Wanpath or any third party. The Services include software products licensed from third parties. Such third parties have no obligations or liability to Subscriber under this Agreement. Nothing herein shall bind the Ordering Activity to any Third Party terms unless the terms are provided for review and agreed to in writing by all parties. All rights not granted to Subscriber in this Agreement are reserved to Wanpath. No ownership of the Services passes to Subscriber. Wanpath may make changes to the Services at any time without notice. Except as otherwise expressly provided, Wanpath grants no express or implied right under Wanpath patents, copyrights, trademarks, or other intellectual property rights.  
Protection and Restrictions.

6.1 Each party (the "Disclosing Party") may disclose to the other (the "Receiving Party") certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. "Confidential Information" means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible

objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Services, services, suppliers, customer lists and customer information, prices and costs (excluding GSA Schedule Prices), markets, software, databases, developments, inventions, processes, formulas, technology, employee information, designs, drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as "Confidential," "Proprietary" or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties. Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party's obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party's Confidential Information. Wanpath recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

6.2 Subscriber will take all reasonable steps to safeguard the Services to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Services contain valuable, confidential information and trade secrets and unauthorized use or copying is harmful to Wanpath. Subscriber may not directly or indirectly transfer, assign, publish, display, disclose, rent, lease, modify, loan, distribute, or create derivative works based on the Services or any part thereof. Subscriber may not reverse engineer (except as required by law in order to assure interoperability), decompile, translate, adapt, or disassemble the Services, nor shall Subscriber attempt to create the source code from the object code for the Software. Any third party software included in the Services may only be used in conjunction with the Services, and not independently from the Services. Subscriber may not, and shall not allow third parties to, publish, distribute or disclose the results of any benchmark tests performed on the Services without Wanpath's prior written approval. Subscriber understands that Office Online is a Microsoft server and use of Office Online is subject to Microsoft's terms of use and privacy policy. Nothing herein shall bind the Ordering Activity to Microsoft's terms of use and privacy policy unless the terms are provided for review and agreed to in writing by all parties.

## 7.0 Limited Warranty.

7.1 For the Subscription Term, Wanpath warrants that the Services will operate in substantial conformance with the then current Wanpath published documentation under normal use. Wanpath does not warrant that: (A) the Services will be free of defects, (ii) satisfy Subscriber's requirements, (iii) operate without interruption or error, (iv) always allow or block access to or transmission of all desired connections, Malware, applications and/or files, or (v) identify every transmission or file that should potentially be allowed or blocked.

7.2 Wanpath will use reasonable efforts to remedy any significant non-conformance in the Services which is reported to Wanpath and that Wanpath can reasonably identify and confirm. Wanpath at its discretion will repair or replace any such non-conforming or defective Services, or refund a pro-rata portion of the unused Subscription Fees paid for the remainder of the then current term. This paragraph sets forth Subscriber's sole and exclusive remedy and Wanpath's entire liability for any breach of warranty or other duty related to the Services. Any unauthorized modification of the Services, tampering with the Services, use of the Services inconsistent with the accompanying documentation, or related breach of this Agreement voids the warranty. EXCEPT AS EXPLICITLY STATED AND TO THE EXTENT ALLOWED BY LAW, THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE SERVICES.

8.0 Limitation of Liability. WANPATH, ITS AFFILIATES, ITS LICENSORS OR RESELLERS WILL NOT BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES, WHETHER FORESEEABLE OR UNFORESEEABLE, ARISING OUT OF OR RELATED TO THIS AGREEMENT INCLUDING, BUT NOT LIMITED TO CLAIMS FOR LOSS OF DATA, GOODWILL, OPPORTUNITY, REVENUE,

PROFITS, OR USE OF THE SERVICES, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS, PRIVACY, ACCESS TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED, BREACH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF WANPATH HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL WANPATH'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY PAID TO WANPATH FOR THE APPLICABLE SERVICES FOR THE SERVICES THAT DIRECTLY CAUSED THE LIABILITY. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

9.0 Termination. This Agreement is effective until the end of the Subscription Term, or until terminated by either party. Service evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement. Evaluation subscriptions may only be used to evaluate and facilitate Subscriber's decision to purchase a subscription to Services. At the end of the evaluation period, Subscriber must either pay the applicable Subscription Fees or this Agreement terminates as related to the evaluation. Subscriber's continued use of the Services after an evaluation period is subject to this Agreement. Subscriber may terminate this Agreement at any time upon notice to Wanpath by emailing support@myworkdrive.com or in writing to:

Wanpath LLC dba MyWorkDrive

605 Market Street, Suite 410

San Francisco, CA 94105

. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Wanpath shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Upon notification of termination by either party, Subscriber must uninstall any Software, cease using and destroy or return all copies of the Services to Wanpath, and to certify in writing that all known copies thereof, including backup copies, have been destroyed. Sections 1, 5-9, and 13 shall survive the termination of this Agreement.

10.0 Data Privacy .Subscriber will comply with all applicable laws and regulations, including those of other jurisdictions that may apply to Subscriber, concerning the protection of personal data. Subscriber must obtain any required employee consents addressing the interception, reading, copying or filtering of documents. Neither party will use any data obtained via the Service for any unlawful purpose.

11.0 Government Restricted Rights. The Services are provided with "RESTRICTED RIGHTS." Use, duplication, or disclosure by the U.S. Government is subject to restrictions as set forth in FAR52.227-14 or its successor. Use of the Services by the U.S. Government constitutes acknowledgment of Wanpath's proprietary rights therein. Contractor or Manufacturer is Wanpath.

12.0 Export. Certain Services are subject to export controls of the United States and other countries ("Export Controls"). Export or diversion contrary to U.S. law is prohibited. U.S. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries ("Prohibited Country" or "Prohibited Countries"). It also prohibits export or re-export of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S. Department of the Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the "Lists"). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or with missiles ("Prohibited Uses"). Subscriber represents and warrants that it is not located in, or a resident or national, of any Prohibited Country; that it is not on any Lists; that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.

13.0 General. For the purposes of customer service, technical support, and as a means of facilitating interactions with its end-users, Wanpath may periodically send Subscriber messages of an informational

or advertising nature via email, and provide account information to related third-parties. Subscriber may choose to "opt-out" of receiving these messages or information sharing by sending an email to support@Wanpath.com requesting the opt-out. Subscriber acknowledges and agrees that by sending such email and "opting out" it will not receive emails containing messages concerning upgrades and enhancements to Services. However, Wanpath may still send emails of a technical nature. Subscriber acknowledges that Wanpath may use Subscriber's company name only in a general list of Wanpath customers to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71. Wanpath owns any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Subscriber relating to the Services. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71. Subscriber may not transfer any of Subscriber's rights to use the Services or assign this Agreement to another person or entity, without first obtaining prior written approval from Wanpath. Notices sent to Wanpath shall be sent to Wanpath LLC, 605 Market St, Suite 410 San Francisco, CA 94105. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the Federal laws of the United States. Excusable delays shall be governed by FAR 52.212-4(f). This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), constitutes the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not in this Agreement. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be interpreted so as reasonably to affect the intention of the parties. Wanpath is not obligated under any other agreements unless they are in writing and signed by an authorized representative of Wanpath. In the event of a conflict between this agreement and a Negotiated Purchase Order, the Purchase Order shall prevail.

1.3 Restrictions. Customer shall not, and shall not authorize any third party to: (i) sublicense, use or duplicate the Trifacta Software, or any portion thereof, except as expressly authorized in this Agreement; (ii) use the Trifacta Software by, or for the benefit of any third party; (iii) modify, translate, or prepare derivative works based upon the Trifacta Software; (iv) reverse-compile or decompile, disassemble or otherwise reverse engineer the Trifacta Software, except to the extent expressly required to be permitted by applicable law; (v) rent, lease, loan, sell, transfer, or distribute the Trifacta Software or any copy or portion thereof, to any other person or entity; or (vi) alter,

remove, or obscure any copyright, trademark, or other proprietary notices or confidentiality legend on or in the Trifacta Software. Except for the license expressly granted by Trifacta to Customer under this Federal License Agreement, and Trifacta reserves all right, title and interests in and to the Trifacta Software and any derivative works derived therefrom, and all intellectual property rights therein. Customer shall be responsible and liable for any action or inaction of Customer's employees or contractors which is in violation of this Federal License Agreement.

1.4 Support. Trifacta shall provide Support for the Trifacta Software and the Trifacta Services as during the License Term in accord with Trifacta's then-current support policies.

2. CONSIDERATION. The Fee for the Trifacta Software during the License Term shall be as set forth on the Trifacta Order Form executed by Customer and Customer agrees to receive marketing communications and other solicitations and materials from Trifacta, as determined by Trifacta in its sole discretion Trifacta may change the Fee for any Renewal Term by providing Customer not less than thirty (30) days prior notice. All fees paid under this Federal License Agreement (collectively "Fees") shall be payable in U.S. dollars and are due within thirty (30) days of Trifacta's invoice. Excluding taxes based on Trifacta's income, Customer is liable for all taxes, duties and customs fees associated with the Fees, whether or not Trifacta invoices Customer for such taxes, duties or customs fees. Past due accounts shall be charged interest on a monthly basis, calculated at one and one-half percent (1.5%) per month of the unpaid balance or the maximum rate allowable by law. Except as otherwise expressly provided in this Federal License Agreement, Customer shall not be entitled to any refund of any Fees paid for the Trifacta Software and/or the Trifacta Services.

3. TERM AND TERMINATION. The term of this Federal License Agreement shall commence on the earlier of the date this Federal License Agreement is accepted by the Customer or the date Customer installs or otherwise accesses the Trifacta Software (the "Effective Date") and shall continue for the term set out on the Trifacta Order Form executed by Customer , subject to termination as set forth in this Section 3. This Agreement may be terminated by Trifacta pursuant to FAR 52.212-4 and the Contract Disputes Act, 41 U.S.C. §§ 601-613, provided that Trifacta may request cancellation or

termination of this Agreement if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolutions process. Upon any expiration or termination of this Federal License Agreement: (a) all licenses and rights granted by Trifacta to Customer hereunder shall terminate; and (b) Customer will cease all use of the Trifacta Software; and (c) and Customer shall immediately return to Trifacta the Trifacta Software and any Trifacta Confidential Information subject to the requirements of the Freedom of Information Act, 5 U.S.C. §552. The provisions of Sections 1.3, 2, 2.1, 4, 5, 6 and 7 shall survive and remain effective after the effective date of termination or expiration of this Federal License Agreement.

#### 4. INDEMNIFICATION.

4.1 Indemnification by Trifacta. Trifacta shall defend Customer (including payment of attorneys' fees, expert fees and court costs) from any third party claims that the Trifacta Software and/or the Trifacta Solution infringe any patent, copyright or other proprietary right and shall indemnify Customer from any amounts assessed against Customer in a resulting judgment or amounts to settle claims. If Customer's use of the Trifacta Software and/or the Trifacta Solution is (or in Trifacta's opinion is likely to be) enjoined, Trifacta may terminate this Federal License Agreement and Customer's right to use the Trifacta Software and the Trifacta Solution. Trifacta shall have no obligations under this Section to the extent any infringement claim is based on: (a) any modification or alteration to the Trifacta Software or the Trifacta Solution not made by Trifacta; (b) any combination or use of the Trifacta Software or the Trifacta Solution with products or services not approved by Trifacta in writing; (c) Customer's continuance of allegedly infringing activity after being notified thereof; and/or (d) use of the Trifacta Software or the Trifacta Solution not in accordance with the terms of this Federal License Agreement. The remedies set forth in this Section constitute Customer's sole and exclusive remedies, and Trifacta's entire liability, with respect to infringement or misappropriation of third-party intellectual property.

4.2 Indemnification by Customer. Customer shall defend Trifacta (including payment of attorneys' fees, expert fees and court costs) from any third-party claims arising out of any breach by Customer of this Federal License Agreement.

4.3 Conditions of Indemnification. Each party's indemnification obligations under this Section 4 are conditioned on (a) prompt written notice of any claim; (b) the ability to control and direct the defense or settlement of any claim; and (c) all reasonable assistance in connection with the defense or settlement of any claim.

#### 5. DISCLAIMER; LIMITATION OF LIABILITY.

5.1 TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE TRIFACTA SOFTWARE AND ANY MATERIALS OR SERVICES PROVIDED BY TRIFACTA ARE PROVIDED WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF TITLE OR IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE. TRIFACTA DOES NOT GUARANTEE THAT THE TRIFACTA SOFTWARE, DOCUMENTATION OR SERVICES WILL MEET CUSTOMER'S REQUIREMENTS. TRIFACTA AND ITS SUPPLIERS DO NOT WARRANT THE RESULTS OF USE OF THE TRIFACTA SOFTWARE ARE BUG/ERROR FREE OR THAT ITS USE WILL BE UNINTERRUPTED. EXCEPT FOR TRIFACTA'S OBLIGATIONS UNDER SECTION 4 OF THIS FEDERAL LICENSE AGREEMENT, (A) CUSTOMER'S SOLE REMEDY AND TRIFACTA'S SOLE LIABILITY FOR ANY BREACH OF THIS FEDERAL LICENSE AGREEMENT SHALL BE TO TERMINATE THE AGREEMENT, CEASE ALL USE OF THE TRIFACTA SOFTWARE AND THE TRIFACTA SERVICES; AND IMMEDIATELY RETURN TO TRIFACTA THE TRIFACTA SOFTWARE AND THE TRIFACTA SERVICES, ALL DUPLICATES, AND ANY TRIFACTA CONFIDENTIAL INFORMATION SUBJECT TO THE REQUIREMENTS OF THE FREEDOM OF INFORMATION ACT, 5 U.S.C. §552.

5.2 EXCLUDING CUSTOMER'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS AGREEMENT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. §§ 3729-3733, (A) IN NO EVENT SHALL TRIFACTA BE LIABLE FOR CONSEQUENTIAL, EXEMPLARY, PUNITIVE, INCIDENTAL, INDIRECT OR SPECIAL DAMAGES OR COSTS, INCLUDING LOST PROFITS OR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS, WHETHER OR NOT IT HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES OR COSTS; AND (B) IN NO EVENT WILL THE

AGGREGATE LIABILITY OF TRIFACTA UNDER THIS AGREEMENT (UNDER ANY THEORY OF LIABILITY) EXCEED THE FEES RECEIVED BY TRIFACTA FROM CUSTOMER IN THE TWELVE (12) MONTH PERIOD PRIOR TO THE CLAIM, WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE.

6. CONFIDENTIAL INFORMATION. Customer acknowledges that it may receive from Trifacta confidential information relating to Trifacta. That information shall belong solely to Trifacta and includes, but is not limited to, the terms of this Federal License Agreement and other technical, business, marketing and financial information, and any data not previously known that could reasonably be considered confidential or proprietary (“Confidential Information”). Confidential Information shall not include information which: (i) is already known to Customer prior to disclosure by Trifacta; (ii) becomes publicly available without fault of Customer; (iii) is rightfully obtained by Customer from a third party without restriction as to disclosure; or (iv) is approved for release by written authorization of Trifacta. During and after the term of this Federal License Agreement, Customer shall: (y) not use (except as expressly authorized by this Federal License Agreement) or disclose Confidential Information without the prior written consent of Trifacta; and (z) take all reasonable measures to maintain the Confidential Information in confidence. Information shall not be deemed confidential if it becomes public without breach of this Federal License Agreement by Customer. The Trifacta Software and all technical information relating thereto shall be considered Confidential Information of Trifacta. Customer may disclose Confidential Information to the extent required by law, provided that Customer gives Trifacta reasonable advance notice of the required disclosure and the opportunity to obtain appropriate confidential treatment for the Confidential Information. Trifacta may disclose aspects of this Federal License Agreement to its licensors to the extent required under the agreement with the licensor. Trifacta will be free to use any data, metadata and information it so collects relating to the Trifacta Software and may allow others to do so. Trifacta acknowledges that Customer’s obligations pursuant to Section 6 are subject to the Freedom of Information Act, 5 U.S.C. §552 as well as any relevant order of a United States Federal Court.

## 7. GENERAL:

7.1 Compliance with Laws; Export Control. Customer shall use the Trifacta Software in compliance with all applicable laws, statutes, rules and regulations. Except as expressly permitted in this Federal License Agreement, Customer shall not export or import the Trifacta Software (including any Documentation) or any technical information provided under this Federal License Agreement.

7.2 Assignment. Neither this Agreement, nor any rights, licenses or obligations hereunder, may be assigned by Customer except pursuant to FAR Clause 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements.

7.3 U.S. Government End-Purchaser. As defined in FAR section 2.101, DFAR section 252.227-7014(a)(1) and DFAR section 252.227-7014(a)(5) or otherwise, all Trifacta Software and Trifacta Services and accompanying documentation provided by Trifacta are “commercial items,” “commercial computer software” and/or “commercial computer software documentation.” Consistent with DFAR section 227.7202 and FAR section 12.212, any use, modification, reproduction, release, performance, display, disclosure or distribution thereof by or for the U.S. Government shall be governed solely by these terms and shall be prohibited except to the extent expressly permitted by these terms.

7.4 Marketing. Customer consents to Trifacta’s use of Customer name and logo and general description of Customer’s relationship with Trifacta in press releases and other marketing materials and appearances.

7.5 Miscellaneous. Should any term of this Federal License Agreement be declared void or unenforceable by any court of competent jurisdiction, that provision shall be modified, limited or eliminated to the minimum extent necessary and the declaration shall have no effect on the remaining terms hereof, which shall continue in full force and effect. The failure of either party to enforce any rights granted hereunder or to take action against the other party in the event of any breach hereunder. This Agreement shall be governed by and construed in accordance with the laws of the United States, the FAR, the Contracts Disputes Act 41 U.S.C. §§ 7101-7109 and, to the extent not limited by the foregoing, the State of California. This Federal License Agreement sets forth the entire

agreement of the parties with respect to the subject matter contained herein, and no oral or written statement or representations not contained in this Federal License Agreement shall have any force or effect. Customer's representative identified herein represents and warrants that he/she has the authority to bind Customer to the terms herein. This Federal License Agreement may be amended only upon the written consent of both parties. In the event the parties enter into, or have entered into a formal written agreement, including, without limitation an agreement which the parties have electronically signed, the terms of that agreement shall control over the terms of this Federal License Agreement.

BY SIGNING AN ORDER REFERENCING, OR BY OTHERWISE MANIFESTING AGREEMENT TO THIS END USER ACCESS AGREEMENT (THE “**END USER ACCESS AGREEMENT**” AND ALONG WITH ALL ORDERS, THE “**AGREEMENT**”) ON BEHALF OF THE ORDER ACTIVITY INDICATED BY YOU AT THE TIME OF ACCEPTANCE (“**GOVERNMENT**”) YOU ARE HEREBY AGREEING TO THIS END USER ACCESS AGREEMENT ON BEHALF OF GOVERNMENT. IN DOING SO THE YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO BIND GOVERNMENT TO THESE END CLIENT TERMS AND CONDITIONS AND THE AGREEMENT. THE AGREEMENT IS BY AND BETWEEN GOVERNMENT AND WORKIVA INC. (“**PROVIDER**”).

**1.0 Services.** Provider agrees to provide the Subscription Services and Professional Services (collectively referred to herein as, the “**Services**”) as set forth in this End User Access Agreement and the applicable ordering document (an “**Order**”) entered into by Provider and Government.

**1.1 Subscription Services.**

(a) Beginning on the start date set forth in the applicable Order (the “**Start Date**”), Provider agrees to provide Government with access to the Software set forth in the applicable Order (“**Subscription Services**”), and accordingly Provider hereby grants to Government and its employees or third party representatives (“**Representatives**”), a non-exclusive, non-transferable, worldwide right to access, use, and display the Software in connection with the Subscription Services. Users will be determined on a named user basis rather than on a concurrent user or shared user basis; provided that Government may reassign different individuals on a reasonable basis (e.g., an employee changes positions or leaves Government’s employ). Government is responsible for each of its Representative’s acts and omissions.

(b) “**Documentation**” means the manuals, specifications, and other materials describing the functionality, features, and operating characteristics of the Software, available at <https://success.wdesk.com/help>, including any updates thereto. “**Third Party Software**” means software and services authored by a third party, including, the Google App Engine and Amazon Web Services.

(c) Government may add Representatives, or additional Software features (“**Add-Ons**”) to Government’s Software account via the administrative tools; provided that, to the extent Government has exceeded the scope of the applicable Order, Provider may invoice Government for associated Fees for such Add-Ons. Such Fees will be calculated based upon the previously agreed upon pricing set forth in the applicable Order and the remainder of months in the Subscription Term beginning on the first day of the calendar month in which such Add-On is added.

(d) Over the course of the Agreement Term Provider may introduce new features, functionality, software, or user types, that are only available under a different pricing model or on a version of Software other than the version Government currently accesses (“**New Features**”). In the event Government desires to access and use New Features Provider reserves the right, in its sole discretion, to update Government’s Software account, version, or pricing model to facilitate Provider’s provision of such New Features. Provider otherwise reserves the right to update Government’s Software so that it remains current with the then current version available to Provider’s customers generally.

**1.2 Professional Services.** As set forth in the applicable Order, Provider will provide professional services such as setups, trainings, and other professional services (“**Professional Services**”). To the extent any such Professional Services are performed at Government’s facilities (“**Onsite Services**”) the following terms shall apply:

(a) The Onsite Services will be scheduled following Provider’s receipt of a fully executed Order. To the extent Government requires a purchase order, Government shall insert any associated reference number in the Billing Contact Section of the Order. Upon receipt of a fully executed Order and purchase order, the parties will determine and finalize scheduling for the Onsite Services. Scheduling will be based upon the Government’s schedule, preferences, requirements, and the availability of Provider’s resources; provided, however, that the onsite services will be conducted onsite at a Government facility during normal business hours, Monday through Friday, between 8:30 a.m. and 5:30 p.m. local Government time, and remotely via telephone and internet.

(b) Subject to the parties’ mutually agreed upon start date for Onsite Services Provider has the sole discretion to set the travel schedule of its personnel, on a reasonable basis (e.g., avoiding weekend or after hours travel). Portions of the Onsite Services may be performed remotely. Provider shall not be liable for delays that arise out of Government’s negligent acts or omissions, or by Government’s breach of the Agreement.

(c) Government agrees to reasonably cooperate with Provider until the Onsite Services are successfully completed. Government provides Provider with a single point of contact who will receive all communications regarding the Onsite Services; failure to provide a single point of contact may result in an increase or change to the onsite services scope, quote, and/or length. The contact must have the authority to act for Government in all aspects of the onsite services, including but not limited to bringing issues to the attention of the appropriate persons within Government’s organization and resolving conflicting requirements. Additionally, the contact will (a) ensure that any communications between Provider and Government, including scope related questions or requests, are made through the appropriate Provider personnel, (b) provide timely access to technical and business points of contact, and required data/information for matters related to the scope of the onsite services; ensure attendance by key Government contacts at Government meetings and presentations, (c) obtain and provide project requirements, information, data, decisions, and approvals within one (1) working day of Provider’s request, unless both parties agree to a different response time, and (d) ensure that Provider personnel have reasonable and safe access to the Onsite Services site, internet connectivity, a safe working environment, adequate office space, and appropriate conference room facilities (including projector and whiteboard access) for meetings. Government must inform Provider of all access issues, required security measures, and provide access to all necessary facilities. Government will back up its files and Data prior to Provider’s commencement of the Onsite Services.

(d) Government will be invoiced for the Onsite Services as set forth in the Order. Fees and expenses associated with the Onsite Services shall be paid as set forth in the Order and in accordance with the terms and conditions of the Agreement. For the avoidance of doubt, any expenses related to the Onsite Services are included in the relevant Hourly Rate.

(e) The parties acknowledge that each party retains sole ownership in its intellectual property, and that any deliverables or transfer of ownership in intellectual property shall be specifically addressed in the relevant Order.

(f) The "Change Control Process" is the process that governs changes to the scope of the Onsite Services. A written Change Order will be the vehicle for communicating any desired changes to the Onsite Services. The "Change Order" will describe any proposed changes to the Onsite Services' scope, pricing, resources, and tasks; the reason for the change(s); related assumptions and Government responsibilities; and the schedule and price impacts of the change. Provider will draft the Change Order based on discussions with Government. Only changes included in a Change Order signed by both Government and Provider referencing the Agreement and the applicable Order will be implemented. In some cases, a Change Order will authorize Provider to study the impacts that a proposed change will have in terms of required changes to the Onsite Services' scope, schedule, and price. If, upon completion of the study, Government agrees to proceed with an identified scope change, Provider will draft a separate Change Order to detail the specifics associated with that change.

## 2.0 Support; Security; Data.

**2.1 Support.** As a part of the Subscription Services, Provider shall provide Government with support as set forth in the applicable Order.

**2.2 Security.** As a part of the Subscription Services, Provider shall maintain appropriate administrative, physical, and technical safeguards for the security, confidentiality and integrity of any data or information inputted, edited, authored, generated, managed, or otherwise submitted by Government or its Representatives into Government's subscription account (the "Data"). In the event Provider learns that there has been unauthorized access to or unauthorized acquisition or misuse of the Data on Provider's systems or premises (a "Security Event"), Provider will promptly give notice to Government, unless prohibited by law. Upon the occurrence of a Security Event, Provider shall (a) promptly take such steps it reasonably deems appropriate to contain and control the Security Event to prevent further unauthorized access to or misuse of the Data, as applicable, and (b) unless prohibited by law, continue to provide periodic updates relating to the investigation and resolution of the Security Event to Government until it has been resolved. Unless prohibited by law and subject to the other provisions herein, Provider will, upon reasonable request, cooperate with Government in investigating each Security Event, including providing reasonably requested information regarding the nature, investigation, or resolution thereof.

**2.3 Other Responsibilities.** Provider shall not modify, disclose (except as compelled by law in accordance with Section 5.4, to perform Services or as expressly permitted in writing by Government), or access (except to provide or improve the Software or Subscription Services and prevent or address service or technical problems, or at Government's request in connection with Support) the Data. Provider and its service providers may not otherwise collect, use, disclose, or utilize the Data. Provider shall provide the Subscription Services in accordance with applicable laws and government regulations. Except as otherwise agreed in writing, Government is responsible for the accuracy, truthfulness, consistency, completeness, and any output from the Software, and consents to use of all Data in accordance with the Agreement, and Provider will neither have the responsibility to review, nor any liability as to the accuracy of, any information or content posted by Government or its Representatives. Government's and its Representatives' use of the Software will comply with applicable local, state, Federal and international law, regulations and conventions, including without limitation those related to data privacy, international communications and the exportation of technical or personal data. Government represents and warrants to Provider that Government has sufficient rights in the Data to authorize Provider to process, distribute and display the Data as contemplated by the Agreement, and that the Data and its use hereunder will not violate or infringe the rights of any third party.

**2.4 Web Analytics.** Google Inc., Amazon Web Services, Inc., and Workiva Inc. ("Cloud Hosting Providers") are included in the provision of the Subscription Services. Provider and its Cloud Hosting Providers may record and collect information related to Government's subscription account activity (e.g., typical web analytics, which includes latency, packet size, hops, and source destination) in the course of providing the Subscription Services, but may only use such information to improve the Subscription Services and/or fulfill its rights and obligations under the Agreement. Collection of such information by Cloud Hosting Providers is not individually linked to Government or its Representatives, is de-identified, and is aggregated across all of Provider's customers. Any use of such information is subject to the terms of Section 5.

**3.0 Fees; Payment.** Government shall pay Provider the fees associated with the Services ("Fees") as set forth below.

**3.1 Invoicing.** Government shall (subject to anything contrary in the applicable Order) pay all Fees for Subscription Services prior to each upcoming renewal therefore and no later than thirty (30) days from receipt of invoice. In the event Provider is providing Professional or Onsite Services, Government shall make payment as set forth in the applicable Order or statement of work.

**3.2 Taxes.** Provider shall state separately on invoices taxes excluded from the fees, and the Government agrees either to pay the amount of the taxes or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**3.3 [Reserved]**

**4.0 Term; Termination.**

**4.1 Agreement & Subscription Term; Effect of Termination.** The Agreement begins on the date Government enters into this End User Access Agreement as set forth in the preamble above, or the date on the first Order between the parties hereto, whichever is earlier, and shall continue until all Orders and associated with the Agreement have expired or have otherwise been terminated (the "**Agreement Term**"), subject to Section 11.8. Unless otherwise specified in an Order, Subscription Services will begin on the Start Date in the applicable Order and remain in effect for the period specified therein (the "**Subscription Term**"). Upon any expiration or termination of the Agreement, Provider will cease providing Subscription Services and Government and its Representatives shall cease any and all use of the Software.

**4.2 Survival.** Neither expiration nor termination of the Agreement will terminate those obligations and rights of the parties pursuant to provisions of the Agreement which by their express terms are intended to survive and such provisions will survive the expiration or termination of the Agreement. Without limiting the foregoing, Sections 4.2, 5, 6, 8, 10, and 11 shall survive any expiration or termination of the Agreement.

## **5.0 Confidentiality.**

**5.1 Confidential Information.** In connection with the Agreement, each of the parties may disclose to the other party information that relates to the disclosing party's or disclosing party's Governments' business operations, financial condition, Governments, products, services, or technical knowledge ("**Confidential Information**"). Except as otherwise specifically agreed in writing, each party agrees that: (a) all information communicated to it by the other in connection with the Agreement and identified as confidential, (b) any information exchanged between the parties in connection with Government's purchase of Services, and (c) all information communicated to it that reasonably should have been understood by the receiving party, because of confidentiality, descriptions or similar legends, the circumstances of disclosure or the nature of the information itself, to be confidential to the disclosing party, will be Confidential Information and will be deemed to have been received in confidence and will be used only for purposes of the Agreement. Provider Confidential Information includes the Software, Services, development plans, and any security specifications, reports or assessments related to the Software, Provider or its Cloud Hosting Providers. Government Confidential Information includes the Data. Provider recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor.

**5.2 Standard of Care; Third Parties.** Each party will use at least the same degree of care to safeguard and to prevent disclosing to third parties the Confidential Information of the other as it employs to avoid unauthorized disclosure or publication of its own information of a similar nature, and in any event, no less than reasonable care. Each party may disclose relevant aspects of the other party's Confidential Information to its employees to the extent such disclosure is reasonably necessary for the performance of its obligations, or the enforcement of its rights, under the Agreement; provided, however, that such party will use reasonable efforts to ensure that all such persons comply with these confidentiality provisions. Each party may disclose the other party's Confidential Information to third parties provided that such third parties are subject to written confidentiality obligations at least as restrictive as those set forth in this End User Access Agreement. Third parties are restricted to using the Confidential Information for the sole purpose of providing the contracted services to the party. Each party will be responsible for any improper disclosure of Confidential Information by such party's employees, agents, or contractors.

**5.3 Preclusions on Use.** Neither party will use, or make any copies of, the Confidential Information of the other party except to fulfill its rights and obligations under the Agreement. Neither party may withhold the Confidential Information of the other party or refuse for any reason (including due to the other party's actual or alleged breach of the Agreement) to promptly return or destroy, as the other party may direct, to the other party its Confidential Information (including copies thereof) if requested to do so. Subject to the foregoing confidentiality obligations, either party may retain copies of the Confidential Information of the other party to the extent required to document its performance or for compliance with applicable laws or regulations.

**5.4 Exclusions; Permitted Use.** This Section 5 will not apply to any particular information that either party can demonstrate (a) was, at the time of disclosure to it, in the public domain, (b) after disclosure to it, is published or otherwise becomes part of the public domain through no fault of the receiving party, (c) was in the possession of the receiving party at the time of disclosure to it and was not the subject of a pre-existing confidentiality obligation, (d) was received after disclosure to it from a third party who had a lawful right to disclose such information (without corresponding confidentiality obligations) to it, or (e) was independently developed by or for the receiving party without use of the Confidential Information of the disclosing party. In addition, a party will not be considered to have breached its obligations under this Section 5 for disclosing Confidential Information of the other party to the extent required to satisfy any legal requirement of a competent governmental or regulatory authority, provided that promptly upon receiving any such request, and to the extent it is legally permissible, such party advises the other party prior to making such disclosure and provides a reasonable opportunity to the other party to object to such disclosure, take action to ensure confidential treatment of the Confidential Information, or (subject to applicable law) take such other action as it considers appropriate to protect the Confidential Information.

## **6.0 Ownership; Usage Restrictions.**

**6.1 Provider Ownership.** Provider retains all ownership of and title to, and all intellectual property rights in, the Software, Services, and all software, equipment, processes, facilities, and materials utilized by or on behalf of Provider to provide the same, including all patents, trademarks, copyrights, trade secrets, and other property or intellectual property rights. Government acknowledges and agrees that Provider shall own all right, title and interest in and to any modifications, changes, expansions, improvements to, or works based on, the Software, without any other or subordinate right whatsoever being held by Government. Government shall acquire no rights in the Software other than those limited rights of use specifically conferred by the Agreement. Government may not create derivative works based upon the Software, or Services in whole or in part, or develop or request third parties to develop or modify any software based on ideas, processes, or materials incorporated therein. Government shall not delete, remove, modify, obscure, fail to reproduce, or in any way interfere with any proprietary, trade secret, or copyright notice appearing on

or incorporated in the Software. All rights related to the Software, or Services that are not expressly granted to Government under the Agreement are reserved by Provider.

**6.2 Government Ownership.** With the exception of a license granted to Provider to use the Data solely for the purpose of performing Services, Provider acquires no right, title, or interest from Government or its Representatives to the Data, including any intellectual property rights therein. Subject to the Agreement, Government, its Representatives and each of its Affiliates hereby grant Provider a limited, royalty-free, fully-paid up, non-exclusive and non-transferable license to process the Data in the United States (unless otherwise stated on an Order) solely as necessary to provide the Services for Government's and such Affiliates' benefit as provided in the Agreement (and as otherwise instructed by Government or a Representative) for so long as Government or any Representative uploads or stores such Data in the Software.

**6.3 Usage Restrictions.** Unless expressly agreed otherwise in the applicable Order, Government may access and use the Software for Government's business use only, and not for the benefit of, or to provide services to, any third party. The rights granted to Government under the Agreement may not be sold, resold, assigned (except as set forth in Section 11.3), leased, rented, sublicensed, or otherwise transferred or made available for use by third parties, in whole or in part, by Government without Provider's prior written consent. Government shall not gain or attempt to gain unauthorized access to any portion of the Software, or its related systems or networks, for use in a manner that would exceed the scope granted under the Agreement, or facilitate any such unauthorized access for any third party. If any unauthorized access occurs, Government shall promptly notify Provider of the incident and shall reasonably cooperate in resolving the issue. Government shall not reverse engineer, decompile, or disassemble any Software or otherwise attempt to discover the source code thereof or permit any third party to do so. Government shall not attempt to disable or circumvent any security measures in place. Government may not knowingly reproduce or copy the Software, in whole or in part. Government shall not modify, adapt, or create derivative works of the Software. Government shall not use the Software to store or transmit libelous or otherwise unlawful or tortious material or any material in violation of third party privacy rights. Government shall not knowingly interfere with or disrupt the integrity or performance of the Software or third party data contained therein.

## **7.0 Subcontracting.**

**7.1 Use of Subcontractors.** Provider may, at its discretion, use contractors, agents, service providers, third parties, or consultants ("**Subcontractor**"), who are not a party to the applicable Order as follows:

(a) Provider may subcontract various Professional Services to third parties to the extent the Government agrees upon such Subcontractor in the applicable Order for Services.

(b) Provider's use of the Cloud Hosting Providers for the purpose of providing the Subscription Services.

(c) Except as permitted in Section 7.1(a) or (b) Provider will not subcontract for performance of, or delegate any of its responsibilities under, this Agreement without first obtaining the prior written approval of Government. When seeking approval, Provider will give Government reasonable prior written notice specifying the components of the Services affected, the scope of the proposed subcontract, the identity and qualifications of the proposed Subcontractor and the results of any due diligence carried out with regard to the proposed Subcontractor.

(d) Subcontractors must be identified on the applicable Order in which Provider intends to use that Subcontractor. With the exception of the Cloud Hosting Providers Government may approve or reject proposed Subcontractors in its sole discretion.

**7.2 Provider Responsibility.** Provider will require and cause its Subcontractors to comply with all relevant terms of this Agreement and will be responsible for any failure of its Subcontractors to so comply. Provider must monitor its Subcontractors' performance of any obligations under this Agreement or any Order and report to Government on such performance as Government may request. Provider will remain responsible for obligations performed by Subcontractors to the same extent as if such obligations were performed by Provider, and for all other acts and omissions of its Subcontractors. Provider will be Government's sole point of contact regarding the Software, including with respect to payment. Nothing in this Agreement creates any contractual relationship between Government and any Subcontractor, or any obligation on the part of Government to pay or to ensure the payment of any money due any Subcontractor.

## **8.0 Warranties.**

**8.1 Provider Representations and Warranties.** Provider warrants (a) that the Software will perform materially in accordance with the Documentation and the Agreement, (b) to use best efforts to correct material defects that are reported by Government or its Representatives as further set forth in the Service Levels (if a malfunction is due to a problem with Government hardware or software, Provider will so inform Government and it will be Government's responsibility to obtain and pay for any repairs or modifications required for such Government hardware or software), (c) the Services will be performed in a timely, professional, and workmanlike manner with a level of care, skill, practice, and judgment consistent with commercially reasonable industry standards and practices for similar services, using personnel with the requisite skill, experience, and qualifications, and will devote adequate resources to meet Provider's obligations under the Agreement, (d) the Documentation will be reasonably updated so that it continues to describe the Software and Subscription Services in all material respects, and (e) to the best of its knowledge, the Software does not contain code whose purpose is to disrupt, damage, or interfere with Government systems, software, or the Data. THIS AGREEMENT DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(O). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 U.S.C. 7101-7109.

**8.2 Government Acknowledgements.** Government accepts responsibility for selection of the Services to achieve Government's intended results. Government is solely responsible for obtaining all necessary rights and consents to enter the Data into the Software and hereby warrants that providing the Data to Provider under the Agreement will not violate or infringe the rights of any third party.

**9.0 Indemnification by Provider.** Provider shall defend, indemnify and hold Government harmless from and against any damages arising out of third party claims alleging that the Software or Subscription when used as authorized under this Agreement infringes a patent, copyright, or trademark, including costs awarded or agreed in settlement by Provider (including reasonable attorneys' fees) resulting from such claim, provided that Provider shall have received from Government: (1) prompt written notice of such claim (but in any event notice in sufficient time for Provider to respond without prejudice); (2) the right to control and direct the investigation, defense, and settlement (if applicable) of such claim, to the extent permitted under 28 U.S.C. §516; and (3) all reasonably necessary cooperation from Government. If Government's Subscription is (or in Provider's opinion is likely to be) enjoined, if required by settlement or if Provider determines such actions are reasonably necessary to avoid liability, Provider may, in its sole discretion: (a) substitute for the Software substantially functionally similar programs and documentation; (b) procure for Government the right to continue using the Software; or if (a) and (b) are not commercially reasonable, (c) terminate the Agreement and refund Government any pre-paid and unearned Subscription fees. The foregoing obligations of Provider shall not apply: (i) if the Software is modified by any party other than Provider, but solely to the extent the alleged infringement is caused by such modification; (ii) if the Software is combined with products or processes not provided or authorized by Provider, but solely to the extent the alleged infringement is caused by such combination; (iii) to any unauthorized use of the Software; (iv) to any unsupported release of the Software; (v) to any third-party code contained within the Software; or (vi) if Government settles or makes any admissions with respect to a claim without Provider's prior written consent. THIS SECTION 9.0 SETS FORTH PROVIDER'S AND ITS LICENSORS' SOLE LIABILITY AND GOVERNMENT'S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY CLAIM OF INTELLECTUAL PROPERTY INFRINGEMENT.

**10.0 Disclaimer; Limitation of Liability.**

**10.1** EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE SOFTWARE, INCLUDING WITHOUT LIMITATION THE THIRD-PARTY SOFTWARE, AND ALL SUBSCRIPTIONS, AND SUBSCRIPTION SERVICES ARE PROVIDED "AS IS". NEITHER PROVIDER NOR ITS LICENSORS MAKES ANY OTHER WARRANTIES, CONDITIONS OR UNDERTAKINGS, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT. GOVERNMENT MAY HAVE OTHER STATUTORY RIGHTS. HOWEVER, TO THE FULL EXTENT PERMITTED BY LAW, THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, SHALL BE SUBJECT TO THE LIMITED WARRANTY PERIOD.

**10.2** BUT FOR EITHER PARTY'S INDEMNIFICATION OBLIGATIONS UNDER SECTION 9.0, (I) NEITHER PARTY SHALL BE LIABLE FOR ANY LOSS OF USE, LOST DATA, FAILURE OF SECURITY MECHANISMS, INTERRUPTION OF BUSINESS, OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND (INCLUDING LOST PROFITS OR COSTS OF COVER), REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE, AND (II) EACH PARTY'S ENTIRE LIABILITY UNDER THIS AGREEMENT SHALL NOT EXCEED THE FEES PAID OR OWED BY GOVERNMENT TO PROVIDER FOR SUBSCRIPTION SERVICES DURING THE TWELVE (12) MONTHS PRECEDING THE DATE ON WHICH THE CLAIM FIRST ACCRUED.

**10.3** THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR NOR PREJUDICE THE U.S. GOVERNMENT'S RIGHT TO EXPRESS REMEDIES PROVIDED IN THE GSA SCHEDULE CONTRACT (E.G., CLAUSE 552.238-75 – PRICE REDUCTIONS, CLAUSE 52.212-4(H) – PATENT INDEMNIFICATION, AND GSAR 552.215-72 – PRICE ADJUSTMENT – FAILURE TO PROVIDE ACCURATE INFORMATION).

**11.0 Miscellaneous.**

**11.1 Notice.** Any notice or demand which is required to be given under the Agreement will be deemed to have been sufficiently given and received for all purposes when delivered by hand, confirmed electronic transmission, or nationally recognized overnight courier, or five (5) days after being sent by certified or registered mail, postage and charges prepaid, return receipt requested, to the address, facsimile number, or the e-mail address identified in the applicable Order, and to the attention of such other person(s) or officer(s) as either party may designate by written notice.

**11.2 Governing Law.** Without regard to its conflicts of laws principles, the Federal laws of the United States govern all matters arising under or relating to the Agreement.

**11.3 Assignment.** Neither party may assign the Agreement, or any of its interest herein, without the prior written consent of the other party, which consent may not be unreasonably withheld or delayed. The Agreement applies to and binds the permitted successors and assigns of the parties.

**11.4 Force Majeure.** Excusable delays shall be governed by FAR 52.212-4(f).

**11.5 [Reserved]**

**11.6 Government End-Users.** Provider provides the Subscription Services and Software, including related software and technology, for ultimate Federal government end use solely in accordance with the following: Government technical data and software rights related to the Software include only those rights customarily provided to the public as defined in this End User Access

Agreement. This customary commercial license is provided in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Software) and, for Department of Defense transactions, DFAR 252.227-7015 (Technical Data-Commercial Items) and DFAR 227.7202-03 (Rights in Commercial Computer Software or Computer Software Documentation). If any portion of the Software is deemed "non-commercial," the Services are licensed under the terms hereof and under the RESTRICTED RIGHTS set forth in the applicable FARs and DFARs (and the Government's use, duplication and disclosure rights are restricted as set forth therein). If a Government agency has a need for rights not conveyed under these terms, it must negotiate with Provider to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement.

**11.7 [Reserved]**

**11.8 [Reserved]**

**11.9 General.** The Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist and Government Purchase Order(s), supersedes all previous discussions, negotiations, understandings, and agreements between the parties with respect to its subject matter. No oral statements or material not specifically incorporated herein will be of any force and effect. No changes in or additions to this End User Access Agreement will be recognized unless incorporated herein by amendment and signed by duly authorized representatives of both parties. The Agreement will not be construed against either party as the purported drafter. The waiver by either party of a breach or violation of any provision of the Agreement will not operate as, or be construed to be, a waiver of any subsequent breach of the same or any other provision hereof. In the event any provision of the Agreement is held to be unenforceable for any reason, the unenforceability thereof will not affect the remainder of the Agreement, which will remain in full force and effect and enforceable in accordance with its terms. With respect to any unenforceable provision, the court shall deem the provision modified to the extent necessary, in such adjudicator's opinion, to render such term or provision enforceable, and the rights and obligations of the parties will be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties set forth herein. Headings in this End User Access Agreement shall not be used to interpret or construe its provisions. The following order of precedence will be followed in resolving any inconsistencies between the terms of this End User Access Agreement and the terms of any Orders, exhibits, statements of work, or other documents: first, terms contained in an Order; second, the Sections 1 - 11 in of this End User Access Agreement, including any referenced URLs (which may give priority to Orders for certain purposes); and third, the terms of any other documents referenced in any of the foregoing.

**STREAMSETS, INC.  
MASTER SUBSCRIPTION AGREEMENT  
(FEDERAL END USER – GSA SCHEDULE)**

<b>Customer Name</b>	<b>The Ordering Activity is identified on the Federal order to the prime contractor</b>
<b>Agreement No.</b>	
<b>Effective Date</b>	<b>As set forth in the order to the prime contractor</b>

AGREEMENT

This Master Subscription Agreement (“**Agreement**”) is entered into by and between StreamSets, Inc. (“**StreamSets**”) and the eligible Ordering Activity placing an order under the GSA Schedule contract specified on the order (“Order Form”) to the “**Customer**” or “Ordering Activity” and is effective as of the date specified on the order (the “**Effective Date**”). The Agreement consists of the terms and conditions set forth below and any attachments or exhibits identified below.

This Agreement sets forth the basic terms and conditions under which Products (as defined below) and Professional Services (as defined below) will be provided to Customer. This Agreement shall govern Customer’s initial purchase on the Effective Date as well as any future purchases made by Customer under a prime contract that references this Agreement.

OVERVIEW

StreamSets Products are designed to enable Customer to configure, run, manage and monitor Data Pipelines between Customer’s selected Endpoints. Customer configures Data Pipelines using Data Tools and views and analyzes Customer Metadata collected from Data Pipelines using Management Tools. Data Tools are deployed as Software, while Management Tools may be deployed as Software or used as a Service. StreamSets may receive Customer Metadata or Usage Data through operation of the Products but does not receive any of Customer’s Pipeline Data.

---

**1. DEFINITIONS**

“**Customer Metadata**” means technical data relating to Customer’s use of the Service (such as Endpoint identities, Data Pipeline configurations or number or size of records, error rate, throughput, memory utilization or other attributes of Customer’s Pipeline Data) or otherwise collected by the Service or submitted by or on behalf of Customer to the Service. Customer Metadata excludes Pipeline Data or Usage Data.

“**Customer Systems**” means computers, servers, hardware or other systems (whether real or virtual) controlled by, or operated for the benefit of, Customer.

“**Data Pipeline**” has the meaning set forth in Section 3.1 (Configuration of Data Pipelines).

“**Data Tools**” means Software which, among other features, configures and runs Data Pipelines and collects Customer Metadata. As of the Effective Date, Data Tools include StreamSets Data Collector and SDC Edge.

“**Documentation**” means the technical user documentation provided with the applicable Product.

“**Endpoint**” means the origin or destination point for Pipeline Data.

“**Laws**” means all applicable local, state, federal and international laws, regulations and conventions, including, without limitation, those related to data privacy and data transfer, international communications and the exportation of technical or personal data.

“**Maintenance**” has the meaning set forth in Exhibit A (Support Policy).

“**Management Tools**” means Products other than Data Tools. As of the Effective Date, Management Tools include StreamSets Control Hub, Dataflow Performance Manager and Data Protector.

“**Pipeline Data**” means the data streaming through a Data Pipeline.

“**Products**” means the Software and Service.

“**Professional Services**” has the meaning set forth in Section 12 (Professional Services).

“**Scope of Use**” means any core, processor, node, Endpoint or other scope of use restrictions set forth in the applicable Order Form.

“**Service**” means the specific StreamSets proprietary software-as-a-service solution(s) identified on the applicable Order Form.

“**Software**” means the specific StreamSets proprietary software product(s), including any related software development kits, identified on the applicable Order Form. Software shall also include any Maintenance releases of the same Software product provided to Customer under this Agreement.

“**Support**” has the meaning set forth in Exhibit A (Support Policy).

“**Usage Data**” means technical, log, usage and other data related to Customer’s general use of a Product, such as the Product version and the number and running duration of active Data Pipelines (but excluding Customer Metadata or Pipeline Data).

**2. STREAMSETS PRODUCTS**

**2.1. Provision of Products.** Each Product is provided on a subscription basis for a set term designated on the Order Form (each, a “**Subscription Term**”). StreamSets may also offer Professional Services related to certain Products. Customer shall purchase and StreamSets shall provide the specific Products and related Professional Services (if any) as specified in the applicable Order Form.

**2.2. Deployment Model.** StreamSets offers certain Products as Software and certain Products as a Service. In the event the same Product is offered as either Software or a Service, Customer may use only the version (Software or Service) specified for Customer on the applicable Order Form. Customer may not convert between Software and Service versions of a Product, and StreamSets disclaims any warranty that the Products will operate in any particular deployment configuration other than as specified on an Order Form. For clarity, references in this Agreement to use of a Product not purchased by Customer do not apply to Customer. As of the Effective Date, Data Tools are offered only as Software and Management Tools are offered as either Software or as a Service.

**2.3. Access to the Service.** Subject to all of the terms and conditions of this Agreement, during the Subscription Term, Customer may access and use the Service solely for its own benefit, but only in accordance with (a) this Agreement, (b) the Documentation and (c) the Scope of Use. Use of and access to the Service is permitted only by employees of Customer (“**Permitted Users**”). If Customer is given passwords to access the Service, Customer shall require that all Permitted Users keep user ID and password information strictly confidential and not share such information with any unauthorized person. Customer shall be responsible for any and all actions taken using Customer’s accounts and passwords and for disabling access to the Service by any Permitted User who is no longer an employee of Customer.

**2.4. License to Software.** Subject to all of the terms and conditions of this Agreement, during the Subscription Term, StreamSets grants to Customer a non-transferable, non-sublicensable, non-exclusive license to install and use the object code form of the Software on Customer Systems solely for its own benefit, but only in accordance with (a) this Agreement, (b) the Documentation and (c) the Scope of Use. The Software may only be used by Permitted Users. For clarity, while StreamSets may separately make available software under open source license agreements (“**StreamSets Open Source**”), any Software provided under this Agreement is governed solely by the terms of this Agreement and not the terms of any open source license for StreamSets Open Source.

**2.4.1. Installation and Copies.** Customer may install Software on any Customer System for use and access by Permitted Users. Subject to any Scope of Use, Customer may make a reasonable number of copies of the Software, including for its back-up and archival purposes.

**2.5. Contractors and Affiliates.** Customer may permit its independent contractors and consultants who are not competitors of StreamSets (“**Contractors**”) and Affiliates (as defined below) to serve as Permitted Users, provided Customer remains responsible for compliance by each such Contractor or Affiliate with all of the terms and conditions of this Agreement and any such use of any Product by such Contractor or Affiliate is for the sole benefit of Customer. Use of any Product by the Affiliates, Contractors and Customer in the aggregate must be within the Scope of Use. “**Affiliate**” means any entity under the control of Customer where “control” means ownership of or the right to control greater than 50% of the voting securities of such entity.

**2.6. General Restrictions.** Customer shall not (and shall not permit any third party to): (a) provide access (including as a service) to any Product to a third party; (b) use any Product to provide or develop, or incorporate any Product into, any other

product or service; (c) reverse engineer, decompile, disassemble, or otherwise seek to obtain the source code, underlying ideas, algorithms, file formats or non-public APIs to any Product, except to the extent expressly permitted by applicable law (and then only upon advance notice to StreamSets); (d) copy or modify any Product or any Documentation, or create any derivative work from any of the foregoing; (e) remove or obscure any proprietary or other notices contained in any Product (including any reports or data printed from any Product); or (f) publicly disseminate information regarding the performance of any Product.

**2.7. Trial Subscriptions.** If Customer receives free access or a trial or evaluation subscription to the Product (a “**Trial Subscription**”), then Customer may use the Product in accordance with the terms and conditions of this Agreement for a period of thirty (30) days or such other period granted by StreamSets (the “**Trial Period**”). Trial Subscriptions are permitted solely for Customer’s internal testing and evaluation purposes. Certain Trial Subscriptions may include pre-release and beta products (“**Beta Releases**”). Trial Subscriptions may not include all functionality and features accessible as part of a paid Subscription Term, and Beta Releases may be inoperable, incomplete, or contain more errors and bugs than a generally available Product. StreamSets makes no promises that any Beta Releases will ever be made generally available. All information regarding the characteristics, features or performance of Beta Releases constitutes StreamSets’ Confidential Information. If Customer does not enter into a paid Subscription Term, this Agreement and Customer’s right to access and use the Product will terminate at the end of the Trial Period. StreamSets has the right to terminate a Trial Subscription at any time for any reason. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, STREAMSETS WILL HAVE NO WARRANTY, INDEMNITY, DATA ARCHIVING, OR SUPPORT OBLIGATIONS WITH RESPECT TO TRIAL SUBSCRIPTIONS.

**2.8. Delivery of Software and Documentation.** All Software and Documentation shall be delivered by electronic means unless otherwise specified on the applicable Order Form.

### 3. DATA PIPELINES

**3.1. Configuration of Data Pipelines.** Data Tools enable Customer to configure and run processes that transport Pipeline Data between Endpoints (a “**Data Pipeline**”). Endpoints may be (a) internal to Customer or (b) services or data sources provided by third parties. Customer must have its own valid accounts for third-party Endpoints and is solely responsible for complying with any terms of service, privacy policies or other agreements governing third-party Endpoints (“**Third-Party Endpoint Terms**”). StreamSets is not responsible or liable for any Endpoints. The Endpoints supported by the Products are specified in the Documentation, however Customer acknowledges and agrees that StreamSets’ ability to maintain integrations with such Endpoints is dependent on the providers of such Endpoints enabling such integrations. StreamSets may disable previously supported Endpoints at any time, provided that StreamSets will use reasonable efforts to provide advance notice of such disablement via updates to the Documentation where practicable.

**3.2. No StreamSets Access to Pipeline Data.** Customer acknowledges that Data Tools are deployed only within Customer Systems and that no Pipeline Data is transmitted, stored or processed by the Service or StreamSets. StreamSets has no responsibility or liability for Pipeline Data, including for security. For clarity, whether a Management Tool is deployed as Software

or used as a Service, all Pipeline Data remains in Customer Systems and is not transmitted to StreamSets.

#### 4. DATA

**4.1. Rights in Customer Metadata.** As between the parties, Customers shall retain all right, title and interest (including any and all intellectual property rights) in and to the Customer Metadata. Subject to the terms of this Agreement, Customer hereby grants to StreamSets a non-exclusive, worldwide, royalty-free right to use, copy, store, transmit, modify, create derivative works of and display the Customer Metadata solely to the extent necessary to provide the Service to Customer.

**4.2. Archives and Backups of Customer Metadata.** StreamSets does not provide an archiving service. StreamSets agrees only that it shall not intentionally delete any Customer Metadata from the Service prior to termination of Customer's applicable Subscription Term. Customer is responsible for creating its own backups of Customer Metadata. StreamSets expressly disclaims all other obligations with respect to maintaining archives or backups of Customer Metadata.

**4.3. Customer Responsibilities.** Customer is solely responsible for the accuracy, content and legality of all Customer Metadata and agrees to comply with all Laws in its use of the Products. Customer represents and warrants to StreamSets that Customer has all necessary rights, consent and permissions to collect, share and use Customer Metadata as contemplated in this Agreement (including granting StreamSets the rights in Section 4.1 (Rights in Customer Metadata) above), without violation or infringement of (i) any third party intellectual property, publicity, privacy or other rights, (ii) any Laws or (iii) any Third-Party Endpoint Terms.

**4.4. Usage Data.** StreamSets collects Usage Data from the Service. In addition, Customer may elect to have the Software automatically send Usage Data to StreamSets. Notwithstanding anything to the contrary in this Agreement, Customer agrees that StreamSets may collect and use Usage Data to improve, operate and support any Product and for any other business purpose during and after the term of this Agreement. StreamSets will not disclose Usage Data externally unless it has been (i) de-identified so that it does not individually identify Customer, its Permitted Users or any other person or entity and (ii) aggregated with similar data across other StreamSets customers.

**5. SECURITY.** StreamSets agrees to use commercially reasonable technical and organizational measures designed to prevent unauthorized access, use, alteration or disclosure of the Service or Customer Metadata. However, StreamSets shall have no responsibility for errors in transmission, unauthorized third-party access or other causes beyond StreamSets' control.

#### 6. OWNERSHIP.

**6.1. StreamSets Technology.** This is a subscription agreement for access to and use of the Products. Customer acknowledges that it is obtaining only a limited right to use the Products and that irrespective of any use of the words "purchase", "sale" or like terms in this Agreement no ownership rights are being conveyed to Customer under this Agreement. Customer agrees that StreamSets and its suppliers have and will retain all right, title and interest (including all patent, copyright, trademark, trade secret and other intellectual property rights) in and to the Products, Documentation, Professional Services deliverables and any and all related and underlying technology and documentation; and any and all copies, modifications, and improvements, including as may incorporate Feedback (collectively, "**StreamSets Technology**").

Except as expressly set forth in this Agreement, no rights in any StreamSets Technology are granted to Customer.

**6.2. Feedback.** Customer, from time to time, may submit comments, questions, suggestions or other feedback relating to any StreamSets product or service to StreamSets ("**Feedback**"). StreamSets may freely use or exploit Feedback in connection with any of its products or services. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

#### 7. SUBSCRIPTION TERM, FEES & PAYMENT

**7.1. Subscription Term and Renewals.** the Subscription Term shall be as stated in the Order Form. Customer renewals will be ordered through a prime contractor.

**7.2. Fees and Payment.** All fees are as set forth in the applicable Order Form between the prime contractor and Customer.

**7.3. Suspension of Service.** Without limiting StreamSets' termination or other rights hereunder, StreamSets reserves the right with notice (email sufficient) to temporarily suspend Customer's access to the Service (and any related services) in whole or in part, without liability to Customer to prevent harm to other customers or third parties or to preserve the security, availability or integrity of the Service. Unless this Agreement has been terminated, StreamSets will restore Customer's access to the Service promptly after StreamSets verifies that Customer has resolved the issue requiring suspension.

#### 8. TERM AND TERMINATION

**8.1. Term.** This Agreement is effective as of the Effective Date and expires on the date of expiration or termination of the Subscription Term set forth in the Order Form.

**8.2. Termination for Cause.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, StreamSets shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer, except that any such decision that requires modification of this Agreement must be executed in accordance with Section 17.6 (Amendments; Waivers).

**8.3. Effect of Termination.** Upon any expiration or termination of this Agreement, (a) Customer's right to use the Products (including its license to any Software) terminates, (b) Customer shall immediately cease any and all use of and access to the Products and (c) Customer shall delete (or, at StreamSets' request, return) any and all copies of the Software, Documentation, any StreamSets passwords or access codes and any other StreamSets Confidential Information in its possession. Customer acknowledges that following termination it shall have no further access to any Customer Metadata input into the Service, and that StreamSets may delete any such data as may have been stored by StreamSets at any time. Except where an exclusive remedy is specified, the exercise of either party of any remedy under this Agreement, including termination, will be without prejudice to any other remedies it may have under this Agreement, by law or otherwise.

**8.4. Survival.** The following Sections shall survive any expiration or termination of this Agreement: 1 (Definitions), 2.6 (General Restrictions), 4.2 (Archives and Backups of Customer Metadata), 4.4 (Usage Data), 6 (Ownership), 8 (Term and Termination), 9.2 (Warranty Disclaimer), 13 (Limitation of Remedies and Damages), 14 (Indemnification), 15 (Confidential Information) and 17 (General Terms).

## **9. LIMITED WARRANTY**

**9.1. Limited Warranty.** StreamSets warrants, for Customer's benefit only, that each Product will operate in substantial conformity with the applicable Documentation. StreamSets does not warrant that Customer's use of the Products will be uninterrupted or error-free or that any security mechanisms implemented by the Software will not have inherent limitations. StreamSets' sole liability (and Customer's sole and exclusive remedy) for any breach of this warranty shall be, at no charge to Customer, for StreamSets to use commercially reasonable efforts to correct the reported non-conformity, or if StreamSets determines such remedy to be impracticable, either party may terminate the applicable Subscription Term. The limited warranty set forth in this Section 9.1 shall not apply: (i) unless Customer makes a claim within thirty (30) days of the date on which Customer first noticed the non-conformity, (ii) if the error was caused by misuse, unauthorized modifications or third-party hardware, software or services or (iii) to use provided on a no-charge or evaluation basis.

**9.2. Warranty Disclaimer.** EXCEPT FOR THE LIMITED WARRANTY IN SECTION 9.1, ALL PRODUCTS AND PROFESSIONAL SERVICES ARE PROVIDED "AS IS". NEITHER STREAMSETS NOR ITS SUPPLIERS MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT. STREAMSETS DOES NOT WARRANT CUSTOMER METADATA WILL BE ACCURATE OR PRESERVED WITHOUT LOSS. STREAMSETS SHALL NOT BE LIABLE FOR DELAYS, INTERRUPTIONS, SERVICE FAILURES OR OTHER PROBLEMS INHERENT IN USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS OR OTHER SYSTEMS OUTSIDE THE REASONABLE CONTROL OF STREAMSETS. FEATURES OF THE PRODUCTS DESIGNED TO DETECT AND FILTER CATEGORIES OF PIPELINE DATA (SUCH AS NAME AND ADDRESS) HAVE INHERENT LIMITATIONS. STREAMSETS DOES NOT GUARANTEE THAT THE PRODUCTS WILL DETECT OR FILTER ALL PIPELINE DATA WITH COMPLETE ACCURACY. CUSTOMER IS SOLELY LIABLE FOR ITS OWN DATA HANDLING POLICIES. CUSTOMER MAY HAVE OTHER STATUTORY RIGHTS, BUT THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, SHALL BE LIMITED TO THE SHORTEST PERIOD PERMITTED BY LAW.

**10. AVAILABILITY.** The Service is subject to Exhibit B (Service Level Agreement).

**11. SUPPORT.** During the Subscription Term of each Product, StreamSets shall provide end user support in accordance with the terms set forth on Exhibit A (Support Policy).

**12. PROFESSIONAL SERVICES.** StreamSets shall provide the professional consulting services ("**Professional Services**") purchased in the applicable Order Form. The scope of Professional Services shall be as set forth in a Statement of Work referencing this Agreement and describing the work to be performed and any applicable milestones, dependencies and other technical specifications or related information ("**SOW**"). Customer may use

anything delivered as part of the Professional Services in support of authorized use of the Products and subject to the terms regarding Customer's rights to use the Product set forth in Section 2 (StreamSets Products) and the applicable SOW, but StreamSets shall retain all right, title and interest in and to any such work product, code or deliverables and any enhancement or modification thereof created by StreamSets (or its agents).

## **13. LIMITATION OF REMEDIES AND DAMAGES.**

**13.1. Consequential Damages Waiver.** EXCEPT FOR EXCLUDED CLAIMS (DEFINED BELOW), NEITHER PARTY (NOR ITS SUPPLIERS) SHALL HAVE ANY LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT FOR ANY LOSS OF USE, LOST DATA, LOST PROFITS, FAILURE OF SECURITY MECHANISMS, INTERRUPTION OF BUSINESS, OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

**13.2. Liability Cap.** EXCEPT FOR EXCLUDED CLAIMS, EACH PARTY'S AND ITS SUPPLIERS' ENTIRE LIABILITY TO THE OTHER PARTY ARISING OUT OF OR RELATED TO THIS AGREEMENT SHALL NOT EXCEED IN AGGREGATE THE AMOUNT ACTUALLY PAID BY CUSTOMER/ACTIVITY ACTIVITY TO THE PRIME CONTRACTOR. CUSTOMER'S LIABILITY IS CAPPED BY THE ANTI-DEFICIENCY ACT. STREAMSETS' LIABILITY WILL BE CAPPED AT THE SAME AMOUNT AS CUSTOMER'S LIABILITY.

**13.3. Excluded Claims.** "**Excluded Claims**" means any claim arising (a) from Customer's breach of Section 2.6 (General Restrictions) or Section 4.3 (Customer Responsibilities), (b) from a party's breach of its obligations in Section 15 (Confidential Information) (but excluding claims relating to Customer Metadata) or (c) from StreamSets' indemnification obligations in Section 14 (Indemnification).

**13.4. Nature of Claims and Failure of Essential Purpose.** The parties agree that the waivers and limitations specified in this Section 13 apply regardless of the form of action, whether in contract, tort, strict liability or otherwise and will survive and apply even if any limited remedy specified in this Agreement is found to have failed of its essential purpose.

**14. INDEMNIFICATION.** Subject to 28 USC §516, StreamSets shall have the right to intervene to defend Customer from and against any claim by a third party alleging that a Product when used as authorized under this Agreement infringes a patent, U.S. copyright, or U.S. trademark and shall indemnify and hold harmless Customer from and against any damages and costs awarded against Customer or agreed in settlement by StreamSets (including reasonable attorneys' fees) resulting from such claim, provided that StreamSets shall have received from Customer: (i) prompt written notice of such claim (but in any event notice in sufficient time for StreamSets to respond without prejudice); (ii) subject to 28 USC §516, the exclusive right to control and direct the investigation, defense and settlement (if applicable) of such claim; and (iii) all reasonably necessary cooperation of Customer. Customer may defend (as required by 28 USC §516) or participate in the defense of any claim with counsel at its expense. Neither Party may settle a claim without the other Party's prior written consent if the settlement requires the other Party to admit any liability or take or refrain from taking any action (other than with

respect to use or non-use of the Products). If Customer's use of a Product is (or in StreamSets' opinion is likely to be) enjoined, if required by settlement or if StreamSets determines such actions are reasonably necessary to avoid material liability, StreamSets may, in its sole discretion: (a) substitute substantially functionally similar products or services; (b) procure for Customer the right to continue using such Product; or if (a) and (b) are not commercially reasonable, (c) terminate the Agreement and refund to Customer the fees Customer has pre-paid for use of such Product for the terminated portion of the applicable Subscription Term. The foregoing indemnification obligation of StreamSets shall not apply: (1) if such Product is modified by any party other than StreamSets, but solely to the extent the alleged infringement is caused by such modification; (2) if such Product is combined with products or processes not specified in the Documentation or provided by StreamSets, but solely to the extent the alleged infringement is caused by such combination; (3) to any unauthorized use of such Product; (4) to any action arising as a result of Customer Metadata or any third-party deliverables or components contained within such Product; or (5) if Customer settles or makes any admissions with respect to a claim without StreamSets' prior written consent. THIS SECTION 14 SETS FORTH STREAMSETS' AND ITS SUPPLIERS' SOLE LIABILITY AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY CLAIM OF INTELLECTUAL PROPERTY INFRINGEMENT.

**15. CONFIDENTIAL INFORMATION.** Each party (as "Receiving Party") agrees that all code, inventions, know-how, business, technical and financial information it obtains from the disclosing party ("Disclosing Party") constitute the confidential property of the Disclosing Party ("Confidential Information"), provided that it is identified as confidential at the time of disclosure or should be reasonably known by the Receiving Party to be confidential or proprietary due to the nature of the information disclosed and the circumstances surrounding the disclosure. Any StreamSets Technology, performance information relating to any Product, and the terms and conditions of this Agreement is Confidential Information of StreamSets even if disclosed without any marking or further designation. Except as expressly authorized herein, the Receiving Party will (1) hold in confidence and not disclose any Confidential Information to third parties and (2) not use Confidential Information for any purpose other than fulfilling its obligations and exercising its rights under this Agreement. The Receiving Party may disclose Confidential Information to its employees, agents, contractors and other representatives having a legitimate need to know (including, for StreamSets, the subcontractors referenced in Section 17.10), provided that such representatives are bound to confidentiality obligations no less protective of the Disclosing Party than this Section 15 and that the Receiving Party remains responsible for compliance by any such representative with the terms of this Section 15. The Receiving Party's confidentiality obligations shall not apply to information that the Receiving Party can document: (i) was rightfully in its possession or known to it prior to receipt of the Confidential Information and without a duty of confidentiality; (ii) is or has become public knowledge through no fault of the Receiving Party; (iii) is rightfully obtained by the Receiving Party from a third party without duty of confidentiality and without a breach of any confidentiality obligation; or (iv) is independently developed by employees of the Receiving Party who had no access to such information. The Receiving Party may make disclosures to the extent required by court order, provided the Receiving Party notifies the Disclosing Party in advance and cooperates in any

effort to obtain confidential treatment. The Receiving Party acknowledges that disclosure of Confidential Information would cause substantial harm for which damages alone would not be a sufficient remedy, and therefore that upon any such disclosure by the Receiving Party the Disclosing Party shall be entitled to seek appropriate equitable relief in addition to whatever other remedies it might have at law. StreamSets Confidential Information is exempt from release under the Freedom of Information Act, in accordance with 5 USC §552(b)(4).

**16. CO-MARKETING.** At the request of StreamSets, Customer will consider whether to issue a joint press release ("**Press Release**") on a mutually agreed upon date. Each party will have the right to approve the Press Release in advance, but such approval will not be unreasonably delayed or withheld. Customer agrees that StreamSets may disclose Customer as a customer of StreamSets to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

## **17. GENERAL TERMS**

**17.1. Assignment.** This Agreement will bind and inure to the benefit of each party's permitted successors and assigns. Neither party may assign this Agreement without the advance written consent of the other party, except that either party may assign this Agreement in connection with a merger, reorganization, acquisition or other transfer of all or substantially all of such party's assets or voting securities in accordance with the provisions of FAR 42.1204. Any attempt to transfer or assign this Agreement except as expressly authorized under this Section 17.1 will be null and void. The foregoing is subject to GSAR 552.212-4(w) for any GSA order. If applicable, StreamSets will comply with the requirements of FAR 42.12 for any such assignment.

**17.2. Severability.** If any provision of this Agreement shall be adjudged by any court of competent jurisdiction to be unenforceable or invalid, that provision shall be limited to the minimum extent necessary so that this Agreement shall otherwise remain in effect.

**17.3. Governing Law; Jurisdiction and Venue.** This Agreement shall be governed by the Federal laws of the United States, and without regard to the United Nations Convention on the International Sale of Goods.

**17.4. Attorneys' Fees and Costs.** [RESERVED]

**17.5. Notice.** Any notice or communication required or permitted under this Agreement shall be in writing to the parties at the addresses set forth on the Order Form, with a copy to: [legal@streamsets.com](mailto:legal@streamsets.com), or at such other address as may be given in writing by either party to the other in accordance with this Section and shall be deemed to have been received by the addressee (i) if given by hand, immediately upon receipt; (ii) if given by overnight courier service, the first business day following dispatch or (iii) if given by registered or certified mail, postage prepaid and return receipt requested, the second business day after such notice is deposited in the mail.

**17.6. Amendments; Waivers.** No supplement, modification, or amendment of this Agreement shall be binding on StreamSets, unless executed in writing by a duly authorized representative of StreamSets. No waiver will be implied from conduct or failure to enforce or exercise rights under this Agreement, nor will any waiver be effective unless in a writing signed by a duly authorized representative on behalf of the party claimed to have waived. As

between StreamSets and Customer, no provision of the Order Form or any purchase order or other business form employed by Customer will supersede the terms and conditions of this Agreement, and any such document relating to this Agreement shall be for administrative purposes only and shall have no legal effect on StreamSets unless agreed to, in writing, by StreamSets. Any agreements between the prime contractor and Customer, other than the terms of this Agreement, are not binding on StreamSets.

**17.7. Entire Agreement.** This Agreement is the complete and exclusive statement of the mutual understanding of StreamSets and Customer as it relates to the licensing of the Products and supersedes and cancels all previous written and oral agreements and communications between StreamSets and Customer relating to the subject matter of this Agreement. Nothing in this Agreement modifies any terms and conditions between the Customer and any prime contractor under which the StreamSets Products were ordered. Customer acknowledges that the Service is an on-line, subscription-based product, and that in order to provide improved customer experience StreamSets may make changes to the Service, and StreamSets will update the applicable Documentation accordingly. The support and service level availability terms described in Exhibit A (Support Policy) and Exhibit B (Service Level Agreement), respectively, may be updated from time to time upon reasonable notice to Customer to reflect process improvements or changing practices (but the modifications will not materially decrease StreamSets' obligations as compared to those reflected in such terms as of the Effective Date).

**17.8. Software Audit Rights.** Upon StreamSets' written request, Customer shall certify in a signed writing that Customer's use of the Software is in full compliance with the terms of this Agreement (including the Scope of Use). With prior reasonable notice of at least ten (10) days and no more than once per year, StreamSets may audit the copies of the Software in use by Customer provided such audit is during regular business hours and subject to Government security requirements. Audits under GSA prime contracts shall be in accordance with GSAR 552.212-4(w)(ix).

**17.9. Force Majeure.** Neither party shall be liable to the other for any delay or failure to perform any obligation under this Agreement (except for a failure to pay fees) if the delay or failure is due to unforeseen events that occur after the signing of this Agreement and that are beyond the reasonable control of such party, such as a strike, blockade, war, act of terrorism, riot, natural disaster, failure or diminishment of power or telecommunications or data networks or services, or refusal of a permit by a government agency. Excusable delays shall be also be governed by FAR 52.212-4(f).

**17.10. Subcontractors.** StreamSets may use the services of subcontractors and permit them to exercise the rights granted to StreamSets in order to provide the Products and Professional Services under this Agreement, provided that StreamSets remains responsible for (i) compliance of any such subcontractor with the terms of this Agreement and (ii) for the overall performance of the Products as required under this Agreement.

**17.11. Subpoenas.** Nothing in this Agreement prevents StreamSets from disclosing Customer Metadata to the extent required by law, subpoenas or court orders, but StreamSets will

use commercially reasonable efforts to notify Customer where permitted to do so.

**17.12. Independent Contractors.** The parties to this Agreement are independent contractors. There is no relationship of partnership, joint venture, employment, franchise or agency created hereby between the parties. Neither party will have the power to bind the other or incur obligations on the other party's behalf without the other party's prior written consent.

**17.13. Export Compliance.** Customer acknowledges that the Products are subject to export restrictions by the United States government and import restrictions by certain foreign governments. Customer shall not and shall not allow any third party to remove or export from the United States or allow the export or re-export of any part of the Products or any direct product thereof: (a) into (or to a national or resident of) any embargoed or terrorist-supporting country; (b) to anyone on the U.S. Commerce Department's Table of Denial Orders or U.S. Treasury Department's list of Specially Designated Nationals; (c) to any country to which such export or re-export is restricted or prohibited, or to which the United States government or any agency thereof requires an export license or other governmental approval at the time of export or re-export without first obtaining such license or approval; or (d) otherwise in violation of any export or import restrictions, laws or regulations of any United States or foreign agency or authority. Without limiting the foregoing, (i) Customer represents and warrants that it is not listed on any U.S. government list of prohibited or restricted parties or located in (or a national of) a country that is subject to a U.S. government embargo or that has been designated by the U.S. government as a "terrorist supporting" country and (ii) Customer shall not submit to the Products any information that is controlled under the U.S. International Traffic in Arms Regulations. The Products are further restricted from being used for the design or development of nuclear, chemical or biological weapons or missile technology, or for terrorist activity, without the prior permission of the United States government.

**17.14. U.S. Government Rights and Restrictions.** The Products and Documentation are "commercial items" as that term is defined by FAR 2.101. If Customer is a U.S. Federal Government ("Government") Executive Agency (as defined in FAR 2.101), StreamSets provides the Products and Documentation, including any related technical data, and Professional Services in accordance with the following: The Government acquires, in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data and the software customarily provided to the public as defined in this Agreement. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD agencies, except under GSA schedule contracts. Any Federal Legislative or Judicial Agency shall obtain only those rights in technical data and the software customarily provided to the public as defined in this Agreement. If any Federal Executive, Legislative, or Judicial Agency has a need for rights not conveyed under the terms described in this Section 17.14, it must negotiate with StreamSets to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum (between StreamSets and Customer) specifically conveying such rights must be included in any applicable contract or agreement to be effective. If this Agreement fails to meet the Government's needs or is inconsistent in any way with Federal law, and the parties cannot reach a mutual agreement on terms

for Customer's use, Customer agrees to terminate Customer's use of the Products and Documentation and return the Products and Documentation and any other software or technical data delivered as part of the Products and Documentation, unused, to StreamSets. This U.S. Government Rights clause in this Section 17.14 is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses Government rights in the Products, and computer software or technical data.

**17.15. Open Source.** The Software may contain or be provided with third-party components subject to the terms and conditions of "open source" software licenses ("**Third-Party Open Source**"). Third-Party Open Source may be identified in the Documentation, or StreamSets shall provide a list of the Third-Party Open Source

to Customer upon Customer's written request. To the extent required by the license that accompanies the Third-Party Open Source, the terms of such license will apply in lieu of the terms of this Agreement with respect to such Third-Party Open Source, including, without limitation, any provisions governing access to source code, modification or reverse engineering. For clarity, Third-Party Open Source does not include any StreamSets Open Source.

**17.16. Counterparts.** This Agreement may be executed in counterparts, each of which will be deemed an original and all of which together will be considered one and the same agreement.

If this Agreement is included in a prime contract, all orders for StreamSets Products are subject to this Agreement by its inclusion in the prime contract and a separate signature is not required.

**Exhibit A**

**StreamSets Support Policy**

StreamSets offers support services for the Products (“**Support**”) in accordance with the following terms:

**1. Product Support**

A. Issue Submission and Customer Cooperation. Customer may report errors or abnormal behavior of the Products (“**Issues**”) by submitting a ticket through StreamSets’ 24-hour web ticketing system at streamsets.com/support. Customer may also escalate the Issue via a request through the support ticket. Customer will provide information and cooperation to StreamSets as reasonably required for StreamSets to provide Support. This includes, without limitation, providing the following information to StreamSets regarding the Issue:

- Aspects of the Products that are unavailable or not functioning correctly
- Issue’s impact on users
- Start time of Issue
- List of steps to reproduce Issue
- Relevant log files or data
- Wording of any error message
- Issue ID# (when specified by StreamSets)

As part of its cooperation obligations, Customer must designate an individual to perform problem determination and implementation of remedies who is (a) knowledgeable about the operation of the Products and the hardware on which it may be installed and (b) qualified to perform problem determination and remedial functions with respect to the Products.

B. Support Levels. For such period as Customer has paid the applicable annual fee, StreamSets shall provide Customer with Support consisting of the following:

- a. *Silver Support.* (a) Support hours from 8:00 a.m. to 5:00 p.m. Pacific Time on Monday through Friday (excluding StreamSets holidays); (b) Issue submission from up to four (4) designated employees of Customer (“**Technical Contacts**”) and (c) StreamSets Support personnel assign a priority level to each Issue in their sole discretion and seek to provide responses to Issues during support hours in accordance with the table below.
- b. *Gold Support.* (a) Support 24 hours per day, 7 days per week; (b) Issue submission from up to eight (8) Technical Contacts and (c) StreamSets Support personnel assign a priority level to each Issue in their sole discretion and seek to provide responses to Issues during support hours in accordance with the table below.
- c. *Platinum Support.* Same as Gold Support but includes Issue submission from up to sixteen (16) Technical Contacts.

<u>Priority Level</u>	<u>Description</u>	<u>Target Response Times</u>		
		<u>Silver Support</u>	<u>Gold Support</u>	<u>Platinum Support</u>
Priority 1	An Issue which renders the Product inoperative with the Customer’s production system or Customer’s production functionality. This does not apply to Customer’s non-production systems. Customer cannot continue essential operations	8 Business Hours*	2 Hours	1 Hour
Priority 2	An Issue in a production environment which significantly impacts the performance of a Product but does not cause complete inoperability. Production operations can continue in a restricted fashion and a workaround may be used to restore functionality. Additionally, this applies to any Issue in a non-production environment which causes a significant loss of capability or severe outage thereby completely blocking development operations and/or causing a time-sensitive impact to a planned production deployment.	2 Business Days*	24 Hours	12 Hours
Priority 3	A lower impact Issue on a production or non-production system that involves a partial or limited loss of non-critical functionality, or some	3 Business Days*	3 Business Days*	2 Business Days*

	other Issue involving no loss in functionality. This applies to all of Customer's systems, including test and development systems. Customer can continue essential operations.			
Priority 4	A general usage question. This includes recommendations or requests for new products, features, enhancements or modifications that may be included in a future release, at StreamSets' discretion. There is no impact on the quality, performance, or functionality of the product in a production or non-production system.	3 Business Days*	3 Business Days*	3 Business Days*

\* Business hours and business days are defined according to two time zones – Pacific Standard Time for customers in the Americas and Central European Time for customers in other regions. Holidays are excluded.

- C. Exclusions. StreamSets will have no obligation to provide Support to the extent an Issue arises from: (a) use of the Product by Customer in a manner not authorized in the Agreement or the applicable Documentation; (b) general Internet problems, force majeure events or other factors outside of StreamSets' reasonable control; (c) Customer's equipment, software, network connections or other infrastructure; (d) third party systems, acts or omissions; (e) evaluation Products or other Products provided at no charge; (f) any version of the Software for which Maintenance services have been discontinued by StreamSets; (g) any physical installation or removal of Software; (h) visits to Customer's site; or (i) any software code licensed separately by StreamSets from the Software, including, without limitation, consulting code, unless generally made available to StreamSets' Support and Maintenance customers at no additional charge for the applicable Software.

## 2. Software Maintenance

- A. Version Scheme. StreamSets software releases are versioned using the following scheme: X.Y.Z ("**Version Scheme**"). X designates the Major Version number, Y the Minor Version number, and Z the Patch/Bug Fix version number. Hotfixes are not assigned to a specific slot in the Version Scheme, as they may be distributed without updates to any version numbers.
- B. Definitions.
- a. "**Major Releases**" means generally commercially released major new releases, modifications or enhancements to the same Software product as designated by a change in the number assigned as X in the Version Scheme. Major Releases do not include separate or different products marketed by StreamSets under a different name even if such products are compatible with the Software. Major Releases typically are made once every twelve (12) months.
  - b. "**Minor Releases**" means generally commercially released code corrections, patches, updates and minor version releases of the same Software product as designated by a change in the number assigned as Y in the Version Scheme. Minor Releases are typically made once per quarter.
  - c. "**Patch/Bug Fixes**" means minor changes to the Software to correct any bugs or flaws or generally improve the Software, as designated by a change in the number assigned as Z in the Version Scheme. Patch/Bug Fixes are released as patches at StreamSets' discretion.
  - d. "**Hotfixes**" means immediate changes made to the Software in extraordinary cases to resolve critical issues.
- C. Maintenance. Customer will be provided with Major and Minor Releases of the same Software product(s) licensed by Customer ("**Maintenance**").
- D. Back Support and End of Life Policy. Support and Maintenance is provided for (i) the current Major Release, (ii) each preceding Major Release for the longer of (a) eighteen (18) months after its general release or (b) the release date of the second subsequent Major Release following such Major Release and (iii) all Minor Releases under a supported Major Release. If none of the conditions in the preceding sentence are met, the Software has reached its End of Life ("**EOL**"). For example, if a Major Release were made available on January 1, 2015, then it would be supported until June 30, 2016, even if 7 Major Releases are made available in that period. Similarly, if only two Major Releases are made available over a three-year period, then both will be supported throughout that period. The Software will reach its End of Service Life ("**EOSL**") six (6) months after the EOL. Until the EOSL (provided Customer has a current subscription to Support and Maintenance), if Customer has identified a defect in a Major Release that has reached EOL, StreamSets will evaluate fixing the defect in a release that has not reached EOL. After the EOSL, StreamSets will not support, in any way, a Major Release or any Minor Releases of that Major Release.

## Exhibit B

### Service Level Agreement

1. **Target Availability.** StreamSets will use commercially reasonable efforts to make the Service available with an uptime of 99.9% of each calendar month (“**Target Availability**”).
2. **Exclusions.** The calculation of uptime will not include unavailability to the extent due to: (a) use of the Service by Customer in a manner not authorized in this Agreement or the applicable Documentation; (b) general Internet problems, force majeure events or other factors outside of StreamSets’ reasonable control; (c) Customer’s equipment, software, network connections or other infrastructure; (d) third party systems, acts or omissions; (e) StreamSets’ Scheduled Maintenance or Emergency Maintenance; or (f) any unavailability for a continuous period of less than ten (10) minutes.

“**Scheduled Maintenance**” means StreamSets’ scheduled routine maintenance which occurs (i) between 1:00 a.m. and 3:00 a.m. Eastern Time on Thursdays and for which StreamSets notifies Customer at least two (2) days in advance and (ii) between 12:30 a.m. and 3:30 a.m. Eastern Time on Saturdays, for which StreamSets notifies Customer at least five (5) days in advance. Scheduled Maintenance will not exceed ten (10) hours per month.

“**Emergency Maintenance**” means emergency maintenance during StreamSets’ scheduled maintenance windows between 1:00 a.m. and 3:00 a.m. Eastern Time on Thursdays, or 12:30 a.m. and 2:30 a.m. Eastern Time on Saturdays. StreamSets will use commercially reasonable efforts to notify Customer of Emergency Maintenance at least two (2) days in advance, unless the severity of the issue necessitates a shorter notice period.

3. **Special Termination Right.** As Customer’s sole and exclusive remedy for any failure of the Service to achieve the Target Availability (a “**Service Failure**”), in the event of a Service Failure in three (3) consecutive months, Customer may terminate the Agreement upon written notice to StreamSets and will receive as its sole remedy a refund of any fees Customer has pre-paid for use of the Service for the terminated portion of the applicable Subscription Term. Customer must exercise this termination right within thirty (30) days of reasonably becoming aware of the third consecutive month in which a Service Failure occurred or such right will be deemed waived.

**ZIMPERIUM, INC.**  
**END USER LICENSE AGREEMENT**

**THIS DOCUMENT IS A LEGAL CONTRACT. PLEASE READ IT CAREFULLY.** These End User License Terms (“**Terms**”) govern your access to and use of the products which provide client-side mobile application software (the “**Software**”) provided by Zimperium, Inc. (“**Zimperium**,” “**we**,” or “**us**”), and the zCONSOLE cloud-based software-as-a-service application that we make available through or in connection with the Software (the “**Cloud Application**”).

**1. Acceptance of these Terms**

Your use of and access to the Software and Cloud Application are conditioned on your compliance with these Terms and all applicable local, state, national, and international laws, rules and regulations. **By entering into the Customer Contract and using these Product(s), you are agreeing to abide by these Terms.** If the Software or Cloud Application is to be used by or on behalf of a company or other organization, the individual expressing acceptance of these Terms represents and warrants that he or she has the authority to bind that company or other organization to these Terms, and “you,” and “your” will refer to the Ordering Activity under GSA Schedule Contracts identified in the Purchase Order, Statement of Work, or similar document. If you do not accept all of these Terms, then we are unwilling to license the Software or make the Cloud Application available to you, and you must delete all copies of the Software without retaining any copies thereof.

**2. Rights to Use the Software and Cloud Application**

Subject to your compliance with these Terms, we grant you a non-exclusive, non-transferable license to: (i) install one copy of the Software on each compatible mobile device for which we have issued you a valid license key for that Software (each, an “**Authorized Device**”); and (ii) use the Software on each such Authorized Device, and access and use the Cloud Application in connection with your Authorized Device(s), solely for your own personal or internal business use during the license period for which we have issued you the applicable license key(s). The foregoing rights may be suspended or terminated as set forth in these Terms in accordance with the contract Disputes Clause (Contract Disputes Act). For non-evaluation and other paid licenses, the foregoing rights are also conditioned upon your timely payment and our receipt of all associated fees (as specified by us at the time you selected the license).

**3. Prohibitions**

**a.** The Software and Cloud Application are intended to be used only in accordance with Zimperium’s applicable documentation and only to evaluate, manage, and protect the security of mobile devices and wireless networks that you own or control. Any other use of the Software or Cloud Application is strictly prohibited. Prohibited uses include (without limitation) using the Software or Cloud Application to attack, probe, assess the security of, or interfere with any third party’s network, device or other target without that third party’s express, informed authorization. You may not disclose any vulnerability discovered, reproduced, or confirmed through the use of the Software or Cloud Application except in accordance with industry accepted vulnerability disclosure practices. You acknowledge that improper use of the Software or Cloud Application could significantly harm your network and/or devices, and you assume all risks associated with your use.

**b.** You may not, and you agree not to: (i) copy, modify or distribute the Software for any purpose; (ii) transfer, sublicense, lease, lend, rent or otherwise distribute the Software or the Cloud Application to any third party; (iii) decompile, reverse-engineer, disassemble, or create derivative works of the Software or the Cloud Application; (iv) make the functionality of the Software or the Cloud Application available to multiple users through any means; (v) use the Software or Cloud Application in any unlawful manner, for any unlawful purpose, or in any manner inconsistent with these Terms or our applicable documentation; (vi) access or use any areas of the Cloud Application for which we have not granted you authorization, or tamper or interfere with our computer systems or the technical delivery systems of our providers; (vii) gather or use information, such as other users' names, real names, or email addresses, through the Cloud Application to transmit any unsolicited advertising, junk mail, spam or other form of solicitation; or (viii) encourage or enable anyone to do any of the foregoing.

#### **4. Ownership**

Your rights with respect to the Software and Cloud Application are limited to those expressly granted in Section 2 above. Zimperium and its licensors reserve sole and exclusive ownership of the Software and Cloud Application and all copyrights, patents, trademarks, and other intellectual property rights therein. You may not remove, alter, or obscure any copyright, trademark, or other proprietary rights notices appearing on the Software or Cloud Application. If you provide us with any suggestions, comments, or other feedback regarding the Software or Cloud Application ("**Feedback**") you acknowledge that such Feedback will become the exclusive property of Zimperium, and we may use (or not use) any such Feedback in any manner and for any purpose, without compensation to you and without implying or creating any interest on your part in any of our products or services that may be based on such Feedback. You hereby irrevocably assign to us all right, title, and interest in any Feedback you provide. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

#### **5. Modifications**

The Cloud Application and Software may change from time to time (for example, we may push updates to your Authorized Device, increase or decrease server capacity, or modify our user interface), and/or we may stop providing the Cloud Application or any of its features (permanently or temporarily), possibly without prior notice to you. In the case of paid licenses, however, we will not discontinue the essential features of the Software or Cloud Application during your paid license period without offering a reasonable substitute or alternative.

#### **6. Data Collection and Transmission**

**a.** If the Software is being delivered to you by an entity you are affiliated with (such as an employer, etc.), then the exact nature of any information collected is determined by the entity that made the Software available to you and is available by request from that entity. If you acquired the Software directly from Zimperium, then Zimperium will determine which information is collected and is available upon request from Zimperium.

The Software does not require any personally identifiable information from you, but it may collect information from the Authorized Device that is useful for the purpose of the Software and Cloud Application's functionality, called "**Device Data**". Device Data collected may include but is not limited to the following:

- The manufacturer and model of your Authorized Device;
- Certain technical settings of your Authorized Device, including the display size of your Authorized Device and firmware version;
- Your IP address (which can indicate your country and geolocation);
- Wireless carrier for your Authorized Device;
- The type and version of operating system on your Authorized Device;
- Certain configuration data of your Authorized Device, such as whether your Authorized Device is configured to allow root access or whether hardware restrictions of the Authorized Device have been removed;
- In some cases, metadata of all applications installed on your Authorized Device (including, but not limited to, the name of the app, the version of the app);
- Metadata about networks your Authorized Device connects to (including, but not limited to, the SSID of the network, the MAC address of the network);
- In certain circumstances, we may also collect a copy of the application;
- Data from tracking tools used to analyze product performance on your Authorized Device; and
- System monitoring data such as memory utilization, process metrics, network statistics (but no data like web pages or emails), and other non-user-identifiable type monitoring values.

The Software and Cloud Application may also collect "**Forensic Data**", defined here as information about the attacker when and if such an attack occurs. When an attack occurs, Forensic Data collected may include but is not limited to the following:

- The Device Data mentioned above at the time of the attack;
- The device location data at the time of the attack;
- The MAC address of the suspected attacker;
- The application name, bundle ID, and version of the suspected malicious apps.

Device Data and Forensic Data together, are hereinafter referred to as "**Data**". The exact nature of any Data collected is determined by the entity that made the Software available to you.

**b.** You consent to our collection, transmission, storage, monitoring, copying, processing, analysis and use of the Data to administer the Cloud Application and to monitor compliance with these Terms, subject to Government security requirements. You consent to our collection, transmission storage, monitoring, copying, processing, analysis, and use of anonymized Data to develop and improve the Software and Cloud Application and our other products and services. You acknowledge that this may include transmission of your Data to or from locations in the United States, Europe, and other countries or jurisdictions, potentially including those outside of where you reside or use the Software. We may also disclose Forensic Data as needed to cooperate with law enforcement activities and otherwise to fulfill our legal obligations and protect our legal rights. You are solely responsible for securing any privacy-related rights and permissions

from your individual users of the Software, consistent with this Section, as may be required by local law or by your organization's internal policies.

## **7. User Rights Under General Data Protection Regulation (GDPR)**

Zimperium cares about your data privacy and wants to be transparent about the following:

- What data is collected.
- How the data is used.
- Your rights to control the data.
- How Zimperium's Software is enhanced to accommodate GDPR.

Zimperium has made changes to our Software and our privacy statement. These changes align with the standards established by the General Data Protection Regulation (GDPR). This regulation is a set of laws passed in the European Union. Zimperium respects your personal data, and never sells it to third parties.

For more information on GDPR and limiting personally identifiable information (PII) data, see the following website: <https://www.eugdpr.org/>

For an end user with the zIPS application, Zimperium supports the following user requests:

- General GDPR Information Inquiry
- The Right to Access
- The Right to Be Forgotten

For each of these requests you can:

- Request general GDPR information using the email [gdpr@zimperium.com](mailto:gdpr@zimperium.com).
- Request an inquiry (or "Right to Access") for the data persisted about you.

This is requested on the Zimperium Customer Support Portal by entering a ticket on this website: <https://support.zimperium.com>

- Request a removal of your information (or "Right to Be Forgotten") for the data persisted about you. This is requested on the Zimperium Customer Support Portal by entering a ticket on this website: <https://support.zimperium.com>.

**Note:** The "Right to be Forgotten" request causes your information to be permanently removed and going forward you will be an anonymous user to the Software. This request cannot be rolled back or undone.

## **8. Contacting You**

As part of making the Cloud Application available to you, we may need to provide you with certain communications, such as service announcements and administrative messages. These communications are considered part of the Cloud Application, which you may not be able to opt-out from receiving.

## **9. Third-Party Software**

The Software and/or Cloud Application may be accompanied by or utilize certain third-party software components, libraries or applications that are distributed (with or without modifications) under open-source licensing terms (the “*Open-Source Components*”). Your rights with respect to the Open-Source Components are, to the extent of any conflict with these Terms, governed by and subject to the terms of the open-source licenses under which they are distributed. You are responsible for complying with those licenses. Please refer to [www.Zimperium.com](http://www.Zimperium.com) for more specific information regarding the Open-Source Components that we redistribute and the licenses that apply to them. You may not assume or infer that we endorse, or that we have reviewed, verified, or authenticated, any Open-Source Components or other third-party software that may be furnished with, available through, or used in connection with the Software or Cloud Application. Open-Source Components and any other third-party software, and the information or results provided by them, may be unreliable, inaccurate, incomplete, delayed, or otherwise defective. We make no representations, warranties, or guarantees in connection with any third-party software or the information or results provided by it. You acknowledge sole responsibility for and assume all risk arising from your use of or reliance on any third-party software.

## **10. Verification and Audit**

We may (but are not required to) monitor the use of the Software and Cloud Application, including by tracking the device IDs and license keys associated with the Authorized Devices on which the Software is used, for purposes of verifying compliance with these Terms. In addition, you agree to track and keep records of the individual users and Authorized Device(s) using the Software and promptly notify us if you learn of any unlicensed use. At our written request, you will provide us with a certification signed by you (or, if you are an organization, by an officer of the organization) verifying that the Software and Cloud Application are being used in compliance with these Terms. We may, at any time during the term of your license or for one year thereafter, upon reasonable written notice, and subject to Government security requirements, audit your use of the Software. We may use a third-party organization to assist us in conducting such an audit. You agree to cooperate with us in such audit and will promptly make available to us all information, equipment and materials reasonably required by us to conduct such an audit. If an audit reveals that you have underpaid any license or service fees for the period audited, you agree to promptly pay us for such underpaid fees based on our GSA Schedule price list.

## **11. Termination**

Your rights under these Terms will expire at the end of the period(s) for which you have acquired a valid license key from us for the Software. The Software may cease to function once the license key has expired. Any license renewals or extensions will be subject to availability and your payment of all applicable fees as then in effect. We have no obligation to offer license renewals or extensions, and we may condition renewals upon your acceptance of revised or new terms and conditions. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, We shall

proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Upon expiration or termination of these Terms or your Account, you agree to promptly and permanently delete all copies of the Software that are on the Authorized Device(s) or otherwise in your possession or control. The provisions of Sections 3, 4, 10, and 12 through 17 will survive any expiration or termination of these Terms.

## **12. Limited Warranty and Disclaimers**

**a.** We warrant that the Software and the Cloud Application will, for a period of sixty(60) days from the date of your receipt, perform substantially in accordance with Software and the Cloud Application written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, You understand and agree that the Software and the Cloud Application are provided to you “AS IS” and on an “AS AVAILABLE” basis. TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW, WE DISCLAIM ANY AND ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUIET ENJOYMENT OR NON-INFRINGEMENT, AND ANY WARRANTIES ARISING OUT OF COURSE OF DEALING OR USAGE OF TRADE. We make no warranty that the Software or the Cloud Application will meet your requirements, will detect or prevent all security threats or vulnerabilities, or be available on an uninterrupted, secure, or error-free basis.

**b.** Some states or jurisdictions do not allow the exclusion of express or implied warranties in certain circumstances, so the above disclaimer may not apply to you. IN THAT EVENT, SUCH EXPRESS OR IMPLIED WARRANTIES SHALL BE LIMITED IN DURATION TO THE MINIMUM PERIOD REQUIRED BY THE APPLICABLE LAW.

## **13. Limitation of Liability**

**a.** OUR TOTAL LIABILITY TO YOU FROM ALL CAUSES OF ACTION AND UNDER ALL THEORIES OF LIABILITY WILL NOT EXCEED THE AMOUNT OF FEES YOU PAID US FOR THE SOFTWARE LICENSE. IF YOU HAVE AN EVALUATION OR OTHER NON-PAID LICENSE, WE WILL HAVE NO LIABILITY TO YOU WHATSOEVER; PROVIDED, HOWEVER, THAT WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, OUR TOTAL LIABILITY SHALL INSTEAD BE LIMITED TO THE SUM OF FIFTY U.S. DOLLARS (\$50). THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR’S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

**b.** WE WILL NOT BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, OR FOR COSTS OF SUBSTITUTE GOODS OR SERVICES, OR FOR LOSS OF PROFITS, DATA, USE, GOODWILL, OR OTHER INTANGIBLE LOSSES, ARISING IN ANY WAY OUT OF THESE TERMS OR RESULTING FROM YOUR ACCESS TO, USE OF, OR INABILITY TO ACCESS OR USE THE SOFTWARE AND/OR CLOUD APPLICATION, WHETHER BASED ON WARRANTY, CONTRACT, TORT) OR ANY OTHER LEGAL THEORY, WHETHER OR NOT WE HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGE, AND

EVEN IF A REMEDY SET FORTH HEREIN IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE.

c. You acknowledge that it is your responsibility to implement back-up plans and other safeguards appropriate for the value of the networks, devices, data, and systems with which you use the Software and Cloud Application and, accordingly, that the foregoing exclusions and limitations of damages and liability are reasonable. The allocation of risk described in this Section 12 is an essential basis of the bargain between you and us, and without it, the fees charged for the Software and Cloud Application would be significantly higher. To the extent, if any, that applicable local laws prohibit the exclusion or limitation of certain liabilities or damages, the provisions of this Section 13 will apply only to the maximum extent permitted by such laws.

#### **14. Maintenance and Support**

We have no software maintenance or technical support obligations under these Terms. We may from time to time offer maintenance and support services or other add-on services for the Software or Cloud Application for you to purchase. Any add-on services will be subject to such separate fees and contract terms and conditions as we may specify when offering those services.

#### **15. Export Control**

You agree to comply fully with all relevant export laws and regulations of the United States and other applicable jurisdictions to ensure that neither the Software nor Cloud Application, nor any direct product thereof, are: (i) downloaded or otherwise exported or re-exported directly or indirectly in violation of such export laws and regulations; or (ii) used for any purposes prohibited by the such export laws and regulations, including but not limited to nuclear, chemical, or biological weapons proliferation.

#### **16. U.S. Government End Users**

The Software and Cloud Application consist of “commercial items,” “commercial computer software” and “commercial computer software documentation,” as those terms are used in FAR Subpart 12.2 and other government acquisition regulations, as applicable. Any use, duplication, or disclosure of the Software or Cloud Application by the U.S. government is permitted solely as expressly provided in Section 2 above and is subject to restrictions as set forth in these Terms.

#### **17. General**

These Terms will be governed by and construed in accordance with the federal laws of the United States. Our failure to enforce any right or provision of these Terms will not be deemed a waiver of such right or provision. In the event that any provision of these Terms is held to be invalid or unenforceable, the remaining provisions of these Terms will remain in full force and effect. You may not assign, delegate or transfer these Terms or any of your rights or obligations hereunder without our prior written consent, and any attempt to do so will be void. Anti-Assignment Act, 41 USC 6305, prohibits the assignment of Government contracts without the Government's prior approval. Procedures for securing such approval are set forth in FAR 42.1204. These Terms, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), constitute the entire agreement between you and us regarding the Software and Cloud Application, and they supersede and replace any prior agreements and understandings between you and us regarding the Software or Cloud Application. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

## **18. Contacting Us**

If you have any questions regarding these Terms, please contact us via email at: [licensing@zimperium.com](mailto:licensing@zimperium.com).

## Automation Anywhere End User License Agreement

This End User License Agreement ("Agreement"), dated as of the last date set forth in the Purchase Order, Statement of Work, or similar document (the "Effective Date"), is entered into by and between GSA the Multiple Award Schedule Contractor acting on behalf of Automation Anywhere, Inc., a California corporation with offices at 633 River Oaks Parkway, San Jose, CA 95134 U.S.A. ("AAI") and the eligible Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document ("Licensee" or "Ordering Activity").

### 1. Definitions.

"Authorized Representative" means a Reseller who has entered into an Agreement with AAI to distribute or resell AAI software.

"Client Computer" means a virtual machine or desktop computer on which a single user performs work using the Client Software (i.e., not a server accessed or used by multiple users).

"Client Software" means those elements of the Software provided to Licensee by AAI for installation on a virtual machine or individual Client Computers Licensee owns or controls. Client Software may be provided in different configurations (i.e., development modules vs. runtime modules).

"Confidential Information" means with respect to AAI information, the Documentation, Software, any results of any testing or analysis of the Software or Documentation by any party, and with respect to either party's information, all information that: (a) is marked as confidential or proprietary; (b) is disclosed verbally and identified as confidential or proprietary at the time of disclosure; or (c) by its nature is normally and reasonably considered confidential.

"Documentation" means the manuals, handbooks, and other written materials related to the Use of the Software, whether in hard copy or soft copy form, that are provided by AAI along with the Software, and as may be updated by AAI from time to time.

"Extension Term" means each additional renewal period, which shall be for a period of one year, for which this Agreement is extended pursuant to Section 9.

"Initial Term" means the initial license term specified in the Purchase Agreement, commencing on the Effective Date.

"License Key" means a data token provided by AAI, to be associated with each instance of the Software, which enables the Use of a single copy of a Software module for a specific period of time. License Keys provided for a given Software module (e.g., Server Software, runtime Client Software, or development Client Software) are not compatible with, and may not be used with, other Software modules.

~~Deleted: Revised January 22, 2018~~

~~Deleted: v1.9~~

“Purchase Agreement” means the agreement between Licensee and Authorized Representative that describes AAI Subscription and Products to be purchased by Licensee, however such agreement is titled.

“Server Software” means those elements of the Software provided by AAI for installation on one or more central servers Licensee owns or controls, and which contains a “control room” that among other functions, controls and monitors the deployment of Client Software and the activation of License Keys on Licensee’s network.

“Software” means AAI’s proprietary software in machine-readable, object code form only, related Documentation, and all modifications made thereto by AAI, and any updates or upgrades that AAI provides to Licensee under this Agreement.

“Term” means the Initial Term and any Extension Term.

“Use” means the installation, accessing, displaying, and operation of the AAI Software to automate business processes and tasks.

## 2. License

Subject to the terms and conditions of this Agreement and the Purchase Agreement, AAI grants Licensee a limited, non-exclusive, non-transferable annual license to Use the Software only for Licensee’s internal Use in connection with its ordinary business operations. Licensee may (a) reproduce and install the Server Software on each server Licensee owns or controls for which AAI has issued a License Key to Licensee, and (b) reproduce and install the Client Software on Client Computers Licensee owns or controls, up to the number of License Keys AAI has issued for such Client Software. Licensee may make inactive copies of the Software for backup, disaster recovery or archival purposes and may make a reasonable number of copies of the Documentation for internal Use, provided Licensee also reproduces on such copies any copyright, trademark or other proprietary markings and notices contained in the Software and Documentation and does not remove any such marks from the original. Licensee’s third-party service providers may Use the Software on Licensee’s behalf provided that Licensee shall be responsible for the acts or omissions of such third-party service providers as if Licensee had acted or failed to act.

## 3. License Restrictions.

The Software is licensed, not sold. Title to the Software and all associated intellectual property rights are retained by AAI and/or its suppliers. All rights in the Software not expressly granted hereunder are reserved. Unless enforcement is prohibited by applicable law (and then, to only the extent specifically permitted by applicable law, and only upon providing AAI with reasonable advance written notice and opportunity to respond), Licensee shall not modify, enhance, translate, supplement, create derivative works from, reverse engineer, reverse compile or otherwise reduce the Software to human readable form. Except as expressly permitted in this Agreement (and in the case of clause (b), as expressly permitted in a writing signed by an authorized officer of AAI), Licensee shall not cause or permit: (a) competitive analysis, benchmarking, or

**Deleted:** Revised January 22, 2018  
**Deleted:** v1.9

the Use, evaluation or viewing of the Software or Documentation for the purpose of designing, modifying, or otherwise creating any software program, or any portion thereof, that performs functions similar to the functions performed by the Software; or (b) any of the following: (i) copying (except as set forth herein), (ii) sublicensing, or (iii) providing access or other dissemination of the Software, in whole or in part, to any third party. No right, title or interest in or to any AAI trademark, service mark, trade name, or logo of AAI or its licensors is granted under this Agreement.

#### 4. Limited Warranty

4.1 *Software Warranty.* AAI warrants to Licensee that during the first sixty (60) days of the Initial Term (the "Warranty Period"), the Software will perform in all material respects in accordance with the Documentation. The foregoing warranty does not apply to: (a) any Software that has been modified by any party other than AAI; or (b) any Software that has been Used in a manner other than as set forth in the Documentation and authorized under this Agreement, to the extent such improper Use causes the Software to be nonconforming. AAI does not warrant that the Software will operate in the combinations that Licensee may select for use, or that the operation of the Software will be uninterrupted or error-free, or that all errors in the Software will be corrected. Any claim submitted under this Section 4.1 must be submitted in writing to AAI during the Warranty Period. AAI's entire liability for any breach of the foregoing warranty is to repair or replace any nonconforming Software so that the affected Software operates as warranted or, if AAI is unable to do so, terminate the license for such Software.

4.2 *Malicious Code Warranty.* AAI warrants to Licensee that: (a) AAI applies industry standard tools to identify and eliminate viruses and other malware prior to delivering Software; and (b) to AAI's knowledge, all Software delivered hereunder shall be free of: (i) functions or routines that are designed to surreptitiously delete or corrupt data in such a manner as to interfere with the normal operation of the Software, (ii) undisclosed "Time Bombs", time-out or deactivation functions or other means designed to terminate the operation of the Software (other than at the direction of the user); (iii) "Back Doors" or other means designed to allow remote access and/or control a Licensee's networks; (iv) any codes or keys designed to have the effect of disabling or otherwise shutting down all or any portion of the Software or limiting its functionality. Notwithstanding the foregoing, Licensee acknowledges that the Software utilizes a License Key mechanism which limits the Use of the Software to the purchased scope and subscription period and is designed to expire automatically at or after the end of the purchased subscription period, at which point the Software will no longer function.

4.3 OTHER THAN THE EXPRESS WARRANTIES MADE BY AAI HEREIN, AAI DISCLAIMS ALL WARRANTIES AS TO ANY MATTER WHATSOEVER, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT, AND THE SOFTWARE IS PROVIDED "AS IS". TO THE EXTENT THE LAWS OF LICENSEE'S JURISDICTION DO NOT PERMIT SUCH DISCLAIMER WITH RESPECT TO THE SOFTWARE AS LICENSED HEREUNDER, AAI PROVIDES ONLY THE MINIMUM LAWFUL WARRANTY BEYOND THAT WARRANTY EXPRESSLY MADE ABOVE, AND DISCLAIMS ALL

WARRANTIES TO THE EXTENT PERMITTED BY APPLICABLE LAW. THE SOFTWARE IS NOT DESIGNED OR INTENDED FOR USE WITH, AND SHOULD NOT BE USED IN CONNECTION WITH, HAZARDOUS APPLICATIONS, SUCH AS OPERATION OF NUCLEAR FACILITIES, LIFE SUPPORT, WEAPONS, AIRCRAFT NAVIGATION OR COMMUNICATION, AND/OR PROCESS CONTROL THAT COULD RESULT IN DEATH, INJURY OR ENVIRONMENTAL IMPACT. THE PARTIES ACKNOWLEDGE THAT THE DISCLAIMERS IN THIS SECTION 5 ARE A MATERIAL PART OF THE AGREEMENT, AND AAI WOULD NOT HAVE ENTERED INTO THIS AGREEMENT BUT FOR SUCH DISCLAIMERS.

**5. Confidentiality.**

5.1 *Non-Disclosure and Restrictions on Use.* As a result of the relationship entered into by the parties under this Agreement, the parties acknowledge that they may from time to time require or gain access to Confidential Information of the other party. The receiving party: (a) shall hold all Confidential Information in confidence; (b) shall use the Confidential Information only for the purposes expressly permitted herein; (c) shall reproduce the Confidential Information only to the extent necessary for such purpose; (d) shall restrict disclosure of the Confidential Information to its employees, consultants, agents and representatives with a valid need to know in connection with this Agreement and who are bound to protect the confidentiality of such Confidential Information (and shall advise such employees, agents and representatives of the obligations assumed herein); and (e) shall not disclose or cause to be disclosed the Confidential Information to any third party without prior written approval of the disclosing party, except as allowed under (d) above.

5.2 *Confidentiality Exceptions.* The foregoing confidentiality restrictions shall not apply to Confidential Information that: (a) is or becomes a part of the public domain through no wrongful act or omission of the receiving party; (b) was in the receiving party's lawful possession prior to the disclosure and had not been obtained by the receiving party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the receiving party by a third party without restriction on disclosure; (d) is independently developed by the receiving party without reference to or reliance on the Confidential Information; or (e) that the disclosing party agrees in writing is free of such restrictions. AAI recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released. Should Licensee receive a FOIA request, Licensee will notify AAI of such request and provide AAI a reasonable amount of time to respond regarding any proposed release of AAI proprietary and confidential information.

**6. Indemnity.**

6.1 *IP Indemnity.* AAI will have the right to intervene to defend, indemnify and hold Licensee harmless from any damages or losses that it may incur by reason of or arising out of any third party claim that the Software infringes any U.S. patent or any copyright or misappropriates any trade secret. In any action based on a claim of infringement, AAI may, at its sole option and expense: (a) procure for Licensee the right to continue using the Software under the terms of this Agreement; (b) replace or modify the affected Software to avoid the infringement while substantially equivalent in function to

Deleted: Revised January 22, 2018  
Deleted: v1.9

the infringing Software; or (c) if options (a) and (b) above cannot be accomplished despite AAI's reasonable efforts, then AAI may terminate Licensee's rights and AAI's obligations hereunder with respect to the affected Software.

6.2 *Indemnity Obligations.* AAI's indemnification obligations under this Section 6 are conditioned upon Licensee (a) promptly (within thirty (30) days after notice of claim) notifying AAI in writing of the claim; (b) granting AAI sole control of the defense and settlement of the claim; and (c) providing AAI, at AAI's expense, with all assistance, information and authority reasonably required for the defense and settlement of the claim.

6.3 *Indemnity Exclusions.* AAI will have no liability for any claim to the extent that it would not have occurred but for: (a) modifications to the Software made by Licensee or a party acting on Licensee's behalf; (b) the combination, operation or Use of the Software with equipment, devices, software or data not supplied or specified by AAI (including without limitation the action of the Software to automate Licensee-selected software or processes); (c) Licensee's failure to use updated or modified Software provided by AAI; (d) Licensee's Use of the Software other than in accordance with this Agreement and the Documentation, or (e) compliance by AAI with designs, plans or specifications furnished by or on behalf of Licensee.

6.4 THE PROVISIONS OF THIS SECTION 6 SET FORTH AAI'S SOLE AND EXCLUSIVE OBLIGATIONS, AND LICENSEE'S SOLE AND EXCLUSIVE REMEDIES, WITH RESPECT TO INFRINGEMENT OR MISAPPROPRIATION OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS.

6.5 Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

## 7. Limitation of Liability

7.1 NEITHER PARTY SHALL BE LIABLE FOR: (A) ANY PUNITIVE, SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING ANY COST OF PROCUREMENT OF SUBSTITUTE SOFTWARE OR SERVICES, LOSS OF USE, DATA, BUSINESS, OR PROFITS), REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER THE LIABLE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; OR (B) AGGREGATE DAMAGES IN EXCESS OF THE PURCHASE ORDER PRICE PAID BY THE ORDERING ACTIVITY TO AAI.

7.2 *Limitation of Liability Exclusions.* The limitations of liability set forth in Section 8.1 above do not apply to: (a) damages related to claims that are the subject of indemnification under this Agreement, (b) claims based on either party's intentional breach of its obligations set forth in Section 5 (Confidentiality), and (c) either party's unauthorized use, distribution, or disclosure of the other party's intellectual property.

7.3 *No Limitation of Liability by Law.* Because some jurisdictions do not allow liability or damages to be limited to the extent set forth above, some of the above limitations may not apply to Licensee. The foregoing limitation of liability shall not apply to (1)

Deleted: v1.9

personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

## 8. Term and Termination.

8.1 *Term.* This Agreement is effective as of the Effective Date and unless sooner terminated by either party in accordance with this Section 8, shall remain effective for the Term pursuant to the Purchase Agreement. Upon any such expiration of the Agreement Term, the License Keys will expire and the Software will become inoperable.

8.2 *Termination.* When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, AAI shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

8.3 *Effect of Termination.* Upon the effective date of termination of this Agreement: (a) Licensee's license to the Software ceases, and Licensee shall immediately remove all copies of the Software from all systems owned or controlled by Licensee, and (b) any and all payment obligations of Licensee will immediately become due. Each party will securely destroy all copies of Confidential Information of the other party in its possession except as required to comply with any applicable legal or accounting record keeping requirement. The terms and conditions of Sections 3 through 9 shall survive any termination of this Agreement.

## 9. General.

9.1 *Export.* Licensee agrees not to export, or allow the export or re-export of any Software, or of information regarding any Software in violation of any export laws, restrictions and regulations of the Department of Commerce or other United States or foreign agency or authority.

9.2 *U.S. Government.* This Software and its accompanying Documentation are "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212, and may only be provided to or obtained by the United States government for acquisition by or on behalf of Ordering Activities, consistent with the policy set forth in 48 C.F.R. 12.212.

9.3 *Third-Party Software.* The Software may contain or be distributed with open source software or other third party software that may be covered by a different license. AAI's obligations set forth in this Agreement do not extend to any such software. Licensee agrees that all open source software shall be and shall remain subject to the terms and conditions under which it is provided. Any such software, and the notices, license terms and disclaimers applicable to such software shall be identified to Licensee from time to time in writing (email or a notice visible within the Software to suffice).

9.4 *Records.* Licensee shall maintain records regarding the Use of the Software and shall make such information available to AAI upon request. Upon reasonable request, subject to Government security requirements, and no more than once per year, AAI

Deleted: v1.9

shall have the right to audit Licensee's Use of the Software to verify compliance with the terms of this Agreement, and Licensee will within thirty (30) days of invoice pay over any underpayment discovered in the course of such audit, based on AAI's then-current GSA Schedule Pricelist, plus interest if applicable, as governed by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315.

9.5 *Governing Law and Jurisdiction.* This Agreement and will in all respects be governed by the Federal laws of United States without regard to the United Nations Convention on Contracts for the International Sale of Goods and any implementation of the Uniform Computer Information Transactions Act.

9.6 *Reserved.*

9.7 *Force Majeure.* A party is not liable under any Agreement for non-performance (other than failure to pay) caused by events or conditions beyond that party's reasonable control, if the party makes reasonable efforts to perform.

9.8 *Assignment.* Except as set forth in this Section, Licensee shall not assign, delegate, or otherwise transfer this Agreement or any of its rights or obligations to a third party without AAI's prior written consent. This Agreement shall inure to the benefit of and bind each party's permitted assigns and successors.

9.9 *Publicity.* AAI may publicly reference that Licensee is a customer of AAI without the prior consent of Licensee to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

9.10 *Notices.* Ordinary day-to-day operational communications may be conducted by email or telephone communications. Any other notice required by this Agreement shall be made in writing and given by (a) personal delivery, (b) prepaid, first class, certified mail, return receipt requested, (c) email (with a duplicate notice sent promptly by one of the other methods in this Section), or (d) courier service of recognized standing (with confirmation of receipt); in any case to the receiving party, "Attention: Legal" at its address as set forth in the heading to this Agreement, or to a different address of which the addressee party has notified the other in accordance with this Section. Any notice given in conformance with this Section shall be effective upon actual delivery or refusal of delivery.

9.11 *Headings.* Section headings are included for convenience or reference only and are not intended to define or limit the scope of any provision of this Agreement and should not be used to construe or interpret this Agreement.

9.12 *Interpretation; Modification; Waiver; Severability.* This Agreement, together with the Exhibits referenced herein, constitutes the entire understanding between Licensee and AAI with respect to the subject matter hereof. No terms or conditions set forth in any purchase order or other document provided by Licensee to AAI shall be part of any agreement between AAI and Licensee unless specifically accepted by AAI in writing. No modification of this Agreement will be binding, unless in writing and signed by an authorized representative of each party. Any express waiver or failure to exercise promptly any right under this Agreement will not create a

continuing waiver or any expectation of non-enforcement. There are no third party beneficiaries to this Agreement. If any provision of this Agreement shall for any reason be held illegal or unenforceable, such provision shall be deemed severable from the remaining provisions of this Agreement and shall in no way affect or impair the validity or enforceability of the remaining provisions of this Agreement, unless such omission would frustrate the intent of the parties, in which case this Agreement may be reformed to give effect to the other provisions hereof.

**IN WITNESS WHEREOF**, the parties hereto have caused this Agreement to be signed by duly authorized officers or representatives as of the Effective Date.

## CAMBRIDGE SEMANTICS MASTER SOFTWARE LICENSE AGREEMENT

BY SIGNING AN ORDER REFERENCING, OR BY OTHERWISE MANIFESTING AGREEMENT TO THIS MASTER SOFTWARE LICENSE AGREEMENT (THE "END USER ACCESS AGREEMENT" AND ALONG WITH ALL ORDERS, THE "AGREEMENT") ON BEHALF OF THE ORDER ACTIVITY INDICATED BY YOU AT THE TIME OF ACCEPTANCE ("GOVERNMENT") YOU ARE HEREBY AGREEING TO THIS END USER ACCESS AGREEMENT ON BEHALF OF ORDERING ACTIVITY. IN DOING SO YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO BIND THE ORDERING ACTIVITY TO THESE END CLIENT TERMS AND CONDITIONS AND THE AGREEMENT. THE AGREEMENT IS BY AND BETWEEN THE ORDERING ACTIVITY UNDER GSA SCHEDULE CONTRACTS IDENTIFIED IN THE PURCHASE ORDER, STATEMENT OF WORK, OR SIMILAR DOCUMENT ("ORDERING ACTIVITY," OR "LICENSEE") AND THE GSA MULTIPLE AWARD SCHEDULE CONTRACTOR ACTING ON BEHALF OF CAMBRIDGE SEMANTICS INC. ("PROVIDER" or "CSI")

### 1. DEFINITIONS AND SCOPE OF AGREEMENT

1.1. Definitions. The following terms, as used herein, shall have the following meanings:

1.1.1. "Agreement" means, collectively, this Master Software License Agreement and the attached Schedule A and any and all Order Forms,.

1.1.2. "Business Partner" means an entity that requires access to the Software in connection with the operation of Licensee's business, such as customers, distributors and suppliers.

1.1.3. "Confidential Information" means, subject to the exceptions set forth below, any information or data, regardless of whether it is in tangible form, disclosed by either party (the "Disclosing Party") that the Disclosing Party has either marked as confidential or proprietary, or has identified in writing as confidential or proprietary within thirty (30) days of disclosure to the other party (the "Receiving Party"); provided, however, CSI's Confidential Information includes (whether or not the applicable information or materials are marked or otherwise identified as confidential or proprietary) the Software; the concepts, techniques, ideas, and know-how embodied and expressed in the Software; the Documentation; any other third-party software or documentation licensed with or as part of the Software or Documentation; benchmark results; manuals; program listings; data structures; flowcharts; logic diagrams; functional specifications; business and/or product or service plans. Information will not be deemed Confidential Information hereunder if such information: (a) is known to the Receiving Party prior to receipt from the Disclosing Party directly or indirectly from a source other than one having an obligation of confidentiality to the Disclosing Party; (b) becomes known (independently of disclosure by the Disclosing Party) to the Receiving Party directly or indirectly from a source other than one having an obligation of confidentiality to the Disclosing Party; (c) becomes publicly known or otherwise ceases to be secret or confidential, except through a breach of this

Agreement by the Receiving Party; or (d) is independently developed by the Receiving Party.

1.1.4. “Documentation” means CSI’s end user documentation for the Software that is delivered to Licensee under this Agreement.

1.1.5. “Effective Date” means the date first set forth above.

1.1.6. “Order Form” means any written Order Form or Quote that references this Agreement and is incorporated by reference on the purchase order and sets forth, at a minimum, the software to be licensed by CSI and the fees for such software.

1.1.7. “Software” means all software (in object code form only) specified in any Order Form, developed by or for CSI and delivered to Licensee hereunder and Maintenance Services, any new releases thereof (in object code form only) made generally available pursuant to Maintenance Services.

1.1.8. “Termination Date” means the Termination Date set forth in section 5.1.

1.1.9. “Use” means to activate the processing capabilities of the Software, load, execute, access, employ the Software, and display information resulting from such capabilities.

1.2. Scope of Agreement; Ordering Procedure. As of the Effective Date, Licensee is licensing the Software described on the Order Form. From time to time after the Effective Date, if the parties reach mutual agreement on the terms and conditions under which that Licensee will license additional software and/or receive additional services from CSI under this Agreement, the parties will enter into one or more additional Order Forms.

1.3. Order of Precedence. In the event of a conflict or ambiguity between the terms and conditions of this Master Software License Agreement and any Schedule to this Master Software License Agreement or Order Form, the terms and conditions of the negotiated Order Form will prevail, and this Master Software License Agreement will prevail over the Schedule unless the Schedule states that the term in the Schedule will prevail.

## 2. LICENSE GRANT

2.1. License. Subject to the terms and conditions of this Agreement, CSI hereby grants a non-exclusive, non-resalable, non-transferable, worldwide, limited (unless terminated in accordance with Section 5 herein) license to Use the Software and Documentation set forth in the applicable Order Form. Use may occur solely by way of an interface delivered with or as a part of the Software, or by documented application programming interfaces (“APIs”) and query services designated in writing by CSI.

2.2. Restrictions; Reservation of Rights; Verification.

2.2.1. Named Users; Business Partners; Third Parties. The Licensee may not use the Software in any manner not authorized by this License. The Software may not be used by more than the number of named users specified on the applicable Order Form. Licensee may not use the Software or Documentation for commercial time-sharing, rental, software as a service (SaaS), “cloud hosting”, or service bureau use, including without limitation, providing management and support to any third party. Business Partners may have use of the Software exclusively to support

Licensee's business processes only, and may not Use the Software to run any of their internal business operations or operations for other customers. The Documentation may be used by the Licensee only in conjunction with the use of the Software.

2.2.2. Other Restrictions. Licensee shall not, directly or indirectly, translate, disassemble, or decompile, nor create or attempt to create, by reverse engineering or otherwise, the source code from the object code of the Software. Licensee is not permitted to make derivative works of the Software. CSI's logo and trademarks cannot be changed, misappropriated, misused or rebranded without CSI's written consent.

2.2.3. Reservation. Subject only to the rights expressly granted to Licensee under this Agreement, CSI and its licensors retain all proprietary rights and title (including without limitation all intellectual property rights) to the Software, Documentation and any modifications thereof, and no ownership of any part of the Software or Documentation is hereby transferred to Licensee.

2.2.4. Verification. CSI shall be permitted to audit (no more than once annually, upon reasonable advance written notice and during Licensee's standard business hours and subject to Government security requirements) the usage of the Software and Documentation. Such audit will be limited to information related to the amounts owed by Licensee under this Agreement and any information disclosed during this audit shall be subject to the provisions of Section 6. In the event an audit reveals that Licensee underpaid any amounts due under this Agreement to CSI, Licensee shall pay such underpaid fees within thirty (30) days of the invoice receipt date.

2.2.5. Remote Access. In the case where Licensee obtains access or makes use of the Software remotely across the Internet by using systems provided by the Licensee, CSI and any other third party, the terms of this Agreement will apply and remain valid.

2.3. Licensee Granting of Rights. Unless otherwise agreed in writing in advance with CSI, Licensee hereby grants to CSI an irrevocable license under all intellectual property rights (including copyright) to use, copy, distribute, sublicense, display, perform and prepare derivative works based upon any feedback, including materials, fixes, error corrections, enhancements, and suggestions provided to CSI. **Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.**

### 3. MAINTENANCE AND SUPPORT SERVICES

3.1. Maintenance and Support Services. So long as CSI continues to offer similar support services to its other Software licensees, and subject to payment by Licensee of the applicable Maintenance and Support Services Fees set forth on the applicable Order Form issued in accordance with the GSA Schedule Pricelist, CSI will provide maintenance and support services in accordance with the terms set forth in the Maintenance and Support Services Schedule attached as Schedule A hereto ("Maintenance Services").

3.2.

### 4. PRICE AND PAYMENT

- 4.1. Fees. For the initial order, Licensee shall pay the Software License Fees as set forth on the Order Form issued in accordance with the GSA Schedule Pricelist. . Any undisputed fees not paid when due shall accrue interest at the rate indicated by the **the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315.**
- 4.2. Taxes. **Vendor shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.**

## 5. TERM

- 5.1. Term; Termination. This Agreement and the license granted hereunder shall become effective as of the Effective Date and shall continue in effect thereafter for the Term set forth in the applicable Order Form unless terminated upon the Termination Date set forth in the Order Form. **When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, CSI shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.**
- 5.2. End of Term Duties. Upon any termination hereunder, each party and its Subsidiaries shall immediately cease Use of all of the other party's Confidential Information. Within thirty (30) days after any termination, the Receiving Party shall deliver to the Disclosing Party or destroy all copies of the Disclosing Party Confidential Information in every form. The Receiving Party agrees to certify in writing to the Disclosing Party that it and each of its Subsidiaries has performed the foregoing. Sections 5.2, 6, 7, 8, 9 and 10 and Licensee's duty to pay all amounts due as of the effective date of termination shall survive such termination. In the event of termination by the Licensee, CSI shall immediately refund Licensee of a pro-rated basis all fees paid in advance.

## 6. CONFIDENTIALITY

The Receiving Party acknowledges that it will have access to the Disclosing Party's Confidential Information. The Receiving Party agrees that it will not (a) use any such Confidential Information in any way, for its own account or the account of any third party, except for the exercise of its rights and performance of its obligations under this Agreement, or (b) disclose any such Confidential Information to any party, other than furnishing such Confidential Information to (i) its employees and consultants who are required to have access to the Confidential Information in connection with the exercise of its rights and performance of its obligations under this Agreement and (ii) professional advisers (e.g., lawyers and accountants); provided, however, in the case of professional advisers, ethical duties, to treat, hold and maintain such Confidential Information in accordance with the terms and conditions of this Section 6. The Receiving Party agrees that it will not allow any unauthorized person access to Disclosing Party's Confidential Information, and that Receiving Party will take actions reasonably necessary to protect the confidentiality of such Confidential Information, including implementing and enforcing procedures to minimize the possibility of unauthorized use or copying of such Confidential

Information. In the event that the Receiving Party is required by law to make any disclosure of any of Disclosing Party's Confidential Information, by subpoena, judicial or administrative order or otherwise, the Receiving Party shall first give written notice of such requirement to the Disclosing Party, and shall permit the Disclosing Party to intervene in any relevant proceedings to protect its interests in the Confidential Information, and provide full cooperation and assistance to the Disclosing Party in seeking to obtain such protection. Provider **recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor, provided that the Ordering Activity take all reasonable steps to honor vendor's confidentiality markings.**

7. LIMITED WARRANTY

**CSI WARRANTS THAT THE SOFTWARE WILL, FOR A PERIOD OF SIXTY (60) DAYS FROM THE DATE OF YOUR RECEIPT, PERFORM SUBSTANTIALLY IN ACCORDANCE WITH SOFTWARE WRITTEN MATERIALS ACCOMPANYING IT. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE SOFTWARE IS PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND. CSI AND ITS LICENSORS (FOR THE PURPOSES OF SECTION 7 AND 8, CSI AND ITS LICENSORS WILL BE COLLECTIVELY REFERRED TO AS "CSI") EXPRESSLY DISCLAIM ALL OTHER WARRANTIES WITH RESPECT TO THE SOFTWARE, WHETHER SUCH WARRANTIES ARE EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT, EXCEPT TO THE EXTENT THAT ANY WARRANTIES IMPLIED BY LAW CANNOT BE VALIDLY WAIVED. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, CSI MAKES NO WARRANTY OR REPRESENTATION THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET THE LICENSEE'S REQUIREMENTS, THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, THAT DEFECTS IN THE SOFTWARE WILL BE CORRECTED, NOR WITH RESPECT TO THE CORRECTNESS, ACCURACY, OR RELIABILITY OF THE SOFTWARE. LICENSEE FURTHER ACKNOWLEDGES THAT THE SOFTWARE MAY HAVE LIMITED FUNCTIONALITY, CONTAIN BUGS, ERRORS, AND OTHER PROBLEMS THAT COULD CAUSE COMPUTER SOFTWARE, HARDWARE, AND SYSTEM FAILURES OR LOSS OF DATA. LICENSEE EXPRESSLY ACKNOWLEDGES AND AGREES THAT USE OF THE SOFTWARE AND DISTRIBUTION OF THE COMPONENT IS AT LICENSEE'S SOLE RISK.**

8. LIMITATIONS OF LIABILITY

- 8.1. Licensee's Remedies. Licensee's sole and exclusive remedies for any damages or loss in any way connected with the Software furnished by CSI and its licensors, whether due to CSI's negligence or breach of any other duty, shall be, at CSI's option: (a) to bring the performance of the Software into substantial compliance with the functional specifications; or (b) return of an appropriate portion of any payment made by Licensee with respect to the applicable portion of the Software.
- 8.2. Not Responsible. CSI will not be responsible under this Agreement for any modification made by any party other than CSI, any third-party software, or any third party database. CSI AND ITS LICENSORS SHALL NOT BE LIABLE FOR ANY CLAIMS OR DAMAGES ARISING FROM INHERENTLY DANGEROUS USE OF THE SOFTWARE LICENSED HEREUNDER.

- 8.3. Limitation of Liability. TO THE EXTENT NOT PROHIBITED BY LAW, UNDER NO CIRCUMSTANCES WILL CSI BE LIABLE FOR ANY INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, EVEN IF CSI HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL CSI'S TOTAL LIABILITY TO YOU FOR ALL DAMAGES, LOSSES, AND CAUSES OF ACTION (WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE) EXCEED THE AMOUNT PAID TO CSI BY YOU FOR THE SPECIFIC LICENSE TO WHICH THE LIABILITY IS RELATED, PROVIDED, HOWEVER, THAT: **THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.**
- 8.4. Severability of Actions. IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT EACH AND EVERY PROVISION OF THIS AGREEMENT WHICH PROVIDES FOR A LIMITATION OF LIABILITY, DISCLAIMER OF WARRANTIES, OR EXCLUSION OF DAMAGES IS INTENDED BY THE PARTIES TO BE SEVERABLE AND INDEPENDENT OF ANY OTHER PROVISION AND TO BE ENFORCED AS SUCH.

## 9. EXPORT REGULATIONS

Licensee acknowledges and agrees that it shall not export, or re-export directly or indirectly, the Software, to any country or person in violation of the laws and regulations of any applicable jurisdiction. This restriction expressly includes, but is not limited to, the export regulations of the United States of America (the "United States"). Specifically, Licensee shall not download or otherwise export or re-export the Software to (i) Cuba, Iran, Libya, Sudan, North Korea, or Syria or any other country where such use is prohibited under United States export regulations, or (ii) anyone who is a national of any of such country or whose name appears on the United States Treasury Department's list of Specially Designated Nationals or the United States Commerce Department's Denied Persons List. Licensee agrees to the foregoing and represent and warrant that you are not located in, under the control of, organized under the laws of, or a national or resident of any such country, or on any such list.

## 10. GENERAL PROVISIONS

- 10.1. Public Announcement. Both parties can publicize the general subject matter of this Agreement to **the extent permitted by the General Services Acquisition Regulation (GSAR) 52.203-71** and as long as the disclosing party shall endeavor, on a basis reasonable under the circumstances, to provide a meaningful opportunity to the other party to review and comment upon such press release, case study, testimonial or other public material and shall give due consideration to all reasonable additions, deletions or changes suggested thereto.
- 10.2. Force Majeure. **Excusable delays shall be governed by FAR 52.212-4(f)** .
- 10.3. Severability. The terms and conditions of this Agreement are severable. If any term or condition of this Agreement is deemed to be illegal or unenforceable under any rule of law, all other terms shall remain in force. Further, the term or condition which is held to be illegal or unenforceable shall remain in effect as far as possible in accordance with the intention of the parties as of the Effective Date.

- 10.4. Relationship of the Parties. Nothing in this Agreement shall be construed to place the parties hereto in an agency, employment, franchise, joint venture, or partnership relationship. Neither party will have the authority to obligate or bind the other in any manner, and nothing herein contained shall give rise or is intended to give rise to any rights of any kind to any third parties. Neither party will represent to the contrary, either expressly, implicitly or otherwise.
- 10.5. Governing Law; Consent to Jurisdiction. All disputes, claims or controversies arising out of this Agreement, or the negotiation, validity or performance of this Agreement, or the transactions contemplated hereby shall be governed by and construed in accordance with the Federal laws of the United States.
- 10.6. Assignment; Binding Effect. Licensee may not assign or transfer this Agreement in whole or in part, by operation of law or otherwise, without the prior written consent of CSI. **The Anti-Assignment Act, 41 USC 6305, prohibits the assignment of Government contracts without the Government's prior approval. Procedures for securing such approval are set forth in FAR 42.1204.**
- 10.7. Notices. All notices under this Agreement will be in writing and will reference this Agreement. Notices will be deemed given when: (a) delivered personally; (b) sent by confirmed facsimile; (c) three (3) days after having been sent by registered or certified mail, return receipt requested, postage prepaid; or (d) one (1) day after deposit with a commercial overnight carrier, with written verification of receipt. All communications will be sent to the addresses set forth on the first page of this Agreement or such other addresses designated pursuant to this Section 10.7.
- 10.8. No Waiver. Failure by either party to enforce any provision of this Agreement will not be deemed a waiver of future enforcement of that or any other provision.
- 10.9. Counterparts. This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which will constitute one and the same instrument.
- 10.10. Headings. The headings and captions used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement.
- 10.11. Construction. This Agreement has been negotiated by each of the parties hereto and each of their respective counsel. This Agreement will be fairly interpreted in accordance with its terms and without any strict construction in favor of or against either party. This English language version of this Agreement shall be the official version of this Agreement, even if this Agreement is translated into any other language. All notices, communications and discussions pertaining to this Agreement, whether oral or written, will be conducted in the English language, including any enforcement proceedings.
- 10.12. Complete Agreement. This Agreement, including the exhibits hereto, which are hereby incorporated into this Agreement by this reference, **together with the Purchase Order(s)**, constitutes the entire agreement between the parties with respect to the subject matter hereof. It supersedes and replaces all prior or contemporaneous understandings or agreements, written or oral, regarding such subject matter, and prevails over any conflicting terms or conditions contained on printed forms, sales acknowledgments or quotations. **In the event of a conflict**

**between this Agreement and a Negotiated Purchase Order, the Purchase Order shall control.** This Agreement may not be modified or waived, in whole or part, except in writing and signed by an officer or duly authorized representative of both parties.

## **SCHEDULE A – MAINTENANCE AND SUPPORT SERVICES SCHEDULE**

The terms and conditions of this Schedule A shall be referred to as this “Maintenance and Support Schedule”.

### **A. Maintenance Services.**

Unless an Order Form specifies otherwise, CSI agrees to provide Licensee the maintenance services set forth in this Schedule A for all Software. CSI agrees to provide Each Maintenance Periodt may be renewed for additional successive one (1) year terms by executing a new Agreement in writing .

Maintenance Services consist of the following:

1. **Updates.** Subject to the terms and conditions of this Maintenance and Support Services Schedule, CSI will make available to Licensee updated or upgraded versions of the Software and Documentation, Error Corrections and maintenance releases to the Software which CSI makes generally available at no additional charge to its customers that are party to an effective maintenance agreement (“Updates”). This Maintenance and Support Schedule shall not entitle Licensee to upgrades or versions which are separately priced and licensed by CSI as new products. Notwithstanding the foregoing, functionality which is substantially similar to the Software licensed under an Order Form shall not be considered a new product and shall be provided to Licensee at no additional cost.

Each Update of the Software must be functionally compatible with the prior release or version of such Software, as applicable, and must conform to the terms and conditions of this SLA applicable to the Software. Licensee may not be required to install any Update of any Software except: (i) as a prerequisite to installing a subsequent Update; or (ii) to avoid violation of intellectual property or proprietary rights of a third party, and, in such event, Licensee may not be required to pay any additional fees in connection with such prerequisite Update.

2. **Definitions.**

**“Error Correction”** means the correction by CSI of a Malfunction at any and all priority levels to ensure that the Software performs in accordance with the Documentation, this SLA, or the provision by CSI of a “work around” for a Malfunction that is acceptable to Licensee which does not materially impair Licensee’s use of the Software, and is followed by a permanent Correction within a reasonable amount of time.

**“Malfunction(s)”** means a malfunction of the Software as reported to CSI by Licensee, or otherwise identified by CSI, that prevents the Software from performing in accordance with the Documentation.

**“Priority 1”** means a severe impact and condition exists which causes the Software to fail to function according to the Documentation and/or this SLA, which makes the use of any one or more critical functions of the Software inoperable or significantly decreases Software or productivity in such a manner that adversely affects the ability to conduct the activities described in the Documentation or this SLA.

**“Priority 2”** means degraded operations constituting a limited condition that causes a slight or non-critical failure of the Software to function according to the Documentation

and/or this SLA, or a desired change in the Software which can be easily circumvented or avoided.

**“Priority 3”** means a problem that involves partial, non-critical loss of use of the Software in a production environment or development environment. For production environments, there is a medium-to-low impact on the business, but the business continues to function, including by using a procedural workaround. For development environments, where the situation is causing the project to no longer continue or migrate into production.

**“Priority 4”** means a general usage question, reporting of a documentation error, or recommendation for a future product enhancement or modification. For production environments, there is low-to-no impact on the business or the performance or functionality of the system. For development environments, there is a medium-to-low impact on the business, but the business continues to function, including using a procedural workaround.

3. **Error Corrections.** After Licensee has identified to CSI a Malfunction’s associated priority level reasonably determined by Licensee (a *“Priority Report”*), and subject to Licensee assisting CSI in attempting to recreate and diagnose the Malfunction, CSI agrees to: (a) For Priority 1 level Malfunctions, promptly assign an individual or individuals to address the Priority 1 level Malfunctions, provide a response within two (2) hours, and use best efforts to provide a Correction within six (6) hours after receipt of the Priority Report; and (b) For Priority 2 level Malfunctions (i) respond to Licensee’s Priority Report and assign technical support resources, (ii) use best efforts to provide a Correction for such Priority 2 level Malfunctions within a reasonable time frame determined by Licensee commensurate with the severity of the problem and (iii) maintain telephone contact providing at least daily progress reports to Licensee; and (c) For Priority 3 and 4 level Malfunctions, (i) provide an initial response within twenty four (24) business hours and (b) use best efforts to provide a workaround, if required, and a permanent fix with the next scheduled update. In the event that a Correction to the Priority 1 level Malfunction has not been applied within six (6) hours after receipt of a Priority Report (either reported by Licensee or CSI), then CSI will provide continuous efforts to resolve such Malfunction until the Correction to the Priority 1 level Malfunction has been provided by CSI and confirmed as remediated by Licensee. In all cases where CSI provides a temporary workaround, CSI agrees to provide Licensee with an estimate of the time by which CSI will be ready to implement a permanent solution.

4. **Exclusions.** CSI shall have no obligation to support (a) any altered, damaged or modified Software or any portion of the Software incorporated with or into other software not expressly required by the documentation delivered with the Software, unless such Software has been modified or incorporated with, or into, other software under a Statement of Work executed by the Parties and governing the implementation, or integration or modification of the Software; or (b) Software problems caused by Licensee’s negligence, abuse or misapplication, use of the Software other than as specified in the documentation delivered with the Software or otherwise delivered under an applicable Statement of Work. Unless otherwise specified in an Order form, the Services provided by CSI under this SLA are limited to the telephone support and email support specified above, and any further Services required by Licensee must be governed by a separate written services agreement.

5. **Licensee Responsibilities.** Licensee will have responsibility to notify CSI promptly of issues or Malfunctions which become known to Licensee, to allow, if

necessary, unrestricted and free access to the Software, and to ensure that a qualified Licensee representative is available to provide assistance as necessary to perform Services hereunder. CSI has a responsibility to promptly notify Licensee of issues which could cause the Software to significantly Malfunction.

6. **Term; Termination.** Unless otherwise terminated in accordance with the SLA or this Section 6, this Maintenance and Support Schedule will automatically terminate as of the effective date of the termination of this SLA (including any agreed termination support periods).

7. **Services.** The following technical support services shall be included in the Maintenance Services:

7.1 Access to CSI support resources weekdays between 9:00 AM and 5:00 PM Eastern Time to resolve problems regarding the Software, including, without limitation, Malfunctions, problems related to the installation of the Software, apparent “bugs” in the Software, the configuration of the Software, and the interaction of the Software with the computer hardware and system software with which the Software is used.

7.2 If it appears that CSI will be unable to reproduce, diagnose or remedy a problem in or with the Software over the telephone or remotely, CSI shall dispatch personnel to Licensee’s premises, should it be reasonably clear that such action would materially improve the time to resolution.

7.3 Software Updates and Error Corrections are included at no additional charge within the current version and any agreed previous versions for any Software covered by a current, paid up agreement for Maintenance Services.

8. **Software Product Support Policy.**

CSI will provide Maintenance Services to Licensee for a period of three years (36 months) commencing as of date of general availability (“GA”) of a new Major Release or, for a period of one year (12 months) after the GA date of the following major release (whichever is longer), provided Licensee has paid the applicable Maintenance Services Fees. Error corrections released as part of a Minor Release shall have a Minor Release version for all actively supported Major Releases as of the release date for such Minor Release.

In the event that Maintenance Services for a release would normally expire and no later release has been made generally available, support for the old release will be extended until such a time as a new release is made generally available.

In the event that Maintenance Services for a release would normally expire and no further releases are planned, a product may be classified as at the end of its product lifecycle (“end-of-life”). The decision to “end-of-life” any product will be announced to customers at least twelve (12) months ahead of the date that support for all releases of any Product will no longer be available.

# **ANZOGRAPH® DB END USER LICENSE AGREEMENT**

IMPORTANT: READ THIS AGREEMENT CAREFULLY BEFORE ACCESSING AND USING THE SOFTWARE. CAMBRIDGE SEMANTICS INC. ("CSI") GRANTS YOU ACCESS TO AND USE OF THE SOFTWARE ONLY IF YOU ACCEPT THE TERMS AND CONDITIONS OF THIS AGREEMENT. BY BOTH PARTIES EXECUTING THIS AGREEMENT IN WRITING, YOU AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT AND REPRESENT AND WARRANT THAT YOU HAVE THE AUTHORITY TO ENTER INTO THIS AGREEMENT ON BEHALF OF YOU AND ANY COMPANY OR OTHER LEGAL ENTITY, YOU REPRESENT ("YOU").

## **1. OWNERSHIP**

The AnzoGraph DB software and any accompanying documentation ("Documentation") and any updates, new versions, bug fixes error corrections or other modifications provided by CSI (collectively "Software") are proprietary to CSI. You acknowledge and agree that: (a) the Software is protected under copyright and other laws and international treaty provisions; (b) CSI and its licensors retain all copyrights and other intellectual property rights in the Software; (c) there are no implied licenses under this License, and any rights not expressly granted to You hereunder are reserved by CSI; and (d) You acquire no ownership or other interest (other than your license rights explicitly stated in this Agreement) in or to the Software. You agree that You will not, at any time, contest anywhere in the world CSI's ownership of the Software, nor will You challenge the validity of CSI's rights in the Software. You have no rights hereunder to use any trademark or service mark belonging to CSI.

## **2. GRANT OF LICENSE**

### **2.1 Licensed Use**

The Software is made available as described on the offering's webpage:

<http://www.cambridgesemantics.com/offerings/anzograph/>

with limitations and conditions as set forth by the CSI license management system (see section 2.4) and used by You to download or deploy the Software. Subject to your performance under this Agreement, CSI grants You a limited, non-exclusive, non-transferable license (without the right to sublicense) to use the Software subject to the restrictions enforced by a license key CSI supplied to You and solely in object code form on a compatible (in accordance with the hardware, operating system, and other instructions provided by CSI) device owned or controlled by you.

### **2.2 License Restrictions**

Reproduction of the Software and/or distribution of the Software to any third party is not licensed hereunder and is strictly prohibited. If You are interested in obtaining CSI's permission to engage in commercial or non-commercial distribution of the Software, contact [anzograph@cambridgesemantics.com](mailto:anzograph@cambridgesemantics.com).

### **2.3 Remote Access**

You are responsible for obtaining all necessary devices and equipment and for all costs relating to your access to and the use Software, including and not limited to any hosting or infrastructure costs. You will at all times be responsible for maintaining the security of, and any access to or use of, your username and password. You accept and acknowledge that You will be responsible

for all activities that occur under your username, and You will promptly notify CSI of any loss, theft or unauthorized use of your password of which You become aware.

## 2.4 License Keys

In order to operate or evaluate the Software You will be provided with a license key by CSI. The license key encodes restrictions and conditions on your use of the Software as may be determined by separate sales, evaluation or other usage agreements with CSI. Whether or not such additional agreement exists, You agree to be bound by the additional operating restrictions and conditions encoded in your license key. The license key restrictions may include a limitation on the time period for which You are licensed to operate the Software or may specify the period during which the Software will operate normally. You may not use the Software in any manner that bypasses the operating restrictions and conditions encoded in the license key. You may not share, lease, rent or loan the license key to any third party. You may not reproduce the license key except for backup purposes. You may not use the same individual license key on more than one running server.

## 3. RESTRICTIONS

Even if You license the Free Edition and a license fee is not paid for the use of the Software it does not mean that there are no conditions restricting the use of the Software.

Except as otherwise expressly stated in this License or by additional agreement, You may not:

- (a) use the Software in any manner not authorized by this License;
- (b) reproduce, modify, adapt, alter, translate, or create derivative works of the Software or merge the Software with other software;
- (c) sublicense, distribute or otherwise transfer the Software or any component thereof to any third party without CSI's express written consent;
- (d) reverse engineer, decompile, disassemble, or otherwise attempt to derive the source code of the Software;
- (e) remove, alter, or obscure any proprietary notices (including copyright and trademark notices) of CSI or its suppliers on the Software;
- (f) without prior written consent of CSI, use the Software for providing time-sharing services, any software-as-a-service, service bureau services or as part of an application services provider or other service offering (collectively, "SaaS Offering") where a third party's obtaining access to the Software or the features and functions of the Software is a primary reason or substantial motivation for users of the SaaS Offering to access and/or use the SaaS Offering ("Prohibited SaaS Offering"). For clarity, this clause is not intended to restrict access to the Software by and through third-party programs that add their own substantially differentiating features and functions beyond those offered by the Software or restrict the Software being employed to provide direct access to value-added hosted data sets. If You have any question as to whether a specific SaaS Offering constitutes a Prohibited SaaS Offering, of the Software, contact [anzograph@cambridgesemantics.com](mailto:anzograph@cambridgesemantics.com)
- (g) use Software and license keys obtained for the purposes of trial & evaluation for any commercial or non-commercial purpose other than trial & evaluation of the software.
- (h) disclose results of any Software benchmark tests without CSI's prior written consent; or
- (i) use any CSI name, trademark or logo without CSI's prior written consent;
- (j) use the Software without a license key CSI supplied to you.

## 4. FEEDBACK

CSI welcomes your voluntary comments, suggestions and other communications about the Software ("Feedback"). Feedback includes accounting of bugs, timing, issues, workarounds, and bug fixes, as well as any suggestions for features or enhancements. CSI will own all such Feedback and be able to use the Feedback in any manner, and You hereby assign to CSI all rights to Feedback You provide to CSI. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

## 5. MAINTENANCE SERVICES AND SUPPORT

### 5.1 Free Edition Support

Where no license fee has been paid, this Agreement does not require CSI to provide You with any installation, training, technical assistance, consulting services, support services or other services of any kind. However, CSI will make reasonable efforts to provide You with the support described online in the offering description available at

<http://www.cambridgesemantics.com/offerings/anzograph/>

You may report Software bugs and errors by email to [anzograph@cambridgesemantics.com](mailto:anzograph@cambridgesemantics.com) or by creating a support ticket at

<http://www.cambridgesemantics.com/support/>

At its sole discretion, CSI may provide periodic updates to the Software, which may include bug fixes, new features and/or enhancements.

### 5.2 Enterprise Edition Maintenance and Support Services, and Product Support Policies

The following subsections apply only to licenses of the Enterprise Edition of the Software under a current, paid up agreement.

Unless an Order Form specifies otherwise, CSI agrees to provide You the Maintenance and Support Services set forth in this Agreement. CSI agrees to provide Maintenance and Support Services for one (1) year maintenance periods commencing on the date of Your purchase of a license (each a "Maintenance Period"). Unless terminated in accordance with the terms of this Agreement, each Maintenance Period may be renewed for additional successive one (1) year terms by executing a new Agreement in writing.

Maintenance and Support Services consist of the following:

#### 5.2.1 Updates

Subject to the terms and conditions of this Section 5.2, CSI will make available to You updated or upgraded versions of the Software and Documentation, Error Corrections and maintenance releases to the Software which CSI makes generally available at no additional charge to its customers that are party to an effective maintenance agreement ("Updates") and as further described in the Software Product Release Support Policy, subsection 5.2.8. This Maintenance and Support shall not entitle You to upgrades or versions which are separately priced and licensed by CSI as new products. Notwithstanding the foregoing functionality which is substantially similar to the Software licensed under an Order Form shall not be considered a new product and shall be provided to You at no additional cost.

Each Update of the Software will be functionally compatible with the prior release or version of such Software, to the extent applicable under the Software Product Release Support Policy described in subsection 5.2.8, and Your use of the Update must conform to the terms and conditions of this license applicable to the Software. You will not be required to install any Update of any Software except: (i) as a prerequisite to installing a subsequent Update; or (ii) to

avoid violation of intellectual property or proprietary rights of a third party, and, in such event, You will not be required to pay any additional fees in connection with such prerequisite Update.

### 5.2.2 Definitions

“Error Correction” means (i) the correction by CSI of a Malfunction at any and all priority levels to ensure that the Software performs in accordance with the Documentation and this Agreement, or (ii) the provision by CSI of a “work around” for a Malfunction which does not materially impair Your use of the Software, and is followed by a permanent correction within a reasonable amount of time.

“Malfunction(s)” means a malfunction of the Software as reported to CSI by You, or otherwise identified by CSI, that prevents the Software from performing in accordance with the Documentation.

“Priority 1” means a severe impact and condition exists which causes the Software to fail to function according to the Documentation and/or this Agreement, which makes any one or more critical functions of the Software inoperable or significantly decreases the Software or productivity in such a manner that adversely affects the ability to conduct the activities described in the Documentation or this Agreement.

“Priority 2” means degraded operations constituting a limited condition that causes a slight or non-critical failure of the Software to function according to the Documentation and/or this Agreement, or a desired change in the Software which can be easily circumvented or avoided.

“Priority 3” means a problem that involves partial, non-critical loss of use of the Software in a production environment or development environment. For production environments, there is a medium-to-low impact on the Software, but the Software continues to function, including by using a procedural workaround. For development environments, where the situation is causing the project to no longer continue or migrate into production.

“Priority 4” means a general usage question, reporting of a Documentation error, or recommendation for a future product enhancement or modification. For production environments, there is low-to-no impact on the Software or the performance or functionality of the system. For development environments, there is a medium-to-low impact on the Software, but the Software continues to function, including using a procedural workaround.

### 5.2.3 Error Corrections

After You have identified to CSI a Malfunction’s associated priority level reasonably determined by You (a “Priority Report”), and subject to Your assisting CSI in attempting to recreate and diagnose the Malfunction, CSI agrees to:

(a) For Priority 1 level Malfunctions, promptly assign an individual or individuals to address the Priority 1 level Malfunctions, provide a response within four (4) hours, and use best efforts to provide an Error Correction within one (1) business day after receipt of the Priority Report. In the event that an Error Correction to the Priority 1 level Malfunction has not been applied within one (1) business day after receipt of a Priority Report (either reported by You or CSI), then CSI will provide continuous efforts to resolve such Malfunction until the Correction to the Priority 1 level Malfunction has been provided by CSI and confirmed as remediated by You; and

(b) For Priority 2 level Malfunctions (i) respond to Your Priority Report and assign technical support resources, (ii) use best efforts to provide an Error Correction for such Priority 2 level Malfunctions within a reasonable time frame determined by You commensurate with the severity of the problem and (iii) maintain telephone contact providing at least daily progress reports to You; and

(c) For Priority 3 and 4 level Malfunctions, (i) provide an initial response within twenty-four (24) business hours and (ii) use best efforts to provide a workaround, if required, and a permanent fix with the next Scheduled update.

In all cases where CSI provides a temporary workaround, CSI agrees to provide You with an estimate of the time by which CSI will be ready to implement a permanent solution.

#### 5.2.4. Exclusions

CSI shall have no obligation to support (a) any altered, damaged or modified Software or any portion of the Software incorporated with or into other software not expressly required by the Documentation delivered with the Software, unless such Software has been modified or incorporated with, or into, other software under a Statement of Work executed by the Parties and governing the implementation, or integration or modification of the Software; or (b) Software problems caused by Your negligence, abuse or misapplication, use of the Software other than as specified in the Documentation delivered with the Software or otherwise delivered under an applicable Statement of Work. Unless otherwise specified in an Order form, the services provided by CSI under this SLA are limited to the telephone support and email support specified above, and any further Services required by You must be governed by a separate written services agreement.

#### 5.2.5. Your Responsibilities

You will have responsibility to notify CSI promptly of issues or Malfunctions which become known to You, to allow CSI, if necessary, unrestricted and free access to the Software, and to ensure that a qualified representative is available to provide assistance as necessary to perform Services hereunder. CSI has a responsibility to promptly notify You when it becomes aware of issues which could cause the Software to significantly malfunction.

#### 5.2.6. Maintenance and Support Service Availability

You may report Software bugs and errors by email to [anzograph@cambridgesemantics.com](mailto:anzograph@cambridgesemantics.com) or by creating a support ticket at

<http://www.cambridgesemantics.com/support/>

The following technical support services shall be included in the Maintenance and Support Services:

(i) Access to CSI support resources weekdays between 9:00 AM and 5:00 PM Eastern Time to resolve problems regarding the Software, including, without limitation, Malfunctions, problems related to the installation of the Software, apparent “bugs” in the Software, the configuration of the Software, and the interaction of the Software with the computer hardware and system software with which the Software is used.

(ii) If it appears that CSI will be unable to reproduce, diagnose or remedy a problem in or with the Software over the telephone or remotely, CSI shall at its option and discretion dispatch personnel to Your premises, should it be reasonably clear that such action would materially improve the time to resolution.

(iii) Software Updates and Error Corrections are included at no additional charge within the current version and any agreed previous versions for any Software covered by a current, paid up Enterprise license agreement.

#### 5.2.7 Additional Services

While this Agreement does not require CSI to provide You with any installation, training, additional technical assistance, consulting services, or other services of any kind, these may be provided at

CSI's discretion in response to Your support requests, as described online in the offering description available at

<http://www.cambridgesemantics.com/offerings/anzograph/>

#### 5.2.8. Software Product Release Support Policy

At its sole discretion, CSI may provide periodic Updates to the Software, which may include bug fixes, new features and/or enhancements. CSI will provide You with the Product support services expressly described in the attached support services policy description

("Software Product Release Support Policy"), subject to the conditions stated in such Software Product Release Support Policy description.

### 6. TERM AND TERMINATION

#### 6.1 Term

This Agreement and your access to the Software will become effective as of the date of the applicable order and shall continue in effect thereafter in accordance with the applicable order, unless terminated earlier under this Section 6. You will cease access to and use of the Software at the end of the time period for which You are authorized to access the Software.

#### 6.2 Suspension and Termination

When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, CSI shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

#### 6.3 Effect of Termination

Upon any termination or expiration of this Agreement, You shall immediately cease all use of the Software.

### 7. YOUR DATA

In connection with your use of the Software, You or some or all of your end users may send information, content and data (collectively, "Data") to, or retrieve Data from, the Software. You are entirely responsible for the content, accuracy and completeness of such Data, and any loss, liabilities or damages resulting from the Data, regardless of whether the Data consists of, including but not limited to, text, graphics, audio, video, or computer software. By making Data available to the Software, You represent and warrant that: (i) You own or have the necessary licenses to provide the Data to the Software, and the provision of the Data to, and use of the Data by, the Software as contemplated herein will not, to your knowledge, infringe the intellectual property rights, including but not limited to copyright, patent, trademark or trade secret rights, of any third party; (ii) the Data does not contain any viruses, worms, malware, Trojan horses or other harmful or destructive code; and (iii) the Data does not include any unlawful content.

### 8. LIMITED WARRANTY

CSI WARRANTS THAT THE SOFTWARE WILL, FOR A PERIOD OF SIXTY (60) DAYS FROM THE DATE OF YOUR RECEIPT, PERFORM SUBSTANTIALLY IN ACCORDANCE WITH SOFTWARE WRITTEN MATERIALS ACCOMPANYING IT. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE SOFTWARE IS PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND. CSI AND ITS LICENSORS (FOR THE PURPOSES OF SECTIONS 8 AND 9, CSI AND ITS LICENSORS WILL BE COLLECTIVELY REFERRED TO AS "CSI")

EXPRESSLY DISCLAIM ALL OTHER WARRANTIES WITH RESPECT TO THE SOFTWARE, WHETHER SUCH WARRANTIES ARE EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT, EXCEPT TO THE EXTENT THAT ANY WARRANTIES IMPLIED BY LAW CANNOT BE VALIDLY WAIVED. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, CSI MAKES NO WARRANTY OR REPRESENTATION THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS, THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, THAT DEFECTS IN THE SOFTWARE WILL BE CORRECTED, NOR WITH RESPECT TO THE CORRECTNESS, ACCURACY, OR RELIABILITY OF THE SOFTWARE. YOU FURTHER ACKNOWLEDGE THAT THE SOFTWARE MAY HAVE LIMITED FUNCTIONALITY, CONTAIN BUGS, ERRORS, AND OTHER PROBLEMS THAT COULD CAUSE COMPUTER SOFTWARE, HARDWARE, AND SYSTEM FAILURES OR LOSS OF DATA. YOU EXPRESSLY ACKNOWLEDGE AND AGREE THAT USE OF THE SOFTWARE IS AT YOUR SOLE RISK.

## **9. LIMITATION OF LIABILITY**

TO THE EXTENT NOT PROHIBITED BY LAW, UNDER NO CIRCUMSTANCES WILL CSI BE LIABLE FOR ANY INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, EVEN IF CSI HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL CSI'S TOTAL LIABILITY TO YOU FOR ALL DAMAGES, LOSSES, AND CAUSES OF ACTION (WHETHER IN CONTRACT, TORT OR OTHERWISE) EXCEED THE AMOUNT PAID TO CSI BY YOU FOR THE SPECIFIC LICENSE FOR THE APPLICABLE PERIOD TO WHICH THE LIABILITY IS RELATED. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

## **10. EXPORT REGULATIONS**

You acknowledge and agree that You shall not export, or re-export directly or indirectly, the Software, to any country or person in violation of the laws and regulations of any applicable jurisdiction. This restriction expressly includes, but is not limited to, the export regulations of the United States of America (the "United States"). Specifically, You shall not download or otherwise export or re-export the Software to (i) Cuba, Iran, Libya, Sudan, North Korea, or Syria or any other country where such use is prohibited under United States export regulations, or (ii) anyone who is a national of any of such country or whose name appears on the United States Treasury Department's list of Specially Designated Nationals or the United States Commerce Department's Denied Persons List. You agree to the foregoing and represent and warrant that You are not located in, under the control of, organized under the laws of, or a national or resident of any such country, or on any such list.

## **11. OPEN SOURCE**

CSI may distribute third party open source software programs with the Software either incorporated into the Software or provided separately. These third-party programs are subject to their own additional license terms, none of which require notice, attribution, payment, disclosure or license back of any information. A list of open source software programs delivered with the Software can be found at <https://www.cambridgesemantics.com/opensource/>.

## **12. ASSIGNMENT**

Unless otherwise expressly provided by additional agreement with CSI, You may not assign any of your rights or delegate any of your obligations under this License, by operation of law or otherwise (including by merger, sale of assets or consolidation). The Anti-Assignment Act, 41

USC 6305, prohibits the assignment of Government contracts without the Government's prior approval. Procedures for securing such approval are set forth in FAR 42.1204.

### **13. GOVERNING LAW AND JURISDICTION**

All disputes, claims or controversies arising out of this Agreement or the transactions contemplated hereby shall be governed by and construed in accordance with the Federal laws of the United States.

### **14. NOTICES**

CSI may provide notice under this Agreement by: (a) posting a notice on a CSI website associated with AnzoGraph Software; (b) sending a message to the email address associated with your account; or (c) sending notice to your corporate headquarters to the attention of "General Counsel". It is your responsibility to keep your email address current. Notices to CSI must be sent to: One Beacon Street, 15th Floor, Boston, MA 02108 USA, Attention: Contracts Administrator.

### **15. NOTICE OF CLAIMS**

You agree to provide CSI with written notice of any claim that your use of the Software infringes or misappropriates any patent, copyright, or other intellectual property rights of a third party within ten (10) days of your first knowledge thereof. CSI is under no obligation hereunder to indemnify You or hold You harmless with respect to any actions, proceedings or claims.

### **16. GOVERNMENT RIGHTS**

If You are an agency or instrumentality of the United States Government, the Software is "commercial computer software" and "commercial computer software documentation", and pursuant to FAR 12.212 and its successor, use, reproduction and disclosure of the Software are governed by the terms of this License.

### **17. GENERAL**

#### **17.1 Use of Name and Logo**

You agree that CSI may use Your name on its web site, brochures and other promotional materials indicating that You are a customer of CSI to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

#### **17.2 Governing Law; Consent to Jurisdiction; Miscellaneous.**

If a court of competent jurisdiction finds any provision of this Agreement to be unenforceable, that provision of the Agreement will be enforced to the maximum extent permissible so as to affect the intent of the parties, and the remainder of this Agreement will continue in full force and effect. Unless there exists, in writing, a separate sales, evaluation or other usage agreements intended for use in conjunction with this Agreement, this Agreement and the related policies referenced herein is the entire agreement between the parties with respect to the use of the Software and supersedes all prior or contemporaneous agreements regarding its subject matter. CSI may change the non-material terms at any time. Your continued use of the Software will be subject to any such revised non-material terms. Any material updates to this agreement shall be presented to Ordering Activity for review and will not be effective unless and until both parties sign a written agreement updating these terms. No failure to exercise, and no delay in exercising, on the part of either party, any privilege, any power or any rights hereunder will operate as a waiver thereof, nor will any single or partial exercise of any right or power hereunder preclude further exercise of any other right hereunder. You recognize that the warranty disclaimers and the liability and remedy limitations in this License are material elements of this Agreement and they should be effective even when such warranty disclaimers and liability and remedy limitations would cause this Agreement to fail of its essential purpose.

## **Keeper Software**

### *General*

Keeper Security, Inc. ("Keeper Security") provides, markets and sells Keeper®, a mobile and desktop security software program to individuals, municipalities, educational institutions, financial institutions and general businesses. Keeper allows end users to enter, store, secure, backup, share and restore confidential and sensitive "micro-data" and "files" on computers and mobile devices for the purpose of protecting this information from the public. Micro-data is a term that applies to short strings of data that are critical to end users (e.g. website logins, passwords, social security numbers, bank account numbers, access codes, pin codes and private notes). Files may include private documents, personal photos and videos. Keeper utilizes strong encryption using a 256-bit cipher and is approved for export by the U.S. Department of Commerce Bureau of Industry and Security under license #5D992. Keeper is herein referred to as "Keeper", "System" or "Software".

Please read these Terms of Use carefully. The following are the terms of use for your subscription to Keeper and use of the Software. By both Parties executing this Agreement in writing the "Ordering Activity" under GSA Schedule contracts ("you") accept these terms of use. These terms of use are not assignable by you, or Keeper Security, to anyone else without the written consent of the other Party.

### *Copyright, Patent and Trademark Information*

Keeper, and the information which it contains, is the property of Keeper Security and is protected from unauthorized copying and dissemination by United States copyright law, trademark law, international conventions and other intellectual property laws. By way of example only, and not as a limitation, "Keeper", "Password Keeper", "Keeper DNA" and the Keeper logos are registered trademarks of Keeper Security, under the applicable laws of the United States and/or other countries. Apple, the Apple logo and Mac are trademarks of Apple Inc., registered in the U.S. and other countries. App Store is a service mark of Apple Inc. Google Play is a trademark of Google Inc. Amazon Web Services, and the "Powered by Amazon Web Services" logo are trademarks of Amazon.com, Inc. or its affiliates in the United States and/or other countries. Other Software or service names or logos appearing in the Software are either trademarks or registered trademarks of Keeper Security, and/or their respective owners. The absence of a Software or service name or logo from this list does not constitute a waiver of Keeper Security's trademark or other intellectual property rights concerning that name or logo.

Keeper is protected by U.S. patent numbers 8,656,504, 9,294,476, 9,465,786, 8,868,932, and 8,738,934, and 10,356,079. Additional patents pending.

### *Responsibilities & Restrictions*

Keeper software is used by millions of people globally to protect and store their passwords and private information. The Software may only be used for lawful purposes and as accordingly, you agree to not misuse Keeper. When using the Software, you agree:

Not to knowingly upload, post, email or transmit otherwise any material that contains software viruses, trojan horses, worms, files or programs intended to interrupt, destroy, deface or limit the use, access or functionality of the Software.

Not to upload, post, email or transmit otherwise any material that is illegal, pornographic, abusive or obscene.

Not to upload, post, email or transmit otherwise any material that violates the privacy or intellectual property rights of others.

Not to "Reverse Engineer", change, modify, hack, translate, copy, distribute, pledge, assign, transfer, make derivative works, exploit, encumber or crack any portion of the Software.

Unless you are an authorized reseller of the Software, you may not display, copy, reproduce, license or distribute the Software, any component thereof, any documentation provided in connection with the Software, or any content, including but not limited to newsletters distributed to you by Keeper Security in connection with the Software.

Keeper Security, in its sole discretion, may remove content and block user access to any content that it determines to be illegal, threatening, pornographic, abusive, obscene or in violation of another party's intellectual property.

### *Your Master Password*

You hereby understand that upon using the Software, you will be required to create a "Master Password." The Master Password will be used by you and only you.

You are responsible for maintaining the security of your Master Password and Keeper records entered, imported and exported using the Software. Keeper Security has no knowledge of your Master Password and will not ask or be permitted to ask for your Master Password. Keeper Security, will not under any circumstances, have access to your Master Password or the records stored in Keeper.

You agree to not issue your Master Password to any third parties and shall not, under any circumstances, issue your Master Password to any customer support representative of Keeper Security in the event you contact Keeper Security for Software assistance. Generally, you will agree to not share your Master Password with any employee, agent, officer or director of Keeper Security. Keeper Security shall not be responsible for the actions of any individuals who misuse or misappropriate your Keeper information or

other any of your assets using your Master Password or the information stored in Keeper.

Please remember your Master Password. If you lose or forget your Master Password, Keeper Security will not be able to assist you in gaining access to your records since Keeper Security does not have access to or knowledge of your Master Password. Again, it is imperative to not forget your Master Password since this is required to gain access to your records stored in Keeper.

### *Maintenance of Your Keeper Records*

Micro-data and files stored in your Keeper vault are referred to as "Keeper Records." Keeper Security will maintain an encrypted binary file of your Keeper records on Keeper Security's Cloud Security Vault™, provided that you are a paid-subscriber of the Software. The binary is created when you backup your records and is stored in the event that you need to recover your information due to local system crash, damage, loss or hack attempt that results in the self-destruction of your records. The Cloud Security Vault is also used to enable seamless synchronization of your records on your devices where Keeper is installed.

If your subscription expires and you choose not to renew your subscription within 90 days, Keeper Security reserves the right to delete any Keeper records contained in your account that have files (e.g. documents, photos, videos, etc.) contained in them. Notice will be sent to you prior to termination based on the email address associated with your Keeper account. Expired user accounts convert to a Free User account.

A Free User of the software is permitted to use Keeper on one mobile device without the ability to backup, restore, share or save their records outside of the one mobile device. If the device or data is lost or stolen, a Free User will not be able to restore their records. Free User accounts are allowed to upload and store five (5) files in their Keeper vault subject to a maximum storage size of 100MB. After this file limit, a Free User will be required to purchase a paid storage plan.

Free User accounts are allowed to have up to two (2) vault records that contain Two-Factor TOTP codes. To use more Two-Factor codes within vault records a Free User will be required to purchase a paid Keeper plan (such as Unlimited, Family, Business, or Enterprise).

If you are a free user who has not utilized the Software within 12 months, Keeper Security reserves the right to terminate and delete your account. Notice will be sent to you prior to termination based on the email address associated with your Keeper account.

All users of the Software are required to adopt and maintain the Privacy Policy, which may be modified by Keeper Security from time to time.

Violation of these responsibilities and restrictions may result in the termination of this Agreement.

### *Software and Support*

Keeper requires an Internet connection to function on Cloud-based software platforms such as web browsers and browser extensions. Your information created in Keeper is encrypted with 256-bit AES ciphers and transmitted to Keeper's Cloud Security Vault using a 256-bit encrypted TLS connection. Keeper employees do not have access to your records. We cannot help you retrieve your records if you forget your Master Password. Information such as your IP address and login information is utilized for your security and protection.

The Software provided is subject to this Agreement, as it may be amended by Keeper Security Inc., and any guidelines, rules or operating policies that Keeper Security Inc. may establish and post from time to time (this "Agreement" including without limitation Keeper Security Inc.'s Privacy Policy, as linked from all email generated from Keeper Security Inc. or otherwise furnished to you (the "Policy" (unless otherwise stated, all references to the Agreement shall include the Policy).

Periodically, you may provide Keeper support staff with remote access to view your computer screen only for the purpose of troubleshooting issues that arise in your use of your Software. Keeper Security will not have access to your Master Password or your data. You hereby waive any claim for damages from any problems that may arise from such access, including without limitation any disruption or damage caused by Keeper Security or its personnel.

### *Subscription Fees, Payment Terms and Refund Policy*

**Subscription Fees.** The fees charged by Keeper Security are referred to as Subscription Fees. The Software is subject to annual Subscription Fees to operate the Software on more than one mobile device or computer or to gain access to enhanced features which include, without limitation: Importing / exporting records, synchronizing records to multiple devices or computers, restoring or backing up records and file storage.

When you sign up for Keeper, you can use all premium features such as secure cloud storage, sync, backup and sharing - free of charge for 30 days. After 30 days, you can continue using the premium features for an annual subscription. Upon upgrading from the free version of Keeper or by purchasing the paid version of Keeper with expanded features and benefits, you will be subject to annual Subscription Fees in accordance with the GSA Schedule Pricelist. You will be required to submit payment annually within thirty (30) days of receipt of invoice. Subscription Fees are billed based on your subscription plan.

**Payment.** As a condition for using Keeper, you must provide us with payment within 30 days after receipt of the invoice. Payment for Software shall be made by a valid Government Purchase Card ("Charge Card") as accepted by Keeper Security and having sufficient payment to cover the Subscription Fees, invoiced to you. You are responsible for paying amounts invoiced by Keeper Security for Subscription Fees.

Invalid or Cancelled Payments. In the event that you cancel your Charge Card or it is otherwise terminated, you must immediately provide us with a new, valid Charge Card number. You authorize us from time to time, to undertake steps to determine whether the Charge Card number you have provided to us is a valid number. In the event that you do not provide us with a current valid Charge Card number with sufficient credit upon request during the effective period of this Agreement, you may be in violation of this Agreement and we may submit a dispute under the contract Disputes Clause.

Upgrades. You may upgrade your account at any time. If you are upgrading your subscription you will only be charged for the remainder of your annual subscription. The full amount of the new plan will be charged annually thereafter. Notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. Keeper Security shall state separately on its invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

#### *Uninstall Instructions*

In the event you need to uninstall Keeper from your device, please visit the FAQ page (<https://keepersecurity.com/faq.html>).

#### *Compliance with Laws; Monitoring*

You shall use the Software only in compliance with this Agreement. You agree to not use this Software as a means or in a manner that violates any Federal laws in the United States as well as in your country of use.

#### *Intellectual Property Rights in Your Content*

You agree that you will not use the Software to upload or transmit any contact lists, communications or content of any type that infringe, misappropriate or violate any rights of any party. By submitting ideas, concepts, inventions or content to this website or using them in connection with the Software, you agree that such submission is non-confidential for all purposes. If you make any such submission, you agree that you will not send or transmit to Keeper Security or to any third party using the Software, any communication or content that infringes or violates any rights of any party. If you submit any business information, ideas, concepts or inventions or content to Keeper Security by email, you agree such submission is non-confidential for all purposes. If you make any submission to Keeper Security or if you submit any business information, idea, concept or invention to Keeper Security by email, you automatically grant or warrant that the owner of such content or intellectual property has expressly granted Keeper Security a non-exclusive, royalty-free, perpetual, irrevocable, worldwide license to use, reproduce, create derivative

works from, modify, publish, edit, translate, distribute, perform, and display such content in any manner.

### *Security Notification & Disclosure Policy*

Keeper Security takes extensive measures to protect and safeguard its internal infrastructure, Software, intellectual property, stakeholders and its customers.

In using the Software, you may provide information about yourself or your employer (such as name, contact information, or other registration information) to Keeper Security. Keeper Security may use this information and any technical information about your use of the Software to tailor its presentations to you, facilitate your movement through the Software or communicate separately with you. If you purchased the Software as a result of solicitation by a channel partner of Keeper Security, Keeper Security may share your information with the channel partner and the channel partner may share related information with Keeper Security. Keeper Security will not provide your contact information to companies you have not authorized for that purpose unless required by law.

Please read our Privacy Policy (Appendix A). If you are a security researcher or security expert, please read Keeper's Vulnerability Reporting and Bug Bounty Program documented on the Security Disclosure page of our website. Be advised that any notifications made to Keeper Security by you, involving a purported security vulnerability of our Software and/or infrastructure will be investigated and acted upon swiftly for timely remediation. Keeper welcomes collaboration with security researchers on potential opportunities of responsible disclosure. Please contact us at [security@keepersecurity.com](mailto:security@keepersecurity.com).

The unauthorized access to Keeper Security's systems, Software and/or a user's device which runs Keeper is prohibited. Furthermore, the threat of disclosing or actual disclosure of any purported weakness, security flaw or degradation of our Software or systems (which are proprietary and property of Keeper Security) in a public forum - is prohibited.

If we determine that an entity or individual has attempted to reverse engineer, enter, infiltrate or breach our Software, infrastructure and/or a user's device (which could include a breach or weaknesses in an operating system created by or utilized by one of our strategic OEM partners), we will take swift action under the Contract Disputes Act.

If, however, your efforts were inadvertent and/or conducted in an internal setting (e.g. on a test device and not that of a Keeper user) and such efforts and results were not subject to a contingent threat of public disclosure or actual public disclosure, we will not bring an action under the Contract Disputes Act.

### *Warranty Disclaimer and Remedies*

Keeper Security warrants that Keeper will, for a period of sixty (60) days from the date of

your receipt, perform substantially in accordance with Keeper written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING,

You agree to use Keeper at your own risk. Keeper Security does not warrant that Keeper will be uninterrupted or error free nor does it make any warranty as to the results that may be obtained from its use. The Software is provided "as is" except as provided in this section and Keeper Security disclaims all warranties, express or implied, including without limitation, implied warranties of merchantability, fitness for a particular purpose and non-infringement.

Your sole and exclusive remedy for any failure or non-performance of the Software shall be for Keeper Security to use commercially reasonable efforts to adjust or repair the Software. Keeper Security regularly makes fixes, enhancements and upgrades to its Software for the benefit of all customers on paid subscription plans.

#### *Limitation of Liability*

TO THE MAXIMUM EXTENT PERMITTED BY LAW, UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, TORT, CONTRACT OR OTHERWISE, SHALL KEEPER SECURITY OR ANY OF ITS UNDERLYING SERVICE PROVIDERS, BUSINESS PARTNERS, INFORMATION PROVIDERS, ACCOUNT PROVIDERS, LICENSORS, OFFICERS, DIRECTORS, EMPLOYEES, DISTRIBUTORS OR AGENTS; BE LIABLE TO YOU OR ANY OTHER PERSON FOR ANY MONEY DAMAGES, WHETHER DIRECT, INDIRECT, SPECIAL, INCIDENTAL, COVER, RELIANCE OR CONSEQUENTIAL DAMAGES, EVEN IF KEEPER SECURITY SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY OTHER PARTY.

IN THE EVENT THAT, NOTWITHSTANDING THE FOREGOING, KEEPER SECURITY IS FOUND LIABLE TO YOU FOR DAMAGES FROM ANY CAUSE WHATSOEVER, AND REGARDLESS OF THE FORM OF THE ACTION [WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), SOFTWARE LIABILITY OR OTHERWISE], THE MAXIMUM AGGREGATE LIABILITY OF KEEPER SECURITY TO YOU ARISING IN CONNECTION WITH THIS AGREEMENT SHALL BE LIMITED TO THE CONTRACT PRICE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS LIMITATION AND EXCLUSION MAY NOT APPLY TO YOU. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

#### *Restricted Persons, Export of Software or Technical Data*

You hereby warrant that you are not a "Restricted Person". For purposes of this Agreement, you are a "Restricted Person" if you or any officer, director, or controlling shareholder of the entity on behalf of which you are using the Software is (1) a national

of or an entity existing under the laws of Cuba, Iran, Sudan, Syria or any other country with which U.S. persons are prohibited from engaging in transactions, as may be determined from time to time by the U.S. Treasury Department; (2) designated as a Specially Designated National or institution of primary money laundering concern by the U.S. Treasury Department; (3) listed on the Denied Persons List or Terrorists List or Entity List by the U.S. Commerce Department; (4) engaged in nuclear, missile, chemical or biological weapons activities to which U.S. persons may not contribute without a U.S. Government license; or (5) owned, controlled, or acting on behalf of a Restricted Person. If you become a Restricted Person during the term of this Agreement, you shall notify Keeper Security within twenty-four (24) hours, and Keeper Security shall have the right to terminate any further obligations to you, effective immediately and with no further liability to you, but without prejudice to your outstanding obligations to Keeper Security.

You agree that you shall not utilize the Software to conduct or facilitate any transaction with any Restricted Person, except as may be expressly authorized in advance in writing by the U.S. Government. You may not remove or export from the United States or allow the export or re-export of the Software, or any direct Software thereof, including technical data, in violation of any restrictions, laws, or regulations of the United States or any other applicable country.

#### *Links to Third-Party Websites*

This Software permits users to link to non-Keeper Security, third-party websites. These links are provided to you as a convenience, and Keeper Security is not responsible for the content of any linked website. Any non-Keeper Security website accessed from this website is independent from Keeper Security, and Keeper Security has no control over the content of that website. In addition, a link to any non-Keeper Security website does not imply that Keeper Security endorses or accepts any responsibility for the content or use of such website.

#### *No Implied Endorsements*

In no event shall any reference to any third party or third-party Software or service be construed as an approval or endorsement by Keeper Security of that third party or of any Software or service provided by a third party.

#### *Copyrights*

If you believe any materials accessible on or from Keeper Security's website infringe your copyright, you may request removal of those materials from the website by contacting Keeper Security's copyright agent and providing the following information:

1. Identification of the copyrighted work that you believe to be infringed. Please describe the work, and where possible include a copy or the location (e.g., URL) of an authorized version of the work.

2. Your name, address, telephone number and email address.
3. A statement that you have a good faith belief that the complained of use of the materials is not authorized by the copyright owner, its agent, or the law.
4. A statement that the information that you have supplied is accurate, and indicating that "under penalty of perjury," you are the copyright owner or are authorized to act on the copyright owner's behalf.
5. A signature or the electronic equivalent from the copyright holder or authorized representative.

Keeper Security's agent for copyright issues relating to this web site is as follows:

Keeper Security, Inc.  
Intellectual Property Administrator  
820 W. Jackson Boulevard  
Suite 400  
Chicago, IL 60607

(312) 971-5702 Tel  
[support@keepersecurity.com](mailto:support@keepersecurity.com)

In an effort to protect the rights of copyright owners, Keeper Security maintains a policy for the termination of Keeper subscribers who are repeat infringers.

#### *Privacy Policy*

Keeper Security's Privacy Policy is located in Appendix A. By using our Software, you accept and agree to all terms, provisions and conditions of our Privacy Policy.

#### *Entire Agreement*

If any provision of the Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force, in effect and enforceable.

#### *Waivers, Severability, Modifications & Notifications*

Keeper Security and you agree that this Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), is the complete and exclusive statement of the mutual understanding of the parties, supersedes and cancels all previous written and oral agreements, communications, and other understandings relating to the subject matter of this Agreement, and that all waivers and modifications must be in writing signed by both parties, except as otherwise provided herein. But, in the event of a discrepancy between this Agreement and a Purchase Order, the Purchase Order shall

prevail. No delay or omission by either party in exercising any right or remedy under this Agreement or existing at law or equity shall be considered a waiver of such right or remedy. Keeper Security reserves the right to contact you by email, at the device-level or within the Keeper Software application to notify you of material events or important changes related to your account.

*No Agency*

No agency, partnership, joint venture or employment is created by your use of Keeper. You do not have any authority of any kind to bind Keeper Security in any respect whatsoever.

*Governing Law, Venue & Jurisdiction*

The Agreement shall be governed by the Federal laws of the United States of America.

*Additional Information*

If you have any questions about the use of Keeper software or these Terms of Use, please contact us at [support@keepersecurity.com](mailto:support@keepersecurity.com) or by mail at: CRM Management, Keeper Security, Inc., 810 W. Jackson Blvd, Suite 400, Chicago, IL 60607.

## **Software Development Kits (SDKs)**

### *General*

Keeper Security, Inc. (“Keeper Security”) provides, markets and sells Keeper®, a mobile and desktop security software program to individuals, municipalities, educational institutions, financial institutions and general businesses. These terms cover the Keeper Commander software development kit (“SDK”) and iOS SDK (collectively the “SDKs”), which provides IT admins and developers with command-line access and application programming interface (“API”) access to their Keeper account and integration with third-party applications. Please read these Terms of Use carefully. By both parties executing this agreement in writing, the “Ordering Activity” (“you”) accept these terms of use. These terms of use are not assignable by you, or Keeper Security to anyone else. These terms may be updated by both parties in writing.

### *Open Source License*

The SDKs are subject to an open source license. Permission is hereby granted, free of charge, to any person obtaining a copy of this software and associated documentation files (the "Software"), to deal in the Software without restriction, including without limitation the rights to use, copy, modify, merge, publish, distribute, sublicense, and/or sell copies of the Software, and to permit persons to whom the Software is furnished to do so, subject to the following conditions:

The above copyright notice and this permission notice shall be included in all copies or substantial portions of the Software.

THE SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. IN NO EVENT SHALL THE AUTHORS OR COPYRIGHT HOLDERS BE LIABLE FOR ANY CLAIM, DAMAGES OR OTHER LIABILITY, WHETHER IN AN ACTION OF CONTRACT, TORT OR OTHERWISE, ARISING FROM, OUT OF OR IN CONNECTION WITH THE SOFTWARE OR THE USE OR OTHER DEALINGS IN THE SOFTWARE.

### *Rights to Use*

Keeper Security owns the SDKs and APIs which are being licensed to you on a non-exclusive and non-sublicensable basis. The SDKs and APIs may only be used by a registered Keeper account owner. Keeper software, the SDKs and APIs are collectively referred to as the “Software.” Keeper Security may update the SDKs or APIs at anytime through publication at <https://keepersecurity.com>. Either party may use or cancel use of the SDKs or APIs at any time. Keeper Security may, at its discretion, terminate your license at anytime or if you violate any of these terms.

### *Age of Use*

The Software is available only to persons who can form legally binding contracts under applicable law. Without limiting the foregoing, the Software is not available to individuals under the age of 18. By using the Software, you represent that you are over the age of 18. If you do not qualify, you are not permitted to use the Software. If you are using Keeper in your capacity as an employee under an administered program, you must have authorization to use the Software by your administrator.

Periodically, you may provide Keeper support staff with remote access to view your computer screen only for the purpose of troubleshooting issues that arise in your use of your Software. Keeper Security will not have access to your Master Password or your data. You hereby waive any claim for damages from any problems that may arise from such access, including without limitation any disruption or damage caused by Keeper Security or its personnel. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

### *Responsibilities and Restrictions*

The Software may only be used for lawful purposes and as accordingly, you agree to not misuse it. By executing this Agreement, you agree to comply with the general Terms of Use:

Not to upload, post, email or transmit otherwise any material that contains software viruses, trojan horses, worms, files or programs intended to interrupt, destroy, deface or limit the use, access or functionality of the Software.

Not to upload, post, email or transmit otherwise any material that is illegal, pornographic, abusive or obscene.

Not to upload, post, email or transmit otherwise any material that violates the ownership, privacy, terms of use or intellectual property rights of others.

Not to "Reverse Engineer", change, modify, hack, translate, copy, distribute, pledge, assign, transfer, make derivative works, exploit, encumber or crack any portion of the Software operated by Keeper Security's back-end systems.

Not to use the SDKs and APIs for any application that replicates or attempts to replace the essential user experience or functionality of the Software for another product or service.

Attempt to hide, conceal or mask your identity, your service's identity or your software application's identity when requesting authorization to use the SDKs or APIs.

Unless you are an authorized reseller of the Software, you may not display, copy, reproduce, license or distribute the Software, any component thereof, any documentation

provided in connection with the Software, or any content, including but not limited to newsletters distributed to you by Keeper Security in connection with the Software.

Keeper Security, in its sole discretion, may remove content and block user access to any content that it determines to be illegal, threatening, pornographic, abusive, obscene or in violation of another party's intellectual property or legal rights.

### *Software and Support*

The Software provided is subject to this Agreement, as it may be amended by both Keeper Security Inc. and you in writing.

### *Copyright, Patent and Trademark Information*

Keeper Software and the information which it contains is the property of Keeper Security and is protected from unauthorized copying and dissemination by United States copyright law, trademark law, international conventions and other intellectual property laws. By way of example only, and not as a limitation, "Keeper", "Password Keeper", "Keeper DNA" and the Keeper logos are registered trademarks of Keeper Security, under the applicable laws of the United States and/or other countries. Apple, the Apple logo and Mac are trademarks of Apple Inc., registered in the U.S. and other countries. App Store is a service mark of Apple Inc. Google Play is a trademark of Google Inc. Amazon Web Services, and the "Powered by Amazon Web Services" logo are trademarks of Amazon.com, Inc. or its affiliates in the United States and/or other countries. Other Software or service names or logos appearing in the Software are either trademarks or registered trademarks of Keeper Security, and/or their respective owners. The absence of a Software or service name or logo from this list does not constitute a waiver of Keeper Security's trademark or other intellectual property rights concerning that name or logo. Keeper's branding guidelines and terms of use for Keeper's logos and colors, are located here.

Keeper is protected by U.S. patent numbers 8,656,504, 9,294,476, 9,465,786, 8,868,932, and 8,738,934, 10,356,079 and 10,708,237. Additional patents pending.

### *Software and Support*

Keeper Security may, at its discretion and without obligation, provide you with support or modifications to the SDKs or APIs. If however, the use of the SDKs or APIs are substantial in volume or require customizations for use in commercial applications for a user's account, Keeper Security reserves the right to charge fees for this purpose.

### *Right to Disable Access*

When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause,

Keeper Security shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

#### *Compliance with Laws and Monitoring*

You shall use the Software only in compliance with this Agreement. You agree to not use this Software as a means or in a manner that violates any local, state or Federal laws in the United States as well as in your country of use.

#### *Intellectual Property Rights in Your Content*

You agree that you will not use the Software to upload or transmit any contact lists, communications or content of any type that infringe, misappropriate or violate any rights of any party. By submitting ideas, concepts, inventions or content to this website or using them in connection with the Software, you agree that such submission is non-confidential for all purposes. If you make any such submission, you agree that you will not send or transmit to Keeper Security or to any third party using the Software, any communication or content that infringes or violates any rights of any party. If you submit any business information, ideas, concepts or inventions or content to Keeper Security by email, you agree such submission is non-confidential for all purposes. If you make any submission to Keeper Security or if you submit any business information, idea, concept or invention to Keeper Security by email, you automatically grant or warrant that the owner of such content or intellectual property has expressly granted Keeper Security a non-exclusive, royalty-free, perpetual, irrevocable, worldwide license to use, reproduce, create derivative works from, modify, publish, edit, translate, distribute, perform, and display such content in any manner as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost. Accordingly, any source code submissions to Keeper's Github repository such as plugins or feature enhancements using the SDKs or APIs may be used and/or published by Keeper Security for the benefit of other Keeper users.

#### *Security Notification & Disclosure Policy*

Keeper Security takes extensive measures to protect and safeguard its internal infrastructure, Software, intellectual property, stakeholders and its customers. In using the Software, you may provide information about yourself or your employer (such as name, contact information, or other registration information) to Keeper Security. Keeper Security may use this information and any technical information about your use of the Software to tailor its presentations to you, facilitate your movement through the Software or communicate separately with you. If you purchased the Software as a result of solicitation by a channel partner of Keeper Security, Keeper Security may share your information with the channel partner and the channel partner may share related information with Keeper Security. Keeper Security will not provide your contact information to companies you have not authorized for that purpose unless required by

law.

Please read our Privacy Policy (Appendix A). If you are a security researcher or security expert, please be advised that any notifications made to Keeper Security by you, involving a purported security vulnerability of our Software and/or infrastructure will be investigated and acted upon swiftly for timely remediation. Please contact us at [security@keepersecurity.com](mailto:security@keepersecurity.com).

The unauthorized access to Keeper Security's systems, Software and/or a user's device which runs Keeper is prohibited. Furthermore, the threat of maliciously disclosing or actual malicious disclosure of any purported weakness, security flaw or degradation of our Software or systems (which are proprietary and property of Keeper Security) will be treated as a breach and unauthorized access to Keeper systems.

If we determine that an entity or individual has attempted to reverse engineer, enter, infiltrate or breach our Software, infrastructure and/or a user's device (which could include a breach or weaknesses in an operating system created by or utilized by one of our strategic OEM partners), we will take swift action under the Contract Disputes Act.

If, however, your efforts were inadvertent and/or conducted in an internal setting (e.g. on a test device and not that of a Keeper user) and such efforts and results were not subject to a contingent threat of public disclosure or actual public disclosure, we will not bring an action under the Contract Disputes Act.

#### *Warranty Disclaimer and Remedies*

Keeper Security warrants that the Keeper will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Keeper written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING,

You agree to use Keeper at your own risk. Keeper Security does not warrant that Keeper will be uninterrupted or error free nor does it make any warranty as to the results that may be obtained from its use. The Software is provided "as is" excepted stated herein and Keeper Security disclaims all warranties, express or implied, including without limitation, implied warranties of merchantability, fitness for a particular purpose and non-infringement.

Your sole and exclusive remedy for any failure or non-performance of the Software shall be for Keeper Security to use commercially reasonable efforts to adjust or repair the Software. Keeper Security regularly makes fixes, enhancements and upgrades to its Software for the benefit of all customers on paid subscription plans.

#### *Limitation of Liability*

TO THE MAXIMUM EXTENT PERMITTED BY LAW, UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, TORT, CONTRACT OR

OTHERWISE, SHALL KEEPER SECURITY OR ANY OF ITS UNDERLYING SERVICE PROVIDERS, BUSINESS PARTNERS, INFORMATION PROVIDERS, ACCOUNT PROVIDERS, LICENSORS, OFFICERS, DIRECTORS, EMPLOYEES, DISTRIBUTORS OR AGENTS; BE LIABLE TO YOU OR ANY OTHER PERSON FOR ANY MONEY DAMAGES, WHETHER DIRECT, INDIRECT, SPECIAL, INCIDENTAL, COVER, RELIANCE OR CONSEQUENTIAL DAMAGES, EVEN IF KEEPER SECURITY SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY OTHER PARTY.

IN THE EVENT THAT, NOTWITHSTANDING THE FOREGOING, KEEPER SECURITY IS FOUND LIABLE TO YOU FOR DAMAGES FROM ANY CAUSE WHATSOEVER, AND REGARDLESS OF THE FORM OF THE ACTION [WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), SOFTWARE LIABILITY OR OTHERWISE], THE MAXIMUM AGGREGATE LIABILITY OF KEEPER SECURITY TO YOU ARISING IN CONNECTION WITH THIS AGREEMENT SHALL BE LIMITED TO THE CONTRACT PRICE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS LIMITATION AND EXCLUSION MAY NOT APPLY TO YOU. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

*Restricted Persons, Export of Software or Technical Data*

You hereby warrant that you are not a "Restricted Person". For purposes of this Agreement, you are a "Restricted Person" if you or any officer, director, or controlling shareholder of the entity on behalf of which you are using the Software is (1) a national of or an entity existing under the laws of Cuba, Iran, Sudan, Syria or any other country with which U.S. persons are prohibited from engaging in transactions, as may be determined from time to time by the U.S. Treasury Department; (2) designated as a Specially Designated National or institution of primary money laundering concern by the U.S. Treasury Department; (3) listed on the Denied Persons List or Terrorists List or Entity List by the U.S. Commerce Department; (4) engaged in nuclear, missile, chemical or biological weapons activities to which U.S. persons may not contribute without a U.S. Government license; or (5) owned, controlled, or acting on behalf of a Restricted Person. If you become a Restricted Person during the term of this Agreement, you shall notify Keeper Security within twenty-four (24) hours, and Keeper Security shall have the right to terminate any further obligations to you, effective immediately and with no further liability to you, but without prejudice to your outstanding obligations to Keeper Security.

You agree that you shall not utilize the Software to conduct or facilitate any transaction with any Restricted Person, except as may be expressly authorized in advance in writing by the U.S. Government. You may not remove or export from the United States or allow the export or re-export of the Software, or any direct Software thereof, including technical data, in violation of any restrictions, laws, or regulations of the United States or any other applicable country.

### *Links to Third-Party Websites*

This Software permits users to link to non-Keeper Security, third-party websites. These links are provided to you as a convenience, and Keeper Security is not responsible for the content of any linked website. Any non-Keeper Security website accessed from this website is independent from Keeper Security, and Keeper Security has no control over the content of that website. In addition, a link to any non-Keeper Security website does not imply that Keeper Security endorses or accepts any responsibility for the content or use of such website.

### *No Implied Endorsements*

In no event shall any reference to any third party or third-party Software or service be construed as an approval or endorsement by Keeper Security of that third party or of any Software or service provided by a third party.

### *Privacy Policy*

Keeper Security's Privacy Policy is located in Appendix A. By using our Software, you accept and agree to all terms, provisions and conditions of our Privacy Policy.

### *Entire Agreement*

If any provision of these terms of use is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that these terms will otherwise remain in full force, in effect and enforceable.

### *Waivers, Severability, Modifications & Notifications*

Keeper Security and you agree that these terms of use, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), are the complete and exclusive statement of the mutual understanding of the parties, supersedes and cancels all previous written and oral agreements, communications, and other understandings relating to the subject matter of these terms of use, and that all waivers and modifications must be in writing signed by both parties, except as otherwise provided herein. But a Purchase Order shall supersede this Agreement. No delay or omission by either party in exercising any right or remedy under these terms of use or existing at law shall be considered a waiver of such right or remedy.. Keeper Security reserves the right to contact you by email, at the device-level or within the Keeper Software application to notify you of material events or important changes related to your account.

### *No Agency*

No agency, partnership, joint venture or employment is created by your use of Keeper. You do not have any authority of any kind to bind Keeper Security in any respect whatsoever.

*Governing Law, Venue & Jurisdiction*

The Agreement shall be governed by the Federal laws of the United States of America.

*Additional Information*

If you have any questions about the use of Keeper software or these Terms of Use, please contact us at [support@keepersecurity.com](mailto:support@keepersecurity.com) or by mail at: CRM Management, Keeper Security, Inc., 820 W. Jackson Blvd, Suite 400, Chicago, IL 60607.

## Appendix A. Privacy Policy

### *General*

Keeper Security, Inc. ("Keeper Security") is fanatical about protecting your privacy. Keeper Security has created this Privacy Policy to demonstrate our commitment to protecting your privacy and to disclose our information and privacy practices for <https://keepersecurity.com> and its services. It also describes the choices available to you regarding our use of your personal information and how you can access and update this information.

We reserve the right to change this Policy and will notify you of such changes via email or our website. If we make any material changes we will notify you by email or by means of a notice on this Site prior to the change becoming effective. If you have questions or concerns regarding this Privacy Policy, you may contact us at [security@keepersecurity.com](mailto:security@keepersecurity.com).

As used in this Privacy Policy, "personal data" or "personal information" has the meaning provided in the EU General Data Protection Regulation of 2018 (the "GDPR"), and includes any information which, either alone or when combined with other information we hold, identifies an individual, such as name, mailing address, email address, IP address and telephone number. For legal residents of the State of California, who are covered by the California Consumer Privacy Act ("CCPA"), this definition includes any additional elements defined as such by the CCPA.

### Privacy Shield

Keeper Security Inc. complies with the EU-U.S. Privacy Shield Framework and the Swiss-U.S. Privacy Shield Frameworks as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of personal information transferred from the European Union, the United Kingdom, and Switzerland to the United States in reliance on Privacy Shield. Keeper Security Inc. has certified to the Department of Commerce that it adheres to the Privacy Shield Principles with respect to such information. If there is any conflict between the terms in this privacy policy and the Privacy Shield Principles, the Privacy Shield Principles shall govern. To learn more about the Privacy Shield program, and to view our certification, please visit <https://www.privacyshield.gov/>.

Keeper Security is responsible for the processing of personal data it receives, under the Privacy Shield Framework, and subsequently transfers to a third party acting as an agent on its behalf. Keeper Security complies with the Privacy Shield Principles for all onward transfers of personal data from the EU and Switzerland, including the onward transfer liability provisions.

With respect to personal data received or transferred pursuant to the Privacy Shield Frameworks, Keeper Security is subject to the regulatory enforcement powers of the U.S. Federal Trade Commission. Keeper Security does not have access to or knowledge of an account holder's master password, encryption keys or access to his or her Keeper vault.

Accordingly, any account disclosure required by law, under a subpoena, would be limited to general account information such as the account holder's name and account term.

If you have an unresolved privacy or data use concern that we have not addressed satisfactorily, please contact our U.S.-based third party dispute resolution provider (free of charge) at <https://feedback-form.truste.com/watchdog/request>.

Under certain conditions, more fully described on the Privacy Shield website <https://www.privacyshield.gov/article?id=How-to-Submit-a-Complaint>, you may invoke binding arbitration when other dispute resolution procedures have been exhausted.

## Security

Keeper Security hosts its infrastructure with Amazon AWS in a highly secure server environment with 24x7 monitoring, surveillance and support to prevent unauthorized access and data security. Advanced security measures including firewalls, security guards and surveillance are taken to ensure the continued service and protection of your data from natural disaster, intruders and disruptive events. More information about AWS Cloud Security can be found at <https://aws.amazon.com/security/>.

## Data Encryption

Keeper is a Zero Knowledge security provider. Zero Knowledge is a system architecture that guarantees the highest levels of security and privacy by adhering to the following principles:

1. Data is encrypted and decrypted at the device level (not on the server)
2. The application never stores plain text (human readable) data
3. The server never receives data in plain text
4. No Keeper employee or 3rd party can view the unencrypted data
5. The keys to decrypt and encrypt data are derived from the user's master password
6. Multi-Layer encryption provides access control at the user, group and admin level
7. Sharing of data uses Public Key Cryptography for secure key distribution
8. Data is encrypted locally on the user's device before it is transmitted and stored in Keeper's Cloud Security Vault. When data is synchronized to another device, the data remains encrypted until it is decrypted on the other device.

Keeper software runs on iPhone\*, iPad\*, iPod\*, Android\*, Android Tablets\*, Windows\*, Mac OS\* and Linux\* operating systems. (\*Note: These trade names are protected by the registered trademarks of their respective owners. Keeper and Password Keeper are U.S. registered trademarks of Keeper Security, Inc.).

For more detailed information about Keeper's security model, please visit: <https://keepersecurity.com/security>.

## Information We Collect

Keeper Security does not have access to, or the ability to decrypt your vault. Our Zero-Knowledge encryption model ensures that only you can decrypt your stored information.

Keeper Security collects limited personal information from customers who register with our services including a username or email address and phone number for the purpose of account verification and two-factor authentication. If a customer decides to subscribe to our service, we may collect credit card information which is tokenized and used for payment processing, but not stored. We use the customer registration information to authenticate users and provide access to services at <https://keepersecurity.com>. As with any cloud-based services, when you download and use our product we automatically collect information on the type of device you use, operating system version, a randomly-generated device identifier, system performance information and IP address. We also use the email addresses used in the registration information to communicate with our users. When you register for a subscription to Keeper software, you automatically "opt-in" to receive email communication from us which shall concur with the CAN-SPAM Act of 2003.

End-users of Keeper Enterprise will not receive consumer marketing email communications from us but may receive important communications related to changes to services, maintenance notifications and security-related events. Keeper consumer end-users periodically may receive email communications from us regarding changes to our services, maintenance notifications, promotional materials and important security-related events. You will be permitted at any time to "opt-out" of the receipt of email communications related to marketing and promotional material. The "opt-out" page can be viewed here: <https://keepersecurity.com/unsubscribe>. In the event you opt-out from receiving marketing and promotional material, we may, as necessary, email you in connection with a purchase confirmation, customer support matter or security issue related to your account. Keeper Security will never have access to your Master Password or records stored within your Keeper Vault.

If you choose to allow other people to access a Keeper Vault record, we will ask you for that person's email address. We will automatically send this person a one-time email inviting them to visit the site and application. If you also choose to register a deal under a partner program, we will ask for your prospect's name, email, phone number and company information. Keeper Security stores this information to send this one-time email.

If the assigned person or your prospect chooses to decline, s/he may contact us at [support@keepersecurity.com](mailto:support@keepersecurity.com) to request that we remove this information from our database.

Keeper Security collects and logs aggregate user statistics and website traffic. Such information includes website traffic statistics, date and time of visits, browser type used to access the service, frequency of visits and to which pages, etc. We use this information to improve the services delivered to our customers, to track and diagnose performance problems and administer the website.

Keeper Security does not have access to or knowledge of an account holder's master password, encryption keys or access to his or her Keeper vault. Accordingly, any account disclosure required by law, under a subpoena, would be limited to general account information such as the account holder's name and account term. Keeper Security may disclose aggregated user statistics (for example, 50% of Keeper Security customers use the service daily) in order to describe our services to prospective partners, affiliates and other third parties for lawful purposes. Keeper Security will never disclose such data on an individual or identifiable basis to third parties except when we must comply with laws that require such disclosure to law enforcement authorities or other government third party officials such as subpoenas, or we believe in good faith that disclosure is necessary to protect our rights, protect your safety or the safety of others and to investigate fraud.

If Keeper Security is involved in a merger, acquisition, or sale of all or a portion of its assets, you will be notified via email and/or a prominent notice on our Web site of any change in ownership or uses of your personal information, as well as any choices you may have regarding your personal information.

We may provide limited contact, payment and usage information to companies that provide services to help us with our business activities such as our live chat customer support or analytics provider. These companies are authorized to use such information only as necessary to provide these services to us.

We send push notifications for the purpose of record synchronization and record share update notifications

#### California Consumer Rights Under the CCPA

California Consumers have the following rights under the California Consumer Protection Act (CCPA):

**Right to Notice:** Under the CCPA, businesses must inform consumers at or before the point of collection what categories of personal information will be collected and the purposes for which these categories will be used.

**Right to Access:** Consumers have the right to request that a business disclose the categories of personal information collected; the categories of sources from which personal information is collected; the business or commercial purpose; the categories of third parties with which the business shares personal information; and the specific pieces of personal information the business holds about a consumer.

**Right to Opt-Out:** Consumers have the right—at any time—to direct businesses that sell personal information about the consumer to third parties to stop this sale, known as the right to opt out.

**Right to Request Deletion:** Consumers also have the right to request deletion of personal information, but only where that information was collected from the consumer.

**Right to Equal Services and Prices:** The CCPA prohibits businesses from discriminating against consumers by denying goods or services, charging a different price or rate for goods or services, providing a different level or quality of goods or services, or suggesting that they will do any of these things based upon a consumer's exercise of any CCPA rights.

For CCPA related inquiries visit this page: <https://keepersecurity.com/contact.html?t=p&r=CCPA>

#### How to Access Your Personal Data in Accordance with GDPR or CCPA

Upon request Keeper Security will provide you with information about whether we hold, or process on behalf of a third party, any of your personal information. To request this information please contact us at [support@keepersecurity.com](mailto:support@keepersecurity.com). You may deactivate your Keeper Security account and delete your personally identifiable information at any time by contacting us at [support@keepersecurity.com](mailto:support@keepersecurity.com) clearly indicating that you wish to deactivate and delete such information. If your personal information changes, or you seek to exercise any rights under GDPR or CCPA, please submit the request to Customer Support at [support@keepersecurity.com](mailto:support@keepersecurity.com). In your request, please make clear what personal data is concerned and the change required. We will comply with your request promptly, but in any event within 30 days of your request (45 days for requests under the CCPA). We may need to retain certain information for recordkeeping purposes or to complete transactions that you began prior to requesting such change or deletion.

We will retain your information for as long as your account is active or as needed to provide you services. We will retain and use your information as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements.

In accordance with the European Union General Data Protection Regulation (GDPR), Children's Online Privacy and Protection Act (COPPA) and the California Consumer Privacy Act (CCPA) Keeper Security does not intentionally collect personally identifiable information from nor solicit children under eighteen years of age.

Other than as disclosed in this Privacy Policy, at no time will Keeper Security disclose identifiable personal information to any third parties without your express, written consent. Keeper Security does not sell customer information to third parties for any purpose.

Keeper Security will be permitted to display an active customers' corporate logo on its website for the purpose of promoting both the customer and Keeper Security.

#### KeeperFill®

Keeper Security utilizes a system called KeeperFill® which allows you to autofill login credentials across mobile apps and browsers. When Keeper is preloaded on OEM devices, KeeperFill is automatically enabled to utilize the device's accessibility and input method services to identify mobile apps and websites which require login credentials. As disclosed in the Security Disclosure at <https://keepersecurity.com/security.html>, Keeper is a zero-

knowledge security platform. As such, Keeper Security cannot access, track or view the activity of KeeperFill or your Keeper records. KeeperFill can be disabled at any time by visiting the accessibility settings screen of your device.

### Cookies/Tracking Technologies

Keeper Security and our marketing partners, affiliates, or analytics or service providers, use technologies such as cookies, beacons, tags, and scripts, to analyze trends, administer the website, tracking users' movements around the website, and to gather demographic information about our user base as a whole. We may receive reports based on the use of these technologies by these companies on an individual and aggregated basis.

If the website visitor consents to the use of cookies, Keeper Security uses cookies to store and track information about your usage of our website. Cookies are encrypted and unidentifiable bits of information sent to your browser from a web server that is stored on your computer's hard drive. Cookies are set each time you register, or log in or log out of Keeper Security. Cookies may be used to store your username or email address so that you don't have to re-enter it each time you visit <https://keepersecurity.com>. We may also use cookies to gather aggregated information about user habits on our website. For example, we may use cookies to estimate the number of concurrent users, estimate the total number of users, measure traffic statistics and to better understand how our users are using our site.

You can control the use of cookies at the individual browser level, but if you choose to disable cookies, it may limit your use of certain features or functions on our website or service.

As is true of most websites, we gather certain information automatically and store it in log files. This information may include Internet protocol (IP) addresses, browser type, internet service provider (ISP), referring/exit pages, operating system, date/time stamp, and/or clickstream data.

We use Local Storage, such as HTML5, to store content information and preferences. Third parties with whom we partner to provide certain features on our website or to display advertising based upon your web browsing activity also use HTML5 to collect and store information. Various browsers may offer their own management tools for removing HTML5.

We partner with a third-party to manage our advertising of Keeper products on other websites. Our third-party partner may use technologies such as cookies to gather information about your activities on other websites in order to provide you advertising based upon your browsing activities and interests. As a result, you may receive advertisements for Keeper products on other third-party websites based on your browsing activity on our website. If you wish to opt out of interest-based advertising visit <https://preferences-mgr.truste.com/> [or if located in the European Union visit <https://www.youronlinechoices.eu/>]. For security and privacy purposes, Keeper Security does not run third-party ads in its application.

### Master Password

It is the user's responsibility to protect the security of their Keeper Master Password. Access to Keeper Security services is protected by a unique username/email and Master Password that is known by you only. Keeper Security has designed internal security processes that encrypt customer passwords to protect it from being divulged or accessed by anyone other than you. Neither Keeper Security employees nor any of its contractors can obtain or access your password. Neither Keeper Security employees nor any of its contractors will ask you for your password via mail, email or telephone nor any other unsolicited manner.

### Blogs

Our blog is managed by a third-party application that may require you to register to post a comment. We do not have access or control of the information posted to the blog. You will need to contact or login into the third-party application if you want the personal information that was posted to the comments section removed. To learn how the third-party application uses your information, please review their privacy policy.

### Third Party Links

When customers and users access and use Keeper Security, there may be links to websites and services operated by third parties. Keeper Security makes no representations or warranties about the policies of third-party websites that are linked to Keeper Security or any of its services. Keeper Security recommends that you read the privacy policies posted by those third-party websites.

### Testimonials

We display personal testimonials of satisfied customers on our website in addition to other endorsements. With your consent, we may post your testimonial along with your name. If you wish to update or delete your testimonial, you can contact us at [support@keepersecurity.com](mailto:support@keepersecurity.com).

# Immuta License Terms & Conditions

Effective April 23 2020

BY SIGNING AN ORDER REFERENCING, OR BY OTHERWISE MANIFESTING AGREEMENT TO THIS MASTER SOFTWARE LICENSE AGREEMENT (THE “END USER ACCESS AGREEMENT” AND ALONG WITH ALL ORDERS, THE “AGREEMENT”) ON BEHALF OF THE ORDER ACTIVITY INDICATED BY YOU AT THE TIME OF ACCEPTANCE (“GOVERNMENT”) YOU ARE HEREBY AGREEING TO THIS END USER ACCESS AGREEMENT ON BEHALF OF ORDERING ACTIVITY. IN DOING SO YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO BIND THE ORDERING ACTIVITY TO THESE END CLIENT TERMS AND CONDITIONS AND THE AGREEMENT. THE AGREEMENT IS BY AND BETWEEN THE ORDERING ACTIVITY UNDER GSA SCHEDULE CONTRACTS IDENTIFIED IN THE PURCHASE ORDER, STATEMENT OF WORK, OR SIMILAR DOCUMENT (“ORDERING ACTIVITY,” OR “LICENSEE”) AND THE GSA MULTIPLE AWARD SCHEDULE CONTRACTOR ACTING ON BEHALF OF IMMUTA INC. (“PROVIDER” or “IMMUTA”)

## 1. DEFINITIONS AND CONSTRUCTION

1.1. Definitions. Capitalized terms used in this Agreement shall have the respective meanings set forth in Section 14.

1.2. Subscription Forms and SOWs. The terms and conditions set forth in this Agreement shall be incorporated into, and shall govern, the performance of the obligations under any Subscription Form or SOW. In the event of a conflict or inconsistency between the terms of any Subscription Form or SOW and the terms of this Agreement, the Subscription Form or SOW shall control.

## 2. LICENSE

2.1. License. Subject to the terms and conditions of this Agreement, Immuta grants to Licensee a non-exclusive, non-sublicensable, non-transferable license, during the Subscription Term, to copy and use the Software, in object code form only, in the manner described in the Documentation for Licensee’s internal business purposes. Licensee may use the Software for the benefit of a Licensee’s customer, as long as Licensee does not provide a copy of the Software or resell use of the Software to a Licensee’s customer.

2.2. Installation on Servers and Client Devices.

(a) Server Software. Instances or Installations may be distributed across multiple physical or virtual servers for purposes of redundancy or scalability. Licensee may install and use up to the maximum number of Instances or Installations set forth on the Subscription Form. It is possible to install multiple Instances or Installations on a single machine. In such a scenario, each Instance or Installation would count towards the Licensee limit. Licensee may contact Immuta to purchase licenses for additional Instances or Installations or for exemptions to this policy. Exemptions are typically granted for test and integration environments where no analytic work or development work is performed and where no audit of user activity is required.

(b) Hosted Environment. As an alternative to installing Server Software on Licensee-owned computers, Licensee may install and use the Server Software in a hosted environment, per the restrictions set forth in Section 2.2(a). In such event, Licensee shall be responsible for ensuring that the Software is only used for Licensee. Licensee is solely responsible for the relationship with a provider of a hosted environment.

(c) Client Software. Licensee may install the Client Software on each Client Device owned, operated or controlled by Licensee which is used by Authorized Users.

(d) Hadoop Software. Software components integrating with Hadoop may be installed on as many Licensee Systems as needed provided they are configured to interact with a licensed Immuta Instance.

(e) SparkSQL Software. Software components integrating with Hadoop may be installed on as many Licensee Systems as needed provided they are configured to interact with a licensed Immuta Instance.

2.3. Authorized Users. The Software may be accessed and used only by Authorized Users. Licensee shall be responsible for all actions of Authorized Users and their failure to comply with this Agreement.

## 2.4. Licensee Systems.

(a) Requirements. Licensee shall ensure that Licensee Systems comply with the hardware, software and/or operating system requirements set forth in the Documentation.

(b) Responsibility. Licensee shall be solely responsible for ensuring that Licensee Systems are functional, compatible with the Software and are available for Licensee's use. Licensee shall provide notice to Immuta prior to making a change to Licensee Systems that interface with the Software or are used to run the Software that are likely to adversely impact the performance of the Software. Licensee understands that an SOW may be required to update the Software to adjust for such a change in Licensee Systems.

(c) Security. Licensee shall take all reasonable steps to ensure that no unauthorized persons have access to the Software and to ensure that no persons authorized to have such access take any action which would be in violation of this Agreement. Such steps shall include imposing password restrictions on use of the Software, securing Licensee's network on which the Software resides from outside intrusion, preventing the making of unauthorized copies of the Software, and administering and monitoring use of the Software.

2.5. Limitations. Notwithstanding anything to the contrary in this Agreement, Licensee shall not, alone, through an Authorized User, an Affiliate or a Third Party (or allow an Authorized User, an Affiliate or a Third Party to): (a) modify the Software; (b) reverse compile, reverse assemble, reverse engineer or otherwise translate all or any portion of the Software; (c) pledge, rent, lease, share, distribute, sell or create derivative works of the Software; (d) use the Software on a time sharing, service bureau, application service provider (ASP), rental or other similar basis, except as permitted in Section 2.2(b); (e) make copies of the Software, except as provided for in the license grant above; (f) remove, obscure, alter or deface any proprietary notice, label or mark in or on the Software; (g) distribute any copy of the Software to any Third Party; (h) disclose any results of testing or benchmarking of the Software to any Third Party; (i) deactivate, modify or impair the functioning of any disabling code in the Software; (j) circumvent or disable Immuta's copyright protection mechanisms or license management mechanisms; (k) use the Software in violation of any applicable Law or to support any illegal activity; or (l) attempt any of the foregoing.

2.6. Usage Reports. The Software will generate reports containing anonymized details and statistics regarding Licensee's use of the Software. Such reports may be configured to be manually generated by an Authorized User or automatically generated and delivered to Immuta and the Licensee. When configured for manual report generation, Licensee agrees to provide such reports to Immuta on a quarterly basis. When configured for automatic generation and delivery, Licensee agrees not to block or interfere with report generation or delivery. Such reports may be used by Immuta for the limited purposes of (a) verifying license-related data, (b) analyzing aggregate and/or anonymized usage data to improve the Software, and (c) improving the Licensee's use and adoption of Immuta. If the Usage Report indicates Licensee's use of the Software has exceeded that for which it is authorized under the applicable Subscription Form, Licensee shall promptly pay any additional fees for such excess use at the rates and charges set forth in the Subscription Form.

## 3. **FEES, EXPENSES AND OTHER PAYMENTS**

3.1. Fees. For the initial order, Licensee shall pay the Software License Fees as set forth on the Order Form in accordance with the GSA Schedule Pricelist. Any undisputed fees not paid when due shall accrue interest at the rate indicated by the the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315.

3.2. Reserved.

3.3. Taxes. Vendor shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

## 4. **SUPPORT**

4.1. General Support. Immuta will provide maintenance and support in accordance with the Immuta Support Policy & Service Level Agreement.

## 5. **USE AND RESTRICTIONS**

5.1. Export. Immuta and the Licensee shall comply with all applicable export Laws of all jurisdictions with respect to the Software and obtain when needed, at its own expense, any required permits or export clearances, copies of which Licensee shall provide to Immuta prior to such export. The Licensee is solely liable for any breach of export laws committed by Licensee in any jurisdiction. As export laws, regulations, and determinations are outside of Immuta's control, Immuta reserves the right to further restrict export or reexport of the software and will provide notice of such changes. At present, export restrictions applicable to Immuta under US law are: Any export

and reexport is subject to the General Prohibitions as outlined in 736.2 of the EAR. Export and reexport of this software to any end user in any location is allowed pursuant to the requirements of Mass Market License Exception so long as (a) that end user is not in an E:1 or E:2 country (currently Iran, North Korea, Sudan, Syria, and Cuba), (b) the export is not to the Crimea region of the Ukraine (which is prohibited under the sanctions noted in 746.6 of the EAR), and (c) the transaction would not otherwise constitute a violation of one or more of the General Prohibitions outlined in 736.2 of the EAR.

5.2. Trademark and Names. This Agreement does not grant either Party the right to use any trademark, trade name or logo of the other Party in any press release, advertising or promotional material, except that Immuta may use the name and logo of Licensee in its customer lists and on its website or as otherwise agreed by the parties.

## 6. OWNERSHIP; INTELLECTUAL PROPERTY RIGHTS

6.1. Ownership. Licensee acknowledges and agrees that Immuta and its licensors are the owners of all right, title and interest in and to the Software and all Intellectual Property Rights therein, and that Licensee shall not obtain or claim any ownership interest therein.

6.2. Analytical Output. Immuta acknowledges and agrees that Licensee and its licensors are the owners of all right, title and interest in and to any (a) analytical output generated by Licensee using Licensee Data; (b) any code created by Licensee to generate such analytical output; and (c) all Intellectual Property rights in any of the foregoing, and that Immuta shall not obtain or claim any ownership interest therein.

6.3. Feedback License. Licensee hereby grants to Immuta a non-exclusive, royalty-free, worldwide, irrevocable, perpetual, sublicensable, transferable license to copy, use, modify, prepare derivative works of, distribute, publicly perform, display and otherwise utilize any Feedback provided by Licensee.

6.4. Reporting. Licensee shall promptly report to Immuta any actual or suspected breach of this Section 6, and shall take such further steps as may reasonably be requested by Immuta to prevent or remedy any such breach.

6.5. Relief. In the event a Party breaches or threatens to breach any provision of Sections 2, 5, 6 or 7 of this Agreement, the other Party shall be entitled to seek injunctive or other equitable relief, in addition to other remedies afforded by Law, to prevent or restrain such breach or threatened breach.

## 7. CONFIDENTIAL INFORMATION

7.1. Neither Party shall (a) use Confidential Information of the other Party for any purpose other than to exercise its rights or perform its obligations under this Agreement or (b) disclose Confidential Information to any third party, except to its officers, directors, employees, and consultants who reasonably need to know such information and are bound by obligations of confidentiality consistent with this Agreement. Each Party shall protect Confidential Information of the other Party at least to the extent such Party protects its own information of like nature, but using no less than reasonable care. In addition, a Party may disclose the existence and terms of this Agreement to its actual or potential investors or financiers that have been informed of the confidential nature of such information. In the event Licensee elects to utilize Immuta's Sensitive Data Discovery feature, then Licensee acknowledges that certain Licensee Data will be communicated to Immuta's third party cloud infrastructure providers for the purposes of (a) determining the categorical type of the data (e.g., person name, date, phone number) for the Licensee's benefit and (b) generating aggregated, anonymized statistics (which do not include the actual Licensee Data) related to the determined categorical type to improve the feature. Each Party's Confidential Information shall remain the property of such Party.

7.2. The obligations set forth in Section 7.1 shall not restrict any disclosure required by applicable Law or pursuant to the rules of a securities exchange, as long as the Party that will make such disclosure (a) notifies the other Party prior to making such disclosure, to the extent permitted by applicable Law; (b) cooperates with the other Party to context such disclosure, at the other Party's expense; (c) seeks confidential treatment, a protective order or the like; and (d) only discloses the minimum amount of Confidential Information required to be disclosed.

7.3. Upon the expiration or termination of this Agreement, or the earlier request of the other Party, each Party shall return the other Party's Confidential Information to the other Party, or destroy such Confidential Information. However, each Party may retain data consistent with its backup and retention practices and one (1) additional copy of Confidential Information to confirm its compliance with this Agreement

## 8. Configuration

8.1. Configuration. Licensee shall be solely responsible for configuring the Software's policy engine to act on Licensee Data in a manner that conforms with Licensee's rules, applicable laws and regulations, and reasonable privacy and security standards.

## 9. WARRANTIES

9.1. Limited Warranty. Immuta warrants that the Software shall perform substantially in accordance with its Documentation.

9.2. Warranty Remedies. If, during the warranty period set forth in Section 9.1 above, Licensee believes that the Software does not conform with the above warranty, Licensee shall promptly notify Immuta and provide Immuta with sufficient documentation of such nonconformity to enable Immuta to reproduce and verify such nonconformity. Immuta's sole obligations and Licensee's sole remedies with respect to any such claim of nonconformity shall be (a) to provide Licensee with instructions for curing such nonconformity, (b) to provide Licensee with an updated version of such item which is free of such nonconformity, (c) to provide Licensee with a functionally equivalent software package which is free of such nonconformity and which, following delivery, will be regarded as an item of Immuta Software under this Agreement, or (d) in the event Immuta is unable to accomplish any of the above after using its commercially reasonable efforts, accept a return of all such nonconforming Software and refund to Licensee the prepaid, unused license Fees.

9.3. Limitation. The warranties set forth in this Section 9 shall not be applicable in the event that the nonconformity arises from (a) any modification to the Software not made by Immuta; (b) use of the Software in a manner not described in the applicable Documentation; (c) use of the Software in or for any unlawful, improper or inappropriate manner or purpose; (d) the negligence or willful misconduct of any user of the Software; or (e) combination of the Software with any products or services not provided by Immuta.

9.4. Disclaimer. EXCEPT AS SET FORTH IN SECTION 9.1, IMMUTA DISCLAIMS ALL WARRANTIES AND CONDITIONS, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO THE SOFTWARE, INCLUDING WITHOUT LIMITATION ALL IMPLIED WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT, FITNESS FOR A PARTICULAR PURPOSE, SYSTEMS INTEGRATION, INTERFERENCE WITH ENJOYMENT, OR ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE. IMMUTA SPECIFICALLY DISCLAIMS ANY WARRANTY WITH RESPECT TO THIRD PARTY PRODUCTS OR THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET LICENSEE'S REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE.

## 10. LIMITATIONS OF LIABILITY

10.1. Limitation of Liability. EXCEPT FOR (a) A PARTY'S FRAUD, GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF A PARTY, (B) THE PARTIES' INDEMNIFICATION OBLIGATIONS SET FORTH IN SECTION 11, AND (C) A BREACH BY A PARTY OF SECTIONS 2 OR 7 (SUBJECT TO SECTION 8.1), NEITHER PARTY SHALL BE LIABLE FOR AGGREGATE MONETARY DAMAGES, REGARDLESS OF THE FORM OF ANY CLAIM OR ACTION OR THEORY OF LIABILITY (INCLUDING CONTRACT, TORT, OR WARRANTY), IN EXCESS OF THE TOTAL LICENSE FEES PAID BY LICENSEE UNDER THE APPLICABLE SUBSCRIPTION FORM DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE CLAIM IN QUESTION. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, EXEMPLARY, CONSEQUENTIAL OR OTHER INDIRECT DAMAGES IN ANY WAY ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, HOWEVER CAUSED, EVEN IF SUCH PARTY HAS BEEN MADE AWARE OF THE POSSIBILITY OF SUCH DAMAGES.

## 11. INDEMNIFICATION

11.1. Immuta Indemnity. Immuta shall indemnify Licensee against any damages, settlements, costs and expenses (including reasonable attorneys' fees) awarded against Licensee and shall defend Licensee in any suit, claim or proceeding brought by a Third Party to the extent alleging that use by Licensee of the Software infringes, violates or misappropriates any United States Intellectual Property Right of such Third Party.

11.2. Additional Remedies. In the event that the Software is found to infringe, misappropriate or violate any United States Intellectual Property Right of a Third Party, Immuta shall, at its option and expense, to: (a) procure for Licensee the right to continue to use the applicable Software as provided in this Agreement; (b) replace or modify the applicable Software so that it becomes noninfringing (as long as the functionality is materially unchanged); or (c) if the preceding clauses (a) and (b) are not commercially practicable, terminate the license to such Software and refund to Licensee the prepaid, unused license Fees paid to Immuta by Licensee in respect of such Software.

11.3. Exceptions. Immuta shall have no obligation to indemnify or defend Licensee to the extent that any claim is based on: (a) use of the Software in conjunction with any data (including Licensee Data), equipment or software not provided by Immuta; (b) use of the Software in a manner not described in the applicable Documentation; (c) any modification to the Software not made by Immuta; (d) use

of the Software in or for any unlawful, improper or inappropriate manner or purpose; or (e) any claim of infringement, violation or misappropriation of any Intellectual Property Right in which Licensee or any Affiliate of Licensee has an interest.

11.4. Licensee Indemnity. Licensee shall indemnify Immuta against any damages, settlements, costs and expenses (including reasonable attorneys' fees) awarded against Immuta and shall defend Immuta in any suit, claim or proceeding brought by a Third Party to the extent arising from any circumstance described in Section 11.3 caused by Licensee or any Authorized User.

11.5. Procedures. The indemnification obligations set forth above are conditioned on the indemnitee (a) promptly notifying the indemnifying Party in writing of such suit, claim or proceeding, (b) reasonably cooperating in the defense of such suit, claim or proceeding, and (c) allowing the indemnifying Party to have sole control over the defense and/or settlement of any such suit, claim or proceeding. The indemnitee may participate in the defense of any such suit, claim or proceeding with counsel of its own choosing at its own expense. The indemnifying Party shall have no liability for settlements or costs incurred without its consent.

11.6. Exclusive Remedy. The remedies set forth in this Section 11 shall constitute the exclusive obligations and remedies of the Parties with respect to any Intellectual Property Rights infringement claims.

## 12. TERM AND TERMINATION

12.1. Term. Unless earlier terminated in accordance with this Section 12, the term of this Agreement shall commence on the Effective Date and continue until the expiration or termination of the last Subscription Term under an active Subscription Form. Each individual Subscription Term shall automatically renew for subsequent durations as set forth in the Subscription Form, unless Licensee informs Immuta in writing of its intent to terminate all subsequent Subscription Terms at least 30 days prior to the end of the then-current Subscription Term.

12.2. Termination. This Agreement or any Subscription Form may be terminated (a) by either Party, if the other Party has materially breached this Agreement, and such breach remains uncured for at least thirty (30) days following written notice thereof; or (b) by either Party, upon written notice to the other Party, if any assignment is made by such Party for the benefit of creditors, or if a receiver, trustee in bankruptcy or similar officer shall be appointed to take charge of any or all of such Party's property, or if such Party files a voluntary petition under federal bankruptcy laws or similar state or foreign statutes or such a petition is filed against such Party and is not dismissed within forty-five (45) days.

### 12.3. Effects of Termination.

(a) Except as expressly provided herein, upon any expiration or termination of this Agreement, all rights, licenses and obligations of the Parties shall immediately cease and terminate.

(b) Upon any expiration or termination of this Agreement, Licensee shall immediately uninstall and delete all copies of the Software that are in the possession of or contained in computer memory or data storage apparatus of Licensee or under the control of Licensee and retrieve all copies in the possession of all Authorized Users.

(c) The provisions of Sections 2.5, 6, 7, 9.4, 10, 11, 12.3 and 13, and any accrued obligations, shall survive the termination or expiration of this Agreement in accordance with their terms.

(d) Termination shall be in addition to, and shall not prejudice, any remedy at law or in equity.

## 13. MISCELLANEOUS

13.1. Entire Agreement. This Agreement (together with all Subscription Forms) constitutes the entire agreement between the Parties with respect to use and license of the Software and hereby supersedes and terminates any prior agreements or understandings relating to such subject matter. No addendum, waiver, consent, modification, amendment or change of the terms of this Agreement shall bind either Party unless in writing and signed by duly authorized officers of Immuta and Licensee.

13.2. Severability. In the event that any provision of this Agreement is held by a court of competent jurisdiction to be unenforceable because it is invalid or in conflict with any Law of any relevant jurisdiction, the validity of the remaining provisions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Agreement did not contain the particular provisions held to be unenforceable, unless such construction would materially alter the meaning of this Agreement.

13.3. Assignment. Neither this Agreement nor any rights, obligations or licenses granted hereunder may be assigned or delegated by a Party without the prior consent of the other Party, except in connection with a merger, acquisition or change of control of such Party or with subcontracting in the normal course of a Party's business. This Agreement shall inure to the benefit of the Parties and their permitted successors and assigns.

13.4. Notices. Any notice, consent or approval by a Party under this Agreement shall be in writing and either personally delivered, sent via reputable express courier (e.g., FedEx) or certified mail, postage prepaid and return receipt requested, addressed to the other Party at the address set forth on the Subscription Form or another address provided by the other Party in accordance with this Section

14.4. All notices shall be in English and shall be deemed effective on the date of personal delivery, two (2) days after deposit with an express courier or five (5) days after deposit in the mail.

13.5. Force Majeure. Except for payment obligations, neither Party shall have responsibility for any failure to perform or delay in performance that results from any action beyond its reasonable control, including acts of war, terrorism, fire, labor actions or actions of the other Party. The affected Party shall notify the other Party promptly after such action.

13.6. Commercial Software. The Software has been developed exclusively at private expense and qualifies as a "commercial item" consisting of "commercial computer software" or "computer software documentation" as such terms are defined and used at FAR (48 C.F.R.) 2.101. Use, duplication or disclosure of any of the foregoing by the U.S. Government are subject to restrictions set forth in this Agreement, in accordance with FAR 12.212 or DFARS 227.7202-4, as applicable.

13.7. Governing Law and Jurisdiction. All disputes, claims or controversies arising out of this Agreement or the transactions contemplated hereby shall be governed by and construed in accordance with the Federal laws of the United States.

13.8. No Waiver. The waiver by either Party of a breach of a default of any provision of this Agreement by the other Party shall not be construed as a waiver of any succeeding breach of the same or any other provision, nor shall any delay or omission on the part of either Party to exercise or avail itself of any right, power or privilege that it has, or may have thereunder, operate as a waiver of any right, power or privilege by such Party.

13.9. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one single agreement between the Parties. This Agreement may be executed by the exchange of signature pages in electronic format (including PDF) or digital signatures.

13.10. Independent Contractors; Non-exclusivity. The Parties are independent contractors with respect to each other. The relationship of the Parties is non-exclusive. Immuta may provide the Software to any Third Party, and Licensee may license software that is similar to the Software from any Third Party.

13.11. No Third Party Beneficiaries. This Agreement shall not benefit, or create a cause of action in or on behalf of, any person other than the Parties.

13.12. Future Commitments. Licensee acknowledges that Immuta has made no commitments or promises orally or in writing with respect to delivery of any future software features or functions except as explicitly stated herein. In relation to any future software features or functions, all presentations, RFP responses and/or product roadmap documents, information or discussions, either prior to or following the date herein, are for informational purposes only, and Immuta has no obligation to provide any future releases or upgrades or any features, enhancements or functions, unless specifically agreed to in writing by both parties. Licensee acknowledges that no purchasing decisions are based upon any future software features or functions.

13.13. Insurance. During the Term of the Agreement, Immuta shall maintain insurance policies in the minimum amounts below.

(a) General Liability of up to \$1,000,000 per incident, \$2,000,000 in aggregate with a provision to include automobile insurance for hired vehicles.

(b) Worker's Compensation and Employer's liability per statute.

- (c) Errors and Omissions coverage of \$2,000,000
- (d) Cyber Liability coverage of \$1,000,000

## Master Subscription Agreement

BY SIGNING AN ORDER REFERENCING, OR BY OTHERWISE MANIFESTING AGREEMENT TO THIS MASTER SUBSCRIPTION AGREEMENT (THE “END USER ACCESS AGREEMENT” AND ALONG WITH ALL ORDERS, THE “AGREEMENT”) ON BEHALF OF THE ORDER ACTIVITY INDICATED BY YOU AT THE TIME OF ACCEPTANCE (“GOVERNMENT”) YOU ARE HEREBY AGREEING TO THIS END USER ACCESS AGREEMENT ON BEHALF OF ORDERING ACTIVITY. IN DOING SO YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO BIND THE ORDERING ACTIVITY TO THESE END CLIENT TERMS AND CONDITIONS AND THE AGREEMENT. THE AGREEMENT IS BY AND BETWEEN THE ORDERING ACTIVITY UNDER GSA SCHEDULE CONTRACTS IDENTIFIED IN THE PURCHASE ORDER, STATEMENT OF WORK, OR SIMILAR DOCUMENT (“ORDERING ACTIVITY,” OR “LICENSEE”) AND THE GSA MULTIPLE AWARD SCHEDULE CONTRACTOR ACTING ON BEHALF OF SPYCLOUD, INC. (“PROVIDER” OR “SPYCLOUD”).

### 1. DEFINITIONS

- (a) **“Credentials”** means any user accounts, passwords and other authentication credentials associated with use of the Service by Customer or End Users.
- (b) **“Customer Facilities”** means Credentials and any account, hardware, system or other facility within Customer’s custody or control.
- (c) **“Data Subjects”** mean any: (i) employees of Customer; (ii) users who sign up for user accounts to purchase or use Customer’s products or services; or (iii) users who provide personal information to Customer as part of the process for using or purchasing Customer’s products or services.
- (d) **“Emergency Security Issue”** means any: (i) use of the Service by Customer or End Users in violation of the terms and conditions of this Agreement that disrupts or is reasonably likely to disrupt the availability of the Service to other users; or (ii) access to the Service by any unauthorized third party through use of any Customer Facilities.
- (e) **“End Users”** means employees and contractors of Customer and its affiliates.
- (f) **“Intellectual Property”** means all rights associated with patents and inventions; copyrights, mask works and other works of authorship (including moral rights); trademarks, service marks, trade dress, trade names, logos and other source identifiers; trade secrets; software, databases and data; and all other intellectual property and industrial designs.
- (g) **“Service”** means SpyCloud’s proprietary online service (as may be updated from time to time) for detecting potential breaches of data security through monitoring of activities occurring online.

### 2. GRANT OF RIGHTS AND RESTRICTIONS

- (a) **Grant of Rights.** During the term of this Agreement and subject to Customer’s compliance in all material respects with the terms and conditions of this Agreement (including any limitations on use set forth in the Order Form), SpyCloud hereby grants Customer a limited, non-exclusive, non-sublicensable right to access and use the Service only in the form made available by SpyCloud and only as necessary for End Users to monitor or investigate potential breaches of data security involving Customer or Data Subjects. SpyCloud may provide the Service through access to: (1) an application programming interface that allows End Users to run queries

through the Service for information relevant to Data Subjects (“API”); or (ii) raw data files, supplemented by daily diff files (“Data Files”). All rights granted to Customer may only be exercised by Customer for Customer’s internal business purposes and in accordance with the license granted herein.

- (b) **Restrictions.** Except as expressly permitted under this Agreement, Customer shall not itself, nor shall it permit any other party to: (i) reproduce, modify, translate, adapt or create derivative works based upon the Service; (ii) reverse engineer, decode, decompile, disassemble or otherwise attempt to access or derive the source code or architectural framework of the Service; (iii) access the Service for purposes of benchmarking or developing, marketing, selling or distributing any product or service that competes with or includes features substantially similar to the Service; (iv) rent, lease, lend, sell or sublicense the Service or otherwise provide access to the Service to any third party who is not an End User or as part of a service bureau or similar fee-for-service purpose; or (v) use the Service in any way that does not comply with all applicable laws and regulations.

- (c) **Changes.** Customer acknowledges and agrees that SpyCloud may improve, modify, add or remove functions or features to or from the Service from time to time, with or without notice to Customer.

### 3. CUSTOMER RESPONSIBILITIES

- (a) **Technical Requirements.** Customer and End Users shall be solely responsible for obtaining, configuring and maintaining any hardware, network connectivity and third-party software required to access the Service, including computers, operating systems, web browsers and storage devices.

- (b) **Protection.** Customer shall be solely responsible for protecting the confidentiality of Credentials and all activities undertaken using Customer Facilities. In the event that Customer becomes aware of any unauthorized access to or use of the Service through use of Customer Facilities, Customer shall immediately give written notice to SpyCloud of such unauthorized use and make reasonable efforts to eliminate it. Customer shall at all times implement appropriate security policies and procedures and access control methodologies to safeguard access to the Service through Customer Facilities. All such measures shall comply with prevailing industry standards but in no case consist of less than reasonable care.

(c) Policies. In addition to the terms and conditions of this Agreement, access to and use of the Service shall comply with and be subject to any terms of service, acceptable use policy, privacy policy, end user license agreement and other guidelines instituted by SpyCloud or its licensors or service providers (collectively, “Policies”).

#### 4. FEES AND TAXES

(a) Fees. For the initial order, Licensee shall pay the Software License Fees as set forth on the Order Form issued in accordance with the GSA Schedule Pricelist. . Any undisputed fees not paid when due shall accrue interest at the rate indicated by the the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315.

(b) Taxes. Vendor shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

#### 5. INTELLECTUAL PROPERTY

(a) Responsibility for Data. All information, data, and other materials accessible through the Service (“Data”) are the sole responsibility of the party from whom such materials originated. Customer acknowledges and agrees that: (i) the Service may provide access to or rely on Data from third parties, and such third parties, and not SpyCloud, are entirely responsible for such Data; (ii) Customer and End Users, and not SpyCloud, are entirely responsible for all Data that Customer and End Users submit, upload, email, transmit or otherwise make available through the Service (“Customer Data”); and (iii) Customer and End Users are solely responsible for giving all required notices and obtaining all necessary consents (including all required permissions from Intellectual Property holders) before submitting Customer Data through or to the Service. Customer and End Users shall not submit, upload, email, transmit or otherwise make available through the Service any Data not owned or managed by Customer or End Users.

(b) SpyCloud Ownership. Customer acknowledges and agrees that, as between SpyCloud and Customer, SpyCloud owns all right, title and interest (including all Intellectual Property) in and to Service, including the API and Data Files.

(c) Customer Ownership. SpyCloud acknowledges and agrees that, as between Customer and SpyCloud, Customer owns all right, title and interest (including all Intellectual Property) in and to Customer Data. Customer hereby grants SpyCloud and its service providers a worldwide, royalty-free, non-exclusive license to use, process, transmit and reproduce Customer Data as necessary for SpyCloud to provide the Service to Customer and End Users.

(d) Suggestions. If Customer or End Users elect to provide or make available to SpyCloud any suggestions, comments, ideas, improvements or other feedback relating to the Service (“Suggestions”), SpyCloud shall be free to use, disclose, reproduce, have made, modify, license, transfer and otherwise

utilize and distribute Suggestions in any manner, without credit or compensation to Customer or End Users.

(e) Intellectual Property Notices. Customer shall not remove, obscure or modify in any way any copyright or trademark notices or other notices or disclaimers that appear within the Service.

(f) Reservation of Rights. Each of the parties reserves all rights not expressly granted under this Agreement.

#### 6. TERM, SUSPENSION AND TERMINATION

(a) Term. This Agreement and the license granted hereunder shall become effective as of the Effective Date and shall continue in effect thereafter for the Term set forth in the applicable Order Form unless terminated upon the Termination Date set forth in the Order Form. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, CSI shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

(b) Suspension. SpyCloud reserves the right to suspend Customer or any End User’s access to the Service in the event of an Emergency Security Issue. SpyCloud will make commercially reasonable efforts to limit suspension to the minimum extent and duration necessary to eliminate the Emergency Security Issue. SpyCloud further reserves the right to suspend or revoke access to the Service by any End User who violates any Policy.

(c) Termination. Notwithstanding anything to the contrary, this Agreement may be terminated as follows: (i) by the non-breaching party upon a material breach of this Agreement by the other party, which breach is not cured within thirty (30) days after receipt of written notice from the non-breaching party; or (ii) by either party in the event the other party becomes insolvent or bankrupt; becomes the subject of any proceedings under bankruptcy, insolvency or debtor’s relief law; has a receiver or manager appointed; makes an assignment for the benefit of creditors; or takes the benefit of any applicable law or statute in force for the winding up or liquidation of such party’s business.

(d) Events Upon Termination. Upon termination of this Agreement for any reason: (i) all rights granted by the parties under this Agreement shall immediately terminate; (ii) Customer shall immediately cease all use of the Service; and (iii) each party shall immediately cease all use of the other party’s Confidential Information (as defined in Section 9(a)) and return or destroy all copies of such Confidential Information that are within its custody or control. Without limiting the generality of this Section 6(d), in the event that Customer has received any Data Files, Customer shall, upon termination of this Agreement for any reason: (1) cease use of and delete all copies of Data Files within Customer’s custody or control; and (2) provide SpyCloud with a written certification signed by an officer of

Company attesting to Customer's compliance. Notwithstanding the foregoing, each party shall be permitted to retain one copy of the other party's Confidential Information solely for archival, audit, disaster recovery, legal and/or regulatory purposes, and neither party will be required to search archived electronic back-up files of its computer systems for the other party's Confidential Information in order to purge the other party's Confidential Information from its archived files; provided further, that any Confidential Information so retained will (A) remain subject to the obligations and restrictions contained in this Agreement, (B) will be maintained in accordance with the retaining party's document retention policies and procedures, and (C) the retaining party will not use the retained Confidential Information for any other purpose.

(e) Survival. Any provision that, by its terms, is intended to survive the expiration or termination of this Agreement shall survive such expiration or termination, including Sections: 2(b) {Restrictions}; 4 {Fees and Taxes}; 5 {Intellectual Property}; 6(d) {Events Upon Termination}; 6(e) {Survival}; 7 {Representations and Warranties}; 8 {Indemnification}; 9 {Confidential Information}; 10 {Disclaimer of Warranties}; 11 {Limitation of Liability}; and 13 {Miscellaneous}.

## **7. REPRESENTATIONS AND WARRANTIES**

SpyCloud and Customer each represents and warrants to the other that: (a) it has the necessary power and authority to enter into this Agreement; (b) the execution and performance of this Agreement have been authorized by all necessary corporate or institutional action; (c) entry into and performance of this Agreement will not conflict with any provision of law or the certificate of incorporation, bylaws or comparable organizational documents of such party; (d) no action by any governmental organization is necessary to make this Agreement valid and binding upon such party; and (e) it possesses all governmental licenses and approvals necessary to perform its obligations under this Agreement.

## **8. INDEMNIFICATION**

(a) SpyCloud Indemnification. SpyCloud agrees that Customer shall have no liability and SpyCloud shall indemnify, defend and hold Customer harmless against any loss, damage, cost, liability and expense (including reasonable attorneys' fees) finally awarded by a court of competent jurisdiction or paid in settlement to the extent arising from any action or claim of a third party (collectively, "**Losses**") asserting that Customer or End Users' use of the Service infringes the Intellectual Property of such third party; provided, however, that SpyCloud shall have no obligation to indemnify Customer from any Losses to the extent they arise from: (i) use of the Service in any manner that does not comply in all material respects with the terms and conditions of this Agreement or any Policies or applicable laws or regulations; (ii) use of the Service in combination with any hardware or software not provided or approved by SpyCloud; (iii) modifications to the Service not made or authorized by SpyCloud; or (iv) any Customer Data (Sections 8(a)(i) through 8(a)(iv), collectively, "**Customer Acts**"). In the event that any part of the Service becomes the subject of a Loss or SpyCloud reasonably determines that any part of the Service is likely to

become the subject of a Loss, SpyCloud may, at its sole discretion: (1) procure for Customer a license as necessary for Customer to exercise the rights granted by SpyCloud under this Agreement; (2) modify or replace the Service to avoid infringement, *provided, however*, that the Service as modified or replaced retains materially the same or better features and functionality; or (3) terminate this Agreement and provide a pro rata refund of the fees paid by Customer to SpyCloud for the unused portion of the Initial Term or Renewal Term, as applicable.

(b) Customer Indemnification. Customer agrees that SpyCloud shall have no liability and Customer shall indemnify, defend and hold SpyCloud harmless against any Loss to the extent arising from: (i) Customer Acts or Customer's breach of Sections 2(b), 3, 5 or 9; (ii) any dispute between Customer and Data Subjects; and (iii) any violation of applicable laws or regulations by Customer or End Users. If Customer is U.S. Government Customer (as defined in Section 12), Customer's indemnification obligations under this section will only apply to the extent permitted by applicable law.

(c) Procedure. The indemnified party shall: (i) give the indemnifying party prompt written notice of any Loss or threat of Loss; provided, however, that failure of the indemnified party to give such prompt written notice shall not relieve the indemnifying party of any obligation to indemnify pursuant to this Section 8, except to the extent the indemnifying party has been prejudiced thereby; (ii) cooperate fully with the indemnifying party, at the indemnifying party's expense, in the defense or settlement of any Loss or threat of Loss; and (iii) give the indemnifying party sole and complete control over the defense or settlement of any Loss or threat of Loss; provided, however, that any settlement must include a complete release of the indemnified party without requiring the indemnified party to make any payment or bear any obligation.

## **9. CONFIDENTIAL INFORMATION**

(a) Definition. "**Confidential Information**" means information identified in good faith by either party as being confidential or proprietary, or information that, under the circumstances, should reasonably be understood to be confidential or proprietary. Confidential Information shall include, but not be limited to, the terms and conditions of this Agreement, the source code and architectural framework of the Service, API specifications, and Data Files, information relating to future releases of the Service, information available via the Service, and pricing information and business plans provided by either party.

(b) Non-Disclosure. Each party agrees that it will use the Confidential Information provided by the other party only as necessary to exercise its rights and discharge its obligations under this Agreement and for no other purpose without the prior written consent of the disclosing party. Neither party shall disclose to a third party Confidential Information of the other party. To maintain in confidence the Confidential Information of the disclosing party, the receiving party shall use the same degree of care as it uses to protect the confidentiality of its own Confidential Information of like nature, but no less than a

reasonable degree of care. The foregoing obligations shall not apply to any Confidential Information that: (i) can be demonstrated to have been publicly known at the time of the disclosing party's disclosure of such Confidential Information to the receiving party; (ii) becomes part of the public domain or publicly known, by publication or otherwise, not due to any unauthorized act or omission by the receiving party; (iii) can be demonstrated to have been independently developed or acquired by the receiving party without reference to or reliance upon such Confidential Information; (iv) is provided to the receiving party by a third party who is under no obligation to the disclosing party to keep the information confidential; or (v) is required to be disclosed by law; provided, however, that the receiving party shall take reasonable actions to minimize such disclosure and promptly notify the disclosing party, to the extent permitted by law, so that the disclosing party may take lawful actions to avoid or minimize such disclosure. Notwithstanding anything to the contrary, SpyCloud shall be permitted to identify Customer as a SpyCloud customer.

#### 10. DISCLAIMER OF WARRANTIES

ALL PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT ARE PROVIDED "AS IS," "AS AVAILABLE" AND "WITH ALL FAULTS." EACH PARTY, TO THE MAXIMUM EXTENT PERMITTED BY LAW, EXPRESSLY DISCLAIMS ALL WARRANTIES AND REPRESENTATIONS (EXCEPT AS SET FORTH IN SECTION 7), EXPRESS OR IMPLIED, INCLUDING: (A) THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; AND (B) ANY WARRANTY WITH RESPECT TO THE QUALITY, ACCURACY, CURRENCY OR COMPLETENESS OF THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT, OR THAT USE OF SUCH PRODUCTS AND SERVICES WILL BE ERROR-FREE, UNINTERRUPTED, FREE FROM OTHER FAILURES OR WILL MEET CUSTOMER OR END USERS' REQUIREMENTS.

#### 11. LIMITATION OF LIABILITY

OTHER THAN WITH RESPECT TO A PARTY'S INDEMNIFICATION OBLIGATIONS UNDER SECTION 8 OR BREACH OF SECTION 2(b) OR 9: (A) IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR ANY INCIDENTAL, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, OR LOST PROFITS OR COST OF COVER, INCLUDING DAMAGES ARISING FROM ANY TYPE OR MANNER OF COMMERCIAL, BUSINESS OR FINANCIAL LOSS OCCASIONED BY OR RESULTING FROM ANY USE OF OR INABILITY TO USE THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT, SUCH AS ANY MALFUNCTION, DEFECT OR FAILURE OF THE SERVICE OR ITS DELIVERY VIA THE INTERNET, EVEN IF SUCH PARTY HAD ACTUAL OR CONSTRUCTIVE KNOWLEDGE OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE; AND (B) IN NO EVENT SHALL EITHER PARTY'S AGGREGATE LIABILITY UNDER THIS AGREEMENT EXCEED THE AMOUNT OF FEES RECEIVED BY SPYCLOUD FROM CUSTOMER UNDER THIS AGREEMENT IN THE TWELVE (12)-MONTH PERIOD IMMEDIATELY PRECEDING THE DATE ON WHICH THE EVENTS GIVING RISE TO LIABILITY AROSE.

#### 12. U.S. GOVERNMENT MATTERS

(a) Each party represents that it is not named on any United States government list of persons or entities restricted from doing business with any United States company. Customer shall not directly or indirectly access or use the Service in violation of any United States or international export embargo, prohibition or restriction.

(b) If Customer is a U.S. federal government department or agency ("U.S. Government Customers"), the Service is a "Commercial Item" as that term is defined at 48 C.F.R. §2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation", as those terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202. All U.S. Government Customers acquire subscriptions to the Service only as a "Commercial item" and only with those rights that are granted to all other end users pursuant to the terms and conditions of this Agreement, consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.72021 through 227.72024. U.S. Government Customers may only use the Service for a governmental-related purpose. Notwithstanding Section 13(h), applicable federal law and regulations shall govern this Agreement.

#### 13. Miscellaneous

(a) Independent Contractors. The relationship between SpyCloud and Customer established by this Agreement is solely that of independent contractors. Neither party is in any way the partner or agent of the other, nor is either party authorized or empowered to create or assume any obligation of any kind, implied or expressed, on behalf of the other party, without the express prior written consent of such other party.

(b) Notice. All notices, demands, and other communications under this Agreement must be in writing and will be considered given upon: (i) delivery by traceable courier or mail (delivery confirmation/return receipt requested); or (ii) the first business day after sending by email. Notices to SpyCloud should be sent to legal@spycloud.com or to SpyCloud's Legal Department at the address specified above. Billing notices and notices relating to this Agreement will be sent to the contacts designated by Customer on the Order Form.

(c) Assignment. Customer may not assign this Agreement, or sublicense, assign or delegate any right or obligation hereunder, by operation of law or otherwise without the prior written consent of SpyCloud which will not be unreasonably withheld. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

(d) Interpretation. For the purposes of this Agreement: (i) the words "such as," "include," "includes" and "including" shall be deemed to be followed by the words "without limitation;" (ii) the word "or" is not exclusive; and (iii) the words "herein," "hereof," "hereby," "hereto" and "hereunder" refer to this Agreement as a whole. This Agreement shall be construed without regard to any presumption or rule requiring construction or interpretation against the party drafting an instrument or causing any instrument to be drafted.

## SpyCloud Master Subscription Agreement

---

(e) Entire Agreement. This Agreement contains the entire agreement of the parties with respect to the subject matter hereof and supersedes all previous or contemporaneous oral or written negotiations or agreements with respect to such subject matter. In the event of any conflict between this Agreement and any Policy, the terms and conditions of this Agreement shall take precedence.

(f) Amendment. This Agreement may not be amended except in a writing executed by an authorized representative of each party. No terms in Customer's purchase order or other order documents (excluding Order Forms) will be incorporated into this Agreement, regardless of any terms to the contrary, and SpyCloud expressly rejects all such terms.

(g) Severability. If any provision of this Agreement shall be held to be invalid or unenforceable under applicable law, then such provision shall be construed, limited, modified or, if necessary, severed to the extent necessary to eliminate its invalidity or unenforceability, without in any way affecting the remaining parts of this Agreement.

(h) Dispute Resolution; Governing Law. The parties shall use good faith, reasonable efforts to resolve any dispute before initiating legal action. The laws of the State of Delaware, excluding choice of law principles, govern this Agreement.

(i) Contract for Services. This Agreement is a contract for the provision of services and not a contract for the sale of goods. The provisions of the Uniform Commercial Code (UCC), the Uniform Computer Information Transaction Act (UCITA), or any substantially similar legislation as may be enacted, shall not apply to this Agreement. If Customer is located outside of the territory of the United States, the parties agree that the United Nations Convention on Contracts for the International Sale of Goods shall not govern this Agreement or the rights and obligations of the parties under this Agreement.

(j) Jurisdiction. All disputes, claims or controversies arising out of this Agreement, or the negotiation, validity or performance of this Agreement, or the transactions contemplated hereby shall be governed by and construed in accordance with the Federal laws of the United States.

(k) No Waiver. The failure of either party to require strict performance by the other party of any provision hereof shall not affect the full right to require such performance at any time thereafter, nor shall the waiver by either party of a breach of any provision hereof be taken or held to be a waiver of the provision itself. Any waiver of the provisions of this Agreement, or of any breach or default hereunder, must be set forth in a written instrument signed by the party against which such waiver is to be enforced.

(l) Force Majeure. Neither party will be responsible for failure or delay of performance if caused by an event outside the reasonable control of the obligated party, including but not limited to an electrical, internet, or telecommunication change or outage not caused by the obligated party; government restrictions; or illegal acts of third parties. Each party will use reasonable efforts to mitigate the effect of a force majeure event.

(m) Use of Logo. During the term of this Agreement, SpyCloud may use Customer's name and logo on SpyCloud's website and marketing materials solely for the purpose of identifying Customer as a SpyCloud customer. Any such use of Customer's name and logo shall comply with any usage guidelines provided by Customer. ][Reserved.]

(n) Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement.

## **DATA PROCESSING ADDENDUM**

- 1.1.12 "**Restricted Transfer**" means a transfer of Personal Data from the Data Controller to the Data Processor, or from the Data Processor to a Sub-Processor, or from the Data Controller to another Data Controller, where such transfer would, in the absence of Standard Contractual Clauses, be prohibited by Data Protection Legislation;

- 1.1.13 **"Services"** means the Company's proprietary online platform and services that are subscribed to by Customer, as further described in the Agreement;
- 1.1.14 **"Standard Controller to Controller Contractual Clauses"** means the standard contractual clauses at Schedule 2 to this Addendum;
- 1.1.15 **"Standard Controller to Processor Contractual Clauses"** means the standard contractual clauses at Schedule 1 to this Addendum;
- 1.1.16 **"Sub-processor"** means any person appointed by or on behalf of the Data Processor to process Personal Data on behalf of the Data Controller.

## **2. DATA PROTECTION - GENERAL**

- 2.1 Both parties will comply with all requirements of the Data Protection Legislation applicable to their role as Data Processor or Data Controller, as applicable. This Addendum is in addition to, and does not relieve, remove or replace, a party's obligations under the Data Protection Legislation.

## **3. CUSTOMER PERSONAL DATA**

- 3.1 The parties acknowledge that for the purposes of the Data Protection Legislation and this Addendum the Customer is the Data Controller and the Company is the Data Processor in respect of Customer Personal Data.
- 3.2 The obligations contained in this Addendum shall apply to any Affiliate of the Company who processes data under the Agreement.
- 3.3 Annex I sets out the scope, nature and purpose of processing by the Company, the duration of the processing and the types of Personal Data and categories of Data Subject.
- 3.4 Without prejudice to the generality of clause 4.1, the Customer will ensure that it is lawful to enable the transfer of the Customer Personal Data to the Company for the duration and for the purposes of the Agreement.
- 3.5 Without prejudice to the generality of clause 4.1, the Company shall, in relation to any Customer Personal Data processed in connection with the performance by the Company of its rights and obligations under the Agreement:
  - 3.5.1 process that Customer Personal Data only on the written instructions of Customer, including but not limited to any instructions contained in any Agreement unless the Company is obliged to process such Personal Data by the Applicable Laws. Where the Company is relying on the Applicable Laws as the basis for processing Customer Personal Data, the Company shall, insofar as is permissible under such Applicable laws, promptly notify the Customer of its obligations before performing the processing required by the Applicable Laws;
  - 3.5.2 ensure that it has in place appropriate technical and organizational measures to protect against unauthorized or unlawful processing of Customer Personal Data and against accidental loss or destruction of, or damage to, Customer Personal Data, such as are appropriate to the harm that might result from the unauthorized or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymizing and encrypting Customer Personal Data, ensuring confidentiality, integrity, availability and resilience of its systems and services, ensuring that availability of and access to Customer Personal Data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organizational measures adopted by it). The Company shall make available details of these technical and organizational measures available upon request;
  - 3.5.3 take all reasonable steps to ensure the reliability of all personnel who have access to and/or process Customer Personal Data and shall ensure that all such personnel are obliged to keep the Customer Personal Data confidential and that access to Personal Data is limited to those individuals who need to have access to Customer Personal Data for the purposes of the Agreement and to comply with Applicable Laws;
  - 3.5.4 be bound by the Standard Controller to Processor Contractual Clauses, which are hereby incorporated into this Addendum, in respect of any Restricted Transfer of Customer Personal Data from the Customer to the Company. Such Standard Controller to Processor Contractual Clauses shall come into effect upon the commencement of the relevant Restricted Transfer;
  - 3.5.5 shall not otherwise enter into any Restricted Transfer unless the prior written consent of the Customer has been obtained and the Standard Controller to Processor Contractual Clauses are used in relation to such transfer;
  - 3.5.6 notify the Customer without undue delay on becoming aware of a Personal Data Breach involving Customer Personal Data or upon receipt of a request or complaint from a Data Subject involving Customer Personal Data;
  - 3.5.7 assist the Customer, at the Customer's cost (save where such assistance is required as a result of a breach by the Company of its obligations under this Addendum and/or the Agreement in which case such costs will be borne by the Company), in responding to any request from a Data Subject (but shall not respond to any such request without the Customer's prior written consent, unless otherwise required by the Data Protection Legislation) and in ensuring compliance with its obligations under

the Data Protection Legislation with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators; and

- 3.5.8 consistent with Company's data retention policies, delete or return Customer Personal Data and copies thereof to the Customer unless required by Applicable Law to store the Customer Personal Data.
- 3.6 The Company shall maintain complete and accurate records and information ("**Records**") to demonstrate its compliance with this Addendum.
- 3.7 The Customer hereby consents to the Company appointing Sub-Processors in connection with the provision of the Services. The Company shall make available on its website a list of current Sub-Processors and shall notify the Customer via its website when a Sub-processor is replaced or added to this list. Upon notification, the Customer shall have 10 days to object to the appointment of the new Sub-processor. If the Customer objects on reasonable grounds, Company shall work with the Customer to modify the processing of Customer Personal Data to exclude the Sub-processor.
- 3.8 The Company confirms that it has entered or (as the case may be) will enter with any appointed Sub-Processor into a written agreement incorporating terms which are substantially similar to those set out in this Addendum. As between the Customer and the Company, the Company shall remain fully liable for all acts or omissions of any Sub-Processor appointed by it pursuant to clause 4.7.
- 3.9 The Company may, at any time on not less than 30 days' notice, revise this Addendum by replacing it with any applicable controller to processor standard clauses or similar terms forming part of an applicable certification scheme.

#### **4. COMPANY PERSONAL DATA**

- 4.1 The parties acknowledge that for the purposes of the Data Protection Legislation and this Addendum, the Company and the Customer are Joint Controllers in respect of Company Personal Data.
- 4.2 Without prejudice to the generality of clause 5.1, the Customer shall, in relation to any Company Personal Data processed in connection with the performance by the Customer of its rights and obligations under the Agreement:
  - 4.2.1 process the Company Personal Data only in accordance with the provisions of the Agreement and this Addendum;
  - 4.2.2 ensure that it has in place appropriate technical and organizational measures to protect against unauthorized or unlawful processing of Company Personal Data and against accidental loss or destruction of, or damage to, Company Personal Data, such as are appropriate to the harm that might result from the unauthorized or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymizing and encrypting Company Personal Data, ensuring confidentiality, integrity, availability and resilience of its systems and services, and regularly assessing and evaluating the effectiveness of the technical and organizational measures adopted by it). The Customer shall make available details of these technical and organizational measures to Company upon Company's request;
  - 4.2.3 take all reasonable steps to ensure the reliability of all personnel who have access to and/or process Company Personal Data and shall ensure that all such personnel are obliged to keep the Company Personal Data confidential and that access to Company Personal Data is limited to those individuals who need to have access to Company Personal Data for the purposes of the Agreement and to comply with Applicable Laws;
  - 4.2.4 be bound by the Standard Controller to Controller Contractual Clauses, which are hereby incorporated into this Addendum, in respect of any Restricted Transfer of Company Personal Data from the Company to the Customer. Such Controller to Controller Standard Contractual Clauses shall come into effect upon the commencement of the relevant Restricted Transfer;
  - 4.2.5 notify the Company without undue delay and in any case within 48 hours upon becoming aware of a Personal Data Breach involving Company Personal Data or upon receipt of a request or complaint from a Data Subject involving Company Personal Data;
  - 4.2.6 assist the Company, at the Company's cost (save where such assistance is required as a result of a breach by the Customer of its obligations under this Addendum and/or the Agreement in which case such costs will be borne by the Customer), in responding to any request from a Data Subject which relates to the Company's processing of Company Personal Data (but shall not respond to any such request without the Company's prior written consent, unless otherwise agreed between the parties or required by the Data Protection Legislation) and in ensuring compliance with its obligations under the Data Protection Legislation with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators;
  - 4.2.7 subject to clause 5.2.5, respond to any request or complaint from a Data Subject which relates to the Customer's own use of Company Personal Data;
  - 4.2.8 carry out any step reasonably required by Company in order to ensure its compliance with the Data Protection Legislation and/or the Agreement; and

4.2.9 upon termination of the Agreement, delete or return Company Personal Data in accordance with the Agreement, unless required by Applicable Law to store the Company Personal Data.

4.3 The parties agree that, in relation to any Company Personal Data, the Company shall

4.3.1 be responsible for providing any Data Subjects with any information required under the Data Protection Legislation; and

4.3.2 subject to the Customer complying with its obligations set out in clauses 5.2.5 and 5.2.6 above, be responsible for responding to any requests or complaints from Data Subjects which relate to the Company's processing of Company Personal Data, unless otherwise agreed between the parties.

If and to the extent that Customer holds any Personal Data in relation to a Data Subject identified in Company Personal Data but where such Personal Data is not Company Personal Data ("**Additional Data**"), Customer will be responsible for compliance with all applicable Data Protection Legislation in respect of such Additional Data.

## 6. SCHEDULE 1

### STANDARD CONTROLLER TO PROCESSOR CONTRACTUAL CLAUSES

Standard Contractual Clauses (processors)

For the purposes of Article 26(2) of Directive 95/46/EC for the transfer of personal data to processors established in third countries which do not ensure an adequate level of data protection

The data **exporter** is: [CUSTOMER]

The data **importer** is: SpyCloud, Inc. or any other Company Affiliate which imports data under the Agreement each a "party"; together "the parties",

HAVE AGREED on the following Contractual Clauses (the Clauses) in order to adduce adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals for the transfer by the data exporter to the data importer of the personal data specified in Appendix 1.

Background

The data exporter has entered into a data processing addendum ("DPA") with the data importer. Pursuant to the terms of the DPA, it is contemplated that services provided by the data importer will involve the transfer of personal data to data importer. Data importer is located in a country not ensuring an adequate level of data protection. To ensure compliance with Directive 95/46/EC and applicable data protection law, the controller agrees to the provision of such Services, including the processing of personal data incidental thereto, subject to the data importer's execution of, and compliance with, the terms of these Clauses.

#### 1. Definitions

For the purposes of the Clauses: '*personal data*', '*special categories of data*', '*process/processing*', '*controller*', '*processor*', '*data subject*' and '*supervisory authority*' shall have the same meaning as in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data;

- (a) '*the data exporter*' means the controller who transfers the personal data;
- (b) '*the data importer*' means the processor who agrees to receive from the data exporter personal data intended for processing on his behalf after the transfer in accordance with his instructions and the terms of the Clauses and who is not subject to a third country's system ensuring adequate protection within the meaning of Article 25(1) of Directive 95/46/EC;
- (c) '*the subprocessor*' means any processor engaged by the data importer or by any other subprocessor of the data importer who agrees to receive from the data importer or from any other subprocessor of the data importer personal data exclusively intended for processing activities to be carried out on behalf of the data exporter after the transfer in accordance with his instructions, the terms of the Clauses and the terms of the written subcontract;
- (d) '*the applicable data protection law*' means the legislation protecting the fundamental rights and freedoms of individuals and, in particular, their right to privacy with respect to the processing of personal data applicable to a data controller in the Member State in which the data exporter is established;
- (e) '*technical and organisational security measures*' means those measures aimed at protecting personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing.

#### 2. Details of the transfer

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 which forms an integral part of the Clauses.

#### 3. Third-party beneficiary clause

- 1. The data subject can enforce against the data exporter this Clause, Clause 4(b) to (i), Clause 5(a) to (e), and (g) to (j), Clause 6(1) and (2), Clause 7, Clause 8(2), and Clauses 9 to 12 as third-party beneficiary.
- 2. The data subject can enforce against the data importer this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where the data exporter has factually disappeared or has ceased to exist in law unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity.

3. The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
4. The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

#### **4. Obligations of the data exporter**

7. The data exporter agrees and warrants:

- (a) that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;
- (b) that it has instructed and throughout the duration of the personal data processing services will instruct the data importer to process the personal data transferred only on the data exporter's behalf and in accordance with the applicable data protection law and the Clauses;
- (c) that the data importer will provide sufficient guarantees in respect of the technical and organisational security measures specified in Appendix 2 to this contract;
- (d) that after assessment of the requirements of the applicable data protection law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;
- (e) that it will ensure compliance with the security measures;
- (f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;
- (g) to forward any notification received from the data importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;
- (h) to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;
- (i) that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and
- (j) that it will ensure compliance with Clause 4(a) to (i).

#### **5. Obligations of the data importer**

The data importer agrees and warrants:

- (a) to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;
- (d) that it will promptly notify the data exporter about:
  - (i) any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation,
  - (ii) any accidental or unauthorised access, and

- (iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;
- (e) to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;
- (f) at the request of the data exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority;
- (g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter;
- (h) that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent;
- (i) that the processing services by the subprocessor will be carried out in accordance with Clause 11;
- (j) to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

#### **6. Liability**

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered.
2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.

3. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

#### **7. Mediation and jurisdiction**

1. The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:
  - (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
  - (b) to refer the dispute to the courts in the Member State in which the data exporter is established.
2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

#### **8. Cooperation with supervisory authorities**

1. The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.
2. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.
3. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

#### **9. Governing Law**

All disputes, claims or controversies arising out of this Agreement, or the negotiation, validity or performance of this Agreement, or the transactions contemplated hereby shall be governed by and construed in accordance with the Federal laws of the United States.

#### **10. Variation of the contract**

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

**11. Subprocessing**

1. The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement.
2. The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established.
4. The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

**12. Obligation after the termination of personal data processing services**

1. The parties agree that on the termination of the provision of data processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
2. The data importer and the subprocessor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.

The personal data transferred concern the following special categories of data: Not applicable.

## 10. Recipients

The personal data transferred may be disclosed only to the following recipients or categories of recipients: Customer's authorized users (under the Agreement).

### **Processing operations**

The personal data transferred will be subject to the following basic processing activities:

Company may process Customer Data as necessary to perform the Services and comply with its obligations under the Agreement.

## 11. APPENDIX 2 TO THE CONTROLLER TO PROCESSOR STANDARD CONTRACTUAL CLAUSES

This Appendix forms part of the Clauses

### 12. Description of the technical and organizational security measures implemented by the data importer in accordance with Clauses 4(d) and 5(c):

1. Information Security Program: SpyCloud shall (i) treat personal information in compliance with applicable laws and regulations with respect to privacy and data security, and (ii) implement and maintain an effective written information security program (“Information Security Program”) that includes administrative, technical, and physical safeguards and other security measures necessary to (a) ensure the security, confidentiality, and integrity of Confidential Information; (b) protect against any anticipated threats or hazards to the security, confidentiality, and integrity of Confidential Information; (c) protect against unauthorized access to, destruction, modification, disclosure or use of Confidential Information; and (d) detect and respond to security incidents involving Confidential Information.

2. Encryption: SpyCloud shall encrypt, using industry standard encryption tools, all sensitive personal information and critical business information that SpyCloud: (a) transmits or sends wirelessly or across public networks; (b) stores on laptops or storage media; (c) where technically feasible, stores on portable handheld devices (e.g., smartphones, tablets, or similar devices); and (d) stores on any device that is transported outside of the physical or logical controls of SpyCloud. SpyCloud will safeguard the security and confidentiality of all encryption keys associated with encrypted sensitive personal information and critical business information.

3. Access Controls: SpyCloud shall maintain appropriate access controls, including, but not limited to, limiting access to Confidential Information to the minimum number of SpyCloud employees who require such access in order to provide the services to Customer. SpyCloud shall periodically review and update such access privileges.

4. Risks Assessments: SpyCloud shall conduct periodic risk assessments to identify and assess reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of Confidential Information. Based on such assessments, SpyCloud shall evaluate and improve, where necessary, the effectiveness of its Information Security Program and information security controls. Such assessments will also consider SpyCloud’s compliance with its Information Security Program and the laws applicable to SpyCloud.

5. Security Incidents: SpyCloud shall notify Customer promptly and without unreasonable delay, but in no event more than 48 hours of learning of any: (a) unauthorized access or disclosure, unauthorized, unlawful or accidental loss, misuse, destruction, acquisition of, or damage to Partner’s Confidential Information that occurred or is under investigation; or (b) act or attempt to gain unauthorized access to, disrupt, or misuse an information system that if such act has directly affected Partner’s Confidential Information (either, a “Security Incident”). For purposes of reporting under this Section, a reportable “Security Incident” shall not include unsuccessful or inconsequential incidents that do not represent a material threat to confidentiality, integrity or availability of Customer Confidential Information (such as scans, pings, or unsuccessful attempts to penetrate computer networks). Thereafter SpyCloud shall:

5.1 furnish to Customer full details of the Security Incident, which shall include the estimates of the effects on Customer and specify any correction action to be taken by SpyCloud;

5.2 reasonably assist and cooperate with Customer or Customer’s designated representatives in Customer’s investigation of SpyCloud, employees or third parties related to the Security Incident; and

5.3 reasonably cooperate with Customer in any litigation or other formal action against third parties reasonably deemed necessary by Customer to protect Customer’s rights.

6. Software requirements: In addition to the representations and warranties stated elsewhere in this Agreement, SpyCloud

represents and warrants that it will use commercially reasonable efforts to ensure that its software (the "Software") does not and will not contain computer code or programming devices (1) intentionally designed to disrupt, modify, delete, damage, deactivate, disable, harm, or otherwise impede in any manner, including aesthetic disruptions or distortions, the operation of the Software or any other associated software, firmware, hardware, computer system, or networks (sometimes referred to as "Trojan horses," "viruses," or "worms"), (2) that would disable the Software or impair in any way its operation based on the elapsing of a period of time, exceeding an authorized number of copies, or advancement to a particular date or other numeral (sometimes referred to as "time bombs," "time locks," or "drop dead" devices), or (3) that would permit SpyCloud to utilize the Software to cause any such disablement or impairment (sometimes referred to as "traps," "access codes," or "trap door" devices), or any other similar harmful, malicious, or hidden procedures, routines, or mechanisms that would could cause the Software to become inoperable or incapable of being used in accordance with this Agreement or that could damage or corrupt data, storage media, software, equipment, or communications or otherwise interfere with Customer's operations or any Customer member's computer or electronic equipment (such computer code and programming devices, collectively, "Harmful Code").

## 13.SCHEDULE 2

### STANDARD CONTROLLER TO CONTROLLER CONTRACTUAL CLAUSES

#### 14.Standard contractual clauses for the transfer of personal data from the Community to third countries (controller to controller transfers)

##### *Data transfer agreement*

Between

The **Company** (hereinafter the data exporter) and

The **Customer** (hereinafter data importer), each a party; together the parties.

#### 15.Definitions

For the purposes of the clauses:

a) **personal data, special categories of data/sensitive data, process/processing, controller, processor, data subject and supervisory authority/authority** shall have the same meaning as in Directive 95/46/EC of 24 October 1995 (whereby **the authority** shall mean the competent data protection authority in the territory in which the data exporter is established);

(b) **the data exporter** shall mean the controller who transfers the personal data;

(c) **the data importer** shall mean the controller who agrees to receive from the data exporter personal data for further processing in accordance with the terms of these clauses and who is not subject to a third country's system ensuring adequate protection;

(d) **clauses** shall mean these contractual clauses, which are a free-standing document that does not incorporate commercial business terms established by the parties under separate commercial arrangements.

The details of the transfer (as well as the personal data covered) are specified in Annex B, which forms an integral part of the clauses.

#### 1. Obligations of the data exporter

The data exporter warrants and undertakes that:

- (a) The personal data have been collected, processed and transferred in accordance with the laws applicable to the data exporter.
- (b) It has used reasonable efforts to determine that the data importer is able to satisfy its legal obligations under these clauses.
- (c) It will provide the data importer, when so requested, with copies of relevant data protection laws or references to them (where relevant, and not including legal advice) of the country in which the data exporter is established.
- (d) It will respond to enquiries from data subjects and the authority concerning processing of the personal data by the data importer, unless the parties have agreed that the data importer will so respond, in which case the data exporter will still respond to the extent reasonably possible and with the information reasonably available to it if the data importer is unwilling or unable to respond. Responses will be made within a reasonable time.
- (e) It will make available, upon request, a copy of the clauses to data subjects who are third party beneficiaries under clause 3, unless the clauses contain confidential information, in which case it may remove such information. Where information is removed, the data exporter shall inform data subjects in writing of the reason for removal and of their right to draw the removal to the attention of the authority. However, the data exporter shall abide by a decision of the authority regarding access to the full text of the clauses by data subjects, as long as data subjects have agreed to respect the confidentiality of the confidential information removed. The data exporter shall also provide a copy of the clauses to the authority where required.

#### 2. Obligations of the data importer

The data importer warrants and undertakes that:

- (a) It will have in place appropriate technical and organisational measures to protect the personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, and which provide a level of security appropriate to the risk represented by the processing and the nature of the data to be protected.
- (b) It will have in place procedures so that any third party it authorises to have access to the personal data, including processors, will respect and maintain the confidentiality and security of the personal data. Any person acting under the authority of the data importer, including a data processor, shall be obligated to process the personal data only on instructions from the data importer. This provision does not apply to persons authorised or required by law or regulation to have access to the personal data.
- (c) It has no reason to believe, at the time of entering into these clauses, in the existence of any local laws that would have a substantial adverse effect on the guarantees provided for under these clauses, and it will inform the data exporter (which will pass such notification on to the authority where required) if it becomes aware of any such laws.

## SpyCloud Master Subscription Agreement

---

- (d) It will process the personal data for purposes described in Annex B, and has the legal authority to give the warranties and fulfil the undertakings set out in these clauses.
- (e) It will identify to the data exporter a contact point within its organisation authorised to respond to enquiries concerning processing of the personal data, and will cooperate in good faith with the data exporter, the data subject and the authority concerning all such enquiries within a reasonable time. In case of legal dissolution of the data exporter, or if the parties have so agreed, the data importer will assume responsibility for compliance with the provisions of clause 1(e).
- (f) At the request of the data exporter, it will provide the data exporter with evidence of financial resources sufficient to fulfil its responsibilities under clause 3(which may include insurance coverage).
- (g) Upon reasonable request of the data exporter, it will submit its data processing facilities, data files and documentation needed for processing to reviewing, auditing and/or certifying by the data exporter (or any independent or impartial inspection agents or auditors, selected by the data exporter and not reasonably objected to by the data importer) to ascertain compliance with the warranties and undertakings in these clauses, with reasonable notice and during regular business hours. The request will be subject to any necessary consent or approval from a regulatory or supervisory authority within the country of the data importer, which consent or approval the data importer will attempt to obtain in a timely fashion.
- (h) It will process the personal data, at its option, in accordance with:
  - (i) the data protection laws of the country in which the data exporter is established, or
  - (ii) the relevant provisions of any Commission decision pursuant to Article 25(6) of Directive 95/46/EC, where the data importer complies with the relevant provisions of such an authorization or decision and is based in a country to which such an authorization or decision pertains, but is not covered by such authorization or decision for the purposes of the transfer(s) of the personal data, or
  - (iii) the data processing principles set forth in Annex A. Data importer to indicate which option it selects:
    - (i) *the data protection laws of the country in which the data exporter is established.*
- (i) It will not disclose or transfer the personal data to a third party data controller located outside the European Economic Area (EEA) unless it notifies the data exporter about the transfer and
  - (i) *the third party data controller processes the personal data in accordance with a Commission decision finding that a third country provides adequate protection, or*
  - (ii) *the third party data controller becomes a signatory to these clauses or another data transfer agreement approved by a competent authority in the EU, or*
  - (iii) *data subjects have been given the opportunity to object, after having been informed of the purposes of the transfer, the categories of recipients and the fact that the countries to which data is exported may have different data protection standards, or*
  - (iv) *with regard to onward transfers of sensitive data, data subjects have given their unambiguous consent to the onward transfer.*

### 3. Liability and third party rights

- (a) Each party shall be liable to the other parties for damages it causes by any breach of these clauses. Liability as between the parties is limited to actual damage suffered. Punitive damages (i.e. damages intended to punish a party for its outrageous conduct) are specifically excluded. Each party shall be liable to data subjects for damages it causes by any breach of third party rights under these clauses. This does not affect the liability of the data exporter under its data protection law.
- (b) The parties agree that a data subject shall have the right to enforce as a third party beneficiary this clause and clauses clause 1(b), clause 1(d), clause 1(e), clause 2(a), clause 2(c), clause 2(d), clause 2(e), clause 2(h), clause 2(i), clause 3(a), clause 5, clause 6(d)and clause 7 against the data importer or the data exporter, for their respective breach of their contractual obligations, with regard to his personal data, and accept jurisdiction for this purpose in the data exporter's country of establishment. In cases involving allegations of breach by the data importer, the data subject must first request the data exporter to take appropriate action to enforce his rights against the data importer; if the data exporter does not take such action within a reasonable period (which under normal circumstances would be one month), the data subject may then enforce his rights against the data importer directly. A data subject is entitled to proceed directly against a data exporter that has failed to use reasonable efforts to determine that the data importer is able to satisfy its legal obligations under these clauses (the data exporter shall have the burden to prove that it took reasonable efforts).

### 4. Law applicable to the clauses

## **SpyCloud Master Subscription Agreement**

---

These clauses shall be governed by the law of the country in which the data exporter is established, with the exception of the laws and regulations relating to processing of the personal data by the data importer under clause 2(h) which shall apply only if so selected by the data importer under that clause.

### **5. Resolution of disputes with data subjects or the authority**

- (a) In the event of a dispute or claim brought by a data subject or the authority concerning the processing of the personal data against either or both of the parties, the parties will inform each other about any such disputes or claims, and will cooperate with a view to settling them amicably in a timely fashion.
- (b) The parties agree to respond to any generally available non-binding mediation procedure initiated by a data subject or by the authority. If they do participate in the proceedings, the parties may elect to do so remotely (such as by telephone or other electronic means). The parties also agree to consider participating in any other arbitration, mediation or other dispute resolution proceedings developed for data protection disputes.
- (c) Each party shall abide by a decision of a competent court of the data exporter's country of establishment or of the authority which is final and against which no further appeal is possible.

### **6. Termination**

- (a) In the event that the data importer is in breach of its obligations under these clauses, then the data exporter may temporarily suspend the transfer of personal data to the data importer until the breach is repaired or the contract is terminated.
- (b) In the event that:
  - (i) the transfer of personal data to the data importer has been temporarily suspended by the data exporter for longer than one month pursuant to clause 6(a);
  - (ii) compliance by the data importer with these clauses would put it in breach of its legal or regulatory obligations in the country of import;
  - (iii) the data importer is in substantial or persistent breach of any warranties or undertakings given by it under these clauses;
  - (iv) a final decision against which no further appeal is possible of a competent court of the data exporter's country of establishment or of the authority rules that there has been a breach of the clauses by the data importer or the data exporter; or
  - (v) a petition is presented for the administration or winding up of the data importer, whether in its personal or business capacity, which petition is not dismissed within the applicable period for such dismissal under applicable law; a winding up order is made; a receiver is appointed over any of its assets; a trustee in bankruptcy is appointed, if the data importer is an individual; a company voluntary arrangement is commenced by it; or any equivalent event in any jurisdiction occursthen the data exporter, without prejudice to any other rights which it may have against the data importer, shall be entitled to terminate these clauses, in which case the authority shall be informed where required. In cases covered by clause 6(b)(i), clause 6(b)(ii), or clause 6(b)(iv) above the data importer may also terminate these clauses.

- (c) Either party may terminate these clauses if
  - (i) any Commission positive adequacy decision under Article 25(6) of Directive 95/46/EC (or any superseding text) is issued in relation to the country (or a sector thereof) to which the data is transferred and processed by the data importer, or
  - (ii) Directive 95/46/EC (or any superseding text) becomes directly applicable in such country.
- (d) The parties agree that the termination of these clauses at any time, in any circumstances and for whatever reason (except for termination under clause 6(c) does not exempt them from the obligations and/or conditions under the clauses as regards the processing of the personal data transferred.

### **7. Variation of these clauses**

The parties may not modify these clauses except to update any information in Annex B, in which case they will inform the authority where required. This does not preclude the parties from adding additional commercial clauses where required.

### **8. Description of the transfer**

The details of the transfer and of the personal data are specified in Annex B. The parties agree that Annex B may contain confidential business information which they will not disclose to third parties, except as required by law or in response to a competent regulatory or government agency, or as required under clause 1(e). The parties may execute additional annexes to cover additional transfers, which will be submitted to the authority where required. Annex B may, in the alternative, be drafted to cover multiple transfers.

**Annex A**

**DATA PROCESSING PRINCIPLES**

1. Purpose limitation: Personal data may be processed and subsequently used or further communicated only for purposes described in Annex B or subsequently authorized by the data subject.
2. Data quality and proportionality: Personal data must be accurate and, where necessary, kept up to date. The personal data must be adequate, relevant and not excessive in relation to the purposes for which they are transferred and further processed.
3. Transparency: Data subjects must be provided with information necessary to ensure fair processing (such as information about the purposes of processing and about the transfer), unless such information has already been given by the data exporter.
4. Security and confidentiality: Technical and organizational security measures must be taken by the data controller that are appropriate to the risks, such as against accidental or unlawful destruction or accidental loss, alteration, unauthorized disclosure or access, presented by the processing. Any person acting under the authority of the data controller, including a processor, must not process the data except on instructions from the data controller.
5. Rights of access, rectification, deletion and objection: As provided in Article 12 of Directive 95/46/EC, data subjects must, whether directly or via a third party, be provided with the personal information about them that an organization holds, except for requests which are manifestly abusive, based on unreasonable intervals or their number or repetitive or systematic nature, or for which access need not be granted under the law of the country of the data exporter. Provided that the authority has given its prior approval, access need also not be granted when doing so would be likely to seriously harm the interests of the data importer or other organizations dealing with the data importer and such interests are not overridden by the interests for fundamental rights and freedoms of the data subject. The sources of the personal data need not be identified when this is not possible by reasonable efforts, or where the rights of persons other than the individual would be violated. Data subjects must be able to have the personal information about them rectified, amended, or deleted where it is inaccurate or processed against these principles. If there are compelling grounds to doubt the legitimacy of the request, the organization may require further justifications before proceeding to rectification, amendment or deletion. Notification of any rectification, amendment or deletion to third parties to whom the data have been disclosed need not be made when this involves a disproportionate effort. A data subject must also be able to object to the processing of the personal data relating to him if there are compelling legitimate grounds relating to his particular situation. The burden of proof for any refusal rests on the data importer, and the data subject may always challenge a refusal before the authority.
6. Sensitive data: The data importer shall take such additional measures (e.g. relating to security) as are necessary to protect such sensitive data in accordance with its obligations under clause 2.
7. Data used for marketing purposes: Where data are processed for the purposes of direct marketing, effective procedures should exist allowing the data subject at any time to "opt-out" from having his data used for such purposes.
8. Automated decisions: For purposes hereof "automated decision" shall mean a decision by the data exporter or the data importer which produces legal effects concerning a data subject or significantly affects a data subject and which is based solely on automated processing of personal data intended to evaluate certain personal aspects relating to him, such as his performance at work, creditworthiness, reliability, conduct, etc. The data importer shall not make any automated decisions concerning data subjects, except when:
  - (a)
    - (i) such decisions are made by the data importer in entering into or performing a contract with the data subject, and
    - (ii) (the data subject is given an opportunity to discuss the results of a relevant automated decision with a representative of the parties making such decision or otherwise to make representations to that parties.
  - or
  - (b) where otherwise provided by the law of the data exporter

VIRTUALITICS, INC. SOFTWARE LICENSE AGREEMENT

---

This Software License Agreement, including the Order Form which is incorporated herein (this “Agreement”), is a binding agreement between the GSA Multiple Award Schedule Contractor acting on behalf of VIRTUALITICS, INC. (“Virtualitics”) and the eligible Ordering Activity under GSA Schedule contracts identified on the Order Form as the licensee of the Software (“Licensee” “You” or “Ordering Activity” ).

The parties agree as follows:

VIRTUALITICS PROVIDES THE SOFTWARE SOLELY ON THE TERMS AND CONDITIONS SET FORTH IN THIS AGREEMENT AND ON THE CONDITION THAT LICENSEE ACCEPTS AND COMPLIES WITH THEM. IF LICENSEE DOES NOT AGREE TO THE TERMS OF THIS AGREEMENT, VIRTUALITICS WILL NOT AND DOES NOT LICENSE THE SOFTWARE TO LICENSEE.

NO LICENSE IS GRANTED (WHETHER EXPRESSLY, BY IMPLICATION OR OTHERWISE) UNDER THIS AGREEMENT, AND THIS AGREEMENT EXPRESSLY EXCLUDES ANY RIGHT, CONCERNING ANY SOFTWARE THAT LICENSEE DID NOT ACQUIRE LAWFULLY OR THAT IS NOT LEGITIMATE AND AUTHORIZED BY VIRTUALITICS.

1.4 “Licensed Software” means the executable object code form of VIP - Virtualitics

1.5 “Seat License” means the ability for one employee of Ordering Activity to install and use the Licensed Software.

1.6 “Updates” means maintenance releases, improvements and enhancements to the Licensed Software or Documentation that are generally available to licensees of the Licensed Software. “Updates” does not include releases, improvements and enhancements which materially change or increase the utility, efficiency, functional capability or application of the Licensed Software.

2. License

2.1 Software License. In consideration for the payment of the License Fee (as defined in Section 5.1), and subject to the terms and conditions of this Agreement, Virtualitics hereby grants to Ordering Activity a personal, non-exclusive, non-assignable, non-transferable, non-sublicensable, limited license during the Term to: (a) install and use the Licensed Software solely in executable

object code form for Ordering Activity's internal business purposes; and (b) to use the Documentation solely in connection with Ordering Activity's permitted use of the Licensed Software.

2.2 Delivery. Upon execution of this Agreement and payment of the License Fee, (a) the Licensed Software and Documentation will be delivered to Ordering Activity via electronic transmission or via hard media, as determined by Virtualitics; and (b) Virtualitics will provide (i) Ordering Activity with a link via email for registering individuals to be authorized with log-in rights to access, download and use the Licensed Software in accordance with the terms of this Agreement (collectively, the "End Users" and each, an "End User"), and (ii) each of the End Users with log-in credentials to access, download and use the Licensed Software.

2.3 Seat Licenses. For those items of Licensed Software for which the License Fee are based upon the number of Seat Licenses, the Ordering Activity may allow use of the Licensed Software only by the number of End Users equal to or less than the number of Seat Licenses. Each such End User may install the Licensed Software on up to 2 personal computer systems but may only access or use 1 instance of the Licensed Software at any particular time. If Ordering Activity allows use of the Licensed Software by a number of End Users exceeding the number of Seat Licenses for which Ordering Activity has paid the License Fee, Ordering Activity will inform Virtualitics within 14 days and will pay to Virtualitics the applicable difference in License Fees. Any such additional License Fee which Ordering Activity fails to pay Virtualitics will accrue interest at the rate set forth in Section 5.4 after the date upon which Ordering Activity personnel in excess of the number of Seat Licenses first used the Licensed Software, until the date upon which all additional License Fees and interest accrued thereon have been paid in full. If Ordering Activity decreases the number of Seat Licenses, there will be no credit given or refund paid on the License Fees already due or paid.

2.4 Restrictions on Use and Transfer. The Licensed Software will be installed only on Equipment owned or leased by Ordering Activity. Because the performance of the Licensed Software is dependent on the equipment on which it is used, Ordering Activity may only install the Licensed Software on the Equipment specified in the Documentation, or on other Equipment for which Ordering Activity has obtained Virtualitics' prior written approval.

2.5 End Users. Ordering Activity will be responsible for all acts and omissions of its End Users in connection with the Licensed Software.

2.6 Ownership. Subject only to Ordering Activity's rights pursuant to the license granted in Section 2.1 and as between the parties, Virtualitics will have sole ownership of all right, title and interest in and to the Licensed Software and Documentation, all error corrections, modifications, enhancements, Updates, feedback, new releases, whether created, conceived, developed or reduced to practice by Virtualitics, Ordering Activity or any other party, and all copies thereof (including ownership of all Intellectual Property Rights embodied in or related to the foregoing), and Ordering Activity hereby assigns to Virtualitics all of its rights, title and interest in and to the foregoing. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14. This Agreement does not provide Ordering Activity with title or ownership of the Licensed Software or Documentation or exclusive rights of any kind, but only a right of limited use. Ordering Activity must keep the Licensed Software and Documentation free and clear of all claims, liens and encumbrances. Ordering Activity will not claim or assert title to any portion of the Licensed Software or Documentation or attempt to transfer any title to the Licensed Software or Documentation to any third parties.

2.7 Ordering Activity Data. Ordering Activity grants to Virtualitics the right to (a) collect Ordering Activity's and End User's content, data, and other information related to the access to,

installation of, and use of the Licensed Software  
("Ordering Activity Data"),  
(b) transfer the Ordering Activity Data to Virtualitics'  
servers for processing, analysis, retention, and

visualization, (c) use, copy, create derivative works of, perform and otherwise exploit the Ordering Activity Data, (d) host and store the Ordering Activity Data on Virtualitics' servers, and (e) share the Ordering Activity Data with other end users of the Licensed Software to the extent requested or authorized by Ordering Activity.

2.8 Limitations. Except as expressly authorized in this Agreement, Ordering Activity may not

(a) assign, sublicense, transfer, lease, rent or distribute any of its rights in the Licensed Software or Documentation, (b) modify, alter, port, translate, localize, or create derivative works based upon the Licensed Software or Documentation in any manner, (c) reverse assemble, decompile, reverse engineer, translate or otherwise attempt to derive or obtain the source code, the underlying ideas, algorithms, structure or organization of the Licensed Software (except and only to the extent that applicable law prohibits or restricts reverse engineering restrictions, or as permitted by an applicable Open Source Software license), (d) copy or duplicate the Licensed Software or Documentation, (e) utilize any equipment, device, software, or other means designed to circumvent or remove any form of copy protection or product key used by Virtualitics in connection with the Licensed Software, (f) use the Licensed Software to develop a product which is competitive with any Virtualitics product offering, (g) enable access to the Licensed Software for a greater number of users than the total number of Seat Licenses purchased, (h) reassign license rights between users so frequently as to enable a single license to be shared between multiple users, (i) interfere with or disrupt the integrity or performance of any services associated with the Licensed Software; (j) use the Licensed Software in violation of any law or regulation, including by allowing the transfer, transmission, export or re-export of the Licensed Software or any portion thereof in violation of any export control laws or regulations administered by the U.S. Commerce Department, OFAC, or any other government agency, (k) remove, alter or obscure any proprietary

notices in or on the Licensed Software including copyright notices, (l) disclose or make available passwords, user IDs or other credential and login information (collectively, "Passwords") associated with the Licensed Software, other than to the applicable End User, or (m) cause or permit any End User or third party to do any of the foregoing. Ordering Activity will use best efforts to prevent unauthorized access to, and use of, the Passwords and the Licensed Software, and will immediately notify Virtualitics in writing of any unauthorized access to or use of the Licensed Software.

### 3. Ordering Activity's Obligations.

3.1 Personnel and Equipment. Ordering Activity is responsible for providing qualified personnel to assist in the installation and operation of the Licensed Software, and to assure that such personnel are familiar with the use, operation, maintenance and support of the Licensed Software. The parties agree that it is Ordering Activity's responsibility to ensure that there is a proper network and environment for the Licensed Software. Virtualitics has no responsibility or liability for any failure, nonconformity or defect which is caused by or related to any failure to maintain an appropriate network or software or hardware not approved by Virtualitics.

3.2 Compliance With Laws. Ordering Activity represents and warrants that on behalf of itself and its End Users that neither will engage, and all such parties will use commercially reasonable efforts to avoid engaging, in any activity which violates any applicable law or regulation in connection with their use of the Licensed Software. Ordering Activity acknowledges that it is solely responsible for ensuring that the manner in which Ordering Activity transmits and receives information complies with all applicable laws and regulations.

3.3 Results of Use. ORDERING ACTIVITY ACKNOWLEDGES THAT VIRTUALITICS MAKES NO REPRESENTATION OR WARRANTY REGARDING THE ACCURACY OR FITNESS FOR ANY PARTICULAR PURPOSE OF PROJECTIONS OR OTHER INFORMATION

CONTAINED IN, OR GENERATED USING, THE

LICENSED SOFTWARE. VIRTUALITICS WILL HAVE NO LIABILITY OR RESPONSIBILITY IN CONNECTION WITH ANY BUSINESS DECISION OR OTHER ACTION UNDERTAKEN BY ORDERING ACTIVITY IN CONNECTION WITH THEIR USE THE LICENSED SOFTWARE, AND ORDERING ACTIVITY WILL UNDERTAKE ANY SUCH BUSINESS DECISIONS OR ACTIONS AT THEIR SOLE RISK.

#### 4. Updates

4.1 Provision of Updates. Virtualitics will provide Ordering Activity, at no additional cost, with all Updates to the Licensed Software that Virtualitics may make available during the term of this Agreement from time to time, so long as Ordering Activity is in good standing and not in breach of this Agreement. Virtualitics will not have any obligation under this Agreement to develop or release any Update or to adapt any other software product for use with the Licensed Software. Virtualitics will have no obligation to provide technical support, advice and assistance for changes, modifications or revisions to the Licensed Software that were not created by or on behalf of Virtualitics.

4.2 Installation. Ordering Activity will install all Updates. Ordering Activity acknowledges that Virtualitics may develop new or different computer programs which use portions of the Licensed Software or which perform all or part of the functions performed by the Licensed Software, and nothing in this Agreement will give the Ordering Activity any rights to such software or any software other than the Licensed Software and Updates.

#### 5. Fees, Taxes

5.1 License Fees. Ordering Activity will pay Virtualitics the license fees described in the Order Form (the "License Fee") in the manner and time as set forth on the Order Form.

5.2 Reserved.

5.3 Records and Audit Rights. Ordering Activity will maintain full, complete and accurate

records of business conducted pursuant to this Agreement, including data relating to Seat Licenses used. Records will be retained for the longer of 3 years, or as long as required by applicable law. Upon Virtualitics's written request, Ordering Activity will certify in a signed writing that Ordering Activity's use of the Ordering Activity Software is in full compliance with the terms of this Agreement (including with respect to Seat License limitations) and provide a current list of End Users for all purchased Seat Licenses. Virtualitics reserves the right to perform, no more frequently than one time per year (unless any prior audit has revealed a breach of this Agreement), an audit of the records maintained by Ordering Activity in order to verify Ordering Activity's compliance with the terms of this Agreement. Upon Virtualitics' request, Virtualitics, or an agent or representative chosen by Virtualitics, will be provided access during normal business hours to the books and records of Ordering Activity for the purpose of performing an audit of the payments due to Virtualitics. Virtualitics will pay all of the costs of an audit under this Section 5.3. Audit will be subject to Government Security requirements.

5.4 Late Payment. Any License Fee amounts not paid when due will accrue interest at the rate specified by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. In the event of any good faith dispute with regard to a portion of a payment, the undisputed portion will be paid as provided herein. Upon resolution of the dispute, any amounts owed by Ordering Activity to Virtualitics will be paid with interest at the rate set forth above accruing from the date such amounts were originally due.

Taxes. Virtualitics shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

#### 6. Publicity.

Ordering Activity will not disclose the

terms of this Agreement or make any announcements regarding the nature of the relationship between the parties without the prior approval of Virtualitics, except that Ordering Activity may disclose the terms of this Agreement where required by law, provided that Ordering Activity complies with the provisions of Section 10. Virtualitics and Ordering Activity agree and acknowledge that neither party may use any of the other party's names, trademarks or logos except as expressly set forth in this Agreement or as permitted in writing by the other party; except that Virtualitics may list Ordering Activity as a customer on Virtualitics' website and marketing material to the extent permitted by the General Services Acquisition Regulation (GSAR) 52.203-71.

## 7. Proprietary Rights

7.1 Proprietary Rights Notices. Ordering Activity will not remove, alter or otherwise obscure any proprietary rights notices appearing in or on the Licensed Software or Documentation, including any proprietary rights notices relating either to Virtualitics or any third party.

7.2 U.S. Government Restricted Rights Legend. All Virtualitics technical data and computer software is commercial in nature and developed solely at private expense. If the user or Ordering Activity of the Licensed Software is an agency, department, or other entity of the United States Government, the Licensed Software is delivered as Commercial Computer Software as defined in DFARS 252.227-7014 (June 1995) or as a commercial item as defined in FAR 2.101(a) and as such is provided with only such rights as are

provided in Virtualitics' standard commercial license for such software. Technical data is provided with limited rights only as provided FAR 52.227-

14 (June 1987), whichever is applicable. Ordering Activity agrees not to remove or deface any portion of any legend on any Licensed Software or Documentation delivered to it under this Agreement.

## 8. Representations and Warranties

8.1 Authority. Each party represents and warrants to the other party that it has all necessary rights, power and authority to enter into this Agreement, and to grant the rights granted and to undertake the obligations accepted by such party under this Agreement.

8.2 Virtualitics Warranty. Virtualitics warrants to Ordering Activity that for a period of thirty (60) days from delivery to Ordering Activity (the "Warranty Period"), the Software will operate in substantial conformity with the Documentation. Virtualitics does not warrant that the Licensed Software and Documentation, or any use of the Licensed Software or Documentation, will meet the requirements of Ordering Activity, or that the operation of the Licensed Software will be uninterrupted or error free.

8.3 DISCLAIMER. THE WARRANTIES SET FORTH IN SECTIONS 8.1 AND 8.2 ARE IN LIEU OF ALL OTHER REPRESENTATIONS, WARRANTIES OR CONDITIONS, AND EXCEPT FOR THE EXPRESS WARRANTIES SET FORTH IN SECTIONS 8.1 AND 8.2, VIRTUALITICS MAKES NO ADDITIONAL REPRESENTATIONS, WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, AS TO ANY MATTER WHATSOEVER. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION 8, THE LICENSED SOFTWARE IS PROVIDED "AS IS" AND "AS AVAILABLE". VIRTUALITICS HEREBY DISCLAIMS ANY AND ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

9. Reserved

10. Confidentiality

10.1 Confidential Information.

Ordering Activity hereby acknowledges that the structure, sequence and organization of the Licensed Software, in whatever form, are the valuable intellectual property of Virtualitics and include trade secrets and other confidential and proprietary information of Virtualitics. In addition,

Ordering Activity agrees and acknowledges that any other nonpublic, confidential or proprietary information or data which Virtualitics may provide hereunder, are proprietary to Virtualitics. Ordering Activity agrees to hold all such information in strict confidence, and not to use or disclose such information, except as permitted hereunder. Ordering Activity's obligations hereunder will survive any termination or expiration of this Agreement.

10.2 Exceptions to Confidential Information. Notwithstanding the foregoing, Ordering Activity will have no obligation under this Section 10 with respect to any information which it can prove is (i) now or hereafter, through no unauthorized act or failure to act on Ordering Activity's part, in the public domain;

(ii) known to Ordering Activity without an obligation of confidentiality effective at the time Ordering Activity received the same from Virtualitics, as evidenced by written records; (iii) hereafter furnished to Ordering Activity by a third party as a matter of right and without restriction on disclosure; or

(iv) independently developed by Ordering Activity without any use of, access to or reference to Virtualitics' confidential information. If Ordering Activity elects to rely on one or more of the foregoing provisions, Ordering Activity will have the burden of proving the applicability of the provision to Ordering Activity's disclosure. Nothing in this Agreement will prevent Ordering Activity from disclosing information to the extent Ordering Activity is legally compelled to do so by any governmental investigative or judicial agency pursuant to proceedings over which such agency has jurisdiction; provided, however, that prior to any such disclosure, Ordering Activity will (a) provide reasonably timely notice to Virtualitics in writing of the agency's order or request to disclose, and

(a) cooperate fully with Virtualitics, at Virtualitics' expense, in protecting against any such disclosure and/or obtaining a protective order narrowing the scope of the compelled disclosure and protecting the confidentiality of the disclosed information. Virtualitics recognizes that Federal agencies are subject to the Freedom of Information Act, 5

U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

## 11. Limitation of Liability

11.1 Consequential Damages Waiver. WITHOUT LIMITING THE RIGHTS OR REMEDIES OF THE PARTIES PURSUANT TO SECTION 10 OR THE OBLIGATIONS OF THE PARTIES PURSUANT TO SECTION 9, NEITHER PARTY WILL HAVE ANY LIABILITY FOR INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL OR PUNITIVE DAMAGES OR LIABILITIES OF ANY KIND OR FOR LOSS OF REVENUE, LOSS OF BUSINESS OR OTHER FINANCIAL LOSS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, REGARDLESS OF THE FORM OF THE ACTION, WHETHER IN CONTRACT, TORT, STRICT LIABILITY, PRODUCT LIABILITY OR OTHERWISE, EVEN IF ANY REPRESENTATIVE OF A PARTY HERETO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's gross negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

11.2 Liability Cap. WITHOUT LIMITING THE RIGHTS OR REMEDIES OF THE PARTIES PURSUANT TO SECTION 10 OR THE OBLIGATIONS OF THE PARTIES PURSUANT TO SECTION 9, IN NO EVENT WILL EITHER PARTY'S LIABILITY UNDER THIS AGREEMENT EXCEED THE TOTAL PURCHASE ORDER PRICE PAID, INCLUDING LICENSE FEES PAID BY ORDERING ACTIVITY UNDER THE PURCHASE ORDER TO VIRTUALITICS..

11.3 Failure of Essential Purpose. MULTIPLE CLAIMS WILL NOT EXPAND THIS LIMITATION. THIS SECTION 11 WILL BE GIVEN FULL EFFECT EVEN IF ANY REMEDY SPECIFIED IN THIS AGREEMENT IS DEEMED TO HAVE FAILED OF ITS ESSENTIAL PURPOSE.

## 12. Export Regulations; Foreign Corrupt Practices Act

12.1 Export Regulations. Ordering Activity agrees that it will not export or re-export the Licensed Software, Documentation or other technical data received hereunder (or any copies

thereof) (collectively "Technical Data") or any products utilizing the Technical Data in violation of any applicable laws or regulations of the United States or the country

in which Ordering Activity obtained them or where Ordering Activity resides. Ordering Activity is responsible for obtaining any licenses to export, re-export or import the Technical Data. In addition to the above, Technical Data may not be used, exported or re-exported (i) into or to a national or resident of any country to which the U.S. has embargoed goods, or (ii) to any one on the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Commerce Department's Table of Denial Orders.

12.2 Foreign Corrupt Practices Act. In conformity with the United States Foreign Corrupt Practices Act and with each party's established corporate policies regarding foreign business practices, each party (including such party's employees, agent and subcontractors) agrees that it will not directly or indirectly make an offer, payment, promise to pay, or authorize payment, or offer a gift, promise to give, or authorize the giving of anything of value for the purpose of influencing an act or decision of an official of any government (including a decision not to act) or inducing such a person to use his influence to affect any such governmental act or decision in order to assist such party in obtaining or directing any such business.

### 13. Term and Termination

13.1 Term. This Agreement will become effective on the Effective Date and will remain in effect for an initial term of 1 year from the Effective Date, unless a different Initial Term is specified in the Order Form (the "Initial Term"). After the Initial Term, this Agreement may be renewed for successive additional terms of 1 year each by the parties executing a new Purchase Order in writing (each a "Renewal Term"). This Agreement may be terminated prior to the expiration of the Initial Term or Renewal Term pursuant to this Section 13.

13.2 Right to Terminate for Breach. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Clarifai shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

13.3 Obligations Upon Termination. Upon the expiration or termination of this Agreement for any reason, the license granted to Licensee hereunder will terminate and Licensee will discontinue the use of the Licensed Software and Documentation and all Virtualitics confidential information. Licensee will immediately return to Virtualitics (or, at Virtualitics' direction, destroy) all physical copies of the Licensed Software and Documentation and all other confidential information of Virtualitics, or portions thereof, in its possession, and upon Virtualitics' request Licensee will provide Virtualitics with an affidavit certifying that it has complied with its obligations under this Section.

13.4 Survival. Neither the termination or expiration of this Agreement will relieve either party from its obligations to pay the other any sums accrued hereunder. The parties agree that their respective rights, obligations and duties under Sections 2.6, 8.3, 9, 10, 11, 12, 13.3, 13.4, and 14 will survive any termination or expiration and remain in effect thereafter.

#### 14. Miscellaneous

14.1 Notices. Any notice provided for or permitted under this Agreement will be treated as having been given (a) when delivered personally or sent by fax, on the next business day after the day on which it is sent, (b) when sent by commercial overnight courier with written verification of receipt, on the next business day after its delivery to the courier during normal business hours, or (c) when mailed postage

prepaid by certified or registered mail, return receipt requested, on the fifth business day after its date of posting. Notices will be sent to the addresses set forth in the Order Form, or at such other place of which the other party has been notified in accordance with the provisions of this Section 14.1.

14.2 Amendment; Waiver. This Agreement may be amended or supplemented only by a writing that is signed by duly authorized representatives of both parties. No term or provision hereof will be considered waived by either party, and no breach excused by either party, unless such waiver or consent is in writing signed on behalf of the party against whom the waiver is asserted. No consent by either party to, or waiver of, a breach by either party, whether express or implied, will constitute a consent to, waiver of, or excuse of any other, different, or subsequent breach by either party.

14.3 Severability. If any provision of this Agreement is held invalid or unenforceable for any reason, the remainder of the provision will be amended to achieve as closely as possible the economic effect of the original term and all other provision will continue in full force and effect.

14.4 Governing Law. This Agreement will be governed by and construed under the Federal laws of the United States .

14.5 Reserved ..

14.6 Reserved..

14.7 Reserved.

14.8 Reserved. Excusable delays shall be governed by FAR 52.212-4(f)..

14.9 Assignment. Neither this Agreement nor any of the rights or obligations hereunder, either in whole or in part, may be assigned or otherwise transferred, whether voluntarily or by operation

of law, by Ordering Activity without the prior written consent of Virtualitics, which consent may be withheld in Virtualitics' sole discretion, and any attempted transfer or assignment is null and void and will be deemed a material breach of this Agreement. The Anti-Assignment Act, 41 USC 6305, prohibits the assignment of Government contracts without the Government's prior approval. Procedures for securing such approval are set forth in FAR 42.1204. Subject to the foregoing, this Agreement will bind and inure to the benefit of the parties and their respective permitted successors and assigns.

14.10 Relationship of the Parties. The parties to this Agreement are independent contractors. There is no relationship of agency, partnership, joint venture, employment, or franchise between the parties. Neither party has the authority to bind the other or to incur any obligation on its behalf.

14.11 English Language. Ordering Activity agrees that the original of this Agreement will be written in the English language and waives any rights it may have under the laws of its country of residence to have such Agreement written in its local language. If a local language version is provided, it is for convenience only and the English language version will be the binding document.

14.12 Conflict. The terms set forth in this Agreement will prevail notwithstanding any conflict with the terms of any other instrument submitted by Ordering Activity or Virtualitics, except that a negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

14.13 Entire Agreement. This Agreement, including all Exhibits to this Agreement, the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), constitutes the entire agreement between the parties relating to this subject matter and supersedes all prior or simultaneous representations, discussions, negotiations, and agreements, whether written or oral with respect to the subject matter hereof.
