

# Cornerstone for Public Sector

Unite and engage  
public service  
employees

Competing for and retaining talent and maintaining compliance with ever-changing regulations all while on a limited budget has never been more challenging.

With Cornerstone's talent management software, you can strategically focus on retaining and developing public sector employees. Your people will benefit from modern skills training, succession planning, and real-time feedback.

#### **Elevate how public service employees learn, create, and perform with:**

- ✦ Individualized development programs to grow skillsets
- ✦ Qualified hiring support
- ✦ Improved ROI by eliminating outdated and disparate technology
- ✦ Supportive continuous learning environments
- ✦ Paper trail reports, maintaining compliance

## Cornerstone is FedRAMP authorized, ensuring a reliable and secure environment

“

We could not track and provide training options for 2,500 employees without Cornerstone. Our LMS enables us to manage learning more efficiently and effectively.”

— **Sharon Williams**, Manager, Onboarding and Professional Development, City of Durham

“

Cornerstone helps us put learning front and center every day. We’re giving employees the opportunity to develop new skills and be prepared for changes coming in the workplace.”

— **Sandra Smith**, Learning Manager, Denver Public Library
