

Cornerstone Learning CSX

Cornerstone Datasheet

A complete learning experience for everyone

Today's ever-changing business conditions require you to be adaptable, drive productivity, and continue to test the resiliency and growth of your organization. To reach the level of agility today demands, you need to connect your people's success to your organization's success.

With Cornerstone Learning, you can deliver modern learning at scale to your people. And when you can connect your people, data, content, and systems, you'll optimize your continuous talent development.

Personalized and social learning

To keep learning flowing, your organization needs personalized and consumer-like experiences that drive engagement and build a continuous learning culture. With Cornerstone Learning, your people have access to hand-picked, modern content anytime on the devices and applications they use every day. They can save, share, and create content in their own vibrant learning community. An AI-powered Learner Home keeps content fresh and relevant based on their role, interests, and learning history.

71% 

of L&D leaders are placing highest priority on employee experience.

Scalable compliance and training

Learning is about people, not heavy administration. Reduce manual tasks and improve the efficiency of your compliance initiatives with the dynamic, centralized Cornerstone learning system. With built-in version control, compliance certifications, and workforce data, it helps you anticipate future risks at scale.

Increased organizational value

Through powerful reporting and insight, quickly pivot your learning initiatives and connect learning to your organization's goals. Rich reporting capabilities — including a full library of dashboards and custom reports, both scheduled and automated — deliver quantifiable, sharable, and trackable data. Develop, promote, manage, and gauge the performance of your people with predictive and diagnostic workforce data.

We wanted an LMS that would help us deliver strong business results. We've seen that year over year with Cornerstone."

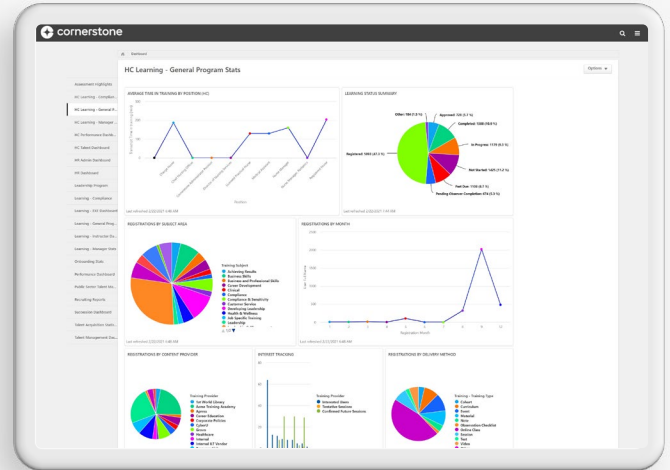

— **Coley O'Brien,**
Chief People Officer

Cornerstone helped us move from a metrogenic, localized learning approach to one that is aligned across all business units and markets. We are seeing employees take more initiative with Cornerstone."

Canon — **Patrizia Seifert,**
Talent & Resourcing Director
