

Capabilities Statement

SBA Certified 8(a) and WOSB/EDWOSB

UEI: GLN7JNAYLQ63 | CAGE: 7Q6G6 | DUNS: 080379044

RedSky is your trusted advisor, committed to solving complex challenges with innovative solutions.

As a Solutions Integrator, we combine small business agility and expert knowledge to meet your unique business needs. First, we optimize your technology to maximize its performance and value. Then we innovate where it delivers the greatest impact — advancing your mission with purpose.

DIFFERENTIATORS

8(a) Business of the Year

RedSky was awarded 8(a) Business of the Year by the National 8(a) Association and the HUBZone Council, recognizing our exceptional performance and commitment to excellence.

Customized Solutions for Mission Success

Understanding that each client's needs are unique, we tailor our service offerings to meet your technical specifications and align with specific mission objectives.

Award-Winning Commitment to Veterans

Our commitment to the warfighter goes beyond business—it's personal. RedSky is a 6X DOL Hire VETS Platinum Medallion Award recipient for our dedication to veteran hiring, retention, and professional development. We are also a Virginia Values Veterans (V3) certified company.

Customized Solutions for Mission Success

Understanding that each client's needs are unique, we tailor our service offerings to meet your technical specifications and align with specific mission objectives.

Recent Mission Highlights

USSOCOM eBusiness System Administration and Support

SCOPE

RedSky delivers system administration, technical support, and training for the USSOCOM eBusiness platform, supporting all contracting offices on classified and unclassified networks. We maintain, migrate, and enhance contract management systems.

HIGHLIGHTS & OUTCOMES

We support over 15 applications, serve hundreds of users, and resolve more than 3,000 helpdesk tickets worldwide. Our proactive data migrations and upgrades achieve zero unscheduled outages. With tailored training and dashboards, we improve procurement efficiency and user satisfaction. USSOCOM leaders recognize our role in strengthening data integrity and mission continuity.

USCENTCOM Executive Communications Support

SCOPE

RedSky provides executive communications support to USCENTCOM, ensuring secure voice, video, and data links for leadership and staff. Our work includes AV/VTC integration, technical support, and continuous operations across secure and unclassified environments.

HIGHLIGHTS & OUTCOMES

We maintain around-the-clock operational readiness, ensuring reliable, secure communications for all mission-critical activities. Our rapid response ensures connectivity, while our solutions routinely meet or surpass expectations—strengthening USCENTCOM's communication and mission success.

USSOCOM C4IAS Engineering & Program Management Support

SCOPE

RedSky provides IT and engineering support to the USSOCOM C4IAS Program Management Office, delivering solutions for the SOF Information Environment. Our work includes infrastructure, enterprise software, Installation Processing Nodes (IPNs), cyber tools, MILCONs, and integrated IaaS/PaaS/SaaS. We support over 100 acquisitions annually, ensuring timely execution of complex mission requirements.

HIGHLIGHTS & OUTCOMES

Our team prepares technical and financial source selection packages, comprehensive Life Cycle Cost Estimates, and documentation for milestone reviews and program decisions. Our work directly enables SOF mission continuity, rapid acquisition, and high operational readiness across demanding environments.

FBI Training Academy AV/Technical Support Services

SCOPE

RedSky provides AV and technical support at the FBI Training Academy, managing and enhancing audio, video, and IT systems in classrooms and auditoriums. This includes new installations, troubleshooting, and ongoing maintenance.

HIGHLIGHTS & OUTCOMES

We ensure reliable system performance for instruction and events, delivering rapid troubleshooting and expert event support to minimize downtime. Our efforts enable efficient onboarding and smooth operations, earning positive feedback for our adaptability, technical skill, and proactive service to FBI leadership.
